I can't believe it!

Quaker's new cereal Diet Frosted is so deliciously sweet, you can't believe it has *no sugar*.

These delicious little puffs of wheat or rice are pre-sweetened, *but not with sugar*.

So they have no extra calories at all.

And no extra sugar to harm your children's teeth.

Try Diet Frosted, the most sensible cereal ever made.

Quaker's new cereal Diet Frosted is so deliciously sweet you can't believe it has no sugar.
