GRAVY SECRET

You hear a lot about gravies, but the old standby is

GRAVY MASTER

for taste, eye-appeal, easy-do.

Do friends whisper about the color of your gravy?

You can show 'em! Just add a teaspoon of Kitchen Bouquet and watch pale gravy turn a deep, rich brown. Kitchen Bouquet, the magic blend of vegetables, herbs and spices, peps up flavor, too. For more recipe ideas, see the folder in the carton. Kitchen Bouquet costs only a little; does a lot.
