5) Additional Comments:

6) Suggestions for Future Sessions: (topics, format, presenters, etc)

1) It is critical to the success of the implementation of this mandate that administrators and teachers be informed and involved early in the process.	1) This session was very valuable in initiating this process. Presenters both did a fine job in presenting material.
2) This topic may have been better for later in the year to hear how the pilot is going.	2) None
3) was hoping to hear more from DOE re: what we'll be <u>required</u> to do and when it will be effective.	3) None
4) I wish the DOE rep had more specific info on timelines, etc.	4) follow up on evaluations- sharing of materials
5) Thinking about the roll out and the union issues that may be an initial issue.	5) How does the new evaluation program intertwine with the SPDC's and the LPDC's-each district?
6) None	6) At the next meeting Laura should update everyone on how her training
7) Timely information about current "hot" topic in education. Thanks!	7) None
8) Presenters were very knowledgeable. Would love to hear more from pilot schools as the year progresses.	8) None
9) Thank you for providing this opportunity for other districts to learn about the possible changes on the horizon regarding teacher observation. I think a follow-up towards the end of the piloting year would be helpful	9) None
10) Great presentation. I think it would be helpful to have a follow-up meeting/presentation with Dr. Laura Morana to find out about progress.	10) * Update on NCLB waivers-status on reauthorization of NCLB. * School finance-developing creative budgets in tough financial times.
11) Great job	11) None
12) Great first get together, very informative	12) None
13) Would like to have a workshop with districts sharing resources they have developed.	13) None
14) Presenters stayed true to the top. Very good presentations	14) None
15) Very timely and important topic-Good food for thought-	15) None

16) None	16) Follow-up on pilot programs
17) None	17) Demonstration of the Danielson model being used in Pilot districts.
18) We should have a follow-up, where all districts share their obs/eval process
