SOUP'S ON

hot and hearty

SO WELCOME FOR THESE WINTER DAYS

ANNE MARSHALL
Director Home Economics
Campbell Soup Company

BY Anne Marshall

IF ANY DISH speaks a cordial winter-day welcome straight from its steaming depths, I'm sure it's a bowl of good hot soup! First of all you catch its fragrant aroma. Then you dip your spoon, take a sip . . . and this favorite American warmer-upper goes right to work, cheering you up and setting you up.

As an editorial in the New York Times says: "What can surpass the leisurely delight of a steaming bowl of full-bodied soup after a brisk day in the open? Not as an appetizer. Not as a prelude to a meal. Simply as a meal in itself."

Your choice of soups

And what a choice of fine ready-prepared soups you have, nowadays, to build your

family meals around. You've tomato, "the soup most folks like best". You've vegetable, "almost a meal in itself". You've old-fashioned vegetable-beef, and chicken with rice, chicken gumbo, chicken noodle, cream of chicken. . . . And let's not forget hearty beef soup, rich cream of mushroom, velvety green pea, spring-tasting cream of asparagus—to name just a few of the appetizing array!

3 of America's favorite lunches

Yes, around these soups, and many others, you can build delicious, nourishing, varied midwinter lunches and suppers the family will simply delight in. The menus pictured here show you three of America's favorite lunch combinations. Try them; then let your ingenuity and your family's tastes suggest others. In every case, your folks will be well fed indeed, when—SOUP'S ON!
