EAT PLENTY of crisp, cooling foods these days and you can smile at the thermometer. It's a scientific fact that Kellogg's Corn Flakes are so easy to digest they don't "heat you up."

And what could be more tempting than a bowl of Kellogg's with cool milk or cream, sliced peaches from the refrigerator? It's a wonderful combination for breakfast, lunch, children's suppers or a bedtime snack. You keep so much fitter than hot, heavy foods.

And look at the work and money you save with Kellogg's. No trouble to prepare. Making a meal on a hot day. Many servings from a package costing but a few cents.

Always crisp and oven-fresh! Kellogg's Corn Flakes are protected by a special inside seal. The TITE bag which is completely sealed. A special Kellogg feature.

Flavor, crispness, delightful freshness. No matter how you look at it, it pays to get genuine Kellogg's in the red-and-green package. Make Kellogg in Battle Creek. Quality guaranteed.
