

Your husband shouldn't be eating his vegetables just because they're good for him.

73 E2

He should be eating his vegetables because they taste good. And because they're interesting.

Trouble is, the same old vegetables aren't too interesting, day after day. That's why Birds Eye[®] invented Combination Vegetables.

Delicious vegetables in combination with other good things like mushrooms, seasoned sauces, toasted almonds, even other vegetables.

Like Beans with Toasted Almonds, for instance.

The tiny almond slices make the beans taste so good, they're almost like a whole new vegetable.

Sure, they're good for you. But that's not why your husband will like them.

Birds Eye[®] Combinations.
The first vegetables your husband might even notice.
