## One Armour Frank

Our hot dog turns out to be quite a fuel cell. Plus being a handy package of the meat proteins and other elements we need to keep our bodies in tiptop shape. Being good for you, though, is hardly half the story. Armour Star Franks are, first and foremost, good to the taste of all ages. They are juicy blends of beef and pork, mildly seasoned to let the meaty flavor come through. Fully cooked. Hardwood smoked. As tasty a prescription as you'll ever fill for your family.
