

## Don't wait till you celebrate Aunt Agatha's 39th birthday (again).

Serve your family Betty Crocker Noodles Almondine tonight. Even Aunt Agatha would admit there was nothing like this when she was a girl. It costs under half a dollar. But there are no secrets about its taste. Tender egg noodles, onions, celery, peppers and crisp almond slivers. If you want to seem like an old hand in the cooking department, throw in some tuna and make a main dish. Give them an extra reason to celebrate.

tonight!
