**Soup this fresh doesn't come in a can.
It comes from Lipton.**

When you serve canned soup, what you're really doing is just reheating soup somebody else made for you.

Lipton doesn't make soup for you. We only give you the ingredients. So when you make

Lipton Soup, it's soup for the first time. Fresh soup, all chickeny and noodley, like this hot Lipton Noodle Soup with Real Chicken Broth. Soup so fresh, your kids will want to eat it outdoors.
