# They never get enough of my TOLL-HOUSE COOKIES

Toll House Cookies made with Nestlé's Semi-Sweet Chocolate are such a never-failing favorite that we have made the chocolate to fit the cookies! Nestlé's Semi-Sweet is now available in bags of Morsels as well as in Economy Size Bars. Morsels are just the right size for Toll House Cookies as well as other famous Semi-Sweet recipes. Both packages have the Original Toll House recipe on the wrapper. At all grocers.

# WE ~~SOME~~ LIKE IT HOT

Put 3 teaspoonfuls in a cup. Add hot water. There's your rich, creamy cocoa in a jiffy. Nestlé's EverReady Cocoa is an amazing combination of choice cocoa and whole milk blended, sweetened and already cooked for you. No disagreeable "skin" on top. Yet Hot Nestlé's costs no more per cup than ordinary cocoa. At your grocer's.

Milk and Sugar are in it

Creamy, hot Cocoa for breakfast... what a jolly idea! Children love the wonderful chocolate flavor of Hot Nestlé's. And of course a hot drink is better for everybody on cold mornings. It wakes you up. It warms you up. It wards off chill.

What a "break" Hot Nestlé's is for mothers! Takes only ten seconds to make. No hard-to-wash pots or pans afterwards.
