

You are a cool
10 minutes and 5¢
away from a hot
summer meal.

The macaroni and cheese is
hot but your kitchen is not;
about 5¢ a serving - never has
a nickel been worth more.

And cheese lovers appreciate the way that
Kraft Grated melts wonderful cheddar flavor
all through the tender macaroni. Make
tonight's dinner a nice hot one for a change.
Kraft Macaroni and Cheese Dinner.
