

Was it the fresh onions?

The juicy tomatoes? The jalapeños? Or all those delicious 100% natural ingredients together?

Maybe it was the abundance of chunks. All those extra chunks that make it so much chunkier.

Whatever it was, new Rosarita Chunky Picante Sauce displaced Pace in a test for taste.

But don't let that influence you. Try new Rosarita Chunky Picante Sauce for yourself. You just might decide it's time for a change of pace, too.

Try the one that beat Pace for taste!
