Welcome from President Leahy

The safety of our community depends on each of us looking out for one another. When needed, we must also feel comfortable calling upon our dedicated police officers, and our many trained campus professionals who provide educational programming, basic health care services, and mental health counseling throughout the year.

Whether using one of our emergency telephones to call for an escort across campus, to request an unexpected jump-start for a car, or to report a student in distress, I urge you to utilize the outstanding resources available to you as a member of the Monmouth University community.

Our police department works in close cooperation with neighboring jurisdictions and members of our Residential Life team, who also offer immediate coverage and counseling for safety and quality of life concerns 24 hours a day, seven days a week.

A synopsis of our annual reporting for the Clery Act, a federally mandated assessment required of all higher education institutions, provides a broad overview of campus policies and regulations aimed at securing a safe campus that fosters learning and inquiry outside the classroom.

The synopsis also includes a summary of the types of criminal activity on campus during the previous reporting period, and valuable information to ensure personal safety.

Campus security is not a function solely of our police department; it is a responsibility that we all share. I appreciate efforts of so many who ensure that Monmouth University is a safe and secure campus where we can learn and grow together.

Patrick F. Leahy, Ed.D.
President
Welcome to the 2019-2020 academic year at Monmouth University! In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), I am pleased to provide you with this Guide for a Safe Campus.

The information contained in this publication provides crime statistics, which are regularly reported by Monmouth University to various local, state, and federal agencies. It also provides the University’s drug and alcohol policies and emergency management policies, as well as valuable safety tips and other University-specific information.

This publication is available online at monmouth.edu/mupd/SafeCampus/.

The University Police Department is an around-the-clock agency serving the needs of the University community every day of the year.

For emergencies and/or general assistance, please dial ext. 4444 from on-campus telephones and 732-571-4444 from cell phones or off-campus locations. You may also dial 911 in the event of an emergency, or use one of the 103 emergency telephones located throughout the campus. By simply lifting the telephone receiver, you will be connected directly to the police department. Please be advised that there are several emergency telephones on campus designed without receivers. These telephones are located primarily in parking lots. To use this type of phone, simply press the emergency button, and you will immediately be connected to the police department. The University Police Department also has a 24-hour confidential hotline that can be reached at 732-263-5222 and offers an escort service as described on page 8.

If you have questions regarding this publication, or if I may assist you in any way, please feel free to contact me at 732-571-4444.

William McElrath
Chief of Police
Monmouth University

Monmouth University is a private, coeducational university committed to providing a learning environment that enables men and women to pursue their educational goals and realize their full potential to make significant contributions to their community and society. Small classes, which allow for individual attention and student–faculty dialogue, together with careful academic advising and career counseling, are hallmarks of a Monmouth education.

Founded in 1933, Monmouth earned university designation from the State of New Jersey in March 1995. The 168-acre, park-like campus includes two nationally recognized historic buildings, one of which is a landmark.

In the 2018–2019 academic year, Monmouth University enrolled approximately 6,000 undergraduate and graduate students in seven schools that offer bachelor’s, master’s, and doctoral degree programs in the humanities, social sciences, science, education, business, social work, nursing, and health studies.

Approximately 1,700 undergraduate students reside in 11 residence halls, three apartment complexes on campus, and two apartment complexes off campus. Approximately 200 students are housed in off-campus university-owned and -sponsored apartments. Our suburban campus is located less than a mile from the Atlantic Ocean.

Student athletes compete in 23 Division I NCAA-sponsored sports.

If you have questions regarding the content of this publication, please contact the Monmouth University Police Department (MUPD) at 732-571-4444.

The safety and security of the campus community is the primary responsibility of the University Police Department. We have 19 state-commissioned police officers. The University Police Department also employs safety officers, dispatchers, and various other personnel, all dedicated to providing quality service to all members of the University community.

Police Authority

University police officers are commissioned under the State of New Jersey Title 18A:6-4.2 and, in accordance with state laws, have “all powers of police and constables in criminal cases and offenses against the laws” as well as the authority to enforce New Jersey motor vehicle laws, local ordinances, and University rules and regulations. University police are also armed. They are fully trained at state-approved police academies and receive the same training as do municipal police officers.

University police officers consist of many university-career and retired municipal and state police officers with more than 300 years of combined college and municipal police service. Police agencies currently represented include Rutgers, Hightstown, Middlesex County College, Newark, Paterson, the Township of Ocean, South Amboy, Allenhurst, Maplewood, Jersey City, Woodbridge, and the New Jersey State Police.

Police officers respond to all on-campus calls, and investigate and document all incidents. Additionally, the police departments of West Long Branch, the Township of Ocean, and Long Branch have full police authority on areas of the campus, since parts of the University campus fall within their respective jurisdictions. Those departments respond
LAW ENFORCEMENT RELATIONSHIPS

It is the University’s policy to work cooperatively with all state and federal law enforcement agencies as well as local police agencies and emergency management organizations. The University is mandated to notify the Monmouth County Prosecutor’s Office when a serious crime or death occurs on campus. The county either assumes responsibility or delegates its authority to the University Police Department to investigate criminal matters and determine what action should be taken. The University maintains a close working relationship with county investigators and local counsel.

The University has a written Memorandum of Agreement with the County Monmouth/Ocean County Emergency Response Team (MOCERT). In addition, the University has reciprocal mutual aid agreements with the surrounding local police agencies.

The University Police Chief is a member of the Monmouth County and State Police Chiefs’ Associations and maintains a professional working relationship with them.

Local police agencies monitor and record criminal activity engaged in by students at off-campus locations and provide this information to the Monmouth University Police Department. The information is then forwarded to the Vice President for Student Life and Leadership Engagement for possible University sanctions. When deemed necessary, the Monmouth University Police Department in conjunction with the Long Branch Police Department jointly patrol areas in which students live and frequent off campus.

All individuals, whether they are members of the University community or visitors, are subject to all federal, state, and local laws while on campus and, therefore, may be subject to criminal charges when applicable, even for first offenses.

Police Response

The University Police Department provides vehicle and foot patrols on campus 24 hours a day, seven days a week, 365 days a year. Faculty, administrators, staff, and students are encouraged to immediately report all crimes, suspicious activities and/or behavior, and emergencies to the University police at 732-571-4444 or by dialing 911 in an emergency. Routine business calls or calls for non-emergency assistance should be directed to 732-571-4444. Students residing at Pier Village or University Bluffs are reminded to contact the Long Branch Police Department if they need assistance at 732-222-1000, or 911 in an emergency.

There are 103 emergency telephones on campus. These telephones can be identified by either a blue light and/or “Emergency” labels and provide direct contact to the University Police at all times. Also, regular telephones in all buildings have labels affixed to them that include the University Police Department telephone number.

The University Police Department reports directly to the Vice President for Administrative Services and maintains close and direct contact with the Vice President for Student Life and Leadership Engagement and the Assistant Vice President for Student Life, providing a daily exchange of information that is within the context of federal and state privacy laws.

REPORTING CRIMINAL ACTIVITY

Monmouth University encourages all members of the University community to report any criminal activity or suspicion of criminal activity to the University Police Department as soon as possible. If requested, the identity of the complainant will be kept confidential whenever possible.

Suspicious or criminal activity can be reported to the University Police Department at 732-571-4444. Emergency phones located throughout the campus can also be used to report suspicious activity or to summon emergency help.

UNIVERSITY REGULATIONS

In addition to local municipal judicial proceedings, the University has established rules and regulations (see the Student Handbook or the Employee Handbook). It is the policy of the University police to fully inform complainants of all options available to them through the University, as well as municipal, county, state, or federal entities, for dealing with offenses committed against them.

DISSEMINATION OF EMERGENCY INFORMATION

Monmouth University Emergency Notification System

Students, faculty, and staff are required to register for the Monmouth University Emergency Notification System. To do so, log onto the website at notify.monmouth.edu and register today.

This service allows the University the ability to send alerts via phone and text to all subscribers regarding emergency situations, school closings, and other emergencies. All members of the campus community are required to enroll. It is the primary emergency notification system of the University. Registration is free, but there may be text message fees depending on your individual service plan.
EMERGENCY COMMUNICATIONS

In the event of an emergency that constitutes an immediate ongoing or continuing threat to the community and individuals, the University Police Department will send a message through the emergency notification system advising of the situation and what actions should be taken. If upon receiving a message, more information is needed, people are advised to call the Emergency Information telephone line at 732-263-5900.

The Alertus function of the emergency notification system will display the emergency notification on all University computer screens.

An additional function of the Alertus system allows all University owned, hard-wired computers (no laptops) to be used as a panic alarm. The alarm can be activated by clicking on the “red button” icon on the lower right hand portion of your computer screen and following the prompts. Please remember that this function must only be used when, due to the nature of the emergency, you are unable to contact the police by telephone. Also, the University will conduct tests on the Alertus panic alarm system. Never “self-test” the Alertus panic alarm function as an unnecessary emergency response will be activated.

Depending on the particular circumstances of a crime or threat, the University police may also make timely reports using any of the following: electronic signage, Hawk Safety Alert bulletins, email messages, voicemail, the University student newspaper (The Outlook), the University radio station (WMCX), and the University website.

Hawk Safety Alerts are also available on the University website at monmouth.edu/alerts. In compliance with federal law, the Monmouth University Police Department maintains a crime log that provides a list of all crimes that occur on campus that have been reported to the University police. The crime log is updated Monday through Friday. Interested individuals may review the crime log at police headquarters 24 hours a day, seven days a week.

Timely Warning Policy (Hawk Safety Alert)

In compliance with the Jeanne Clery Disclosure of Campus Security Policy & Campus Crime Statistics Act (Clery Act), Monmouth University shall issue timely warnings (Hawk Safety Alerts) to notify members of the University community about certain crimes/incidents as defined in the Clery Act and as set forth in Monmouth University’s Campus Crime Statistics (Clery Act) Policy, as well as non-Clery Act crimes/incidents. Hawk Safety Alerts shall be issued in a manner that is timely and will aid in the prevention of similar crimes/incidents when such crimes/incidents occur on the Monmouth University campus or in close proximity to the campus, and when the crime represents a serious or continuing threat to students, employees, and members of the University community.

I. TIMELY MANNER

A Hawk Safety Alert shall be issued in a timely manner in order to enable the campus community to protect themselves and shall be issued, on a case-by-case basis, as soon as the pertinent information is available, in light of all facts surrounding the crime/incident.

II. CRITERIA

In compliance with the Clery Act, the following criteria will be evaluated to determine if a Hawk Safety Alert shall be issued:

A. Nature of the Crime/Incident

Hawk Safety Alerts may be issued for certain crimes/incidents as defined in the Clery Act and as set forth in Monmouth University’s Reporting Crimes for Annual Security Report (Clery Act) Policy. Timely warnings may be issued for threats to persons or threats to property.

B. Geographic Location

Timely warnings may be issued for any Clery Act crime which occurs: (1) on campus, (2) on public property within or immediately adjacent to the campus (or in an area frequented by University students), and (3) in or on non-campus buildings or property that Monmouth University owns or controls and such crimes have been reported to the Monmouth University Police or a Campus Security Authority.

C. Continued Threat or Danger to the Campus Community

The University shall consider whether or not the crime/incident represents a serious or ongoing threat to the University community. Such situations shall be evaluated on a case-by-case basis taking into account: the need to alert the campus community in order to enable people to protect themselves; the need to aid in the prevention of similar crimes/incidents; the continuing danger to the University community; and the risk of compromising law enforcement efforts to resolve the case in a timely manner. The possible risk of compromising law enforcement efforts to resolve the case in a timely manner may also be considered; however, in the event of a serious or continuing threat to students or employees, a timely warning shall be issued, but the timely warning shall not require the disclosure of specific law enforcement efforts which could compromise an ongoing criminal investigation.

III. PROCEDURES

A. Determination

The Chief of Police or his designee (Shift Supervisor), upon review of all available information, is responsible for making the determination if a Hawk Safety Alert is appropriate.
The Chief of Police or his designee (Shift Supervisor) shall then notify the Vice President for Administrative Services and the Vice President of Student Life and Leadership Engagement (or their designees) and advise them of the crime(s)/incident(s) and circumstances that warrant the issuance of the Hawk Safety Alert. Once agreed upon, the alert shall be issued. If there is a question or disagreement on whether the alert should be sent out, the Vice President and General Counsel shall be consulted.

B. Method
The Hawk Safety Alert shall be issued using a method that allows for the prompt notification of the appropriate segments of the University community. Methods of dissemination may include, but are not limited to, email, voicemail, emergency notification system, and the Monmouth University Police Department website. Hawk Safety Alerts shall include information which would promote safety and aid in the prevention of similar crimes/incidents.

C. Content of a Timely Warning
Hawk Safety Alerts shall contain in the subject line the phrase “Hawk Safety Alert” and the type of alert i.e. “Imminent On-Campus Threat,” “Non-Imminent On-Campus Threat,” or “Informational Alert.” The timely warning shall include information that would aid in the prevention of similar crimes and enable the members of the campus community to protect themselves. The body of the notification shall include, but not be limited to:

- A succinct description of the incident and/or type of crime including location, date, and time of occurrence, and reported offense;
- A physical description of the suspects including gender, age, height, weight, hair color, race, and other distinguishing characteristics if available and accompanied by other description characteristics;
- A composite drawing of the suspect or photograph if available;
- A description to an apparent connection to previous incidents if applicable;
- Race of victim, but only if there is an apparent bias motive;
- Sex of the victim, if relevant;
- Notice to the campus community to use caution and the provision of safety and/or crime prevention tips;
- Other relevant and pertinent information such as weapons and vehicles involved, if applicable.

The notification posted on the Monmouth University Police Department website shall include any suspect information, such as available description of the suspect that is not included in the campus email alert.

IV. STATUS UPDATES
When appropriate, status updates as to the resolution and/or disposition of the crime/incident will be similarly disseminated and updated as soon as possible.

V. REPORTING
A. Campus Security Authorities
It is the responsibility of Campus Security Authorities to notify the University police when they become aware of any incidents that are suspected to be crimes or alleged to be crimes.

B. Community Members
Community members who know of a crime or other serious incident are encouraged to report that incident as soon as possible to the Monmouth University Police Department so a determination can be made whether to issue a Hawk Safety Alert.

VI. THE FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA) AND THE TIMELY WARNING REQUIREMENT
Although personally identifiable information is generally precluded from disclosure, FERPA does not preclude the University from releasing information necessary for the purposes of a timely warning. Information may be released in an emergency situation without consent to protect the health and safety of others.
Security, Fire Safety, and Access to Facilities

University offices are generally open weekdays from 8:45 a.m. to 5 p.m. Classes begin at 8:30 a.m., and evening classes are in session until 10:05 p.m. Buildings are generally open by 7:30 a.m. and are secured by 10:30 p.m.

There are 11 residence halls and three apartment complexes on campus. All residence halls are locked 24 hours a day. Residents are supplied with an ID card to enter their residence hall and must utilize an intercom/telephone system to allow visitors to enter. Residents are supplied an ID card or a front door key for access to their residence hall or apartment building. All visitors must be escorted at all times by their host. Students are also responsible for the behavior of their guests throughout the campus. To ensure safety, please do not prop open doors or allow unfamiliar individuals to enter the building. The apartments are secured 24 hours a day. Suspicious individuals should be reported to the police.

The Office of Residential Life also employs student resident assistant staff members at each of the two off-campus housing facilities and has a resident staff member at all off-campus apartment complexes.

ESCORT SERVICE

The University Police Department offers a free escort service 24 hours a day to all members of the University community. The escort service may be provided by a police officer or safety officer on foot, or by police vehicle. For your protection, you are encouraged to utilize this service. This service is available on the main campus as well as at the University Bluffs.

When a resident of University Bluffs cannot locate a parking spot onsite and is concerned for their safety, or for any other non-emergency safety concern, they can contact the Monmouth University Police Department at 732-571-4444 or ext. 4444 to request a police escort to and/or from their vehicle to their apartment. In the event of an emergency they should call 911.

FIRE AND SAFETY

The University has a Supervisor of Electric, Fire, and Safety Systems who conducts, with the assistance of the three full-time Fire and Safety Technicians, safety inspections of all areas on campus. In addition, a University fire and safety committee meets regularly to address a variety of safety issues on campus. The University Police reports all noted conditions to the Department of Facilities Management for corrective action.

The University is in full compliance with the regulations set forth in the New Jersey Dormitory Safety Trust Fund Act of 2000. All residential halls and campus apartments have sprinklers and carbon monoxide (CO) detectors installed. University police along with fire and safety personnel conduct four fire drills per year in all buildings on and off campus and in off-campus residence facilities. In addition, University officials have an excellent relationship with the local fire marshals and welcome their input. All fire safety systems are inspected and tested annually by an outside vendor to ensure continued compliance.

All members of the University community are reminded that intentionally causing a fire alarm to activate wherein no fire condition is present is an indictable offense under the State of New Jersey Criminal Justice Code. All persons found to have perpetrated this crime, as with all other crimes on campus, will be arrested by the Monmouth University Police Department and prosecuted to the fullest extent of the law. In addition, students may be charged under the Student Code of Conduct. The police department maintains a fire log at dispatch which can be reviewed 24 hours a day, 365 days a year. All members of the University community are also reminded that all fires must be reported to the University Police Department. The police will then contact the appropriate fire and other emergency personnel needed.

ON-CAMPUS STUDENT HOUSING FACILITY FIRE SAFETY SYSTEMS

In order to provide safe and secure student housing, an understanding of the Residential Life Facility Fire Safety System is critical. The following procedure shall address the fire protection equipment in Monmouth University’s Campus Residence Halls.

All University Residence Halls feature the following fire protection equipment:

- Fire alarm systems are centrally monitored 24 hours a day, 365 days a year. All fire alarm devices in University Residence Halls (smoke detectors, CO detectors, heat detectors, pull stations, flow detectors, etc.) are “addressable” (i.e., the fire alarm panels can pinpoint the specific location of each device and send that information to the central monitoring station).
- Smoke detectors in all student living areas.
- Combination horn/strobe light fire alarms in all common areas requiring audible devices.
- Horn/strobe light fire alarms in all ADA-compliant bedrooms.
- Fire-suppression sprinklers in all student living areas.
- Rated fire doors with self-closing devices throughout the buildings.
- CO detectors in all areas with appliances which combust fuels (e.g., boiler rooms, furnace closets, kitchens, etc.).
- Fire alarm pull stations in all common areas.
• Emergency lighting to illuminate building egresses in the event that power is lost.

• Fire extinguishers in building common areas.

Apartment-style residence halls (Maplewood Hall, the Garden Apartments, and the Great Lawn Apartments) have fire extinguishers inside each apartment, located in the common living space near the apartment’s kitchen. Additionally, the Garden and Great Lawn Apartments have fire alarm pull stations within the student apartments near each kitchen.

Residence halls that have centrally handled air systems (Oakwood and Redwood Halls) feature:

• Smoke detectors in the central-air-handling duct work.

• Smoke dampers in air-handling ducts and fan motor relays to shut off air circulation in the event of a fire.

• Magnetic hold-open devices which allow fire doors in building hallways to automatically close when the fire alarm system is activated.

Hesse Hall and Oakwood Hall incorporate a voice alarm system with speakers located in each student sleeping area.

Fire alarm systems, fire extinguishers, and exit signs, required by the state, are for the protection of all residents. Tampering with fire equipment or setting off a false fire alarm is an offense under state law. Deliberately causing a fire is a crime. A student will be subject to disciplinary action and/or arrest if found tampering with fire equipment, falsely setting off the alarm system, or intentionally causing a fire. The above noted violations will also be handled through the University judicial process.

In addition, each resident is responsible for being familiar with the location of exits, fire extinguishers, and alarm pull stations. Residential Life staff will be happy to provide additional information or assistance in this area.

CANDLES AND OPEN FLAMES

No candles are permitted in any campus or University-sponsored facility. Items which require an open flame to operate, or which produce heat (i.e., Bunsen burners, lighted candles, incense, indoor and outdoor grills, etc.) are not allowed in residents’ rooms or adjacent to any University building. Unburned candles may not be used for decorative purposes.

HOVERBOARDS

Hoverboards or similar devices are prohibited in all residential facilities owned or operated by the University. Hoverboards may be used on campus but cannot be charged in any facility of the University.

FIRE EDUCATION AND TRAINING

It is Monmouth University Policy to strive to provide and maintain safe conditions and to follow operating practices that safeguard all students, employees, and visitors. The purpose of Fire Safety Training is to provide a safe environment. The goals of the training are to:

3. When possible an approved Fire Education “Smoke Trailer” will be brought on campus. The trailer simulates a smoke-filled room and the difficulties involved in fleeing a smoke-filled environment. All students and staff are invited and encouraged to participate.

• Drive on well-traveled streets, with doors and windows locked.

• Never hitchhike or pick up a hitchhiker.

• Keep your car in good shape with plenty of gas in the tank.

• Do not have friends or relatives mail cash or gift cards which can be easily cashed in, to your University address.

• Practice Internet and phone safety. Do not release any personal or financial information to solicitors or vendors unless absolutely sure that they are legitimate.

Campus Crime Statistics Act (Clery Act) Policy

The Jeanne Clery Disclosure of Campus Security Policy & Campus Crime Statistics Act (Clery Act) requires Monmouth University to collect, classify, count, and disseminate crime report statistics in an Annual Security Report (ASR) by October 1 of each year to all currently enrolled students and employees. Monmouth University must also provide the ASR to any prospective employee or student upon request.

The Clery Act requires Monmouth University to disclose statistics for reported crimes based on: where the crimes occurred; to whom the crimes were reported; the types of crimes that were reported; and the year in which the crimes were reported.

I. CLERY GEOGRAPHY

Monmouth University must disclose statistics for reported Clery crimes that occur: (1) on-campus, (2) on public property within or immediately adjacent to the campus, and (3) in or on non-campus buildings or property that Monmouth University owns or controls. As specified in the Clery Act, the following property descriptions are used to identify the location of crimes in and around Monmouth University’s campus:

A. On-Campus

On-campus property includes: (1) any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified in Section A(1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

B. Non-Campus Buildings or Property

Non-campus buildings or property include: (1) any building or property owned or controlled by an officially recognized student organization that is officially recognized by the institution; or (2) any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same contiguous geographic area of the institution, Pier Village, and the University Bluffs.

C. Public Property

Public property includes all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the institution’s campus or immediately adjacent to and accessible from the campus.

II. DEFINITIONS OF CRIMINAL OFFENSES

The Clery Act requires institutions to disclose three general categories of crime statistics. The Violence Against Women Reauthorization Act of 2013 (VAWA), amended the Clery Act to require institutions to disclose an additional fourth category of crime statistics. Pursuant to the Clery Act, definitions are to be used for reporting crimes in accordance with the Federal Bureau of Investigation’s Uniform Crime Reporting Program. The definitions for murder; robbery; aggravated assault; burglary; motor vehicle theft; weapons: carrying, possessing, etc.; law violations; drug abuse violations; and liquor law violations are from the Federal Bureau of Investigation’s Uniform Crime Reporting (UCR) Handbook. For sex offenses, definitions are excerpted from the FBI’s National Incident-Based Reporting System (NIBRS) edition of the UCR.

The definitions of larceny-theft (except motor vehicle theft), simple assault, intimidation, and destruction/damage/vandalism of property are from the Hate Crime Data Collection Guidelines of the FBI’s Uniform Crime Reporting Handbook.

A. Criminal Offenses

The following definitions are used to classify Clery Criminal Offenses:

1. Criminal Homicide—These offenses are separated into two
categories: (a) Murder and Non-negligent Manslaughter, and (b) Negligent Manslaughter.

a. Murder/Non-Negligent Manslaughter—The willful (non-negligent) killing of one human being by another.

b. Negligent Manslaughter—The killing of another person through gross negligence.

2. Robbery—The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

3. Aggravated Assault—An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could and probably will result in serious personal injury if the crime were successfully completed.)

4. Burglary—The unlawful entry of a structure to commit a felony or a theft. For reporting purposes, this definition includes: unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safe cracking; and all attempts to commit any of the aforementioned.

5. Motor Vehicle Theft—The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned—including joyriding. Such thefts are only counted under Clery from parking garages attached to a resident hall.)

6. Arson—Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

7. Sex Offenses—Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

a. Forcible Sex Offenses
   i. Rape—The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
   ii. Fondling—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

b. Non-Forcible Sex Offenses
   i. Incest—Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
   ii. Statutory Rape—Nonforcible sexual intercourse with a person who is under the statutory age of consent.

B. Hate Crimes

The second category of statistics that must be disclosed is hate crimes. A hate crime is a crime reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. The categories of bias include the victim’s actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability. For each hate crime recorded, an institution must identify the category of bias that motivated the crime.

The following are the categories of hate crime which are required to be reported:

1. Criminal Homicide
   a. Murder and Non-Negligent Manslaughter
   b. Negligent Manslaughter

2. Sex Offenses
   a. Rape
   b. Fondling
   c. Incest
   d. Statutory Rape

3. Robbery

4. Aggravated Assault

5. Burglary

6. Motor Vehicle Theft

7. Arson

8. Larceny-theft—The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Attempted larcenies are included. Embezzlement, confidence games, forgery, worthless checks, etc., are included.
9. **Simple Assault**—An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

10. **Intimidation**—To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

11. **Destruction/Damage/Vandalism of Property**—To willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

C. **Arrests and Disciplinary Referrals for Violation of Weapons, Drug, and Liquor Laws**

The third category of crime statistics that universities must disclose are the number of arrests and the number of persons referred for disciplinary actions for the following law violations:

1. **Weapons, Carrying, Possessing, Etc.**—The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.

2. **Drug Abuse Violations**—The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

The fourth category of crime statistics that universities must disclose includes the following:

**New Jersey Sex Offense Definitions**

Consent in New Jersey is defined as:

2C:2-10. Consent

a. In general. The consent of the victim to conduct charged to constitute an offense or to the result thereof is a defense if such consent negates an element of the offense or precludes the infliction of the harm or evil sought to be prevented by the law defining the offense.

b. Consent to bodily harm. When conduct is charged to constitute an offense because it causes or threatens bodily harm, consent to such conduct or to the infliction of such harm is a defense if:

   (1) The bodily harm consented to or threatened by the conduct consented to is not serious; or

   (2) The conduct and the harm are reasonably foreseeable hazards of joint participation in a concerted activity of a kind not forbidden by law; or

   (3) The consent establishes a justification for the conduct under chapter 3 of the code.

c. Ineffective consent. Unless otherwise provided by the code or by the law defining the offense, assent does not constitute consent if:

   (1) It is given by a person who is legally incompetent to authorize the conduct charged to constitute the offense; or

   (2) It is given by a person who by reason of youth, mental disease or defect, or intoxication is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature of harmfulness of the conduct charged to constitute an offense; or

   (3) It is induced by force, duress, or deception of a kind sought to be prevented by the law defining the offense.

**Consent Abbreviated**

As found in Monmouth University Student Handbook:

Consent: is defined as the voluntary, informed, uncoerced agreement through freely given words or actions, which can be reasonably interpreted as willingness to participate in a mutually agreed upon sexual act and cannot be assumed by the absence of physical resistance. Past consent, no matter how recent, cannot be automatically taken as consent to any other sexual activity. For example, consensual kissing does not give the actor consent to penetration or fondling.

**Preventing and Responding to Sexual Misconduct, Domestic Violence, Dating Violence, Sexual Assault, and Stalking**

**SEXUAL MISCONDUCT POLICY AND PROCEDURES**

Monmouth University affirms the right of its students to participate in a community which is conducive to learning and personal growth. In order for this to be achieved, the environment of the campus needs to be one in which students feel safe and secure in their surroundings and free to explore the variety of opportunities available to them. Acts of sexual misconduct which include but are not limited to sexual assault, gender based harassment, dating violence, domestic violence, sexual harassment, sexual exploitation, and stalking pose a serious threat to this spirit of community, and as such, Monmouth University prohibits all forms of sexual misconduct and will endeavor to address these issues in the following manner.

**I. NON-DISCRIMINATION STATEMENT**

Monmouth University supports equal opportunity in every phase of our operation including recruitment, admission, educational programs, and employment practices of recruitment, hiring, promotion, reclassification, transfer, compensation, benefits, termination, layoff and return from layoff, social and recreational programs and any other aspects of education or employment. The University does not discriminate on the basis of race, color, creed, ancestry, national origin, nationality, sex (including pregnancy and sexual harassment), affectional or sexual orientation, gender identity or expression, atypical hereditary cellular or blood trait, genetic information, marital status, domestic partnership or civil union status, age, liability for military service, protected veteran status, or status as an individual with a mental or physical disability, including AIDS and HIV-related illnesses or any other protected category under applicable local, state or federal law. The University also complies with all major federal and state laws and executive orders requiring equal employment opportunity and/or affirmative action.

Monmouth University affirms the right of its faculty, staff, and students to work and learn in an environment free from discrimination and harassment, including sexual harassment, and has developed procedures to be used to resolve discrimination or harassment complaints. II. JURISDICTION OF THE UNIVERSITY

In meeting its educational mission, Monmouth University recognizes the importance of establishing and enforcing acceptable community standards of behavior. In doing so, members of the University community should know that they will be held accountable for both their behavior and actions on-campus as well as off-campus as they relate to established laws and regulations of federal, state, and local agencies, as well as policies of the University.

In connection, individuals who are members of the University community have a responsibility to represent themselves in a lawful and responsible manner at all times, both on and off campus. It would be unreasonable to suggest that a person committing a wrong act, on or off campus, which violated both the Student Code of Conduct and Criminal statutes, could not be punished by all injured parties, e.g., the citizens of the state or local community and the University.

The University reserves the right to exercise its discretion on taking disciplinary action against students of the University when the University’s reputation or its orderly functioning as an academic community are clearly involved and distinct or to protect the safety and well-being of the campus community.

III. PROHIBITED CONDUCT

Monmouth University prohibits the following specified conduct:

1. Sexual Misconduct
2. Sexual Assault
3. Non-Consensual Sexual Contact
4. Dating Violence
5. Domestic Violence
6. Stalking
7. Sexual Exploitation
8. Sexual Harassment
9. Gender Based Harassment
10. Retaliation

IV. DEFINITIONS

1. Sexual Misconduct

Sexual Misconduct is defined as any sexual act or sexual contact upon another person without his or her explicit consent, which is a sexual offense under New Jersey criminal law (See N.J.S.A. title 2C:14-1, et. al.). Sexual Misconduct encompasses the act of sexual assault.

2. Sexual Assault

Sexual Assault is sexual penetration of another person under any one of the following circumstances: (1) under the legal age of consent, (2) with a person who is incapable of giving consent because of temporary or permanent mental or physical incapacity or (3) through the use or perception of physical force, threat, coercion.

3. Non-Consensual Sexual Contact

Sexual Contact means any form of intentional touching, either directly or through clothing, of the victim’s intimate parts designed to degrade or humiliate the victim or cause sexual arousal or gratification to the actor. Sexual contact can also occur when an actor intentionally touches himself or herself while in the view of and aware of the victim’s presence and with the same purpose of humiliation, arousal, or self-gratification.

Non-Consensual Sexual Contact is having sexual contact with another individual without affirmative consent, when an individual in incapacitated, or by threat or force.

4. Dating Violence

Dating Violence is an act of domestic violence between individuals in a social relationship of a romantic or intimate nature.

5. Domestic Violence

Domestic Violence is an actual or threatened physical harm or infliction of fear of imminent physical harm upon a family member, significant other, household member, resident sharing a room, or other individual with an intimate relationship to the actor.

6. Stalking

Stalking occurs when an individual engages in conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of a third person or suffer other emotional distress. This includes cyber-stalking.

7. Sexual Exploitation

Sexual exploitation refers to non-consensual abuse or exploitation of another person’s sexuality for the purpose of sexual gratification, financial gain, personal benefit or advantage, or any other non-legitimate purpose. (E.g. observing another individual’s nudity/sexual activity; allowing another to observe nudity/sexual activity without the knowledge and consent of all participants; non-consensual streaming or distribution of images, photography, video or audio recording of sexual activity/nudity without the knowledge and consent of all participants.)
8. Sexual Harassment

Sexual harassment is unwelcome action, language or visual representation of a sexual nature that has the effect of unreasonably interfering with an individual’s education, employment, or participation in a University activity or that creates a hostile working, educational, or living environment. A form of quid pro quo (this for that) sexual harassment exists when submission to or rejection of unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature results in adverse educational or employment action, or the threat of such adverse action, or limits or denies an individual’s educational or employment access, benefits, or opportunities.

9. Gender Based Harassment

Acts of aggression, intimidation, stalking, or hostility based on gender or gender stereotyping constitute gender-based harassment. Gender-based harassment can occur if students are harassed either for exhibiting what is perceived as a stereotypical characteristic of their sex or for failing to conform to stereotypical notions of masculinity or femininity. To constitute harassment, the conduct must unreasonably interfere with another person’s education or participation in educational programs or activities or create an intimidating, hostile, demeaning, or offensive academic or living environment.

10. Retaliation

Retaliation is any adverse action taken or threatened (including intimidation, threats, harassment, and other such action) against any complainant or person reporting or filing a complaint of sexual misconduct or any person cooperating in the investigation of allegations of sexual misconduct to include testifying, assisting or participating in any manner in an investigation.

V. KEY TERMS

1. Affirmative Consent

Affirmative consent means affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that the person has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. (E.g. lack of consciousness, being asleep, being involuntarily restrained, or being intoxicated).

2. Bystander intervention

An active bystander is someone who acknowledges a problematic situation and takes on the personal responsibility to intervene with the goal of preventing a situation from escalating. The bystander must decide if they will speak up, step in, or offer assistance.

3. Force

Force is the use or threat of physical violence to overcome an individual’s free will to choose whether or not to participate in sexual activity or provide consent. Force may include words, conduct, or appearance. Force includes causing another’s intoxication or impairment through the use of drugs or alcohol. Coercion, intimidation, and non-physical threats can all be forms of force. Consent obtained by force is not valid.

4. Coercion

Coercion is to force one to act or not act based on fear of harm to self or others. Means of coercion may include, but are not limited to, pressure, threats, emotional intimidation, or the use of physical force. Consent obtained through coercion is not valid.

5. Incapacitation

Incapacitation is a physical condition where a person is unconscious or physically unable to leave or provide consent. This includes a mental condition, permanent or temporary, which makes the victim incapable of understanding the nature of the activity or unable to communicate due to a mental or physical condition.

VI. REPORTING PROCESS

1. For student complaints involving faculty or non-faculty employees of the University please refer to the policies and procedures found on the following page: monmouth.edu/equity-and-diversity/discrimination-and-harassment

2. For student complaints involving persons who are neither students nor employees of the University please contact the following:
   - Monmouth University Police Department: 732-571-4444

3. For complaints against students in accordance with the Student Code of Conduct please contact the following:
   - Office of Student Life: 732-571-3417
   - Office of Equity and Diversity (Title IX Coordinator) 732-571-7577
4. For student complaints involving another student(s) there are several options regarding how to proceed. These options are:

- Meeting with the Monmouth University Police Department if the incident took place on campus. (732-571-4444), or meeting with the local police department if the incident took place off campus to file a police report. (See section X for local law enforcement contact information).

- Make an anonymous report concerning an act of sexual misconduct without disclosing Complainants name or the name of the Respondent or without requesting any action. This can be done by contacting the Office of Equity and Diversity, Office of Student Life, or Monmouth University Police Department.
- A student may choose to take advantage of any or all of these options, simultaneously.
- A student may choose not to pursue any of these options.

Students who may be victims/survivors of a sexual misconduct are encouraged to report the assault to the proper authorities as soon as possible. A psychological counselor from the Office of Counseling and Psychological Services, a representative from the Office of Student Life, or an individual from the Monmouth University Police Department will assist a student in notifying the proper authorities if the student requests assistance.

Equally important, is the need for the student to seek medical attention immediately. It is critical that this be done as soon as possible to preserve any physical evidence. If a student wishes to have someone accompany the student to the hospital the student should inform MUPD, the Office of Student Life, the Office of Equity and Diversity, or a psychological counselor from the Office of Counseling and Psychological Services.

**VII. AMNESTY POLICY**

In order to encourage reporting, Monmouth University will grant amnesty to a student who violates the student code of conduct (for example, the use of illegal drugs or underage consumption of alcohol) while reporting sexual assault and/or sexual misconduct. For instance a student may be engaging in underage consumption of alcohol and witness another individual being sexually assaulted. The student’s should not hesitate to report the sexual assault because of their underlying violation of the student code of conduct. The University will not take action against that student for their underage consumption of alcohol because they reported a sexual assault.

This policy does not grant amnesty for students who are involved in criminal activity aside from the above mentioned violations of the student code of conduct. The University may require that the student who reported the incident attend educational remedies regarding the use of drugs and alcohol.

**VIII. TITLE IX COORDINATOR**

Monmouth University has a designated Title IX Coordinator and a Deputy Title IX Coordinator. These employees are responsible for compliance with Title IX of the Education Amendments of 1972, which prohibits sex discrimination, including sexual harassment, gender-based harassment and sexual violence, in education programs.

The names and contact information for the Title IX/Deputy Title IX Coordinators can also be found at the following page: monmouth.edu/equity-and-diversity/our-office

Following receipt of notice of an alleged violation of this policy, The Title IX Coordinator/Deputy Title IX Coordinator will conduct an assessment into the allegations to ensure that the alleged Respondent does not pose a threat to the campus community. The Title IX Coordinator/Deputy Title IX Coordinator will interview all involved parties as well as any witnesses to the incident. Both the Complainant and the Respondent will be informed of the options, resources, and interim measures available to them. The Title IX Coordinator/Deputy Title IX Coordinator will notify the Complainant and the Respondent of the outcome of the assessment, in writing, within five (5) business days of the completion of the assessment. If the assessment conducted by the Title IX Coordinator/Deputy Title IX Coordinator establishes that the Respondent poses a threat to the campus community, the University may choose to move forward under the Student Code of Conduct without the cooperation of the Complainant. The Title IX Coordinator/Deputy Title IX Coordinator cannot provide confidentiality to any parties involved in an allegation of sexual misconduct. Privacy will be provided to all parties involved to the extent that any information obtained will only be shared with people necessary to conduct the assessment. If the Title IX Coordinator/Deputy Title IX Coordinator
receives an anonymous report of an alleged violation of this policy, an assessment will be conducted within the best of their ability given the information provided.

IX. INFORMAL RESOLUTION PROCEDURES FOR SEXUAL MISCONDUCT COMPLAINTS

The University will not use mediation or any other informal procedure to resolve cases involving allegations of sexual assault or other nonconsensual sexual contact.

In certain instances of sexual misconduct, the parties may voluntarily agree to follow an informal resolution procedure instead of the formal resolution procedure. The Title IX Coordinator or designee will determine whether a matter is appropriate for an informal resolution process and whether any proposed resolution as a result of an informal resolution process is appropriate. If a matter is deemed to be appropriate for an informal resolution process, the Title IX Coordinator or designee may arrange for or facilitate mediation between the parties or coordinate other voluntary informal resolution.

Informal resolution procedures are optional and may be terminated at any time by any of the parties involved or the University and the matter may be referred to the formal hearing procedure. Any agreements that are made during the informal resolution procedure must be documented, signed by the involved parties and the Title IX Coordinator or designee. In the event that no agreement is reached, the matter may be referred to the formal hearing procedure for further action.

All parties may have an advisor of choice at all meetings during the informal resolution process.

X. PROCEDURES FOR ON-CAMPUS DISCIPLINARY ACTION UNDER THE STUDENT CODE OF CONDUCT

1. Timeframes

A Complainant (student, employee, or 3rd party) who is a victim of prohibited conduct by a student may file charges against any student of the University for that Prohibited Conduct. Persons wishing to file charges based on the Student Code of Conduct must do so through the Office of Student Life. The Assistant Vice President for Student Life or another judicial officer will conduct an investigation into the matter to ascertain the particular facts of the case. The investigation is a prompt, fair, impartial process that provides an equal opportunity for the parties to provide information and identify relevant witnesses. In sexual misconduct cases mediation is not an option.

The University will seek to resolve every report under this policy within sixty (60) calendar days of an initial report, not counting any appeal. The University recognizes that each case has its own unique circumstances and timeframes for each stage of the process may vary depending on the details of a case. The University may extend any timeframe for good cause, with a written explanation to the Complainant and Respondent.

The University’s process for responding to, investigating, and adjudicating reports under this policy will continue during any law enforcement proceeding or civil proceeding. The University generally will not wait for the conclusion of any related criminal proceeding. However, brief delays may occur to allow law enforcement to gather initial evidence.

2. Interim and Final Remedial Measures

In all cases the University will take appropriate steps designed to mitigate the effects of the alleged prohibited conduct, prevent its reoccurrence, and make accommodations for the complainant(s) and respondent(s). These measures will be applied in a manner equitable to all parties involved. Such measures may include but are not limited to offering:

- Academic accommodations (e.g. changing a student’s academic schedule, allowing a student to withdraw from or retake a class without penalty, or providing access to tutoring or other academic support).
- Residential accommodations (e.g. changing a student’s campus residence).
- Work accommodations (e.g. adjusting a student’s work schedule for University employment).
- Issuance of a “no contact” letter through the Office of Student Life. The duration of these letters may vary depending on the particular situation in which they are issued and may be permanent.
- Training and educational materials for the campus community.
- Protective measures (e.g. interim suspension of the Respondent).

Any decisions regarding interim measure shall be made by the Office of Student Life in consultation with relevant University administrators. Such action may be taken in the immediate aftermath of an incident and/or while an investigation or a disciplinary action is pending. It is not necessary to file a complaint under this Policy, participate in the adjudication process, or file a criminal complaint in order to request services or accommodations from the University. Students may request accommodations even in cases where the victim has requested that no investigation be undertaken.

Students are provided written notice of these options in the Student Handbook, the University Sexual Misconduct Policy, as well as this guide which is distributed to the campus community twice annually.
The Title IX Coordinator/Deputy Title IX Coordinator will seek to minimize unreasonable burdens on either party; however, reasonable efforts will be made to allow the parties to continue their academic, University housing, and/or University employment arrangements. While the University cannot provide confidentiality with respect to interim measure and accommodations, the University will only provide this information to those individuals who need to know in order to make them effective.

XI. HEARING, DETERMINATION, AND OUTCOME

The Office of Student Life will provide simultaneous written notice of the charges, date and time of the hearing, and the name of the hearing panel members to the Complainant and the Respondent no less than five (5) business days prior to the hearing. The hearing panel will be comprised of one member of the administration, one faculty member from the University Disciplinary Committee, and one student designated by the Student Government Association. The Vice President for Student Life and Leadership Engagement or his/her designee reserves the right to substitute a member of the administration for the student member for interim suspension hearings and during semester breaks and holidays when students are not generally present on the campus. Both the Respondent and the Complainant have the right to object beforehand to the panel members. The Respondent may NOT waive his/her right to a hearing. The “preponderance of the evidence” standard will be used to make determinations in hearings. This means determining whether “is it more likely than not” that a violation of the Student Code of Conduct occurred.

The Respondent and the Complainant have the right to review any information provided to the University that will be used during the disciplinary proceedings. Both the Respondent and the Complainant have the right to submit written statements as to their account of the matter. Upon request accommodations may be made to limit face-to-face contact between the respondent and the complainant during disciplinary hearings. In addition, both parties to the matter are entitled to have one advisor of choice. However, a person who will be a witness in the hearing may not also serve as an advisor. Each party is responsible for presenting his/her own information and therefore, advisors are not permitted to speak or participate directly in any meeting or hearing but are only allowed to provide support and/or guidance directly to their respective party. The parties should select an advisor who has a schedule which will allow attendance at the scheduled dates and times for meetings and hearings. Delays will not normally be permitted due to the scheduling conflicts of an advisor.

The Title IX Coordinator and judicial officer must be notified by the parties at least two (2) business days prior to any scheduled meeting or hearing if they plan to have an advisor present for the meeting or hearing and if so, the identity of the advisor. The Title IX Coordinator, his/her designee and the judicial officer reserve the right to remove an advisor from any meeting or hearing for violation of this policy.

1. Request for Accommodations

All students with disabilities who are involved in the student conduct process including complainants, respondents, supporters, and witnesses may seek accommodations for any stage of the student conduct process, including hearings, conduct meetings, investigations, and any pre-hearing meetings. Any student requesting an accommodation must do so far enough in advance to allow the request to be reviewed and an appropriate accommodation identified and implemented. Accordingly, each student seeking an accommodation is strongly encouraged to do so as early as possible in the student conduct process. To request an accommodation please refer to the policy on the following page: monmouth.edu/disability-services/current-students

2. Statement of Witnesses

Any persons having specific knowledge of the matter may be called as witnesses. Every effort will be made to obtain names and written statements of witnesses and documentary evidence for both the complainant(s) and the respondent(s). If available these documents must be submitted to the Office of Student Life at least five (5) business days prior to the hearing. The hearing panel may preclude the testimony of any witness who does not submit a statement in conformance with this requirement if, in the opinion of the hearing panel, allowing such testimony would substantially impair either the complainant’s or the respondent’s ability to effectively present their case. In making this determination the hearing panel shall consider such factors as the reasons why a statement was not on file, the nature of the testimony summarized in the proposed witness’s statement prior to the hearing, and other appropriate factors.

3. Control of the Hearing Proceedings

The presiding hearing officer shall exercise control over the manner in which the hearing is conducted to avoid unnecessary lengthy hearings and to prevent harassment or intimidation of witnesses. Anyone who disrupts a hearing or who fails to adhere to hearing guidelines may be excluded from the proceedings and is subject to disciplinary action.

4. Burden of Proof

A preponderance of the evidence standard shall be applied. Therefore it must be established that it is more likely true than not true that the alleged violation took place. It should be noted that the resolution is not dependent upon the number of witnesses who testify on either side, but rather on the credibility and weight which is attributed to such testimony.
5. Privacy of Hearings
The hearing shall be conducted in private. People not directly involved in the hearing are excluded from the proceedings.

6. Questions during Hearings
The hearing panel may address questions to any party during the proceedings or to any witness called by the parties or by the hearing panel. Complainants and Respondents may address their questions of witnesses through the hearing panel, which shall have the discretion to decide whether the question will be posed to the witness.

7. Evidence for Consideration
Pertinent records, exhibits, and written statements may be received as evidence for consideration by the hearing panel at the discretion of the chairperson. If available these documents must be submitted to the Office of Student Life at least five (5) business days prior to the hearing. Both the Respondent and the Complainant will receive copies of such and will be given a similar, timely opportunity to review the documents.

8. Appearance of Witnesses
The hearing panel may require the presence of witnesses by sending them a letter via hand-delivery or certified mail, return receipt requested or via email with a read/received receipt. University students and employees are expected to comply with such requests unless a verified hardship would result.

9. Failure to Appear at Hearings
The failure of individuals charged with misconduct to appear at a hearing after proper notice will not prevent the hearing from taking place or invalidate the outcome.

10. Recording of Hearings
A recording of the hearing shall be made. The recording will be under the control of the Vice President for Student Life and Leadership Engagement. A request to review the recording must be made in writing and the recording must be reviewed in the Office of Student Life.

11. Determination of the Hearing
Within five (5) business days after the hearing deliberations are completed, the hearing panel shall determine (by majority vote) whether the Respondent has violated the Student Code of Conduct. The Chairperson on behalf of the hearing panel, shall prepare a written report to the Vice President of Student Life and Leadership Engagement or his/her designee consisting of: a statement of charges, evidence presented to the panel, the decision of the hearing panel and the sanctions imposed.

12. Notification of the Hearing Board Decision
The Vice President or his/her designee will notify both the Complainant and the Respondent simultaneously in writing of the hearing panel’s decision within five (5) business days of the receipt of the decision. The President of the University will also be notified of the decision.

XII. APPEALS PROCESS
An appeal shall be limited to the review of the verbatim record of the initial hearing and supporting documents unless a further hearing is required to receive and evaluate new evidence. An appeal may be initiated for one or more of the following purposes:

1. The hearing process as described in the code was materially violated in such a manner that the outcome could have been affected.

2. A violation of individual/organization rights as outlined in this document.

3. Submission of new evidence sufficient enough to alter a decision, or other relevant facts not brought out in the original hearing because such facts were not known to the person appealing at the time of the original hearing.

4. To determine if the sanctions imposed were appropriate for the violation(s) of the Student Code which the student was found to have committed.

A decision reached by a hearing panel or a sanction imposed may be appealed by either party. The appeal must be submitted in writing to the Vice President of Student Life and Leadership Engagement or his/her designee within five (5) business days of the finding by the hearing panel.

1. The appeal and any supporting documentation shall be sent to the opposing party for review. The opposing party shall be given five (5) business days to submit a reply.

2. The Vice President or his/her designee shall review the matter and render a decision on the appeal within twenty (20) business days from receipt of the written appeal.

3. Within five (5) business days of the receipt of the decision by the Vice President for Student Life and Leadership Engagement or his/her designee, an appeal can be made to the President. The appeal and any supporting documentation shall be sent to the opposing party for review. The opposing party shall be given five (5) business days to submit a reply.

4. The President or his/her designee shall make a final decision on the case within twenty (20) business days from the receipt of the appeal. The President or his/her designee shall make a final decision on the case.
Following the President’s or his/her designee’s decision the matter shall be concluded with no further recourse.

All deadlines and timeline requirements set forth in this section may be extended for good cause. Both the respondent and the complainants will be notified in writing of any delay and provided the date of the new deadline.

XIII. SANCTIONS FOR SEXUAL MISCONDUCT

In accordance with the Student Code of Conduct, the following sanctions may be imposed by a hearing board or officer on a student found to have violated the sexual offense section in the code.

a. Fine—a monetary fine may be imposed as part of a student’s sanction. Fines are payable within a prescribed period of time to the Office of Student Life.

b. Disciplinary Probation—May include, but not be limited to, the possible exclusion or restricted participation in privileges or extracurricular University activities for a specified period of time including the possibility of more severe sanctions in the event of further violation of University regulations during the period of probation.

c. Education/Service Work—a requirement to participate in an educational program or to perform a number of service work hours. Included in this sanction may be a requirement to participate in a psychological consultation/assessment and/or counseling.

d. Residence Hall Probation—a defined period of time whereby a student living in residence is given an opportunity to modify his/her behavior without further violations.

e. Residence Hall Suspension—separation from the residence halls for a defined period of time.

Campus Sexual Assault Victim’s Bill Of Rights

I. INTRODUCTION

A college or university in a free society must be devoted to the pursuit of truth and knowledge through reason and open communication among its members. Academic communities acknowledge the necessity of being intellectually stimulating where the diversity of ideas is valued. Its rules must be conceived for the purpose of furthering and protecting the rights of all members of the university community in achieving these ends. The boundaries of personal freedom are limited by applicable state and federal laws and institutional rules and regulations governing interpersonal behavior. In creating a community free from violence, sexual assault, and non-consensual sexual contact, respect for the individual and human dignity are of paramount importance. The state of New Jersey recognizes that the impact of violence on its victims and the surrounding community can be severe and long lasting. Thus, it has established this Bill of Rights to articulate requirements for policies, procedures, and services designed to insure that the needs of victims are met and that the colleges and universities in New Jersey create and maintain communities that support human dignity.

II. BILL OF RIGHTS

The following rights shall be accorded to victims of sexual assault that occur:

- On the campus of any public or independent institution of higher education in the state of New Jersey; and
- Where the victim or alleged perpetrator is a student at that institution; and/or
- When the victim is a student involved in an off-campus sexual assault.

“Campus authorities” as used in this act shall mean any individuals or organizations specified in an institution’s statement of campus security policy as the individuals or organizations to whom students and employees should report criminal offenses.

- To have any allegations of sexual assault treated seriously; the right to be treated with dignity.
- To be free from any suggestion that victims are responsible for the commission of crimes against them.
- To be free from any suggestion that victims were contributorily negligent or assumed the risk of being assaulted.
- To be free from any pressure from campus personnel to:
  - Report crimes if the victim does not wish to do so.
  - Report crimes as lesser offenses than the victim perceives the crime to be.
  - Refrain from reporting crimes.
  - Refrain from reporting crimes to avoid unwanted personal publicity.

B. RIGHTS TO RESOURCES ON/OFF-CAMPUS

- To be notified of existing campus- and community-based medical, counseling, mental health, and student services for victims of sexual assault whether or not the crime is formally reported to campus or civil authorities.
- To have access to campus counseling under the same terms and conditions as apply to other students in their institution seeking such counseling.
- To be informed of and assisted in exercising:
  - Any rights to confidential or anonymous testing for sexually transmitted diseases, human immunodeficiency virus, and/or pregnancy.
  - Any rights that may be provided by law to compel and disclose the results of testing of sexual assault suspects for communicable diseases.

C. CAMPUS JUDICIAL RIGHTS

- To be afforded the same access to legal assistance as the accused.
- To be afforded the same opportunity to have others present during any campus disciplinary proceeding that is allowed the accused.
- To be notified of the outcome of the sexual assault disciplinary proceeding against the accused.

D. LEGAL RIGHTS

- To have any allegation of sexual assault investigated and adjudicated by the appropriate criminal and civil authorities of the jurisdiction in which the sexual assault occurred
- To receive full and prompt cooperation and assistance of campus personnel in notifying the proper authorities.
- To receive full, prompt, and victim-sensitive cooperation of campus personnel with regard to obtaining, securing, and maintaining evidence, including a medical examination when it is necessary to preserve evidence of the assault.
E. CAMPUS INTERVENTION RIGHTS

- To require campus personnel to take reasonable and necessary actions to prevent further unwanted contact of victims by their alleged assailants.
- To be notified of the options for and available assistance in changing academic and living situations after an alleged sexual assault incident if so requested by the victim and if such changes are reasonably available.

F. STATUTORY MANDATES

- Each campus must guarantee that this Bill of Rights is implemented. It is the obligation of the individual campus governing board to examine resources dedicated to services required and to make appropriate requests to increase or reallocate resources where necessary to ensure implementation.
- Each campus shall make every reasonable effort to ensure that every student at that institution receives a copy of this document.
- Nothing in this act or in any “Campus Assault Victim’s Bill of Rights” developed in accordance with the provisions of this act, shall be construed to preclude or in any way restrict any public or independent institution of higher education in the state from reporting any suspected crime or offense to the appropriate law enforcement authorities.

EDUCATIONAL AND AWARENESS PROGRAMS FOR PREVENTION OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, STALKING, INTERPERSONAL VIOLENCE, AND SEXUAL MISCONDUCT

Monmouth University sponsors programs throughout the year to promote awareness of sexual assault, acquaintance rape, domestic violence, dating violence, stalking, interpersonal violence, and other forms of sexual misconduct. Specific programs are presented during the New Student Orientation program and twice a year as part of the Greek education program. Additional programs are conducted throughout the year by the Office of Counseling and Psychological Services, Office of Residential Life, and the Office of Student Life. The Office of the General Counsel, the Office of Equity and Diversity, and Student Life also conduct educational sessions and awareness for both students and employees throughout the year.

The agency regularly participates in campus programs on sexual assault, partners with the University, and presents programs for students. The University is also a member of the Campus Consortium of the New Jersey Coalition Against Sexual Assault. Visa and Immigration Resources

**Immigration & Visa Information for Victims of Sexual & Interpersonal Violence**

In March 2013, Congress passed, and the President signed, a bill to reauthorize the Violence Against Women Act (VAWA). It requires institutions to provide written notices to students and employees (and to student and employee victims) about “existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community”.

Institutions are encouraged to notify victims about U and T nonimmigrant statuses, which are available to certain non-immigrant crime victims. Other relevant information would be how withdrawing from courses—a common interim measure or accommodation—may affect status, or whether reporting to police may reveal that someone is out of status.

International students and scholars with questions about their immigration and visa status are advised to seek the assistance of an immigration attorney. This document is a resource to explain certain aspects of the law but is not a replacement for legal advice.

**I’ve been a victim of assault; does my immigration status affect my ability to access on-campus resources?**

**No.** Under the law, students, and staff who are victims or survivors of sexual and interpersonal violence receive the same rights under Title IX of the 1972 Education Amendments (Title IX) and the Violence Against Women Act (VAWA), regardless of immigration and visa status. Information about on-campus medical and counseling resources, as well as available accommodations, may be found at: monmouth.edu/student-life/handbook and monmouth.edu/sexual-misconduct/

Information about the student conduct process may be found at: monmouth.edu/student-life/handbook. The University will not retaliate against you or treat you differently on the basis of reporting a crime.

**Can I press criminal charges as a documented or undocumented immigrant?**

**Yes.** Information about New Jersey’s criminal definitions of sexual assault, domestic violence, dating violence, and stalking may be found in this Annual Security Report which can also be located at the following link monmouth.edu/university/campus-safety.aspx. Specific questions about filing charges may be addressed to:

Monmouth University Police Department
Chief McElrath
732-571-4444
Are there specific visa and immigration statuses for victims of crimes?

Yes. For victims of sexual assault, domestic violence, dating violence, and stalking, there may be other visa options, including U and T Visas. For specifics, talk to an immigration attorney.

**U visa:**
- For victims of substantial physical or mental abuse as the result of certain criminal activity, including sexual abuse, domestic violence, rape, assault, or other related crimes
- Victim/applicant must be a victim of qualifying criminal activity and likely to be helpful to the investigation and/or prosecution of that criminal activity
- Generally valid for four years
- For more information, consult an immigration attorney, and see: uscis.gov/humanitarian/victims-human-trafficking-other-crimes/victims-criminal-activity-u-nonimmigrant-status/
victims-criminal-activity-u-nonimmigrant-status

**T visa**
- For victims of human trafficking
- Must comply with reasonable requests from law enforcement for cooperation in investigation or prosecution of trafficking act(s) (unless unable to cooperate because of physical or psychological trauma), and must be able to demonstrate that the victim/applicant would suffer extreme hardship if removed from the United States
- Generally valid for four years
- For more information, consult an immigration attorney, and see: uscis.gov/humanitarian/victims-human-trafficking-other-crimes/victims-human-trafficking-t-nonimmigrant-status

Is there an office on campus that can provide me additional information?

Yes. International Students and Faculty Services can provide useful information regarding immigration status. Note that for questions regarding changes to other visa statuses, or legal options that fall outside of standard F-1 and J-1 student visas, or employer-sponsored work visas, consult a qualified immigration attorney.
Visa Options: H-1B, O-1, E-3, or TN employees

What are immigration lawyers and what do they do?
Immigration lawyers are licensed attorneys who specialize in the field of immigration law. They function as the client’s advocate, and can represent clients before immigration agencies, both in immigration court as well as in filing applications for immigration benefits. The lawyer can give general advice and can discuss immigration options. Like all lawyers, immigration lawyers are bound by professional ethical and legal requirements, and keep client discussions confidential.

Alcoholic Beverages Policy

The Division of Student Life at Monmouth University is committed to the educational and social growth of students within the University’s community. On campus, students and their guests interact through a variety of programs and activities. The purpose of these events is to promote a healthy social experience on campus. The misuse and abuse of alcohol in whatever form is inconsistent with this purpose. The University encourages and supports students who abstain from the use of alcoholic beverages. It acknowledges that we live in a social environment which establishes by law a minimum age for the use of alcohol (21). Monmouth University does permit the consumption of alcohol on campus provided the guidelines established by the University, and departments within, are followed.

This policy has been established to regulate the use of alcohol on Monmouth University property or in University-owned or -sponsored housing and to promote the responsible conduct of Monmouth University students and others with regard to such use.

In addition, Monmouth University students are expected to follow the laws of the state of New Jersey off campus as well involving the use of alcoholic beverages. Students violating local and state alcoholic regulations off campus will be disciplined under the Student Code of Conduct. We recognize the need for order and regulation in this process and will not tolerate disruptive behavior or conduct that infringes upon the rights of those who wish to pursue their academic interests as responsible members of this community. The specific ramifications of violating this policy are outlined and specifically noted in the University’s Student Code of Conduct.

A. The use of alcoholic beverages on campus is regulated primarily by the laws of the State of New Jersey as follows:

1. No one under 21 years of age may purchase, possess, or consume alcoholic beverages.

2. Transportation of open alcoholic beverage containers in any kind of vehicle, including University vehicles, on or off campus is a violation of state law. The transportation of alcoholic beverages by persons under 21 on campus is strictly prohibited. No person, regardless of age, may consume alcoholic beverages in public areas of the campus unless specifically approved by the Vice President for Student Life and Leadership Engagement or his/her designee.

3. The Attorney General has defined public areas as including Residence Hall entrances and lobbies, lounges, hallways and stairwells, or common grounds of a college or university to which the general public by specific or implied invitation has access, and in which an individual could have no reasonable expectation of privacy.
4. The sale or distribution of alcoholic beverages to persons under the legal drinking age is a serious criminal offense. Individuals can be held liable to both criminal and civil action (i.e., law suits for damages and negligence) for the injury or death of any person resulting, either directly or indirectly, from the distribution of alcoholic beverages by them to a person under the legal drinking age.

5. Any University official who knowingly distributes alcohol to an underage person will be charged criminally and will be disciplined.

6. All employees are expected to exercise good judgment when consuming alcohol on campus and are expected to behave appropriately and within the confines of the law.

B. DEFINITION OF ALCOHOL:

1. This policy has been designed to ensure a uniform application and understanding. The definition of “alcoholic beverage” is to be interpreted in the broadest sense. Therefore, alcohol and alcoholic beverages are defined as any beverage which has an alcoholic content. This would include, but not be limited to, all forms of alcoholic beverages, beer, wine, wine coolers, and distilled spirits.

C. JURISDICTION AND VIOLATIONS:

1. The All University Social Event Alcohol Policy shall apply to every function and event, excluding those held at private residences owned by the University, including but not limited to receptions, banquets, dinners, tailgating, picnics, or any outdoor event, social event, and campus-wide activity sponsored by organizations or individuals associated with Monmouth University. All events must be registered and regulated as outlined below.

2. This policy shall be in effect during all periods of the year, including the summer.

3. Student violations of this policy will be reviewed under the jurisdiction of the Student Code of Conduct and appropriate sanctions applied. Applicable sanctions are outlined within the Code of Conduct. Violations by other constituencies or groups within the University may include criminal prosecution, disciplinary action up to and including discharge, and the loss of future approval for alcohol related events for a prescribed period of time.

D. RESTRICTIONS ON QUANTITY:

1. Kegs, beer balls, and similar products are prohibited on University property. Kegs and beer balls, as well as taps, will be subject to confiscation by University officials should they be discovered. Kegs, beer balls, and taps will not be returned to the person(s) from whom they were confiscated. This applies to full as well as empty containers.

E. REGISTRATION AND REGULATIONS OF EVENTS – POLICY IMPLEMENTATION

1. Any event at which there will be alcoholic beverages must be authorized by the Vice President for Student Life and Leadership Engagement or his/her designee.

An Application for Social Affair Permit must be submitted for approval to the Vice President for Student Life and Leadership Engagement or his/her designee four (4) weeks in advance of the event to allow time to obtain approvals from the West Long Branch Chief of Police and the West Long Branch Clerk and submission to the State of New Jersey if there is a cost associated with the alcohol either based on an admission fee or a cash bar. A Monmouth University Alcohol Contract must be submitted for approval to the Vice President for Student Life and Leadership Engagement or his/her designee two (2) weeks prior to the event if alcohol is being served without charging a fee. If University funds are being used for the purchase of alcohol, an Alcohol Approval Form must first be submitted to the area vice president or school dean for approval and signature two weeks in advance of the event. School deans must get approval from the Vice President for Academic Affairs and Provost if utilizing funds for alcohol for an event utilizing funds out of the Dean’s budget. All individuals at an authorized event must be of the legal drinking age (21) to possess, consume, or transport alcoholic beverages.

2. All wine and cheese parties, theatre receptions, pre- and post-game activities, and all other events where the consumption of alcohol has been authorized must comply with all hosting responsibilities outlined in this policy.

3. Events involving alcohol will be permitted within University housing on the north side of campus, within the Quad, or other open areas on the north side of campus only with the approval of the Vice President for Student Life and Leadership Engagement or his/her designee.

4. Unauthorized consumption, possession, selling or serving of alcoholic beverages is prohibited.

5. Any person who is authorized to host an event with alcohol must follow all guidelines established by this policy and adhere to the section entitled, “Hosting Responsibilities for an Event.”

6. The Vice President for Student Life and Leadership Engagement may suspend the privilege of serving alcoholic beverages on the campus by any group or organization for any time period considered appropriate when there is evidence
that the group or organization has failed to cooperate with the University in achieving the objectives of this alcohol policy.

7. Events selling alcohol under the University’s liquor license are restricted to the following spaces:
   - Wilson Hall (first floor and other portions of building)
   - Stafford Center (first and second floors)
   - Magill Commons (entire building)
   - Pollak Theatre Lobby
   - OceanFirst Bank Center (entire building)
   - Rechnitz Hall (first and second floors)
   - Kessler Stadium (second and third floors)
   - Pozycki Hall (first and second floors)
   - Monmouth University Library (first floor only)

F. HOSTING RESPONSIBILITIES FOR AN EVENT:
Any person(s) authorized to host an event is responsible for the following:

1. Make appropriate arrangements to obtain all applicable permits and complete and submit a Monmouth University Alcohol Contract. If University funds are being used to purchase the alcohol being served, an Alcohol Approval Form must be first submitted to the area vice president or school dean for approval and signature two weeks prior to the scheduled event. If the event is being sponsored by the school dean utilizing the dean’s budget, the school dean must get approval from the Vice President for Academic Affairs and Provost. A copy of the form is available on the shared drive under Public Forms. A copy of these materials must be submitted to the Vice President for Student Life and Leadership Engagement at least two (2) weeks in advance of the event. A guest list must also be provided noting the name of each guest and their affiliation to the University, i.e., staff, faculty, alumni, etc.

2. If alcoholic beverages are being served at an event, either through the cost of admission or on a cash basis, a Social Affairs Permit from the New Jersey State Division of Alcoholic Beverage Control (ABC) will be required. The process to apply for a license must be started at least four (4) weeks in advance of the event by first contacting the office of The Vice President for Student Life and Leadership Engagement for approval and further directions. The cost associated with obtaining such a license will be the responsibility of the host and due at the time of application. Once your event is approved by the Division of ABC you will be issued an event license that must be displayed at your event and a copy must be submitted to the Vice President for Student Life and Leadership Engagement or his/her designee.

3. Provide adequate safety and security as determined by the Vice President for Student Life and Leadership Engagement in consultation with the University Chief of Police and the event’s sponsor.

4. The consumption of alcoholic beverages will take place only during the timeframe authorized by the Vice President for Student Life and Leadership Engagement or his/her designee, and within the designated area. The event must stop serving alcohol at least one half hour before the time that the event is scheduled to end. Any deviation from the established timeframe or designated area will be a violation of this policy.

5. Ensuring that provisions are made to regulate portions of alcoholic beverages that will be served during an event. Intoxicated persons should not be served. In addition, “drinking games” and shots are strictly prohibited.

6. The alcohol provided for the event must be acquired from a liquor store or a retail licensee (see attached Addendum A).

7. The host or host organization is responsible for the care of the facility and must make all arrangements to have the area cleaned.

8. It is the responsibility of the host to ensure that all state and local laws with regard to the possession or consumption of alcoholic beverages are being complied with. Failure to do so will result in disciplinary action against the host of the organization or the organization itself.

9. The host or a designee is responsible for being present at the event throughout the entire period that alcohol is being served or consumed. There are no exceptions to this policy.

G. PROHIBITION OF “OPEN” EVENTS AND CONSUMPTION

1. All University events on campus that involve the consumption of alcohol are limited to the members of the University and their invited guests.

H. AMENDMENTS TO THE POLICY

All requests for amendments to this policy must be directed to the Vice President for Student Life and Leadership Engagement for consideration. Any changes to this policy will be made in accordance with policy implementation as outlined in the Administrative Policies and Procedures Handbook.

Education and Prevention

The education and prevention regarding the use and misuse of alcohol is a responsibility that is shared by the entire campus community. To
ensure an understanding of this policy and compliance, the University has established a variety of programs and mechanisms to promote responsible consumption of alcohol and provide for adequate education regarding the effects of alcoholic beverages.

To accomplish this:

1. The prevention of behavior that violates this policy and the abuse of alcoholic beverages will be coordinated by the Division of Student Life.

2. The University will provide resources and time for the prevention of, and the education concerning, conduct that violates this policy. The University will provide information to deans, Student Life personnel, directors, student organizations, and staff regarding: student rights and responsibilities concerning this policy, the availability of personal counseling regarding alcohol abuse, and the opportunities for alcohol-free sponsored events and programs.

3. The University will provide training to those students who work in a variety of “peer helping” roles on the University’s campus that encompass referrals, resources, and methods for handling conduct covered in this policy.

Health Risks

The health risks most commonly associated with the use of alcoholic beverages are described below:

Whether in the form of beer, wine, or liquor, alcohol is a mind-altering chemical, which has effects similar to barbiturates and narcotics. Alcohol acts as a depressant to the central nervous system. In small amounts, alcohol can produce mild relaxation and a feeling of well-being. In large amounts, alcohol can cause intoxication, sedation, unconsciousness, or death.

Hangovers are probably the best known sign of too much alcohol in the body. They are caused by the body’s reaction to the toxic, or poisonous, effects of alcohol. Often those effects can occur at very low levels of drinking.

Liver—95% of all alcohol is metabolized by the liver. Because clearing alcohol out of the body is a “priority,” the other functions of the liver, such as regulating blood glucose levels, are slowed down.

Stomach—Alcohol causes a surge in the flow of digestive acids, which can irritate the stomach lining. Nausea and vomiting frequently occur, while regular, heavy drinking can cause ulcers and chronic stomach problems.

Nervous System—Alcohol suppresses almost every function, causing problems such as slurred speech, uncoordination, loss of balance, and memory loss.

Heart—Alcohol makes the heart work harder and less efficiently. Long-term heavy drinking is associated with heart muscle disease, irregular heartbeats, and an increased risk of coronary artery disease.

Other Heart Problems—Heavy, prolonged, or excessive drinking can lead to malnutrition, cancer, psychological problems, miscarriages, possible birth defects, and infertility in women, as well as impotency and sterility in men.

University Resources and Programs

Monmouth University has developed a multifaceted response to meet the needs of students who may be at risk for alcohol and other drug problems. Substance awareness programs are coordinated through the Office of Substance Awareness, in collaboration with the Office of Counseling and Psychological Services, Health Services, Judicial Affairs, Athletics, Residential Life, and Student Activities.

Drug and alcohol counseling, treatment, or rehabilitation programs available to students:

• Confidential substance abuse assessments, short-term counseling, recommendations, and referrals are available from a licensed clinician.
• The Health Center staff of physicians and nurse practitioners can also assist with substance abuse concerns, especially if a health problem exists.
• Students in recovery club
• Students in recovery lounge

Visits to the Health Center are confidential. The number is 732-571-3464.

Educational Programs and Courses targeted at preventing drug and alcohol abuse:

• Monmouth provides an online alcohol education program for students.
• Substance abuse assessments are provided for violators of the alcohol/drug policy.
• Presentations for student organizations, groups, or classes on alcohol and other drug issues are regularly scheduled, as well as hosting outside national speakers.

• Alcohol Awareness Month and National Alcohol Screening Day Events are held in the spring semester.
• National Collegiate Alcohol Awareness Week and Drunk Driving Awareness Month Events are held in the fall semester.
Support services are available for students who are concerned about a family member or friend’s substance abuse or addiction.

Program Review
In compliance with Federal Law, this policy will be reviewed biennially to determine the effectiveness of the University’s Alcohol and Drug Prevention Program; implement changes to the program as required and to ensure that disciplinary sanctions are consistently enforced.

Appendix A
USCS 11145G. DRUG AND ALCOHOL ABUSE PREVENTION
Notwithstanding any other provision of law, no institution of higher education shall be eligible to receive funds or any form of financial assistance under any Federal program, including participation in any federally funded or guaranteed student loan program, unless it certifies to the Secretary that it has adopted and has implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees that, at a minimum includes:

1. The annual distribution to each student and employee of –
   a. standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities;
   b. a description of the applicable legal sanctions under local, State, or Federal law for the unlawful possession or distribution of illicit drugs and alcohol;
   c. a description of the health risks associated with the use of illicit drugs and the abuse of alcohol;
   d. a description of any drug or alcohol counseling, treatment, or rehabilitation or entry programs that are available to employees or students; and
   e. a clear statement that the institution will impose sanctions on students and employees (consistent with local, State, and Federal law), and a description of those sanctions to, and including expulsion or termination of employment and referral for prosecution for violations of the standards of conduct required by paragraph 1.a; and
2. A biennial review by the institution of its program to—
   a. determine its effectiveness and implement changes to the program if they are needed; and
   b. ensure that the sanctions required by paragraph 1.e are consistently enforced.

Sanctioning Guidelines for Violations of the Alcohol Policy
The following sanctions will be in effect for students found responsible for violating the Monmouth University alcohol policy.

The University reserves the right at any point in the range of offenses to impose sanctions deemed appropriate, in addition to or in place of sanctions listed below. Additionally, the University reserves the right at any point in the range of offenses to request students to seek a formal alcohol evaluation as deemed necessary by the Director of Counseling and Psychological Services, the Coordinator of Substance Awareness, and/or the Vice President for Student Life and Leadership Engagement or their designee. In all cases, the University reserves the right to prosecute criminally for violation of policies concerning alcohol and drugs.

Substance Abuse Policy

The use of drugs by students can create conditions that are contrary to those deemed necessary for the maintenance of an optimal academic environment. Monmouth University affirms its responsibility to secure this optimal educational atmosphere by establishing the following policy:

The use, possession, or sale of alcohol, illegal drugs, or narcotics, and/or paraphernalia by a student will subject that individual to disciplinary action and legal prosecution under federal, state, or local statutes. The decision rendered shall be determined by the circumstances of the student’s involvement. In addition, the presence of the odor of marijuana, and the possession of drug paraphernalia or any device used to ingest marijuana in any campus residence hall, building, etc., may also subject students to internal disciplinary action.

A. Drug Laws

According to the New Jersey Code of Criminal Justice pertaining to controlled substances, students should be aware of the following:

1. It is unlawful for any person, knowingly or purposely, to manufacture, distribute or dispense, possess, or have under his/her control with the intent to manufacture, distribute, or dispense, a controlled dangerous substance or controlled substance analog.

2. It is unlawful for any person, knowingly or purposely, to obtain or to possess a controlled dangerous substance unless the substance was obtained directly by a valid prescription from a practitioner (physician, dentist, etc.).

3. Anyone convicted of distributing a controlled substance to a person under age 18 will be subject to twice the term of imprisonment, fine, and penalty.

4. New Jersey law provides strict liability for drug-induced deaths. Even if the victim voluntarily takes the drug, the person who distributes or dispenses the controlled substance can be prosecuted for a homicide. Anyone convicted of any drug offense, including use, will have to pay a special penalty which starts at $500 and goes up to $32,000.
5. Anyone convicted of any drug offense will automatically lose his or her driver’s license for at least six months. It doesn’t matter if a car was used in committing the offense.

B. Health Risks
The health risks most commonly associated with the use of alcoholic beverages, drugs, and narcotics are described below:

Drugs and Narcotics
We live in a drug-oriented society. Drugs have saved lives, reduced pain, and improved the quality of our lives. However, misuse and abuse of drugs can cause critical injury or death.

Marijuana—Marijuana is a drug taken to produce a high or euphoric feeling and a state of relaxation. The short-term effects of marijuana include distortion of time perception, increased heart rate, dilation of the blood vessels, and loss of short-term memory. Visual perception and psychomotor skills are also decreased, which have adverse effects on driving ability. The effects of long-term use include loss of motivation, chronic bronchitis, decreased lung capacity, and an increased risk of lung cancer. In men, marijuana use can result in a reduced level of testosterone.

Cocaine—Cocaine is a powerful stimulant. It is most often inhaled (snorted) into the nose. It can also be smoked or injected. No matter how it is taken, the drug’s immediate effect is to create a high that is often described as orgasmic or euphoric. It creates increased alertness, suppresses appetite, and temporarily relieves depression. Studies indicate that cocaine’s effect on the body and psyche is dangerous. It is thought that some of the damage caused by cocaine is irreversible. The least harmful effects are nosebleeds and nasal erosions that result from irritation of the lining of the nose. Most dangerous are the “coke blues” which are intense downs that often occur after a high, which results in the user trying other drugs to relieve the psychological and emotional discomfort. There is a strong psychological dependency on “coke” which slowly increases as tolerance develops.

Stimulants—Caffeine is the most widely used stimulant, and can be found in coffee, tea, cola, and cold medications. Amphetamines are also stimulants. They are also referred to as “speed and uppers.” Stimulants increase awareness, keep people awake, and depress the appetite. Short-term effects include elevated blood pressure, nervousness, and hyperactivity. Long-term effects include insomnia, malnutrition, and acute psychosis.

Depressants—Depressants, also called “downers,” include Quaaludes, barbiturates, and tranquilizers. These drugs reduce anxiety, induce sleep, and promote relaxation. Used together, they can be extremely dangerous and can suppress the central nervous system enough to cause death. Downers cause slower response time, loss of rational judgment, decreased coordination, and loss of motor skills. Driving skills are seriously affected. Tolerance and physical dependence often develops.

Hallucinogens—Hallucinogens include LSD, mescaline, and PCP. They produce dream-like perceptions and/or panic reactions that produce horrifying perceptions. PCP is a hallucinogen, which is particularly dangerous and can cause a person to become violent to himself/herself and others.

Ecstasy (MDA) is a drug that became popular in the 1980s. It has been billed as “the perfect drug” by enhancing thinking, coordination, and empathy. The use of “Ecstasy” also results in irreversible brain damage. Although most hallucinogens do not result in physical or psychological dependence, tolerance to them can develop.

Narcotic Analgesics—These drugs include opium, morphine, heroin, and codeine. They relieve pain. Improper use of narcotics can result in physical dependence in a relatively short period of time. A narcotic overdose can result in death.

Steroids—Steroids are drugs that resemble the male sex hormone, testosterone. Popular since the 1950s, steroids have been used by athletes and body builders to increase muscle mass and improve athletic performance. The true effectiveness of steroids in improving strength and performance is not known; however, it is known that steroids pose certain health risks. Taken in large doses, steroids can cause psychological dependence, increased anger, aggression, depression, and will stunt growth in adolescents who have not attained their full height. Men may also experience nipple and breast growth, shrunken testicles, and baldness. Intravenous steroid users are at risk for hepatitis, liver cancer, an altered sex drive, and AIDS.

Medical Marijuana Policy

Medical marijuana, while legally permitted in New Jersey, is prohibited on the Monmouth University campus and on all Monmouth University owned or controlled property. As an institution of higher education and an employer, Monmouth University is required to comply with the Drug Free Schools and Communities Act. Since the federal government does not recognize the difference between medical and recreational use of marijuana, Monmouth University must prohibit all marijuana use, possession, or cultivation (including medical marijuana) on its campus and on all University owned or controlled property. Therefore, even a student with a valid medical marijuana prescription will not be permitted to use, possess or cultivate medical marijuana on the Monmouth University campus or on any Monmouth University owned or controlled property. Monmouth University will not pursue charges under the Student Code of Conduct for students who possess a valid medical marijuana prescription and engage in the off-campus use of medical marijuana, which is consistent with their prescription. However, in order to avoid being charged with a violation the Student Code of Conduct, students will be required to produce a valid medical marijuana prescription if they are either suspected or found to be under the influence of marijuana on the Monmouth University campus or on a University owned or controlled property. Health Services, located in Birch Hall, is a confidential resource that is available to all Monmouth University students and can assist with a variety of health related issues and concerns.

**D. Examples of Non-Campus Security Authorities at Monmouth University**

Individuals who would not meet the criteria for being campus security authorities include, but are not limited to:

1. A faculty member who does not have any responsibility for student and campus activity beyond the classroom.

2. Clerical staff.

3. Professional counselors whose official responsibilities include providing mental health counseling to members of the Monmouth University community and functioning within the scope of his/her license or certification.

4. All physicians, nurse practitioners, clinicians, coordinators in Health Services whose official responsibilities include treating, examining, and/or counseling members of the Monmouth University community and functioning within the scope of his/her license or certification, including, but not limited to:
   a. Substance Awareness Coordinators
   b. Volunteer Substance Awareness Assistants
   c. University Health Clinicians
d. Consulting Physicians

e. University Nurse Practitioners

* Individuals in Section C and D above who are not acting within the scope of their license, may be considered a campus security authority if they meet the definition. An example would be a psychological counselor who is an advisor to the student club. If an incident was reported during a club event, the individual must report as a CSA.

- Provide as much information about the criminal incident as possible to aid law enforcement and categorize the incident.
- A CSA crime report should include personally identifying information if available. This is important for law enforcement purposes and to avoid double counting of crimes/incidents. The Clery statistical disclosures base on these reports will be kept anonymous, i.e., no personally identifying information is disclosed in Monmouth University’s annual security report.
- If a victim does not want a report to go any further than the CSA, explain that you are required to submit the report for statistical purposes, but you can submit it without identifying the victim.
- If a crime is reported to you and goes no further than that, Monmouth University will not have fulfilled its obligation under the law and the campus community might not have the information they need to stay safe on campus. If the Department of Education finds that Monmouth University did not report a crime/incident in its annual security report, it can be fined and lose its federal funding, i.e., financial aid. Again: IF IN DOUBT, REPORT!
- Submit your crime/incident report in a timely manner. Forms can be accessed by the Office of the General Counsel or the MUPD. You may even report in an email to the MUPD.
- Reports shall be submitted to the MUPD.

II. PREPARATION AND DISCLOSURE OF CRIME STATISTICS

The Monmouth University Police Department is responsible for collecting and reporting the annual crime statistics from local police agencies and campus security authorities. This information is included in the Monmouth University Guide for a Safe Campus. By October 1 of each year, notification of the new Guide for a Safe Campus is emailed to current students and employees. A hard copy of the report is available upon request to the Monmouth University Police Department. The crime statistics are also submitted to the United States Department of Education on an annual basis.

The Monmouth University Police Department collects its own statistics and accepts supplemental numbers from campus security authorities in their reporting roles. The Monmouth University Police Department also annually sends a request to local law enforcement agencies that have jurisdiction over some of the University’s Clery geography. Additionally, an annual notice is sent to each individual Campus Security Authority at Monmouth University to ensure that all incidents have been reported for the previous calendar year.

Clery reporting covers the preceding calendar year, January 1 to December 31.
Crime and Fire Statistics Charted

The charted statistics on the following pages are provided in compliance with the Clery Act and are for informational purposes only. If you have questions regarding this information, please contact Chief of Police William McElrath at 732-571-4444.

The Monmouth University Police Department has an excellent working relationship with neighboring police departments and is notified of any significant criminal activity reported to local police involving Monmouth University students.

Surrounding police departments have also been requested to immediately report any serious crimes adjacent to the campus, or any imminent dangerous situation near the campus, to the University police. This information will then be forwarded to the campus community.

In order to assist the University police in complying with requirements set forth by the Jeanne Clery Act, members of the University community are encouraged to report all criminal activities to the Monmouth University Police Department at 732-571-4444 to ensure timely warnings are issued, and to ensure inclusion of those activities in the annual statistics.

Per Federal Law, Monmouth University is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Listed below are the non-emergency numbers to call to report fires that have already been extinguished in on-campus student housing. If you find evidence of such a fire or if you hear about such a fire, please contact one of the following:

- University Police Department: 732-571-4444
- Patti Swannack—Vice President for Administrative Services: 732-571-3546
- Timothy Orr—Construction Manager: 732-571-3566
- Dean Volpe—Captain of Police: 732-571-3492
- Michael Wunsch—Director of Compliance/Risk Manager: 732-263-5355
- Mary Anne Nagy—Vice President for Student Life and Leadership Engagement: 732-571-3417

When calling please provide as much information as possible about the location, date, time, and cause of the fire.

CONFIDENTIAL REPORTING

Students wanting to report criminal activities confidentially should contact the Director of Counseling and Psychological Services, the Vice President for Student Life and Leadership Engagement, or the Assistant Vice President for Student Life. Employees who wish to report criminal activities confidentially should contact the Vice President for Administrative Services.

As a matter of University policy, members of the counseling and psychological services staff are required to inform individuals they are counseling that they can confidentially report crimes as stated in the paragraph above.

Sexual Harassment Policies
And Procedures

PROCEDURES FOR REPORTING AND RESOLVING
COMPLAINTS REGARDING DISCRIMINATION/SEXUAL
HARASSMENT AGAINST FACULTY

I. INTRODUCTION

Consistent with the University’s mission as an institution of higher education and its policies against discrimination and sexual harassment, the University abides by all applicable federal, state, and local laws which prohibit discrimination, including, but not limited to, on the basis of race, religion, color, national or ethnic origin, age, sex (including sexual harassment), sexual orientation, marital status, disability, gender identity, or other legally protected classes in any educational or employment program, policy, or practice of Monmouth University (including outside contractors and visitors). In accordance with these laws and policies, the University also prohibits retaliation against anyone that has complained about discrimination or otherwise exercised rights guaranteed by these laws. Regardless of the means selected for resolving allegations of discrimination, including sexual harassment, the initiation of a complaint will not cause any reflection on the complainant nor will it affect such person’s employment, compensation, or work assignments. Every effort should be made to resolve any incident as soon as possible while the facts and potential testimony of witnesses, if any, are current.

II. PROCEDURE

The procedures described below are provided for the prompt and equitable resolution of complaints by faculty, students, and non-faculty employees who believe they have been subjected to discrimination, including sexual harassment in violation of the University’s policy against discrimination and sexual harassment. These procedures will be followed when the alleged violator is a faculty member of the University. Separate procedures address non-faculty members. Allegations of discrimination, including sexual harassment involving a student, are addressed through the Student Code of Conduct. Nothing in this procedure shall limit or prohibit the filing of a grievance or action under a collective bargaining agreement, the University’s Code of Conduct for student disciplinary actions, or with an external agency responsible for addressing issues of discrimination or sexual harassment.

A. Optional Informal Process Between the Parties

1. If a person believes that he or she has been discriminated against, the following are the optional procedures for informal resolution. If the complainant wishes, he or she may choose to file a formal complaint rather than pursue the procedures for informal resolution. (See Section II C.)

2. Those initiating an informal resolution process may inform, either orally or in writing, the individual perceived as engaging in discriminatory conduct or communication as soon as possible that such conduct or communication is offensive and must stop. If a meeting is arranged, a neutral witness may be present. The Director of the Office of Equity and Diversity may be present to provide assistance in attempting to resolve the alleged complaint.

3. If a person does not wish to or feel comfortable communicating directly with the alleged violator or if the direct communication with that individual has not resolved the problem, the person should contact one of the following for assistance or advice as soon as possible:

   a. Appropriate Chairperson, School Dean, or officer of the Faculty Association.

   b. Counselor/Advisor in Counseling and Psychological Services.

   c. The Vice President for Student Life and Leadership Engagement.

   d. His/her immediate supervisor.

   e. The Vice President for Administrative Services.

   f. The Provost.

   g. The Director of the Office of Equity and Diversity.

4. The Director of the Office of Equity and Diversity may be contacted directly at any time regarding any issue of discrimination or sexual harassment. The President’s determination shall be sent to the involved faculty member, the Provost, and the Faculty Association. A faculty member may appeal the decision of the President through the arbitration process set forth in Article VII of the Faculty Agreement. 2. Every effort should be made to protect members of the University community so that they may use the discrimination and sexual harassment grievance procedures without fear of reprisal or retaliatory action.

3. University employees and students are obligated to comply with requests to provide statements during an investigation.

VI. FALSE CHARGES

Once a complaint of sexual harassment and/or discrimination has been made, the University has an obligation to investigate the matter. Consistent with the University’s mission as an institution of higher education and its policies against discrimination and sexual harassment, the University abides by all applicable federal, state and local laws which prohibit discrimination on the basis of race, religion, color, national or ethnic origin, age, sex (including sexual harassment), sexual orientation, marital status or disability in any educational or employment program, policy, or practice of Monmouth University (including outside contractors and visitors). In accordance with these laws and policies, the University also prohibits retaliation against anyone that has complained about discrimination or otherwise exercised rights guaranteed by these laws. Regardless of the means selected for resolving allegations of discrimination, including sexual harassment, the initiation of a complaint will not cause any reflection on the complainant nor will it affect such person’s employment, compensation or work assignments or, in the case of students, grades, class selection or other matters pertaining to his or her status as a student at the University. Emergency Management
Introduction
This section is a handy reference guide to emergency management at Monmouth University. It is being distributed by the Monmouth University Crisis Management Team and the Monmouth University Police Department. It has been written in coordination with the West Long Branch Office of Emergency Management. Although it is difficult to anticipate every kind of emergency situation that could occur, these plans can act as a guide for most situations. Please take the time to familiarize yourself with these plans and leave a copy of these plans in a convenient location. If you have any questions, or need further information, contact Chief of Police William McElrath by calling 732-571-4444. Thank you for your cooperation.

MONMOUTH UNIVERSITY EMERGENCY NOTIFICATION SYSTEM

Register at: notify.monmouth.edu
In an effort to keep all members of the Monmouth University community apprised of the latest school closings and important emergency information, community members are required to visit notify.monmouth.edu and register for Monmouth University Emergency Notification System. This service allows the University to send emergency alerts to students, faculty, and staff. You can receive these alerts on your mobile and home telephones. Communication during crisis situations is an important part of the University’s response to emergency situations. It is key to the health and safety of the campus community that they be notified of important information in as timely a manner as possible. It is also important to note that our communication system may be redundant, as any one system may be compromised due to weather, malicious intent, or normal wear and tear.

Communication between police dispatch, the campus community, and first responders is a key to the successful resolution of any incident or emergency on or near the campus. We ask that you review and familiarize yourself with these systems. Please also note the important requirement to sign up for Monmouth University Emergency Notification System, since this is our primary emergency notification resource.

It is only with knowledge of the emergency communication system that you can take advantage of it in time of need.

ADDITIONAL NOTIFICATION METHODS

Classroom Notification
All classrooms are equipped with phones that can be simultaneously contacted by the University police. These phones will be utilized to give emergency information and directions/instructions during an emergency.

Monmouth University Voicemail
Enables students, faculty, and staff to receive alerts via University phone.

Monmouth University Email
Enables students, faculty, and staff to receive alerts via University email.

Monmouth University Website
Allows students, faculty, and staff to receive emergency information on the University website and social media sites.
This plan applies to:

1. Fire Emergencies;
2. Bomb Threats;
3. Chemical Spills (see Incident Report on page 85); and
4. Accidents and First Aid.

C. FIRE EMERGENCIES

1. The University Fire Evacuation Policy outlines the procedure to be followed to evacuate students and employees from a campus building in the event of an emergency.

2. The Monmouth University Police Department (MUPD) must be notified immediately of such situations at ext. 4444 (732-571-4444).

3. MUPD shall notify the local fire department of the emergency.

4. The Fire Evacuation Policy, at a minimum, shall include the elements listed at OSHA 1910.38 (a) and (b), and shall be reviewed annually and updated as necessary.

Fire Evacuation Policy

I. POLICY STATEMENT:

A. Employees are not required to fight fires and should evacuate the building they occupy immediately in the event of a fire. The University Police Department has primary responsibility for managing fire emergencies (until relieved by applicable fire department personnel) and must be notified immediately of such situations at ext. 4444 (732-571-4444). Employees may use fire extinguishers to fight small, incipient stage fires (no larger than a wastepaper basket) only if they have been trained in the proper use of a fire extinguisher and are confident in their ability to cope with the hazards of a fire. In such cases, fire-fighting efforts must be terminated when it becomes obvious that there is danger of harm from smoke, heat, or flames.

II. EMERGENCY COORDINATORS:

A. Each university department head must maintain a current copy of the Fire Evacuation Policy and Procedures and review the contents of this document with all employees in the department.

B. In addition, the Director of Compliance/Risk Manager must appoint at least two Emergency Coordinators for each building or group of buildings on campus. One of the Emergency Coordinators will serve as the primary emergency contact and the other(s) will serve as the back-up coordinator(s). All assigned emergency coordinators will be provided the same information and training.
IV. EVACUATION PROCEDURES:
A. Evacuate via the nearest stairwell or street level exit.
B. Do not use elevators.
C. Each University building has a pre-designated assembly point.
D. After you have left the building, go to the pre-designated assembly point and remain there.
   1. At the assembly point, supervisors will account for all personnel and report any that are unaccounted for to the University Police.
E. During an emergency, students and visitors who may not be familiar with this plan must be informed by faculty or department personnel of the requirement to evacuate.
F. Special attention should also be given to any person requiring assistance because of a disability, especially those who are visitors or unfamiliar with the building.
   1. People requiring evacuation assistance should proceed to the nearest stairwell and position themselves to the side of the stairwell. The presence and location of these individuals should be reported to the emergency responders or University Police (ext. 4444).
   2. Emergency personnel will attend to their evacuation.
   3. In the unlikely event that a person needing evacuation assistance must be evacuated before emergency personnel arrive, the person shall be asked to instruct as to the safest method of evacuation for him or her.
G. No one is permitted to reenter any building until the ranking police officer or commander on the scene has given the “all clear” message.

V. TRAINING:
A. Each department head is responsible for training its employees on all elements of this Emergency Action Plan and Fire Evacuation Policy.
B. New employees will be provided instruction on where to obtain this document and given the Fire Evacuation Factsheet attached to this policy during initial training by the Office of Compliance when first assigned to the department.
C. Additional training is necessary when an employee’s responsibilities under the plan change or when there are changes to the plan.
   1. Additional training is available upon request from the Office of Compliance (compliance@monmouth.edu).
VI. RESIDENCE HALLS:
A. The Associate Vice President for Student Life is responsible for establishing evacuation procedures for University students residing in residence halls, campus apartments and University sponsored housing.

B. These procedures shall be in writing and made available to Conference Services and Special Events, Athletics, and all other departments that utilize the residence halls, athletics, and/or campus apartments to house students, employees, or visitors. See “PROCEDURES FOR RESIDENTIAL LIFE STAFF TO ASSIST IN EVACUATION OF RESIDENCE HALLS”.

VII. CONFERENCE AND EVENT SERVICES:
A. The Senior Director of Conference Services and Special Events, or their designee is responsible for notifying groups who have contracted through them for space of the evacuation procedures for all areas they will be occupying.

B. These groups must be notified of the evacuation procedures for the areas they will be occupying prior to the start of their event.

VIII. FIRE DRILLS:
A. The New Jersey Uniform Fire Code, as well as other State and local regulations and ordinances, require that the University conduct inspections and fire drills of campus buildings.

B. These inspections and drills must conform to the regulatory requirements and must be properly documented.

C. When discrepancies and/or violations occur, they must be identified and corrected.

D. Violations include, but are not limited to:
   1. Failure of building occupants to exit a building;
   2. Disregard of fire alarms; and
   3. Disregard of a legitimate directive of police officers and other emergency personnel.

IX. FIRE PREVENTION:
A. The University prohibits, without prior approval, the use of open flames (i.e., candles, incense, hot plates, bonfires, etc.) of any type, anywhere on campus, including sporting events.

B. Exceptions to this Policy can be found listed in the section “LIST OF EXCEPTIONS REGARDING OPEN FLAMES”.

C. The procedure for obtaining approval requires the group to submit, in writing, a memorandum including the details of the event to the Dean, University Chief of Police, Area Vice President, and department head.

X. POSTINGS:
A. The Monmouth University Fire Evacuation Information Plaque shall be displayed in each department area within the building.

XI. DISTRIBUTION:
This Fire Evacuation Policy and the Fire Evacuation Factsheet shall be distributed annually to all employees.

PROCEDURES FOR RESIDENTIAL LIFE STAFF TO ASSIST IN EVACUATION OF RESIDENCE HALLS
A. In an effort to ensure safety and promote fire safety awareness in the residence halls, the following guidelines for staff have been developed to assist with evacuating the residence halls in the event of a fire alarm activation and/or actual fire.

   1. When an alarm is activated, contact the University Police Department at ext. 4444.

   2. The Residential Life Staff should immediately proceed to exit the building via the nearest exit on their floor.
      a. If possible and safety permits, the staff within the buildings, along with the staff on duty, should knock on the doors of the residents on their floor and direct the residents to exit the building.

   3. Never use the elevator. Close the door as you leave the area/room.

   4. The Head RA/RA should proceed to the front of the building and wait for the University police to arrive.
      a. If it has been determined by the University police that there is no imminent danger, the staff can assist the police with monitoring the residents as they exit the building.

   5. While outside, the University police and the Residential Life Staff shall instruct all residents to remain at least 100 feet from the building.

   6. While assembled outside of the building, every effort should be made to determine if all residents have safely exited the building.
      a. This should be coordinated by the Resident Life Assistant on duty, the Head Residential Life Assistant of the building, and the Area Coordinator of the building, if possible.

   7. In the event of inclement weather, University police and Residential Life Staff shall make arrangements for those needing shelter to be moved as quickly as possible to other areas of shelter.

   8. Once the fire alarm has been cleared by the fire department
or the University police and the system has been reset, the officers shall notify the Residential Life Staff and residents to re-enter the building.

a. Anyone found remaining in the building, or reentering the building prior to the building being cleared by the fire department, are subject to University disciplinary charges as well as criminal charges.

**Fire Evacuation Policy Factsheet**

**IF YOU DISCOVER A FIRE OR SMOKE CONDITION:**

- Activate the nearest fire alarm.
- Notify anyone nearby of the emergency and tell them to evacuate.
- Follow instructions of Building, Emergency Coordinator or Residential Life staff.
- Turn off electrical, gas, and hazardous equipment, if you can do so safely.
- Close the doors on your way out, if you can do so safely.
- Evacuate using the nearest exit. Follow the EXIT signs.
- Do not use elevators!
- Go to the Assembly Point. Do not reenter the building until the "all clear" message is given.
- If you activated the alarm or have important information about the fire:
  - Call MUPD at ext. 4444 (732-571-4444) or 911 from safe location
    - Tell them your name
    - Information about the fire
    - Any persons that require evacuation assistance
    - Where you can be reached for more information (i.e., location and phone #)

**FIRE EXTINGUISHERS**

**Remember ...**

- You are not required to fight a fire.
- Always activate the Fire Alarm before you use the Fire Extinguisher!
- Evacuate immediately if there is any danger from smoke, heat or flames.
- Use fire extinguishers to fight SMALL, non-spreading fires only and, ONLY if you’ve been trained. (Small fire = a fire no larger than a wastepaper basket!)
The following procedures should be followed in the event you receive a phone call, a verbal or physical threat, or suspicious mail or package.

II. RECEIVING AND REPORTING A THREAT
A. Remain calm; call MUPD at ext. 4444 and notify your department head.
B. The MUPD Shift Commander or his/her designee will immediately notify the Major Crimes Unit of the Monmouth County Prosecutors Office.
C. If possible, obtain the following information by using the Bomb Threat Checklist:
   1. If your phone has a caller ID display, copy the numbers and/or letters. Do not hang up the phone. If possible, have another person listen in on the conversation. Immediately have someone contact MUPD from another phone. Give the name, phone number, and room number where the bomb threat was received so the person who received the call can be reached if needed.
   2. Listen—Be calm and courteous. Do not interrupt the caller. Obtain as much information as you can. Take notes on exact phrases or statements. Note the time the call is received, the sex and accent of the caller, his/her attitude, and any background noises that can help identify where the caller may be located (bells, talking, traffic, etc.). Try to keep the caller on the line as long as possible.
   3. The most crucial information you can obtain from the caller is what time will the bomb explode, where it is located, and the appearance of the bomb. Also ask if they placed the bomb, where they placed it and their name.
   4. If the threat was left on a voicemail, notify MUPD immediately and do not delete or forward the message.
   5. Do not use two-way radios or cellular phones: radio signals have the potential to detonate a bomb. If at all possible, use a landline telephone.
   6. Do not evacuate the building until MUPD arrives and assesses the threat.
   7. Do not activate the fire alarm. This may cause unnecessary panic.
   8. The MUPD Shift Commander will respond and make a determination whether or not the fire alarm should be activated, if occupants should evacuate, and/or to search the building.

Bomb Threat Procedures

I. INTRODUCTION
It is the policy of Monmouth University to ensure that all employees, students, contractors, and visitors are protected from the possible risks associated with a bomb threat and/or a suspicious package. All bomb threats are taken seriously, and appropriate evacuation measures may be taken. Nearly all bomb threats are false alarms; however, all threats are taken seriously. All bomb threats (even if considered to be a hoax) must be reported to the Monmouth University Police Department (MUPD).

The purpose of this policy is to inform University personnel of the proper procedures to follow in the event of a bomb threat. All employees are required to familiarize themselves with these procedures.

Most bomb threats are received by telephone. These threats are sometimes reported by persons who want to create an atmosphere of anxiety or panic, which could possibly result in the disruption of normal activities at a specific location(s). Terrorist or politically motivated bombers usually select targets that will bring publicity and political gain. Criminally motivated bombers usually select targets for reasons related to revenge, intimidation, extortion, etc.

In the event a bomb threat is received, a command post will be established at MUPD Headquarters where authorized personnel will be stationed to direct operations.

Emergency coordinators will assist in coordinating the evacuation of their building or area. (According to the University’s Fire Evacuation Policy there should be an emergency coordinator in each building. Employees should familiarize themselves with the location of the nearest emergency exit in your building. Each department head is responsible for accounting for his/her personnel. The building’s Emergency Coordinator should identify himself or herself to the first responding police officer.

Remember P.A.S.S. (Pull, Aim, Squeeze and Sweep):
- Pull the pin
- Aim low, pointing the extinguisher nozzle at the base of the fire
- Squeeze the handle to release the extinguishing agent
- Sweep from side to side at the base of the fire until it appears to be out
- Report any used/discharged fire extinguishers to Facilities Management or MUPD.

QUESTIONS TO ASK:
1. When is the bomb going to explode? When will the device function? When will the release occur?
2. What is the material involved? How much material is involved?
3. Where is it right now?
4. What does it look like? What kind of device is it?
5. What will cause the device to function?
6. Did you place the device? Why? Are there additional devices?
7. What is your name? Where are you? What is your address?
III. SUSPICIOUS LETTER OR PACKAGE:

A. If you see a suspicious package, do not touch or move it. Evacuate the area. Do not assume it is the only package.

B. If the threat is received as a letter or in some other form of writing, upon discovery the letter or note should be immediately secured and the MUPD must be contacted at ext. 4444. The note should be handled as little as possible as it may be useful in an investigation. If the suspicious letter was not yet opened, do not open it. MUPD will collect the letter as is for further analysis.

C. Be familiar with the following Letter and Parcel Bomb Recognition Points:
   1. Foreign mail, airmail, an unexpected delivery, and/or special delivery
   2. Restrictive markings, such as “confidential” or “personal”
   3. Excessive postage
   4. Hand-written or poorly typed addresses
   5. Incorrect titles
   6. Titles but no names
   7. Misspellings of common words
   8. Oily stains or discoloration
   9. No return address
   10. Excessive weight
   11. Rigid envelope
   12. Lopsided or uneven envelope
   13. Protruding wires or tinfoil
   14. Excessive securing material, such as masking tape or string
   15. Visual distractions
   16. Strange odor
   17. Strange sounds

IV. EVACUATION PROCEDURE

Once the circumstances of the threat are assessed, a decision will be made whether or not to evacuate an area or building of the University. You should remain calm. Do as directed—do not waste time.

If you are directed to evacuate, please do the following:

A. Take outdoor clothing, keys, handbag, briefcase, etc. with you if it can be done without delay. Evacuate via the nearest accessible exit. DO NOT RUN. DO NOT USE ELEVATORS.

B. In classrooms, the faculty member is responsible for immediately evacuating students from the building and ensuring that the classroom door is closed upon exiting.

C. In science laboratories, ensure that all burners, and/or open flames are turned off and gas jets are closed before leaving the classroom and the door is closed after you exit.

D. Staff and personnel in offices should make sure that all doors are shut as they leave.

E. In residential buildings, if safety and circumstances permit, upon exiting the building the Residential Life staff (RA’s) should knock on the doors of the residents of their floor and direct the residents to immediately leave the building.

F. Each University building has a pre-designated assembly point. Staff and students should gather at the assembly point as soon as possible for further direction. Further instructions will be provided by emergency responders; evacuees should stand a minimum of three hundred feet from the building or where directed.

G. You are required to cooperate with emergency personnel.

H. Individuals with physical disabilities may remain in a building during an emergency evacuation only if they are non-ambulatory, or when elevator assistance is essential for their evacuation and such individuals are located either above or below the ground floor. Please advise the appropriate emergency personnel if you require assistance. Evacuees who have knowledge of the location(s) of individuals requiring evacuation assistance should contact or seek out the emergency responders and provide that information after they have evacuated. All other persons physically able to evacuate should evacuate.

Once the area and/or building has been evacuated, Emergency Personnel and Facilities Management Staff will be posted at all possible entrance points to prevent people from inadvertently entering a hazardous area. Once evacuated, staff must not reenter the facility. If a search is needed, this will be performed by emergency personnel, who have been trained to deal with these types of situations.

When the situation has been resolved, emergency/security personnel will direct employees and students when it is safe to reenter the building or provide further direction.

Please Note: The Office of University Marketing and Communication (732-571-5346) will handle any press inquiries. University personnel are not authorized to make any statement to the press or news media.

Campus Lockdown

I. PURPOSE
In the event that a situation occurs involving dangerous intruders or other such incidents that could result in harm to individuals or University property the Campus Lockdown protocol will be put into effect. These procedures are meant to be general guidelines for actions to help maximize the safety and well being of all participants. Specific threats may require additional action or intervention.

It is important to note that this policy references two types of buildings, card access and non-card access buildings. Card access buildings are buildings that can be electronically locked down from the Dispatch Center located in Police Headquarters. Non-card access buildings are buildings which must be manually locked down utilizing conventional lock mechanisms.
II. POLICY

In the event that an emergency situation occurs and it becomes necessary for the University to activate the lockdown procedure the following actions will be taken:

A. The University Police shift commander will have the authority to initiate a lockdown of the University or any part thereof if he/she believes that there is a significant potential of danger to people or property.

B. The Monmouth University Police Department will notify members of the Monmouth University community via the University Emergency Notification System, which serves as the primary method of emergency notification.

C. Upon completion of electronic lockdowns, the University Police Dispatcher will notify the Chief of Police or, in his absence, the next highest ranking University police officer. The Dispatcher will then notify the Vice President for Administrative Services and the Vice President for Student Services. They will coordinate notification to the President, the President’s Cabinet, and other University officials as required.

D. Additional methods of emergency notification that may be utilized are:
   - University voicemail
   - University webpage
   - University and other email
   - University radio station (WMCX)
   - Police vehicles public address systems and megaphones
   - University electronic signs
   - Social Media

The broadcast notification message will include the term “lockdown” and will briefly describe the nature of the emergency and what actions members of the University community should take.

E. The police dispatcher will lockdown all the University buildings that are on the card access system. This action will secure all card access doors and deny entry to all individuals except employees who have authorization to that building or specific room.

F. Possible actions to take in the event of a lockdown:

   If indoors when the message is heard, students and employees will remain in their present locations pending further instructions and follow these steps:
   - Close and lock doors. If a door(s) cannot be locked it should be secured by other means, i.e., block them with furniture, etc. Stay away from all windows and doors. Turn off all lights, lower your cell phone ringers and remain silent. If silence is necessary, do not use cell phones except for emergency notification to the University Police Department at 732-571-4444.
   - Move to a location in the room on the same wall as the door, but at the opposite end so you are not visible to someone looking through the door. Everyone should remain on the floor if gunshots are heard.
   - Students and employees in hallways or other open areas must proceed immediately to a classroom or office where they can lock themselves in. If a classroom or office door is locked, go to the next available room to take shelter.
   - No one should leave the secured room until an “ALL CLEAR” message has been announced on the emergency notification system.
   - If outdoors when the message is heard, students and employees should seek shelter in the nearest building, if the building(s) are secured you should immediately take cover behind the closest point of cover.

G. Residential halls are secured 24 hours a day 7 days a week. If possible, members of the Office of Residential Life will make announcements to resident students that lockdown procedures are in effect. This will be in addition to the notification methods listed above.

H. All entrances to the University shall be blocked and motorists/ pedestrians will be denied access. If necessary, the University Police Department shall utilize assistance from surrounding municipal police departments to achieve this goal.

I. Special attention should be paid to classes that are outside of a building and other outdoor areas such as the athletic fields. Instructors, coaches, counselors or those in charge of a particular outside activity, should direct those individuals under their supervision to a safe interior location.

J. Outside groups utilizing the campus will be briefed by Conference Services and Special Events personnel on all emergency management procedures.

K. When the University police are confident that the threat(s) which necessitated the activation of the lockdown procedure have been neutralized they will issue the “All Clear” signal to the University community via the University Emergency Notification System, as well as other systems.

L. Please note that some other threats may override the above suggested lockdown procedures such as a confirmed fire or intruder inside a specific building.

M. It is important to know that experts and officials advise that there is no single (or absolute) response or direction that will secure everyone’s safety. Every situation is considered unique
Active Shooter

**WHAT TO DO IN THE EVENT OF AN ACTIVE SHOOTER: RUN-HIDE-FIGHT**

Active shooter situations are always unpredictable, but there are things that should be immediately done to protect oneself. If it is possible to do so safely, exit the building immediately when you become aware of an incident, move away from the immediate path of danger, and take the following steps:

1. Notify anyone you encounter to exit the building immediately.
2. Evacuate to a safe area away from the danger and take protective cover. Stay there until assistance arrives.
3. Call the Monmouth University Police Department at 732-571-4444 or dial 911. Provide each dispatcher with the following information:
   - Your name.
   - Location of the incident (be as specific as possible).
   - Number of shooters (if known).
   - Number of weapons (if known).
   - Type of weapons (i.e., handgun, rifle) if known.
   - Identification or description of shooter(s).
   - Number of persons who may be involved.
4. Take cover. Individuals not immediately impacted by the situation should take protective cover and stay away from windows and doors until notified otherwise.
5. If you are directly involved in an incident and exiting the building is not possible, the following actions are recommended:
   - Go to the nearest room or office.
   - Close and lock or barricade the door.
   - Turn off the lights.
   - Seek protective cover.
   - Keep quiet and act as if no one is in the room.
   - Do not answer the door.
   - Notify the Monmouth University Police Department at 732-571-4444 or dial 911 if it is safe to do so. Keep cell phones on vibrate.

Provide each dispatcher with the following information:

- Your name.
- Location of the incident (be as specific as possible).
- Number of shooters (if known).
- Number of weapons (if known).
- Type of weapons (i.e., handgun, rifle) if known.
- Identification or description of shooter(s).
- Number of persons who may be involved.
- Your exact location.
- Injuries to anyone, if known.

6. As a last resort, if unable to run or hide, you must fight back using whatever objects are available.

**Wait for police to assist you out of the building.**

The Monmouth University Police Department (MUPD), along with surrounding municipal departments, are trained and equipped to respond to an emergency incident of this nature. During the initial phase of the incident, the MUPD will evaluate the situation to determine the best course of action to ensure the safety of the members of the University community. The MUPD will convey to the members of the University community information regarding the incident.

The MUPD provides an informational course for the University community in response to active shooter situations throughout the year. If interested, please contact the MUPD.
Evacuation

In the event of an emergency requiring the complete evacuation of Monmouth University, the following guidelines will be followed:

1. The decision to evacuate the University would be made by the University President or his or her designee in consultation with the chair/co-chair of the crisis management team, and in conjunction with the Borough of West Long Branch, Office of Emergency Management. In the absence of the University President, the following chain of succession will be utilized: the Vice President for Administrative Services and the Vice President for Student Life and Leadership Engagement.

2. The University community may be directed to one of the following locations:
   a. A specific, designated location, off campus. This could be a school, military base, or regional evacuation center. In the event of an evacuation, the University Police Department will advise the campus community where to evacuate to, and will make every attempt to distribute maps and/or directions prior to any evacuation beginning.
   b. Based on the type of situation presented, it may be necessary to provide general direction to a safe area.

3. In the event of an evacuation, the University population would be notified as to the appropriate action through one or more of the following means:
   - Classroom notification
   - Monmouth University Emergency Notification System voicemail
   - University email
   - University radio WMCX 88.9 (FM)
   - Police vehicle public address systems and megaphones
   - University website
   - Electronic signs
   - Area media outlets
   - University social media sites

4. Understanding that circumstances requiring a full campus evacuation are difficult to define at this time, it is hard to estimate what evacuation routes may be available and/or effective. The University, in making this plan, would make it a priority to route individuals through main thoroughfares, which should be monitored by state, county, and local emergency personnel. You might also consider alternate routes if you are familiar with the area. Once off campus, members might also be directed by outside law enforcement to a different route. At this point, you would be obligated to follow their directions.

5. Those without access to transportation are encouraged to establish a personal contact/buddy system in order to assist them in evacuating the campus. You should establish a pre-arranged location to meet.

6. It is very difficult to predict everything that might happen under such circumstances. The important thing is to remain calm and follow the directions of law enforcement, emergency personnel, and key campus personnel.

IMMEDIATE ACTION TO BE TAKEN UPON NOTICE OF AN EVACUATION

1. If time is critical, students and staff will be directed to bypass step #2 (below) and immediately begin evacuating the campus. All non-resident students should return to their vehicles and evacuate the campus upon notice of an evacuation.

2. Time and situation permitting, all resident students will report to their residential facility, and employees/staff will report to their offices. Under the supervision of Residential Administrative staff and department heads they will then:
   a. Gather personal belongings; keys, wallets, purses, medications, extra clothing as weather conditions dictate, and emergency phone numbers, as well as any personal survival kit (if in possession of one).

   Assist persons with disabilities and those with special needs.

Suggested Evacuation Routes

To points north:

From University: Take Cedar Avenue west to Monmouth Road. Continue on Monmouth Road to Route 36. Turn left onto Route 36 west and follow Route 36 west to the Garden State Parkway north.

From Pier Village and The University Bluffs: Take Ocean Avenue to Cedar Avenue west. Follow University directions above.

From Monmouth Park Corporate Center: Take Route 36 west to the Garden State Parkway north.

To points south:

From University: Take Cedar Avenue west to Monmouth Road. Continue on Monmouth Road to Route 36. Turn left onto Route 36 west and follow Route 36 west to the Garden State Parkway south.

From Pier Village and The University Bluffs: Take Ocean Avenue to Cedar Avenue west. Follow University directions above for points south.
If the Office of Emergency Management cannot supply transportation, the previously listed Human Resources and Student Services administrators should:

1. Triage those in need of transportation into geographic areas they will be traveling to.
2. Greet those volunteers offering rides and make arrangements for them to transport those without rides who are from the same geographic area.
3. Time permitting, document those members who have accepted alternate transportation, and with whom they accepted transportation.
4. The University Police Department will direct vehicles off campus to their recommended evacuation routes.
5. Members of the Monmouth University Police Department, Residential Life, and Facilities Management will conduct a search to make sure that the entire campus has been evacuated and buildings secured. Arrangements will then be made to evacuate any remaining members of the Residential Life staff, Facilities Management staff, and University Police personnel still on campus.
6. Once at the designated evacuation location, or in an area considered outside the evacuation zone, evacuated members should contact those family members on their personal emergency list.
7. After a successful evacuation, all members of the University community will be under the control of Emergency Management and/or Red Cross workers at a designated shelter or safe area. International students, and students unable to return to their homes or designated meeting places because of their proximity to the disaster, should make their status known to Emergency Management/Red Cross personnel so that arrangements can be made for shelter and food.

PIER VILLAGE AND THE UNIVERSITY BLUFFS APARTMENT RESIDENTS

The above evacuation procedures would apply to these students as well, with the following added procedures:

1. Because of the inability of students to walk to the Student Center, it is imperative for those students without transportation to arrange for a pre-arranged ride in the event of an evacuation.
2. If pre-arranged rides cannot be obtained, the student should immediately contact the University police to determine evacuation arrangements.
Emergency Shelter at Monmouth University

Taking shelter can be a critical element in protecting the campus community in times of emergency situations. Sheltering at Monmouth University will take two forms. They are Consolidation and Shelter-in-Place. Although seeking shelter would normally be for a short duration (4 to 12 hours), the University has food/water capability for sheltering the campus population for a 72-hour period.

PROCEDURES:

CONSOLIDATION PLAN

1. The decision to utilize any part of the Consolidation plan would be made by the University President or his/her designee in consultation with the Chairperson of the Crisis Management Team. In the absence of the University President, the following chain of succession will be utilized: the Vice-President for Administrative Services, the Vice-President for Student Life and Leadership Engagement.

2. In the event of consolidation, those affected would be notified as to the appropriate action through one or more of the following means:
   - University Emergency Communication System
   - University voicemail
   - University email
   - Police vehicle P.A. systems and megaphones
   - Monmouth University website
   - Electronic signs

3. In the consolidation plan, the University would house the campus population (or parts of the campus population) in any, or all, of the following three buildings:
   - The Samuel Hays Magill Commons (the Dining Hall)
   - The Rebecca Stafford Student Center
   - OceanFirst Bank Center

   It should be noted that in utilizing this plan, the Samuel Hays Magill Commons (Dining Hall) would be the first building used, followed by the Rebecca Stafford Student Center. The last facility to be utilized would be the OceanFirst Bank Center.

4. The decision to consolidate into any/all of the above buildings might be for any of the following reasons, as well as those not mentioned:
   a. an electrical blackout, or emergency situation on the North Campus, requiring a movement of that particular campus population to the above facilities. Campus Police and Residential Life personnel will notify students as to which of the above facilities they would report to.
   b. a fire/smoke/dangerous condition in a residential life facility requiring the evacuation of that facility to one of the above locations.
   c. The emergency evacuation of any campus building, requiring that those individuals evacuated, be given shelter.
   d. The need to move any outdoor campus activity (sport camp, picnic, etc.) to a secure indoor location due to an emergency situation.

5. Upon evacuation of any building, normal crisis management procedures will be in effect regarding assembly points and head counts of individuals. Furthermore, whenever possible:
   a. When the affected building is a residential life facility, police personnel and residential life staff will search the affected building(s) to ensure that everyone has been evacuated.
   b. When the affected building is a building other than a residential life facility, police personnel and facilities management personnel will search the affected buildings to ensure that everyone has been evacuated.
   c. The police department will further ensure that the building(s) involved are locked prior to leaving.

6. Once evacuation or assembly indoors has taken place, department heads, resident assistants, area coordinators, and appropriate group leaders will be advised to proceed to their designated consolidation locations. All groups should be kept separate and intact.

7. Members of the Crisis Management Team, or other designated persons, will assume responsibility for the structures where members are evacuated to, and will set up a command post inside their respective building(s). Upon consolidation being completed, they will meet with department heads, area coordinators, and group leaders, and give them pertinent instructions. If consolidation is ordered, the following individuals must report to the below listed consolidation locations. If any of the consolidation locations are not, or cannot be used, the individual(s) should report to an open consolidation location.

   - The Samuel Hays Magill Commons (Dining Hall)
     Mary Anne Nagy
     Kathy Maloney
   - The Rebecca Stafford Student Center
     Shannon Killeen
     Amy Bellina
1. Although evacuation of the campus is the University’s planned response to most serious emergency situations where advance notice is given, there are situations where evacuation might not be effective. Sheltering-In-Place is the use of any classroom, office, residential facility, or building for the purpose of providing temporary shelter for any of the following reasons:

   - Hazardous material release
   - Chemical truck overturning
   - Chemical train derailment
   - Chemical facility accident
   - Pipeline rupture
   - Terrorist attack
   - Release of biological agents
   - Release of chemical agents

2. The decision to utilize the Shelter-In-Place plan would be made by the University President or his/her designee in consultation with the Chairperson of the Crisis Management Team. In the absence of the University President, the following chain of succession will be utilized: the Vice-President for Administrative Services, the Vice-President for Student Life and Leadership Engagement.

3. In the event of the utilization of the Shelter-In-Place plan, those affected would be notified by one or more of the following means:

   - University Emergency Communication System
   - University voicemail
   - University email
   - Police vehicle P.A. systems and megaphones
   - Monmouth University website
   - Electronic signs

4. Certain emergency conditions might necessitate shutting down the HVAC and exhaust systems. If Facilities Management personnel are readily available, they will shut down the needed HVAC and exhaust systems. If Facilities Management personnel are unavailable, trained emergency personnel will shut down the HVAC and exhaust systems.

5. Many Shelter-In-Place emergencies do not permit the luxury of consultation regarding the implementation of this plan. Time permitting, the decision to Shelter-In-Place would be made by the University President and his/her designee in consultation with the Chairperson of the Crisis Management Team. Every attempt should be made by the University police to follow this procedure. If, in the opinion of the ranking, on-duty police supervisor, a dangerous situation required the immediate implementation of the Shelter-In-Place plan, he/she should begin the notification process of the campus population in the following order of priority:

   a. A University Emergency Communication System message will be sent out.

   b. Police dispatch will notify patrol units to advise the campus population by P.A. system to immediately seek shelter, and to implement the Shelter-In-Place plan.

   c. Contact with campus radio (WMCX) will be made advising them to begin broadcasting the implementation of the Shelter-In-Place plan, the reason, and the need to stay indoors until further notice.
d. Contact with Facilities Management will be made advising them to shut down the HVAC and exhaust systems on campus (if appropriate). If Facilities Management personnel are unavailable, trained emergency personnel will shut down the HVAC and exhaust systems.

e. Contact will be made with the University Vice-President for Administrative Services, Vice-President of Student Life and Leadership Engagement, and the Chief of Police.

f. The Office of Vice-President of Administrative Services will notify the campus population of the implementation of the plan, and the need to remain indoors, as well as other pertinent information. They will make this notification by Regroup as well as one or more of the following means: University email, University voicemail, and University website.

6. The response of the campus population to the decision to Shelter-In-Place should be to immediately go indoors. Once inside members should:

a. Shut all windows and doors.

b. Seal any gaps around windows and doors with wet towels, clothing, etc.

c. If possible, go to a room with no windows.

d. Monitor by radio, University email, and University voicemail the circumstances of the emergency.

e. Avoid using the building phone system except for emergency use. Emergency responders may be trying to get in touch with you. If you have a cell phone and call your family/friends, advise them that you are Sheltering-In-Place and not to attempt to pick you up. Further advise them not to come to the campus until officials announce it is safe to do so.

f. Avoid the use of water until notified it is safe.

g. In the event hazardous material contamination (chemical, biological, radiological), it is very important to separate those individuals who have been exposed. If possible, select a room in which those contaminated individuals might stay in until emergency assistance and decontamination can take place.

h. Remain in the shelter until University officials notify you that it is safe to leave.

i. It is important to remain calm and follow the recommendations of police personnel, administrators, area coordinators, and other designated leaders.

7. Different emergencies call for different responses. The following are basic courses of action to remember in specific Shelter-In-Place emergencies:

a. During a chemical release, you should seek shelter in a room above ground level (most chemicals settle to the lowest level), preferably one without windows. You should also follow step #6 which is listed above.

b. During a biological release, you should seek shelter in an internal room, preferably one without windows. You should also follow step #6 which is listed above.

c. In the event of a nuclear or radiological release, stay indoors and go to a basement or other underground area if available. You should also follow step #6 which is listed above.

d. During a tornado, you should go to an underground room if one is available. If possible you should take refuge in a small interior room, closet or hallway. In a multiple story building, go to the lowest floor and stay in interior rooms away from windows and doors. Go to the center of the room and avoid corners (they attract debris). You should lie on the floor under a table or other sturdy object. Use your arms to protect your head and neck. You should also avoid sheltering in places with a wide span roof such as auditoriums or gymnasiums. Lastly, you should not seek shelter in a vehicle.

e. During a flood, seek shelter above water level and do not touch electrical equipment if you are wet or standing in water.

f. During a hurricane you should stay indoors and away from glass doors and windows. If possible you should take refuge in a small interior room, closet or hallway. In a multiple story building, go to the first or second floors and stay in interior rooms away from windows. Lastly, you should lie on the floor under a table or other sturdy object, while protecting your head and neck.

g. Although electrical storms are common occurrences, and you would not normally be notified of Shelter-In-Place plans, you should be aware of the following:

– Seek shelter indoors (or in a vehicle) immediately.

– Avoid showering or bathing. Plumbing/bathroom fixtures conduct electricity.

– Avoid using a corded phone except for emergencies. Cordless and cell phones are safe to use.

– Unplug appliances and other electrical items such as computers. Power surges from lightening can cause serious damage.

8. Once notified of the “all clear”, those affected should:

a. Open windows and doors.

b. Turn on heating, air conditioning, or ventilation systems.

Campus Security

CAMPUS SECURITY LEVELS POLICY:
The University, in recognizing the many types of threats it can face, has instituted a policy recognizing that a wide variety of potentially dangerous situations may result in various security measures being implemented to safeguard the campus community. These threats can be related to environmental, medical, haz-mat, political, weather related, or other circumstances that may interfere with the safety of the campus community, and orderly functioning of the University. At Monmouth University, planning ahead for emergencies is part of normal business planning and campus life, and all members of the campus community share a responsibility for preparedness. Although every possible emergency situation can never be adequately planned for, the University has formulated the following policy to assist in minimizing injury and damage if a threatening event were to occur.

Security Levels in Detail

Security Level 1:
Will be utilized when there is no apparent threat and normal University business is being conducted as usual. Security Level 1 will be the standard operating level of the University.

Security Level 2:
Is a heightened security level and will be utilized under the following conditions:

- when there is an elevation in the National Terrorism Advisory System that could potentially impact Monmouth University,
- when there is an on-campus threat, event, or anticipated event, that could be better managed with an increase in security or a heightened awareness of those entering and exiting the campus.
- when security concerns dictate the immediate identification of the campus population.
- when there is a major event requiring not only the closing of the University, but also the consideration of Shelter-In-Place or evacuation of the University community.

IMPLEMENTATION OF SECURITY LEVELS:

Security Level 1
1. All normal University business conducted.

Security Level 2
1. The Vice President of Administrative Services after consultation with the University President and the Chief of Police (or their designees) will be responsible for issuing the upgrade in security status.

Civil Disorders

- Notify MUPD at ext. 4444, dial 911, or 732-571-4444 from your cell phone.
- Advise the police of the disturbance size, leaders, and objectives if known.
- Leave or avoid the area of disturbance if you can do so safely.
- Do not confront protestors and/or participants.
- Secure your room and/or office from damage.
2. The Vice President of Administrative Services and/or the Chief of Police shall advise the campus community of the need for the elevation of security levels, along with any security plans or changes to the normal operational status of the University. Notification could be made through voicemail, email, the University Emergency Notification System, University radio, University signage or some combination of these mechanisms.

3. Upon the conclusion of the need for enhanced security, the Vice President of Administrative Services and/or the Chief of Police shall advise the campus community of the return to our normal operational level (Level 1).

Parking and Driving on Campus
Parking and Driving on Campus

General Information
Motor vehicle rules and regulations are necessary to establish safe and orderly driving conditions and to maximize available parking. The cooperation of each member of the University community is necessary to uphold this policy.

POLICY CHANGES AND AUTHORIZATION
The University reserves the right to make changes and/or provisions to regulations at any time, without prior notice.

AUTHORITY AND ENFORCEMENT
The Monmouth University Police Department must ensure that members of the University community comply with University parking and traffic regulations and New Jersey motor vehicle laws. University police officers and safety officers enforce the driving and parking rules and regulations by issuing warnings and citations, or by requesting that vehicles be towed.

LIABILITY
The University assumes no liability or responsibility for damages or losses to any vehicle driven or parked in University parking areas or facilities. Please keep your vehicle locked to protect its contents.

Local Streets
To maintain good community relations with our neighbors, students and employees should not park their vehicles on local streets when attending classes or functions, or when engaging in University business. Municipal, borough, and city citations are issued to violators of local ordinances.

Family/Business Vehicles
Violation expenses charged to any family or business vehicle not registered with the University are the responsibility of the family member associated with the University.

Motor Vehicle Registration
1. All vehicles operated or authorized to park in University parking lots must be registered with the Monmouth University Police Department.
2. The registration year is September 1 through August 31.
3. All University bills must be paid to register a vehicle. Individuals who are on the revoked list are not eligible to obtain a decal.
4. Employees and non-resident students may register up to two vehicles; however, only one vehicle may be parked on campus at a time. Resident students may register only one vehicle.
5. Students may register their vehicles online at this web address: my.monmouth.edu or in person at Police Headquarters, Monday to Friday, 8 a.m. to 5 p.m. Employees may register their vehicles at monmouth.edu/muevr.
6. Students and employees will be issued decals that must be displayed on the vehicle. A motor vehicle is not considered properly registered unless the appropriate form has been completed and filed with the police department and the assigned decal is properly affixed to the vehicle.
7. Vehicles registered after September 1 will be assessed a $50 late charge.
Decals and Permits

DISPLAY OF DECALS
1. All registered vehicles must display a valid decal or parking permit. In order to avoid confusion, expired decals should be removed before new decals are affixed.

2. The decal must be properly affixed and displayed on the vehicle on the inside of the rearmost driver’s side window. The decal must be displayed so that it is visible. On motorcycles, decals must be mounted on the left-side of fork.

3. The decal must be affixed as directed; other means of affixing the decal, such as adhesive tape, plastic holders, or glue, are not acceptable. Failure to properly display the decal may result in a fine and/or towing. Resident students will be charged a replacement fee for decals lost as a result of improper display.

4. Parking decals are not transferable to another party.

5. If a new non-resident decal is necessary, it will be replaced free of charge.

6. Lost or stolen decals should be reported immediately.
