

THE CREAM FILLED CHOCOLATE WAFERS

For a lady's favor

And well can Hydrox Biscuits please every lady in the land! For they are made of wafers, full richly flavored with chocolate, and filled with a rare sweet cream wondrous pleasant to the taste.

Not ever in all the craft of baking were biscuits made more worthily than these!

Your grocer has them by the pound or in artfully designed packages, whichever you may wish.

Made in the "Thousand Window Bakeries" by the Loose-Wiles Biscuit Co.
