Throw off your needless troubles

Goodness knows there are plenty of real ones without adding any.

No need to be swamped by big butcher bills.

Health doesn't depend on a heavy meat diet. Most Americans eat too much meat.

Just consider for a minute how often you could save on your food bill and save extra cooking—both the labor and the expense of it—by using

Campbell's Vegetable Soup

It has all the satisfying quality and wholesomeness of your own home made soup, but without the needless drudgery and the waste.

Many times you could almost make a meal of this delicious soup. And be all the better off in health as well as purse.

With its fifteen choice vegetables, fine herbs, strengthening cereals, nutritious beef stock—it supplies all the elements of a well balanced simple meal, nourishing, easy to digest, inexpensive.

And O, how welcome every time!

Flimsy troubles that I fear
But when they fly in Campbell's sky
