

"We Flannerys grew up on corned beef 'n' cabbage, but faith,

Chinese is a glorious change" Chun King is not out to change your lifetime eating habits. But as Officer Flannery discovered, a Chun King dinner does add spice to your life. It's fun. And easy. We do the

difficult parts. Tonight take Wong's egg rolls—flaky-light crust surrounding a filling of shrimp, pork morsels and crisp, Oriental vegetables. Then the main dish: chow mein. It's hefty with chicken chunks in

a sparkly sauce. Water chestnuts that go "crunch." Bean sprouts (we grow our own). Bamboo shoots, sweet red peppers, onion and crisp celery. Next, add a side dish of Wong's fried rice. Each

long grain flavored with savory bits of meat and fried egg. Now you've got a Chinese dinner of glorious change. Tomorrow, you'll go back to regular fare with renewed taste buds.
