

## 2022 Annual Flu Clinics

The Seasonal Flu Clinic is fast approaching and we invite employees to partake in this year's event on a walk-in basis as we have in the past. Walgreens Pharmacy and Wegmans Pharmacy have again been invited to provide Monmouth University employees and their families (spouse and children age 18 years and older) with the opportunity to receive the seasonal flu vaccine. No other vaccinations will be available at this time. Walgreens and Wegmans are in-network providers in our Horizon BCBSNJ Direct Access plan as well as the Horizon BCBSNJ EPO Advantage Plan so the charge will be billed directly to the insurance company. Employees wishing to obtain the flu vaccination should complete sections A, B and C of the attached Vaccine Administration Record prior to arriving at the Flu Clinic. Please remember that the seasonal flu vaccinations are formulated to protect you from the seasonal flu. You will need to bring your Monmouth University employee ID card and your Horizon insurance card if applicable. If you do not have health insurance the cash cost for the vaccination is \$30.

DAY	DATE	TIME	LOCATION
Thursday	9/22/2022	11 AM – 6 PM	RSSC Anacon A
Wednesday	10/26/2022	11 AM – 6 PM	RSSC Anacon A
Wednesday	11/16/2022	11 AM – 6 PM	RSSC Anacon A
Thursday	12/8/2022	11 AM – 6 PM	RSSC Anacon A

We ask that all employees wishing to obtain the vaccination wear a mask and abide by social distancing guidelines. For all intents and purposes the clinic is considered a medical setting and masking will be required. Wearing appropriate clothing that provides easy access to the upper arm will make the process easier for employees and vaccinators.

As an alternative, if you participate in the University's medical program, Horizon BCBSNJ Direct Access or Horizon EPO Advantage, you may call your Primary Care Physician (PCP) and receive the seasonal flu shot free of charge at their office if available. The flu shot and other vaccines are not an eligible benefit under the pharmacy plan unless obtained at a [NJ pharmacy listed here.](#)

The Vaccination Clinic Program at Monmouth is a voluntary program that is offered as a convenience to employees. The role of Monmouth University is limited to allowing its premises to be utilized for the purposes of the Program. You will be required to sign a waiver, see attached, relinquishing Monmouth University of any liability.

Below is a link for the Center for Disease Control and Prevention to access information on the seasonal flu vaccination. If you have any additional questions regarding the clinic, please contact the Office of Human Resources at extension 4445.
