# Say it with lemons.

1. Popcorn with lemon butter. Lemons make it easy to add love to kid's snacks. Here's one way. Just add 1 Tbl. fresh lemon juice to 1/4 cup melted butter and pour over 2 qts. popped corn. Gives popcorn a fresh, kicky taste.

2. Graham crackers, doughnuts, big cookies with lemon frosting. Another simple way to make kid's treats a bit special: combine 1 Tbl. butter or margarine, 1 cup unsifted powdered sugar, 1/2 cup fresh lemon peel and 1 to 1 1/2 Tbl. fresh, grated lemon juice. Spread frosting onto cake, doughnuts, cookies, etc. (We tinted the frosting and added the smile face with white icing.)

3. The instant sweet stuff, etc., made with lemons. Combine 1 envelope instant kiddie drink with 1 cup sugar and 1/2 cup fresh lemon juice. Add water and ice cubes. Lemon gives it a fresher, livelier taste.

4. Ice cream with crunchy lemon/honey topping. Tastes good. And it's good for them. Combine 1 cup granola with 2 Tbl. fresh lemon peel, 1 Tbl. fresh lemon juice and 1/4 cup honey. Spoon over ice cream.
