UNDERGRADUATE
COMMENCEMENT

WEDNESDAY, MAY NINTH, TWO THOUSAND EIGHTEEN

2018

WEST LONG BRANCH, NEW JERSEY

THE ACADEMIC PROCESSION AND REGALIA

The commencement ceremony processional begins with faculty marshals designated by the provost leading the faculty followed by the student marshals who lead the candidates for degree. The platform party follows and consists of members of the president's cabinet, academic school deans, members of the Board of Trustees, senior class president, clergy, faculty council chair, honorary degree recipient and the president.

The history of academic dress reaches far back into the earliest days of the oldest universities. A statute of 1321 required that all "Doctors, Licentiate, and Bachelors" of the University of Coimbra wear gowns. In England, in the second half of the fourteenth century, the statutes of certain colleges prescribed the wearing of a long gown. In the sixteenth and seventeenth centuries in Europe, the wearing of a robe often signified a degree candidate's political or religious affiliation; in the northern universities and those of the British Isles, the robes signified that tuition and boarding fees of the wearer had been paid and also entitled him to special immunities in civil law—as well as providing him warmth at lectures and chapel.

When American colleges and universities desired to adopt some suitable system of academic apparel, a conference held at Columbia University in 1895, made up of representatives from various institutions, drew up a "By-Law, Regulation, or Statute" for the establishment of a suitable code of academic dress for colleges and universities in the United States. This code, with modifications made in 1959 by the Committee on Academic Costumes and Ceremonies of the American Council on Education, is still in force; the costumes and colors, trimmings, and patterns you will see are traditional, and interpret both the degree and field of learning. The bachelor's gown, designed to be worn closed, has pointed sleeves; the master's gown, which may be worn open or closed, has an oblong sleeve open at the wrist that hangs down in the traditional manner. The rear part of its oblong shape is square cut, and the front part has the arc cut away. The doctor's gown has bell-shaped sleeves. It may be worn open or closed.

Black is the recommended color for all academic gowns. Bachelor's and master's gowns are untrimmed. Doctor's gowns are faced with black velvet, with three bars across the sleeves, or the color of the velvet may be that which is distinctive to the degree, agreeing with that of the edging of the hood. In the 1960s, many American land-grant universities adopted the British and the Scottish tradition of using the official school color(s) for the robes of their doctoral recipients—for instance, Yale: sky blue; Harvard: crimson; University of Pennsylvania: scarlet and blue; Columbia: slate gray; Rutgers: deep red and black.

The colors you will see in the hoods of our faculty represent the various fields in which the degrees were taken:

Apricot: <i>Nursing</i>	Orange: <i>Engineering</i>
Brown: <i>Fine Arts</i>	Pink: <i>Music</i>
Citron: <i>Social Work</i>	Purple: <i>Law</i>
Crimson: <i>Journalism</i>	Sage Green: <i>Physical Education</i>
Dark Blue: <i>Philosophy</i>	Salmon Pink: <i>Public Health</i>
Golden Yellow: <i>Science</i>	Scarlet: <i>Theology</i>
Green: <i>Medicine</i>	Yellow-Brown: <i>Commerce, Business, Accountancy</i>
Lemon-Yellow: <i>Library Science</i>	White: <i>Arts, Letters, Humanities</i>
Light Blue: <i>Education</i>	

The hoods, differing in length for the three degrees—bachelor's, master's, and doctor's—are lined with the official colors of the university or college conferring the degree, usually with one color forming a chevron pattern over the other. Hoods are edged and bound with velvet or the color appropriate for the degree. You will see in our procession many hoods edged with dark blue, representing doctor of philosophy.

Mortarboards are the approved headgear. The tassel, worn on the left side of the cap, may be of gold if the holder has a doctor's degree.

In the procession, first come the faculty members, then the candidates for degrees arranged in the order in which degrees are to be conferred, and finally, the speakers, trustees, administrative officers, candidates for honorary degrees, and other members of the platform party.

HONORARY DEGREE

James "Jimmy Jam" Harris

Doctor of Music, *honoris causa*

Presented by Trustee Nancy A. Leidersdorff '97

Five-time Grammy Award winner James Samuel "Jimmy Jam" Harris III is a renowned songwriter, record producer, musician and entrepreneur, as well as half of the most influential and successful duo in modern music history. Alongside his longtime partner, Terry Lewis, Harris' accomplishments have elevated him to iconic status as a living legend within the music industry. Together the duo has been steering pop artists to unprecedented commercial success for more than 30 years.

To date, Harris and Lewis have collaborated on over 100 Gold or Platinum records for a diverse array of artists including Michael Jackson, Boyz II Men, Sting, Elton John, Mary J. Blige, Usher, Beyoncé, Luther Vandross, Rod Stewart, Earth Wind & Fire, Mariah Carey, Kendrick Lamar, Gwen Stefani, Willie Nelson, New Edition, Sounds of Blackness, The Time and Janet Jackson.

From pop, soul, dance and rap, to gospel, rock, country and reggae, Harris and Lewis' distinct sound has spanned across all musical genres. In total, they have written and produced over 100 albums and singles that have reached Gold, Platinum or Diamond sales, including 26 number-one R&B singles and 16 number-one pop singles, giving Harris and Lewis more Billboard number-one singles than any other duo in chart history.

Harris and Lewis won their first Grammy Award for Producer of the Year in 1986 and have since received 10 subsequent nominations, giving them the most Producer of the Year nominations in Grammy history. As songwriters, Harris and Lewis have garnered over 100 ASCAP Awards and have won ASCAP's Songwriter of the Year award a record-breaking nine times. The duo has been honored with Oscar and Golden Globe nominations and has been immortalized with a star on the Hollywood Walk of Fame.

Harris is the former chairman of the board of The Recording Academy and was the first African American to be elected to that position. He currently serves as a board member of The Grammy Museum.

Without question, Harris and Lewis have firmly left their mark on modern music history as one of the greatest songwriting and production teams of all time.

DISTINGUISHED TEACHER AWARD 2018 RECIPIENT

Christopher S. DeRosa

Christopher S. DeRosa grew up in Carter- and Reagan-era northern New Jersey. He earned his B.A. in history at Columbia University in New York, and his Ph.D. in history at Temple University in Philadelphia. In one of his better decisions, he married Katherine Parkin (professor of history at Monmouth) in 1998. They have two daughters, Vivian (17) and Quinn (13). In 2003, he joined the faculty of Monmouth University, where he holds the rank of associate professor and teaches courses on the history of warfare and politics, including ones on the Civil War and Reconstruction, the Second World War, the Cold War, and the Afghanistan and Iraq Wars. He is the author of *Political Indoctrination in the U.S. Army* and his current research concerns the U.S. Army's occupation of the defeated rebel states during Reconstruction.

Message to the graduates from Christopher DeRosa

Dear 2018 Monmouth graduates,

It is, when you think about it, a kind of fragile miracle, our practice of higher education. Over the course of a few hundred years, our society decided that it was a good idea for just about everyone to devote four years (or so) of their lives to study. You and your families invested a great deal in this idea, and I hope today you believe as much as I do that it was indeed a good one.

It went by quickly, right? We tried to keep you busy, to the point where I worry that we didn't give you enough time to savor it. But the good news is that savoring the excitement of learning never has to end. Some time ago, I started saying "no" to requests for Independent Studies, because I realized that by saying yes, I might deprive a student of a chance at taking a life-changing course with their peers. If we did our jobs well, after all, you have the rest of your life to study independently. I hope you will, for the obvious reason that the more curious you are about perspectives other than your own, the better member of our community you will be.

But even more so, I hope you will study independently because it is a great way to enjoy your life. It is more pleasurable to find things out than to remain ignorant of them. It is more fun to sink your teeth deep into your hobbies than to glance over them superficially. If you think a lot of things are interesting, you need never be bored. One of life's great discoveries is that nerds have the most fun. If we have made you nerdier, we have succeeded.

I'm thankful this year to be able to tell you in print what a joyous privilege it has been to be your teacher. My advice to new faculty members is: "Always assume you will enjoy your students; you will almost always be right." It is Monmouth students who have made that true, year after year after year. When we shared time in the classroom or on a trip, there was nowhere I would have rather been. And I guarantee that whoever your favorite professor at Monmouth was, she or he feels the same way.

We will miss you. Drop us a line now and then. No matter how long it has been, we will love to hear what you have been up to. We wish you every happiness.

Christopher S. DeRosa
