

*Bobby Shaftoe's gone for a sail.
He'll come back, hungry and pale.
But Mother is ready with a big, main course...
Velveeta casserole (he'll eat like a horse)!*

Full of health from milk!

Two ounces of Velveeta pasteurized process cheese spread give more high-quality protein, more calcium, more vitamin A, than an eight-ounce glass of fresh, whole milk.

See The Andy Weir Show.
