

**Is it me he comes home to—  
or my French's mashed potatoes?**

( It could be a little of both. )

You're the apple of his eye, and French's—well, French's Mashed Potato gives flavor to his life. Good deep-tasting flavor. Ahh. French's Mashed. To keep him reaching for more, reach for the white package with the big Idaho Gd Hskg F potato on the front. From French's... with flavor.
