

# "When he runs on empty, SNICKERS® satisfies him. And me."

When my son mows the lawn, I stay out of his way. Except when he gets hungry. Then I give him a SNICKERS® Bar.

Packed with peanuts and peanut butter nougat, SNICKERS® is great at satisfying his hunger. And it's covered with caramel and milk chocolate for a taste he really loves. Then it's dated for freshness, so I know SNICKERS® has no preservatives.

So when my son needs to fill up between meals, I give him the wholesome snack that both of us love. SNICKERS®
