BUT AREN'T **FRIED FOODS** HARD
TO DIGEST?

HEAVENS, NO! FOODS FRIED
IN CRISCO ARE SO
DIGESTIBLE EVEN CHILDREN
MAY EAT 'EM

NEW IDEA! BREAKFAST-SUPPER!
So golden-brown and crispy
fried in Crisco!

FRENCH TOAST—Dip slices of bread in a
mixture of milk and beaten egg. Fry in hot

Crisco till lightly browned on both sides (use
plenty of Crisco if you like your French Toast
crisp). Sauté Apple Rings. **SPECIAL SCRAMBLED
EGGS**—Combine beaten eggs, shredded dried
beef and a little milk. Pour into hot skillet (add
more Crisco if needed). Cook slowly, stirring
frequently. Serve this tempting breakfast with
a dot of jelly in each apple ring.

Don't take chances! Fry only with CRISCO!

**IT'S PURE,
ALL-VEGETABLE**

When Dad and the youngsters ask for *another* croquette, *more*
hashed brown potatoes—do you worry about digestions? Well,
stop it! Foods fried in Crisco are as *digestible* as if baked!

Even doctors say Crisco, itself, is *digestible*. Ask *your* doctor!
Crisco's pure, all-vegetable. No off-taste . . . no off-smell when
