

Delicious Oriental entrees...that look a little bit like egg rolls.

Inside of all the new La Choy Egg Roll Entrees is a wonderfully tasty rendition of a classic Oriental main dish—like Almond Chicken, Beef and Broccoli, Sweet-and-Sour Pork, and Spicy Chicken Oriental, with big bites of meat and chunks of vegetables.

And we've made all those entrees taste even better (and look a little like egg rolls) by wrapping them in crunchy egg roll crusts. Once you've taken your first bite, you're certain to enjoy the uniquely delicious combination of the egg roll that you see and the entree that you get.
