Mission Statement of Monmouth University

Monmouth University is an independent, comprehensive institution of higher education committed to excellence and integrity in teaching, scholarship, and service. Through its offerings in liberal arts, science, and professional programs, Monmouth University educates and prepares students to realize their potential as leaders and to become engaged citizens in a diverse and increasingly interdependent world.

Responsibility of the University
The programs and/or requirements set forth in this catalog are subject to change without notice. Any modification in the programs and/or requirements shall be made at the discretion of the administrative officers of Monmouth University whenever such action is deemed necessary.

Equal Opportunity Policy
Monmouth University supports equal opportunity in recruitment, admission, educational programs, and employment practices regardless of race, color, religion, ancestry, national origin, nationality, sex (including pregnancy and sexual harassment), affectional or sexual orientation, gender identity or expression, atypical hereditary cellular or blood trait, marital status, domestic partnership or civil union status, age, liability for military service, protected veteran status, or status as an individual with a mental or physical disability, genetic information, or AIDS and HIV-related illnesses. The University also complies with all major federal and state laws and executive orders requiring equal employment opportunity and/or affirmative action.

Monmouth University affirms the right of its faculty, staff, and students to work and learn in an environment free from discrimination and sexual harassment and has developed procedures to be used to resolve discrimination or sexual harassment complaints. A copy of the University-wide policy on discrimination and sexual harassment, which describes the procedures for resolving such complaints, may be obtained from the Office of Equity and Diversity located in Wilson Hall, Room 304.

Family Educational Rights and Privacy Act
The Family Educational Rights and Privacy Act of 1974 (FERPA) establishes the right of all students to limited access to certain records and information; to review, seek correction of, and add explanations to records; and to receive a hearing on allegations of violations. The University may not require a waiver of these rights in its admission, academic, or service requirements.

Information such as grades, financial records, and financial aid records may be released to parent(s) of Monmouth University students who are dependents of their parents as defined by the Internal Revenue Service (IRS), provided that the parent(s) furnishes proof of such dependency, or the student completes a "FERPA Waiver Release" form. Once a student’s FERPA Waiver has been processed, it will remain in effect during the student’s career at Monmouth University unless rescinded in writing by the student. The FERPA Waiver form is available in e-FORMS, which are accessible from the WEBstudent menu.

Directory Information: Directory information may be released by the University without the student’s permission unless the student states, in writing, within the first two weeks of the fall semester (or within the first two weeks of the spring semester for students entering Monmouth in the spring semester), that he/she does not want his/her directory information released. This request should be submitted using the FERPA Do Not Disclose form, available in e-FORMS, which are accessible from the WEBstudent menu. Student requests to keep directory information confidential are permanent and therefore will remain in effect unless rescinded in writing by the student. Directory information consists of the following information:

- Student’s name
- Class level
- Registered credits for the current term
- Major field of study
- Participation in recognized activities and sports
- Biographical data for public relations purposes
- Dates of attendance at Monmouth University
- Degree and awards received at Monmouth University
- Photographs of student
- Most recent previous educational institution attended
- Veteran status
- Telephone number
- Address
- Birthplace
- Birth date
- Degree candidacy
- Degree status
- Official student e-mail address
- Student ID number

A copy of "FERPA Policy for Students," developed in support of the Family Educational Rights and Privacy Act, may be inspected at the Office of the Registrar, Wilson Hall, Room 208; it is also available online at www.monmouth.edu/registrar/procedures/ferpa_policy.asp.

Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973
The Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 provide that no otherwise qualified disabled person (student/employee/applicant) shall be reason of the disability be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any program or activity receiving federal financial assistance. An otherwise qualified individual with respect to postsecondary education is one who meets the essential academic requirements and, with respect to employment, is one who with reasonable accommodation can perform the essential functions of the job in question. Monmouth University has complied with these principles and intends to continue its compliance. The Director of the Office of Equity and Diversity has been designated by the University as the ADA/504 Coordinator. Anyone having a complaint or observation about a possibly discriminatory act or practice should contact the ADA/504 Coordinator (Wilson Hall, Room 304) for information concerning the grievance procedure. A prompt investigation will be undertaken in an effort to resolve the matter and assure compliance.

Human Relations Philosophy and Policy
Monmouth University affirms the inestimable worth and dignity of every individual, regardless of his or her condition of life. We affirm, further, the right of each person to develop to his or her full potential and to be judged on the basis of personal accomplishments. Finally, we believe that the achievement of full humanity is enhanced by the experience of the human family.

We are committed to achieve and sustain a pluralistic environment recognized for its racial, cultural, and ethnic diversity, and which is characterized by genuine mutuality, acceptance, affirmation of the strengths and contributions of differing individuals and groups, and a willingness to resolve disputes in a spirit of good will.

Monmouth University, through this philosophy and policy statement, seeks to create a pluralistic community in which people:

- are accepted and judged as individuals, independent of ancestry, social and economic background, sexual orientation, age, gender, physical characteristics, or personal beliefs;
- may freely engage in constructive academic dialogue and debate in classrooms and public halls, and pursue their social and private lives uninhibited by discrimination, disruption, or harassment in any form and;
- value, respect, and draw their intellectual strength from the rich diversity of other peoples of different races, cultures, religions, nationalities, and beliefs.

This affirmation and commitment will guide us in the challenging times ahead as we strive to achieve excellence in service, teaching, and scholarship.
Directory in Brief

The University

Monmouth University, as described in its Mission Statement, is an independent, comprehensive institution of higher education, emphasizing excellence and integrity in teaching, and scholarship at the undergraduate, graduate, and doctorate levels. Monmouth is dedicated to service in the public interest and, in particular, to the enhancement of the quality of life. The University is committed to providing a learning environment that enables men and women to pursue their educational goals, to reach their full potential as leaders, to determine the direction of their lives, and to contribute actively in order to become engaged citizens in their community and society in an increasingly interdependent world.

Eight schools within the University—the Wayne D. McMurray School of Humanities and Social Sciences; the School of Science; the Leon Hess Business School; the School of Education; the Marjorie K. Unterberg School of Nursing and Health Studies; the Honors School; the Graduate School; and the School of Social Work—provide a wide variety of academic programs at both the undergraduate and graduate levels. There are bachelor’s degree programs in the arts and sciences and in the professional areas of business, computer science, criminal justice, education, information systems, nursing, physician assistant, social work, software engineering and speech-language pathology. Co-curricular activities have been designed to complement the academic programs. Master’s level programs include business administration, computer science, corporate and public communication, criminal justice, education, English, history, information systems, mental health counseling, nursing, physician assistant program, psychological counseling, public policy, social work, software engineering, and speech-language pathology. The School of Nursing and Health Studies offers a doctorate level program, Doctor of Nursing Practice (DNP) degree.

The undergraduate curriculum is built upon an innovative, interdisciplinary general education program and careful academic advising and career counseling. One of the University’s main goals is to prepare Monmouth undergraduates for active participation as leaders in the twenty-first century. Accordingly, the University provides a learning environment that enables all students to develop their capacities for leadership in a multicultural world. Students are provided opportunities to develop information technology and collaborative problem-solving skills and to develop a sense of social responsibility as members of local, national, and global communities. Small classes and course clustering allow for individual attention, cooperative
learning, and interactive student-faculty exchange.

The University is located in a quiet, residential area of an attractive community near the Atlantic Ocean, about an hour and thirty minutes from the metropolitan attractions of New York City and Philadelphia. Monmouth enjoys the advantage of proximity, within its home county, to many high-technology firms, financial institutions, health-care institutions, and a thriving business-industrial sector. These provide employment possibilities for Monmouth University graduates, as well as opportunities for undergraduates to gain practical experience through internships and the Cooperative Education Program. The surrounding communities also offer opportunities for service activities in local schools and public agencies. Volunteer and service activity opportunities for service activities in local schools

CAMPUS FACILITIES

The University’s 159-acre campus, considered to be one of the most beautiful in New Jersey, includes among its fifty-four buildings a harmonious blending of historic and traditional architectural styles.

The centerpiece building—and the University’s identifying landmark—is Woodrow Wilson Hall, the administrative center. Completed in 1931 on the precise site of President Woodrow Wilson’s summer White House, the 130-room mansion—originally known as Shadow Lawn—began as the private residence of Hubert T. Parson, a former president of F.W. Woolworth Company. The mansion has been described in newspapers throughout the world, is featured in many books on architecture and art, and has been used as a backdrop for innumerable print ads and television commercials. In 1981, it served as the setting for the film version of Annie. In 1978, along with the University’s Library, another architectural treasure that was the summer home of Murray and Leonie Guggenheim, it was entered in the National Register of Historic Places. In 1985, Wilson Hall was designated a National Historic Landmark by the U.S. Department of the Interior.

Monmouth University Graduate Center is located at 185 State Highway 36, West Long Branch, NJ. This center is approximately two miles from the main campus and currently houses the Department of Psychological Counseling, the Physician Assistant program, and the Center for Speech and Language Disorders. The Center provides rehabilitation services to the neighboring community on a free-service basis with a one-time per semester registration fee. Please call 732-923-4547 or e-mail the center at MUSpeechCenter@monmouth.edu with further questions.

In Fall 2009, Monmouth University opened a 153,200-square-foot Multipurpose Activity Center (MAC) that seats approximately 4,000 people. The building, which is located in the center of the campus, includes a multipurpose arena; a 200-meter, six-lane indoor track; the University store; Leon Hess Champions’ Hall, locker rooms for nineteen athletic teams; box office; fitness center; and the University’s Blue/White Club.

The Lauren K. Woods Theatre, a former carriage house that retains many of its original architectural features, is just one of the many gracious older buildings that lend distinctive balance to the modern additions to the campus. Prominent among these newer buildings is the Rebecca Stafford Student Center that houses an open computer lab, dining room and food court, student offices, lounges, and a large combination banquet/performance hall. In a first-floor suite is the Disability Services and Tutoring Center. On the lower level is the Center for Student Success that includes Career Services, First-Year Advising (which provides advising support to freshmen students), the Writing Center, and a graduate student lounge. Other buildings include: the Magill Commons, a student dining hall and conference center; the Thomas A. Edison Science Building (with nearby greenhouse); Howard Hall, housing the Pollak Theatre and many academic computing labs, as well as a twenty-four-hour open lab; Bey Hall, the Leon Hess Business School building, which contains case study classrooms, seminar rooms, and a computer laboratory; McAllan Hall, which houses the School of Education, the Marjorie K. Unterberg School of Nursing and Health Studies, the School of Social Work, and the department of Criminal Justice; the new state-of-the-art Jules Plangere Center, which houses the department of Communication, Foreign Language Studies, and a Faculty Resource Center; Pozyczki Hall, new for Fall, 2015, which will provide several new classrooms including a 150-person lecture hall, a lab and conference rooms, and Joan and Robert Rechnitz Hall, which houses the department of Art and Design and the Rechnitz Gallery. William T. Boylan
Gymnasium; eleven traditional and suite-style, on-campus residence halls: Beechwood, Cedar, Elmwood, Laurel, Mullaney, Oakwood, Pinewood, Redwood, Spruce, Willow, and a new residence hall; and three apartment-style facilities: the Great Lawn Apartments, the Garden Apartments, and Maplewood Hall. Additional off-campus housing is the University Bluffs, a six-apartment-building complex located on 2.7 acres on the ocean in Long Branch and Pier Village.

HISTORY

Monmouth University was founded in 1933 with federal assistance as Monmouth Junior College, largely to provide opportunity for higher education to area high school graduates who, in those Depression days, could not afford to go away to college. It was a two-year institution, holding classes only in the evening. For a time it appeared uncertain whether the College would have adequate funds to continue. With support from students and the community, however, the fledgling College survived the economic crisis and quickly assumed its present private status. In 1956, it was renamed Monmouth College and accredited by the state to offer four-year programs leading to the baccalaureate degree. Less than a decade later, it was authorized to offer master’s degree programs. In March 1995, the New Jersey Commission on Higher Education designated Monmouth a teaching university pursuant to N.J.A.C. 9:1-3.1 et seq.

Today, Monmouth offers more than eighty-three undergraduate and graduate degree programs and concentrations. In the Fall of 2014, Monmouth University began offering the new MS in Physician Assistant (PA) program and the MSEd in Speech/Language Pathology. For more information about the PA program, please visit the Web site at www.monmouth.edu/school-of-nursing-health/ms-in-physician-assistant.aspx. For more information about the Speech/Language Pathology program, please visit the Speech/Language Pathology program, please visit the School of Education Web site at http://www.monmouth.edu/academics/schools/education. In 2011, Monmouth University started offering its first doctorate-level program, the Doctor of Nursing Practice (DNP), which is housed in the School of Nursing and Health Studies. Within Monmouth’s student body, thirty-two states and forty-eight foreign countries are represented. More than 1,600 under-graduates are resident students.

ACCREDITATION

The University is licensed by the New Jersey Commission on Higher Education and accredited by the Middle States Commission on Higher Education. In addition, the Leon Hess Business School is accredited by the AACSB International—the Association to Advance Collegiate Schools of Business; the chemistry program (with a concentration in advanced chemistry) is on the Approved List of the American Chemical Society (ACS); the baccalaureate, master’s, and DNP nursing programs at Monmouth University are accredited by the Commission on Collegiate Nursing Education (CCNE), One Dupont Circle, NW, Suite 530, Washington, DC 20036, (202) 887-6791; the undergraduate BSW and graduate MSW social work programs are accredited by the Council on Social Work Education (CSWE); the undergraduate BSSE program is accredited by the Engineering Accreditation Commission of ABET, http://abet.org; the undergraduate Advanced Computing Concentration program is accredited by the Computing Accreditation Commission of ABET, http://abet.org; the degrees in Clinical Laboratory Science and Medical Laboratory Science are accredited by the Council on Accreditation of Allied Health Education Professions (CAAHEP) or by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS); the School of Education is accredited by the National Council for Accreditation of Teacher Education (NCATE) and has also received accreditation from the Council for the Accreditation of Counseling and Related Educational Programs (CACREP) for the MS in School Counseling. The Department of Psychological Counseling programs are accredited by the National Addiction Studies Accreditation Committee (NASAC), and the department has also received CACREP accreditation for its MS in Mental Health Counseling program. The Master of Science Education (MSEd) degree program in Speech/Language Pathology at Monmouth University is a Candidate for Accreditation by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) of the American Speech-Language-Hearing Association. This is a “pre-accreditation” status with the CAA, awarded to developing or emerging programs for a maximum period of five years. The accrediting agency, Accreditation Review Commission on Education for the Physician Assistant, Inc. (ARC-PA) has granted Accreditation-Provisional status to the Monmouth University...
University Physician Assistant Program.

THE FACULTY

The faculty at Monmouth University work together to provide challenging classroom environments that encourage student involvement and ensure that Monmouth graduates leave the University ready to exercise socially responsible leadership in their professional and personal communities. The faculty take teaching and student learning seriously. To enhance their effectiveness, most have participated in faculty workshops on active learning techniques.

The Monmouth faculty are respected scholars, artists, scientists, and professionals. Students are drawn into the ongoing scholarly and creative work of the faculty through classroom demonstration, research assistantships, and attendance at professional meetings. Faculty also serve as advisors to students, some as designated freshman advisors who work closely with new students during their first year.

In departments having graduate programs, certain faculty are appointed to the graduate faculty. The graduate faculty provide the core of instruction in the graduate programs at Monmouth University. Recognized for their scholarly achievements by peers in their fields, the members of the graduate faculty provide a challenging classroom environment. They bring insight from research and professional experience into the classroom. Graduate students are drawn into the ongoing, creative work of the faculty through classroom demonstration, as research assistants, and through attendance at professional meetings. The graduate faculty also serve as advisors and mentors to students; in many cases, contact is maintained after graduation.

Working directly with senior faculty who are engaged in research is a key element in graduate-level study. In recent interviews, a group of student leaders on campus unanimously agreed that the opportunity to work closely with faculty is the greatest single benefit of Monmouth’s small class size and engaged faculty. Students are able to achieve a comfortable rapport with the professors.

Interviewed recently about their views of the University, a group of student leaders on campus unanimously agreed that the greatest single appeal of the institution was the opportunity it afforded them to work closely with faculty, to achieve a comfortable rapport in which they not only got to know their teachers, but also were known by them. “We are never made to feel we are simply numbers,” one of the student leaders stated.

A member of the anthropology faculty, who regularly involves students in his research activities, explains: “It gives them opportunity to meet important people in the field whom they otherwise would only read about, and to engage in some of the personal excitement of anthropology.” A biology professor, who provides opportunity for students in his major field to participate in his environmental projects, also encourages them to write papers on their work and to present them at scientific meetings. “For some,” he reports, “this experience has been a determining factor in gaining acceptance to graduate school or in getting jobs in their major field. Being able to include published research in their résumés gives them a decided edge.” A psychology professor whose undergraduate students have presented papers at prestigious, professional psychology conferences is enthusiastic about their experiences. “They have truly earned the recognition they received and are excited about pursuing advanced degrees.”

Monmouth faculty are committed to helping students achieve their fullest potential. That they succeed is attested in the words of a graduate who is now a successful physicist. “Any student who has anything on the ball, and who wants to learn and get the finest education possible in his or her major field, can get it at Monmouth. The teachers are tops; they care about you as an individual, work right along with you, and share the joy of your own successes. I was a science major. When they saw that I was serious about my work, my professors gave me special encouragement, allowed me flexible lab privileges, and even worked with me on research. I knew it was a great experience then. Five years into my career field, I am even more appreciative of the solid kind of preparation provided me at Monmouth. Just show the faculty you care, and you’ll have them on your team all the way.”

Each year at Commencement, the University cites one member of the faculty for distinguished teaching. Honorees are chosen by a committee of faculty, administrators, and students. Recipients since 1975, when the award was established, are:

- Rose Mary Miller, Mathematics....................1975
- William P. Mitchell, Anthropology................1976
- Richard Benjamin, Electronic Engineering.....1977
- Vernon Churchill, Biology...........................1978
Charles J. Lewis, Mathematics .................. 1979
J. Emmett Collins, Marketing .................. 1980

Stafford Presidential Award of Excellence

Established in 2003, this award is presented annually to the outstanding member(s) of the Monmouth University staff or administration as recognition for his or her tireless efforts, dedication, creativity, and evident commitment to supporting and
enhancing Monmouth University. The award is named after Dr. Rebecca Stafford, who retired in 2003 after ten years of exceptional service as President.

ACADEMIC HONESTY

Monmouth University encourages its students to grow intellectually as well as to become responsible citizens in our complex society. To develop their skills and talents, students are asked to conduct research, perform experiments, write papers, work individually, and cooperate in group activities. Academic dishonesty subverts the University's mission and undermines the student's intellectual growth. Dishonesty in such academic practices as assignments, examinations, or other academic work cannot be condoned. A student who submits work that is not original violates the purpose of Monmouth University and may forfeit his/her right and opportunity to continue at the University.

The University has an obligation as an educational institution to be certain that each student's work is his/her own. Note that Monmouth University faculty members have access to Turnitin (http://www.turnitin.com), a Web-based plagiarism-detection resource that compares the text of student papers to an extensive electronic database. This database includes current and archived Internet resources, periodicals, journals and other publications, and past student papers from Monmouth and other educational institutions. All student assignments may be subject to submission for textual similarity review to turnitin.com for the detection of plagiarism. All submitted papers may be included as source documents in the Turnitin reference database (solely for the purpose of detecting plagiarism of such papers). Faculty are expected to inform students in advance about which assignments will be checked for originality using Turnitin. Use of the Turnitin service is subject to the Usage Policy posted on the Turnitin site.
FIRST-TIME, FIRST-YEAR APPLICANTS

Admission to Monmouth is based upon many factors. Recognizing that each student is different, Monmouth makes every attempt to ensure that its selection process is as fair to each student as possible. The admission process is need-blind, i.e., a family’s ability to pay for college is not considered.

Admission to the University is at the discretion of the Admission Committee under the guidance and supervision of the Director of Undergraduate Admission. The applicant pool for fall admission changes each year; admission guidelines are established based upon the applicant pool and strategic objectives of the University. Factors considered in the application review process include the high school transcript with focus on cumulative grade point average and rigor of course work, standardized test scores, letter(s) of recommendation, essay, activities/work experience, community service, and leadership roles. The Committee reserves the right to make admission exceptions on the basis of the student’s overall application and potential for success at Monmouth University.

Admission Requirements

A candidate for admission is required to: (1) be a graduate of an accredited secondary school or the equivalent; (2) have completed sixteen (16) Carnegie units to include the following: four units of English, three units of mathematics, two units of social studies, two units of science, and five additional units of academic electives chosen from the following areas: English, social science, science, humanities, foreign languages, and mathematics; and (3) satisfy the University’s requirements for grade point average and standardized test scores (SAT or ACT).

The application deadlines for first-time, full-time students are as follows:

The application deadline for early action is December 1. Early action is a nonbinding program geared toward students who meet the overall criteria for admission and have a strong desire to enroll at Monmouth. Early action candidates will be notified of an admission decision by January 15. Applicants may be offered admission, denied admission, or returned to the regular applicant pool for further consideration.

The application deadline for regular decision is March 1. This is the final application deadline for first-time, full-time students. Students who wish to apply for regular admission may file their credentials any time after the start term of their senior year. Applications received after the March 1 deadline will be considered on a space-available basis. Regular decision candidates who complete an application by March 1 will be notified of an admission decision.
by April 1. Nursing and Monmouth Medical Center Scholars applicants may have special application deadlines and requirements. Refer to the current Monmouth University Application for Undergraduate Admission for information.

Enrollment deposits are required of all undergraduate students who are accepting offers of admission to the University. Seats in the fall, first-year class are often filled by the May 1 National Candidates’ reply date. Therefore, full-time, first-year students should submit the enrollment deposit by May 1.

First-year students may also apply for spring semester admission; the deadline for spring semester applications is December 1. First-year, full-time students who are entering in the spring semester should also submit the enrollment deposit as soon as possible in order to confirm intention to enroll.

Part-time and Transfer students:

The application deadline for the fall semester is July 15. The application deadline for the spring semester is December 1.

Adult students (24 years of age or older):

The application deadline for the fall semester is July 15. The application deadline for the spring semester is December 1.

An enrollment deposit is not required for part-time students; however, students must return an enrollment confirmation form to indicate intent to enroll.

Admission Procedures

1. The Application for Admission must be completed in full, signed, and returned to the Office of Admission Processing. To obtain an application for admission, contact the Office of Admission Processing at 800-543-9671, or apply online at http://www.monmouth.edu/apply, through the Common Application at www.commonapp.org or through the Universal Application at www.universalcollegeapp.com. A nonrefundable application fee is required.
2. The secondary school of the applicant must forward an official transcript to the Office of Admission Processing.
3. Official SAT or ACT score reports must be submitted. Test results may be either included on the official transcript provided by the applicant’s secondary school or may be forwarded to Monmouth directly by the testing service. Monmouth University’s code number for the SAT is 002416. The ACT code is 2571. The ACT writing section is required.
4. High school students are encouraged to complete the SAT or ACT with writing section no later than the fall term of their senior year.
5. At least one letter of recommendation from a high school teacher or counselor is required.
6. An essay is required for all freshman applicants.
7. Applicants who have satisfactorily completed the General Educational Development (GED) test in lieu of high school graduation should request that an official score report be sent directly to the Monmouth University Office of Admission Processing. The scores can be obtained by calling the New Jersey Department of Education’s GED Program at 609-777-1050.
8. All matriculating undergraduate students must complete the required medical forms prior to registration. Medical forms will be forwarded to students for completion by their physician after the enrollment deposit is received by the University. All required immunizations must meet current University policies.

Credit Accumulation

Advanced Standing

Monmouth University grants college credit (Advanced Standing) for secondary school courses that have been validated by the Advanced Placement Examination Board. In most cases, credit is awarded for Monmouth University course equivalents of the subject matter covered by the examination when the AP examination scores are 3, 4, or 5. See the Advanced Placement Exams chart on the page that follows for specific Monmouth equivalencies.

Monmouth University accepts International Baccalaureate (IB) Diploma Program Credit based on Higher Level examination achievement. Scores of a 5, 6, or 7 must be earned in order to receive credit for the IB. International Baccalaureate courses are graded on a scale of 1 (minimum) to 7 (maximum). Official IB transcripts should be forwarded to the Office of Undergraduate Admission for official evaluation. Monmouth does not grant IB credits for subjects taken at the Standard Level.

Students will be given credit in specific subject areas on a course-by-course basis; credit policies will be determined by the academic department to which the credit will be transferred. Please refer to the chart that follows for a list of accepted IB course work.

(a) Students must apply to department for specification of course.
(b) Specific language course code will be determined on an individual basis.
(c) Students may apply to the department to specify course as alternate 100-level course.
(d) Students may apply to the department for evaluation for specific course credit.
• **Credits in Escrow**

Monmouth University provides a taste of college life as well as a head start in college for secondary school students who have completed at least their junior year. Credits earned are held in escrow and may be applied toward a degree at Monmouth after the student is matriculated as a regular student, or they may be transferred. By taking advantage of this opportunity and with careful planning of course sequences, it may be possible for a student to complete requirements for a baccalaureate degree in three calendar years.

Monmouth University also grants credit for college courses taken at another accredited institution while the student was still attending high school. In order to evaluate credit, official transcripts must be submitted from that institution for evaluation.

• **Homeschooled Students**

A candidate for admission who has been homeschooled is required to follow these guidelines in the application process. Please note that all homeschooled students are required to meet their home state requirements and submit appropriate supporting documentation demonstrating that they have done so, should they be asked to do so by Monmouth University.

1. Complete the application for admission in full and return to the Office of Admission Processing.
2. Submit the nonrefundable application fee.
3. Submit one of the following credentials:
   a. Transcript from a homeschool program, private school, or primary teacher. Please note that if any part of your high school education was completed in a conventional public or private high school, Monmouth University requires the transcript of that academic work be sent directly from the registrar of that school. Additionally, if you have completed any college-level course work while in high school or to satisfy graduation requirements, submit all official transcripts. If course work is still in progress, submit a course schedule.
   b. Portfolio of academic work completed to include syllabi, list of textbooks used, academic curriculum outline, and any other documentation of academic work completed. The portfolio must include grade evaluations by the primary teacher. Also required with the portfolio is Monmouth University’s Curriculum Chart for Homeschooled Students. All students who apply to Monmouth University must demonstrate that they have completed the following Carnegie Units: four units of English, three units of mathematics, two units of social studies, two units of science, and five additional units of academic electives chosen from the following areas: English, social studies, science, humanities, foreign languages, and mathematics.
4. Submit at least one letter of recommendation.
5. Submit official standardized test scores—either SAT or ACT. Score reports must be sent directly from the testing agency. Monmouth’s SAT code is 002416. Monmouth’s ACT code is 2571.

**TRANSFER APPLICANTS**

Monmouth University welcomes applications from transfer students who are in good academic standing at other accredited colleges or universities. Students from nonaccredited colleges may be admitted if they satisfy the admission requirements of Monmouth University. Students with a cumulative GPA of 2.25 or better will be considered for admission to the University. Students pursuing a major within the School of Education must have a minimum GPA of 3.0 according to New Jersey State Guidelines. Please refer to the School of Education section of this catalog for additional State guidelines. Admission is determined by successful completion of course work over time and is not automatic; there may be instances when a student with a 2.25 GPA or greater will not be offered admission. Students who have been dismissed for academic reasons will not be considered for acceptance by Monmouth University until at least one academic semester has elapsed following their dismissal. Students suspended for disciplinary reasons from another institution must serve the term imposed by that suspension before Monmouth University will consider their application for admission.

Students offered provisional admission must be nonmatriculated and part-time. Conditions imposed on such students are as follows: they may earn no more than eighteen credits in that status and may carry no more than nine (9) credits per semester; they must reapply for admission after earning twelve to eighteen credits at Monmouth in order to matriculate and continue taking courses at the University. Admission as a matriculating student is contingent upon successful completion of course work. (See the Changing from Non-Matriculated to Matriculated Status section of the catalog for more details.)

The application deadline for the spring
semester is December 1. The application deadline for the fall semester is July 15. If a student has attempted and received grades in twenty-four credits or more at or above the 100-level, the University will only look at the student’s collegiate course work in determining admission. If a student has fewer than twenty-four credits, an official high school transcript and official SAT or ACT scores are required.

Transfer students must send official transcripts from all institutions attended previously, regardless of whether or not credit for such work is desired or expected. Final transcripts from previous institutions attended must be received by Monmouth University prior to beginning enrollment. Students who do not provide official transcripts will not be permitted to continue at Monmouth. Failure to declare attendance at any postsecondary institution where registration occurred may lead to disciplinary action and/or dismissal. When applying for transfer credit, students may be requested to submit official course descriptions.

Credit Transfer
Transfer students who have been admitted to the University will receive an official transfer credit evaluation. Students who fail to declare attendance at any postsecondary institution where they had been registered automatically waive the right to have that work considered for transfer credit and are subject to disciplinary action and/or suspension. Grades earned at previous institutions are not reflected in the Monmouth University grade point average (GPA). (Education majors may transfer a maximum of six professional credits from a two-year school.) Due to the individual review process required for evaluating music and art course work, students in these disciplines may require an audition or a portfolio review to determine equivalency for certain course work. The course type(s) associated with a course are specific to course work taken at Monmouth University. Courses earned through transfer equivalency will not automatically earn the course type associated with the Monmouth University course equivalent. For instructions on how to have a transfer course reviewed to fulfill the General Education requirements of Technological Literacy, Reasoned Oral Discourse, Interdisciplinary Studies, Cultural Diversity, Global Understanding, or Experiential Education, students should contact the Associate Dean for Support Services and Articulation.

- Police Academy Transfer Policy
Students who successfully complete a New Jersey Police Academy program prior to enrolling in Monmouth University will be awarded six (6) Monmouth University credits (CJ101, Introduction to Criminal Justice, and CJ225, Law Enforcement). Once matriculated into Monmouth University, no police academy credits will be awarded to students who subsequently enter a New Jersey Police Academy.

- Emergency Medical Technician (EMT) Training Credit
Students who successfully complete EMT training will be awarded five (5) total Monmouth University credits – three (3) credits of Biology free elective (BY-001) and two (2) credits for PE-201, Safety and First Aid. Students wishing to be awarded credit should present an active certification identification card to the Transcript Credit Evaluator.

- American Council on Education (ACE)
Credit for course work that appears on an official American Council on Education (ACE) transcript with a recommendation for credit at the ‘baccalaureate degree level will be awarded at the discretion of the University. The ACE recommendation does not guarantee that Monmouth University credit will be awarded.
## Monmouth University Requirement vs Transfer Equivalencies

</tr>
<tr>
<td>17. Writing Intensive – Zero credits (two courses from within the Major designated with course type “WT”)</td>
<td>Writing Intensive courses must be completed at Monmouth University. Extraordinary cases will be heard and determined by the Writing Committee.</td>
</tr>
</tbody>
</table>
For undergraduate students who attended accredited (by the Commission on Higher Education) two-year community or county colleges, the following applies:

1. Students transferring from a two-year institution may use up to seventy-two transfer credits toward a baccalaureate degree at Monmouth University, providing these credits fulfill degree requirements. Students who attended both two-year and four-year institutions may apply a maximum of twenty-four additional credits at the 200-level or higher (as determined by the four-year institution where these courses were taken) toward baccalaureate degree requirements at Monmouth University, providing these credits fulfill degree requirements. Students who attended only a four-year institution may apply a maximum of ninety-six credits toward a baccalaureate degree at Monmouth University, providing these credits fulfill degree requirements.

2. Full-time students at accredited community or county colleges who have maintained continuous semester-to-semester attendance and who graduate in five or fewer semesters in AA, AS, or AAS (nursing only) degree programs will be considered for acceptance as transfer students at Monmouth University. Provided such students begin their enrollment at Monmouth in the first or second semester immediately following their graduation from the two-year institution, they may elect to follow the Monmouth University curriculum that was in effect four semesters prior to their enrollment at Monmouth.

For all other undergraduate students who attended accredited (by the Commission on Higher Education) institutions, courses are transferred as follows:

1. Only courses in which earned grades were “C” or higher will be accepted. Furthermore:
   a. No remedial courses will be accepted.
   b. A maximum of four (4) physical education credits may transfer for non-health physical education majors. Health/Physical Education and Health/Physical Education with an Endorsement in Education majors may transfer six (6) credits in physical education course work.
   c. No personal development or vocational (e.g., secretarial, automotive) courses, unrelated to degree programs at Monmouth University, will transfer. (The designation “vocational” will be determined by the course description/syllabus, not necessarily by the discipline designation assigned at the previous institution.)
   d. Courses that are more than five years old may be declined by the major department, but only in cases where the subject matter of these courses has undergone significant and substantial additions/revisions.

2. Courses will transfer in at the Monmouth University equivalent.

3. Each transfer student must complete at least the last thirty-two credits at Monmouth University, of which sixteen credits must be in the major. For business administration majors, at least fifty percent of their business requirements (business core and concentration[s]) must be completed at Monmouth University. For other graduation and residency requirements, please refer to the Academic Programs, Support Services, and Regulations section of this Catalog.

4. Students changing majors will have their transfer credits re-evaluated by the new major department.

5. Undergraduate students who attended a study abroad program through their former institutions may be eligible for Experiential Education credit at Monmouth. The student must have earned a
minimum of six credits at the foreign institution, with grades of “C” or better. The study abroad courses must be noted on the academic transcript of the American institution and annotated as “study abroad.” See the Office of the Registrar for additional information.

For undergraduate students who attended non-foreign, nonaccredited programs:

Courses other than nursing courses will transfer automatically only if a formal document of course equivalencies exists that was previously adopted by the University. When a formal document does not exist, courses taken in these nonaccredited programs will be evaluated on a case-by-case basis by the appropriate departments to determine acceptability for transfer. In all instances, conditions one through four above apply.

For nursing majors, nursing courses will transfer as described within the Nursing and Health Studies section of this Catalog. Non-nursing majors who have graduated from a diploma nursing school may transfer nursing courses by taking as many as four ACT/PEP tests as specified by the School of Nursing and Health Studies at Monmouth University. Each successfully passed examination may transfer as eight credits (8) of lower-division nursing courses. These credits may apply to the requirements of the major program as applicable. Students should consult with their major department chair for details.

For undergraduate students who attended foreign institutions:

The Monmouth University Transcript Evaluator will evaluate credits submitted from foreign institutions. Transcripts that are not in English must be translated and evaluated by a reputable credential evaluation service, including members of the National Association of Credential Evaluation Services (NACES). Course descriptions in English must accompany transcripts. In all instances, conditions one through four above apply to foreign courses. Students may, upon request, be required to have previous academic work validated, at the students’ expense, through an outside credential evaluation service.

For undergraduate students who have served in the military:

Students who have completed basic training in any of the Armed Forces will automatically receive one (1) credit in physical education activities and one (1) credit of health by virtue of that experience and presentation of official discharge documentation. Other credits earned while in the military may be considered for transfer credit upon presentation of official military transcript documentation to the Office of Undergraduate Admission.

(a) Monmouth University grants three credits for each of the five General Examinations, completed with a minimum score of 52. CLEP exams taken prior to July 1, 2001, require a minimum score of 481.

(b) Monmouth University grants credit to the subject matter covered by the examination when the score is at or above the fiftieth percentile.

(c) EN-202 equivalent for non-English majors only.
Credit by Examination

Credit by Examination is a process for granting academic credit for a life experience with an academic parallel. The term “life experience” connotes a learning experience equivalent to an academic course in an accredited institution on the college level. Credits obtained by examination are accorded the same status as transfer credit and consequently are not used in the computation of the grade point average. Credit by examination is counted as part of the maximum allowable transfer credits for an academic program. Undergraduate students earning credits by examination for foreign languages cannot use these credits to satisfy the cross-cultural (CC), cultural diversity (CD), or global understanding (GU) general education requirement. These credits will not be included in the thirty-two credits needed to fulfill the Monmouth University residency requirement, but may be taken at any time during the student’s career at Monmouth.

Interested students should apply to the appropriate academic departments. Details about these procedures are available in the Office of the Registrar.

Applied Music

Applied Music is private instruction in a particular instrument or voice. The student should discuss his/her desire to take applied music with a Monmouth University music faculty member and then register directly in the Music Department. The student may earn as many as six (6) credits in Applied Music and will be awarded the credit after successful completion of the lessons and the payment of the credit by examination fee. Credit for Applied Music will be treated in the same manner as credit by examination (see above).

Additional guidelines are available online on the Office of the Registrar forms Web page at http://www.monmouth.edu/registrar/forms.asp.

Prior Learning/Portfolio Assessment Program

Students who have been working, managing a home, volunteering in the community, traveling, serving in the military, or studying independently may have acquired some college-level learning from these experiences.

It is possible to have this learning evaluated and receive credit. Credit is granted for learning rather than the experience itself, and is awarded when the learning is closely related to the subject matter of a Monmouth course. Students who wish to earn credit for learning from work and life experience will be asked to prepare a portfolio that describes and documents that learning. Additional information is available from the Office of the Registrar.

FORMER STUDENTS APPLYING FOR READMISSION

Readmission to the University

Former Monmouth University students not on a Leave of Absence who have not attended the University for at least one semester must submit an application for readmission and submit an application fee. Applications are available in the Office of Admission. If the applicant has attended another institution in the interim, the applicant must have an official transcript forwarded to the Office of Admission Processing. Students will be re-evaluated based upon the full academic record and will be advised if further information is needed.

Readmission to the University after Academic Dismissal

Students who have been academically dismissed may apply for readmission. Review of the application and the ensuing decision is made by the Academic Standards and Review Committee. Previously dismissed students seeking readmission must have been away from the University for one full semester. Students who have been dismissed twice may apply for readmission after a minimum of three years. Application must be made through the Office of Admission.

Application for Academic Amnesty

(See Academic Amnesty.)

VISITING STUDENTS

Students from other institutions must provide a letter of permission from, and be in good academic and disciplinary standing at, the home institution. Applications are available from the Office of Admission. Admission as a visiting student does not constitute admission as a matriculated student. Eligible rising high school seniors may enroll in college-level course work at Monmouth University. Eligibility will be determined by the Office of Undergraduate Admission based on a review of the student’s academic credentials.
ADULT APPLICANTS

Monmouth University endeavors to support lifelong learning by providing services and programs—degree and nondegree, credit and noncredit—that enable nontraditional students to meet their varied educational needs and goals.

Program 65 affords opportunity for persons 65 years of age or older to enroll for study at Monmouth University at reduced tuition. Admission requirements include the designated nonrefundable application fee and proof of age. Enrollment is on a space-available basis. Those interested in learning more about Program 65 may contact the Office of Undergraduate or Graduate Admission.

APPLICANTS WITH DISABILITIES

Monmouth University welcomes applications from persons with disabilities, complying with the requirements of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. Students who wish to utilize available accommodations and services provided by the University must submit current and adequate documentation related to their disability to the Department of Disability Services for Students.

All applicants, including students with disabilities, must meet all University admission requirements. You are not required to disclose a disability, nor should you submit documentation of your disability with your application materials. If information is provided, it is not used in admission decisions and will be forwarded to the Department of Disability Services for Students. You are welcome to contact that office at 732-571-3460 to speak with a staff member about how they may be able to assist you.

INTERNATIONAL APPLICANTS

International applicants must meet three basic criteria before acceptance: demonstration of academic ability, English language proficiency, and sufficient financial support.

Applicants for admission whose native language is not English must demonstrate English language proficiency. Such proficiency may be demonstrated by submitting an official score report from one of the following standardized tests and meeting the minimum score requirements. Students who have completed the equivalent of a baccalaureate or master’s degree at an accredited institution in a native, English-speaking country may be exempt from these standardized testing requirements.

- TOEFL (Test of English as a Foreign Language)*
  - Minimum score requirements:
    - Internet-based version 79
- IELTS (International English Language Testing System)*
  - Minimum score requirement 6 (with no less than a score of 5.5 on any section)
- MELAB (Michigan English Language Assessment Battery)*
  - Minimum score requirement 77
- ESOL (Cambridge University English for Speakers of Other Languages)*
  - Minimum score requirements

*Note that exceptions to minimum score requirements for graduate programs may be made upon recommendation of the graduate program director within the student’s major department and with approval from the dean of the graduate school. Monmouth also requires a student’s academic profile to meet regular standards for admission.

International students who meet Monmouth’s regular standards for admission and who have successfully completed the ELS Language Services program at the master’s level of English proficiency, which is completion of Level 112, in lieu of the TOEFL or other English proficiency exam. Conditional acceptance may be issued by Monmouth University to those students who elect to prove English proficiency by enrolling in and completing ELS Level 112.

In order to obtain the nonimmigrant Certificate of Eligibility (Form I-20), all accepted international applicants are required to provide financial documentation, such as bank statements, attesting that sufficient funds are available to support the period of study for the degree at Monmouth. To obtain a copy of the Application for Form I-20 and instructions, visit www.monmouth.edu/admission/graduate/international.asp. This document is required and must be completed before the Form I-20 can be issued. Undergraduate applicants who have attended a school outside of the United States must
submit official evidence of secondary school completion and certified original copies of national examination results where applicable.

International undergraduate freshman applicants from English-speaking countries must take the SAT and meet regular standards for admission. To learn from which countries the SAT is required, please visit http://www.monmouth.edu/admission/international/toefl.asp.

**International Transfer Applicants**

Credentials submitted from foreign institutions will be evaluated by the Transcript Evaluator for credit transfer. Official college transcripts for all college-level work, regardless of whether the credit will be transferrable, must be sent directly from the institution at which the credit was completed. Official transcripts, mark sheets, diplomas, degrees, and/or certificates of all secondary and post-secondary academic records and examination results are required. If fewer than twenty-four transferrable credits have been completed, high school/secondary school transcripts must also be provided. Transcripts that are not in English must be translated and evaluated by a reputable credential evaluation service, including members of the National Association of Credential Evaluation Services (NACES), and then sent directly from the agency to Monmouth University. A course-by-course evaluation is required for all non-English transcripts. Course descriptions in English of all completed course work are also required if not included in the course-by-course evaluation. Transcripts are considered official when sent directly to Monmouth University from the college/university at which the courses were taken and certified by the institution’s Registrar’s Office, Ministry of Education, or when sent directly from the evaluation agency along with the translation and evaluation to the Office of Admission Processing. Photocopied documents or transcripts marked “issued to student” are not accepted as official.

The records should list all courses the student has taken and grades received in each subject. Course descriptions and/or syllabi and the number of weeks and hours spent in lectures and laboratory work for each course are required of transfer applicants if transfer credit is expected. Only credits from recognized accredited institutions will be considered for direct transfer into any degree program. All course work is subject to approval by the department chair of the specific program chosen; not all courses may transfer. A maximum of seventy-two credits will be allowed for undergraduates transferring from a two-year accredited institution; a maximum of ninety-six credits will be allowed when transferring from a four-year accredited institution.

Course work done through national examination may be considered for credit by department evaluation, credit by examination, waiver, or portfolio if results meet specific department and/or University requirements and standards.

Students may, upon request, be required to have previous academic work validated, at the student’s expense, through an outside credential evaluation service.

Failure to declare and/or present all academic work, or presentation of academic records that are found to be altered or of a questionable nature, may result in non-acceptance of student or dismissal of student from the University. Generally, international students currently studying in the United States who wish to transfer to Monmouth University should follow the regular transfer admission process. The English proficiency/SAT requirement can be waived for international students who have completed at least twenty-four transferable credits of which at least three are in English at the 100 level or higher. See details referenced in the International Applicants section for English proficiency requirements. An international student transferring from an institution within the United States must provide the following documentation:

- Admission application
- Nonrefundable application fee
- Official transcript(s)
- Official test scores (as applicable)
- Monmouth University’s F-1 Transfer form if currently enrolled at a U.S. institution (http://www.monmouth.edu/Student/grad/Transfer.pdf) and Monmouth University’s Application for Form I-20 http://www.monmouth.edu/uploadedFiles/Content/University/admission/international-students/FormI20.pdf

In addition, the transfer applicant should request the previous institution to transfer his or her Student and Exchange Visitor Information System (SEVIS) record.

International transfer applicants must also
provide financial support documentation (see details referenced in the International Applicants section).

VETERANS AND WAR ORPHANS

Complete information regarding benefits and procedures for applying may be obtained from the Office of the Registrar or the Financial Aid Office. Monmouth University is approved by the New Jersey Department of Military and Veterans' Affairs for veterans' benefits.

MILITARY APPLICANTS

Monmouth University has been designated as an institutional member of Service Members Opportunity Colleges (SOC), a group of over 400 colleges and universities providing voluntary postsecondary education to members of the military throughout the world. As an SOC member, Monmouth University recognizes the unique nature of the military lifestyle and has committed itself to easing the transfer of relevant course credit, providing flexible academic residency requirements, and crediting learning from appropriate military training and experiences. SOC has been developed jointly by educational representatives of each of the Armed Services, the Office of the Secretary of Defense, and a consortium of thirteen leading, national higher education associations; it is sponsored by the American Association of State Colleges and Universities (AASCU) and the American Association of Community and Junior Colleges (AACJC).

NON-DISCLOSURE

Failure to submit complete records of all previous academic experiences will result in a student being denied admission, or, in the case of nondisclosure or misrepresentation, the rescinding of admission previously granted.
Tuition and Fees

FINANCIAL INFORMATION

Tuition and fees are subject to annual increases at the discretion of the Board of Trustees. Tuition and fees charges listed below are in effect as of May 18, 2015. Monmouth University reserves the right to alter any and all charges and to do so within the academic year.

Monmouth University (on campus)
TUITION AND FEES PER SEMESTER
May 18, 2015

It should be noted that more than 80 percent of Monmouth University students are eligible for financial aid. Depending upon family financial circumstances—regardless of income—actual costs could be considerably less than published student charges. Inquiries should be directed to the Office of Financial Aid.

TUITION AND FEES PER SEMESTER

Effective May 18, 2015, for the Summer 2015, Fall 2015, and Spring 2016 Semesters

- UNDERGRADUATE
  12 - 18 credits .................... $16,514.00 ($350.00*)
  Each credit in excess of 18 ............ $956.00/credit
  9 - 11.5 credits .................. $956.00/credit ($350.00*)
  Less than 9 credits ........ $956.00/credit ($175.00*)
  Auditor Program .................. $318.00/credit
  Summer Session ..................... $809.00/credit

- GRADUATE
  9 or more credits .......... $1,047.00/credit ($350.00*)
  Less than 9 credits ....... $1,047.00/credit ($175.00*)
  Auditor Program ................. $350.00/credit
  Summer Session ..................... $1,058.00/credit

- SENIOR CITIZENS (Undergraduate and Graduate)
  9 or more credits ........ $275.00/credit ($350.00*)
  Less than 9 credits ........ $275.00/credit ($175.00*)

* The Comprehensive Fee includes services provided by: Student Center, Student Activities, Health Center, Intercollegiate and Intramural Athletics, Placement, Counseling, and Registration.

parking fee.

Explanation of Tuition, Fees, and Deposits
Tuition Charges: Undergraduate students are billed according to
their status as matriculated full-time or part-time students. Full-time undergrad-
uate students will be billed, upon registering for a
given semester, for tuition at the full-time rate; those
who register for more than eighteen credits will have
an additional charge for each credit over eighteen,
billed at the part-time rate. Part-time students are
billed at the per-credit rate. Undergraduate students
wishing to change status must process a Request
to Change Enrollment Status form with the Office
of the Bursar. In addition, part-time, non-matriculated
students must receive approval of the Office of
Undergraduate Admission before a change to full-
time status can be processed.

Under this policy, undergraduate students
whose status is full time will be billed at the full-time
rate, regardless of the number of credits for which
they are registered, until a Request to Change
Enrollment Status form is processed. If a full-time
student fails to register for a full-time load by the end
of the registration period, the University will adjust
the billing and change the student’s status accord-
ingly. An undergraduate student whose status is
part-time will be billed at the part-time per-credit rate,
unless registered for twelve or more credits (then the
student will be billed at the full-time rate). Summer
tuition will be billed at the per-credit rate regardless
of status.

Financial Aid awards will be based on the
student’s status, and students should be aware that
change in status may affect Financial Aid eligibility.

Graduate students are assessed tuition on a
per-credit basis.

Comprehensive Fee: The Comprehensive
Fee includes services provided by the Student Center,
Student Activities, Health Center, Intercollegiate and
Intramural Athletics, Placement, Counseling, and
Registration.

Application Fee: This nonrefundable fee is
for the cost of processing undergraduate and gradu-
ate applications.

Acceptance Deposit: This deposit must
be paid by all new full-time undergraduate stu-
dents (twelve or more credits) prior to registration.
Acceptance deposits paid by transfer students are
not refundable. Acceptance deposits paid by fresh-
men for the fall semester are refundable until May 1.

Orientation Fee: This fee is charged to new
students to cover the expenses of the orientation
program.

Late Payment Fee: A fee is charged to all
students who have not properly made final financial
arrangements with the Bursar by the payment due
date.

Parking Fee: This fee is charged to all res-
ident students who register a motor vehicle with the
campus police. Failure to register vehicles will result
in parking fines.

Returned Check Fee: A fee is charged for
each uncollectible check issued to the University.

Residence Hall Room Reservation
Deposit: Students who wish to reserve space in the
residence halls are required to forward a $150 room
reservation deposit and signed contract prior to reg-
istration. The $150 is applied as a credit toward room
rent.

Residence Hall Contract Cancellation
Fee: This fee is charged to students who have con-
tracted to reserve space in the residence hall and fail
to cancel that contract prior to June 1. This fee is in
addition to forfeiture of the room reservation deposit.

Physical Education Fee: This fee is for the
use of equipment required in the physical education program.

**Laboratory and Studio Fee:** This fee is charged in addition to the tuition for each laboratory or studio course. It covers costs of additional class hours and special materials.

**Credit by Examination Fee:** This fee is for the administrative and personnel costs for the Credit by Examination program.

**Portfolio Assessment Fee:** This fee is for the administrative and personnel costs for the Portfolio Assessment program.

**Study Abroad Fee:** This fee is charged to Monmouth University students who have been granted permission to enroll in a Study Abroad program sponsored by another college or university.

**Student Teacher Early Field Experience Fee:** This fee is charged to education majors to offset the expense of the early field experience.

**Student Teaching Field Experience Fee:** This fee is charged to education majors to offset the expense of student teaching.

**Clinical Laboratory and Practicum Fee:** This fee is charged to offset the additional costs associated with certain clinical laboratory and practicum courses.

**Terms of Payment**

Payment of fall semester charges are due in August, and spring semester charges are due in December. Specific dates are set annually and can be viewed on the Bursar Web page under “Payment Deadlines.” **Cash and Debit Card:** accepted in person at the Office of the Cashier located on the first floor of the Wilson Hall Annex. Call 732-571-7540. **Check or Money Order:** accepted in person, as above, or mailed in the envelope that is enclosed with your bill. The student’s ID number must be written on all checks and money orders. **Credit Cards:** Visa, MasterCard, Discover, and American Express are accepted. You may fill out the form included with your bill and return it in the envelope, also provided. This form of payment is also accepted both in person and over the phone. The person to whom the credit card is issued must call. **Online:** by electronic check or credit card by either logging into your WEBstudent account and selecting “Account Summary” (if you have a balance due, a button will appear at the bottom of the screen to allow you to make an online payment), or accessing our Electronic Payment Gateway. Be prepared to fill in the student’s ID number, first name, last name, and then follow the remaining steps.

A student who becomes delinquent in payments due during the year may be barred from classes. Financial clearance must be met for a student to graduate or receive transcripts, either official or unofficial (student copy).

If payment is not made as required, the student may not be allowed to register for future semesters/terms until the outstanding balance is satisfied. In addition, all collection costs and fees, including, but not limited to, attorneys’ fees incurred by the University, will be paid by the student.

**Tuition Payment Plan**

To accommodate parents and students who prefer to pay for educational expenses in monthly installments, the following plan is available as of April 1 for the upcoming school year. The University reserves the right to alter the programs accepted from time to time.

The following organization is not affiliated with Monmouth University, and any questions regarding the tuition plans should be directed to the address below:

Tuition Management Systems

Phone: (800) 356-8329  
Web site: www.afford.com

**REFUND POLICY**

- **Summer Sessions**

Refunds, upon withdrawal from summer sessions, will be made according to the policy stated below:

- **Students who withdraw from a four-week or six-week summer session** within the first week of the session will receive 100% refunds. Withdrawals after the first week are not eligible for refunds.
- **Students who withdraw from a nine-week or twelve-week summer session** within the first week of the session will receive 100% refunds. Fifty-percent refunds will be given if courses are withdrawn in the second week. Withdrawals after the second week are not eligible for refunds.
REFUND POLICY FOR COMPLETE WITHDRAWALS

- Fall and Spring Semesters

Tuition and fees, including room and board fees, will be refunded upon complete withdrawal from all semester courses according to the policy stated below:

Students who withdraw completely from the University after the opening of classes will receive 100% refunds (less a $500 cancellation fee as detailed in the Housing Contract) through the end of the first week of the semester. Students who withdraw completely after the first week of the semester will receive pro-rata refunds (less a $500 cancellation fee as detailed in the Housing Contract) calculated on the basis of days enrolled through the sixtieth percent point in the semester. Example: For a semester consisting of seventy-five days, the sixtieth percent point would be the forty-fifth day. Note that weekends are not included toward days counted. Please refer to the Registration Information online for semester start and end dates. Withdrawals after the sixtieth percent point in the semester are not eligible for refunds.

All refunds will be based on the official date of withdrawal, which is the date the completed withdrawal eFORM or an e-mail message (e-mail must be from the student’s University e-mail account and sent to registrar@monmouth.edu) is received by the Office of the Registrar (OR). The University encourages students to make notification of withdrawal in writing as outlined above; however, verbal communication in the form of a phone call to the OR will be accepted within the following guidelines:

- The call must be made during business hours (Monday through Friday, 9 a.m. to 5 p.m.).
- The call must be communicated by the student (not a parent or designate) directly to the OR personnel. Voice messages will not be accepted.
- The student must provide name, last four digits of his or her social security number, and his or her unique Monmouth student ID number.
- Telephone withdrawals will be confirmed by the OR.
- The student is responsible for ensuring that the withdrawal is communicated to the OR.

- International students cannot use e-mail or telephone contact with the OR. International students must coordinate registrations and withdrawals with the Office of International Student Services.

Pro-rata percentages are applied against tuition, comprehensive fee, lab fee, orientation fee, and room and board fees (less a $500 cancellation fee for students who have contracted for housing). The resulting amount is then compared to any student payments that may have been made with the difference being the amount still due the University or the amount available to be refunded. There will be no refunding of moneys paid for health insurance, books, supplies, damages, fines, or other fees not mentioned above. Any amount available for refund will be returned to its sources. Federal Title IV aid, state aid, and University aid will receive refunds prior to any refund being paid to the student.

REFUND POLICY—COMPLETE WITHDRAWAL IMPORTANT NOTICE FOR STUDENTS WITH FEDERAL STUDENT FINANCIAL ASSISTANCE

Under new regulations that implement the Higher Education Amendments of 1998, students who completely withdraw from the University are responsible for repaying the unearned portion of loans and grants received in excess of charges to their student account directly to the federal government. Failure to return unearned grant funds to the U.S. Department of Education may result in the student becoming ineligible for financial aid in future academic years. Students who have been advised that they have unearned grant funds should contact the Office of Financial Aid, 732-571-3463, for information regarding making repayment arrangements with the U.S. Department of Education. Loans are to be repaid by the student in accordance with terms of their promissory note.

If the amount of aid credited to a student’s account at the time of withdrawal is less than the amount of aid earned based on the proportion of the semester that the student was enrolled, a post-withdrawal disbursement of aid can be made. If there are outstanding charges on the student’s account, the University will make the post-withdrawal disbursement to the student’s account. If there are no outstanding charges on the student’s account, the University must notify the student regarding the availability of the post-withdrawal disbursement. The stu-
dent must inform the University within fourteen days of this notification as to whether the student wishes to receive the post-withdrawal disbursement. No post-withdrawal disbursement will be made unless the University receives a response from the student within this timeframe.

REFUND POLICY FOR PARTIAL WITHDRAWALS

- **Fall and Spring Semesters**

  All refunds will be based on the official date of withdrawal, which is the date the completed withdrawal eFORM is received by the Office of the Registrar (OR). E-mail or verbal communication will not be accepted for communicating partial withdrawals to OR. Only the completed withdrawal eFORM will be accepted.

  **Full-time undergraduate students** who are registered for twelve to eighteen credits in the semester are not entitled to any refund when withdrawing from one or more, but not all, courses after the first week of the semester. If the student drops below twelve credits prior to the end of the first week of the semester, the student’s status will be changed to part-time, and the student will be billed at the per-credit rate. Full-time undergraduate students should note that enrolling for fewer than twelve credits may affect eligibility for financial aid. Those students who are registered for credits in excess of eighteen will be entitled to refunds for tuition paid for credits in excess of eighteen according to the partial withdrawal refund schedule for part-time undergraduate students and graduate students, which follows below.

  **Part-time undergraduate students and all graduate students** who withdraw from one or more courses during the semester while remaining registered for one or more courses are entitled to 100 percent refunds on the courses dropped if the courses are dropped during the first week of the semester or on the day following the first class meeting. Fifty-percent refunds will be given if the courses are withdrawn from during the second week. Withdrawals after the second week are not eligible for refunds.

HOUSING CONTRACT: REFUND SCHEDULE

Students who change housing and/or board arrangements during the semester while continuing as students at Monmouth University are eligible only for such refunds (less a $500 cancellation fee as detailed in the Housing Contract) as established by the Office of Residential Life. Further information on this process is available from the Office of Residential Life at 732-571-3465.

APPEAL POLICY FOR REFUNDS

Appeals for exceptions to the Refund Policy should be made in writing to the Assistant to the Vice President for Student Financial Appeals within one year of the beginning of the semester in question. Information about this process is available from the Office of the Vice President of Finance at 732-571-3427. Further information or explanation of the Refund Policy is available from the Office of the Bursar or online at http://www.monmouth.edu/campus_life/bursar/refund.asp.

Students filing appeals for exceptions to the University Refund Policy are advised that there is a possibility that the amount of Financial Aid they may receive, or may have received, may be adversely affected. Students are advised that it is their responsibility to meet with a representative from the Financial Aid Office to see how filing an appeal will affect their financial aid package.
Financial Aid

Monmouth University believes that financing a student’s education should be a cooperative effort between the student and the institution. To that end, the staff of the Financial Aid Office is available to assist students and their families in developing a comprehensive educational financial plan. Students and families are strongly encouraged to call or visit the Financial Aid Office to engage in this planning process; the office may be reached by phone at 732-571-3463 or via e-mail at finaid@monmouth.edu.

APPLICATION PROCESS

Monmouth University uses the Free Application for Federal Student Aid (FAFSA) as its primary application for all federal, state, and institutional financial aid programs; no supplementary applications are required. Students are encouraged to apply online at www.fafsa.gov.

The FAFSA is completed each year using the student’s and parents’ federal income tax data and should also include Monmouth University’s Title IV School Code (002616). Where possible, students should utilize the Data Retrieval Tool (DRT) on the FAFSA to import their tax information directly from the IRS’s database into the FAFSA; once income data has been imported no changes to that data should be made. Completed FAFSAs may be submitted to the U.S. Department of Education after January 1.

Monmouth University does not have established deadlines for processing financial aid. However, students are encouraged to file as soon after January 1 as possible, as funding for several types of financial aid is limited, and funds are awarded on a first-come, first-served basis. Further, New Jersey residents must file the FAFSA to be considered for state grant (TAG) eligibility and should be aware of the following FAFSA filing deadlines:

First time TAG recipients ...October 1 of the current academic year
Prior TAG recipients ..................June 1 of the preceding academic year
Spring Term only ....................March 1 of the current academic year

Financial data provided on the FAFSA will be forwarded electronically to the University and will be the basis for the creation of the student’s financial aid package. The financial aid package will be communicated to the student via the Financial Aid Award Letter; newly enrolling students will receive a hard copy award letter, while continuing students will receive their award letter via e-mail to their University e-mail address. The student is then expected to confirm acceptance of the offer of financial aid by returning to the Financial Aid Office a signed copy of the award letter (continuing students may simply reply to the award letter e-mail); a copy is also provided for the student’s records.

Generally, the initial offer of financial assistance delineated in the award letter is non-negotiable. The financial aid package may, however, be
altered as a result of one or more of the following conditions:

- Changes in the student’s housing status
- Changes in the student’s enrollment (i.e., credit hours) status
- Lack of satisfactory academic progress
- Receipt of financial aid from an outside source
- Discrepancies noted as a result of the verification process

(Note that the U.S. Department of Education selects applications for verification. The verification process entails the comparison of actual financial data to that supplied on the FAFSA. Students selected for this process will be notified by the Financial Aid Office and will be asked to supply copies of federal tax return transcripts [if the Data Retrieval Tool was not utilized] and a completed verification worksheet; additional documents may also be requested.)

**FUNDING SOURCES**

The student’s financial aid package may be comprised of a combination of grant, scholarship, loan, and work-study funding. Grants and scholarships are forms of assistance that do not have to be repaid, while loans must be repaid with interest. (Note that interest rates and repayment terms vary as a function of the type of loan a student has secured.) The following paragraphs identify and describe the types of funding available at Monmouth University.

**Undergraduate Grants and Scholarships**

- **Monmouth University Academic Scholarships and Grants**

  The primary form of assistance offered to full-time incoming freshmen and transfer students is provided through the incentive grant, academic grant, and academic excellence scholarship programs. Awards are made by the Office of Undergraduate Admission to students who qualify on the basis of their prior academic performance; awards are not based upon financial need. New freshmen are evaluated on the basis of their cumulative high school grade point average and their standardized test scores (e.g., SAT and ACT scores). Transfer awards are made based upon the student’s cumulative college grade point average. For both new and transfer students, award amounts will vary as a function of academic performance.

  Awards are renewable for the entirety of the student’s undergraduate career, provided the student maintains a full-time enrollment status (at least twelve credit hours) and a satisfactory level of academic progress; student teachers in their final semester of student teaching may receive a prorated award if they are only enrolled for nine credit hours. Students receiving the incentive grant are required to maintain a minimum cumulative grade point average of at least 2.0; academic grant recipients must maintain a minimum cumulative grade point average of at least 2.5; and excellence scholarship recipients must maintain a minimum cumulative grade point average of at least 3.0. In the event that the student fails to maintain satisfactory academic progress, the award may be reduced or cancelled.

  Incentive grants, academic grants, and academic excellence scholarships may only be applied toward tuition assessed by Monmouth University, and, therefore, cannot be applied toward housing costs; academic awards are applicable to study abroad costs only when tuition is assessed by Monmouth University, to study at the Washington Center, and to off-campus internships for Medical Laboratory Science and Clinical Laboratory Science majors. For students in the Medical Laboratory Science and Clinical Lab Sciences programs, the award will be prorated during the semester(s) in which course work is not taken at Monmouth University. The award will be prorated by the amount of the non-Monmouth tuition as a percentage of Monmouth tuition. These awards will not be made in conjunction with other institutional benefits such as employee tuition remission or the tuition exchange program. Awards are available only during the regular academic year (i.e., fall and spring semesters) and are not offered during the summer term.

- **Part-time Academic Scholarships**

  The part-time academic scholarship is awarded to students who enter the University as a part-time student in the following majors: nursing, computer science, math, software engineering, chemistry, biology, or medical laboratory science. The award amount is $100 per credit. Renewal is dependent on the student remaining in a part-time status in the specified major. Awards will not be made in conjunction with other institutional benefits.
such as employee tuition remission or the tuition exchange program. Awards are available during the fall, spring, and summer terms.

• **Transfer Science Scholarships**

Grants are offered to full-time transfer students with a major in the School of Science and who meet certain academic criteria. Candidates are identified by the Office of Undergraduate Admission. The award is $4,000 per academic year and is renewable. To renew, students must maintain full-time status, have a cumulative grade point average of 3.0 or better, and remain a science major.

The award may only be applied toward tuition assessed by Monmouth University; the award is also available for study at the Washington Center or for externships for Medical Laboratory Science or Clinical Laboratory Science majors. For students in the Medical Laboratory Science and Clinical Lab Sciences programs, the award will be prorated during the semester(s) in which course work is not taken at Monmouth University. The award will be prorated by the amount of the non-Monmouth tuition as a percentage of Monmouth tuition. The awards will not be awarded in conjunction with other institutional benefits such as employee tuition remission or the tuition exchange program. The grant in combination with all other grants, scholarships, and need-based loans will not exceed direct cost (e.g., tuition, fees, and room/board for resident students). Awards are available only during the regular academic year (i.e., fall and spring semesters) and are not offered during the summer term.

• **Science Achievement Scholarship**

This scholarship is awarded to students who are first-time, full-time freshmen with a major in the School of Science. The Office of Undergraduate Admission selects students for the scholarship. The scholarship may be renewed provided the student maintains full-time status, at least a 3.0 or greater cumulative grade point average, and a major in the School of Science. Award amounts vary based on the initial acceptance. The scholarship is $4,000 per academic year.

The award may only be applied toward tuition assessed by Monmouth University and is applicable to costs associated with study abroad only when tuition is assessed by Monmouth University or study at the Washington Center. For students in the Medical Laboratory Science and Clinical Lab Sciences programs, the award will be prorated during the semester(s) in which course work is not taken at Monmouth University. The award will be prorated by the amount of the non-Monmouth tuition as a percentage of Monmouth tuition. The awards will not be awarded in conjunction with other institutional benefits such as employee tuition remission or the tuition exchange program. The grant in combination with all other grants, scholarships, and need-based loans will not exceed direct cost (e.g., tuition, fees, and room/board for resident students). Awards are available only during the regular academic year (i.e., fall and spring semesters) and are not offered during the summer term.

• **Shadow Lawn Grants**

Grants are offered to first-time, full-time students who are either permanent residents of a state other than New Jersey or who are science majors and meet certain academic criteria. Candidates are identified by the Office of Undergraduate Admission. The award is $4,000 per academic year and is renewable. To renew, students must maintain full-time status, a cumulative grade point average of 3.0 or better, and, if the award was based on the student being a science major, the student must remain a science major.

The award may only be applied toward tuition assessed by Monmouth University and is applicable to costs associated with study abroad only when tuition is assessed by Monmouth University; the award is also available for study at the Washington Center or for externships for Medical Laboratory Science or Clinical Laboratory Science majors. For students in the Medical Laboratory Science and Clinical Lab Sciences programs, the award will be prorated during the semester(s) in which course work is not taken at Monmouth University. The award will be prorated by the amount of the non-Monmouth tuition as a percentage of Monmouth tuition. The awards will not be awarded in conjunction with other institutional benefits such as employee tuition remission or the tuition exchange program. The grant in combination with all other grants, scholarships, and need-based loans will not exceed direct cost (e.g., tuition, fees, and room/board for resident students). Awards are available only during the regular academic year (i.e.,
fall and spring semesters) and are not offered during the summer term.

- **Athletic Grants**
  The Department of Athletics offers grants-in-aid, frequently called athletic scholarships, to student-athletes who meet the eligibility requirements as per National Collegiate Athletic Association (NCAA) bylaws. These grants-in-aid are offered and renewed at the discretion of the head coach with the consent and approval of the Director of Athletics and the Director of Financial Aid, within the guidelines prescribed by Monmouth University, and the NCAA. Grants-in-aid are made for the academic year; funding for summer course work is awarded at the discretion of the Director of Athletics. Student athletes who receive an athletic scholarship must complete a Grant-In-Aid agreement, as prepared by the Department of Athletics.

- **University-Endowed and Sponsored Scholarships**
  The University offers a number of sponsored and endowed scholarships, which have been made possible through the generosity of friends of the University. All enrolled students automatically receive consideration for these awards, and there is no student-initiated application process. The Financial Aid Office will identify a preliminary pool of candidates for each scholarship, except where stipulated by the donor, and will select the candidate who most closely matches the donor-established criteria. Scholarship recipients will be notified via the Financial Aid Award Letter. Where possible and as permitted by donor stipulated criteria, the Financial Aid Office will make every effort to renew the awards in subsequent years.

- **Great Lawn Grant**
  The Great Lawn Grant is awarded to first-time full-time students on the basis of unmet financial need (as defined by the U.S. Department of Education) and academic performance. All applicants for admission are given due consideration, and recipients are selected by the Director of Financial Aid.
  Awards are valued at up to $4,000 and may only be applied toward tuition assessed by Monmouth University; awards are applicable to costs associated with study abroad only when tuition is assessed by Monmouth University or study at the Washington Center. For students in the Medical Laboratory Science and Clinical Lab Sciences programs, the award will be prorated during the semester(s) in which course work is not taken at Monmouth University. The award will be prorated by the amount of the non-Monmouth tuition as a percentage of Monmouth tuition. The awards will not be made in conjunction with other institutional benefits such as employee tuition remission or the tuition exchange program. The grant in combination with all other grants, scholarships, and need-based loans will not exceed direct cost (e.g., tuition, fees, and room/board for resident students). Awards are available only during the regular academic year (i.e., fall and spring semesters) and are not offered during the summer term. Awards are renewable provided the student maintains a cumulative grade point average at Monmouth University of at least 2.5 and continues to demonstrate unmet financial need.

- **Phi Theta Kappa Scholarship**
  Phi Theta Kappa is a national honor society for students at junior or community colleges. A limited number of scholarships at Monmouth University are available for students who are members of the society at the time they enroll at Monmouth; a maximum of four (4) scholarships will be offered. The Office of Undergraduate Admission will identify and select the recipients. Awards are valued at $1,500 per year and may only be applied toward tuition assessed by Monmouth University; awards are applicable to costs associated with study abroad only when tuition is assessed by Monmouth University or study at the Washington Center. The awards will not be made in conjunction with other institutional benefits such as employee tuition remission or the tuition exchange program. The scholarship in combination with all other grants, scholarships, and need-based loans will not exceed direct cost (e.g., tuition, fees, and room/board for resident students). Awards are available only during the regular academic year (i.e., fall and spring semesters) and are not offered during the summer term. Awards are renewable provided the student maintains a cumulative grade point average at Monmouth University of at least 3.0.

- **Yellow Ribbon**
  Monmouth University has voluntarily entered into a Yellow Ribbon Agreement with the Department of Veterans Affairs (VA). The agreement is com-
completed on an annual basis and includes the maximum number of students to be funded, degree level of the recipients, and the maximum contribution by the University. The University’s contribution is matched by the VA. Students must be 100% eligible for Post-9/11 benefits to qualify for the Yellow Ribbon program. All interested students must complete the University’s online Yellow Ribbon Application. Full-time undergraduate students must submit an enrollment deposit before being considered for the program, and part-time students must submit a part-time reply form to the Office of Undergraduate Admission. A Certificate of Eligibility and DD-214 are required from all students at least two weeks prior to the start of their first semester. At present, the University provides funding for a total of up to forty (40) students – both undergraduate and graduate. Awards are made on a first-come, first-served basis, and students are notified of their eligibility through an award letter. Students serving on active duty are not eligible for the Yellow Ribbon Program. Students in the Yellow Ribbon Program are not eligible for other institutional grants or scholarships. The Federal Supplemental Educational Opportunity Grant (FSEOG), the Perkins loan, and work study are only awarded to students living on campus, provided that the student has remaining unmet need after the Yellow Ribbon Grant and other VA benefits are considered. Yellow Ribbon recipients may receive the Pell Grant in addition to the benefit. Students are not issued refunds until the University receives payment from the VA. For students attending a full academic year, Yellow Ribbon benefits are generally awarded in the spring semester after the Post-9/11 benefits have been exhausted. Awards are renewable, provided that the student remains enrolled as a full-time student, and meets the established standards of Satisfactory Academic Progress for federal and state awards, and continues to meet VA-specified eligibility requirements.

- Federal Pell Grant
  The Federal Pell Grant ranges from $626 to $5,775 per year and is available to all undergraduate students, both full- and part-time, who have demonstrated extreme financial need, as defined by the U.S. Department of Education; extreme financial need is evaluated using the completed FAFSA. Pell Grants are available during the regular academic year (i.e., fall and spring semesters) and may be available during the summer term, depending upon each student’s financial aid status during the academic year. Awards are renewable, provided that the student continues to demonstrate extreme financial need and meets the established standards of Satisfactory Academic Progress for federal awards. Awards are applicable to costs associated with study abroad or study at the Washington Center.

- Federal Supplemental Educational Opportunity Grant (FSEOG)
  The FSEOG is awarded to undergraduate students who demonstrate extreme financial need and is generally awarded to students who are Pell Grant recipients. On average, Monmouth University awards $650 to FSEOG recipients. Funding is limited, and priority is given to students who have filed their FAFA in a timely fashion. FSEOG is available during the regular academic year (i.e., fall and spring semesters) and may be available during the summer term. Awards are renewable, provided that the student continues to demonstrate extreme financial need and meets the established standards of Satisfactory Academic Progress for federal awards. Awards are applicable to costs associated with study abroad when the tuition is assessed by Monmouth University or study at the Washington Center.

- Federal TEACH Grant
  Through the College Cost Reduction and Access Act of 2007, Congress created the Teacher Education Assistance for College and Higher Education (TEACH) Grant that provides grants of up to $4,000 per year (including the summer term); students may receive a maximum of $16,000 in TEACH Grant funding for undergraduate studies. In exchange for receiving a TEACH Grant, the student must agree to serve as a full-time teacher in a high-need field (e.g., bilingual education and English language acquisition, foreign language, mathematics, reading specialist, science, special education, or other identified teacher shortage areas) in a public or private elementary or secondary school that serves low-income students. As a recipient of a TEACH Grant, the student must teach for at least four academic years within eight calendar years of completing the program of study for which the TEACH Grant was awarded. IMPORTANT: If the student fails to complete this service obligation, all TEACH Grants
that the student received will be converted to a Direct Unsubsidized Loan, with interest having accrued since the date the TEACH grants were originally disbursed. The student must then repay this loan to the U.S. Department of Education. Note: TEACH Grant recipients will be given a six-month grace period prior to entering repayment if a TEACH Grant is converted to a Direct Unsubsidized Loan.

Eligibility Requirements
To receive a TEACH Grant, the student must meet the following criteria:

- Complete the Free Application for Federal Student Aid (FAFSA), although you do not have to demonstrate financial need;
- Be a U.S. citizen or eligible non-citizen;
- Be enrolled as an undergraduate, post-baccalaureate, or graduate student in a postsecondary educational institution that has chosen to participate in the TEACH Grant Program;
- Be enrolled in course work that is necessary to begin a career in teaching or plan to complete such course work. Such course work may include subject area courses (e.g., math courses for a student who intends to be a math teacher);
- Meet certain academic achievement requirements (generally, scoring above the 75th percentile on a college admissions test or maintaining a cumulative GPA of at least 3.25); and
- Sign a TEACH Grant Agreement to Serve, and complete an Entrance Counseling session.

New Jersey Tuition Aid Grant (TAG)
Students who are full-time undergraduates, have demonstrated financial need (as determined by the FAFSA), and have been New Jersey residents for at least twelve consecutive months prior to the beginning of the academic year may be eligible to receive the TAG. (Note that TAG grants may be available under certain conditions for students in their last semester who are part-time.) Final determinations of eligibility are made by the New Jersey Higher Education Student Assistance Authority (NJHESAA). For the 2014-2015 academic year, grant amounts range from approximately $1,930 to $12,016. Grants are renewable annually based upon continued financial need and Satisfactory Academic Progress, but will be awarded for a maximum of nine semesters of full-time undergraduate enrollment. Students who have not previously received a TAG must apply by completing the FAFSA by October 1 for the fall and spring semesters and by March 1 for the spring only. Prior TAG recipients must complete the FAFSA by June 1. TAG grants are only available during the regular academic year (i.e., fall and spring semesters). Awards are applicable to costs associated with study abroad or study at the Washington Center.

The FAFSA serves as the primary application for TAG, but at the conclusion of the FAFSA there is a supplemental application that students must complete and submit NJHESAA. Students will be notified of their eligibility by NJHESAA. Funding of this award is subject to change due to annual State budget appropriations.

Educational Opportunity Fund (EOF) Grant
The undergraduate EOF program is designed to provide access to higher education for New Jersey residents who might otherwise not have the opportunity to obtain a college education. An applicant to the EOF program must have been a legal resident of New Jersey for at least twelve consecutive months prior to receipt of the grant, matriculate as a full-time student, have an economic background that reflects a history of poverty, and demonstrate the need for improvement of educational basic skills. Parents of dependent students must also meet the New Jersey residency requirement. Funding is, however, limited, and there is a competitive application process. Once accepted into the program, students receive additional academic, social, and financial support; both the state of New Jersey and the University provide grants to EOF students. Students who believe they might qualify are encouraged to contact the University’s EOF Office at 732-571-3462. New EOF students must complete the FAFSA by October 1, while currently enrolled EOF students must complete it by June 1. EOF funding is available during the regular academic year (i.e., fall and spring semesters), and is available on a limited basis during the summer term. In order to receive funding during the summer, students must complete a summer financial aid application. Requests for summer funding are reviewed by the Director of the EOF program in conjunction with the Assistant Director of Financial Aid, and are prioritized as follows: (1) students scheduled to grad-
uate at the conclusion of the summer or fall term; (2) science majors and (3) students who have changed majors. All other requests will be fulfilled as funding permits. Academic year awards are renewable, provided that the student continues to demonstrate extreme financial need, meets the established standards of Satisfactory Academic Progress for state awards, and is in compliance with the institutional requirements of the EOF program. Awards are applicable to costs associated with study abroad, when tuition is assessed by the University, or study at the Washington Center; approval for off-campus study is at the discretion of the Director of the EOF program and students may use Monmouth University EOF funding for only one off-campus study experience.

• **New Jersey Survivor Tuition Benefits Program**
  The Survivor Tuition Benefits Program is for New Jersey residents who attend Monmouth University on, at least, a half-time basis who are spouses and/or dependents of emergency service personnel or law enforcement officers killed in the line of duty. Grants pay the actual cost of tuition up to the highest tuition charged at a New Jersey public institution of higher education. For the fall and spring terms, applications must have been submitted by October 1. Survivor Tuition Benefits are only available during the regular academic year (i.e., fall and spring semesters) and only to those students who began their enrollment prior to Fall 2011.

• **Law Enforcement Officer Memorial Scholarship**
  The Law Enforcement Officer Memorial Scholarship (LEOMS) benefits dependent children of New Jersey law enforcement officers who were killed in the line of duty. The scholarship is awarded up to the cost of attendance less any other scholarships, grants, benefits, and other assistance awarded under the NJHESAA statute and may be renewed for up to four years. Students must be U.S. citizens or eligible non-citizens and enrolled on a full-time basis. The application deadline for the fall and spring semesters is October 1, and for the spring only the deadline is March 1. An application may be downloaded from www.njgrants.org. The LEOMS is only available during the regular academic year (i.e., fall and spring semesters).

• **World Trade Center Scholarships**
  Students — either dependent children or surviving spouses — should contact the Financial Aid Office directly for assistance in accessing the educational benefits that are available to them.

• **Governor’s Urban Scholarship Program**
  The New Jersey Higher Education Student Assistance Authority (NJHESAA) provides eligible students awards of $1,000 each year for up to four years as part of the Governor’s Urban Scholarship Program. These funds are only available during the fall and spring terms. To be eligible for this award, students must meet all the following criteria:
  • Reside in one of the designated high-need communities in New Jersey: Asbury Park, East Orange, Jersey City, Millville, New Brunswick, Plainfield, Trenton, Camden, Irvington, Lakewood, Newark, Paterson, Roselle, or Vineland.
  • Be a U.S. citizen or eligible non-citizen with appropriate approval from the United States Citizenship and Immigration Services (USCIS).
  • Be a New Jersey resident for at least twelve consecutive months prior to receiving the award.
  • File a FAFSA each year within the State-established deadlines (October 1 for new students; June 1 for continuing students).
  • Be Tuition Aid Grant (TAG)-eligible (if at any point in time the student is no longer eligible for TAG funding, the Urban Scholarship money will be cancelled.)
  • Be matriculated full-time in an eligible academic program.
  • Make satisfactory academic progress in order to continue to receive the award.

There is no separate application for the scholarship; eligible students will be notified by NJHESAA. Funding of this award is subject to change due to annual State appropriations.

• **New Jersey Student Tuition Assistance Reward Scholarship (STARS) II**
  The NJ STARS II Program is a continuation of the NJ STARS I Program that provides successful NJ STARS I students at New Jersey county colleges with funding to transfer to a New Jersey four-year college/university to earn a bachelor’s degree. NJ STARS II awards may only go toward tuition,
unless the student is also a Tuition Aid Grant (TAG) recipient, in which case it goes toward tuition and approved fees. All other State and Federal grants and scholarships will be applied to the charges first; the award will not exceed $1,250 per semester. NJ STARS II awards are dependent upon annual State budget appropriations. Awards are available only during the regular academic year (i.e., the fall and spring semesters) and are renewable, provided the student meets the established standards of Satisfactory Academic Progress for state awards. Awards are applicable to costs associated with study abroad when the tuition is assessed by Monmouth University or study at the Washington Center.

In order to be eligible for this scholarship, students must:

- Be a NJ STARS I recipient or NJ STARS I eligible and unfunded (e.g., student would otherwise qualify for STARS I, but tuition and approved fees are fully covered by other state and/or federal aid).
- Have graduated from a NJ county college with an associate degree and a GPA of 3.25 or higher.
- Have family income (including taxable and untaxed income) less than $250,000.
- Be admitted to a NJ four-year institution that participates in the TAG program.
- Begin NJ STARS II program participation no later than the second semester immediately following county college graduation.
- Be enrolled full-time (twelve credits or more) each semester.
- Submit their FAFSA and submit any requested documentation to complete or verify the application within established State deadlines.

**LOANS**

- **Direct Subsidized Loan**

  This is a federally funded loan program that is available to any undergraduate student who has completed the FAFSA, demonstrated financial need, is a matriculated student enrolled for at least six credit hours in one term, is a United States citizen or permanent resident, has maintained Satisfactory Academic progress and is not in default on a prior student loan; creditworthiness is not a requirement for the Direct Subsidized Loan. An undergraduate student may borrow between $3,500 and $5,500, depending upon class level. The interest rate is fixed at 4.29 percent for loans disbursed between July 1, 2015, and before July 1, 2016; the interest rate is fixed for the life of the loan. Interest does not accrue while the student is enrolled for at least six credit hours in one term; interest does not accrue while the loan is in a grace period. Borrowers are charged, by the federal government, an up-front origination fee. For loans disbursed on or before October 1, 2014 and before October 1, 2015, the origination fee is 1.073 percent of the principal amount of the loan, for loans disbursed on after October 1, 2015 and before October 1, 2016, the fee is 1.068 percent.

  The Financial Aid Office will notify new borrowers when a promissory note is available electronically for signature; students may complete the promissory note online at https://studentloans.gov/myDirectLoan/index.action. Borrowers must complete the promissory note and complete an entrance counseling session before the loan funds will be credited electronically to the student’s account. The student will begin repayment of the loan six months after graduation or cessation of half-time enrollment. Direct Subsidized Loans are available during the regular academic year (i.e., fall and spring semesters) and may be available during the summer term, depending upon the student’s borrowing during the academic year; to access loan funds during the summer term, students must complete the University’s Summer Financial Aid Application. In order to receive Direct Loan funding in subsequent academic years, the student must meet the established standards of Satisfactory Academic Progress for federal awards. Awards are applicable to costs associated with study abroad or study at the Washington Center.

- **Direct Unsubsidized Loan**

  The Direct Unsubsidized Loan is a federally funded, low-interest-rate loan with eligibility requirements, terms, and conditions similar to those of the Direct Subsidized Loan. The primary difference is that interest accrues on the loan immediately after it is disbursed and while the student is enrolled. Students with no financial need are permitted to borrow through the Direct Unsubsidized loan program and may borrow between $3,500 and $5,500, depending upon class level. All undergraduate students, regardless of financial need, are eligible for $2,000 in Unsubsidized Loan funds each academic year, up
to a maximum of $8,000. Independent students (or dependent students, whose parents are unable to borrow a Federal Direct PLUS Loan, see below) may borrow additional amounts under the Federal Direct Unsubsidized Loan program, as follows:

- $4,000 per year for undergraduate students who have completed fewer than fifty-six credits
- $5,000 per year for undergraduate students who have completed more than fifty-six credits

Direct Unsubsidized Loans cannot exceed the student’s budgeted cost of attendance in combination with other aid. The interest rate is fixed at 4.29 percent for loans disbursed on or after July 1, 2015 and before July 1, 2016. Borrowers are charged, by the federal government, an up-front origination fee. For loans disbursed on or before October 1, 2014 and before October 1, 2015, the origination fee is 1.073 percent of the principal amount of the loan, while for loans disbursed on after October 1, 2015 and before October 1, 2016, that fee is 1.068 percent. The Financial Aid Office will notify new borrowers when a promissory note is available electronically for signature; students may complete the promissory note online at www.studentloans.gov.

Borrowers must complete the promissory note and complete an entrance counseling session before the loan funds will be credited electronically to the student’s account. Direct Unsubsidized Loans are available during the regular academic year (i.e., fall and spring semesters) and the summer term; to access loan funds during the summer term, students must complete the University’s Summer Financial Aid Application. In order to receive Direct Loan funding in subsequent academic years, the student must meet the established standards of Satisfactory Academic Progress for federal awards. Awards are applicable to costs associated with study abroad or study at the Washington Center.

- **Direct Parent Loan for Undergraduate Students (PLUS)**

  This is a federally funded loan program. Parents of eligible dependent undergraduate students (i.e., the student is enrolled as a matriculated student in at least six credits, is U.S. citizen or permanent resident, has maintained Satisfactory Academic Progress, has completed the FAFSA, and is not in default on a prior student loan) may apply for this loan; the parent must also meet general eligibility criteria (i.e., the parent must be a U.S. citizen or eligible non-citizen and must not be in default on a prior student loan). The PLUS loan is not based on financial need, but borrowers must demonstrate creditworthiness. Eligible borrowers may borrow the difference between the cost of attending Monmouth and any other financial aid the student receives. For loans disbursed after July 1, 2015 and before July 1, 2016, the interest rate is fixed at 6.84 percent. Borrowers are charged, by the federal government, an up-front origination fee. For loans disbursed on or before October 1, 2014 and before October 1, 2015, the origination fee is 4.292 percent of the principal amount of the loan, while for loans disbursed on after October 1, 2015 and before October 1, 2016, that fee is 4.272 percent. Interest begins to accrue on the loan once it is disbursed and, unless the parent borrower requests an in-school deferment, the first payment is due sixty days after the loan is fully disbursed. Repayment lasts between ten and twenty-five years based on the total amount borrowed and the repayment option chosen by the borrower.

  The parent borrower must complete the application and promissory note online at www.studentloans.gov. Shortly after the beginning of each term, the University’s Financial Aid Office will arrange to have the funds electronically transferred to the student’s account.

  Direct PLUS Loans are available during the regular academic year (i.e., fall and spring semesters) and the summer term; to access loan funds during the summer term, students must complete the University’s Summer Financial Aid Application. In order to receive Direct Loan funding in subsequent academic years, the student must meet the established standards of Satisfactory Academic Progress for federal awards. PLUS loans are applicable to costs associated with study abroad or study at the Washington Center.

- **Perkins Loan**

  The Perkins Loan program is funded by the federal government and is awarded to students who demonstrate extreme financial need and who meet the general eligibility criteria for federal financial aid. The loan does not accrue interest while the student is enrolled at least half-time (six credit hours) but does
begin to accrue interest, at a rate of 5 percent, nine months after the student has graduated, withdrawn from the University, or dropped below six credit hours of enrollment. The loan carries a ten-year repayment term. Regulation allows students to borrow up to $5,500 annually, but the level of funding allotted to Monmouth University permits only an average award of approximately $600 annually. Funding is limited, and priority is given to students who have filed their financial aid application in a timely fashion. Prior to the beginning of the term, students will be notified when their Perkins Loan promissory note is available for them to complete electronically. Funds will not be credited to the student’s account until the promissory note and an entrance counseling session have been completed. Funding is available during the academic year only (i.e., fall and spring semesters) and are applicable to costs associated with study abroad or study at the Washington Center. Renewal of the award in subsequent years is contingent upon timely filing of the FAFSA, availability of funding, and meeting the standards of Satisfactory Academic Progress required for federal awards.

**Monmouth University Loan Fund**

This loan program is funded by Monmouth University. Awards are made at the discretion of the Director of Financial Aid and are not renewable; the amount of the award is also at the discretion of the Director. Monmouth University Loan Funds may not be applied to costs associated with off-campus study (e.g., study abroad or study at the Washington Center). The terms and conditions of the loan are as follows:

- Interest on the loan is fixed at 7 percent for the life of the loan and begins to accrue nine (9) months after the student ceases at least half-time (i.e., six credits) enrollment. When the student ceases half-time enrollment, he or she enters repayment.
- While in repayment, the student is expected to make quarterly payments of principle and interest and there is minimum annual payment of $200 of principle and interest.
- The maximum repayment term is ten (10) years and there is no penalty for prepayment.

**Tudor Loan**

This program is funded by a donor to Monmouth University. Awards are made at the discretion of the Director of Financial Aid to students who are in need and are made at a maximum of $1,000. Awards are not renewable. Tudor Loan funds may not be applied to costs associated with off-campus study (e.g., study abroad or study at the Washington Center). The terms and conditions of the loan are as follows:

- Interest on the loan is fixed at 5 percent for the life of the loan and begins to accrue nine (9) months after the student ceases at least half-time (i.e., six credits) enrollment. When the student ceases half-time enrollment, he or she enters repayment.
- While in repayment, the student is expected to make quarterly payments of principle and interest and there is minimum annual payment of $200 of principle and interest.
- The maximum repayment term is ten (10) years and there is no penalty for prepayment.
- In order to accept the offer of a Tudor Loan, students must complete a promissory note and disclosure documents as prepared by the Financial Aid Office.

**Alternative Loans**

Alternative Loans are available to students through private lenders. These types of loans are an option for students who are either ineligible to borrow through the Direct Loan program or who have exhausted their eligibility for Direct Loan funding. Generally, students may apply for a loan of up to the cost of education, as determined by the Financial Aid Office, minus any other aid (including federal loans). Alternative Loans are not regulated by the federal government, and the terms and conditions of the loans may vary widely among lenders. Since there are many options, students will want to compare lenders to find the Alternative Loan that best meets their needs. As a starting point, we have
compiled a list of preferred lenders. The lenders appearing on the list have been chosen without prejudice and for the sole benefit of Monmouth University students. Interest rates and fees, borrower benefits, life of loan servicing, and meeting customer service standards have all been taken into consideration on our lender evaluation scorecard (available online for review). Students are free to choose ANY lender—whether it is on the list or not—without penalty. In the event that you choose a lender not appearing on the list, please notify the Financial Aid Office so we may assist in processing your loan.

Interested students are encouraged to contact the Financial Aid Office at 732-571-3463 or visit www.monmouth.edu/alternative for assistance in selecting the loan that best suits their needs.

**EMPLOYMENT**

- **Federal Work Study for Undergraduate Students**

  This federally funded program provides on- and off-campus employment in a variety of settings to eligible students. Students are compensated at a competitive wage and may work between five and twenty hours per week during the academic year. Students are paid by check bi-weekly; work study earnings are not credited to the student’s account.

  Eligibility and award amounts are based upon demonstrated financial need, in the context of the total amount of financial aid received by the student from all other sources. To be considered for the Federal Work Study program, the student must have filed the FAFSA. Funding is limited, and priority is given to students who have filed their financial aid application in a timely fashion. The average work study award made to students during the 2014-2015 academic year was $2,000.

- **On-Campus Employment**

  The University offers a limited number of part-time, on-campus jobs to students not eligible for Federal Work Study; to be considered for on-campus employment, students must complete the FAFSA. Students are compensated at a competitive wage, dependent upon the skills required to perform the assigned tasks. Generally, students in this non-need-based employment program are limited to a maximum number of twenty hours per week.

  For more information on employment, please call the Student Employment Office at 732-263-5706.

**SATISFACTORY ACADEMIC PROGRESS**

Federal regulations require institutions to establish minimum standards of satisfactory academic progress for students receiving federal, state, and/or institutional financial aid. In the determination of satisfactory academic progress, all course work is considered, whether or not the student received financial aid at the time the work was completed.

Financial aid at Monmouth University is awarded to students for the entire academic year or summer session. Academic progress for all aid recipients is reviewed at the conclusion of the spring semester. If a student has not met all of the requisite standards, the student will be ineligible to receive federal, state, and/or institutional funds. Students who are deemed ineligible will be offered the opportunity to submit an appeal; refer to the Appeals section below for the appropriate procedure.

The standards for determining satisfactory academic progress at Monmouth University are measured along three dimensions: cumulative grade point average, pace, and maximum time frame.

**To remain in good standing, a student must meet each of the three requirements:**

- **Cumulative Grade Point Average:**

  Consistent with the general academic requirements of the University, students must meet the following grade point average requirements to retain their eligibility for financial aid:

<table>
<thead>
<tr>
<th>Class</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>FRESHMEN</td>
<td>1.60</td>
</tr>
<tr>
<td>SOPHOMORES</td>
<td>2.00</td>
</tr>
<tr>
<td>JUNIORS</td>
<td>2.00</td>
</tr>
<tr>
<td>SENIORS</td>
<td>2.00</td>
</tr>
</tbody>
</table>

  Please refer to Academic Definitions of freshman, sophomore, junior, and senior class standing.

  **Note:** Students must have earned a cumulative GPA of 2.00 or better by the end of their second academic year, regardless of whether or not they have completed enough credits to attain junior class standing.
• **Pace:** All students must successfully complete at least 67 percent of the credit hours for which they enroll/attempt. Note that repeated courses and course work assigned grades of “W,” “F,” or “I” will not be counted as hours completed toward graduation but will be counted as attempted credits. Course work taken at the developmental level (i.e., courses numbered “050”) will also be counted as hours attempted. These factors should be kept in mind when planning a class schedule. Students receiving credit for courses transferred from another institution will have those credits counted as both attempted and completed credits in the evaluation of Satisfactory Academic Progress.

• **Maximum Time Frame:** Students must also meet the maximum time frame component of satisfactory academic progress. The maximum number of credits an undergraduate student may attempt and receive funding for is 192. This figure is 150 percent of the published number of credits (128) required to complete an undergraduate degree program.

All students must meet the minimum requirements, as previously noted, to retain their eligibility to receive federal (i.e., Pell Grant, work study, Stafford Loans, Perkins Loan, and SEOG) and state (i.e., TAG, EOF, and NJCLASS loans) funding. Additionally, students awarded the Monmouth Academic Excellence Scholarship, Monmouth Academic Grant, or Monmouth Incentive Grant must also meet the academic requirements for their particular award. Students receiving the Monmouth Academic Excellence Scholarship may attempt and receive funding for up to 192 credits (150 percent of 128). Students receiving the Monmouth Academic Grant must maintain a cumulative grade point average of at least 2.50, and students receiving the Monmouth Incentive Grant must maintain a cumulative grade point average of at least 2.00. Recipients of the Shadow Lawn Grant must maintain a cumulative grade point average of at least 3.0, while Great Lawn Grant awardees must maintain a 2.5; each sponsored or endowed scholarship may require unique criteria for renewal, and recipients will be advised of those criteria.

**Appeals Process**

When a student is deemed ineligible for financial aid, the student will be provided with written notification of ineligibility. The student will have the opportunity to submit a written appeal for review. All such appeals should be forwarded to the Associate Director of Financial Aid. The Associate Director will review the appeal and may elect to return the student to good standing, continue the student’s financial aid probationary period, reduce the student’s financial aid award, or uphold the determination of ineligibility (i.e., cancel the student’s financial aid). Students submitting an appeal will be provided written notification of the outcome of their appeal.

Circumstances which might merit an appeal include, but are not limited to, the following: serious illness or injury to the student or a member of the student’s immediate family, a death in the immediate family, or divorce. Generally, only appeals that involve documentable circumstances beyond the student’s control which have had an impact upon the student’s academic performance will be considered. Supporting documentation of the circumstances forming the basis for the student’s appeal must be submitted with the appeal. Students who have been deemed ineligible in a prior semester, but who have since improved their performance to the required level, are also encouraged to submit an appeal for the reinstatement of their aid; the student’s financial aid will not be automatically reinstated.

**RETURN OF FINANCIAL AID WHEN A STUDENT WITHDRAWS**

The federal government mandates that students who withdraw from all classes may only keep the financial aid they have “earned” up to the time of withdrawal. Funds that have been disbursed in excess of the earned amount must be returned by the University and/or the student to the federal government. Thus, the student could owe aid funds to the University, the government, or both.

A student is considered to have officially withdrawn when he or she notifies the University of his or her intent to withdraw from all classes. The date of the official notice is considered the last date of attendance and will be the date used for calculating the amount of financial aid to be returned. A student who receives a combination of “F” and/or “W” grades at the end of a semester is considered unofficially withdrawn. Instructors report the last recorded date
of attendance for the student. This will be the date used for calculating the amount of financial aid to be returned to the federal government. Please refer to the section entitled Course Withdrawals within this catalog for withdrawal policies and procedures.

To determine the amount of aid the student has earned up to the time of withdrawal (either official or unofficial), the Financial Aid Office divides the number of calendar days the student has attended classes by the total number of calendar days in the semester (minus any scheduled breaks of five days or more). The resulting percentage is then multiplied by the total federal funds that were disbursed for the semester; institutional funds, state funds, and alternative loans will be prorated in the same manner. (Note that if the student remains enrolled and attends class beyond the 60 percent mark of the semester in which aid is received, all federal aid is considered earned and not subject to a refund calculation.)

This calculation determines the amount of aid earned by the student that he or she may keep (for example, if the student attended 25 percent of the term, the student will have earned 25 percent of the aid disbursed). The unearned amount (total aid disbursed minus the earned amount) must be returned to the federal government by the University and/or the student. The Financial Aid Office will notify and provide instructions to students who are required to return funds to the government.

Funds that are returned to the federal government are used to reimburse the individual federal programs from which the student received the aid. Financial aid returned (by the University and/or the student or parent) must be allocated, in the following order, up to the net amount disbursed from each source:

1. Federal Direct Unsubsidized Loan
2. Federal Direct Subsidized Loan
3. Federal Perkins Loan
4. Federal Direct PLUS (Parent) Loan
5. Federal Pell Grant
6. Federal Supplemental Educational Opportunity Grant (FSEOG)
7. Other Federal Loan or Grant Assistance

Students whose circumstances require that they withdraw from all classes are strongly encouraged to contact the Financial Aid Office and their academic advisor before doing so. At that time, the consequences of withdrawing from all classes can be explained and clearly illustrated. Financial aid counselors can provide refund examples and further explain this policy to students and parents.

Students who withdraw from the University may also be entitled to a refund of a portion of their tuition, fees, and room/board charges, dependent upon the point in time at which the student withdraws. See the Tuition and Fees section of this catalog for detailed information on the University’s tuition, fee, and room/board refund policies.
Undergraduate Academic Programs, Support Services and Regulations

DEGREE PROGRAMS
Monmouth University offers a variety of courses and programs at the undergraduate level. The curriculum provides for general education in the liberal arts and intensive study in one or more major disciplines. Classes are offered year-round during the day and in the evening. Candidates for bachelor’s degrees may select majors or concentrations from the following (for specific details, please see the appropriate school section):

WAYNE D. McMURRAY SCHOOL OF HUMANITIES AND SOCIAL SCIENCES
DEAN: Kenneth Womack, PhD

Completion of the following programs leads to the Bachelor of Arts (BA) Degree:
• Anthropology
• Art
• Art with a Concentration in Photography
• Communication
• Criminal Justice
• English
• English with a Concentration in Creative Writing
• Foreign Languages with a Concentration in Spanish
• Foreign Languages with a Concentration in Spanish and Communication
• Spanish and International Business
• History
• History-Political Science Interdisciplinary
• Interdisciplinary Studies
• Music
• Music with a Concentration in Music Industry
• Political Science
• Political Science with a Concentration in International Relations
• Political Science with a Concentration in Legal Studies
• Psychology
• Sociology

Completion of the following program leads to the Bachelor of Science (BS) Degree:
• Homeland Security

Completion of the following programs lead to the Bachelor of Fine Arts (BFA) Degree:
• Fine Arts in Art with a Concentration in Animation
• Fine Arts in Art with a Concentration in Graphic and Interactive Design
SCHOOL OF SCIENCE  
CO-DEANS: Catherine Duckett, PhD and John Tiedemann, MS

Completion of the following programs leads to the Bachelor of Science (BS) Degree:
- Biology
- Biology with a Concentration in Molecular Cell Physiology
- Chemistry
- Chemistry with a Concentration in Advanced Chemistry
- Chemistry with a Concentration in Biochemistry
- Chemistry with a Concentration in Chemical Physics
- Clinical Laboratory Science with a Concentration in Cytotechnology (no new students effective Fall 2015)
- Clinical Laboratory Science with a Concentration in Medical Laboratory Science
- Computer Science with a Concentration in Advanced Computing
- Computer Science with a Concentration in Applied Computing
- Marine and Environmental Biology and Policy
- Mathematics
- Mathematics with a Concentration in Statistics
- Medical Laboratory Science
- Software Engineering

LEON HESS SCHOOL OF BUSINESS  
DEAN: Donald M. Moliver, PhD

Completion of the following program leads to the Bachelor of Science (BS) Degree:
- Business Administration with a Concentration in Accounting, Economics, Economics and Finance, Finance, Finance and Real Estate, International Business, Management and Decision Sciences, Marketing, Marketing and Management and Decision Sciences, or Real Estate

Completion of the following program leads to the Bachelor of Arts (BA) Degree:
- Spanish and International Business

SCHOOL OF EDUCATION  
DEAN: John E. Henning, PhD

Completion of the following programs leads to the Bachelor of Arts (BA) Degree:
- Education (elementary or secondary). Must be combined with a content major from Anthropology, Art, English, English with a Concentration in Creative Writing, Foreign Language with a Concentration in Spanish, History, History/Political Science, Music, or Political Science.
- Special Education Endorsement (elementary or secondary). Must be combined with a content major from Anthropology, English, English with a Concentration in Creative Writing, Foreign Language with a Concentration in Spanish, History, or Music and Education.

Completion of the following programs leads to the Bachelor of Science (BS) Degree:
- Education (elementary or secondary). Must be combined with a content major from Biology, Chemistry, Health/Physical Education, or Mathematics.

SCHOOL OF NURSING AND HEALTH STUDIES  
DEAN: Janet Mahoney, PhD

Completion of the following program leads to the Bachelor of Science in Nursing (BSN) Degree:
- Nursing – (Pre-Licensure and RN to BSN)
Completion of the following programs leads to the Bachelor of Science (BS) Degree:

- Health Studies
- Health/Physical Education

SCHOOL OF SOCIAL WORK
DEAN: Robin Mama, PhD

Completion of the following program leads to the Bachelor of Social Work (BSW) Degree:

- Social Work

**DEGREE REQUIREMENTS**

**Bachelor’s Degrees**

The fundamental purpose of Monmouth University is to foster a love of learning and enable our graduates to enjoy a better quality of life and contribute to the greater health and well-being of all communities, human and natural. A Monmouth University undergraduate education provides an understanding of the world in which we live, the skills and knowledge needed to pursue further education and a career, an awareness of civic responsibility including the opportunities for service and leadership in the public interest, and the ability to engage in a lifetime of learning. Specific learning goals are embodied within the six categories described below.

Monmouth University students will be prepared to embark on a journey of lifelong learning and will:

1) Be empowered with a mastery of practical and intellectual skills, including writing, reading, speaking, qualitative and quantitative reasoning, technology, information literacy, and critical thinking;

2) Be informed by knowledge of the natural and social sciences and basic forms of inquiry, including competence in basic research skills, scientific method, collaborative problem solving, and working in interdisciplinary groups;

3) Have self-understanding based upon reflection, judgment, self-examination, independence of mind, and creativity;

4) Have an understanding of the human experience based upon knowledge of history, culture, interdependence, equality, justice, diversity, commonality, and contemporary global affairs;

5) Be responsible for ethics in social interactions, community involvement, and civic action; and

6) Relate academic knowledge to broader life and career pursuits, and acquire a depth of knowledge in a major field.

All candidates for bachelor’s degrees must complete the **General Education Requirements** listed on the following page. (Transfer students should also refer to the General Education Transfer Equivalencies, which are located in the Admission section of this catalog.) These requirements, generally satisfied in the first two years, provide foundations designed to enhance all major courses of study. During the first semester at Monmouth, all first-year students take First Year Seminar. This course, taught by full-time faculty on a variety of engaging topics, introduces students to university-level academic culture and its norms, values, and practices.

In the senior year, all students take an interdisciplinary perspectives course that affords the opportunity to explore a focused problem, topic, or issue. The ability to bring a variety of intellectual tools to complex problems is encouraged, and course formats include discussion and group projects.

**Notes:**

1. Two courses from the same foreign language may be used to fulfill the Cultural Diversity and Global Understanding requirements.
2. No course may fulfill more than one of these general education requirements. However, a course that fulfills a major requirement or a requirement outside the major may also be used to partially fulfill these general education requirements (although, the course may only be used once for this purpose).
Please visit the University Web site for information regarding General Education Curriculum and Learning Goals at www.monmouth.edu/academics/general_education.

Additional requirements, including major requirements, are referenced in the sponsoring school under the appropriate discipline. The major must be chosen by the end of the sophomore year. All majors require the completion of a minimum total of 128 credits, with at least fifty-eight credits from courses at the 200-level or higher. In addition to completing all required course work for the degree, the cumulative grade point average must be at least 2.00 and the grade point average in the major must be at least 2.10 for courses completed at Monmouth. All students must complete the last thirty-two (32) credits at Monmouth; this requirement is called the “residency requirement.” Residency requirements for transfer students are discussed further in the Admission section of this catalog under Transfer Applicants.

**FIRST YEAR SEMINAR**

FY-101 is a three-credit academic course designed to help new students make a successful transition into the intellectual life of Monmouth University. The courses are taught on a variety of subjects by full-time professors from all academic disciplines, who engage students in scholarly inquiry within their areas of interest and expertise. Within the courses, students sharpen higher-level academic skills, study ethical issues related to both course topic and to University life, and learn about Monmouth resources and opportunities. Students also gain experience in critical analysis of information and hone their research and collaborative problem-solving skills. **First Year Seminar is a requirement for all first-year students entering Monmouth University with eighteen (18) credits or fewer and must be taken during the student’s first semester at Monmouth.**

Additional information may be found at www.monmouth.edu/FYSeminar.

**EXPERIENTIAL EDUCATION REQUIREMENTS**

Experiential Education courses allow students to connect what they have learned in the classroom to external experiences, such as internships (paid or unpaid), research opportunities, service learning projects, or study abroad. Through these experiences students gain deeper understanding and develop field-related competencies. They are able to explore possible future careers and lifestyles while considering local and global options, discover and understand other cultures, reflect upon personal and professional development, and relate their experience to life after Monmouth.

Examples of ways a student could complete the ExEd requirement include the following:

* Internships (including practicums, fieldwork, and student teaching)
* Service Learning
* Research
* Study Abroad
* ExEd designated courses

Students who wish to learn more about Experiential Education and explore career and service learning opportunities, potential courses, and placement options in each academic discipline are encouraged to visit the program’s Web site. Experiential Education courses are listed in the Catalog under each academic major and minor, in the “Search for Classes” section of WEBstudent, and on the program’s interactive Web site found at http://www.monmouth.edu/exed/.

Students must consult their faculty advisors to learn more about the specific ways in which the ExEd requirement is completed in their respective disciplines, to plan for meaningful work and service experiences that are relevant to their personal and career goals, and to follow the process for applying for ExEd credit. When students plan for an internship practicum, service learning, or corporate project they must complete fifty (50) hours for every one credit of experiential course work, except for students who are Art and Design majors. These students must complete seventy (70) hours for every one credit of experiential course work.

Beyond satisfying the ExEd requirement, students are encouraged to explore additional experiential learning opportunities that foster critical thinking and that emphasize the application of real-world knowledge and skills.

Nontraditional students who have returned to school after gaining experience in the work world should inquire about the Experiential Education Portfolio Policy. Work experience that can be documented (including military service) can serve as credit for the ExEd requirement.

To further explore internship and service
learning opportunities, students should contact Career Services, located in the lower level of the Rebecca Stafford Student Center.

To learn more about Study Abroad, students should contact the Study Abroad office, located on the 1st floor of the Rebecca Stafford Student Center.

**Experiential Education Portfolio Policy**

The portfolio process was designed for the nontraditional student who has returned to school after experience in the work world that can be documented (including military service) and serve as credit for the experiential education requirement within his or her major. Students who wish to submit a portfolio package for consideration in fulfillment of the Experiential Education general education requirement must produce a body of official documentation, which is outlined below.

1. The departmental chairperson should initiate a memo to which all copies of the documentation from the student are attached. Chairs should indicate their agreement or reservations for approval and then forward the package to the chair of the Experiential Education Committee.
   
   a. résumé;
   
   b. a minimum 3-5-page academic piece, such as a short research paper or reflection journal on past learning activities, if the student did not carry out the internship/service learning activity for academic credit or under faculty supervision (from any post-secondary institution);
   
   c. academic transcript;
   
   d. company/organization letters that verify work experience for which the student is trying to get credit;
   
   e. brief statement that outlines the time frame, circumstances, and manner under which the experience occurred.
   
   f. Individual departments have the option to add additional requirements to this procedure.

2. After receiving and assessing such work, the chair will send the Dean’s Office the completed academic piece and the student’s portfolio; the Dean’s Office will then forward this information to the Experiential Education Committee for final approval. After all of the appropriate signatures have been obtained, the memo will then be forwarded to the Registrar for appropriate accreditation.

Students must demonstrate through a detailed dossier a substantial background of career or community service experience related to their chosen program of study. While each department will determine the guidelines for portfolio experience, it is recommended that students have engaged in a particular career or community service activity for at least four consecutive years.

All portfolio dossiers must be reviewed and receive initial approval by the department chairperson and school dean before they are forwarded to the chair of the Experiential Education Committee. Students cannot exercise the portfolio option if the department of their chosen academic studies requires certain Experiential Education courses as part of their major.

**Experiential Education Travel Class Policy**

A travel class is defined as any trip taken with a faculty member to be exposed to learning opportunities out of the classroom.

Faculty may request that a travel class be considered as an experiential education class if the course meets the following guidelines:

1. Students will engage in a learning project, prearranged with a supervisor at the destination (not the faculty member) for a minimum of fifty (50) hours/one (1) credit.

2. Students will produce a daily log, reflective essay, and an external evaluation from their supervisor while at the destination.

3. The course will comply with all other Experiential Education requirements regarding percentage of assignments and number of hours, etc.

4. If faculty offers the class for some students as Experiential Education and some without Experiential Education credit, classes can be cross-listed as such on a case-by-case basis.

**DUAL MAJORS**

Students wishing to simultaneously satisfy the requirements of two degree programs should observe the following guidelines:

- The “Change Program Major” e-FORM should be used to declare intent of satisfying the requirements of two degree programs.
• The official curriculum for each degree program is the curriculum in effect at the time of declaring that particular degree program.  
• The student is responsible for coordinating the course requirements of the two curricula and should seek appropriate advising in both departments.  
• The student will receive one diploma stating both major programs if each program is associated with the same degree; if the degrees are different, two diplomas will be issued. The fact of the dual majors should be declared before the time of the application for graduation.  
• Students following dual programs must complete both programs to graduate.  

MINORS

Minor programs are designed to let students pursue a guided course of study in an area outside their major. Minors normally require at least one-half the number of credits of the major. Courses transferred into Monmouth University may apply toward the minor, but at least nine credits must be earned at Monmouth University. A 2.10 minimum grade point average is required in the minor.  

Once a student declares a minor, his or her academic program will be modified to include the minor. The Registrar will record the minor on the student’s transcript only after the student has completed the minor and has satisfied all requirements for the appropriate baccalaureate degree. Students with a declared but incomplete minor at the time of completion of their major will not graduate unless written notice is received by the Office of the Registrar to delete the minor. The written notice must be received no later than ten (10) days prior to graduation.  

Students cannot minor and major in the same discipline. Students cannot minor and major in the same department unless there are minimally nine distinct credits that are independent in each program. Credits required as part of a concentration are not considered distinct credits. Students with two or more minors must also have a minimum of nine (9) distinct credits for each minor. Other restrictions might apply; see the individual curriculum charts for specifics.  

Curriculum charts for minor programs are found in Appendix “B.”

SECOND BACCALAUREATE DEGREE

Monmouth University graduates with a baccalaureate degree desiring to return to Monmouth University for an additional baccalaureate degree must satisfy, by taking additional courses, a minimum of thirty-two (32) additional credits of the curriculum requirements in effect at time of readmission and declaration of the major. Any student who has completed a degree program at Monmouth University will be considered to have met the residency requirement, but transfer credits taken subsequent to the first degree program may not be applied toward the second baccalaureate degree.  

Students with baccalaureate degrees from other institutions who wish to enter Monmouth to receive a second baccalaureate degree will be accepted on a case-by-case basis and must satisfy the existing policy for transfer students. Please see the Admission section of this catalog for more details.  

Students may not pursue a second baccalaureate degree in the same major. Students requesting second baccalaureate degrees in a major where a graduate degree exists will likely be denied acceptance into the second baccalaureate degree upon School/department review. If an application for a second baccalaureate is considered, only credits relevant to the second baccalaureate degree will be evaluated for designated course credit; all other credits will be designated as free electives. Students enrolling for a second baccalaureate must satisfy all Monmouth general education requirements. A minimum of thirty-two (32) curriculum credits must be completed to receive a baccalaureate degree. Additional credits may be necessary in order to satisfy curriculum requirements in the second baccalaureate.

The Honors School

DEAN: Kevin Dooley, PhD
ASSISTANT DEAN: Stanley Blair, PhD

The Honors School offers a program for high-achieving students, doing so in a supportive learning community that provides enhanced curricular and co-curricular experiences. This program fosters enthusiasm for intellectual inquiry as a lifelong process and incorporates interdisciplinary approaches to education to encourage the intellectual growth and ethical growth necessary for a successful college and post-college life.

Honors students work closely with faculty mentors as they pursue scholarly research, writing, and dissemination. They complete twenty-five honors credits, twelve at the lower level in general education and thirteen at the upper level in their major. Students fulfill their twelve general education credits by taking sections restricted to Honors students. Limited in size to no more than twenty students, these Honors classes promote faculty and student rapport and participation. Many courses, moreover, such as in English, History, Anthropology, Psychology, Sociology, and Political Science, are “clustered” together by a cohesive theme that encourages seeing the connections among different fields of study, thereby encouraging an integrative approach to learning. Students in the cluster take these courses together, further fostering friendship and collaborative learning. For students whose strengths lie in Math and Sciences, we also offer Honors sections at the lower level.

At the upper level, students complete thirteen credits of Honors courses in the major, culminating in the Senior Honors Thesis. The thesis is completed as a tutorial, with the close support and intellectual guidance of faculty mentors.

Thanks to an ample budget comprised of both internal and external funds, the Honors experience is enriched by numerous social, cultural, and academic co- and extracurricular activities; over twenty cultural events are subsidized by the School every year. In addition, the Honors School offers awards for excellence starting in the freshman year and the opportunity in the junior and senior years for one of the five $1,000 Jane Freed Grants-in-Aid-of-Creativity for the best Senior Honors Thesis proposals.

Many Honors students present their work at academic conferences, publish in professional journals, and present at national conferences. The five Freed Grant recipients may publish their theses in the Honors undergraduate research journal, Crossroads. Honors students also enjoy enhanced opportunities after graduation. In addition to corporate placement, more than 50 percent of Honors students go on to pursue graduate and professional degree programs. Graduation from the Honors School is noted on the student’s transcript and diploma. Best of all, Honors students know that they have completed a program that encourages intellectual risk in a supportive and caring environment.

Study Abroad

Monmouth University encourages study abroad as an excellent means of globalizing one’s education. Qualified students can participate in study abroad either through the Monmouth University programs in London, Sydney, Cádiz, and Florence; or through any program offered by an approved or accredited U.S. institution of higher education. Students who plan to study abroad in a program other than one sponsored by Monmouth University cannot enroll through another school or consortium when that program is offered through Monmouth University.

Study abroad at any one of Monmouth’s programs or through other approved programs will satisfy the experiential education component of the general education requirements provided that a minimum of six credits are successfully completed.

Students wishing to study abroad must meet the following qualifications:
1. At least sophomore status.
2. A minimum GPA of 2.75.
3. Not be on judicial probation.
4. Not be on academic probation.

Students must meet these criteria at the time of application and immediately prior to studying abroad. Failure to do so will result in the student’s removal from the study abroad program.

- Monmouth University Study Abroad in London, Sydney, Cádiz, or Florence

Tuition for the Monmouth study abroad programs is charged at the same rate as on-campus tuition. All merit awards and scholarships apply, except for athletic scholarships and tuition remission. Students attending the Monmouth programs
will have all grades listed on their transcript, but the grades will not be calculated into their grade point average (GPA). Institutional credit will be granted for all earned grades.

Students considering this opportunity should consult with Ms. Robyn Asaro, Assistant Director for Study Abroad, on the first floor of the Rebecca Stafford Student Center.

**Non-Monmouth Study Abroad Programs**

Students who choose the option of studying abroad under the auspices of other accredited programs must meet the study abroad criteria specified above and should also follow the guidelines as provided on the “Study Abroad – non-Monmouth Program” form available from e-FORMS. The e-FORM will be electronically routed for approvals, with an e-mail confirmation when all approvals have been obtained. The final e-mail approval will include a copy of the approved form so the student can provide a copy to the other institution.

Students planning to attend a foreign institution must do so utilizing the services of an American university. Students are required to have the host school send an official transcript to the Registrar’s Office. Students considering this opportunity should consult with the Office of the Registrar, Wilson Hall, room 208.

**The Washington Center**

Monmouth University is affiliated with the Washington Center that provides semester and summer internship programs in Washington, DC, for all majors. Internships in the capital that combine on-the-job experience with academic study are available in the White House, Congress, the courts, cabinet-level agencies, think tanks, professional and trade associations, print and electronic media, financial institutions, law firms, with lobbyists, high-tech industries, museums, theaters, advertising agencies, and market research firms. The Monmouth University liaison to the Washington Center is Dr. Joseph Patten, Political Science Department, Bey Hall.

An internship course number will be assigned for use by any department wishing to place interns. Specific application of credits to degree requirements will be approved by the department chair and school dean in advance of enrolling. Students register for fifteen credits: twelve for the internship and three for the academic course. Students who successfully complete the Washington Center Program automatically satisfy the experiential education requirement.

**Accelerated Programs**

In several programs a student may complete requirements for a baccalaureate degree within three calendar years. Students who are considering such an accelerated program should consult with advisors to plan their course sequences carefully.

**Certificate Programs**

Certificate programs offer students an opportunity to obtain a concentrated education in a specialized area. Students who successfully complete the stated requirements and have a minimum GPA of 2.10 for the certificate courses will be awarded the appropriate certificate. Certificates are awarded on the dates when degrees are conferred (with the exception of the Information Technology Certificate, which can be awarded prior to graduation). Students must complete the “Application for Graduation” e-FORM the semester prior to the completion of the certificate. Certificates will be awarded after graduation from Monmouth University for students also in baccalaureate programs. Curriculum charts for certificate programs are available online through Monmouth University’s homepage, www.monmouth.edu (Academics, Registrar, Important Information and Links, Curriculum Charts), or WEBstudent.

These Certificate Programs are not related in any way to Certification Endorsement Programs for teachers.

**Air Force ROTC**

Monmouth University and Rutgers University have an agreement permitting students at Monmouth University to cross-enroll in the Air Force Reserve Officers’ Training Corps (ROTC) program at Rutgers University. The Air Force ROTC program provides students the opportunity to study and train for careers in the U.S. Air Force. Students who successfully complete the program are tendered commissions as second lieutenants.

To qualify for enrollment, a student must be physically qualified, be enrolled as a full-time student, and be of good moral character. Enrollment in the Air Force ROTC involves no military commitment during the freshman and sophomore years. The advanced portion of the program is contractual and is scheduled during the junior and senior years.
Obligations include enrollment in the Reserves, successful completion of field training between sophomore and junior year, and acceptance of a reserve commission, if tendered.

Monmouth students must complete a “Permission to Take Courses” form prior to taking classes at Rutgers in order to have the ROTC credits apply toward degree requirements.

Students cross-enrolling for the ROTC courses are charged separately by Rutgers for these courses. Uniforms and textbooks are supplied to all students enrolled in both the basic and advanced programs. A deposit fee is required for textbooks and uniforms. This fee is refunded when textbooks and uniforms are returned. Students enrolled in the advanced program receive a subsistence allowance from the Air Force while enrolled.

Air Force ROTC scholarships of various lengths are available. These scholarships are awarded on the basis of academic performance, scores on the Air Force Officer Qualifying Test, results of a medical examination, and a personal interview.

For further information, call (732) 932-7706, write to Air Force ROTC Det 485, Rutgers University, 190 College Ave., New Brunswick, NJ 08901-1199, or send an e-mail to rotc485@rci.rutgers.edu.

Army ROTC

Monmouth University and Rutgers University have an affiliation agreement permitting students at Monmouth University to cross-enroll in the Army Reserve Officers’ Training Corps (ROTC) program at Rutgers University. The Army ROTC program provides students the opportunity to study and train for careers as Commissioned Officers in the U.S. Army. Students who successfully complete the four-year ROTC program and their undergraduate degree program commission as second lieutenants in the Active Duty Army, the Army Reserve, or the NJ Army National Guard.

To qualify for enrollment, a student must be physically qualified, be enrolled as a full-time student, and be of good moral character. Enrollment in the Army ROTC involves no military commitment during the freshman and sophomore years. The advanced portion of the program is contractual and is scheduled during the junior and senior years. Obligations include enrollment in the Reserves, successful completion of a Leadership Development and Assessment Course in the summer between the junior and senior years, and acceptance of a reserve commission.

Monmouth students must complete a “Permission to Take Courses” form prior to taking classes at Rutgers in order to have the ROTC credits apply toward degree requirements.

Students cross-enrolling for the ROTC courses are charged separately by Rutgers for these courses. Uniforms and textbooks are supplied to all students enrolled in both the basic and advanced programs. Contracted ROTC students receive a subsistence allowance from the U.S. Army Cadet Command.

Army ROTC scholarships of various lengths are available. Scholarships cover tuition and fees at Monmouth University and Rutgers University and a book stipend. These scholarships are awarded on the basis of academic performance, the Army Physical Fitness Test, results of a medical examination, and a personal interview.

For further information, call (732) 932-7313 x 10, write to Army ROTC, Rutgers University, 157 College Ave., New Brunswick, NJ 08901, or send an e-mail to Gail Lawrence, Secretary, Department of Military Science, at gaillawr@rci.rutgers.edu. Information is also available on the Web at http://armyrotc.com/edu/rutgers/index.html.

ACADEMIC SUPPORT SERVICES

The Center for Student Success (CSS) provides academic and career counseling for all students. Academic advising for transfer students is coordinated in the CSS. The Center administers the MEWS—Monmouth’s Early Warning System for several student populations including freshmen and undeclared sophomores. Advising for undeclared sophomores is designed to help with exploration of different majors while taking courses that satisfy degree requirements. Students are required to declare a major no later than the end of sophomore year. Additionally, throughout the year, the CSS offers numerous workshops related to academic, personal, and career topics.

Many services and resources are available in the CSS to assist students with career exploration, career planning, part-time employment, cooperative education, internships, service learning opportu-
nities, experiential education, and job placement. Students are provided assistance in exploring their career values, interests, and skills.

All students have the opportunity to attend career fairs and meet with many prospective employers who visit the University at the invitation of Career Services. In preparation, students are given professional assistance in writing effective résumés and in acquiring interviewing skills to make the fullest possible use of these opportunities. In order to maintain close ties between the University and its students after graduation, Monmouth continues to offer these services to alumni. Job opportunities are also sent to students frequently via University e-mail.

Housed within the Office of Career Services is the Office of Service Learning and Community Service. This office provides students with information about service learning and volunteer opportunities in nonprofit agencies, schools, and governmental organizations. Through service learning and volunteering, students can explore their personal, career, and intellectual potential while increasing their knowledge of community needs.

The CSS provides administrative support for the Experiential Education requirement. Please refer to the Experiential Education Requirements section of this catalog for a complete description of the requirement and the related Web site.

Services for First-Year Students

The Office of First Year Advising in the Center for Student Success is a key resource for first-year students (entering with less than eighteen credits) at Monmouth University, offering academic advising and major and career services for all first-year students. First Year Advising offers programming designed to help first-year students experience the challenges, opportunities, and support needed to succeed at Monmouth. Students are encouraged to take part in academic and co-curricular activities that are supported by this office to promote their growth and learning.

Academic Advising. All first-year students receive comprehensive academic advising from specially trained faculty as part of our First Year Advising Program. Although most students tend to think of advising as simply assistance in registering for courses, the Office of First Year Advising strives to build an advising relationship that works holistically to help students develop their academic, career, personal, and social interests.

New Student Orientation. All incoming first-year students attend a two-day/one-night New Student Orientation in July, which is coordinated by the Office of Student Life, in collaboration with the Division of Enrollment Management and the Center for Student Success. Orientation provides a snapshot view of life at MU: students meet faculty and advisors; register for their first semester; learn about academic, career, personal, and social choices; and, perhaps most importantly, make connections with other first-year students. Special programs are also offered to students matriculating in the spring semester. During new student orientation, first-year students are advised and registered in classes for the fall semester.

Major and Career Choices. Monmouth University believes that everyone can benefit from career advising, whether it involves help in choosing a major, access to career interest resources, development, mentoring, or a workshop on résumé writing. First Year Advising offers students a great deal of support with their major and career choices. Students can assess their career interests in a variety of ways, and we strongly encourage all first-year students to begin this exploration as early as possible.

Online Community: SOAR. SOAR (Support, Orientation, Advisement, and Registration) is an online community for new students that provides important information relevant to their first year and beyond. SOAR provides critical information about many first-year experiences, including career and major exploration opportunities, help in understanding course requirements for majors, and information for building student schedules.

Parent Orientation. It stands to reason that parents, guardians, and family members who are informed are better prepared to help their first-year students navigate the challenges ahead. Parents are encouraged to become familiar with transition issues, the nature of how a university works, the federal laws affecting the sharing of student information, and the wide variety of resources, support services, and activities available to students. The Office of Student Life coordinates Parent Orientation, which is designed to help family members of incoming first-year students learn more about Monmouth University and how to help their students make a successful transition to college life. Generally held in June (prior to their student’s New Student Orientation), these
programs provide a broad range of information and the opportunity to meet with representatives from various departments across campus.

**Services for Transfer Students.** The Center for Student Success (CSS) provides transfer services to all undergraduate students who transfer in eighteen or more credits. In addition to their assigned faculty advisors, the CSS serves as another level of support for their transition to Monmouth University. Once a transfer student deposits, outreach begins with a welcome from the CSS on behalf of Monmouth University in order to immediately build connections with campus resources. Students are invited to participate in SOAR (Support, Orientation, Advisement, and Registration), an online community for new transfer students that provides important academic and career development information. CSS outreach to transfer students continues throughout their time at Monmouth and includes workshops, seminars, and individualized appointments. All incoming transfer students are invited to participate in the transfer orientation program, which is coordinated by the CSS prior to each semester. Orientation programs afford new transfer students the ability to connect with their peers and to learn about resources to guide their progress toward graduation and life after Monmouth.

**Academic Skills Services**

Academic Skills Services, including Tutoring and Writing Services and the Math Learning Center, provide personalized academic assistance. Students may be referred by professors, may be required to attend as a result of placement testing, or may come voluntarily.

**Tutoring and Writing Services**

Located in the Center for Student Success, **Tutoring and Writing Services** provides free, personalized academic assistance to all students of the University. Students may be referred by faculty members and advisors or may come voluntarily.

Content-specific tutoring by peer tutors is available in most academic disciplines. Faculty master tutors offer both one-on-one tutoring sessions and academic skills workshops on strategies for college success, such as organization and time management, note-taking and listening skills, college textbook reading strategies, and test-taking preparation. For more information, please contact **Tutoring Services** at 732-263-5721, by e-mail at tutoringservices@monmouth.edu, or by visiting the Tutoring Services Web site at www.monmouth.edu/tutoring.

Peer, professional, and faculty writing assistants are available to help students with all stages of the writing process, from the initial drafting of the assignment through the final stages of editing and proofreading. Writing Services also offers workshops for students seeking assistance with grammar and punctuation skills and documentation styles. For more information, please contact **Writing Services** at 732-571-7542, by e-mail at writingservices@monmouth.edu, or by visiting the Writing Services Web site at www.monmouth.edu/writing.

**Supplemental Instruction (SI)** is a peer-facilitated academic assistance program designed to help students succeed in traditionally difficult courses. SI sessions are regularly scheduled, informal review sessions that involve collaborative learning activities through which students can clarify course concepts and practice the types of study strategies that will help them truly master the information and skills required by the target course. For more information about SI, please call 732-571-5345 or visit the SI Web site at www.monmouth.edu/si.

The **Math Learning Center**, located in Howard Hall room 203, provides students with assistance in all levels of mathematics. Peer tutors are available to help students solve problems and to review concepts. In addition, students may use the Center to do homework assignments or to study for tests while having a student tutor available. For more information, contact the Department of Mathematics at 732-571-4461.

**Educational Opportunity Fund Program**

The Educational Opportunity Fund (EOF) is one of the nation's most comprehensive and successful state-supported efforts to provide access to higher education for economically disadvantaged students. EOF assists low-income New Jersey residents by providing supplemental financial aid to help cover college costs and provides academic support services, developmental counseling, and career guidance throughout the student's college career. EOF students must be enrolled full-time. A five-week, residential, pre-freshman summer program is required of all incoming EOF freshmen. Additional information is available from the EOF Office, located in the 600 Building.
**Disability Services**

Accommodations and support services are available to students with learning disabilities and/or ADHD, visual or hearing impairments, physical disabilities, medical diagnoses and health conditions, and psychological/psychiatric diagnoses. Students with documented disabilities may request reasonable accommodations and auxiliary aids that will enable them to participate in programs and activities at Monmouth University. The Department of Disability Services (DDS) works with students who choose to register with the office, submit documentation that supports the request for accommodations, and self-disclose to professors every semester.

A variety of accommodations are available to students with disabilities who attend Monmouth University. These include, but are not limited to, extended time to complete exams, testing in a distraction-reduced or private setting, use of a calculator or computer with Microsoft Word, and access to digital media materials and assistive technology software.

In order to be eligible for reasonable academic accommodations, adequate and updated documentation of a student’s disability must be submitted to the DDS office. Documentation must include a specific diagnosis of a disability and support the particular academic accommodation(s) being requested. Students should contact the DDS office for particular documentation requirements or questions regarding eligibility or services.

**Pre-Professional Health Advising Programs**

- **Pre-Professional Health Program for Medicine, Dentistry, and Other Health Careers:**
  
  Designed to foster motivated, caring, and communicative students who intend to pursue careers as physicians and healthcare professionals, Monmouth University’s pre-medical, pre-dental, and health careers preparation charts a uniform course of study under the mentorship of the Pre-Professional Health Advisory Committee (PPHAC). The preparation encompasses all undergraduates intending to attend medical school, dental school, or any graduate course of study in the health professions.

  The PPHAC prepares undergraduates for medical school as well as other health professional schools, including dental, podiatric, physician assistant, physical therapy, chiropractic, veterinary medicine, public health, and occupational therapy. The Committee members are from the science faculty and have strong interests in career advising. The Committee works closely with the Center for Student Success (CSS) and Undergraduate Admission.

  Most pre-medical students major in biology or chemistry, as a strong foundation in basic science is vital to success in professional education. However, it is possible to major in another field, and to take the prerequisite science courses for professional schools. Students from diverse majors, including Spanish, psychology, and health studies, have been successful by being exceptional in both their majors and in science courses. Non-science majors are encouraged to use their free electives for biology and chemistry courses, as taking more science than the minimum prerequisite courses for professional schools is advised. An increasingly complex and global medical profession demands healthcare professionals to have broad cultural knowledge and excellent communication skills. Therefore, the Pre-Professional Health students are encouraged to excel in humanities courses as well as in science. Students geared towards a career in healthcare should also seek out volunteer and shadowing opportunities as early as possible. Leadership skills can be enhanced through participation in campus clubs and organizations.

  Preparation for health professional schools begins in the freshman year. Incoming first-year students are encouraged to indicate their future career aspirations to their academic advisor during orientation. The sequential nature of the natural and physical science courses chosen requires careful planning if students are to meet the requirements of their chosen professional schools. Throughout the academic year, students are encouraged to attend update meetings on the various professions, informal presentations by healthcare providers, and informational sessions on career preparation run by the PPHAC. Committee members attend the major national and regional health profession conferences to remain current, concerning both developments in the field and medical and professional school requirements. In addition to course advisement, PPHAC members provide students with information on admissions tests, such as the MCAT (Medical College Admission Test) and the DAT (Dental Admissions Test), and prepare students for entrance interviews at professional health schools. The Committee also composes and provides a comprehensive letter of recommendation to
professional health schools, which is one of the most important parts of the admissions package.

The PPHAC is pleased to offer the following affiliation programs:

**Monmouth Medical Center Scholars Program**

Monmouth University also offers the opportunity for select pre-medical students to participate in a “4+4” program through the Monmouth Medical Center Scholars Program. This program allows up to five high school seniors (New Jersey residents) per year to be accepted as undergraduates at Monmouth University and gain automatic acceptance to Drexel University College of Medicine. To be considered for admission into the Scholars Program, candidates must have a combined Critical Reading and Mathematics SAT score of at least 1270. No individual score can be lower than 560. Candidates must have a high school grade point average of at least 3.50 (on a 4.0 scale). Candidates who are finalists for the program are interviewed by Monmouth University, Monmouth Medical Center, and Drexel University. Accepted students must commit in writing to attend Drexel University College of Medicine by their junior year.

Accepted students complete a four-year undergraduate degree at Monmouth University, including a nine-credit clinical experience (MM490) at Monmouth Medical Center during their senior year. Medical scholars must maintain a 3.50 GPA with high grades in medical school prerequisite courses. By the spring of junior year, Medical Scholars must take the MCAT and obtain competitive scores. Upon graduation from Monmouth University, students commence medical studies at Drexel University College of Medicine.

**Post-Baccalaureate Pre-Medical Preparation**

College graduates who wish to enter medical or other health professional schools but have not completed the prerequisite course requirements may enroll at Monmouth University to complete the necessary credits as a post-baccalaureate student. If interested, please contact the Office of Admission at 732-263-5869. Once a student is admitted to Monmouth University as a post-baccalaureate student, the PPHAC provides academic advising in preparation for admission into a medical or other health professional school.

**Monmouth University Physician Assistant Program**

The Monmouth University Physician Assistant Program began accepting students for its first class in Fall 2014. The Physician Assistant program allows qualified students to pursue a three-year Master of Science in Physician Assistant degree following a bachelor’s degree at Monmouth University. Preference for interviews for this program is given to Monmouth University undergraduates.

**Monmouth University-Seton Hall University Physician Assistant Program**

The Monmouth University-Seton Hall University Physician Assistant Program is a dual degree program for students who wish to pursue a three-year Master of Science in Physician Assistant degree following a bachelor’s degree at Monmouth University. The program provides admission of up to six qualified Monmouth students each year to attend Seton Hall University’s Physician Assistant Master’s Program. Students interested in this program should indicate their intent as early as possible, and should request consideration for the program at the end of their sophomore year. At the end of their third year, candidates should formally apply for the program. To qualify, students must receive a baccalaureate degree from Monmouth University and complete all prerequisite courses (as listed on Seton Hall University’s Web site) with a minimum grade of “C.” Candidates must maintain an overall GPA of 3.20 or better. At the time of their application, candidates should have healthcare experience involving direct patient contact (minimum of 100 hours). They must have a letter of recommendation from the PPHAC, and they must also successfully complete a personal interview at Seton Hall University. The decision for final admission to the Physician Assistant program will be made by Seton Hall University.

**Rowan University - School of Osteopathic Medicine**

Monmouth University offers a cooperative academic arrangement between Monmouth University and Rowan University-SOM so that highly qualified students can complete the required courses for the baccalaureate and osteopathic medicine degrees in an eight-year sequence. This program is composed of four years of approved undergraduate study at Monmouth University and four years of study...
in Osteopathic Medicine at Rowan University-SOM. Eligibility for entry into the program at the end of the sophomore year is limited to Monmouth University students who are citizens or permanent residents of the United States and who have completed a minimum of sixty (60) credits with a major in biology or chemistry, and meet the following requirements: (1) overall GPA of 3.50 or higher, (2) receive a recommendation of support from the PPHAC, and (3) submit scores of all components of the SAT or the ACT. Candidates must maintain a 3.50 GPA at Monmouth University, with no science course grade lower than a “B.” Candidates will be interviewed by the PPHAC at Monmouth University and by Rowan University-SOM and must achieve a competitive score on the MCAT (determined by Rowan University-SOM) by September 15 of their senior year. The decision for final admission to medical school will be made by the Rowan University-SOM and will be based on a candidate’s satisfaction of the school’s admission requirements.

- American University of Antigua – College of Medicine

American University of Antigua will allow qualified sophomores to apply to Monmouth University to be accepted into a “4 + 4” program with AUA College of Medicine. Qualified students (up to five per year) would complete four years at Monmouth University (with a major in biology or chemistry), and would continue to AUA College of Medicine to earn the Doctor of Medicine (MD) degree. Accepted students must maintain an overall 3.25 GPA at Monmouth University and a 3.25 GPA in all prerequisite courses required by AUA College of Medicine, with no more than one "D" or “F” in any prerequisite course. Candidates must also obtain a total MCAT score of 20 or higher, receive a letter of recommendation from the PPHAC, and be successfully interviewed by the AUA College of Medicine. Acceptance to this program is non-binding, and students in the program are eligible to apply to additional schools.

- St. George’s University (SGU), Grenada, BS/MD and BS/DVM 4 +4 Program

In this program, students will begin their studies at Monmouth University (MU). After successfully completing four (4) years of undergraduate study and earning a BS degree at MU, qualified students who satisfy all respective admission requirements will proceed to Grenada and enter the first year of St. George’s University School of Medicine or St. George’s University School of Veterinary Medicine. Qualified medical students will be eligible to complete the first two (2) years of medical study in Grenada and the final two (2) years of this combined program in clinical rotations at affiliated hospitals in the U.S. and/or the UK. Qualified veterinary students will be eligible to complete the first three (3) years of veterinary study in Grenada and their final clinical year at affiliated veterinary schools in the U.S., UK, Canada, Australia, or Ireland.

Undergraduate students must express interest in one of the combined degree programs at time of application to Monmouth University. MU and SGU will select candidates based on criteria and conduct undergraduate interviews. The eligible medical student will maintain a GPA of at least 3.40 while at MU and a score of 25 or higher on the MCAT. For the veterinary student, a GPA of 3.10 must be maintained while at MU and a score of at least 300 (combined verbal reasoning and quantitative reasoning) on the GRE. Additionally, all qualified MU students must meet all admission criteria of SGU School of Medicine and SGU School of Veterinary Medicine including a successful interview with SGU.

Students apply to this joint program from high school. There is no cap on the number of students who can be accepted. There is no binding commitment for the student to attend SGU once accepted into the program. They may choose to apply and enter another school if accepted.

- American International College of Arts and Sciences – Antigua (AICASA) – Monmouth University Bachelor of Science degree

Students who achieve an Associate’s Degree from the American International College of Arts and Sciences (Antigua) may be offered admission to Monmouth University to complete a Bachelor of Science degree in Biology or Chemistry if the following qualifications are met:

- Be in good academic and disciplinary standing;
- An overall cumulative college grade point average (GPA) of 3.00 or higher; high school applicants must have at least a 3.00 cumulative high school GPA and 1500 three-section SAT score;
• No “F” or “D” grade in any required course by Monmouth University;
• Monmouth University does not represent that students admitted pursuant to this agreement will be able to complete the degree requirements. Each student is responsible for planning his or her undergraduate education to develop the skills necessary to succeed in a demanding degree program;
• Transfer credit will be awarded as specified in the Monmouth University catalog.

Students interested in any of the pre-professional health programs should contact 732-571-3687 for specific requirements and to seek advising.

• Law

Those students interested in law as a profession or as an adjunct to other vocations can obtain the necessary pre-law preparation at Monmouth University. Several majors are appropriate as undergraduate preparation for a career in law. Monmouth University also offers a major in Political Science with a Concentration in Legal Studies. Faculty members dedicated to career advising help interested students plan their courses of study and provide advice and suggestions concerning the processing of law school applications. In general, the student should consider joining the Pre-Law Club and give special attention to developing the skills of lucid writing, logical thinking, and precise comprehension of language.

Monmouth University Library

The University Library builds and maintains collections to support the teaching and scholarship mission of the University, whether online or in our historic library. Conveniently located adjacent to the residence halls, the library is a comfortable space where patrons can do so much: we have Wi-Fi, 110+ computers, network printers, copiers, document scanners, two classrooms, quiet study space, group meeting space, lounge space for casual reading, outdoor reading tables and benches, and a modest café.

Serving our faculty and students, with resource materials needed to support both curriculum and research needs, the University Library is the center of learning and research. The University Library provides robust access to a diverse collection of more than 400,000 monographs, e-Books, print journals, e-Journals (full text), media titles, microfilms, reference materials, and special collections, including government documents, the New Jersey Collection, the Mumford Collection, and the Library Archives. Coupled with Interlibrary Loan and reciprocal borrowing privileges, access to more than 2.1 billion holdings in over 72,000 libraries located in 170 countries around the world is only a request away.

Our online services are available twenty-four hours per day, seven days per week, at library.monmouth.edu and include research guides customized by subject area that can be helpful in jumpstarting any project. The building is open seven days a week during the regular semester (until midnight Sunday—Thursday), and our staff is delighted to help, so please ask. We can support our patrons’ needs in many ways, for any assignment, via phone at 732–571–3438, e-mail at reference@monmouth.edu, or one-on-one consultation by appointment.

Instructional Technology Support

Monmouth University fully supports the use of technology in teaching/learning through the comprehensive services of Information Management. Faculty are encouraged to integrate a variety of technologies into their courses and are provided necessary training and support to do so. Beyond making use of our learning management system for content presentation and online participation, many employ a variety of Web-based tools to increase student collaboration, participation, and engagement. In addition, the Monmouth University Library catalog and digital databases are available online, as are many instructional materials used in individual courses.

The University has a fully networked and wireless-enabled campus with over 1,000 computers available to students in various lab configurations including Windows, Macintosh, and Unix/Linux. A comprehensive complement of software is available throughout campus in these labs, and course-specific software is made available in departmental computing labs.

All students are provided with an official e-mail account and storage for course-related files and Web pages. The Student Technology Assistant Program (STAP) provides students with the opportunity to learn about current technology, while earning cash and boosting their résumé. Each semester, approximately forty (40) undergraduate and graduate students from all majors join the program in one
of several different positions. STAP members can be found working in the University’s open computer labs, at the Student Help Desk, with multimedia equipment, and troubleshooting problems with computer hardware and software.

For all information management service needs, call the Help Desk at 732-923-4357 (HELP), Monday through Friday from 8:15 a.m. until 9 p.m. (5 p.m. on Fridays during the summer). Technicians are also on site until 11 p.m., Monday through Friday, with abbreviated availability on weekends. For more information on the services of Information Management, please visit the Web pages at http://www.monmouth.edu/Campus_Technology.aspx.

GRADES
The grading system is as follows:

- **A, A-** Exceptional performance
- **B+, B, B-** Strong performance (for undergraduate students);
  Average (for graduate courses)
- **C+, C, C-** Adequate performance (for undergraduate courses);
  Poor (for graduate courses)
- **D+, D, D-** Poor performance (available for undergraduate courses only)

**F:** Failing performance. This grade is given for failure in a course; for unofficial withdrawal from a course after the deadline (see “W” grade); or, in some instances, when an Incomplete grade is not changed by the end of the next regular semester (see “I” grade).

**P:** Pass. This grade is given for satisfactory completion of a course that is graded on a Pass/Fail basis. This grade is not used in computing a student’s cumulative grade point average (GPA).

**R:** Re-Registration Required. This undergraduate grade is given when a student has made significant, but not sufficient, progress in a developmental course. (See section entitled Developmental Courses.) This grade is not used in computing a student’s cumulative grade point average (GPA).

**S:** Satisfactory progress. This grade is given at the end of the first semester when satisfactory progress has been made in a course, which is part of a sequence of courses that take more than one semester to complete.

**AU:** Audit. This grade is given to a student who attends a class for the purpose of acquiring knowledge, without earned credits. The auditor is expected to attend classes, do assigned reading, and participate in class discussions, but is not required to take examinations.

**T:** Transfer. This grade is given to incoming students for courses accepted for transfer by Monmouth University. This grade is not computed in the grade point average (GPA).

**W:** Withdrawal. This grade is given for withdrawal from a course or courses up to five weeks before the last day of classes in a regular semester or its equivalent in a shorter term. See the academic calendar for the last date to withdraw in a given semester or term.

**I:** Incomplete. This grade is given in cases where permission has been granted by the instructor to postpone completion of specific required work, such as a laboratory project or report or a missed final examination. This grade is not intended for situations where, in the judgment of the instructor, the student must retake the course for an entire semester in order to earn a passing grade. The Incomplete grade, therefore, should not be used in cases where a grade of “W” or “F” would be appropriate. The student must complete the work within the time granted by the professor and no later than the end of the next regular semester. If the unfinished work is not completed within the specified time, an “F” grade will be recorded, unless the instructor indicates otherwise at the time the Incomplete was originally approved. Not available for thesis courses. For thesis courses that are graded on a Pass/Fail (P/F) scale, when the grade of “I” is assigned, the grade will be converted to “S.” Similarly, in non-thesis courses graded on the P/F scale, when the grade of “S” is submitted, the grade will be converted to “I”.

**NR:** No Report. This temporary grade is given by the Registrar when no grade has been received from the instructor at the time that official grades are issued.

**X:** Credit by Exam. Portfolio Credit.

**Q:** Waived. This graduate grade is determined by the appropriate department to indicate that certain course requirements are waived. This grade is not computed in the student’s grade point average (GPA).
Undergraduate Grade Point Averages

Grade points are awarded for each credit on the basis of grades as follows: A = 4.0; A- = 3.7; B+ = 3.3; B = 3.0; B- = 2.7; C+ = 2.3; C = 2.0; C- = 1.7; D+ = 1.3; D = 1.0; D- = 0.7; P = 0.00; F = 0.00.

Thus, if a student completes a three-credit course with a grade of A, twelve (12) grade points are awarded. To calculate the grade point average (GPA) for a given semester, a student should divide the number of grade points awarded by the number of credits attempted (excluding withdrawals and developmental courses). The official GPA is rounded to two decimal places.

To calculate the cumulative GPA, the total number of grade points awarded is divided by the total number of credits attempted (excluding withdrawals) in all sessions at Monmouth University. Calculation of a major GPA includes all courses taken within the major and courses cross-listed within a major. General Education required courses are not included with the major GPA.

Grades received in developmental courses are not counted in the computation of the student’s semester or cumulative grade point averages. Refer to Repeating a Course for a discussion of repeating a course and its impact on the GPA.

Undergraduate: Repeating a Course: Impact on the GPA

Students have one opportunity to repeat any regular course in which a grade of “F,” “D-,” “D,” “D+,” or “C-” has been assigned. On-demand or requested courses (independent studies, co-ops, special topics classes, etc.) are not grade repeatable, in that the second grade earned will not replace a prior grade. When a course is repeated, the second grade for the course will be used in calculating the cumulative grade point average, regardless of whether the second grade is higher or lower than the first. If both attempts of the course earned passing grades, only the most recent set of credits and grades will be applied to the student’s academic record. Students cannot repeat a scheduled course using an independent study for GPA improvement.

Grade Reports

A grade report is e-mailed to each student approximately ten days after the end of each semester. Final grades are recorded on the student’s official academic record. The Office of the Registrar does not respond to individual requests for grades until after the grade reports have been generated. All students are provided with a WEBstudent account that enables them to view their grade reports online. Undergraduate midterm grades are only provided online.

Student Complaints about Grades

A student who wishes to file a complaint about a course grade should attempt first to resolve the matter through a discussion with the faculty member who taught the course in question. If the faculty member is unable to resolve the matter, the student may contact the department chair in writing, stating the basis of the complaint. Such complaints should be sent to the appropriate department chair within six weeks following the receipt of final grades. A student who is not satisfied with the decision of the department chair may appeal the decision in writing to the dean of the school housing the course. The decision of the academic dean is final.

Change of Grade Requests

In those rare cases where a faculty member determines that a change of grade is warranted, the request must be submitted and approved by the department chair and school dean. All changes must include specific reasons that support the proposed change. Changes beyond one year require the additional approval of the Academic Standards and Review Committee. Students are not permitted to complete or submit additional work after a term/semester concludes in an effort to improve a grade, unless the original grade was an Incomplete. Changes to grades after a student has graduated will not be considered.

Undergraduate Graduation Rates

Graduation rates for the student cohorts of first-time, full-time freshmen are available at the Office of Institutional Research located in Bey Hall.

ACADEMIC DEFINITIONS

Undergraduate Student Classification

Regular (Matriculated)/Non-Matriculated

All students—those attending during the day, in the evening, or weekends—are classified as either regular (matriculated) or non-matriculated.

A regular (matriculated) student is one who
has been admitted and who intends to earn a degree. The class standing is determined by the number of credits earned as follows:

- **Freshman:** 0–28 1/2 credits
- **Sophomore:** 29–56 1/2 credits
- **Junior:** 57–90 credits
- **Senior:** 90 1/2 or more credits

A non-matriculated student is one who is not a candidate for a degree. Non-matriculated students are subject to the same fees and regulations as regular students. See the Admission section of this catalog for further information about admission as a non-matriculated student.

- **Full-Time/Part-Time**
  
  Undergraduates who carry twelve (12) or more credits during a semester are classified as full-time students. The normal semester course load for full-time students is fifteen (15) to eighteen (18) credits. Those who carry fewer than twelve (12) credits are classified as part-time students.

- **Maximum Course Load**
  
  Undergraduate students who wish to carry nineteen (19) to twenty-one (21) credits in a regular term must obtain the permission of the department chair. Students wishing to enroll for more than twenty-one (21) credits need the permission of both their department chair and school dean. Undergraduate students are limited to twelve credits total for the summer without prior permission from the school dean. Students are strongly urged to avoid attempting more courses than they can complete satisfactorily.

**Auditor Classification**

An auditor is a student who attends a class for the purpose of attaining knowledge but not to earn credits. The auditor is expected to attend classes, do assigned readings, and participate in class discussions but is not required to take examinations.

Students who wish to audit a class must complete a "Permission to Audit a Class" e-FORM, which is available from the student’s WEBstudent account. This application must be received prior to the third class meeting. Auditor registration is subject to course section availability. No more than two (2) courses may be audited per semester. Students may not change the status of their registration in a course to “audit” or to “for credit” during the term. Auditors may be removed from classes after registering if seats are needed for matriculating students.

Part-time students who audit classes will be charged at the audit rate regardless of their status (matriculated or non-matriculated); the audit rate is one-third of the regular per-credit tuition rate.

Full-time undergraduates whose total semester credits (including those in audited classes) are in the twelve (12) – eighteen (18) range will be billed at the full-time tuition rate. If a full-time undergraduate audits a class whose credits put the total credit load in excess of eighteen (18) credits, the credits beyond eighteen (18) will be billed at the audit rate.

The transcripts of auditors, who, in the judgment of faculty members, do not attend class or participate sufficiently, will not reflect the audited courses.

**UNDERGRADUATE HONORS AND AWARDS**

**Dean’s List**

The Dean’s List is the official recognition of outstanding academic achievement. Inclusion on the Dean’s List is based on the comparative semester grade point average for that semester. Monmouth University students who fall within the top 20 percent of their major program by semester grade point average are recognized on the Dean’s List for that semester. Undeclared students will be grouped as one major. Students pursuing multiple degrees will be eligible for the Dean’s List if they fall within the top 20 percent of any major they are pursuing. In addition to the requisite class standing, a student must have a cumulative grade point average above 3.30 and must have completed all semester course work other than HO-498. This list is compiled each spring and fall semester immediately after the conclusion of the semester. Part-time students will be evaluated for inclusion on the fall or spring semester Dean’s List each time twelve or more credits are accumulated in successive semesters. Credits utilized for inclusion on the Dean’s List will not be considered for subsequent Dean’s Lists.

**Graduation with Honors**

To be graduated with honors, a baccalaureate degree recipient must have earned at least fifty-six (56) credits at Monmouth University and have a cumulative GPA no lower than 3.50. Three levels of honors are distinguished and indicated on the diploma: *cum laude* for students earning a GPA between 3.50 and 3.64; *magna cum laude* for...
students earning a GPA between 3.65 and 3.84; and *summa cum laude* for students earning a GPA between 3.85 and 4.00.

Students who received academic amnesty (see Academic Amnesty for more information) are not eligible to graduate with honors.

**Department Honors**

Department Honors are available for undergraduate students majoring in Art, Biology, Chemistry, English, Foreign Language with a Concentration in Spanish, Sociology, or Political Science. Department Honors are noted on the student transcript, and a letter will be issued by the chair of the department.

**The Alumni Association Academic Achievement Award**

This award is presented at Commencement to the student who completed all academic work at Monmouth University and has graduated with the highest grade point average.

**CURRICULUM OF RECORD**

A student’s curriculum of record is the set of degree requirements associated with the student’s particular major that is in effect at the time that major is declared. If major requirements are changed, students may elect to update to the newer version of the major requirements by sending written notification to both the major department and the Office of the Registrar.

The official curriculum of record is maintained in the Office of the Registrar. Students are provided with a WEBstudent account, which details all curriculum requirements under the “academic audit” section.

**UNDERGRADUATE DEVELOPMENTAL COURSES**

Developmental courses are defined as those that have pre-college-level content. Students are required to enroll in and successfully complete developmental courses that are specified as a result of the placement testing process. These courses are designed, and required of the students who place into them, in order to provide students with the skills needed to succeed in college-level work. Such courses carry institutional credit only, will not be used to satisfy degree requirements, will not be counted in the computation of the student’s semester or cumulative grade point average, and will not be counted toward the total number of credits needed for graduation. However, successfully completed developmental courses will be considered in the calculation of 1) credit standing for priority registration, 2) credits earned for freshman athletes, and 3) credits completed for the determination of academic probation and eligibility for academic dismissal.

Students who successfully complete developmental mathematics will earn grades of “A” through “C-”; “D” grades are not used for developmental courses.

Students who are required to enroll in developmental courses, all of which carry the course number “050,” must satisfactorily complete their developmental course work within one year following their initial registration. Students who, on the first attempt, make satisfactory progress but do not complete all course requirements will receive a grade of “R” (see “GRADING”) and are required to re-register for that course during the following semester. Students who do not make satisfactory progress in developmental courses will receive a grade of “F” (see “GRADING”), are required to re-register for that course during the following semester, and are on academic probation until the course is successfully completed.

Students who have not passed required developmental courses by the end of the second semester will be subject to review, and possible dismissal, by the Academic Standards and Review Committee.

**ACADEMIC REGULATIONS**

**Undergraduate Academic Amnesty**

Academic amnesty provides former students of Monmouth University an opportunity to improve their grade point averages by extending to them the privileges enjoyed by transfer students. A former student of Monmouth University must be away from the University for at least three years and have a cumulative grade point average less than 2.00 before being eligible to receive academic amnesty. Students considering academic amnesty must apply for amnesty concurrently with their application for readmission. If academic amnesty is granted, credit will be given for all courses with grades of “C” or better and as many courses with grades of “C-,” “D+,” “D,” or “D-” as possible while maintaining a grade point average of 2.00 or better. All courses with “F”
Grades will be given amnesty. Students who receive veterans’ educational benefits who are approved for academic amnesty should be aware that they will not be entitled to VA benefits when taking courses that satisfy requirements that were satisfied prior to academic amnesty.

Academic amnesty may be granted to a student only once, and amnesty will be posted after the student re-matriculates at the University. A student receiving amnesty must still meet the residency requirement by taking the last thirty credits at Monmouth University with a minimum of sixteen (16) in the major field. Students who receive Academic Amnesty are required to complete additional course work in order to finish a program. Such students may not be considered for graduation with honors.

Under no circumstances will grades earned by a student at Monmouth University be expunged from the student’s permanent record or excluded from any transcript sent from Monmouth University.

Courses that receive no credit under the grant of amnesty shall not be offered later for fulfillment of any degree requirement, and a grade point average adjusted by amnesty shall not be used to determine general honors upon graduation.

Evaluation of applications for academic amnesty shall be made by the Academic Standards and Review Committee in consultation with the appropriate departments. The Committee will inform the Registrar of its decision and of courses affected by the granting of amnesty.

Students may submit an application for Academic Amnesty via e-FORMS, which are accessible from the student’s WEBstudent account.

Academic Honesty

Monmouth University encourages its students to grow intellectually as well as to become responsible citizens in our complex society. To develop their skills and talents, students are asked to conduct research, perform experiments, write papers, work individually, and cooperate in group activities. Academic dishonesty subverts the University’s mission and undermines the student’s intellectual growth. Dishonesty in such academic practices as assignments, examinations, or other academic work cannot be condoned. A student who submits work that is not original violates the purpose of Monmouth University and may forfeit his/her right and opportunity to continue at the University.

The University has an obligation as an educational institution to be certain that each student’s work is his/her own. Note that Monmouth University faculty members have access to Turnitin (http://www.turnitin.com), a Web-based plagiarism-detection resource that compares the text of student papers to an extensive electronic database. This database includes current and archived Internet resources, periodicals, journals and other publications, and past student papers from Monmouth and other educational institutions. All student assignments may be subject to submission for textual similarity review to turnitin.com for the detection of plagiarism. All submitted papers may be included as source documents in the Turnitin reference database (solely for the purpose of detecting plagiarism of such papers). Faculty are expected to inform students in advance about which assignments will be checked for originality using Turnitin. Use of the Turnitin service is subject to the Usage Policy posted on the Turnitin site.

Undergraduate Academic Probation

A major concern of the University is to provide students with appropriate notice whenever their academic status is in jeopardy. Academic probation is designed to serve this purpose.

Any full-time freshman student who fails to achieve a GPA of 1.50 following the first semester will be placed on academic probation; however, such a student who fails to earn at least a 1.50 GPA will be considered for academic dismissal (see below). Any part-time freshman student who fails to achieve a GPA of 1.50 during the first nineteen (19) college credits completed will be placed on academic probation. Any student who has earned a minimum of eighty (80) credits and who fails to achieve the minimum major GPA as established by the content major will be placed on academic probation until his or her major GPA reaches the graduation minimum.

All other students are placed on probation when the cumulative GPA falls below 2.00. Additionally, any student who receives a grade of “F” in a developmental course will be placed on probation and will remain on probation until the course is successfully completed.

Students on probation should not be absent from any classroom exercise, scheduled class function, laboratory, or conference period. Furthermore, they may not compete in nor travel for varsity sports or hold office in any University organization. Students
on academic probation are not permitted to self-register using WEBregistration, but instead must make all schedule changes with their academic advisor. Students on probation are urged to seek academic counsel from their faculty advisors or department chairs to help them improve their academic standing. They may be advised to curtail employment, change their major curriculum (see Academic Probation), reduce the number of credits attempted, or restrict participation in extracurricular activities.

Students who are not on academic probation are considered to be in good academic standing.

Undergraduate Academic Dismissal

A student shall become subject to academic dismissal for any of the following conditions and may be dismissed without prior warning:

- For failing to meet these minimum standards:
  
<table>
<thead>
<tr>
<th>Credits Completed*</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>12–19 credits</td>
<td>1.00</td>
</tr>
<tr>
<td>19.5–35.5 credits</td>
<td>1.60</td>
</tr>
<tr>
<td>36–56.5 credits</td>
<td>1.80</td>
</tr>
<tr>
<td>57 and more credits</td>
<td>2.00</td>
</tr>
</tbody>
</table>

- For failing to earn a semester GPA of at least 1.00 (if a full-time student), or a GPA of 1.00 in any combined consecutive semesters within which at least twelve credits have been attempted (if a part-time student);

- For failure to earn a passing grade in a required course after the maximum number of allowable repeats (see Repeating a Course);

- For failure to earn the minimum major GPA as set by the content major after three (3) consecutive semesters;

- For failure to successfully complete all required developmental courses within the first year of attendance;

- Upon the recommendation of the student’s chair or school dean.

A student who has been dismissed for the first time has the right to appeal that decision in writing to the Academic Standards and Review Committee. Second dismissals are not subject to appeal except for factual error. A student may apply for readmission three years after the second dismissal. See Readmission to the University after Academic Dismissal for information on readmission following academic dismissal.

*Credits completed include credits for all courses not officially withdrawn from, and all transfer credits accepted by Monmouth University (though only credits earned at Monmouth are computed in the GPA).

Attendance

Monmouth University believes that attendance is essential to success in academic courses. Therefore, class attendance is required. The University believes that learning is an interactive process dependent in part on the student and is not just a matter of the passive absorption of information. The University also believes that to benefit fully from their respective courses, students need to participate in, and contribute constructively to, the classroom experience, and, secondly, that the success of any course depends as much on what students contribute to the class as on what the instructor presents.

Grades in courses are normally based on academic performance (participation, contribution, and examination). However, individual faculty members may adopt reasonable regulations that additionally relate grades to class attendance. All professors must state their specific attendance policies in a written statement containing the pertinent course requirements and give it to the students during the first week of the semester. A student who, for any reason, may not be present at a particular class or laboratory is, nevertheless, responsible for adhering to the attendance requirements of the course.

Students are not permitted to attend classes for which they have not officially registered (as determined by the Office of the Registrar). If students attend without prior registration, they are subject to disciplinary actions, inclusive of suspension and/or dismissal, and will not be permitted to “retroactively” enroll.

Course Withdrawals

Students are expected to complete the courses for which they register. On occasion, however, withdrawals are warranted. (See section entitled “GRADING” for a description of the “W” grade and associated procedures.) Students who do not intend to complete any course for which they are officially registered should execute an official withdrawal prior to the “W” deadline.
The official date of a withdrawal form is the date it is received in the Office of the Registrar. The student is responsible for completing the e-FORMS request prior to the deadline date.

**Students withdrawing from some courses while remaining registered for one or more courses** are required to complete a “Withdraw from Course Form,” available from e-FORMS. The official date of a withdrawal form is the date the completed form is received in the Office of the Registrar and must be received prior to the Withdraw ("W") deadline date as published in the Academic Calendar.

**Students who are withdrawing from all their courses** are encouraged to make notification of withdrawal in writing; however, verbal or e-mail notification is acceptable under the guidelines set forth in “Refund Policy for Complete Withdrawals—fall and spring semester.”

Except under unusual circumstances, such as prolonged illness, a student will not be permitted to withdraw from course work any later than five weeks prior to the last day of classes of the semester or its equivalent in a shorter term. In these exceptional cases, students will be withdrawn from all course work in the term.

Students who do not complete courses and who have not executed an official withdrawal prior to the deadline indicated will receive “F” grades for such courses.

Students wishing to withdraw from classes after the specified withdrawal deadline must provide documentation of serious extenuating circumstances; the documentation will be reviewed by the appropriate faculty members teaching the courses, the department chairs, the deans of the schools in which the course(s) are housed, and the Registrar.

**Final Examinations**

Final examinations shall be held during a time scheduled by the University. Class time shall not be devoted to final examinations.

A student who has three or more final examinations scheduled on one day may request that one or more of the examinations be rescheduled to no more than two final examinations on the same day. It is normally the middle one of the three that is rescheduled. Rescheduled examinations are to be given at a time agreed upon by both the student and the faculty member on or before the last day of the examination period.

It is the right of a student to review any graded examination in the presence of the instructor. Final examination grades may represent no more than one-third of the term grade.

**Graduation**

All undergraduate students are required to complete a minimum of 128 credits. Some academic programs require more credits; see the individual curriculum charts located in Appendix “B” of this Catalog for program details. Additionally, all undergraduates must meet a minimum 2.00 overall grade point average (GPA), a minimum major GPA of 2.10 (except for Education majors who are held to a 3.00 minimum GPA), and, if applicable, a minimum 2.10 minor GPA. Calculation of a major GPA includes all courses taken within the major and courses cross-listed within a major.

Diplomas are mailed to students within two weeks after the actual date of graduation.

In those rare instances when a student has not met all degree requirements, but for whom a change to the academic record is received by the Office of the Registrar within one week following the graduation, the student will be considered for the earlier graduation. The effective date of the change must be on or before the actual date of the graduation. Changes received later than one week beyond graduation will not be considered for prior graduation but will be part of the next graduation cycle.

Only students who have completed all graduation requirements, including, but not limited to, course work, credit requirements, GPA minimums, residency requirements, and the like, will be allowed to participate in Commencement.

**Independent Study**

Independent Study courses permit a student to pursue a research project or guided readings in a subject area not substantially covered in the curriculum. Normally, no more than one Independent Study course may be scheduled during a single academic term. The student or the advisor must submit the appropriate form, the Undergraduate Independent Study Application or the Graduate Independent Study Application form; both forms are available online. The Adobe form should be downloaded and printed form the Office of the Registrar’s forms page at http://www.monmouth.edu/academics/registrar/forms. Advisors can submit the appropriate form uti-
lizing e-FORMS, which are accessible from the main menu of WebAdvisor. Approval from the supervising professor, the department chair, and the school dean prior to registering for the course is required. Independent Study applications containing the appropriate signatures must be submitted to the Office of the Registrar. Generally, students are expected to complete no more than six (6) credits of independent study. Any exceptions must be approved by the dean of the school in which the student’s major is housed. Failure to process the Independent Study Application within the required timeframe may impact financial aid status and may jeopardize participation in Commencement.

**Portfolio Assessment**

Students interested in a portfolio assessment must have attained matriculated status and accumulated a total of at least six (6) college credits at Monmouth University. There is a non-refundable fee per area of assessment (please refer to the current catalog for the fees). Interested students should download, complete, and submit the Application for Portfolio Assessment to the Registrar’s Office (which shows proof of payment), along with one copy of their portfolio. The form is available on the Registrar’s forms page at [www.monmouth.edu/registrar/forms.asp](http://www.monmouth.edu/registrar/forms.asp).

**Five-Year Plans**

An undergraduate, non-transfer applicant at Monmouth University who has been formally admit-ted into a five-year undergraduate/graduate degree plan must follow a prescribed sequence of courses for the intended five-year plan (http://www.monmouth.edu/registrar). The total credits of both degree programs must be equal to or greater than 158. A minimum of 128 credits must be applied toward an undergraduate degree, and a minimum of thirty (30) graduate credits must be applied toward a graduate degree. A student enrolled in a five-year undergrad-uate/graduate degree plan must meet the degree requirements of the undergraduate program and graduate program to receive the respective degrees. To remain in the five-year plan, undergraduate students must maintain an undergraduate major GPA of 3.00 and an overall GPA of 2.75. Further details are available in the Office of the Registrar.

**Undergraduate Repeat Policy: Repeating a Course**

A course in which a grade of “C” or higher has been earned may not be repeated without the student first obtaining written permission from the appropriate department chair and the dean of the school in which the student is enrolled. If written permission is not received, the student may be administratively dropped from the course.

Students have one opportunity to repeat any regularly offered course in which a grade of “F,” “D-,” “D,” “D+,” or “C-” has been assigned. On-demand or requested courses (independent studies, co-ops, special topics, service learning, or certain experiential education courses) are not grade-repeatable in that the second grade earned will not replace a prior grade. When a course is repeated, only the second grade for the course will be used in calculating the cumulative grade point average, regardless of whether the second grade is higher or lower than the first. If both attempts of the course earned passing grades, only the most recent set of credits and grades will be applied to the student academic record. Students cannot repeat a scheduled course with an independent study for GPA improvement. The permanent academic record will contain a list of all course registrations and grades. Students wishing to repeat a course ordinarily should do so no later than the next time that course is offered at Monmouth University during the regular academic year. Exceptions must be approved by the advisor.

If, after repeating a course once, a grade of "C" or higher has not been earned, at the request of the student, a determination will be made by the appropriate dean, upon recommendation of the department chair, as to whether special circumstances exist to justify a second repeat of the course. When a course is repeated for the second time (third attempt), only the third grade for the course will be used in calculating the cumulative grade point average, regardless of whether the previous grades for that course are higher or lower than the third. A student found to be registered for a second repeat of a course, who has failed to obtain the dean’s permission in advance, will be administratively dropped from the course.

**Student (Biographical) Data**

Any currently enrolled student whose biographical data (e.g., name, address, or Social
Security number) has changed must inform the Office of the Registrar in writing. Requests for name or Social Security number changes must be accompanied by legal documentation. Biographical information is not changed for previously enrolled students; alumni should contact the Office of Alumni Affairs to report biographical changes.

**Undergraduates: Permission to Take Courses at Another Institution**

It is expected that Monmouth University students, once enrolled, will complete all degree requirements at Monmouth University. However, in recognition that students may, on occasion (usually in the summer), have sound academic or personal reasons to take courses at other accredited institutions, they may request permission to do so. In evaluating such requests, consideration will be given to the relationship between the student’s classification and the type of institution the student seeks to attend.

A student who requests permission (using e-FORMS) to take courses at another institution must be in good academic standing. The student should not be enrolled in classes at Monmouth during the semester or term in which permission is sought. The student must receive permission in advance from the chair of the department in which the student’s major is housed, the school dean, and the Registrar. The student must present supporting evidence of course equivalency. Permission is granted for free elective courses and required courses outside the major but not for general education or major courses. Major courses include courses within the concentration, if any. Students may not repeat a course at another institution that they have previously attempted at Monmouth University.

Once a student attains junior status (completed fifty-seven [57] or more credits), permission will not be given to take courses at any two-year institution. For credit to become part of the student’s Monmouth University transcript, a grade of “C” or higher must be earned at the other institution. For such courses, the grade earned at the other institution does not calculate in the Monmouth University grade point average; a “T” grade is posted to the student’s academic record, except when there is a financial aid consortium agreement in place. Please refer to Non-Monmouth Study Abroad Programs in this catalog for more details regarding consortium agreements. In accordance with Monmouth University’s residency requirement, students who are within thirty-two (32) credits of graduation are not eligible for this permission.

**Graduate Courses for Undergraduates**

An undergraduate student at Monmouth University who has an outstanding academic record may apply for permission to take graduate courses while completing the work for a bachelor’s degree. Such courses may count toward a bachelor’s or master’s degree, but not toward both degrees, unless the student has been formally admitted into a five-year undergraduate/graduate plan and the plan sequence chart allows it. Please refer to the Five-Year Plans section in this catalog for additional details. Prior to submitting the e-FORM “Request to Take a Graduate Course” to the graduate program director, an undergraduate matriculating student must have completed ninety-two (92) credits and have a major GPA of 3.25 and an overall GPA of 2.75. Permission may be given to take up to nine (9) graduate credits while completing the work for an undergraduate degree. Undergraduate students who select to use the course toward a graduate degree must have their graduate application on file with Admissions. Additional details are available in the Office of the Registrar.

**Submission of the Same Paper or Computer Program for Two Courses**

The submission of the same (or essentially the same) paper or computer program for two separate courses without the expressed permission of all faculty members involved is against University policy. (Please refer to the Academic Honesty policy included in this catalog for more information.)

**Undergraduate: Time Limitation for Completion of Requirements**

The requirements of a particular baccalaureate curriculum must be satisfied within a period not exceeding eight calendar years. The Monmouth University catalog in effect at the time of admission, readmission, or change of major shall normally be the student’s official catalog of record. However, faculty and curriculum changes may require related changes in a student’s program. If after following a curriculum of record for eight calendar years a student has not completed the requirements of the
curriculum, the student must update the curriculum of record (including general education requirements) to the most recent one that exists.

**Substitution of Requirements**

Students seeking course substitutions or any deviations from the stated degree requirements of an academic program should first consult with their academic advisors. If the advisor recommends a substitution, the “Substitution of Undergraduate or Graduate Program Requirement” e-FORM should be submitted to their respective department for review. The department will forward their decision to the Office of the Registrar for processing. Students will receive an e-mail to their student accounts after the substitution request has been completed, unless the substitution was initiated by their advisor. In that case, students should follow up with their advisors to make sure that their substitution has been completed. If the department chair does not approve the substitution, the student may appeal that decision to the school dean. If the school dean does not approve the substitution, the student may appeal that decision to the Provost. The Provost has final authority concerning the substitution.

Students should avoid processing substitution forms close to the time of graduation; instead, substitutions should be effected as warranted in academic planning sessions with academic advisors. Deadlines to submit substitutions for graduating students are provided on the “Registration Information” page of the Monmouth University Web site.

**ACADEMIC PROCEDURES**

**Application for Graduation**

An “Application for Graduation” form should be filed with the Office of the Registrar no later than the deadline date, as outlined on the “Registration Information” page of the Monmouth University Web site. It is the student’s responsibility to see that all requirements for graduation are met. Students can review their academic audits at any time by using their WEBstudent account.

**Participation in Commencement**

Only students who have completed all degree requirements are permitted to participate in Commencement exercises. All application deadlines for graduation, substitutions of program requirements, grade changes, waivers, transfer credits, and the like are outlined on the “Registration Information” page of the Monmouth University Web site. Failure to meet any of the deadlines may impact inclusion in Commencement-related activities.

**Undergraduate: Change of Major**

The choice of a major can have dramatic impact on life and career goals. Undergraduates considering changing majors should be aware that academic advising, including interest testing, is available to them through the Center for Student Success.

Students who wish to change their majors should seek the advice of the chair of the proposed new department and make themselves familiar with the requirements of the new major. To make the change, students should submit a “Request to Change Curriculum” e-FORM. (Note: Freshmen students must consult with their advisors in the First Year Advising Office in order to change their major.) The Office of the Registrar will review the application and route it to all appropriate parties for their approval. Students will receive an e-mail once this form has been successfully processed. Students must fulfill the requirements of the new major that are in effect at the time of the change of major.

Undeclared majors are required to officially declare a major by the end of the sophomore year. Failure to do so will prevent registration for future semesters. An undeclared student who has maintained continuous matriculation under earlier general education requirements may elect to follow those general education requirements when declaring a major. See Curriculum of Record for additional information.

**Changing From Non-Matriculated to Regular (Matriculated) Status**

An undergraduate student accepted to Monmouth University as a non-matriculated (non-degree-seeking) student may request to matriculate (seek a degree) by applying for admission as a regular (matriculated) student. If accepted as a regular student, he or she may declare a major (provided admission criteria, if any, of the particular major are met) or choose the undeclared status.

A non-matriculated undergraduate student who did not meet regular admission requirements when accepted in the provisional non-matriculated status must complete a minimum of twelve (12) cred-
its and a maximum of eighteen (18) credits of college-level course work with a minimum grade point average of 2.00 before applying for admission as a regular student. The student will follow all curricular requirements in effect at the time of admission as a regular student.

Courses taken in the non-matriculated status will be considered for applicability toward degree requirements in the same way that courses taken in the matriculated status are considered. Undergraduate students wishing to change from non-matriculated to regular status should contact the Office of Undergraduate Admission.

**Course Changes (Add/Drop)**

Students can add or drop classes at any time during the open registration period or until the conclusion of the Add/Drop period (as outlined in the Academic Calendar) using WEBRegistration or with the assistance of their academic advisor/department.

Students who want to petition to add a closed class, or who want to add a class after the Add/Drop Period has concluded, must complete a “Registration: Add Course Form,” available from their WEBstudent menu under “Registrar Forms.” This form must be printed and approved by the instructor, department, and/or dean. Students attempting to add a class after the Add/Drop Period has ended must also obtain a “Retroactive Registration Form” from the Bursar. All forms must be brought to the Office of the Registrar for processing before the term concludes. It is the responsibility of the student to see that all forms reach the appropriate office.

Students simultaneously adding and dropping a course (e.g., same course, different section) should use e-FORMS and select “Swap Course Registration.” Approvals for this action will be done electronically, and since there is no credit change, Bursar approval is not required.

**Leave of Absence**

A leave of absence (LOA) enables students to maintain the same curriculum of record if they intend to be away (no active registration) from the University for a full semester. Interested students should submit an LOA request e-FORM in order to be placed on a leave; e-FORMS are accessible from the main menu of WEBAdvisor. The deadline to submit this request is by the conclusion of the course change (add/drop) period. Please consult the official University academic calendar for specific dates. All degree requirements must be completed as specified in the “Time Limitation” section of this catalog. Students on a LOA may not attend another institution and transfer credits back to Monmouth University.

**Registration**

All current Monmouth University students and deposited “Applicants” are provided with access to the University’s WEBstudent. Each student is provided with a unique User ID and password, which allows him or her access to personal information via the Web.

Continuing students who have met with their academic advisor and received permission to do so may self-register using WEBstudent. Specific information for dates and times to register online will be distributed prior to registration dates and will be available online in the “Registration Information.” Online registration is not available to students who are on academic probation or whose current admission status is conditional.

Continuing students are strongly urged to complete “early registration” for upcoming semesters and terms. Early registration for the fall, spring, and summer semesters usually begins in April and concludes in August. Late registration is conducted during the first week of the fall and spring semesters; students are required to pay the “late registration” fee when registering during the late registration period. Registration after the conclusion of the late registration period requires the written approval of the appropriate faculty and department chairs. Students are not permitted to attend classes for which they are not officially registered (as determined by the Office of the Registrar). If students attend without prior registration, they are subject to disciplinary action, including suspension and dismissal, and will not be permitted to “retroactively” enroll.

New students are invited to register during special programs during the summer and in January as part of their orientation to the University. Late registration is available to new students, although it is less desirable than the mode described above.

Registration privileges are not extended to students who have significant unresolved financial or other obligations to the University. “Holds” are placed on the records of such students. Upon resolution of the obligation, registration privileges are restored. Course prerequisites are updated peri-
Periodically. Students should confer with their advisors concerning the most recent prerequisites on record for courses they wish to take. Students should also confer with their advisors when they want to register for more than eighteen (18) credits per semester. Students must fulfill the most current prerequisite requirements prior to taking courses at Monmouth University.

**Transcript Requests**

Current student requests for transcripts must be made by submitting a "Request for Transcript" e-FORM to the Office of the Registrar. Former students and alumni may print and submit a "Request for Transcript" form available from the Office of the Registrar "Forms" page. All transcript requests should be made at least two weeks prior to the time they are to be sent; hard-copy requests must bear the signature of the student whose record is being requested. Issuance of transcripts must be first cleared by the Bursar’s Office or any other University office to ensure that there are no outstanding obligations. The University may withhold transcripts, or information related thereto, if an outstanding balance exists, or if repayment of a loan granted either by or through the University is in arrears.

During a period of approximately two weeks when grades are being recorded and processed at the conclusion of a semester, transcripts cannot be issued for currently enrolled students.

Monmouth University releases only the Monmouth University transcript; it does not release the transcripts from institutions previously attended by the student.

**SCHEDULING INFORMATION**

**Fall and Spring Semesters**

Monmouth University schedules on-campus classes year-round. During the fall and spring semesters, in addition to the traditional schedule of daytime classes, Monmouth also offers non-traditional students other scheduling options. Courses are available in the evening and on weekends.

**Summer Sessions**

Summer sessions provide a comprehensive program of day and evening courses and special workshops for Monmouth students and students in good standing at other colleges and universities. Summer session programming also provides a taste of college life and a head start for high school students who have completed either the junior or senior year. Because of Monmouth’s location near the shore, summer sessions are well attended by visiting students as well as Monmouth’s own students.

The University offers five regular summer sessions. The maximum course load for summer school is twelve (12) credits.

Students enrolled at other institutions should receive approval from that institution for courses for which credit is desired. Students must meet all course prerequisites. Admission into the summer program does not constitute acceptance into the University’s regular programs.

Campus recreational and dining facilities are available to summer students. Residence halls will be open to resident students during the summer.

Inquiries regarding summer sessions and applications for admission should be addressed to the Director of Admission.

**UNIVERSITY EMERGENCY CLOSING**

Monmouth University has established a Weather Emergency Information Line: (732) 263-5900. During emergencies, including weather-related situations when the University may need to close or delay the start of the workday, this line will have a prerecorded message with necessary information for students and staff. If the University must close or cancel classes, a broadcast message will also be sent to all employees and resident students via the campus alert system. You may also find out about weather-related cancellations and closings by e-mail messages, the Monmouth University Web page (http://www.monmouth.edu), social media posts, or from one of the local radio stations or TV channels listed below:

**FM**

88.9  WMCX Monmouth University
92.7  WOBM Ocean County
94.3  WJLK Monmouth County
98.5  WJLK Ocean County
101.5 WKXX Trenton
107.1 The Breeze

**AM**

1010  WINS New York
1310  WJLK Monmouth and Ocean Counties
1450  WCTC New Brunswick
UNIVERSITY E-MAIL

Monmouth University provides all students with a Monmouth University e-mail account. Some student notices are sent exclusively to the Monmouth University e-mail account, such as:

- Grade reports
- Semester schedules
- Registration information
- Academic announcements
- Graduation deadlines
- Change-of-class notifications
- Academic standings

Additionally, administrative offices have established e-mail accounts for student use; however, the student e-mail must be generated from the Monmouth University e-mail account, such as:

- admission@monmouth.edu
- bursar@monmouth.edu
- finaid@monmouth.edu
- graduateschool@monmouth.edu
- fyseminar@monmouth.edu
- registrar@monmouth.edu

WEBstudent and e-FORMS

All currently registered Monmouth students have established WEBstudent accounts for use in schedule preparation, grade and transcript look-up, and academic audits. Students are encouraged to utilize WEBstudent for retrieval of their academic information. Questions concerning the account can be answered by the Help Desk (732-571-3539), or documentation can be obtained from the WEBstudent site. Information obtainable online includes:

- Grades (midterm and final)
- Grade Point Average (GPA)
- Academic audit
- Student schedule
- WEBregistration
- e-FORMS

WEBstudent is available for general use to view the Schedule of Course Offerings. “Search for Courses” is not restricted by User ID and password and is accessible to all users. Monmouth University provides a menu selection accessible from WEBstudent that allows currently enrolled students to electronically submit academic requests to the department and to the Office of the Registrar.

Current students initiate requests with the Academic Affairs Division by utilizing the e-FORMS selection available from their WEBstudent menu.

Instructions about how to use WEBstudent and e-FORMS are posted under “Instructions” on the WEBstudent main menu.

WITHDRAW FROM THE UNIVERSITY

Students who intend to withdraw from Monmouth University and plan not to return are requested to notify the University by completing a “Total Withdraw from the University” e-FORM. Provided the e-FORM is received by the “W” deadline date (see academic calendar), students will be withdrawn from the current term; otherwise the total withdrawal will not be effective until the next regular term.
The Wayne D. McMurray School of Humanities and Social Sciences

DEAN: Kenneth Womack, PhD
ASSOCIATE DEAN: Nancy Mezey, PhD
ASSOCIATE DEAN: Michael Thomas, MFA

The Wayne D. McMurray School of Humanities and Social Sciences prepares students for lifelong learning and effective engagement with a changing world. The humanities give critical insight into aspects of thought, values, and achievement in all times and places. The social sciences contribute an understanding of the structure and function of society. Both areas provide a foundation for major courses of study that prepare students for productivity and responsibility in both their careers and civic life. Undergraduate and graduate curricula provide strong programs that prepare students for successful entry into professions and advanced study.

The Wayne D. McMurray School offers twenty-three undergraduate degree programs and master’s degrees in Anthropology, Corporate and Public Communication, Criminal Justice, English, History, Homeland Security, Mental Health Counseling, Psychological Counseling, and Public Policy. Among our academic goals are proficiency in all forms of communication; an appreciation for the diversity of people and ideas and the ability to collaborate with others; stimulation of aesthetic sensitivity and creative expression; and the ability to think and react critically. Interdisciplinary studies are encouraged. All majors provide options for minors, double majors, concentrations, and interdisciplinary studies.

Within the School of Humanities and Social Sciences are the Freed Chair in Social Science endowed through a gift from the Gerald Freed Foundation, the Jules Plangere Jr. Chair in American Social History endowed through a gift of Life Trustee Jules Plangere Jr., and the McMurray-Bennett Endowed Chair in the Humanities. Professor Brian Greenberg of the History Department occupies the Plangere Chair, and Professor Kristen Bluemel of the English Department occupies the Wayne D. McMurray-Bennett Chair.
ANTHROPOLOGY
Richard Veit, Chair, Department of History and Anthropology

Heidi Bludau, Lecturer of Anthropology. PhD, Indiana University. Research interests include transnationalism and migration of healthcare workers, globalization and health, professional identity, post-socialism, and Europe. Teaching areas include medical anthropology, globalization, applied anthropology, ethnographic methods, and anthropology of food.

Veronica M. Davidov, Assistant Professor of Anthropology and Director, Graduate Program in Anthropology. PhD, New York University. Areas of research interest include cultures of Latin America and ecotourism in the Amazon. Teaching focus includes anthropological theory, ethnographic methods, area studies (Latin American), political ecology, and globalization.

Hillary DelPrete, Assistant Professor of Anthropology. PhD, Rutgers University. Professor DelPrete is a biological anthropologist with a specialization in modern evolution. Teaching and research interests include human evolution, human variation, human behavioral ecology, and anthropometrics.

Stanton W. Green, Professor of Anthropology. PhD, University of Massachusetts, Amherst. Professor Green is a specialist in Baseball and American Culture, Archaeology, and Ireland. His research and teaching interests include questions of diversity in the United States, archeological methods and theory, and the application of Geographic Information Systems.

Brook Nappi, Lecturer in Anthropology. MA, Montclair State University. Research interests include sex/gender, race/diversity, and global inequalities; the Supernatural; body and embodiment; and phenomenology. Teaching focus includes cultural anthropology, American diversity, the anthropology of sex and gender, and magic, witchcraft, and religion.

Richard Veit, Professor of Anthropology and Chair. PhD, University of Pennsylvania. Teaching areas include archaeology, historic preservation, North American Indians, and New Jersey history. Research interests include historical archaeology, industrial archaeology, and early American Material Culture. Author of Digging New Jersey’s Past: Historical Archaeology in the Garden State.

The Anthropology curriculum is designed to provide a liberal arts education that emphasizes the scientific study of humanity. Three areas of Anthropology are covered: Cultural Anthropology, the comparative study of human beliefs and behavior with special attention to non-Western societies; Archaeology, the study of the human cultural heritage from its prehistoric beginnings to the recent past; and Biological Anthropology, the study of racial variation and the physical and behavioral evolution of the human species. The goal of the Anthropology program is to provide students with a broad understanding of humanity that will be relevant to their professions, their daily lives, and their larger roles in the modern world.

Student Honor Society: Lambda Alpha, Alpha Chapter

BACHELOR OF ARTS WITH A MAJOR IN ANTHROPOLOGY
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

Additional endorsements are available. Please refer to the School of Education or the curriculum charts located in Appendix “B.”

ANTHROPOLOGY DEPARTMENT MINOR
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

ART AND DESIGN
Andrew L. Cohen, Chair, Department of Art and Design
Mark Ludak, Compliance Officer/Technical Specialist
Scott Knauer, Director of Galleries and Collections
Tom Baker, Associate Professor. MFA, University of Wisconsin-Madison. Professional experience includes work at collaborative print shops: Tandem Press and Winstone Press. He is a council member of the Society of American Graphic Artists in New York, and his prints have been shown and collected nationally and internationally.

Karen T. Bright, Professor. MFA, Cranbrook Academy of Art. Specialization includes graphic design and computer graphics. Professional work includes all aspects of graphic design including print and related collateral design. Also working as a digital artist whose work has been shown in national and international competitions and exhibitions.

Andrew L. Cohen, Professor and Chair. PhD, University of Chicago, History of Art. Research spans from medieval India to contemporary South Asian art. Author of Temple Architecture and Sculpture of the Nolambas (9th–10th centuries).

Pat Hill Cresson, Professor. MFA, Pratt Institute. Specialization includes computer graphics and graphic design. Her professional experience includes art direction and design from concept through print in the areas of publishing, corporate design, and computer illustration. Her fine art work is represented in a New York City gallery and has been shown nationally and internationally.

Vincent DiMattio, Professor. MFA, Southern Illinois University. Practicing artist who has exhibited his work in New York City and throughout the United States, Spain, and Mexico. Teaches drawing, painting, basic design, and several lecture courses. Started the gallery program at Monmouth University. He is a co-author of the book The Drawings and Watercolors of Lewis Mumford.

Corey Dzenko, Assistant Professor. PhD, University of New Mexico. Contemporary and modern art history specialist, with emphasis on photography, interactive media, and theory.

Wobbe Koning, Assistant Professor. MFA, Ohio State University. Animation and interactive media specialization; also has video, sound, and television expertise.

Mark Ludak, Specialist Professor and Compliance Officer. MFA, Hunter College. Professional work includes documentary, fine art, and editorial photography.

Michael Richison, Specialist Professor. MFA, Cranbrook Academy of Art. Motion graphics and graphic design.

Jing Zhou, Associate Professor. BFA, Sichuan Fine Arts Institute, China; MFA, Georgia Southern University. Interests include graphic design, Web design, digital media art, flash animation, art direction, and fine arts.

The Bachelor of Fine Arts Degree (BFA) in Art (with concentrations in Graphic and Interactive Design and Animation) is a career-track program that prepares students for professional work in the fields of graphic design, computer graphics, Web design, and animation or for graduate school. Entering freshmen will be accepted as BFA degree candidates. As sophomores, or in the fourth semester at Monmouth University, BFA degree candidates will be required to pass the Art and Design Student Portfolio Review (AR-REV). Upon successful completion of the AR-REV, BFA degree candidates will be officially accepted into the BFA degree program. If a student fails to pass the AR-REV, he or she will be referred to a Student Review Committee, which will determine whether the student should change his or her major or be given a conditional semester or year. Transfer students can declare themselves a BFA candidate upon acceptance to Monmouth University. Transfer students will also be required to pass the first given AR-REV.

The BA in Art is designed for students who seek a strong studio experience and the option of developing skills useful in several professional areas. The core of the degree is traditional studio work in foundations, drawing, painting, sculpture, printmaking, and ceramics. The BA in Art with a Concentration in Photography is a more focused program on photographic skills, both traditional and digital. All art and design majors are required to complete a one- to three-credit internship during their senior year. Additional internship and cooperative education opportunities are offered as electives starting in the junior year.

Department Honors will be earned based on the following criteria being met:

- An overall GPA of at least 3.3
- A major GPA of at least 3.5
• Completion of AR410 and AR411, Advanced Project 1 and 2
• Artifacts having been publicly presented with a reading and defense of research topic
• Project and paper to have a combined average of a “B” or better

BACHELOR OF FINE ARTS IN ART WITH A CONCENTRATION IN GRAPHIC AND INTERACTIVE DESIGN
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Fine Arts in Art with a Concentration in Graphic and Interactive Design

BACHELOR OF FINE ARTS IN ART WITH A CONCENTRATION IN ANIMATION
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Fine Arts in Art with a Concentration in Animation

BACHELOR OF ARTS WITH A MAJOR IN ART
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Arts in Art
• Bachelor of Arts in Art with a Concentration in Photography
• Bachelor of Arts in Art and Education with Endorsements in Elementary Education
• Bachelor of Arts in Art and Education with Endorsements in K-12 Education

Additional endorsements are available. Please refer to the School of Education or the curriculum charts located in Appendix “B.”

ART DEPARTMENT MINORS
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Minor in Art
• Minor in Art History
• Minor in Asian Studies
• Minor in Graphic Design/Computer Graphics
• Minor in Interactive Media
• Minor in Photography

COMMUNICATION
Aaron Furgason, Chair, Department of Communication
Rebecca Sanford, Assistant Chair, Department of Communication

Chad Dell, Associate Professor. PhD, University of Wisconsin-Madison. Primary fields are broadcasting and cultural studies. Special interests include television production and analysis, broadcast history, and media policy. Research interests focus on an analysis of the exercise of power at the intersection of broadcast industries and audiences. Faculty advisor to Alpha Epsilon Rho, the student chapter of the National Broadcasting Society.
ccdell@monmouth.edu

Donna Montanaro Dolphin, Associate Professor and Program Director for Radio/TV. MFA, Mason Gross School of the Arts, Rutgers University. Primary fields are TV production, media studies, documentary, screen studies, popular culture, and mass media and First Year Seminar. Special interests are experimental film and community-based television. Research interests focus on roots music and American popular culture, and on the construction of femininity in the screen arts. Faculty advisor to the student-operated TV station, Hawk TV.
ddolphin@monmouth.edu

Aaron Furgason, Associate Professor and Chair. PhD, Rutgers University, MA Emerson College. Introduction to Radio Production, Introduction to Screen Studies, Radio in the Music Industry, Radio Programming and Promotions, Talk Radio, Radio in America, First Year Seminar, and Generation ‘X’ Film Directors. Research interests include radio and recording industries and film studies. Faculty advisor to the 1000-watt FM University radio station, WMCX.
aurgaso@monmouth.edu

Mary Harris, Specialist Professor. MA, Monmouth University. BA, Rowan University. Areas of interest include public relations, social media campaigns, marketing, and event planning. Public
Relations Student Society of America, APR, and Public Relations Society of America.
mcharris@monmouth.edu

**Shannon Hokanson**, Lecturer. MA, Monmouth University. Areas of interest include interpersonal, intercultural, and organizational communication. Also teaches Introduction to Communication, First Year Seminar, Communication Theory, and Senior Seminar.
shokanso@monmouth.edu

**Moyi Jia**, Lecturer. PhD, Ohio University. Areas of specialization include organizational communication, intercultural communication, emotion in the workplace and classroom, social support, social media, and socialization.
mjia@monmouth.edu

**Matthew Lawrence**, Specialist Professor. MFA, Boston University. Areas of specialization include narrative and documentary film and video production, screenwriting, and media literacy.
malawren@monmouth.edu

smcallis@monmouth.edu

**John Morano**, Professor. MA, Pennsylvania State University. Primary fields are print journalism and media studies. Special interests include start-up publications, magazine film and video production, screenwriting, and media literacy.
morano@monmouth.edu

**Eleanor M. Novek**, Professor. PhD, Annenberg School for Communication, University of Pennsylvania. Specialties are journalism, gender studies, research methods, and social justice research. Research interests in racial discrimination, prison issues, high school journalism, and service learning.
enovek@monmouth.edu

**Michael Phillips-Anderson**, Associate Professor. PhD, University of Maryland. Interests include political communication, rhetoric, critical/cultural studies, and gender. Political Communication, Critical Discourse, First Year Seminar, Senior Seminar, and Introduction to Communication.
mphillip@monmouth.edu

**Rebecca Sanford**, Associate Professor and Assistant Chair. PhD, Temple University. Undergraduate courses taught include Interpersonal Communication, First Year Seminar, Family Communication, Nonverbal Communication, Communication Research Methods, and Communication Theory. Faculty advisor to Lambda Pi Eta, the National Communication Honor Society, and First Year Advisor in the Center for Student Success.
rsanford@monmouth.edu

**Robert Scott**, Specialist Professor. MFA, University of Miami. Primary fields are film and video production, news reporting, Web development, corporate communication, and media writing. Areas of professional experience include digital cinema, media asset management, screenwriting, media history, and entertainment media technologies. Faculty advisor for the student-operated Hawk TV News.
rescott@monmouth.edu

**Jennifer Shamrock**, Lecturer. PhD, Hugh Downs School of Communication, Arizona State University. Primary fields of study and research include ethnographic, narrative, and textual forms of inquiry from a feminist critical perspective.
jshamroc@monmouth.edu

**Deanna Shoemaker**, Associate Professor and Director of the Master’s Program in Corporate and Public Communication. PhD, The University of Texas at Austin. Primary fields are Performance and Theater Studies, Communication Studies, and Gender Studies. Special interests include feminist performance practices, performance of literature, performance ethnography, critical race theory, and First Year Seminar. Research interests include cultural and aesthetic performances of femininity and critical staging of race/ethnicity and sexuality. Faculty advisor to Comm Works, Students Committed to Performance.
dshoemake@monmouth.edu

**Kristine M. Simoes**, Specialist Professor. MA, Rowan University. Teaching focus on field-ap-
plicable curriculum that prepares students for careers in public relations professions. Courses developed include Public Relations Writing/Layout and Design, Public Relations Campaigns, and Public Relations Trends and Analysis. APR, Public Relations Society of America.

ksimoes@monmouth.edu

Don R. Swanson, Professor. EdD, University of Northern Colorado. Primary fields are organizational, intercultural, and political communication, and First Year Seminar. Special interests in corporate communication consulting, training, and dispute resolution. Research interests in executive communication, management communication applied in multicultural organizations, and political communication in Micronesia.
dswanson@monmouth.edu

Marina Vujnovic, Associate Professor. PhD, University of Iowa. Primary fields of research are participatory journalism and new media studies, media history and gender, critical political economy, and cultural studies, and First Year Seminar. Research interests focus on international communication and global flow of information; journalism studies; and explorations of the historical, political-economic, and cultural impact on media, gender, and ethnicity. Faculty advisor to the student-operated online news magazine, The Verge.
mvujnovi@monmouth.edu

Sherry Wien, Associate Professor. PhD, Rutgers University. Areas of expertise are organizational and interpersonal communication. Teaching interests are improving work relationships, making business presentations, and creating video podcasts for training. Research interests are assessing communication skills in higher education and describing how part-time seasonal employees identify with an organization.

swien@monmouth.edu

In our commitment to students’ personal, professional, and public success, the mission of the Department of Communication is to provide a rigorous, ethical, collaborative, and culturally responsive learning environment. We embrace civic participation ideals and provide rich opportunities for written, oral, and technological communication competence, research skills, intercultural appreciation, and professional readiness.

The Department serves this mission at the undergraduate level through its three clusters: Communication Studies, Journalism and Public Relations, and Radio and Television.

Student Honor Societies: Alpha Epsilon Rho (Radio and Television), Lambda Pi Eta, the National Communication Honor Society.

BACHELOR OF ARTS WITH A MAJOR IN COMMUNICATION
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Bachelor of Arts in Communication

BACHELOR OF ARTS WITH A MAJOR IN FOREIGN LANGUAGES WITH A CONCENTRATION IN SPANISH AND COMMUNICATION
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Bachelor of Arts in Foreign Languages/ Spanish Concentration and Communication (Journalism Cluster)
• Bachelor of Arts in Foreign Languages/ Spanish Concentration and Communication (Radio and Television Cluster)

COMMUNICATION DEPARTMENT MINORS
Please refer to the curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

CRIMINAL JUSTICE
Beth Sanders, Chair, Department of Criminal Justice

John Comiskey, Assistant Professor. EdD, St. John Fisher College, MS, Naval Post Graduate
School. Areas of interest include homeland security, intelligence nexus to local crime, and the role of local police in national intelligence.

**Gregory J. Coram**, Associate Professor. PsyD, Indiana State University. Areas of interest include psychology, criminal pathology, and corrections. Current research projects include the biology of violent criminals.

**Albert Gorman**, Specialist Professor and Police Recruitment Evaluations. MA, John Jay College of Criminal Justice. Interests include police professionalism, community policing, corrections, and security/loss prevention.

**Michele Grillo**, Assistant Professor. PhD, Rutgers University, Criminology. BS, MA, University of Massachusetts Lowell, Criminology. Research interests include domestic terrorism, policing, homeland security, conspiracy theories, terrorism and the media, American street gangs, feminist criminology, females in the criminal justice system, and quantitative/qualitative research methods. Current research projects include assessing police organizational change post-September 11, police and public perceptions of terrorism after September 11, the relationship between social networking sites and antisocial behavior, female prisoner re-entry.

**Peter Liu**, Professor. PhD, Indiana University of Pennsylvania. Areas of interest include research methods, criminology, comparative criminal justice systems, and criminal justice organizations administration and management. Current research projects include comparative delinquency, Chinese justice system, and environmental crime.

**Brian Lockwood**, Assistant Professor. BA, The College of New Jersey; MA, PhD, Temple University. Research interests include the applications of Geographic Information Systems (GIS) in the study of offending, environmental criminology, and juvenile delinquency.

**Marie Mele**, Assistant Professor. PhD, Rutgers University. Teaching interests include women and crime, victimology, research methodology, and social statistics. Current research focusing on intimate partner violence and domestic homicide.

**Ronald Reisner**, Associate Professor. PhD, Columbia University; JD, Rutgers University School of Law. Areas of interest include victims' rights, juvenile law, and Fourth Amendment rights. Current research projects include State constitutional activities in victims' rights and policy development in the criminal justice system.

**Beth A. Sanders**, Associate Professor and Chair. PhD, University of Cincinnati. Specializes in police officer recruitment, selection, and the measurement of job performance. Research interests include gender differences, criminology, and community health. She frequently serves as a consultant for municipal police departments. Her work has appeared in the *Journal of Criminal Justice Education, Policing, and Deviant Behavior*.

The Criminal Justice major is designed to provide a balanced and comprehensive overview of the nature and structure of the criminal justice system, with particular emphasis on preparation for careers in fields such as law, juvenile justice, corrections, criminal justice administration, and law enforcement. The program also provides a solid preparation for graduate study.

**Student Honor Societies: Alpha Pi Sigma, Omega Theta Phi Chapter, Omicron Sigma Sigma**

**BACHELOR OF ARTS WITH A MAJOR IN CRIMINAL JUSTICE**

*Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”*

- Bachelor of Arts in Criminal Justice

**BACHELOR OF SCIENCE IN HOMELAND SECURITY**

The Homeland Security major incorporates core homeland security competencies in the areas of counterterrorism and intelligence, emergency management, strategic planning, and collaborative partnerships. This program also prepares students for graduate study.

*Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”*

- Bachelor of Science in Homeland Security
CRIMINAL JUSTICE DEPARTMENT MINORS
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Minor in Criminal Justice
• Minor in Forensic Investigation
• Minor in Homeland Security

ENGLISH
Susan Goulding, Chair, Department of English
David Tietge, Director of First Year Composition
Elizabeth Gilmartin, Undergraduate Program Coordinator
Kristin Bluemel, Graduate Program Director

Mary Kate Azcuy, Associate Professor. DLitt, Drew University. Specialty is contemporary American literature with an emphasis on women poets, mythology, and feminism, as well as creative writing.

Noel Belinski, Lecturer. MA, Monmouth University. Specialties are composition pedagogy and General Education literature courses.

Stanley Blair, Associate Professor. PhD, Duke University. Specialty is American literature. Other interests are New Jersey literature, poetry, history of rhetoric, and popular culture.

Kristin Bluemel, Professor and the Wayne D. McMurray-Helen Bennett Endowed Chair in the Humanities, Graduate Program Director. PhD, Rutgers University. Specialty is twentieth-century British literature. Additional interests include literary criticism and theory, the novel, children’s literature, World War II and the end of empire, and book history.

Margaret Del Guercio, Associate Professor. PhD, New York University. Specialty is the novel in the eighteenth and nineteenth centuries. Major interests are Shakespeare, poetry, and prose fiction.

Josh Emmons, Assistant Professor. BA, Oberlin College; MFA, The University of Iowa. Specialty is fiction writing.

Heide Estes, Professor. PhD, New York University. Specialty is Old English language and literature, and additional interests include Middle English literature, feminist theory, and representations of Jews in early English texts. Current research is in ecocriticism.

Prescott Evarts, Professor. PhD, Columbia University. Specialty is contemporary English and American literature. Recent interest is poetry.

Melissa Febos, Assistant Professor. MFA, Sarah Lawrence College. Specialty is creative nonfiction, with additional interests in fiction, poetry, contemporary American literature, and women’s studies.

Frank Fury, Lecturer. PhD, Drew University. Specialty is nineteenth- and twentieth-century American literature with particular emphasis on representations of sport in American culture. Additional interests include the short story and Shakespeare.

Elizabeth Gilmartin, Lecturer and Undergraduate Program Coordinator. PhD, New York University. Areas of interest include the Irish language and Victorian Ireland. Coordinator of the Irish Studies Minor.

Susan Goulding, Associate Professor and Chair. PhD, New York University. Specialties are eighteenth-century British literature, women’s studies, British history, and reception history.

JP Hanly, Assistant Professor. PhD, University of Louisville. Areas of specialty include composition theory and ethics.

Jeffrey Jackson, Assistant Professor. PhD, Rice University. Areas of specialty include nineteenth-century British Romantic and Victorian literature.

Mihaela Moscaliuc, Assistant Professor. PhD, University of Maryland. Areas of specialty include immigrant literature, postcolonial studies, translation studies, and poetry writing.

Abha Patel, Lecturer. PhD, Indian Institute of Technology. Areas of interest include twentieth-century American fiction, popular literature, and Victorian literature.

Sue Starke, Associate Professor. PhD, Rutgers University. Specialties are Renaissance literature and culture, medieval literature, and genre theory.

David Tietge, Associate Professor and Director of First-Year Composition. PhD, Southern Illinois University at Carbondale. Areas of interest include rhetoric and composition, literary theory, rhetorical theory, and popular culture. Current research is in science rhetoric.

Lisa Vetere, Associate Professor. PhD, Lehigh University. Specialty is Antebellum American literature and culture, with an emphasis on cultural
studies and feminist and psychoanalytic theory.

Michael Waters, Professor. PhD, Ohio University. Specialties are creative writing, poetry, and American literature.

Courtney Werner, Assistant Professor. PhD, Kent State University. Specialties are composition and rhetoric, new media, and multi-modal learning.

The major in English is designed to serve various needs within the framework of traditional literary study, creative writing, and rhetoric. Sensitivity to texts and the attendant skills in writing and analysis are useful for a wide range of careers in today’s changing workplace, including careers in law, teaching, editing, journalism, freelance writing, government service, marketing, management, and business. Combining the major with another minor is encouraged.

Departmental Honors will be earned based on the following criteria being met:
• An overall GPA of at least 3.3
• A major GPA of at least 3.5
• Fulfillment of the intermediate-level language requirement for English majors
• Two courses beyond those required for the English major as follows:
  a. complete one course from list of EN 300-400 courses chosen with thesis advisor
  b. complete a second course as an independent study/senior thesis with a grade of “B” or better

Student Honor Society: Sigma Tau Delta, Delta Chapter

ENGLISH DEPARTMENT MINORS

Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Minor in Creative Writing
• Minor in English
• Minor in Irish Studies
• Minor in Professional Writing

HISTORY

Richard Veit, Chair, Department of History and Anthropology

Julius O. Adekunle, Professor. PhD, Dalhousie University, Canada. Teaching fields include African history, Africa and its diaspora, and Western Civilization. Recent research on Nigerian history and society.

Christopher DeRosa, Associate Professor. PhD, Temple University. Fields include military history and American political history. Recent research concerns the political indoctrination of American soldiers.
Maureen Dorment, Lecturer. PhD candidate, Drew University. MA, Monmouth University. Research interests include the history of print culture and intellectual history. Teaching areas include Western Civilization, propaganda, and censorship.

Brian Greenberg, Professor and Jules L. Plangere Jr. Endowed Chair in American Social History. PhD, Princeton University. Primary fields are the history of American workers, American social history, and the history of public policy in America. Current research is on U.S. social history in the early twentieth century.

Frederick L. McKitrick, Associate Professor. PhD, Columbia University. Teaching areas include German history, French history, and modern European history. Current research is on German artisans of the Nazi and post-Nazi periods.

Katherine Parkin, Associate Professor. PhD, Temple University. Major areas of interest include U.S. history and American women.

Thomas S. Pearson, Professor. PhD, University of North Carolina. Teaching fields include Russian history, Soviet and Russian foreign policy, comparative revolutions, nineteenth-century Europe, and modern Eastern Europe. His most recent research has focused on government and peasantry in modern Russian history.

Maryanne Rhett, Associate Professor. BA, University of South Carolina; MA, University of Arizona; PhD, Washington State University. Areas of teaching are Islam and the Middle East. Research focuses on the Balfour Declaration of 1917.

Karen Schmelzkopf, Associate Professor. PhD, Pennsylvania State University. Interests include Geographic Information Systems, land use policy, community organizations, and urban redevelopment. Current research projects include community activism, politics of public space, and urban redevelopment issues in Asbury Park.

Richard Veit, Professor and Chair. PhD, University of Pennsylvania. Teaching areas include archaeology, historic preservation, North American Indians, and New Jersey history. Research interests include historical archaeology, industrial archaeology, and early American Material Culture. Author of Digging New Jersey's Past: Historical Archaeology in the Garden State.

Hettie Williams, Lecturer in African American History. ABD, History and Culture, Drew University, M.A., History and Culture, Drew University, M.A., History, Monmouth University. Teaching and research interests: African American history; gender in U.S. history; and race and ethnic studies.

The History curriculum is designed to provide an understanding of the complex forces and values that have shaped the modern world and to prepare students for graduate school or for careers in teaching, museums and historical societies, the law, politics, public service, journalism, or business.

The Interdisciplinary History and Political Science curriculum is designed to provide training in both history and politics for students who wish greater breadth of understanding of contemporary society in preparation for careers in business, law, politics, public service, or journalism.

Student Honor Society: Phi Alpha Theta

MUSIC AND THEATRE ARTS
Joseph Rapolla, Chair, Department of Music and Theatre Arts

Sheri Anderson, Specialist Professor, Theatre, Stage Management. MFA, University of California, San Diego. Ms. Anderson has extensive Broadway, off-Broadway, and regional experience as both a director and stage manager. To date, she has done thirteen Broadway productions, two national tours, and numerous regional and off-Broadway shows. Highlights include the Broadway productions of Phantom of the Opera, Little Me, and The Full Monty. She has been privileged to work with such theatrical legends as Neil Simon, Cy Coleman, Jerry Herman, Marvin Hamlisch, Terence McNally, John Guare, Chita Rivera, Rob Marshall, and Horton Foote, as well as Hollywood heavyweights Martin Short, John Lithgow, John Ritter, Henry Winkler, Kevin Spacey, and Madeline Kahn. She spent much of 2003 at Oxford University studying Shakespeare in performance. Fields of interest include theatre history, postcolonial drama, and musical theatre. She is a member of Actors’ Equity Association and Mensa.

John J. Burke, Associate Professor of Theatre.

PhD, Michigan State University. Director of the Theatre Arts program for Monmouth University and the artistic director/producer of the Shadow Lawn Stage. Dr. Burke teaches a wide variety of classes, including acting, creative dramatics, tech theatre, and improvisation. He has directed or produced more than 200 plays or musicals.

Michael Gillette, Specialist Professor of Music, Music History, Conducting, and Violin, Director of the Chamber Orchestra. MM, Yale University. For over thirty years, Professor Gillette has been a professional violinst in New York City and is currently the assistant concertmaster of the Radio City Music Hall Orchestra. He is also a member of the American Ballet Theatre Orchestra, and the Mostly Mozart Festival Orchestra at Lincoln Center. He has played for many Broadway productions, including Les Miserables, Beauty and the Beast, Annie, Sunset Boulevard, Phantom of the Opera, and Into the Woods. Professor Gillette has toured in Japan, the United Kingdom, Italy, and Venezuela and has performed with such diverse talents as Tony Bennett, Leonard Bernstein, Aaron Copland, Sammy Davis, Yo-Yo Ma, Jimmy Page, Itzhak Perlman, P. Diddy, and The Modern Jazz Quartet.

Joseph Rapolla, Specialist Professor, Chair and Music Industry Program Director. MBA, Monmouth University. A recognized music industry innovator, who built and led Award Winning Marketing departments at both Universal and Warner Music Group. Professor Rapolla has directed programs for top talent, such as Madonna, Bon Jovi, Michael Jackson, U2, and Sting, and has partnered with the world’s leading entertainment and media companies. He has earned multiple Gold Records for his work. He is also a songwriter, musician, and producer. He has released three studio CD’s and a film soundtrack, collaborates with top writers and artists in NYC and Nashville, and continues to perform internationally.

Gloria A. Rotella, Specialist Professor of Music (Piano, Music Education). EdD, Rutgers University. Teaches piano and coordinates the Early Field Placement/Student Teaching Program. Expanded the Methods classes and also introduced a Job Shadowing Program for Long Branch High School seniors. As Director of Applied Music, Dr. Rotella has increased student
enrollment in applied music courses as well as the number of senior recitals. Dr. Rotella recently coordinated a Music Career Networking event for all music education students and alumni, which provided an opportunity for students to network for future employment.

**David M. Tripold**, Associate Professor, PhD, Drew University. Field of interest is American sacred music. He is a composer, choral director, vocal teacher, and organist. Dr. Tripold is a nationally recognized choral conductor, singer, voice teacher, organist, and liturgical scholar who oversees Monmouth University’s music education degree program and directs the concert chorus and chamber choir. For over thirty years he has been engaged as a church organist and choir director and has performed as a baritone soloist and organist in the United States and Europe. His present scholarship focuses on American church music, especially pertaining to the origins of church choirs, church music collections known as tune books, and patterns and developments in contemporary American worship.

**George Wurzbach**, Specialist Professor of Music. MA Music Composition, Hunter College. Professor Wurzbach is a multi-award-winning composer, performer, and producer. His work with the music comedy group Modern Man earned a BackStage Magazine Bistro Award and several MAC Award nominations. His recent contribution to the album *Comedians and Angels* earned a 2009 Grammy Award nomination for folk music legend Tom Paxton. As a composer he recently scored theme and segment music for the PBS series *Real Simple* and created the sound design for the “Roaring Mountain” with composer John Deak and librettist Bill Gordh, debuted by the New York Philharmonic at Lincoln Center. During the past four theater seasons as Music Director at Monmouth University he has composed and conducted original scores that were premiered by the Music and Theatre Arts student.

The Music curriculum is designed to provide specific knowledge and skills in music and a basic education in the liberal arts. Students entering the Department of Music are required to present evidence of proficiency in their major area of performance.

The Music Industry concentration is designed to prepare students for careers in the music business in areas of specialization, such as music publishing, marketing, talent acquisition, concert production, media relations, and merchandising. Students will also be required to take courses that deal with popular music history and complete an internship program.

**PHILOSOPHY, RELIGION, AND INTERDISCIPLINARY STUDIES**

Golam Mathbor, Chair, Department of Philosophy, Religion, and Interdisciplinary Studies

**G. Oty Agbajoh-Laoye**, Associate Professor and Director of the African-American Studies
Program. PhD, University of Ibadan, Nigeria. Specialty is African Diaspora (African-American and Afro-Caribbean literature in English) and African postcolonial literature. Additional interests and current research include Black women’s fiction and criticism, the slave narrative, and oral tradition.

Manuel Chávez, Lecturer. PhD, Binghamton University – SUNY. Areas of interest include Latin American philosophy, Latino/a studies, pragmatism, and social and political philosophy. Current research interests include decolonial theory and ethics.

George González, Assistant Professor. ThD, Harvard Divinity School. Dr. González teaches courses in religious studies, ethics, and philosophy. His research methodology, philosophical anthropology, is highly interdisciplinary and weaves together ethnography, philosophical inquiry, social science, and historiography in the service of intersubjective inquiry and anthropological ethics. Dr. González’s recent publications are in the area of religion and capitalism. His research interests include critical theory, postcolonial studies, Latino/a studies, gender and queer studies, religion and the professions, New Age religions, and post-secularism. Dr. González is also involved in interfaith initiatives both within and outside the University.

Golam Mathbor, Professor and Chair. PhD, The University of Calgary. Areas of interest include development and analysis of social policies and services, community organizing and social action, social planning, community development and community participation, and international social work. Current research interests include sustainable development of coastal communities, international development, and interdisciplinary studies.

Alan Schwerin, Associate Professor. PhD, Rice University. Dr. Schwerin has research interests in David Hume’s philosophy of mind and Bertrand Russell’s epistemology.

The Interdisciplinary Studies Program guides students who want to develop interdisciplinary majors. It coordinates with faculty engaged in interdisciplinary initiatives or teaching courses of an interdisciplinary nature.

The Interdisciplinary Studies major offers a student the opportunity to develop an individualized interdisciplinary course of study that is not available in any established curriculum of the University. Flexibility of curriculum and skills assists in preparing for a wide variety of careers to meet the challenges of the rapidly evolving world of the workplace.

POLITICAL SCIENCE AND SOCIOLOGY

Joseph Patten, Chair, Department of Political Science and Sociology
Stephen J. Chapman, Public Policy Program Director
Johanna Foster, Sociology Program Director

Gregory Bordelon, Lecturer of Political Science and Director of the Center for Excellence in Teaching and Learning (CETL). JD, Louisiana State University. Professor Bordelon previously worked for the Paris branch of a U.S. law firm. Before coming to Monmouth University, he
worked as an editor and lecturer for the BARBRI program under West Education Group. He is a member of the Northeast Association of Pre-Law Advisors, the International Law Society, and the American Political Science Association. He has published on the "Napoleonic Code," constitutional dynamics of campaign finance and lobbying laws, and materials for students preparing for the Louisiana and Georgia bar exams. Current projects include shifts in law school curricula and pre-law effects thereof, and media influence on legal procedure.

Stephen Chapman, Assistant Professor and Director of the Graduate Program in Public Policy. PhD, SUNY Binghamton. Dr. Chapman specializes in American politics. His research interests include representation strategies of elected officials, the impact of continued partisan control of state governments, and public opinion. Dr. Chapman also possesses a strong research methods background and regularly teaches the undergraduate- and graduate-level methods courses.

Rekha Datta, Professor and Interim Vice Provost of the Global Education Office. PhD, University of Connecticut. Specialization in political theory, international relations, comparative politics of South Asia, East Asia, the United Nations, and women and the world. Research interests focus on issues of gender and development, traditional and human security issues, and child labor. In 2003 Dr. Datta received the Distinguished Teacher of the Year Award, the highest recognition for teaching at Monmouth University. She served on the county board of the American Association for University Women as Vice President for Public Policy until 2013. Since 2013, she has served on the Board of Big Brothers Big Sisters of Monmouth and Middlesex Counties. Founder of Women and Girls’ Education (WAGE) International, a New Jersey-based 501 (c) (3) not-for-profit organization. Member of the Committee on Status of Representation and Diversity, International Studies Association. Author of: Beyond Realism: Human Security in India and Pakistan in the Twenty-First Century (2008, 2010); Why Alliances Endure: The United States-Pakistan Alliance, 1954-1971 (1994); co-editor, with Judith Kornberg, Women in Developing Countries: Assessing Strategies for Empowerment (2002). Advisor of Pi Sigma Alpha National Political Honor Society. Founder of the Institute for Global Understanding.

Kevin Dooley, Associate Professor and Dean of the Honors School. PhD, Rutgers University. Research interests focus on globalization, comparative public policy, the politics of language, and comparative European governments. In addition to a wide array of scholarly articles, he is the author/co-author of two books, Politics Still Matter: Globalization, Governance, and the Revival of Regional Minorities (2008) and Why Politics Matter: An Introduction to Political Science (2012).

Johanna Foster, Assistant Professor of Sociology and Sociology Program Director. PhD, Rutgers University. Dr. Foster holds a PhD in Sociology from Rutgers University with a concentration in Gender Studies (2000), and an MA in Applied Sociology/Social Policy (1994) from The American University, where she also earned a BA in Interdisciplinary Studies/Women’s Studies (1992). She has taught sociology and gender studies for almost twenty years at a range of academic institutions, from private universities to urban community colleges, and with many of those years on the faculty at Monmouth University. She most enjoys sharing her love of sociology with students, and regularly teaches such courses as Introduction to Sociology, Introduction to Gender Studies, Race and Ethnicity, and Social Stratification. For many years, she combined her teaching and research efforts in social inequalities with work to restore higher education to prison communities, co-founding The College Bound Consortium for incarcerated women in New Jersey, and the college connections program for incarcerated women in New York.

Kathryn Kloby, Associate Professor and Interim Vice Provost of Transformative Learning. PhD, Rutgers University. Specialties are public sector accounting, performance measurement and reporting, citizen participation, public policy, and research methods. Her most current research focuses on accountability in public education.

Jennifer McGovern, Assistant Professor of Sociology. PhD, Temple University. Dr. McGovern is passionate about teaching and learning sociology and specializes in understanding how sport
both reflects and challenges social inequalities, such as social class, race, ethnicity, nationality, gender, and sexuality. Her previous research focused on the ways that professional baseball's institutional structures have grown and changed and how local baseball fans tell narratives about baseball players as the game has grown more global in scope.

Nancy J. Mezey, Professor of Sociology and Associate Dean of the Wayne McMurray School of Humanities and Social Sciences. PhD, Michigan State University. Specializes in family sociology, race-class-gender studies, gender studies, and the sociology of sexualities. Her research and publications focus on how and why diverse family forms develop out of particular social, cultural, historical, and political contexts. Outside of Monmouth University, Dr. Mezey serves as the 2014-2015 Vice President of the Society for the Study of Social Problems (SSSP). She also served as a volunteer in Mali, West Africa, for the Peace Corps from 1988-1990. In 2010, she received the Monmouth University Distinguished Teacher of the Year Award.

Kenneth E. Mitchell, Associate Professor. DPhil, University of Oxford. Specializes in Latin-American and Caribbean politics and policy (public sector reform, democratization, and state-society relations); and international political economy (capacity building in public sector, community development, and politics of market-based reform). Authored: State-Society Relations in Mexico (2001); “Don’t Cry for Argentina, They Will Survive This” (2014); “Models of Clientelism and Policy Change: the Case of conditional Cash Transfer Programmes in Mexico and Brazil” (co-authored with Aaron Ansell, 2011); “An Institutional Anomaly, Longevity and Competition in the Dominican Party System” (2009); “Bridging the Convergence-Divergence Policy Diffusion Divide, Mid-range Theorizing and Devolving Food Aid in Mexico and the Dominican Republic” (2007); “Building State Capacity: Reforming Mexican State Food Aid Programs in the 1990’s” (2005). In 2015, he received the Monmouth University Distinguished Teacher of the Year Award.

Joseph Patten, Associate Professor and Chair. PhD, West Virginia University. Teaches courses in American politics and public policy. Received the Monmouth University Distinguished Teaching Award in 2009. Coach of the Monmouth University Policy Debate Team and University advisor for the Washington Semester Internship Program. He also served as president of the New Jersey Political Science Association in 2012 and 2013. Co-author of Why Politics Matter: An Introduction to Political Science (Wadsworth Cengage Publisher) in 2012.

The political science curriculum offers a variety of courses that strengthen understanding of traditional and contemporary issues in American pol-
itics, legal studies, international affairs, comparative politics, and public policy. The curriculum assists students in preparing for leadership and careers in business, journalism, law, politics, public service, and teaching.

Political Science National Student Honor Society: Pi Sigma Alpha

Political Science Departmental Honors: will be earned based on the following criteria being met:
• Two additional 300+ level courses beyond those required for the Political Science major
• Students should apply to the chair of the Political Science and Sociology Department at the start of their junior year
• Overall GPA 3.5 or higher; Political Science GPA must be 3.75 or higher

Sociology National Student Honor Society: Alpha Kappa Delta

Sociology Departmental Honors: will be earned based on the following criteria being met:
• Two additional 300+ level courses beyond those required for the Sociology major
• Students should apply to the chair of the Political Science and Sociology Department at the start of their junior year
• Overall GPA 3.5 or higher; Sociology GPA 3.75 or higher

Student Clubs: Debate Team, Global Service Club (Model UN), Moot Court, Mock Trial, Political Science Club, Pre-Law Club, and Sociology Club.

BACHELOR OF ARTS WITH A MAJOR IN POLITICAL SCIENCE
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Arts in Political Science
• Bachelor of Arts in Political Science and Education with an Endorsement in Elementary Education
• Bachelor of Arts in Political Science and Education with an Endorsement in Secondary Education in Social Studies

Additional endorsements are available. Please refer to the School of Education or the curriculum charts located in Appendix “B.”

• Minor in Legal Studies
• Minor in Political Science
• Minor in Public Policy
• Minor in Social Justice
• Minor in Sociology

Note: Any courses applied towards the Public Policy minor must be in addition to courses applied to the major, except for specific policy-related courses.

BACHELOR OF ARTS IN SOCIOLOGY
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Arts in Sociology

PSYCHOLOGY
Gary Lewandowski, Chair, Department of Psychology

Natalie Ciarocco, Associate Professor. PhD, Case Western Reserve University. General area of interest in social psychology. Within social psychology, specializes in self-regulation and how it
impacts interpersonal relationships.

**Jack Demarest**, Professor. PhD, State University of New York at Stony Brook. Primary field of interest is evolutionary psychology and animal behavior; especially mate choice, reproductive investment, game theory, and behavioral ecology. Teaching and research interests also include a feminist approach to sex role stereotyping, especially as it relates to male roles.

**Lisa M. Dinella**, Associate Professor. PhD, Arizona State University. Licensed Marriage and Family Counselor. Interests include how gender development impacts individuals' life decisions and development, particularly in terms of education and career trajectories.

**Jamie Goodwin**, Instructor. PhD, Ball State University. Research interests include attachment theory, friendships and relational aggression/victimization, gender issues and feminism, couples and family counseling, human sexuality, and sexual assault. Additional interest includes the psychological and sociocultural aspects of Internet fandom.

**Christine Hatchard**, Assistant Professor. BA, Monmouth University; MS, PsyD, Chestnut Hill College. Specialization in object relations therapy and emotion, personality assessment, eating disorders, human sexuality, and therapeutic considerations in the context of mother-daughter sexual abuse.

**Robyn M. Holmes**, Professor. PhD, Rutgers University. Specialization is in child development with a primary interest in children's play and ethnographic methods. Current research focuses upon relationship play and culture, play and learning, and recess, most recently in the Pacific Rim. Teaching and research interests include interdisciplinary and cross-cultural approaches.

**Gary Lewandowski**, Professor and Chair. PhD, State University of New York at Stony Brook. General area of interest is social psychology. Within social psychology, specializes in close romantic relationships, involving such topics as interpersonal attraction, love, relationship maintenance, and relationship dissolution. Specifically, research focuses on how entering, maintaining, and losing romantic relationships influences the self.

**Judith L. Nye**, Associate Professor and Associate Vice President, Academic Foundations – General Education. PhD, Virginia Commonwealth University. Specialization is in the area of experimental social psychology with a primary interest in social cognition. Current research focuses on group processes, specifically impression formation and the relationship between leaders and followers. Of additional and related interest are sex role stereotypes.

**David E. Payne**, Associate Professor. PhD, Columbia University. Interested in the relation between knowledge and the meaningful context in which it is acquired. Research examines the cognitive processes involved in learning and memory in humans and animals. Current work involves interaction of perceptual and conceptual processes in learning, memory, and judgments.

**Janice C. Stapley**, Associate Professor. PhD, Rutgers University. Special areas of interest are developmental psychology and emotion regulation. Research program is focused on gender, emotion, and adjustment during emerging adulthood.

**David B. Strohmetz**, Professor. PhD, Temple University. Specialization in social psychology with an emphasis on methodological and quantitative issues. Current areas of research include the social psychology of the experiment, particularly the nature of the volunteer subject, and social influences on tipping in restaurants.

**Michele Van Volkom**, Lecturer. PhD, State University of New York at Albany. Current research interests include intergenerational and gender differences in communication and technology use. Research interests include family relationships, especially the relationship between siblings, as well as the link between tomboyism in childhood and gender roles in adulthood.

The psychology curriculum focuses on the scientific study of behavior and mental processes. Majoring in psychology can lead to employment in business and industry (in fields such as human resources and applied research), social agencies, hospitals, and various other mental health settings. The curriculum provides excellent preparation for graduate school and a wide variety of career paths within and outside of psychology.

**Student Honor Society: Psi Chi**

PSYCHOLOGICAL COUNSELING

Stephanie Hall, Chair, Department of Psychological Counseling

David Burkholder, Associate Professor. PhD, Kent State University. Specialization in mental health counseling with children and adolescents. Areas of interest include career counseling, student retention, spirituality, legal and ethical issues in therapy, and multicultural issues.

Alan A. Cavaiola, Professor. PhD, Hofstra University. Specialization in the area of counseling issues related to mental health and alcoholism, substance abuse, and other addictive behaviors, and their impact on individuals, couples, and families. Teaching, research, and counseling interests focus on crisis intervention, sequelae of trauma, personality disorders, DUI offenders, workplace dynamics, and workplace stresses.

Stephanie Hall, Associate Professor and Chair. PhD, University of New Orleans. Specialization in the area of mental health counseling with primary interests in multicultural counseling, women’s issues, trauma, and group work.

Gary J. Handler, Specialist Professor and Field Placement Coordinator. PhD, New York University. MA, Monmouth University. Specialization is in counseling techniques and the impact of cognitive neuroscience on counseling. Areas of teaching include counseling techniques (both basic and cutting edge, including supervision) and psychopathology.

Joanne Jodry, Assistant Professor. EdD, Argosy University. Specializations in professional mental health counseling with primary clinical interests in women’s issues throughout the life span, life crisis, and existential issues. Areas of research interest include the interplay of counseling and religion (through a world religion perspective); the impact of therapeutic relationships on the counselor; and integrating feminist concepts into counseling.

George Kapalka, Professor. PhD, Fairleigh Dickinson University. Specialization in the areas of mental health counseling, clinical and school issues with emphasis on child and adolescent counseling and assessment as well as learning disabilities and school consultation, and legal/forensic issues. Current research program is focused on the education, counseling, and management of youth with behavioral problems (such as children with ADHD) in school and at home, as well as researching the benefits of nutritional and herbal therapies.

John P. Muldoon, Specialist Professor. PhD, University of South Carolina. Specialization in substance abuse and co-occurring counseling issues. Areas of interest include domestic violence, substance abuse, supervision, group counseling, religiosity/spirituality, and trauma counseling.

Laura Schmuldt, Specialist Professor. PhD, University of Central Florida. Specialization in community mental health. Interests include creative approaches to mental health counseling, altruism, trauma, wellness, career counseling, and veteran mental health.

Solomon Z. Schuck, Associate Professor, PhD, New York University. Specialization in crisis intervention, family therapy, and school psychology. Areas of interest include the utilization of culturally consonant approaches to primary prevention. Research interests include a study of the impact of culture and personality on the therapeutic process and on attitudes towards social issues.

WORLD LANGUAGES AND CULTURES

Mirta Barrea-Marlys, Chair, Department of World Languages and Cultures

Mirta Barrea-Marlys, Associate Professor and Chair. PhD, Romance Languages/Literature, University of Pennsylvania. Areas of specialization include medieval through eighteenth-century Spanish literature, linguistics, Latin-American theatre, and Latin-American women authors. Teaching
and research interests include linguistics, methodology of foreign language teaching, oral proficiency acquisition, and Spanish and Italian language and culture.

**Priscilla Gac-Artigas**, Professor. PhD, University of Franche-Comte, France. Latin American literature, culture, and civilization, and contemporary Latin American women writers and Latino writers in the United States. Interest in interdisciplinary studies on Latin America: history, anthropology, culture, geopolitics, and economics. New research areas are: developing writing proficiency in Spanish, mastering the mechanics of the writing process, creating artifacts to measure students’ learning and integration of knowledge to the long-term memory in a Spanish writing course, and to assessing writing and developing critical thinking in Spanish and in other disciplines.

**Alison Maginn**, Associate Professor of Spanish. PhD, University of Wisconsin-Madison. Teaching interests include proficiency-oriented language and contemporary Spanish literature and culture. Primary interest is in the narrative, poetry, and film of twentieth-century Spain. Current research focuses on the Spanish Civil War, women writers of post-dictatorship Spain, and Spanish cultural studies.

**Julia Riordan-Goncalves**, Assistant Professor. PhD, University of North Carolina at Chapel Hill. Area of specialization is the twentieth-century Spanish novel, especially the novel written under the Franco dictatorship. Additional research interests are a Transatlantic approach to the novel written under dictatorship in Spain and Spanish America, sociological theory and the novel, women writing the Social Novel in Spain, and pedagogical approaches to teaching Spanish for Business.

**Student Honor Societies:** Hispanic Honor Society: Sigma Delta Pi, Eta Pi Chapter; Italian Honor Society: Alpha Gamma Kappa

The Foreign Language curriculum provides the opportunity to concentrate in Spanish, to minor in Italian, and to study in Arabic, Chinese, French, German, Irish, and Latin.

**Foreign Language Placement Policy**

- **101**
  - No more than two years of the language in high school
- **102**
  - Three years of that language in high school or having completed 101
- **201**
  - Four years of that language in high school or having completed 102, or AP with a score of “2” or lower
- **202**
  - Having completed 201, or AP with a score of “3”
- **300+**
  - Five or more years of that language, or AP with a score of “4” or higher
  - Native speakers (students who speak Spanish, Italian, etc. as their first language) may not register in a class below the 201 level and should consult with the chair of the Department of Foreign Language Studies or the department advising coordinator for placement.
  - Heritage speakers (students who verbally interacted with at least one parent in Spanish, Italian, etc.) may register in any course from 101 on upon consultation with the chair of the Department of Foreign Language Studies or the Department Advising Coordinator.

**FS 300A, Advanced Spanish Conversation Review, is intended for non-native speakers of Spanish* and is a co-requisite for FS 300B, Advanced Conversation and Composition,**

For any questions or concerns regarding this policy, please call the Chair of the Department of Foreign Language Studies, Dr. Mirta Barrea-Marlys, at extension 5390 or the Department Advising Coordinator, Dr. Alison Maginn, extension 3612.

**Note:** FS 300A, Advanced Spanish Conversation Review, is intended for non-native speakers of Spanish* and is a co-requisite for FS 300B, Advanced Conversation and Composition,
and a pre-requisite for all other 300- and 400-level courses in Spanish. FS 300A is designed to bridge the gap between lower- and upper-division courses by providing students with optimal opportunities to practice their oral language skills at the high intermediate/low advanced level. The course provides practice in all four language skills while placing special emphasis on conversation, listening, and oral presentation skills.

*Prerequisite: permission of instructor

Note: FS 300B, Advanced Conversation and Composition, is a prerequisite for all 400-level courses in Spanish and should ideally be taken in the fifth or sixth semester of Spanish studies. The course is intended for both native and non-native speakers of Spanish and should be taken before or simultaneously with other 300-level courses in literature and culture. Non-native speakers of Spanish are required to take FS 300A in the same semester as FS 300B.

Language Study Abroad: Students who wish to take language courses abroad are referred to the pertinent information appearing under Study Abroad in this catalog. Those who wish to participate in a Study Abroad program should begin making plans before their sophomore year and consult with their advisors in the department, where the necessary information is available.

Note: In courses numbered above 300, it is presumed that the student has taken 201-202 (Intermediate) or equivalent to assure adequate reading facility in the foreign language. These courses are conducted wholly in the foreign language, so that FS 300B (Advanced Composition and Conversation) is regularly scheduled as a prerequisite or co-requisite to these courses. For courses numbered above 400, permission of the instructor may also be required. Please consult the departmental office.

Note: All Spanish majors must complete the Oral Proficiency Interview (OPI) coordinated by the department. For any questions concerning the OPI, please contact the Chair of the Department of Foreign Language Studies, Dr. Barrea-Marlys, extension 5390 or the Oral Proficiency Coordinator, Dr. Gac-Artigas, extension 3406.

Departmental Honors will be earned based on the following criteria being met:

- Overall GPA of at least 3.3
- Major GPA of at least 3.5
- Fulfillment of the intermediate level language requirement for Spanish majors.
- Two courses beyond those required for Spanish majors
  - One course chosen from a list of Spanish 300-400 level per thesis advisor.
  - One independent study (FS499) to include writing of a thesis in consultation with a full-time Spanish Department faculty member. Thesis will be orally presented and defended to a committee of at least three faculty members (two from the Spanish Department full-time faculty).
- Thesis
  - Thesis will be orally presented and defended to a committee of at least three faculty members (two from the Spanish Department full-time faculty)
  - Length: for students of BA in Foreign Languages Spanish Concentration, thesis must be fifteen pages in Spanish; and for students with Honor in Spanish and Honor School, thesis must be twenty-five pages in Spanish
  - Thesis must earn a “B” or better

BACHELOR OF ARTS WITH A MAJOR IN FOREIGN LANGUAGES WITH A CONCENTRATION IN SPANISH

Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

- Bachelor of Arts in Foreign Languages with a Concentration in Spanish
- Bachelor of Arts in Foreign Languages/ Spanish and Education with Endorsement in Elementary Education
• Bachelor of Arts in Foreign Languages/ Spanish and Education with Endorsement in K-12 Education in Spanish
• Bachelor of Arts in Foreign Languages/ Spanish and Education with Endorsements in P-3 and Teacher of Students with Disabilities

Additional endorsements are available. Please refer to the School of Education or the curriculum charts located in Appendix “B.”

BACHELOR OF ARTS WITH A MAJOR IN FOREIGN LANGUAGES WITH A CONCENTRATION IN SPANISH AND COMMUNICATION
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Arts in Foreign Languages/ Spanish Concentration and Communication (Journalism Cluster)
• Bachelor of Arts in Foreign Languages/ Spanish Concentration and Communication (Radio and Television Cluster)

BACHELOR OF ARTS IN SPANISH AND INTERNATIONAL BUSINESS
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Arts in Spanish and International Business

FOREIGN LANGUAGE STUDIES MINORS
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Minor in Spanish
• Minor in Italian
• Minor in Spanish for Business

CERTIFICATE IN SPANISH LANGUAGE
Please refer to curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Certificate in Spanish Language
The School of Science

CO-DEAN: Catherine N. Duckett, PhD
CO-DEAN: John A. Tiedemann, MS

Monmouth University’s School of Science is a community of teacher-scholars actively fostering learning, quantitative reasoning, and scientific inquiry among its majors and among all students. A goal of the School is to lead in the innovative development and delivery of curricula and in providing creative solutions to problems that include significant technical components. Educational programs provide a student-centered learning environment that builds a foundation for lifelong learning, critical thinking, and collaborative, technical problem solving. Faculty scholarship interests include: original basic and applied research in a range of disciplines and scholarly work on science education and pedagogy. Undergraduate and graduate students are encouraged to participate in student-faculty collaborative research projects leading to the acquisition and dissemination of new knowledge in the sciences.

The School of Science offers undergraduate degree programs in Biology, Chemistry, Computer Science, Marine and Environmental Biology and Policy, Mathematics, Medical Laboratory Science, Clinical Laboratory Sciences, and Software Engineering; an undergraduate Networking Technologies and Applications certificate; minors in Biology, Chemistry, Computer Science, Global Sustainability, Information Technology, Mathematics, Statistics, and Physics; and concentrations in Molecular Cell Physiology, Advanced Chemistry, Biochemistry, Chemical Physics, Medical Laboratory Science, and Statistics.

The School of Science also offers master’s degrees in Computer Science, Information Systems, and Software Engineering. The undergraduate Bachelor of Science in Computer Science Advanced Computing Concentration program is accredited by the Computing Accreditation Commission of ABET, http://www.abet.org. The undergraduate Bachelor of Science in Software Engineering program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org. The Chemistry and Physics Department is approved by the American Chemical Society (ACS). All qualified advanced chemistry, biochemistry, and chemical physics degree recipients may receive ACS certification of their degrees. The degrees in Clinical Laboratory Science and Medical Laboratory Science are accredited by the Commission on Accreditation of Allied Health Education Professions (CAAHEP) or by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). All programs of
Study are directed toward preparing students for working and living in a multicultural, technologically complex, global environment.

Studies in the School of Science provide students with a solid background in the technical aspects of their chosen scientific or engineering field, sufficient to prepare them for further study in graduate or professional programs, or to compete for access to employment opportunities in industry or education. Core courses for the non-major stress the nature of the scientific enterprise and the benefits and risks that scientific advances present to society rather than the digestion of large doses of content from the discipline. Both major and non-major courses emphasize the importance of critical thinking and cooperative learning, clarify working to the scientific method in posing and answering questions concerning the natural world, and explore the nature of human problems for which technology may provide solutions.

**URBAN COAST INSTITUTE**

*Tony MacDonald, Director*

Susan Kennedy, Program and Project Director. JD, MS, Environmental Law, Vermont Law School. Ms. Kennedy has over twenty-five years of experience as a lawyer and public policy expert working in both the private and non-governmental sectors.

Tony MacDonald, Esq. Director. JD, Fordham University School of Law. Mr. MacDonald has over thirty years of executive and policy experience in coastal and ocean law and policy at the local, state, and federal level.

James Nickels, Marine Scientist. MS, Montclair State University. Mr. Nickels has worked for over twenty-five years on marine research, monitoring, surveying, and field operations in both the public and private sectors. His expertise includes survey work in fisheries, plankton, benthic organisms, sediment, water quality, mitigation, and geophysics. He is a licensed hydrographer and Certified Floodplain Manager.

Mike Schwebel, Community Resilience and Climate Adaptation Specialist. PhD, Temple University. Dr. Schwebel has a joint appointment with the New Jersey Sea Grant Consortium. His areas of interest include climate change policy, community adaptation, and islands-centric climate adaptation research. He is also a registered landscape architect (RLA) and LEED accredited professional (LEED AP) specializing in green planning.

Karl Vilacoba, Communications Director. MA, New Jersey Institute of Technology. Mr. Vilacoba has over fifteen years of experience in professional media, writing, and technical communications. He is the lead for the Urban Coast Institute (UCI) outreach and communications efforts related to ocean and coastal programs and activities.

The Urban Coast Institute (UCI) serves the public interest as a forum for research, education, and collaboration that fosters the application of the best available science and policy to support healthy and productive coastal ecosystems and a sustainable and economically vibrant future for coastal communities. The UCI efforts focus on the following program areas:

- Coastal and Ocean Management, Law, and Policy
- Coastal Marine Stewardship, Habitat and Water Quality
- Sustainable and Resilient Coastal Communities

**BIOLOGY**

*Bernadette Dunphy, Interim Chair, Department of Biology*

Pedram Patrick Daneshgar, Assistant Professor. BA, University of Delaware; MS, Saint Joseph’s University; PhD, University of Florida. Dr. Daneshgar’s research interests include community and ecosystem ecology of coastal systems including dunes and mangroves, impacts of invasive plant species, and diversity maintenance mechanisms of grasslands.

Ellen Doss-Pepe, Lecturer. PhD, Rensselaer Polytechnic Institute. Specializes in biochemistry, protein folding and misfolding, and protein degradation. Current interests include the relationship of protein misfolding and degradation as underlying causes of neurodegenerative diseases and the roles of antioxidant proteins in cells during oxidative stress and neurodegeneration.

Bernadette Dunphy, Specialist Professor and Interim Chair. PT, D.PT, University Medicine and...
Dentistry, NJ. Specializes in physical therapy, sports medicine, and anatomy and physiology.

**Ivan A. Gepner**, Associate Professor. PhD, Princeton University. Specializes in genetics and developmental biology. Current interests include computer applications in biology, especially computer modeling and simulation of natural phenomena.

**Kathryn A. Lionetti**, Associate Professor. PhD, State University of New York at Stony Brook. Specializes in microbiology and molecular biology. Current interests include recombinant DNA technology, apoptosis, and applications of molecular biology in clinical diagnostic procedures and emerging viral diseases.

**Dorothy Lobo**, Associate Professor. PhD, The Catholic University of America. Specializes in cell and molecular biology, and signal transduction pathways. Current research includes the regulation of stress signaling pathways during cell proliferation and programmed cell death.

**James P. Mack**, Professor. EdD, Teachers College, Columbia University. Specializes in anatomy and physiology. Current research includes antimicrobial effects of plant essential oils on bacteria including MRSA and MSSA and fungi and elucidating the comprehensive chemical mechanism for catalase (kinetic deviations and conformer multiplicity).

**Tiffany Medley**, Lecturer. PhD, City University of New York. Specializes in environmental policy, estuarine ecology, and ecosystem restoration. Current research includes evaluating the abundance and health of wild oysters in the Hudson River Estuary.

**Michael A. Palladino**, Interim Vice Provost of Graduate Studies and Professor. PhD, University of Virginia. Specializes in male reproductive biology and cell and molecular biology. Current research includes antimicrobial properties of male reproductive organs, and cellular and molecular responses to ischemia and hypoxia in the mammalian testis.

**Karen Pesce**, Lecturer. PhD, Rutgers University. Specializes in environmental microbiology. Current research interests include microbial community analysis and characterization of novel biodegradative genes from polluted environments.

**Dennis E. Rhoads**, Professor. PhD, University of Cincinnati. Specializes in biochemistry and neuroscience. Current research on neurobiology of alcohol and drug abuse.

**John A. Tiedemann**, Co-Dean of the School of Science and Director of the Marine and Environmental Biology and Policy Program. MS, Florida Institute of Technology. Specializes in marine ecology, coastal zone management, environmental science, and marine and environmental education. Current applied research involves watershed management strategies and best management practices for coastal nonpoint source pollution.

**Jeffrey H. Weisburg**, Special Professor. PhD, Cornell University-Weill Graduate School of Biomedical Sciences. Specializes in Anatomy and Physiology and Immunology. Current research involves the use of nutraceuticals, food derivatives that have pharmacological properties, to treat cancers of the oral cavity and leukemia.

The Biology curriculum is designed to give students a basic diversified background in the life sciences and prepare them for graduate work, professional school (medicine, dentistry, podiatry, chiropractic, etc.), laboratory work in government and industry, and careers in teaching.

**National Biological Honor Society: Beta Beta Beta, Chi Eta Chapter**, requires completion of at least ten credits of biology and a 3.2 or better GPA in biology courses.

**Department Honors** can be earned in Biology based on the following criteria being met:

- Achieving a 3.3 or better overall GPA with a 3.5 or better GPA in biology courses;
- Completing two additional courses at the 300 or 400 level;
- Completing six credits of faculty-directed research and presenting a research thesis.

**BACHELOR OF SCIENCE WITH A MAJOR IN BIOLOGY**

*Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”*

- Bachelor of Science in Biology
School of Science

- Bachelor of Science in Biology and Education with Endorsement in Elementary Education
- Bachelor of Science in Biology and Education with Endorsement in Secondary Education in Biology

Additional endorsements are available. Please refer to the School of Education or the curriculum charts located in Appendix “B.”

BACHELOR OF SCIENCE WITH A MAJOR IN BIOLOGY WITH A CONCENTRATION IN MOLECULAR CELL PHYSIOLOGY
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
- Bachelor of Science in Biology with a Concentration in Molecular Cell Physiology

BACHELOR OF SCIENCE IN MARINE AND ENVIRONMENTAL BIOLOGY AND POLICY
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
- Bachelor of Science in Marine and Environmental Biology and Policy

BIOLOGY DEPARTMENT MINOR
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
- Minor in Biology

DEPARTMENT OF CHEMISTRY AND PHYSICS
William Schreiber, Chair, Department of Chemistry and Physics

Shirley A. Crenshaw, Instructor. PhD, Colorado State University. Research interests include bioanalytical/biophysical chemistry with special interests in cancer biology, bio-environmental chemistry, biomolecular spectroscopy, and chemistry education.

Garland Grammer, Instructor. PhD, Cornell University. Theoretical Physics.

Dmytro Kosenkov, Assistant Professor. PhD, Jackson State University, Physical chemistry. Research interests: investigation of energy transfer in photosynthetic complexes to design new types of solar cells, modeling light-sensitive proteins for non-invasive control of neurons; speeding up computational chemistry using graphics processing units (GPUs).

Robin R. Kucharczyk, Lecturer. PhD, Yale University. Inorganic chemistry.

Massimiliano Lamberto, Associate Professor. PhD, University of Southampton (UK). Organic chemistry. Research interests: small molecule synthesis for the inhibition of telomerase by G-quadruplex DNA stabilization; synthesis of novel chromophoric systems for dye-sensitized solar cells and sensor applications; synthetic methodology.

Kayla Lewis, Assistant Professor. PhD, Georgia Institute of Technology. Geophysics. Research interests are computer modeling of processes associated with climate change.

Gregory Moehring, Associate Professor. PhD, Purdue University. Inorganic Chemistry. Research interests are synthesis and NMR characterization of transition metal polyhydride compounds; transformations of small molecules at transition metal polyhydride compounds.

Datta V. Naik, Professor and Interim Vice Provost of Academic and Faculty Affairs. PhD, University of Notre Dame. Analytical-inorganic chemistry.

Jonathan Ouellet, Assistant Professor. PhD, University of Sherbrooke. Biochemistry. Research interests: nucleic acid structure and folding dynamics.

William L. Schreiber, Lecturer and Chair. PhD, University of Rochester. Organic chemistry. Research interests: chemical synthesis, process research, and chemical education.

Danuta Szwajkajzer, Lecturer. PhD, Rutgers University. Biophysical chemistry. Chemistry of proteins and nucleic acids, thermodynamics of drug binding to DNA.
Tsanangurayi Tongesayi, Associate Professor. PhD, West Virginia University. Analytical chemistry. Research interests: speciation, geochemical cycling, bioavailability of heavy metals in the environment, technologies and methods for the removal of toxic heavy metals and their compounds from drinking water, and analytical method development.

Our curricula provide firm foundations in all five of the traditional chemistry sub-disciplines. Completion of any one of the programs serves as excellent preparation for further professional study in chemistry and related sciences, medicine, pharmacy and other health professions, or in education. Careers in academia, the chemical and pharmaceutical industries, environmental protection, forensics, government, industrial hygiene, information science, patent law, science writing, education, and toxicology are open to those whose initial field of study is chemistry.

The Bachelor of Science in Chemistry provides a core curriculum of chemistry while allowing sufficient flexibility to combine it with a second major, a minor, or elective biology courses for pre-medical studies within the total of 128 credits required for graduation. The Chemistry and Education programs illustrate this flexibility. Completion of the Chemistry and Education curriculum qualifies graduates to apply for Secondary Education endorsement as a chemistry teacher. Completion of two additional courses provides eligibility for the physical science certification, which is required for teaching chemistry or physics at the high school level.

The Bachelor of Science in Advanced Chemistry concentration is an extended curriculum that provides a career-level foundation in all of the traditional sub-disciplines of chemistry. Students planning to pursue graduate study in chemistry or to seek employment in chemistry-related positions should follow this program, which leads to a degree certified by the American Chemical Society.

The Biochemistry concentration provides an introduction to the traditional subject areas of chemistry and biology and explores their relationship in the field of biochemistry. Biochemistry is a rapidly growing field that appeals to students interested in both chemistry and biology. This program is appropriate for students planning to seek employment in biochemistry, pursue graduate study in biochemistry, or attend medical or other health professions school-
• Bachelor of Science in Chemistry with a Concentration in Advanced Chemistry (ACS Approved)

BACHELOR OF SCIENCE WITH A MAJOR IN CHEMISTRY WITH A CONCENTRATION IN BIOCHEMISTRY
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Science in Chemistry with a Concentration in Biochemistry

BACHELOR OF SCIENCE WITH A MAJOR IN CHEMISTRY WITH A CONCENTRATION IN CHEMICAL PHYSICS
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Science in Chemistry with a Concentration in Chemical Physics

CHEMISTRY DEPARTMENT MINOR
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Minor in Chemistry

MEDICAL LABORATORY SCIENCE and CLINICAL LABORATORY SCIENCES
William Schreiber, Chair, Department of Chemistry and Physics

The curricula in Medical Laboratory Science and Clinical Laboratory Sciences are quite similar. Both prepare students to work as skilled professionals in medically related laboratories. Students complete three years of course work, focused on chemistry and biology, followed by a one-year hands-on internship at one of several hospital sites. Professionals in these areas provide laboratory data that is essential to the diagnosis of diseases, management of patient therapy, and maintenance of health. Graduates of these rewarding programs are highly employable and enjoy excellent starting salaries. They also have the potential for further career advancement in the field.

The Medical Laboratory Science curriculum is designed to give a broad knowledge of the life sciences and to provide specialized experience in performing and understanding numerous standardized and specialized laboratory procedures. The curriculum requires completion of ninety-six credits of collegiate work prescribed by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) and is followed by an eleven-month internship period at an NAACLS-approved hospital program. Monmouth University confers the Bachelor of Science degree upon successful completion of the hospital program. Students have typically attended internships at:

- Monmouth Medical Center
  Long Branch, NJ 07740
  Emily Su, Program Director

- Jersey Shore University Medical Center
  Neptune, NJ 07753
  Perla L. Simmons, Program Director

The Clinical Laboratory Sciences with a Concentration in Medical Laboratory Science program is offered in collaboration with the Rutgers School of Health Related Professions (Rutgers-SHRP). The curriculum requires three years of pre-professional study followed by a fifteen-month internship at the Rutgers School of Health Related Professions. Monmouth University and the Rutgers-SHRP jointly confer the Bachelor of Science degree upon successful completion of the professional component. The internships for this program take place at:

- Rutgers-School of Health-Related Professions
  Scotch Plains and Newark Campuses
  Deborah A. Josko, Program Director

BACHELOR OF SCIENCE IN MEDICAL LABORATORY SCIENCE
BACHELOR OF SCIENCE WITH A MAJOR IN CLINICAL LABORATORY SCIENCES WITH CONCENTRATIONS IN CYTOTECHNOLOGY* AND MEDICAL LABORATORY SCIENCE
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Science in Medical Laboratory Science
• Bachelor of Science in Clinical Laboratory Sciences with a Concentration in Cytotechnology*
• Bachelor of Science in Clinical Laboratory Sciences with a Concentration in Medical Laboratory Science

* The Bachelor of Science in Clinical Laboratory Sciences with a Concentration in Cytotechnology curriculum will no longer be available to new majors effective Fall, 2015.

PHYSICS

Physics faculty members offer a curriculum leading to a minor in physics, which may be combined with any major. The minor in physics can be combined with a major in chemistry and education to prepare for the Teacher of Physical Science Certification. A minor in physics also complements the interests of students majoring in mathematics, software engineering, and a variety of other fields. The physics faculty support various undergraduate programs by offering specific courses required in other majors and courses designed to meet the general education natural sciences requirements. They also provide research opportunities for interested students.

PHYSICS MINOR

Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Minor in Physics

COMPUTER SCIENCE AND SOFTWARE ENGINEERING

Jamie Kretsch, Chair, Department of Computer Science and Software Engineering
Joseph Chung, UNIX Administrator and Teacher

Jamie Kretsch, Specialist Professor and Chair. BS, Monmouth University; MS, University of Wisconsin-Madison.

James McDonald, Associate Professor. PhD, New York University. Interests include software verification and validation, project management, and empirical software engineering.

Allen Milewski, Associate Professor. PhD, Brown University. Areas of interest include human-computer interactions, contextual communication and awareness, and global software development.

Mohammed S. Obaidat, Professor. PhD, Ohio State University. Interests include wireless communications and networks; telecommunications and networking systems; security of network, information, and computer systems; security of e-based systems; performance evaluation of computer systems; algorithms, and networks; modeling and simulation; high performance and parallel computing/computers; applied neural networks and pattern recognition; adaptive learning; and speech processing.

Daniela Rosca, Associate Professor. PhD, Old Dominion University. Interests include requirements elicitation, analysis and specification, and methodologies for the development and use of business rules.

Richard Scherl, Associate Professor. PhD, University of Illinois and University of Chicago. Interests include artificial intelligence (especially knowledge representation, automated reasoning, and natural language processing), cognitive science, and databases.

William Tepfenhart, Professor. PhD, University of Texas. Interests include artificial intelligence, software architecture, and software design.

Jiacun Wang, Professor. PhD, Nanjing University of Science and Technology, China. Interests include software architecture, Petri nets, real-time systems, discrete event systems, telecommunications, and networking.

Cui Yu, Associate Professor. PhD, National University of Singapore. Interests include database management systems, spatial databases, and information storage and retrieval.

BACHELOR OF SCIENCE WITH A MAJOR IN COMPUTER SCIENCE

The Computer Science curriculum provides a solid foundation in the computing sciences, preparing students for employment in industry or for graduate school. Software design and development is emphasized along with foundational computing concepts. The higher-level courses enable students to explore a variety of topics, such as databases, networks, artificial intelligence, scripting languages, game programming, UNIX administration, and computer security.

The Advanced Computing Concentration, which is accredited by the Computing Accreditation Commission of ABET, http://www.abet.org, is recommended especially for students who plan to go to graduate school in computer science or who
plan to specialize in scientific computing. The educational objectives of the Advanced Computing Concentration are to enable graduates, within a few years after graduation, to:

- Work as effective team members or team leaders in the development of computer and software systems covering a wide range of scientific and business applications.
- Enter professional careers in positions including computer programmer, computer systems analyst, network administrator, computer systems programmer, software systems designer, database systems manager, and software applications developer.
- Undertake graduate studies and develop the knowledge and expertise to complete advanced studies or do research in computer science, engineering, and other scientific fields.
- Work in teams, communicate effectively, and meet the social and ethical responsibilities of their profession.
- Become productive professionals in their fields of activity, concern, or function.
- Adjust to new technologies and methodologies with the skills required to react to a changing world.

Other students may take the Applied Computing Concentration, which gives students the flexibility to take a minor in a field outside of science and mathematics.

Please refer to the following curriculum chart for program requirement. All curriculum charts are detailed and displayed in Appendix “B.”

- Bachelor of Science in Computer Science
  - Advanced Computing Concentration
  - Applied Computing Concentration

COMPUTER SCIENCE DEPARTMENT MINOR

Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

- Minor in Computer Science

CERTIFICATE IN NETWORKING TECHNOLOGIES AND APPLICATIONS

This fifteen-credit certificate provides professional training in network technologies. Students in the certificate program will enhance their networking knowledge, gain focused professional expertise toward careers, and increase their employability. The certificate would focus on practical needs of students in the Applied Computer Science track as well as others who are interested in careers that require expertise in practical network technologies and skills.

Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

- Certificate in Networking Technologies and Applications

BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING

The undergraduate Software Engineering curriculum, which is accredited by the Engineering Accreditation Commission of ABET (www.abet.org) is designed to give students a broad background in both computer and engineering science with a heavy emphasis on those aspects of software engineering that will enable graduates to efficiently participate in the design, development, and deployment of large software systems. Because of the sequential nature of the courses and the number of requirements for engineering majors, careful planning is necessary to complete the curriculum in four years.

The educational objectives of the BS in Software Engineering program are to prepare software engineering graduates to do the following things within the first few years after graduation from the program:

- Find employment in organizations that develop or use software and/or enter graduate school;
- Participate in teams that are responsible for the specification, design, construction, testing, deployment, maintenance, or use of software systems;
- Develop experience in additional areas of professional specialty which, when combined with their undergraduate education, will continue the path toward lifelong learning;
• Use their engineering, communications, interpersonal, and business skills to further their position in a business, government, or academic environment;
• Critically assess their engineering capabilities and acquire the additional knowledge and skills they need to maintain currency within their evolving work environment;
• Assist their employers’ organizations in achieving their business goals.

Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Science in Software Engineering

SOFTWARE ENGINEERING DEPARTMENT

MINORS

Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Minor in Information Technology

CERTIFICATE IN INFORMATION TECHNOLOGY

Please refer to the curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Certificate in Information Technology

MATHEMATICS

David C. Marshall, Chair, Department of Mathematics

Richard Bastian, Lecturer. PhD, Johns Hopkins University. Interests include applied mathematics, mathematics and culture, and philosophy of mathematics.

Barbara Lynn Bodner, Professor. EdD, Rutgers University. Interests include heuristic process use in problem solving, integration of computer technology, and applications into the curriculum, as well as the study of mathematics from historical and artistic perspectives.

Micah Chrisman, Associate Professor. PhD, University of Hawaii. Interests include algebraic topology, low-dimensional topology, and knot theory.

Joseph Coyle, Associate Professor. PhD, University of Delaware. Interests include numerical analysis and inverse problems.

Bonnie Gold, Professor. PhD, Cornell University. Interests include philosophy of mathematics and innovation in undergraduate mathematics education.

Zachary Kudlak, Assistant Professor. PhD, University of Rhode Island. Interests include combinatorics, difference equations, graph theory, and mathematical pedagogy.

Betty Liu, Professor. PhD, University of Maryland. Interests include numerical solution of differential equations and mathematical modeling.

David C. Marshall, Associate Professor and Chair, PhD, University of Arizona. Interests include number theory, commutative algebra, and the theory of bilinear and quadratic forms.

Susan H. Marshall, Associate Professor. PhD, University of Arizona. Interests include number theory, arithmetic geometry, and the learning and teaching of proof.

Emanuel Palsu-Andriescu, Lecturer. PhD, University of Rochester. Interests include microlocal analysis, Colombeau generalized functions, and Fourier integral operators.

Wai K. Pang, Associate Professor. PhD, Texas Tech University. Interests include functional data analysis, image analysis, and multi-sample problems in Hilbert spaces.

Sandra Zak, Lecturer. PhD, University of New Hampshire. Interests include operator algebras, C*- algebras, curriculum development, and the mathematical preparation of teachers.

The Bachelor of Science curriculum in mathematics is designed to provide an introduction to classical and modern mathematics and to provide a foundation for graduate study or careers in various areas of application.

The Concentration in Statistics gives students both a strong foundation in mathematics and specialized, advanced knowledge in pure and applied statistics. Students will be well prepared to enter data analysis and statistics fields, as well as graduate statistics programs.
BACHELOR OF SCIENCE WITH A MAJOR IN MATHEMATICS
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Bachelor of Science in Mathematics
• Bachelor of Science in Mathematics with a Concentration in Statistics
• Bachelor of Science in Mathematics and Education with Endorsement in Elementary Education
• Bachelor of Science in Mathematics and Education with Endorsement in Secondary Education in Mathematics

Additional endorsements are available. Please refer to the School of Education or the curriculum charts located in Appendix “B.”

MATHEMATICS DEPARTMENT MINOR
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Minor in Mathematics
• Minor in Statistics
The Leon Hess Business School (LHBS) is currently ranked in the top 300 of the 2,000 schools of business in the United States, is a community of teacher-scholars educating students to develop strong leadership skills in achieving organizational excellence and sustainability: the integrated strategic management of interlocking economic, social, technological and ecological systems in which organizations operate. The LHBS is accredited by AACSB International — the Association to Advance Collegiate Schools of Business. AACSB accreditation is the hallmark of excellence in business education, and has been earned by less than 5 percent of the world’s business programs. Today, there are 727 business schools in 48 countries and territories that maintain AACSB accreditation.

The MBA program is designed to develop a comprehensive background in the theory and practice of business management decision-making and concentrates on contemporary managerial responsibilities in a dynamic environment. All curricula underscore the complexity and diversity of managerial decisions in the global economy. Instruction in small-size classes stresses close contact with faculty and promotes collaborative work.

Within the LHBS are two Centers of Distinction. The first is the Kislak Real Estate Institute, which is directed by Professor Peter Reinhart of the Economics, Finance, and Real Estate Department. The Institute is the sole provider of both undergraduate and graduate academic credit-bearing real estate education in the State of New Jersey. The second, the Center for Entrepreneurship is directed by Dr. Joseph McManus of the Management and Decision Sciences Department. The Center has been nationally recognized for its innovative teaching in the field of entrepreneurship and product designs.

The School of Business is most fortunate to have three professors who hold positions as endowed Chairs. Dr. Guy Oakes of the Management and Decision Sciences Department currently occupies the Kvernland Chair in Philosophy and Corporate Social Policy. Professor Peter Reinhart is the recipient of the Greenbaum/Ferguson/New Jersey Association of Realtors Endowed Chair in Real Estate Policy. Dean Donald Moliver holds the
Steven and Elaine Pozycki Endowed Professor Chair in Real Estate. The top 20 percent of MBA graduates and 10 percent of undergraduate junior and senior students are eligible for election to Beta Gamma Sigma, the International Honor Society for AACSB-accredited business schools.

**Student Honor Society: Beta Gamma Sigma**

**ACCOUNTING**  
Nancy Uddin, Chair, Department of Accounting

- **Gilda Agacer**, Associate Professor and Associate Dean of the Leon Hess Business School. PhD, University of South Carolina. Specializes in governmental accounting, advanced accounting analysis, and managerial cost analysis. gagacer@monmouth.edu
- **Vasundhara Chakraborty**, Assistant Professor. BS, Nagpur University; MS, PhD, Rutgers University.
- **Linda Flaming**, Associate Professor. PhD, University of Oklahoma; CPA, Oklahoma. Teaching interests include all levels of financial and managerial accounting. Research interests are in tax, audit, accounting, and investor decision-making. lflaming@monmouth.edu
- **Xudong (Daniel) Li**, Assistant Professor. BE, BS, University of Science and Technology of China, MBA, University of California; ABD, University of North Texas.
- **Paul J. Savoth**, Associate Professor. JD, Seton Hall University; LLM, Villanova University; BA Middlebury College. Primary research interests include various areas of business law and federal taxation. ppsavoth@monmouth.edu
- **Douglas Stives**, Specialist Professor. MBA, Lehigh University. CPA; New Jersey. Teaching interests are in the areas of taxation. dstives@monmouth.edu
- **Nancy Uddin**, Associate Professor and Chair. PhD, Rutgers University. Research and teaching interests include the areas of auditing and accounting information systems. nuddin@monmouth.edu
- **Minna Yu**, Associate Professor. PhD, Kent State University. BA, MS, Dongbei University, China. Teaching interests include managerial accounting, financial accounting, and international accounting. Current research interests include analyst forecasts, accrual anomaly, and corporate governance. miyu@monmouth.edu
- **Ronald Zhao**, Associate Professor. PhD, Texas Tech University; CPA, CMA. Teaching and research interests are in the areas of cost and management accounting, international accounting, and corporate finance.

**ECONOMICS, FINANCE, AND REAL ESTATE**  
Barrie Bailey, Chair, Department of Economics, Finance, and Real Estate

- **Nahid Aslanbeigui**, Professor. PhD, University of Michigan. Specializes in globalization, economic development, and the history of economic thought. Additional interests include economics education and the economic status of women. naslanbe@monmouth.edu
- **Barrie Bailey**, Associate Professor and Chair. PhD, Finance, University of Central Florida. Research interests include international mutual fund performance and finance education. bbailey@monmouth.edu
- **John Burke**, Specialist Professor of Finance. MBA, Indiana University. His professional career spanned twenty-seven years on both the sell-side and buy-side of Wall Street. He spent ten years at PaineWebber, Inc., where he was a Managing Director, heading the Global Equity Derivatives group, with operations in New York, London, and Tokyo; he was also responsible for Proprietary Trading. He subsequently spent two years at Deutsche Bank, AG as Director and Co-Head of the Global Structured Products Group with operations in New York, Frankfurt, London and Tokyo, as well as running Proprietary Trading in New York. After twelve years on the sell-side, Professor Burke moved to the buy-side and formed the Rumson Capital LLC, a $500mm hedge fund, engaging in global arbitrage strategies, which he ran for fifteen years. jdburke@monmouth.edu
- **Andreas C. Christofi**, Professor. PhD, Finance, Pennsylvania State University. Research interests include pricing of capital assets, investments, fixed income securities, and international
finance. Additional interests include derivatives and econometrics.
achristo@monmouth.edu

Judex Hyppolite, Assistant Professor. PhD, Indiana University.
jhyppoli@monmouth.edu

Y. Lal Mahajan, Associate Professor. PhD, Rutgers University. Research interests include econometric models for credit unions, corporate finance, portfolio analysis, and investment theory. Other interests include monetary policy effects on interest rates, inflation, and the stock market.
ymahajan@monmouth.edu

Donald M. Moliver, Professor, Dean of the Leon Hess Business School and the Steven and Elaine Pozyczki Endowed Professorship. PhD, Virginia Polytechnic Institute, CRE, and MAI designations. Research interests include real estate finance and valuation.
dmoliver@monmouth.edu

Patrick O’Halloran, Associate Professor. PhD, Economics, University of Wisconsin - Milwaukee. Principal research interests are in labor economics, discrimination, payment scheme, and econometrics.
pohallor@monmouth.edu

Peter S. Reinhart, Esq., Specialist Professor, Director of the Kislak Real Estate Institute and Arthur and Dorothy Greenbaum/Robert Ferguson/NJAR Endowed Chair in Real Estate Policy. JD, Rutgers Law School, Camden. BA, Franklin and Marshall College. Served as Senior Vice President and General Counsel for Hovnanian Enterprises, Inc., for thirty-three years. Also served on the Council on Affordable Housing for ten years and was a member of the Real Estate Task Force of Governor Whitman’s Economic Master Plan Commission. He was also a past president of the New Jersey Builders’ Association and is the current Chairman of New Jersey Future. Mr. Reinhart has authored articles for Housing New Jersey, Tri-State Real Estate Journal, and New Jersey Lawyer.
preinhar@monmouth.edu

Benedicte Reyes, Associate Professor. PhD, Finance, Columbia University. Research interests include international corporate finance and capital markets deregulation.
breyes@monmouth.edu

Robert H. Scott III, Associate Professor. PhD, University of Missouri at Kansas City. Research interests include credit cards, start-up business financing, and interpreting the work of Kenneth Boulding.
rscott@monmouth.edu

MANAGEMENT AND DECISION SCIENCES

Joseph B. Mosca, Chair, Department of Management and Decision Sciences

Gwendolyn Yvonne Alexis, Associate Professor. PhD, New School for Social Research; JD, Harvard Law School; MAR, Yale Divinity School. Research interests include corporate governance, international corporate responsibility, business ethics, global civil society, and religious diversity.
galexis@monmouth.edu

Daniel Ball, Associate Professor. PhD, University of Massachusetts. Primary interests include technology and operations management, real options, risk-based distributed decision-making, the modeling and simulation of complex systems, logistics, operations research, management science, project management, and system sustainability.
dball@monmouth.edu

John S. Buzza, Specialist Professor. MA, University of Phoenix. Primary interests include teaching, entrepreneurial endeavors, and philanthropic activities.
jbuzza@monmouth.edu

Edward W. Christensen, Associate Professor, Vice President for Information Management, and Interim Dean of the Library. PhD, Rutgers University. Specializes in management information systems organization and administration, including the use of information technology to support decision-making and strategy.
echriste@monmouth.edu

Scott A. Jeffrey, Assistant Professor, PhD, University of Chicago. BSC, MBA, Santa Clara University. Performs research on the use of incentives and goal setting in organizations. Particularly focuses on non-cash tangible incentives such as travel and merchandise.
sjeffrey@monmouth.edu
Joseph J. McManus, Assistant Professor and Director of the Center for Entrepreneurship. PhD, Rutgers University, MBA, Pepperdine University, JD, Rutgers University School of Law, Camden. Research interests include organizational misconduct, business ethics, corporate social responsibility, and social entrepreneurship. jmcmanus@monmouth.edu

Joseph B. Mosca, Associate Professor and Chair. EdD, New York University. Primary specializations are human resource management, human relations, and active teaching methods. His current research interests focus on developing hybrid courses, employee behavior, and jobs of the twenty-first century. mosca@monmouth.edu

Roy Nersesian, Professor. MBA, Harvard Business School. Interests lie in incorporating quantitative content into management course development. Author of ten books on simulation, financial risk management, energy, and energy modeling. mnersesi@monmouth.edu

Guy Oakes, Jack T. Kvernland Professor of Philosophy and Corporate Social Policy. PhD, Cornell University. Primary research areas are the history and philosophy of the social sciences and the sociology of ethics. goakes@monmouth.edu

Stuart Rosenberg, Associate Professor. PhD, Fordham University. Research interests include case writing, managerial economics, and the relationship between management and culture. srosenbe@monmouth.edu

Eugene S. Simko, Associate Professor, PhD, Strategic Management, Baruch College of the City University of New York, MBA, Temple University. Primary area of teaching and research is strategic management. Dr. Simko has over thirty years of consulting and training experience in strategic planning. He served on Governor Whitman’s NJ State Assembly Taskforce on Business Retention in NJ, and was appointed by her to serve as a commissioner on the USS NJ Battleship Commission. He is a member of the Board of Trustees of the USS NJ Battleship Museum in Camden, NJ. He served for six years as a commissioned officer in the US Army Reserve, Adjutant General Corps, and attended the US Military Academy at West Point. He is on the Board of Governors of the West Point Society of NJ. He is the co-author of four editions of the Cengage Textbook, Current Topics In Technology. simko@monmouth.edu

Donald R. Smith, Associate Professor. PhD, University of California at Berkeley. Research interests include applied quantitative decision making, operations research, and management science. dsmith@monmouth.edu

Charles Willow, Associate Professor. PhD, Industrial and Systems Engineering, University of Houston. Research interest includes Digital Business, Management Information System, and E-commerce, Web-based Information Technology, Technological Innovations Management, Technological Entrepreneurship, Intelligent Information Systems, Systems Modeling and Development, Robotics, and Digilog (Digital + Analog) Technology, among others. cwillow@monmouth.edu

MARKETING AND INTERNATIONAL BUSINESS

Min Hua Lu, Chair, Department of Marketing and International Business

Susan Forquer Gupta, Associate Professor and MBA Program Director. PhD, University of Tennessee-Knoxville. Primary interests include international and global marketing and brand management, national culture measures and cultural value dimensions, environment and behavior and the context of decision making, cross cultural virtual teams, and sustainable (environment, societal, and economic) community development. sgupta@monmouth.edu

Amy Handlin, Associate Professor. PhD, New York University. Primary interests are in applications of marketing to public policy and in the lobbying process, especially regarding small businesses regulated by state government. ahandlin@monmouth.edu

Min Hua Lu, Associate Professor and Chair. DBA, George Washington University. Primary interests are in strategic marketing management, international/global marketing management, and global sustainability of economics. mlu@monmouth.edu
David P. Paul III, Professor. PhD, Old Dominion University; DDS, Virginia Commonwealth University; Medical College of Virginia. Primary interests are in marketing and healthcare management. Co-editor of Health Marketing Quarterly.
dpaul@monmouth.edu

Joseph Rocereto, Associate Professor. PhD, Drexel University. Primary research interests are brand anthropomorphization, customer loyalty, strategic branding, and integrated marketing communications. Other interests include the use of color in marketing communications and the effects of self-concept congruity constructs.
jroceret@monmouth.edu

Michaeline Skiba, Associate Professor. EdD, Columbia University. Research interests include healthcare education, management challenges within managed care settings, social and behavioral issues associated with pharmaceutical promotions and marketing strategy, and general management development topics.
mskiba@monmouth.edu

BACHELOR OF SCIENCE WITH A MAJOR IN BUSINESS ADMINISTRATION, WITH CONCENTRATIONS IN ACCOUNTING, ECONOMICS, FINANCE, ECONOMICS AND FINANCE, FINANCE AND REAL ESTATE, INTERNATIONAL BUSINESS, MANAGEMENT, MARKETING, MARKETING AND MANAGEMENT, AND REAL ESTATE
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Science in Business Administration with a Concentration in Accounting
• Bachelor of Science in Business Administration with a Concentration in Economics
• Bachelor of Science in Business Administration with a Concentration in Economics and Finance
• Bachelor of Science in Business Administration with a Concentration in Finance
• Bachelor of Science in Business Administration with a Concentration in Finance and Real Estate
• Bachelor of Science in Business Administration with a Concentration in International Business
• Bachelor of Science in Business Administration with a Concentration in Management and Decision Sciences
• Bachelor of Science in Business Administration with a Concentration in Marketing
• Bachelor of Science in Business Administration with a Concentration in Marketing, Management and Decision Sciences
• Bachelor of Science in Business Administration with a Concentration in Real Estate

BACHELOR OF ARTS IN SPANISH AND INTERNATIONAL BUSINESS
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Bachelor of Arts in Spanish and International Business

SCHOOL OF BUSINESS MINORS
Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”
• Minor in Accounting
• Minor in Business Administration
• Minor in Business of Healthcare
• Minor in Business Administration—Economics
• Minor in Business Administration—Finance
• Minor in General Management
• Minor in Marketing
DEAN: John E. Henning, PhD

The School of Education (SOE) was established in 1995 to broaden and increase support for Monmouth University's education programs. The goal of the School is to provide highly effective programs to prepare practitioners who can help all students to learn in diverse school settings. Candidates are mentored by a diverse faculty that models best practices grounded in research. The School seeks to foster collaboration and partnerships among University faculty, students, staff, school practitioners, and community representatives to improve student achievement. Programs are rooted in the belief that all students can learn and are guided by four key themes: (1) the importance of both pedagogical and content knowledge and a commitment to lifelong learning, (2) an emphasis on collaboration and partnerships with schools and local communities, (3) the important role played by cultural diversity and individual differences in the teaching/learning process, and (4) the need to develop educational leadership skills consistent with professional ethics.

The School of Education’s mission is to be a leader in the preparation of highly competent, reflective teachers and other professional educators (e.g., administrators, counselors, and reading specialists) who have the knowledge, skills, and dispositions required to improve teaching and learning in a highly pluralistic, democratic society. Toward this end, our candidates are prepared to serve students from diverse backgrounds in terms of abilities, age, culture, ethnicity, family, lifestyle, and socioeconomic status. Our programs link research and practice by ensuring candidates have the opportunity to work with students, teachers, and school leaders in a wide range of local school and community settings. Finally, our programs are designed to instill a commitment to lifelong learning. Undergraduate and graduate teacher education candidates must complete an approved content area major (e.g., Art, Biology, English, Foreign Language, History, Mathematics) or equivalent to be recommended for the Early Childhood, Elementary, or content teaching credential in New Jersey.

The SOE programs emphasize state and national curriculum standards and research-based best practice designed to improve student learning and to prepare P-12 students to be successful in the 21st-century global economy. Programs are designed to improve a candidate’s critical thinking, communication, and problem-solving skills as these apply to P-12 student learning. The School’s
programs also integrate state-of-the-art computer technologies that can be applied in K-12 classrooms, school administration, and student counseling. The School has its own computer lab and offers its own online and Web-enhanced courses.

CURRICULUM AND INSTRUCTION
Wendy Harriott, Chair, Department of Curriculum and Instruction

Linda Arnold, Assistant Professor. PhD, The University of Tennessee. Professional interests include preparing pre-service teachers to work with English language learners in the mathematics classroom and technology in mathematics education.

Judith Bazler, Professor. EdD, University of Montana. Specialty is curriculum design and science education and informal science (e.g., museums). Founder of the Smart Discovery Center, Bethlehem, Pennsylvania.

Mary Brennan, Specialist Professor. MS, Lehman College. Areas of interest include learning disabilities assessment and education, student advocacy, and in-service training.

Letitia Graybill, Lecturer. EdD, Rutgers University. Professional interests include issues in science and society and applications of computer technology to classroom teaching.

Wendy Harriott, Associate Professor and Chair. PhD, Pennsylvania State University. Professional interests include special education, behavior management, and inclusive education.

Jiwon Kim, Assistant Professor. PhD, Purdue University.

Stacy Lauderdale-Littin, Assistant Professor. PhD, University of California, Riverside. Professional interests include autism spectrum disorders.

Carol McArthur-Amedeo, Lecturer. EdD, Rutgers University. Professional interests include teacher retention in special education, science education, and students with emotional and behavioral disabilities.

Alex Romagnoli, Assistant Professor. PhD, Indiana University of Pennsylvania. Professional interests include multimodality, multiliteracies, graphic novels in academic contexts, and popular culture.

Kathryn Servillo, Assistant Professor. EdD, West Virginia University. Professional interests include technology as it relates to special education.

Dorothy Varygiannes, Lecturer. EdD, Seton Hall University. Professional interests include mathematics education and assessment.

Cathy Wong, Assistant Professor. PhD, Texas Tech University.

Programs are designed to provide a strong liberal arts or sciences background, a subject area major, a behavioral/social science sequence, and significant professional preparation for an elementary teacher (K–5), an elementary teacher with subject matter specialization (K–8), and a subject area (K–12) teacher.

Students wishing to earn certification as an elementary teacher are required to simultaneously complete the requirements of both the BA program in Education and one of the BA programs in Anthropology, Art, English, Foreign Languages, History, History and Political Science, Music, or Political Science; or to simultaneously complete the requirements of both the BS program in Education and one of the BS programs in Biology, Chemistry, or Mathematics. Students will have two academic advisors—one in each department.

Students wishing to earn certification in a subject area, K–12, are required to simultaneously complete the requirements of both the BA program in Education and one of the BA programs in Art, English, English/Creative Writing, Foreign Languages/Spanish, History, Music, or Political Science; or to simultaneously complete requirements of both the BS program in Education and one of the BS programs in Biology, Chemistry, Chemistry (physical science), Health/Physical Education, or Mathematics. Students will have two academic advisors—one in each department.

Students wishing to enhance their academic program and expand their education may choose among the four undergraduate endorsements offered: English as a Second Language (ESL); Teacher of Students with Disabilities (TSD); Middle School (5-8) Endorsement (available to Elementary K-5 majors in English, Math, Science, or Social Studies); or Early Childhood – P-3 (available to Elementary K-5 only). One or more of these endorsements may be combined with a student’s academic program.

Internal Progression Requirements
To qualify for certification, students must
meet New Jersey State mandated progression requirements by August 1 before the sophomore year at Monmouth to qualify for certification. This will require students to have a 3.0 grade point average (GPA), achieve a passing score on the Praxis Core Academic Skills for Educators (CORE) (or score of at least a 1660 combined critical reading, writing, and mathematics score on the SAT, or at least a 23 on the ACT, or 4.0 on the analytical writing section and a combined score of 310 on the quantitative and verbal sections of the GRE), and send a completed assessment of written and oral communication skills to the School of Education. Students must also complete the professional education components at Monmouth University and meet current standards of the Monmouth University School of Education and the New Jersey Department of Education. The program includes field experiences beginning in the sophomore year, increasing in intensity during the junior year, and culminating in full-time student teaching in the second semester of their senior year. Students are required to maintain a 3.0 GPA. Undergraduate students in the School of Education must receive a minimum grade of "C" in all required Education courses. If a grade below “C” is earned, that course must be retaken and will follow the rules set forth in this catalog referencing “Retaking a Course.”

Transfer students will have one semester of provisional status pending their attainment of a GPA of 3.0. Transfer students will be permitted to take one or two education courses as appropriate in the first semester. Transfer students may transfer a maximum of six (6) professional education credits from a two-year institution. Please refer to the Internal Progression Requirements in the paragraph above for additional State-mandated progression requirements.

Applications for student teaching must be submitted to the Office of Certification, Field Placements, and School Partnerships by January 31 for fall and spring placement. At this time, students are screened to ensure that they meet the academic and professional standards required for State certification. Students must complete the appropriate Praxis II examinations with a passing score prior to student teaching and receive passing scores as the final requirement for State certification. Candidates seeking Spanish certification must also earn a passing score on the official OPI and WPT for certification.

BACHELOR OF ARTS WITH A MAJOR IN EDUCATION

Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

- Bachelor of Arts in Anthropology and Education with Endorsement in Elementary Education
- Bachelor of Arts in Anthropology and Education with Endorsements in P-3 and Teacher of Students with Disabilities
- Bachelor of Arts in Art and Education with Endorsement in Elementary Education
- Bachelor of Arts in Art and Education with Endorsement in K-12 Education in Art
- Bachelor of Arts in English and Education with Endorsement in Elementary Education
- Bachelor of Arts in English and Education with Endorsement in Secondary Education in English
- Bachelor of Arts in English and Education with Endorsements in P-3 and Teacher of Students with Disabilities
- Bachelor of Arts in English/Creative Writing and Education with Endorsement in Elementary Education
- Bachelor of Arts in English/Creative Writing and Education with Endorsement in Secondary Education
- Bachelor of Arts in English/Creative Writing and Education with Endorsements in P-3 and Teacher of Students with Disabilities
- Bachelor of Arts in Foreign Languages/Spanish and Education with Endorsement in Elementary Education
- Bachelor of Arts in Foreign Languages/Spanish and Education with Endorsement in K-12 Education in Spanish
- Bachelor of Arts in Foreign Languages/Spanish and Education with Endorsements in P-3 and Teacher of Students with Disabilities
- Bachelor of Arts in History and Education with Endorsement in Elementary Education
- Bachelor of Arts in History and Education with Endorsement in Secondary Education in Social Studies
- Bachelor of Arts in History and Education with Endorsements in P-3 and Teacher of Students with Disabilities
- Bachelor of Arts in History/Political Science Interdisciplinary & Education with Endorsement in Elementary Education
- Bachelor of Arts in History/Political Science Interdisciplinary & Education with Endorsement in Secondary Education in Social Studies
- Bachelor of Arts in Music and Education with Endorsement in Elementary Education
- Bachelor of Arts in Music and Education with Endorsement in K-12 Education in Music
- Bachelor of Arts in Music and Education with Endorsements in P-3 and Teacher of Students with Disabilities
- Bachelor of Arts in Political Science and Education with Endorsement in Elementary Education
- Bachelor of Arts in Political Science and Education with Endorsement in Secondary Education in Social Studies

**BACHELOR OF SCIENCE WITH A MAJOR IN EDUCATION**

*Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”*

- Bachelor of Science in Biology and Education with Endorsement in Elementary Education
- Bachelor of Science in Biology and Education with Endorsement in Secondary Education in Biology
- Bachelor of Science in Chemistry and Education with Endorsement in Elementary Education
- Bachelor of Science in Chemistry and Education with Endorsement in Secondary Education in Chemistry
- Bachelor of Science in Chemistry and Education with Endorsement in Secondary Education in Physical Sciences
- Bachelor of Science in Health/Physical Education and Education with Endorsement in K-12 Education in Health/Physical Education
- Bachelor of Science in Mathematics and Education with Endorsement in Elementary Education
- Bachelor of Science in Mathematics and Education with Endorsement in Secondary Education in Mathematics

**ADDITIONAL ENDORSEMENTS AVAILABLE**

*Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”*

Add-on to Elementary:
- Teacher of Students with Disabilities (TSD)
- English as a Second Language (ESL)
- Middle School Endorsement
- Early Childhood - P-3

Add-on to Secondary:
- Teacher of Students with Disabilities (TSD)
- English as a Second Language (ESL)

Add-on to K-12:
- Teacher of Students with Disabilities (TSD)
- English as a Second Language (ESL)

**SPEECH PATHOLOGY, EDUCATIONAL COUNSELING, AND LEADERSHIP**

Carolyn Groff, Chair, Department of Speech Pathology, Educational Counseling, and Leadership

Harvey Allen, Specialist Professor. EdD, Rutgers University. Areas of professional interest include mathematics, interdisciplinary teaming, and middle school design.

Jason Barr, Associate Professor. PhD, Fordham University. Trained in developmental theory with specific emphasis on the application of developmental theory. Areas of interest include empathy in adolescence and children’s task persistence.

Patricia Bonaventura, Assistant Professor. PhD, Ohio State University.
**Kerry Carley-Rizzutto**, Assistant Professor. EdD, Rowan University. Research interests include early childhood development with an emphasis on literacy, and developing culturally responsive pedagogical practices in pre-service and in-service teachers, while working with culturally and linguistically diverse children.

**JoAnne Cascia**, Assistant Professor. EdD, Nova Southeastern University. Professional interests include language development and disorders, articulation disorders, sensory integration disorders, autism, and supervision.

**Antonio Estudillo**, Assistant Professor. PhD, Indiana University.

**Carollyn Groff**, Associate Professor and Chair. PhD, Rutgers University. Specialty is literacy/language arts and elementary education.

**Jose M. Maldonado**, Associate Professor. PhD, University of Arkansas. Areas of interest include multicultural counseling and school counseling.

**Elisabeth Mlawski**, Assistant Professor of Speech-Language Pathology. MS, Northern Arizona University. Research interests include effectiveness of treatment, language development across the lifespan, and language and literacy in school-age children.

**Cynthia O’Connell**, Specialist Professor. MEd, The College of New Jersey, Post Master’s Certificate in School Counseling, Director of School Counseling and Student Assistance Coordinator, Georgian Court University. Professional interests include school counseling topics such as school climate change, at-risk youth, careers, and spirituality in counseling.

**Tina Paone**, Associate Professor. PhD, University of Nevada, Reno. Areas of professional interest include school counseling, group counseling, diversity, and play therapy.

**Nicole Pulliam**, Assistant Professor. PhD, Montclair State University.

**Erk Raj**, Assistant Professor. PhD, Wayne State University. Professional interest in stuttering research and clinical applications.

**Patricia Remshifski**, Assistant Professor. PhD, Seton Hall University.

**Pietro Sasso**, Assistant Professor. PhD, Old Dominion University. Research interests include masculinity, alcohol misuse, and identity development in traditional college students as well as academic advising and the college fraternity/sorority experience.

**Lilly Steiner**, Assistant Professor. EdD, Boston University. Research interests include family literacy and creating strong home-school partnerships.
The Marjorie K. Unterberg School of Nursing and Health Studies

DEAN: Janet Mahoney, PhD
ASSOCIATE DEAN: James Konopack, PhD

The Marjorie K. Unterberg School of Nursing and Health Studies was established in 1998. The School of Nursing and Health Studies reflects in its philosophy the mission of Monmouth University: to provide a learning process and environment that enables students to realize their full potential and enhance the quality of life for individuals, families, groups, and the community.

The baccalaureate is the first professional degree in nursing. It prepares a generalist and is the basis for graduate study and continuing education in nursing. Professional nursing education focuses on the development of an accountable practitioner and responsible citizen. Professional nurses need knowledge of the liberal arts and sciences in order to understand the interrelating factors that influence the health of individuals and society. This knowledge facilitates their special obligation to promote a healthy environment for all persons. Further, this knowledge enriches the conceptual base that supports both critical thinking and ethical decision-making expected of the professional nurse.

The faculty believe that nursing is a learned profession with a unique body of knowledge. Nursing is not only a science arrived at through scientific research but also an art which reflects the performance of skilled tasks and human interaction. Such breadth of professional knowledge can only be attained within the system of higher education. The baccalaureate is the first professional degree in nursing. It prepares a generalist and enables graduates to obtain entry-level positions as registered nurses.

Education for nursing is idealistic and future-oriented yet sufficiently realistic to provide students with an opportunity to develop justifiable confidence in their intellectual, as well as clinical, proficiency in the practice of nursing. This preparation can occur only within an environment that allows for individual differences and fosters personal integration, healthy self-esteem, vital social awareness, enjoyment of leisure, and a sense of commitment to the attitudes and values of the nursing profession.

In the belief that professional nurses must possess the capacity to modify their roles and responsibilities as healthcare continues to change, the faculty look to baccalaureate education to provide students with knowledge of nursing science, enabling them to develop their personal philosophy and framework for nursing practice. This framework encompasses an understanding of the past, the present, and the emerging roles of the professional.
nurse. To fulfill the expanding role of professional nursing, baccalaureate education is essential.

The faculty believe that education is an active, ongoing process involving student-teacher collaboration and that learning is an experiential activity. They believe that the teaching-learning process involves not only the teacher and the student but also the social system within a framework of dynamic relationships that promotes the change and growth of individuals. It is recognized that students have the ultimate responsibility for their own learning and professional growth.

Students are viewed as unique individuals with varying learning styles. Therefore, a variety of experiences and teaching strategies are used within the program to enhance the development of cognitive, affective, and psychomotor abilities within the student.

The school offers a Pre-Licensure Bachelor of Science in Nursing program (BSN) and an RN to BSN Bachelor of Science in Nursing program for registered nurses; a Bachelor of Science in Health Studies program for non-nursing majors; a Bachelor of Science in Health Studies/Physical Education program with or without an Endorsement in K-12 Education; a Health Studies minor for non-nursing majors; and an undergraduate interdisciplinary certificate in gerontology.

**SCHOOL OF NURSING AND HEALTH STUDIES**

**FACULTY**

**Staci Andrews**, Lecturer, Health and Physical Education. ABD (August 2014) Springfield College.

**Carol A. Biscardi**, PA-C, Clinical Professor, PA Program Director. PhD, Seton Hall University. Specialty areas of interest include pediatrics, general surgery, primary care, patient communication, professionalism, and clinical research.

**Tresa Dusaj**, Assistant Professor. PhD, Rutgers University; BSN, Johns Hopkins University; MS, New York University, RN, CNE. Specialty areas include nursing education, technology, and pediatrics.

**Kathryn Fleming**, Specialist Professor. PhD, MSN, CPHG, University of Medicine and Dentistry of New Jersey. Specialty areas include nursing informatics, quality management, and process improvement.

**Cira Fraser**, Professor and Director of the DNP Program. PhD, Adelphi University, RN, ACNS-BC. Specialty interest areas include nursing research, quantitative and qualitative data analysis, online education, and psychosocial issues in chronic illness with an emphasis on multiple sclerosis.

**Christopher A. Hirschler**, Assistant Professor and Faculty Director of Study Abroad. PhD, Cleveland State University. Specialty area interests include health studies topics, vegan beliefs, and environmental issues.

**Andrea Hope**, Associate Professor. EdD, CHES, Teachers College, Columbia University. Specialty areas and interests include physical activity and nutrition, childhood obesity prevention, development of worksite health promotion programming, and women’s health.

**Maria Hrycenko**, Lecturer, DC, Sherman College, Spartanburg, South Carolina. Specialty area interests include health policy, alternative health, and ergonomics.

**Laura T. Jannone**, Associate Professor, Chair of the Nursing Department and Director of the MSN Program. EdD, Teachers College, Columbia University. NJ-CSN, FNASN. Specialty areas and interests are tobacco prevention and cessation, school nursing, and health policy.

**Barbara Johnston**, Professor, Hess Chair. PhD, RN, CNE, Hofstra University. Specialty areas and interests include gerontological topics, pharmacology, pathophysiology, and distance/online education.

**Laura Kelly**, Associate Professor. PhD, Rutgers University. Adult Psychiatric Clinical Nurse Specialist and Family Psychiatric Nurse Practitioner. Specialty areas include sexually transmitted diseases and lesbian health concerns.

**Rose Knapp**, Assistant Professor. DNP, University of Miami, ACNP-BC. Specialty interest areas include acute care and emergency nursing issues, pharmacology and primary care, and disaster preparedness.

**James F. Konopack**, Associate Professor and Associate Dean. PhD, University of Illinois, Health Studies. Specialty interest areas include physical activity, aging, and health promotion.

**Gina LaMandre**, PA-C, Specialist Professor, Physician Assistant Program. MS, University of
Massachusetts; MS, University of Medicine and Dentistry.

**Cheryl Leiningen**, Assistant Professor, Nursing. DNP, UMDNJ, Adult Nurse Practitioner. Specialty interest areas include community/environmental health issues, bullying in nursing and LGBT health.

**Stephanie Lynch**, PA-C, Specialist Professor, Physician Assistant Program. MS, George Washington University.

**Janet Mahoney**, Professor and Dean. PhD, APN-BC, ENA-BC New York University. Specialty areas and interests include nursing research, nursing administration, and gerontological nursing.

**Colleen Manzetti**, Assistant Professor, DNP Academic Liaison. DNP, Sanford, Alabama CNE, CNLCP. Specialty interests include life care planning, rehabilitation nursing, nursing education, collaboration, and leadership.

**Christina McSherry**, Associate Professor, Nursing. PhD, New York University.

**Joseph L. Monaco**, PA-C, Clinical Professor and Director of Clinical Education. MSJ, Seton Hall University Law School. Specialty interest areas include emergency medicine, primary care, substance abuse medicine, health care policy, and pharmacotherapeutics.

**Jaime Myers**, Assistant Professor, Health and Physical Education. ABD, University of South Florida.

**Marta Neumann**, Lecturer. PhD, Academy of Physical Education, Wroclaw, Poland. BA, MA, College of Physical Education, Wroclaw, Poland. Specialty areas and interests include exercise physiology, physical education, physical fitness, and yoga.

**Sue Polito**, Specialist Professor. MSN, Monmouth University ANP-C, GNP-C. Specialty areas include healthy aging, cognitive decline, and end-of-life care.

**Julie Schaaff**, Lecturer in Health Studies and Chair of the Health and Physical Education Department. MS, University of Delaware. Specialty areas include biomechanics, mind-body fitness, and health studies.

**Patricia Sciscione**, Specialist Professor. PhD, Seton Hall University; MSN, Kean University. Certified School Nurse. Specialty areas and interests include school nursing and emergency nursing.

**Sharon W. Stark**, Professor. PhD, Widener University. AGPCNP-BC. Certified Forensic Nurse (CFN). NAPG Credentialed Professional Gerontologist (CPG). Specialty areas and interests are gerontology/geriatrics, adult nursing, health education, and forensic nursing.

**Mary H. Stern**, PA-C Specialist Professor and Academic Coordinator. MEd, Rutgers University. Specialty areas and interests include neonatology, pediatric cardiology, employee health, and wellness.

**Mary Ann Troiano**, Associate Professor. DNP, Waynesburg University, FNP-BC. Child Care Health Consultant. Specialty areas include women's health, adolescents, and child care.

**Nursing Student Honor Society:**
Lambda Delta Chapter - Sigma Theta Tau, the International Nursing Honor Society

**NURSING**
Laura Jannone, Chair, Department of Nursing

**PRE-LICENSENCE BSN PROGRAM FOR NON-NURSES:**
Admission Requirements (For Freshmen Only):
- Satisfying Monmouth’s admission criteria for the University and for the BSN program. Writing an essay that expresses an interest in, and commitment to, the nursing profession.
- Demonstrating a strong background in the sciences.
- Exposure to a healthcare setting or related experience is encouraged.

Progression Requirements:
Once selected for the program, students will be required to meet certain benchmarks, including:
- Maintaining a cumulative GPA of 2.75 or better.
- Achieving a minimum standard grade of C+ or better in prerequisite courses (CE109, BY111, BY112, BY107, HE200).
- Maintaining a standard grade of “C+” or better in nursing clinical didactic courses (NU201, NU202, NU 203, NU204, NU415).
- After acceptance, and prior to starting classes, a student must submit to the
School of Nursing and Health Studies a certificate of good health from a primary care practitioner, including a complete health history and physical exam. Before beginning clinical laboratory experiences, students will be expected to have a physical examination, with associated laboratory studies, immunizations, and criminal background checks, in accordance with the special requirements of affiliation contracts with clinical agencies and submit a copy of a liability and malpractice policy. Students with criminal backgrounds may not proceed in the nursing program.

- All students are expected to maintain membership in the Student Nurse Association ANA/N.J.S.N.A. The faculty of the School of Nursing and Health Studies at Monmouth University reserve the right to dismiss a student from the program regardless of cumulative grade point average if, in the opinion of the faculty, the student fails to meet acceptable professional standards of behavior.

UNDERGRADUATE CERTIFICATE IN NURSING

Students are required to complete the Undergraduate Nursing Certificate (UNC) before applying for the RN to MSN Direct Program. The UNC contains ten undergraduate nursing courses.

Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix "B."

- Undergraduate Certificate in Nursing

RN TO BSN PROGRAM:

The RN to BSN Bachelor of Science in Nursing program is designed for graduate nurses from associate degree and/or diploma schools of nursing. The program is accredited by the Commission on Collegiate Nursing Education (CCNE). Because this program is designed for the working RN, whenever possible classes are scheduled to meet in one three-hour block of time, one day per week. All courses except the senior-level laboratory class are offered on campus, hybrid, or online. Students can therefore complete the entire BSN program in the evenings with the exception of the senior-level laboratory course that will require attendance one day/week for one semester. Many nursing courses have an online component. Students may attend on either a part-time or full-time basis.

Every applicant must submit transcripts from all previous educational institutions attended. Each one will be individually evaluated. The University accepts all previously earned college course credits, with grades of “C” or higher, regardless of when they were earned, provided that they fulfill requirements of the program. If a course already completed is not required, it may be accepted as a free elective or, if applicable, as a guided elective. Students whose science courses were taken in diploma schools of nursing for which they received no college credit may choose to take either Excelsior or CLEP exams (CLEP exams must be taken before admission to Monmouth University), as appropriate, to gain the college credit for their knowledge or they may choose to repeat the course.

Once accepted, all students will be individually advised by a faculty member from the School of Nursing and Health Studies.

Requirements for Admission to the RN to BSN Program:

- Applicants for admission must have graduated from an approved associate degree or diploma school of nursing.
- Be a graduate nurse who has taken or is eligible to take the NCLEX Examination (students must have the RN license to register for Nursing 312).
- Submit a copy of a liability and malpractice policy with minimum limits of $1,000,000–$3,000,000 and have achieved a grade point average of at least 2.00 in lower-division work.
- After acceptance, and prior to starting classes, a student must submit to the School of Nursing and Health Studies a certificate of good health from a primary care practitioner, including a complete health history and physical exam. Before beginning clinical laboratory experiences, students will be expected to have a physical examination, with associated laboratory studies, immunizations, and criminal background checks, in accordance with the special requirements of affiliation contracts with clinical agencies.
• All students are expected to maintain membership in the Student Nurse Association ANA/N.J.S.N.A. The faculty of the School of Nursing and Health Studies at Monmouth University reserve the right to dismiss a student from the program regardless of cumulative grade point average if, in the opinion of the faculty, the student fails to meet acceptable professional standards of behavior.

The University will follow its normal procedure with regard to the transfer of general education credit. University policy permits credits to be brought to Monmouth by transcript evaluation or by Excelsior or CLEP tests. Monmouth University Credit by Examination is also available. The University will accept thirty transfer credits for nursing courses completed in an associate degree or diploma program upon completion of BSN courses.

Specific general education courses required in the program do not have to be completed before acceptance. Those that have been successfully completed at accredited institutions will be transferred, and the rest may be completed at Monmouth University concurrently with the upper-division nursing courses.

Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Bachelor of Science in Nursing – Pre-Licensure
• Bachelor of Science in Nursing – RN to BSN

CERTIFICATE IN GERONTOLOGY
The fifteen-credit undergraduate Certificate in Gerontology is an interdisciplinary program coordinated by Professor Janet Mahoney. The program includes designated courses in Anthropology, Nursing and Health Studies, Psychology, Social Work, and Sociology.

Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Undergraduate Certificate in Gerontology

HEALTH STUDIES AND PHYSICAL EDUCATION
Julie Schaaff, Chair, Department of Health Studies and Physical Education

HEALTH STUDIES
The Health Studies program at Monmouth University is designed for students who wish to enhance their knowledge of health and health-related issues. Specific course content provides information about current health issues and allows students to develop the analytical skills needed to evaluate issues and policies. Additionally, students develop an understanding of the link between new research in health science and the development of healthcare strategies and policies.

Graduates are prepared to work with individuals, groups, and families in health organizations and services, corporate health programs, education, and at the local, state, federal, or international level. Students can further their education by pursuing graduate degrees in areas such as medicine, dentistry, physical therapy, health and physical education, healthcare administration, public health, and many others. The mission of the Health Studies
program is to increase students’ knowledge in a variety of health disciplines by teaching students to: analyze the causes and means of preventing disease and illness while seeking optimal health, develop the responsibilities and competencies of effective health educators, and advocate for the health of others. The mission of the Health and Physical Education program is to prepare well-rounded undergraduates for careers in health and physical education through a curriculum that combines courses in health education with a strong foundation in exercise science.

To date, Health Studies graduates have secured entry-level employment in various health-related organizations as well as acceptance for graduate enrollment in the following disciplines: Dentistry, Physician Assistant, Occupational Therapy, Physical Therapy, Accelerated Nursing, Psychological Counseling, and Exercise Science. All students are encouraged to apply to sit for the Certified Health Education Specialist (CHES) certification exam at the conclusion of their undergraduate curriculum.

For more information about Health and Physical Education employment settings go to: http://www.monmouth.edu/academics/schools/nursing/health.asp.

Please refer to the following curriculum charts for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Bachelor of Science in Health Studies
• Bachelor of Science in Health Studies and Physical Education
• Bachelor of Science in Health Studies/Physical Education and Education with an Endorsement in K-12 Education in Health/Physical Education

MINOR IN HEALTH STUDIES
Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Minor in Health Studies

Student Health Honor Society:
Epsilon Gamma Chapter – Eta Sigma Gamma National Health Education Honor Society

PHYSICAL EDUCATION
Note: A maximum of four credits of physical education course work will be applied toward degree requirements for non-health physical education majors. Health/Physical Education and Health/Physical Education with an Endorsement in Education majors complete six (6) credits of physical education course work.

In addition to undergraduate programs, the school offers an RN to MSN Direct Program for registered nurses; a bridge program for registered nurses who hold a bachelor’s degree in a field other than nursing; a Master of Science in Nursing (MSN) degree for nurses seeking preparation as an adult-gerontological primary care nurse practitioner, family nurse practitioner, nurse administrator, nurse educator, school nurse, psychiatric and mental health nurse practitioner, or forensic nurse; and a post-master’s Doctor of Nursing Practice (DNP) degree for nationally certified nurse-practitioners and nurse executives. Five post-master’s certificates are available for master’s degree-prepared nurses seeking preparation as an adult-gerontological primary care or family nurse practitioner, nurse administrator, psychiatric and mental health nurse practitioner, or nurse educator. Graduate certificates are available for school nurses and forensic nurses. A Master of Science Physician Assistant program is also available. Detailed information about these graduate programs is located in the Monmouth University graduate catalog.
The School of Social Work

DEAN: Robin Mama, PhD
DIRECTOR OF THE BSW PROGRAM: Elena Mazza, PhD
DIRECTOR OF THE MSW PROGRAM: Kelly Ward, PhD

Social workers are concerned with improving the health and quality of life of persons who are disconnected or excluded from larger society. Social workers engage in practice at all levels, from working with children to working with communities and governments. The profession and the program at Monmouth are particularly concerned with human rights and social and economic justice, the representation and support of vulnerable or oppressed segments of the population, and direct-action strategies to bring about positive change for the disenfranchised.

The central mission of the School of Social Work at Monmouth University is to prepare its graduates for professional social work practice that strives to secure social and economic justice, advance human rights, and improve the quality of life of vulnerable families, individuals, organizations, communities, and nations on the local, national, and global levels.

The BSW Program prepares students for generalist professional social work practice. Secondarily, the BSW Program prepares social work students for graduate social work education. The BSW Program also introduces individuals within the University community to relevant social work and social welfare issues.

On the foundation of a liberal arts tradition, students are engaged to broaden and challenge their understanding, analysis, and evaluation of human experiences and societies in the past and in the contemporary world, and of families and individuals of varied cultural and social contexts.

The curriculum supports this mission through three perspectives: social and economic justice through the advancement of human rights, strengths-based empowerment, and practice with families within a global context. Families within a global context define the initial focal social unit for all social work practice at Monmouth University.

Our three perspectives inform both our BSW and MSW programs as they contribute to the development of students’ knowledge, values, and skills:

1. To conceptualize and contribute to social work theory, knowledge, values, and skills on a generalist level for BSW students, and on an advanced, concentration-specific level for MSW students through three interrelated perspectives: social and economic justice through the
advancement of human rights, strengths-based empowerment, and practice with families within a global context;

2. To develop the skills to understand, analyze, and evaluate the quality of life and well-being of vulnerable families, individuals, organizations, communities, and nations that is grounded in a strengths-based empowerment approach for social and economic justice and human rights;

3. To prepare social work practitioners to develop and systematically apply knowledge, values, skills, and ethics in their work with families, individuals, organizations, communities, and nations of diverse cultural contexts in working collaboratively toward the prevention and solution of social problems;

4. To think critically, analyze, produce, and disseminate research that informs theory, policy, practice, and evaluation in social work;

5. To collaborate with and support vulnerable populations through advocacy, social action, volunteerism, service, education, and consultation, working from a strengths-based empowerment approach for social and economic justice and human rights.

Carolyn Bradley, Associate Professor. PhD, Fordham University. Areas of interest are addictions, spirituality, gay/lesbian/bisexual/transgender issues. Current research is on spirituality and social work practice.

Michael Cronin, Associate Professor. MSW, Columbia University; PhD, Yeshiva University. Research interests in areas of international social work, healthcare and social policy, disaster management, social gerontology, and cultural competence.

Anne Deepak, Associate Professor. PhD, Columbia University. Areas of research interest are in the delivery of diversity and social justice content in social work education, the application of postcolonial feminist social work perspective to global social problems, and the dynamics of Global North-South partnerships.

Christa Hogan, Lecturer. BSW, Monmouth University; MSW, Fordham University. Extensive practice in geriatric social work as well as in specialized school settings working with special needs children. Her private practice focuses on individual counseling to children, adolescents, and adults. She also provides hospice services to the terminally ill.

Sung-Ju Kim, Assistant Professor, PhD, Indiana University. Areas of interest include management, leadership, fundraising, philanthropic giving, and program/practice evaluation.

Robin Mama, Professor and Dean. PhD, Bryn Mawr College. Areas of interest include occupational safety and health, field education, and culturally competent social work practice. Current research projects include international social work and human rights.

Golam Mathbor, Professor. PhD, University of Calgary. Areas of interest include development and analysis of social policies and services, community organizing and social action, social planning, community development and community participation, and international social work. Current research interests include sustainable development of coastal communities, international development, and multicultural social work.

Elena Mazza, Associate Professor and Director of the BSW Program. PhD, New York University. MSW, Fordham University. Areas of interest are mental health, children’s mental health, and community-based mental health. Current research is on gatekeeping in social work education and mental illness and school integration.

Rebecca McCloskey, Specialist Professor. MSW, Ohio State University. Career has been spent working with children diagnosed with chronic and life-threatening illness, developmental delays, and disabilities. She is interested in healthcare issues and the psychosocial impact of serious illness.

Sanjana Ragudaran, Specialist Professor. PhD, City University of New York. Areas of research interest include research advisory with community organizing groups, focusing on undocumented immigrants.
Michelle Ann Scott, Associate Professor. BA, Clark University; MSW, PhD, University of California, Berkeley. Areas of interest include adolescent depression, adolescent suicide prevention, school-based screening, mental health services and financing, college mental health, and initiation of alcohol use by adolescents. Current research includes evaluation of the preparation of high school students with mental health problems and the transition to college.

Nora Smith, Associate Professor. PhD, State University of New York at Albany. Areas of interest include child welfare, substance abuse, and families. Current research includes family reunification for substance-affected families, the Adoption and Safe Families Act, and child welfare consumer and service provider perspectives.

Paul Urbanski, Assistant Professor. PhD, University of Albany, New York.

Kelly Ward, Professor and Director of the MSW Program. PhD, Fordham University. Areas of interest include addictions, substance abuse populations, and the impact of addiction on families. Current research includes all aspects of addiction.

Joelle Zabotka, Assistant Professor. PhD, Rutgers University. Social work clinician who continues to practice, with research interests in child mental health and development, parenting, substance abuse, and Fetal Alcohol Spectrum Disorders.

School of Social Work Honor Society: Phi Alpha: Graduate and Undergraduate

BACHELOR OF SOCIAL WORK (BSW)

Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Bachelor of Social Work

MINOR

Please refer to the following curriculum chart for program requirements. All curriculum charts are detailed and displayed in Appendix “B.”

• Minor in Social Service
The Division of Student Life at Monmouth University offers many important services for resident and commuter students, undergraduates, and graduate students as well. Staff members promote personal and intellectual growth through a variety of programs and services while aiding students in resolving problems and helping them transition to the college experience. The Student Handbook provides a more in-depth description of these programs and services as well as the policies and practices relevant to student life. Students should become familiar with the handbook at the start of every academic year.

**SERVICES FOR STUDENTS: ORIENTATION**

A student’s introduction to student life at Monmouth begins even before classes start. All new students participate in orientation programs designed specifically for their needs. All new first-year students, commuters and residents, are expected to take part in a comprehensive two-day, one-night New Student Orientation Program during the month of July. This structured program includes educational and social activities designed to ease the transition to college life at Monmouth and to give students opportunities to meet and interact with other new students. Prior to the program, students must complete an online Math Placement Test. During orientation, students will attend an advising/registration program during which they will work with a First-Year Advisor to develop a schedule for the fall semester. They will also meet faculty, staff, and students with whom they’ll be interacting during the first year.

Throughout the academic year, many programs are offered to continue the transition process. The SHADOW Program, First-Year Service Project, leadership development opportunities, and social programming are led by the Coordinator of Transition and Leadership Programs.

Families of first-year students have opportunities to come to campus to learn about life at Monmouth University during their student's first year on campus. The first is a Parent Program, offered in June, before New Student Orientation. Families will receive important information about their student’s upcoming transition into life as a university student and meet representatives from across the campus. All are invited back to campus again for Family
Weekend, which usually takes place in October or November.

**Transfer Students**

The Center for Student Success (CSS) coordinates the connections between full-time and part-time transfer students (with eighteen or more credits) and their academic departments to ensure a smooth transition to Monmouth University. The Associate Dean for CSS Support Services and Articulation and Student Development Counselors are available to assist transfer students with their personal adjustment and educational plans.

At the beginning of each semester, all new transfer students are welcomed to the University at a specially designed orientation program.

**HOUSING OPTIONS**

**Residents**

The University offers a variety of housing options in sixteen locations: Beechwood, Cedar, Mullaney, Spruce, Willow, Laurel, Elmwood, Pinewood, Oakwood, Redwood, new residence hall and Maplewood Halls; the Garden, Great Lawn, and University Bluffs apartment complexes; and Pier Village. Living styles include traditional room arrangements, usually for first-year students; suite style, usually for first-year and upper-class students; and apartments for juniors and seniors. Residence halls are typically co-ed by floor, and the majority of students share double rooms. In an effort to make a comfortable match, new students are asked to complete a questionnaire before room assignments are made. First-year and sophomore housing is guaranteed for students who submit the required enrollment and housing deposits and housing contract by the required deadline. For first-year students, the deadline is May 1.

Each residential area is staffed by full-time professional Area Coordinators who reside on campus. Each hall is staffed by Resident Assistants, all of whom are intensively trained in providing assistance, information, activities, and programs for resident students. The Associate Vice President for Student Services, two Associate Directors of Residential Life, and one Assistant Director of Residential Life reside near campus and provide additional, professional support for the Residence Life program.

All on-campus halls provide laundry facilities that utilize vending cards, which can be purchased on campus. All resident students not living in a University-owned or -sponsored apartment are required to be on the meal plan of the Residence Dining Hall. Students may choose either a carte blanche plan, which allows you unlimited access to the Residential Dining Hall, or one of three “block” meal plans, which provides students with a set number of meals for the semester. First-year students may not select a “block” lower than 195 until their sophomore year.

Cars are unnecessary, as everything generally is within walking distance of campus. Many students use bicycles. While students are not prohibited from bringing cars (parking is extremely limited and a parking decal is required), they are discouraged from having cars on campus so that they may fully experience University life and all that it has to offer.

**STUDENT SERVICES**

**Commuters**

There are traditional, non-traditional, full-time, part-time, graduate, and undergraduate students who commute to campus every year. Monmouth University recognizes commuter students are unique and have needs that the University supports each semester. The Office of Off-Campus and Commuter Services (OCCS) is available to provide resources, advocacy, and guidance to all commuter students who attend Monmouth University. Incoming first-year commuter students are provided with guidance and support as part of the Commuter Student Mentor program, in which they are assigned a mentor following new student orientation. Commuter students who are interested in getting involved are encouraged to contact the Office of Student Activities by calling 732-571-3586 or any of the ninety recognized clubs and organizations that are listed in the Monmouth University Student Handbook.

There are a wide range of extra-curricular events and leadership opportunities that take place, and programs are planned so commuters can participate during the day. Commuters can choose from a number of meal plans operated by Gourmet Dining. Commuter students can access breakfast, lunch, dinner, and late-night dining options at a number of locations on campus. Locations include the Rebecca Stafford Food Court, a Dunkin’ Donuts (coming Fall 2015), Magill Commons dining hall, Shadows (Elmwood Hall), Au Bon Pain (coming Spring 2016), Bey Hall Express, a Convenience Store...
in New Hall, and the Café at the Library. Declining balance, cash, Visa, and MasterCard are available for use at all dining locations on campus; however, we recommend students consider purchasing a meal plan through the University. The Office of Residential Life administers both resident and commuter student meal-plans and can be reached by phone at 732-571-3465. Commuter students will find parking at any time of the day or night. For more information, contact OCCS at 732-263-5651 or refer to the Office’s Web site at www.monmouth.edu/commuter.

Health Services is open to all students whether they live on or off campus. All students, aged thirty (30) years or younger, must show proof of two measles, two mumps, and one rubella immunization and if taking nine (9) or more credits must show proof of having completed the Hepatitis B series. All resident students, regardless of age, are required to receive the meningitis vaccine within five years of coming to campus. There is no fee to be medically evaluated. Students are responsible for any costs that may be incurred for outside referrals, prescriptions, special services, laboratory, and diagnostic procedures. Students are seen on a walk-in basis. Appointments are required for the Women’s Clinic, physicals, and psychiatric evaluations. Services include: diagnosis and treatment of common ambulatory illnesses and injuries, immunizations, allergy injections, physicals, GYN services, drug and alcohol screening, psychiatric evaluation, and medication titration.

The Health Center hours are: Monday through Thursday, 8 a.m. to 7 p.m., and Friday, 8 a.m. to 5 p.m.

Health Services is staffed with four nurse practitioners, a nurse practitioner/director, a licensed drug and alcohol counselor, a part-time general practitioner physician, and a part-time psychiatrist. Monmouth Medical Center, a community teaching hospital, offers complete medical and psychiatric services and is within a mile and a half of the University.

The Department of Counseling and Psychological Services provides free, confidential psychological counseling to Monmouth University students on a “first-come, first-served” basis. The professional staff of licensed mental health clinicians supports students in addressing a variety of personal issues, including general mental health, anxiety and stress management, depression, emotional crises, family issues, interpersonal conflicts, trauma, and more. The Counseling Center is located on the third floor of the Rebecca Stafford Student Center and is open from 8:45 a.m. to 5 p.m., Monday, Wednesday, and Friday. Evening appointments are available on Tuesdays and Wednesdays until 7 pm. Contact us by e-mail at mucounseling@monmouth.edu or by calling 732-571-7517. Additional information regarding clinical counseling services and a list of Web-based resources may be found on the University Web site under Campus Life.

The Office of International Student and Faculty Services provides assistance to students and faculty from other countries with their adjustment to life in the United States and Monmouth University. A full-time International Student Services Assistant Director is available to provide personal and immigration advising and cross-cultural counseling.

The Office of Veteran Services is a one-stop point-of-contact for all of our veteran students, active duty and reserve personnel, and dependents of military personnel. This office provides assistance, advocacy, and mentoring as well as advising the Monmouth University Veterans’ Association. The Office of Veteran Services is located on the second floor of the Rebecca Stafford Student Center, room 202D. The office hours are Monday through Friday 8:45 a.m. to 5 p.m.

CO-CURRICULAR PROGRAMS

Athletics

Athletics constitute an integral part of a Monmouth University education. The NCAA Division I athletic program offers excellent opportunities for qualified athletes who wish to participate, and a special level of enthusiasm and excitement for the entire University community.

The athletics program fields men’s varsity teams in baseball, basketball, cross-country, football, golf, indoor track and field, lacrosse, soccer, swimming, tennis, and outdoor track and field. Women’s varsity teams participate in basketball, bowling, cross-country, field hockey, golf, indoor track and field, lacrosse, soccer, softball, swimming, tennis, and outdoor track and field.

Student Activities

The Office of Student Activities and Student Center Operations provides a variety of programs and opportunities that are intended to assist in the social, cultural, and intellectual development of our
students. The office is responsible for the coordination of cultural and social activities reflecting the diverse population of the University. It encourages student participation in clubs and organizations, is involved in the coordination of campus and multicultural activities, provides leadership training for student organizations, oversees Fraternity and Sorority Life and the operation of the Student Center, and supports and provides weekend programming and a film series. It also sponsors an involvement fair and provides student group and leader recognition opportunities.

**STUDENT ORGANIZATIONS**

There are more than 100 different clubs and organizations on campus. Active involvement in a club or organization helps a student develop new leadership skills and meet new friends. Students can select from clubs related to their majors or take the opportunity to join something related to a special interest or hobby. Each year the Office of Student Activities and Student Center Operations hosts an Involvement Fair to assist students in getting connected to a club or organization. Students should read the bulletin boards, social media sites, e-mail, electronic boards, the student newspaper (The Outlook) and the Calendar of Events to learn more about club activities throughout the year.

**Student Center**

An integral part of Monmouth’s overall campus life program, the Student Center serves as a gathering area for all segments of the University community. It is an area where students meet informally and formally to share common interests and develop friendships. The Student Center includes dining facilities, lounges, the Santander Bank office and ATM, computer labs, and meeting rooms, and is the site of many campus and community events. The facility also houses the Student Government Association, the Student Activities Board, and many student organization offices.

The Student Center is the site of the Division of Student Life, the Center for Student Success, the Office of Career Services, Student Activities/Operations, Judicial Affairs, International Student and Faculty Services, Central Scheduling, the Office of Off-Campus and Commuter Services, Conference Services and Special Events, the Study Abroad Office, the Office of Student Employment, the Academic Foundations Office, the Office for Disability Services, the Office of Veteran Services, and the Office of Counseling and Psychological Services.

**Student Activities Board**

The Student Activities Board (SAB) is a student organization advised by the Office of Student Activities and Student Center Operations. Concerts, speakers, comedians, bus trips, novelty programs, festivals, and subsidized tickets for MAC shows are among the many events sponsored. The SAB presents numerous opportunities for students to get involved both as spectators and as active board members. Students can join eight committees, which include: Novelty, Awareness, Diversity Programs, Major Events, Comedy, Concerts, Festivals, and Travel and Tour. Involvement in SAB may relate to a student’s major or may just be for fun.

**Cultural Activities**

The Department of Music and Theatre Arts, housed in the Lauren K. Woods Theatre, offers a wide-ranging schedule of concerts, recitals, and theatrical productions during the academic year, and a professional theatre, the Shadow Lawn Stage, in the summer. The department offers performance opportunities in concert chorus, chamber choir, glee clubs, chamber orchestra, jazz band, and pep band. Applied music study is offered to all students in voice, piano, woodwinds, brass, guitar, strings, and percussion.

The award-winning Center for the Arts presents a rich array of performances by nationally and internationally recognized artists in dance, theatre, contemporary, classical, and folk music; as well as children’s theatre, film screenings, visiting writers, gallery exhibitions, live screenings of the Met Opera, the National Theatre of London, the Bolshoi Ballet, and much more! Students receive a FREE ticket to two performing arts events each semester and all other events are either free or $5. For more information and a full schedule of events, please visit www.monmouth.edu/arts.

While Monmouth has no religious affiliation, it does recognize the important place that religion has in the lives of many of its students. Cru, the Catholic Centre, Hillel, the Muslim Student Association, and Chabad are all active on campus. In addition, churches and synagogues representing the major religious faiths are within convenient reach of
the campus and are available for services and personal counseling. A listing of area places of worship is available at the Office of Student and Community Services.

Recreation
The William T. Boylan Gymnasium provides facilities to support intramurals and recreation, including a swimming pool, two full basketball courts, and a bowling center. Outdoor facilities available to students for their recreational use include: tennis courts, an eight-lane track, Field Turf football/lacrosse, and soccer fields. There is a year-round Intramural Sports Program, which includes games and sports such as basketball, dodge ball, flag football, softball, volleyball, poker, home run derby, three-point contest, knockout, Baggo, soccer, water polo, and Whiffle ball.

SOCIETIES
Greek Letter Organizations
Currently there are seven National Interfraternity Conference (NIC) fraternities, six National Panhellenic Conference (NPC) sororities, three culturally based organizations, and one special interest co-ed fraternity on campus. The fraternities include: Delta Tau Delta, Phi Kappa Psi, Tau Kappa Epsilon, Sigma Pi, Tau Delta Phi, Theta Xi, and Sigma Tau Gamma. The sororities include: Alpha Omicron Pi, Alpha Sigma Tau, Alpha Xi Delta, Delta Phi Epsilon, Phi Sigma Sigma, and Zeta Tau Alpha. The three culturally based organizations are Lambda Theta Alpha Latin Sorority, Inc., Alpha Kappa Alpha Sorority, Inc., and Lambda Theta Phi Latin Fraternity, Inc. The one special interest fraternity is Alpha Kappa Psi, a professional business fraternity.

Honor Societies
Academic departments sponsor honor societies to give recognition to outstanding scholarship in a particular area. Student Life does not oversee academic honor societies.

Omicron Delta Kappa, a national leadership society, recognizes upper-class students who have demonstrated leadership on campus. Phi Eta Sigma is a freshman leadership honor society acknowledging academic excellence and involvement in student activities.

The Gamma Sigma Alpha, National Greek Academic Honor Society, recognizes fraternity and sorority members who have achieved high levels of academic success.

AWARDS
Students are eligible for nonacademic awards that are given annually.

Outstanding Student Award
The Student Government Association sponsors this award given to the graduating senior who, through creative leadership and ability, has made a contribution of lasting value to the future of Monmouth University. The name of the winner is announced at Commencement in May.

STUDENT CODE OF CONDUCT
Monmouth University offers its students the opportunity for maximum intellectual and personal growth by providing a variety of experiences, activities, and services that are designed to complement classroom work and provide opportunities for individual maturation.

The University recognizes and respects the students' personal freedom and assures maximum individual liberty within the limits necessary for the orderly operation of the University. In response, students must observe rules and regulations necessary for the proper functioning of the institution.

Each individual has the right and responsibility to bring to the attention of an administrative or Student Government official any violations of personal freedom or the regulations of the University.

Additional information regarding the Student Code of Conduct is contained in the Student Handbook. The Student Handbook is available online at www.monmouth.edu/studenthandbook.

Michael Cronin (2010)
Associate Professor of Social Work
BA, Northeastern University; MSW, Columbia University; PhD, Yeshiva University

Pedram Patrick Daneshgar (2010)
Assistant Professor of Biology
BA, University of Delaware; MS, Saint Joseph’s University; PhD, University of Florida

Rekha Datta (1995)
Professor of Political Science
Interim Provost for Global Education
BA, MA, Presidency College, University of Calcutta, India; PhD, University of Connecticut

Veronica Davidov (2013)
Assistant Professor Anthropology
PhD, New York University

Anne Deepak (2014)
Associate Professor, Social Work
BA, Boston University; MS, PhD, Columbia University

Margaret Del Guercio (1988)
Associate Professor of English
BA, MA, Montclair State College; PhD, New York University

Chad Dell (1996)
Associate Professor of Communication
BA, MA, PhD, University of Wisconsin-Madison

Hillary Del Prete (2015)
Assistant Professor of Anthropology
BS, Tulane University; MA, PhD, Rutgers University

John W. Demarest (1976)
Professor of Psychology
BA, State University of New York (Brockport); MA, Connecticut College; PhD, State University of New York at Stony Brook

Christopher DeRosa (2004)
Associate Professor of History
BA, Columbia University; PhD, Temple University

Vincent M. DiMattio (1968)
Professor of Art
BFA, Massachusetts College of Art; MFA, Southern Illinois University

Lisa Dinella (2006)
Associate Professor of Psychology
BA, The College of New Jersey; MS, PhD, Arizona State University

Donna Montanaro Dolphin (1987)
Associate Professor of Communication
BA, Clark University; MA, Montclair State College; MFA, Mason Gross School of the Arts, Rutgers University

Kevin Dooley (2005)
Associate Professor of Political Science and Dean of the Honors School
BA, Monmouth University; MA, Rutgers University; PhD, Rutgers University

Maureen Dorment (2006)
Lecturer of History and Anthropology
BS, Georgetown University; MS, Monmouth University

Elen Doss-Pepe (2006)
Lecturer of History
BS, University of Scranton; PhD, Rensselaer Polytechnic Institute

Eleanora Dubicki (2003)
Associate Librarian
BA, Douglass College; MLS, MBA, Rutgers University

Benedicte Dumph (2011)
Specialist Professor of Biology and Chair of Biology
PT, DPT, University Medicine and Dentistry, NJ

Keith Dunton (2015)
Assistant Professor of Biology
BS, MS, PhD, Stony Brook University

Corey Dzenko (2014)
Assistant Professor, Art and Design
BFA, Central Michigan University; MA, University of Alabama; PhD, University of New Mexico

Prescott Evarts, Jr. (1966)
Professor of English
BA, Harvard College; MA, PhD, Columbia University

Azzam Elayan (2006)
Lecturer of Chemistry and Physics
BS, Bethlehem University, Israel; PhD, Wesleyan University

Antonio Estudillo (2015)
Assistant Professor of Speech Pathology, Educational Counseling, and Leadership
BS, Washington State University; MA, Gonzaga University; MS, PhD, Indiana University

Elizabeth Estes (1998)
Professor of English
BA, University of Pennsylvania; MA, M.Phil., PhD, New York University

John F. Fenn (1997)
Associate Professor of Social Work
BA, Rhode Island College; MSW, University of Connecticut

Keith Fiske (1988)
Professor of History
BA, University of Delaware; MA, PhD, University of Michigan

Karen Flohr (1992)
Assistant Professor of English
BA, Barnard College; MA, PhD, University of California, Los Angeles

John F. Flinn (1992)
Assistant Professor, Economics
BA, State University of New York; MA, PhD, State University of New York at Stony Brook

Walter Foran (1997)
Associate Professor of Mathematics
BS, Bentley College; MS, PhD, University of Illinois

Cathleen Forrester (2007)
Assistant Professor of Psychology
BA, MA, PhD, The University of Iowa

Alison Franklin (2005)
Associate Professor of Mathematics
BA, MA, PhD, University of California, Berkeley

Tina Frangalis (2012)
Assistant Professor of Biology
BA, Villanova University; MS, PhD, University of Chicago

Dana Fredman (2010)
Associate Professor of Art and Design
BA, MA, PhD, University of North Carolina at Greensboro

Corey Frey (2011)
Assistant Professor of Psychology
BA, Oxford College; MA, PhD, Indiana University

Sharon Gabe (2015)
Associate Professor of History
BA, University of New Hampshire; MA, PhD, University of Rochester

William Gage (2005)
Assistant Professor of Art
BA, Rhode Island School of Design; MA, PhD, Pennsylvania State University

Janet Gallagher (2016)
Assistant Professor of Psychology
BA, Boston University; MA, PhD, University of California, Los Angeles

Joshua Galloway (2014)
Associate Professor of Philosophy
BA, Hunter College; MA, PhD, University of California, Los Angeles

Jeffrey Garvin (2015)
Assistant Professor of History
BA, University of Pennsylvania; MA, PhD, University of Wisconsin-Madison

Elisabeth Unterharnscheidt Garrett (2014)
Assistant Professor of Social Work
BA, University of Michigan; MA, PhD, Columbia University

Theodore Garrow (2005)
Professor of History
BA, Harvard College; MA, PhD, University of Pennsylvania

Cynthia Gasper (2011)
Assistant Professor of Psychology
BA, Miami University; MA, PhD, University of Wisconsin-Madison

Mary Jane Gaston (2007)
Associate Professor of Psychology
BA, Villanova University; MA, PhD, University of Illinois

Joseph Gavriel (1981)
Assistant Professor of Psychology
BA, State University of New York; MA, PhD, State University of New York at Stony Brook

Heide Estes (1998)
Professor of English
BA, University of Pennsylvania; MA, M.Phil., PhD, New York University

Michelle E. Exte (2007)
Assistant Professor of Accounting
BA, Washington College; MA, PhD, University of Pennsylvania

Antonio Estudillo (2015)
Assistant Professor of Speech Pathology, Educational Counseling, and Leadership
BS, Washington State University; MA, Gonzaga University; MS, PhD, Indiana University

Prescott Evarts, Jr. (1966)
Professor of English
BA, Harvard College; MA, PhD, Columbia University

154 Monmouth University
Melissa Febos (2013)  
Assistant Professor of English  
MFA, Sarah Lawrence College

Linda Flaming (2003)  
Associate Professor of Accounting  
BS, University of Science and Arts of Oklahoma; BA, MS, Queens College, City University of New York; PhD, University of Oklahoma

Kathryn Fleming (2011)  
Specialist Professor of Nursing  
PhD, University of Medicine and Dentistry of New Jersey

Johanna Foster (2013)  
Assistant Professor of Sociology  
BA, MA, American University; PhD, Rutgers University

Cira Fraser (1998)  
Professor of Nursing  
BS, The College of Staten Island; MS, Rutgers University, Newark; PhD, Adelphi University

Aaron Furgason (2004)  
Associate Professor of Communication; Chair Department of Communication  
BA, Monmouth University; MA, Emerson College; PhD, Rutgers State University of New Jersey

Frank Fury (2007)  
Lecturer of English  
BA, Boston College; PhD, Drew University

Priscilla Gac-Artigas (1995)  
Professor of World Languages and Cultures  
BA, University of Puerto Rico; Ph.D., University of Franche-Comte, France

Rachel Gardner (1989)  
Associate Librarian  
BA, Vassar College; MA, Middlebury College; MLS, Rutgers University

Ivan A. Gepner (1973)  
Associate Professor of Biology  
BA, Rutgers University; MA, PhD, Princeton University

George Germek (2006)  
Associate Librarian  
BA, BS, Kean University; MA, MLS, Rutgers University

Michael Gillette  
Specialist Professor of Music and Theatre Arts  
BA, Hamilton College; MA, Yale University

Elizabeth Gilmartin (2004)  
Lecturer of English  
BA, Georgian Court College; MA, Seton Hall University; PhD, New York University

Bonnie Gold (1998)  
Professor of Mathematics  
AB, University of Rochester; MA, Princeton University; PhD, Cornell University

George Gonzalez (2013)  
Assistant Professor of Philosophy and Religion  
ThD, Harvard Divinity School

Jamie Goodwin (2015)  
Specialist Professor of Psychology  
BA, Susquehanna University; MS, Loyola University; PhD, Ball State University

Albert Gorman (2007)  
Specialist Professor of Criminal Justice  
BA, Iona College; MA, City University of New York

Susan M. Goulding (1996)  
Associate Professor of English; Chair, Department of English  
BA, MA, Adelphi University; PhD, New York University

Lecturer of Education  
AB, City University of New York, Hunter College; EdM, Harvard University; EdD, Rutgers University

Stanton W. Green (2004)  
Professor of Anthropology  
BA, New York University; MA, PhD, University of Massachusetts, Amherst

Brian Greenberg (1990)  
Professor of History; Jules L. Plangere, Jr. Endowed Chair in American Social History  
BA, Hofstra University; MA, State University of New York at Albany; PhD, Princeton University

Michelle Grillo (2010)  
Assistant Professor of Criminal Justice  
BS, MA, University of Massachusetts Lowell; MA, PhD, Rutgers University

Carolyn Groff (2007)  
Associate Professor of Education  
Chair of Speech Pathology, Educational Counseling and Leadership  
BA, Mount Holyoke College; PhD, Rutgers University

Susan Gupta (2006)  
Associate Professor of Management and Marketing  
BS, MS, University of Missouri-Columbia; PhD, University of Tennessee

Stephanie Hall (2009)  
Associate Professor of Psychological Counseling  
Chair of the Department of Psychological Counseling  
BA University of Kentucky; MA, Louisiana Tech University; PhD, University of New Orleans

Gary Handler (2013)  
Specialist Professor of Psychological Counseling  
PhD, New York University

Amy Handlin (1991)  
Associate Professor of Marketing  
BA, Harvard University; MBA, Columbia University; PhD, New York University

John Hanly (2014)  
Assistant Professor of English  
BA, Georgetown College; MA, University of Chicago; PhD, University of Louisville

Matthew Harmon (2012)  
Specialist Professor of Communication  
BA, MA, Monmouth University

Wendy A. Harriott (2000)  
Associate Professor of Education; Chair, Department of Curriculum and Instruction  
BS, Bloomsburg University; MS, Marywood College; PhD, Pennsylvania State University

Mary Harris (2011)  
Specialist Professor of Communication  
MA, Monmouth University; BA, Rowan University

Christine Hatchard (2013)  
Assistant Professor of Psychology  
BA, Monmouth University; MS, PsyD, Chestnut Hill College

John E. Henning (2015)  
Professor of Curriculum and Instruction and Dean of the School of Education  
BS, Pennsylvania State University; MEd, Kent State University; AD, Stark State College; PhD, Kent State University

Christopher A. Hirschler (2009)  
Assistant Professor of Nursing  
BS, Excelsior College; MA, State University of New York; PhD, Cleveland State University
Directories

Christa Hogan (2012)
Lecturer of Social Work
MSW, Fordham University

Shannon Hokanson (2005)
Lecturer of Communication
BA, MA, Monmouth University

Robyn Holmes (1993)
Professor of Psychology
BA, MA, PhD, Rutgers University

Andrea Hope (2007)
Associate Professor of Nursing and Health Studies
BS, Montclair State University; MS, The American University; EdD., Teachers College, Columbia University

Maria Hrycenko (2013)
Lecturer, Health and Physical Education
BS, Rutgers University; DC, Sherman College of Chiropractic

Paul Humphrey (2015)
Assistant Professor of Foreign Language Studies
BA, MA, PhD, University of Birmingham, UK

Judey Hyppolite (2013)
Assistant Professor of Economics, Finance and Real Estate
PhD, Indiana University

Lecturer of Chemistry and Physics
BS, Brooklyn College City University of New York; MS, PhD, Clarkson College

Aurora Ioanid (1996)
Associate Librarian
MA, University of Bucharest, Romania; MLS, Columbia University

Jeffrey Jackson (2012)
Assistant Professor of English
BA, Linfield College; MA, Portland State University; PhD, Rice University

Associate Professor of Nursing, Chair of the Nursing Department
Director of the MSN Program
BSN, MS, New Jersey City State College; PhD, Columbia University

Scott Jeffrey (2009)
Assistant Professor of Management
BSC, MBA Santa Clara University; PhD, University of Chicago

Moyi Jia (2013)
Lecturer of Communication
PhD, Ohio University

Assistant Professor of Psychological Counseling
MA, Monmouth University, EdD, Argosy University; DMH, Drew University

Barbara Johnston (2008)
Professor and Hess Chair in Nursing Education
BS, MS, Hunter College; PhD, Hofstra University

George Kapalka (2001)
Professor of Psychological Counseling
BA, MA, Manhattan School of Music; MA, Kean University; PhD, Fairleigh Dickinson University

Laura Kelly (2003)
Associate Professor of Nursing
BS, Monmouth University; MS, Rutgers University; PhD, Rutgers University

Jiwon Kim (2013)
Assistant Professor of Curriculum and Instruction
BA, MA, Korea University, Seoul, South Korea; PhD, Purdue University

Sung-Ju Kim (2012)
Assistant Professor of Social Work
BA, Dong-Guk University; MS, Case Western Reserve University; PhD, Indiana University

Kathryn Kloby (2007)
Associate Professor of Political Science
Interim Vice Provost for Transformative Learning
BA, Marywood College; MS, Montclair State University; PhD, Rutgers University

Rose Knapp (2010)
Assistant Professor of Nursing
BA, State University of Plattsburgh; MS, Seton Hall University; DNP, University of Miami

Wobbe Frans Koning (2014)
Assistant Professor, Art and Design
BFA, The Netherlands Film and Television Academy; MFA, Ohio State University

James Konopack (2006)
Associate Professor of Health Studies; Associate Dean of the School of Nursing and Health Studies
BA, Cornell University; ME, Boston University; PhD, University of Illinois

Dmytro Koslenkov (2012)
Assistant Professor of Chemistry
BS, MS, National Taras Shevchenko University of Kyiv; PhD, Jackson State University

Jamie Kretsch (2007)
Specialist Professor of Software Engineering
Chair of the Department of Computer Science and Software Engineering
BS, Monmouth University; MS, University of Wisconsin-Madison

Zachary Kudlaq (2013)
Assistant Professor of Mathematics
PhD, University of Rhode Island

Robin Kucharczyk (2005)
Lecturer of Chemistry and Physics
BA, Douglass College, Rutgers University; PhD, Yale University

Gina LaMandre (2014)
Specialist Professor, Physician Assistant Program
BS, The College of New Jersey; MS, University of Massachusetts; MS, University of Medicine and Dentistry

Massimiliano Lamberto (2006)
Associate Professor of Chemistry and Physics
BS, MS, University of Messina, Italy; PhD, University of Southampton, United Kingdom

Stacy Lauderdale (2011)
Assistant Professor of Education
BS, Clemson University; MA, California State University, Northridge; PhD, University of California, Riverside

Matthew Lawrence (2012)
Specialist Professor of Communication
BA, The College of New Jersey; MFA, Boston University

Cheryl Leiningen (2013)
Assistant Professor of Nursing
BS, The College of New Jersey; MA, New York University; DNP, University of Medicine and Dentistry of New Jersey

Gary Lewandowski (2002)
Professor of Psychology; Chair, Department of Psychology
BA, Millersville University; MA, PhD, State University of New York at Stony Brook

Kayla Lewis (2013)
Assistant Professor of Chemistry and Physics
PhD, Georgia Institute of Technology

Xudong (Daniel) Li (2014)
Assistant Professor of Accounting
BE, BS, University of Science and Technology of China; MBA, University of California, PhD, University of North Texas
Xiaohui Liang (2015)
Assistant Professor of Computer Science and Software Engineering
BS, MS, Shanghai Jiao Tong University, China; PhD, University of Waterloo, Canada

Kathryn A. Lionetti (1990)
Associate Professor of Biology
BS, PhD, State University of New York at Stony Brook

Blyue (Betty) Liu (2000)
Professor of Mathematics
BS, MS, Nanjing University, China; PhD, University of Maryland

Weizheng Liu (1994)
Professor of Criminal Justice
BA, MA, Jilin University, China; PhD, Indiana University of Pennsylvania

Dorothy Lobo (2002)
Associate Professor of Biology
BA, Immaculate College; PhD, Catholic University of America

Brian Lockwood (2010)
Assistant Professor of Criminal Justice
BA, College of New Jersey; MA, PhD, Temple University

Min-Hua Lu (1991)
Associate Professor of Marketing; Chair Marketing and International Business
BA, MA, Beijing Institute of Foreign Trade; DBA, George Washington University

Mark Ludak (2013)
Specialist Professor of Art (Photography) Director of Compliance
MFA, Hunter College

Stephanie Lynch (2014)
Specialist Professor, Physician Assistant Program
BS, Arizona University; MS, George Washington University

James P. Mack (1974)
Professor of Biology
BS, Monmouth College; MS, William Paterson College; EdD, Teachers College, Columbia University

Alison Maginn (1997)
Associate Professor of World Languages and Cultures
BA, University of Ulster, Northern Ireland; MA, PhD, University of Wisconsin

Y. Lal Mahajan (1979)
Associate Professor of Economics and Finance
BA, University of Panjab, India; MA, University of Chicago; PhD, Northern Illinois University; PhD, Rutgers University

Janet Mahoney (1995)
Professor of Nursing
Dean of the Marjorie K. Unterberg School of Nursing and Health Studies
RN, St. Mary’s Hospital; BSN, Monmouth College; MSN, Seton Hall University; PhD, New York University

Jose M. Maldonado (2005)
Associate Professor of Education
BA, East Stroudsburg University; MEd, Lehigh University; MS, Wilkes University; PhD, University of Arkansas

Robin Mama (1992)
Professor of Social Work
Dean of the School of Social Work
BSW, College of Misericordia; MSS, PhD, Bryn Mawr College

Colleen Manzetti (2012)
Assistant Professor of Nursing
BS, Rutgers University; MSN, Monmouth University; DNP, Samford University

Associate Professor of Mathematics; Chair, Department of Mathematics
BA, California State University at Fullerton; PhD, University of Arizona

Associate Professor of Mathematics
BS, Wake Forest University; PhD, University of Arizona

Golam Mathbor (1999)
Professor of Social Work; Chair of Philosophy, Religion, and Interdisciplinary Studies
BSS, MSS, Bachelor of Law (L.L.B.), University of Dhaka, Bangladesh; MSW, McGill University; PhD, The University of Calgary

Elena Mazza (2005)
Associate Professor of Social Work; BSW Program Director
BSW, Monmouth University; MSW, Fordham University; PhD, New York University

Sheila McAllister (2007)
Associate Professor of Communication
BA, MA, William Paterson University; PhD, Rutgers University

Carol McArthur-Amedeo (2011)
Lecturer of Education
EdD, Rutgers University

Rebecca Mccloskey (2010)
Specialist Professor of Social Work
BA, Seton Hall University; MSW, Ohio State University

James McDonald (1999)
Associate Professor of Software Engineering
BSEE, New Jersey Institute of Technology; MSE, Massachusetts Institute of Technology; PhD, New York University School of Engineering

Jennifer McGovern (2013)
Assistant Professor, Political Science and Sociology
BS, Sacred Heart University; MS, Central Connecticut State University; MS, PhD, Temple University

Frederick L. McKittrick (1994)
Associate Professor of History
BA, MA, PhD, Columbia University

Joseph McManus (2013)
Assistant Professor of Management and Decision Sciences Director of the Center for Entrepreneurship
PhD, Rutgers University

Marilyn McNeil (1994)
Associate Professor of Physical Education and Vice President and Director of Athletics
BPE, The University of Calgary; MA, McGill University; EdD, Washington State University

Christina McSherry (2014)
Associate Professor of Nursing
BSN, Wagner College; MA, PhD, New York University

Tiffany Medley (2013)
Lecturer of Biology
PhD, City University of New York

Marilyn McNeil (1994)
Associate Professor of Physical Education and Vice President and Director of Athletics
BPE, The University of Calgary; MA, McGill University; EdD, Washington State University

Christina McSherry (2014)
Associate Professor of Nursing
BSN, Wagner College; MA, PhD, New York University

Tiffany Medley (2013)
Lecturer of Biology
PhD, City University of New York

Mary Beth Meszaros (2008)
Specialist Librarian
BA, Villanova University; MS, Drexel University; PhD, University of Pennsylvania
Nancy Mezey (2002)
Professor of Sociology
Associate Dean of the School of Humanities and Social Sciences
BA, Vassar College; MA, PhD, Michigan State University

Allen Milewski (2003)
Associate Professor of Software Engineering
BA, University of Wisconsin; MA, PhD, Brown University

Kenneth Mitchell (2006)
Associate Professor of Political Science
BA, University of California; MS, London School of Economics; DPhi, Oxford University, United Kingdom

Elisabeth Mlawski (2013)
Assistant Professor of Speech-Language Pathology
MS, Northern Arizona University

Gregory Moehring (2011)
Associate Professor of Chemistry
PhD, Purdue University

Donald M. Moliver (1982)
Professor of Economics and Dean of the Leon Hess Business School
Pozyczki Endowed Professor of Real Estate
BA, Fairleigh Dickinson University; MA, PhD, Virginia Polytechnic Institute

John Morano (1988)
Professor of Communication
BA, Clark University; MA, Pennsylvania State University

Joseph Mosca (1987)
Associate Professor of Management; Chair, Department of Management and Decision Sciences
BA, MA, Montclair State College; EdD, New York University

Mihaela Moscaliuc (2011)
Assistant Professor of English
BA, MA, Al.I.Cuza University; MA, Salisbury University; MFA, New England College; PhD, University of Maryland

John Muldoon (2015)
Specialist Professor of Psychological Counseling
BS, West Chester State University; MA, University of Florida; PhD, University of South Carolina

Jaime Myers (2014)
Assistant Professor, Health and Physical Education
BA, MPH, Emory University; PhD, University of South Florida

Datta V. Naik (1977)
Professor of Chemistry and Interim Provost of Academic and Faculty Affairs
BSc, St. Xavier's College, University of Bombay, Goa, India; PhD, University of Notre Dame

Roy L. Nersesian (1985)
Professor of Management
BS, Rensselaer Polytechnic Institute; MBA, Harvard Business School

Marta Neumann (2009)
Lecturer of Nursing and Health Studies
BA, MA, College of Physical Education, Wroclaw, Poland; PhD, Academy of Physical Education, Wroclaw, Poland

Eleanor M. Novek (1996)
Professor of Communication
BA, Georgia State University; MA, PhD, University of Pennsylvania

Associate Professor of Psychology; Associate Vice Provost for Academic Foundations/General Education
BS, MS, PhD, Virginia Commonwealth University

Guy B. Oakes (1968)
Professor of Philosophy and Corporate Values
Kvermland Endowed Chair in Philosophy and Corporate Social Policy
AB, University of Chicago; PhD, Cornell University

Mohammad S. Obaidat (1996)
Professor of Computer Science
BSEE, Aleppo University; MSEE, PhD, Ohio State University

Cynthia O’Connell (2012)
Specialist Professor of Education
BS, Douglas College; MEd, The College of New Jersey

Associate Professor of Economics
BA, MA, PhD, University of Wisconsin

Jonathan Ouellet (2012)
Assistant Professor of Chemistry
PhD, University of Sherbrooke

Michael Palladino (1999)
Professor of Biology
Interim Vice Provost of Graduate Studies
BS, The College of New Jersey (Trenton State College); PhD, University of Virginia

Emanuel Palsu-Andriescu (2010)
Lecturer of Mathematics
BS, MS, Al.I, Cuza University, Romania; PhD, Rutgers University

Wai Kung Pang (2008)
Associate Professor of Mathematics
BS, Brigham Young University; MS, PhD, Texas Tech University

Tina Paone (2006)
Associate Professor of Speech Pathology, Educational Counseling and Leadership
BA, University of Tampa; MA, PhD, University of Nevada

Katherine Parkin (2003)
Associate Professor of History
BA, Lake Forest College; PhD, Temple University

Abha Sood Patel (2005)
Lecturer of English
BA, MA, University of Delhi; PhD, Indian Institute of Technology

Joseph N. Patten (2002)
Associate Professor of Political Science, Chair of the Department of Political Science
Director of the Washington Semester
BA, Kean University; MA, PhD, West Virginia University

David P. Paul III (1998)
Professor of Marketing
BS, Hampden-Sydney College; DDS, Medical College of Virginia; MBA, PhD, Old Dominion University

David E. Payne (1986)
Associate Professor of Psychology
BA, University of Mississippi; MA, MPhil, PhD, Columbia University

Thomas Pearson (1978)
Professor of History
BA, Santa Clara University; MA, PhD, University of North Carolina at Chapel Hill

Karen Pesce (2008)
Lecturer of Biology
BA, BS, MS, Seton Hall University; PhD, Rutgers University
Michael Phillips (2007)
Associate Professor of Communication
BA, George Mason University; MA, St. John’s College; PhD, University of Maryland

Sue E. Polito (2004)
Specialist Professor of Nursing and Health Studies
BA, Providence College; MSN, Monmouth University

Nicole Pulliam (2014)
Assistant Professor, Speech Pathology, Educational Counseling and Leadership
BA, Ramapo College of New Jersey; MA, PhD, Montclair State University

Sanjana Ragudaran (2014)
Specialist Professor, Social Work
BS, MSW, Flinders University, Australia; PhD, University of New York

Erik Raj (2015)
Assistant Professor of Speech Pathology, Educational Counseling and Leadership
BS, Stockton University; MS, Misericordia University; PhD, Wayne University

Joseph Rapolla (2013)
Specialist Professor and Chair of Music and Theatre Arts
MBA, Monmouth University

Peter Reinhart, Esq. (2011)
Specialist Professor
Director of the Kislak Real Estate Institute
Arthur and Dorothy Greenbaum and Robert Ferguson/NJAA Endowed Chair in Real Estate Policy
BA, Franklin and Marshall; JD, Rutgers University, Camden

Ronald L. Reisner (1995)
Associate Professor of Criminal Justice
BA, Brooklyn College; PhD, Columbia University; JD, Rutgers University School of Law

Patricia Remshifski (2013)
Assistant Professor of Speech Language Pathology
PhD, Seton Hall University

Benedicte Reyes (2002)
Associate Professor of Economics
BA, Ecole Superieure de Commerce de Reims, France; MBA, Temple University; PhD, Columbia University

Maryanne Rhett (2008)
Associate Professor of History and Anthropology
BA, University of South Carolina; MA, University of Arizona; PhD, Washington State University

Dennis Rhoads (1995)
Professor of Biology
BA, University of Delaware; PhD, University of Cincinnati

Michael Richison
Specialist Professor of Art and Design
BFA, Calvin College; MFA, Cranbrook Academy of Art

Julia Riordan-Goncalves (2007)
Assistant Professor of World Languages and Cultures
BA, Dickinson College; MA, PhD, University of North Carolina at Chapel Hill

Joseph Rocero (2006)
Associate Professor of Management and Marketing
BA, Dickinson College; MBA, PhD, Drexel University

Janice Rohn (2012)
Specialist Professor of Computer Science and Software Engineering
BA, Thomas Edison State College; MS, National Technological University

Alex Romagnoli (2014)
Assistant Professor, Curriculum and Instruction
BS, MEd, East Stroudsburg University; PhD, Indiana University of Pennsylvania

Daniela Rosca (1998)
Associate Professor of Software Engineering
MS, Polytechnic University of Bucharest; PhD, Old Dominion University

Stuart Rosenberg (2010)
Associate Professor of Management and Marketing
BA, Marquette University; MA, University of Wisconsin-Madison; MBA, PhD, Fordham University

Gloria Rotella (2006)
Specialist Professor of Music and Theatre Arts
BA, MA, New Jersey City University; MS, Monmouth University; EdD, Rutgers University

Beth Sanders (2015)
Associate Professor of Criminal Justice
BA, Otterbein College; MS, PhD, University of Cincinnati

Rebecca Sanford (2004)
Associate Professor of Communication and Assistant Chair of Communication
BA, University of Pittsburgh; MA, Monmouth University; PhD, Temple University

Saliba Sarsar (1985)
Professor of Political Science
BA, Monmouth University (Monmouth College); PhD, Rutgers University

Pietro Sasso (2012)
Assistant Professor of Education
PhD, Old Dominion University

Paul G. Savoth (1986)
Associate Professor of Accounting and Business Law
BA, Middlebury College; JD, Seton Hall University; CPA, New Jersey

Julie Schaaff (2011)
Lecturer of Health Studies; Chair of the Department of Health and Physical Education
BA, Bucknell University, MA, University of Delaware

Associate Professor of Computer Science
BA, Columbia University; MA, University of Chicago; PhD, University of Illinois

Karen Schmelzko (1998)
Associate Professor of Geography
BA, MA, Florida Atlantic University; PhD, Pennsylvania State University

Laura Schmuldt (2013)
Specialist Professor, Psychological Counseling
BA, University of Illinois, MA, Northeastern Illinois University; PhD, University of Central Florida

Lecturer of Chemistry and Physics; Chair of Chemistry and Physics Coordinator, Clinical Laboratory Sciences and Medical Laboratory Science Programs
BS, Massachusetts Institute of Technology; PhD, University of Rochester

Solomon Z. Schuck (1966)
Associate Professor of Psychological Counseling
BS, City College of New York; PhD, New York University

Alan Schwerin (1996)
Associate Professor of Philosophy
BA, MA, Rhodes University; PhD, Rice University

Patricia Sciscione (2010)
Specialist Professor of Nursing
MSN, Kean University

Assistant Professor, Social Work
BA, Drew University; MSW, Columbia University; PhD, Rutgers University

Ronald Zhao (2002)
Associate Professor of Accounting
BA, Fudan University, China; MA, Shanghai Foreign Language Institute, China; MBA, Yale School of Management; PhD, Texas Tech University

Jing Zhou (2004)
Associate Professor of Art
BA, Sichuan Fine Arts Institute; MFA, Georgia Southern University
Appendix A:
Undergraduate Course Descriptions

The course descriptions for undergraduate and graduate courses offered by Monmouth University are listed alphabetically by subject and in numerical order within the discipline in this section. Each discipline is identified by a subject code, e.g., Anthropology is “AN”, and English is “EN”. This code precedes the course number in course listings and class schedules, e.g., “AN 103”, “EN 101”.

Please refer to the page index provided below in order to quickly locate a specific group of courses.

Courses with odd numbers are usually offered in the fall semester, while courses bearing even numbers are usually offered in the spring semester.

Undergraduate Courses:
The number by which a course is designated indicates the relative level of the course. Those numbered “050” (undergraduate developmental) are not eligible for credit toward graduation requirements. Those numbered 100 to 299 are for undergraduate freshmen and sophomores. Those numbered 300 to 499 are for undergraduate juniors and seniors.

Graduate Courses:
The graduate courses are numbered 500 to 799. The number by which a course is designated usually indicates the relative level of the course.

Prerequisites for all courses must be met unless waived by the chair of the department offering the course, or for graduate students, by the program director. Registration for courses for which the prerequisites have been waived must be done by the academic department that waived the prerequisite.

Please note that this list was created in June 2015. Monmouth University maintains the most current course descriptions on the Web site Webadvisor menu, https://webadvisor.monmouth.edu/datatel/openweb/st/stmenu.html.

</table>
### AA 246  
**Introduction to African-American Studies**  
Cr. 3.0  
Introduction to a broad range of themes in their historical context, from the African origin to the formation of African-American societies and cultures in the African Diaspora. Other themes include the rise and fall of slavocracy, the era of Civil Rights struggles, and the establishment of space for African-Americans to tell their stories as well as study their experiences and cultures.  
Course Type(s): none

### AA 298  
**Special Topics in Africana Studies**  
Cr. 3.0  
An intensive study of a particular subject or problem in Africana Studies to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Type(s): none

### AA 302  
**African-American Seminar**  
Cr. 3.0  
The culture, history, experiences, and artistic and literary expression of African-Americans illuminated by an examination of several academic disciplines that are reviewed for biases and new paradigms suggested.  
Prerequisite: Nine credits in African-American Studies elective courses.  
Course Type(s): none

### AA 499  
**Independent Study in African-American Studies**  
Cr. 3.0  
An intensive study of a particular subject or problem in Africana Studies to be announced prior to registration.  
Course Type(s): none

### AN 103  
**Cultural Anthropology**  
Cr. 3.0  
Introduction to comparative study of human beliefs and behavior. Emphasis on the concepts used in studying human culture; analysis of non-Western societies with respect to ecology, economy, social and political organization, religion, and art; implications for American society.  
Course Type(s): SS.SV

### AN 104  
**Human Evolution and Racial Variation**  
Cr. 3.0  
Introduction to physical anthropology; racial variation and the evolutionary origins of the human species; concepts and principles used in the study of living and fossil evidence for human evolution and genetic diversity; unique influence of culture on human biology; human evolution in the present and future.  
Course Type(s): GS, HSUS

### AN 107  
**Introduction to Archaeology**  
Cr. 3.0  
An intensive study of a particular subject or problem in anthropology to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Type(s): none

### AN 113  
**Cultures of the World**  
Cr. 3.0  
Common and distinctive features of culture in each of several broad zones around the world, including native North America, native South America, northern Asia, southern Asia, and sub-Saharan Africa; descriptive overview with emphasis on the variety of human experience and achievement.  
Course Type(s): BI.EL, GU, SS.SV

### AN 198  
**Special Topics in Anthropology (100 Level)**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in anthropology to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Type(s): none

### AN 220  
**History of Advertising**  
Cr. 3.0  
Designed to develop a critical understanding of the historical evolution of advertising in the United States, with critical attention to race, class, gender, and sexuality. We will explore the economic, political, and cultural factors that have contributed to the development of advertising, and which have been affected by advertising. Some of the topics to be discussed include: the rise of national advertising; the relation of advertising to consumption; advertising to children; political advertising, the relationship between advertisers and the medium in which they appear (magazines, television, radio, etc.), and broadcast and internet advertising. Also listed as History 220 and Gender Studies 220.  
Course Type(s): GS, HSUS
AN 251  
*bPrimate Behavior and Human Evolution*  
Cr. 3.0  
Behavior of the human species’ closest relatives with emphasis on chimpanzees, other apes, and Old World monkeys; social life, ecological adaptations, psychological mechanisms; evolutionary origins of human behavior.  
Prerequisite: Anthropology 103.  
Course Type(s): none

AN 263  
*Peoples and Cultures of South America*  
Cr. 3.0  
A social and cultural survey of representative peoples in South America and the Caribbean, emphasizing the comparative study of economic, political, social, and religious organization.  
Prerequisite: Anthropology 103 or 113.  
Course Type(s): none

AN 264  
*North American Indians*  
Cr. 3.0  
A survey of the cultural, social, and linguistic diversity of Pre-Columbian North American societies; problems of contemporary Indian groups. Also listed as History 264.  
Course Type(s): GU

AN 266  
*Historical Archaeology*  
Cr. 3.0  
An introduction to historical archaeology, the archaeology of the modern world (c. 1492+). It focuses on archaeological sites in the United States. Students are introduced to the various written and material sources that historical archaeologists use to interpret the recent past, including artifacts, vernacular architecture, grave markers, documents, photographs, and other visual sources. Archaeological field methods are also introduced with a minimum of one class period spent excavating an archaeological site. Also listed as History 266.  
Prerequisites: Anthropology 103 or History 201; and English 101 and 102 or permission of the instructor.  
Course Type(s): WT

AN 267  
*Tourism Around the World*  
Cr. 3.0  
Introductory examination of the various factors that impact tourism in different parts of the world. Students will consider political, social, economic, cultural, and environmental factors that affect tourists, local populations, and the physical destinations. Also listed as Geography 267.  
Course Type(s): BI.EL, GU, SUS

AN 268  
*Urbanization Around the World*  
Cr. 3.0  
An introduction to urbanization on a global scale. Historical and contemporary development of the world’s cities using geographical approaches to urban analysis. Includes examination of urban forms and the local global, social, cultural, economic, political, and physical processes that shape and are shaped by cities, and the large and rapidly growing cities of the developing world that dominate and control the global economy. Also listed as Geography 268.  
Course Type(s): CD, SUS

AN 272  
*Magic, Witchcraft, and Religion*  
Cr. 3.0  
Explores motivation of human behavior within the realm of religion and the supernatural with an emphasis on the role of gods and goddesses. A cross-cultural approach will be used while exploring cultures both past and present across the globe. Also listed as Religious Studies 272.  
Prerequisite: English 101 and 102 or permission of the instructor.  
Course Type(s): WT

AN 274  
*Anthropology of Sex and Gender*  
Cr. 3.0  
Anthropological perspectives on sexuality and gender; emergence of human sexuality and gender differentiation in the context of species evolution; cross-cultural survey of social and ideological aspects of sexuality and gender.  
Prerequisite: Anthropology 103.  
Course Type(s): GS

AN 275  
*Global Environmental Problems*  
Cr. 3.0  
Focus on the complex relationship between human beings and their environments in an effort to build an ecological perspective in a global framework. Discussion of basic issues of ecological science in terms of impact on both the Western and non-Western worlds. Also listed as Geography 275.  
Course Type(s): GU, SUS, CC

AN 279  
*Culture, Health, and Illness*  
Cr. 3.0  
A cross-cultural examination of health and healing from the view of applied medical anthropology. Explores biological, sociocultural, political, economic, and structural factors that affect health, illness, and disease both now and in the past. Cultural areas of study include: populations in the United States, Africa, Latin America, the
Caribbean, and Southeast Asia.
Prerequisites: English 101 and 102.
Course Type(s): CD, HE, EL, HEPE, WT

AN 280 Cr. 3.0
Anthropology and Education
The Anthropology of Education has a long and rich history of exploring intersections of learning and culture. This course is an introduction to the issues and approaches central to the study of education within the discipline of anthropology. Over the course of the semester, students will engage with classic and contemporary methods and readings in the field, including cross-cultural approaches to schooling and key issues in educational policy. This course is founded in anthropological approaches to education and how anthropologists address topics related to learning.
Prerequisites: English 101 and 102; or approval of the instructor.
Course Type(s): WT

AN 282 Cr. 3.0
Life’s a Beach
A majority of the world’s population lives along shorelines. In some places, the shore is necessary for survival, a place where people depend on their interactions with the natural environment to provide for their daily needs. Elsewhere, the beach is a location for leisure, a destination for tourists. This class examines life at the shore from the different perspectives of those who utilize the beaches in different ways. Approximately one-third of the class will take place in situ, meaning off campus and on site of some local beach location. Applying anthropological theories and methods to the topic, this course will examine concepts such as identity, political economy, cultural ecology, and development, using New Jersey beaches as locus.
Course Type(s): CD, WT

AN 288 Cr. 3.0
Cooperative Education: Anthropology Concentration
Provides students with an opportunity to apply classroom theory in practice through actual work experience. Placements are selected to forward the student’s career interest through experiential education. This course is repeatable for credit.
Prerequisites: Anthropology 103 and Junior or Senior standing.
Course Type(s): EX

AN 290 Cr. 3.0
Popular Culture and the Middle East
Examines recent events, traditional cultural practices, and the perceptions of the Middle East through the lens of popular media (film, graphic novels, journalism, etc.). Topics to be covered may include but are not limited to: religion, the Arab Spring (2011), the Iranian Revolution, the Arab-Israeli Conflict, women’s rights/roles, Orientalism and racism, and common governing structures. Also listed as History 290.
Course Type(s): GU, HSNW

AN 296 Cr. 3.0
Cultures and Societies of Africa
Examines the history, cultures, and societies of Africa from the precolonial to the contemporary period. Discusses the cultural, political, and economic changes that have taken place in Africa as a result of Western influence. Also listed as History 296.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD

AN 298 Cr. 1.0 – 3.0
Special Topics in Anthropology (200 Level)
An intensive study of a particular subject or problem in Anthropology to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Type(s): none

AN 299 Cr. 3.0
Independent Study in Anthropology
Guided readings on a topic not otherwise covered in the curriculum.
Prerequisites: Student must be an Anthropology major and have at least a 2.50 GPA. Prior permission of the directing professor and department required.
Course Type(s): none

AN 303 Cr. 3.0
Archaeology of the Southeastern United States
This course offers an overview of the archaeology of the American Southeast. The course will focus on the region’s prehistoric and contact periods, which is one of the richest in the U.S. Students will develop an understanding of the area’s primary archaeological cultures and their geographic and temporal extents.
Course Type(s): GU
AN 304 Cr. 3.0
*Monuments and Commemoration: Loss and Remembrance*
Examines the evolution of American attitudes towards commemoration and remembrance from the colonial period to the present. Focuses on the analysis of landscapes and artifacts, e.g., monuments, grave markers, cemeteries, and historic sites. Topics discussed include: the evolution of American burial grounds from colonial burial grounds to the rural cemeteries of the Victorians and modern memorial parks. Changing grave marker designs and iconography are examined. Distinct ethnic, regional, and national memorial practices are also studied. Public memorials in the form of statuary, commemorative institutions, and historic sites will also be discussed. There will be field trips to select sites. Also listed as History 304.
Course Type(s): HSUS

AN 305 Cr. 3.0
*Caribbean Archaeology*
Students are introduced to the archaeology and ethnohistory of the Caribbean Islands, the region where the Old World violently encountered the New World in AD 1492. The general approach is historical and chronological. This course is divided into two broad sections covering the prehistoric and historic periods of the region. The encounter between Europe and the region’s native inhabitants proved catastrophic for the later. The region then became central to the world economy through slave labor and the production of luxury for world markets.
Course Type(s): GU

AN 306 Cr. 3.0
*Food and Culture*
Augments the anthropology program’s offerings in both archaeology and socio-cultural anthropology, and demonstrates the synergy of these approaches in the topical study of food. Through a combination of lecture, discussion, hands-on learning, and readings, students are introduced to the basic modes of human subsistence identified by the anthropological tradition. They also will explore the material and social challenges connected with these different subsistence strategies, and finish up by looking at current food-based problems facing the world today.
Prerequisites: English 101 and 102.
Course Type(s): GU, WT

AN 311 Cr. 3.0
*Anthropology Internship Seminar*
Application of theory learned in the classroom in practice through actual work experience. Includes both academic and experiential learning. Eight to twelve hours per week in a public history or field work setting. Open only to anthropology majors. Also listed as History 311.
Course Type(s): EX

AN 315 Cr. 3.0
*Field Research in Archaeology*
Archaeological field methods, analysis of data, and anthropological interpretation; students will do supervised work on local sites. May be repeated for a maximum of six credits. Also listed as History 315.
Prerequisite: Anthropology 103 or 107 or permission of the instructor.
Course Type(s): EX

AN 321 Cr. 4.0
*Qualitative Research Methods*
An interdisciplinary overview of qualitative research methods employed in the social sciences and education. Qualitative methods are offered as an alternative way of knowing about individuals and groups. Topics covered include: theory, fieldwork, interviewing, observational studies, time sampling, writing field notes, questionnaires (survey research), archival research, and conducting qualitative research in various settings. Emphasis also placed upon the factors that affect the fieldwork process (e.g., gender, emotions, etc.). Also listed as Psychology 321.
Prerequisite: Psychology 103.
Course Type(s): WT

AN 322 Cr. 3.0
*Ethnographic Methods*
An overview of ethnographic research design and methods employed in anthropology. Students will practice research design and methods, data analysis, and write-up techniques. Students will engage questions of ethics through research practice and theoretical discussion.
Prerequisites: English 101 and 102.
Course Type(s): WT

AN 335 Cr. 3.0
*A History of the Ancient Near East*
A survey of the history and culture of ancient Mesopotamia, Egypt and their Near Eastern neighbors from the rise of the first literate urban societies through the conquests of Alexander the Great and the Successors. The focus will be on an examination of the preserved material culture, including texts, art, and architecture as revealed through archaeology. Also listed as History 335.
Prerequisite: History 101.
Course Type(s): HSAS, HSNW, HSPRE

**AN 342**  
**Children’s Play and Culture**  
An intensive examination of children’s play. Theoretical and empirical contributions from psychology and anthropology as a developmental and cross-cultural foundation for the following topics: the historical development of the concept of childhood; theories of play; conceptions of play and work; the functions of play; play and child development; gender differences; cross-cultural forms of play; and children’s peer cultures. Also listed as Psychology 342. Prerequisite: Psychology 203.

**AN 342L**  
**Children’s Play Thesis Laboratory**  
Research strategies used in the study of children’s play. Projects include: methods of interviewing and survey techniques, naturalistic observation, participant observation, and time sampling. Students also design and undertake their own research projects and prepare written and oral reports of their findings. Prerequisites: Psychology 311, 320, and 321, passed with a grade of C or higher. Corequisite: Anthropology 342.

**AN 343**  
**Anthropology and Children**  
An overview of the anthropological study of children. Addresses anthropology’s inquiry into children’s behavior, activities, artifacts, and their relationships with adults both past and present. Topics covered include: archaeology and children, childbirth, attachment, parenting, play, education, socialization, and child labor and welfare. Geographical areas include: the Middle East, Asia, and Central and South America. Europe and the United States are mentioned marginally. Prerequisite: Anthropology 103.

**AN 363**  
**The Amazon**  
An anthropological seminar focused on the Amazon region, with emphasis on how expert and lay knowledge about the Amazon has been produced and circulated. Course Type(s): GU

**AN 367**  
**Civilizations of the Andes**  
Cr. 3.0  
A survey of the anthropological history of the Andes from the beginning of civilization through the Inca Empire to contemporary Quechua and Aymara speakers: pre-Inca societies, social and political organization of peasant culture, and the role of rural migration in transforming contemporary Andean cities. Also listed as History 367. Prerequisites: Three credits in Anthropology or Sociology; and English 101 and 102 or permission of the instructor.

**AN 371**  
**International Service Seminar**  
Cr. 3.0  
Students will learn to unite theory and practice by studying theories and policies based on human security, and learning about their applications through service-learning projects. Students will enhance their understanding of human security by volunteering in international community organizations and reflecting on the social, political, and economic factors and policies that affect them. Also listed as Social Work 371, Political Science 371, and Sociology 371. Prerequisite: Political Science 101.

**AN 377**  
**Archaeology of African-American Life**  
Cr. 3.0  
Explores the rapidly growing subfield of historical archaeology which deals with the life and history of African Americans. The history and modern challenges facing this group is conditioned by the historical experience of individuals and communities of African descent with the United States. Unlike many European groups, the historical evidence documenting the experience of African Americans through time is sparse and incomplete. Archaeological investigations offer a primary method for recovering the everyday life experiences of this group. In addition, African American archaeology provides an important intersection for engaging the deep connection between the past and the present in socially meaningful ways. This course will review important case studies, key figure, major issues, and the overall development of African American archaeology.

**AN 379**  
**Globalization, Health and Healing**  
Cr. 3.0  
Explores globalization through the lens of health and transnational movements. Through lectures, interactive seminar discussions, films, reflective analysis, and
research projects, students will examine globalization processes through the movement of disease and treatments, patients, and healthcare workers.

Course Type(s): GU, HE.EL, HEPE

**AN 380**
**Cr. 3.0**
**American Cultural Diversity**
Explores the historical, social, and cultural backgrounds of immigrant groups found within the United States. Through lectures, readings, case studies, and discussions incorporated with service learning as fieldwork, students will be introduced to the complexity and diversity of American society.

Course Type(s): EX

**AN 382**
**Cr. 3.0**
**Applied Anthropology**
This course is anthropology put to use - meaning using anthropological research and methods to solve practical problems. This is an upper-level survey course that pays attention to cultural viewpoints, methods and results. While exploring different areas of applied anthropology through the history of the discipline and contemporary research projects, we will study methods unique to this subfield. Practical information, advice and resources on career preparation and development will be offered. By the end of the course, students should be able to answer the following question: How can I use anthropology in my future career?

Course Type(s): EX

**AN 383**
**Cr. 3.0**
**Old World Prehistory**
An intensive survey of the prehistoric cultures of Europe, Africa, and Asia, focusing on the period between the origins of modern humans to the rise of the first civilizations. Particular attention is paid to the development of art, religious belief systems, agriculture, urbanism, metallurgy, and writing. Early civilizations in Egypt, sub-Saharan Africa, Mesopotamia, Western Europe, and China are examined.

Course Type(s): none

**AN 387**
**Cr. 3.0**
**Visual Anthropology**
Deals with aspects of visuality in culture and anthropology. A significant part of the course will be devoted to visual anthropology. We will learn about the development of visual anthropology as a discipline, the particular problems and challenges involved in practicing this type of ethnography, the evolution of ideas about accountability, representation, reflexivity, and positioning in visual ethnographic methods. We will start with exploring the role of image in anthropology by considering the relationship between photography and ethnography, and continue to study ethnographic filmmaking, from Robert Flaherty’s Nanook of the North, (considered to be the first ethnographic documentary), to the development of Cinema Verite, to the emergence of indigenous media. Students will gain a nuanced understanding of the subject through weekly writing exercises, presentations, and in-class discussion. For a final project, students will write a long-form paper that will combine original research and visual analysis.

Course Type(s): CD, COSS

**AN 388**
**Cr. 3.0**
**Cooperative Education: Anthropology Concentration**
Provides students with an opportunity to apply classroom theory in practice through actual work experience. Placements are selected to forward the student’s career interest through experiential education.

Prerequisites: Anthropology 103 and Junior or Senior standing.

Course Type(s): EX

**AN 389**
**Cr. 3.0**
**Anthropological Field Study**
Supervised field experience in various branches of anthropology, e.g., archaeological excavation, museum work, ethnography, and primate behavior.

Prerequisite: Six credits in Anthropology.

Course Type(s): EX

**AN 390**
**Cr. 3.0**
**Archaeology Field Study**
An introduction to the practice of archaeology with a focus on fieldwork and limited laboratory analysis. This is a residential field school, meaning that students will live at or near the site for the majority of the semester. This might include living nearby during the week or for several weeks at a time, as in the case of an international archaeological field project. Students will learn traditional and advanced surveying methods, how to conduct pedestrian surveys, standard archaeological excavation techniques, and how to identify, catalogue, and analyze artifacts. There will be weekly lectures on the archaeology, history, and culture of the chosen archaeological site by project staff and visiting experts.

Course Type(s): EX
AN 398 Cr. 1.0 – 3.0
Special Topics in Archaeology (300 Level)
An intensive study of a particular subject or problem in anthropology to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Type(s): none

AN 401 Cr. 3.0
Anthropological Theory
A survey of the major theories in anthropology from the nineteenth century to the present, focusing on contributions to our understanding of human society by some of the major figures of anthropology. Prerequisite: Anthropology 103 or permission of the instructor. Course Type(s): none

AN 408 Cr. 3.0
Cultural Psychology
An interdisciplinary course that utilizes theoretical, empirical, and methodological contributions from psychology and anthropology to discuss the position of culture in understanding human behavior and thought. Culture is viewed as a cognitive construct that is learned, lived, shared, and performed. A sample of topics includes: the history of cultural and cross-cultural psychology, methodological approaches, aggression, education, development, play, language, social relationships, intelligence, emotion, motivation, and mental health issues. Also listed as Psychology 408. Course Type(s): none

AN 425 Cr. 3.0
Latin American Seminar
An in-depth analysis of select groups in Native Latin America, through lectures, readings, case studies, film, and interactive panel discussions. Prerequisites: Anthropology 103 or permission of the instructor and English 101 and 102 or permission of the instructor. Course Type(s): WT

AN 426 Cr. 3.0
Research Seminar in Anthropology
The development, research, and writing of a BA paper on any aspect of anthropology, with special emphasis on scrupulous documentation, use of appropriate sources, clear expository writing, and oral presentation of research results. The course will be taught as a mixture of seminar and one-on-one meetings with the instructor. (It will also include a meeting with a librarian or bibliographer from the Monmouth University Library.) Prerequisite: Senior standing. Course Type(s): RD

AN 488 Cr. 3.0
Cooperative Education: Anthropology
Provides students with an opportunity to apply classroom theory in practice through actual work experience. Placements are selected to forward the student’s career interest through experiential education. Repeatable for credit. Prerequisites: Anthropology 103 and Junior or Senior standing. Course Type(s): EX

AN 489 Cr. 3.0
Anthropological Field Study
Supervised field experience in various branches of anthropology, e.g., archaeological excavation, museum work, ethnography, and primate behavior. This course may be repeated once for credit. Prerequisites: Six credits in Anthropology and permission of the instructor. Course Type(s): EX

AN 498 Cr. 1.0 – 3.0
Special Topics in Anthropology (400 Level)
An intensive study of a particular subject or problem in anthropology to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Type(s): none

AN 499 Cr. 3.0
Independent Study in Anthropology
Guided readings on a topic not otherwise covered in the curriculum. Prerequisites: Student must be an Anthropology major and have at least a 2.50 GPA. Prior permission of the directing professor and department is required. Course Type(s): none

AR 101 Cr. 3.0
Art Appreciation
A global survey of the cross-cultural evolution of art from the prehistoric period through the twentieth century. Emphasis will be placed on understanding the basic elements of art, the creative process, and the significance of art within the context of the social, political, religious, and...
AR 113  Cr. 3.0
Basic Design and Composition
Drawing and design disciplines pertaining to a solid and basic understanding of composition, figure-ground relationships, and the organization of marks and shapes on flat surfaces. Some beginning aspects of color and an experience relating to relief forms.
Course Type(s): AT

AR 114  Cr. 3.0
Basic Design and Color
A continuation of material covered in Basic Design and Composition (AR 113) with emphasis on the study of color and its relationship to various aspects of drawing and design. Color will be studied in two specific ways: the physicality of color and the illusionistic possibilities inherent in color. To put it simply, physicality pertains to color mixing or painting, and illusion relates to the interaction of color.
Prerequisites: Art 113 and 191.
Course Type(s): AT

AR 116  Cr. 3.0
Three-Dimensional Design
Three-dimensional design as it relates to sculpture, from visual involvements and illusions on a flat surface to the physical reality of three-dimensional objects in space, including environmental possibilities. Studio hours to be arranged.
Prerequisites: Art 113 and 191.
Course Type(s): AT

AR 172  Cr. 3.0
Introduction to Digital Design
An introduction to basic graphic design and visual communication concepts. Builds on the skills learned in foundation courses in basic design and complements the introduction to the field in Graphic Design Studio I, Art 269. Students will become proficient in design concepts and computer skills later used in the Graphic Design field, including page layout, illustration, photography, and Web design. They will continue to develop creative problem-solving skills and the foundation theory of Graphic Design.
Prerequisite: Art 113.
Course Type(s): AT, TL

AR 177  Cr. 3.0
Introduction to Digital Design for Non-Art majors
Designed for students with little or no experience in computer graphics. Combines basic visual problem solving with hands-on, computer-based digital training. Projects are designed with the non-art/design major in mind and would be appropriate for students majoring in journalism, communications, marketing, and music industry.
Course Type(s): AT

AR 178  Cr. 3.0
Web Studio
An introduction to the visual aesthetics and fundamental skills required to create web graphics, digital publication, and Web layout design. Covers the use of current graphics software in addition to training in graphic production and composition needed for the Web.
Course Type(s): AT

AR 181  Cr. 3.0
Digital Photography I
Light and lens are the fundamental elements of photographic and video media. This foundation-level course introduces students to the formal characteristics of light and lenses by surveying a variety of image-making practices, from primitive photographic devices to digital photography and video. Through a combination of classroom talks and hands-on-projects, students will encounter principles of black and white and color photography as well as elementary video. Learning camera controls in this manner opens up a wide range of expressive possibilities.
Course Type(s): AT, IM

AR 183  Cr. 3.0
Black and White Photography I
Technical proficiency in basic black and white photography, including exposure, developing, printing, and presentation. Photography is presented as a tool to understand the world and as a means of expression and communication. Students will learn how to interpret and discuss the visual language of photography.
Course Type(s): AT

AR 191  Cr. 3.0
Drawing I
Explore fundamentals of drawing in order to accurately describe nonfigurative volumetric objects. Students are expected to develop a solid understanding of basic drawing elements such as line, value, mass, and space and learn to comprehend the understanding of space, shape, proportion, form, volume, light, and rhythm. Drawing I is
a basic hands-on course that introduces the student to various traditional drawing techniques and materials for expression. Working with a basic drawing medium, we will explore fundamental rendering techniques. Six hours per week.

Course Type(s): AT

AR 192 Cr. 3.0
Drawing II
A studio course that continues to develop the skills covered in Drawing I, Art 191. Students will be introduced to both traditional and nontraditional concepts and techniques of interpretive and subjective drawing and rendering. Drawing techniques and materials pertaining to the expression of both figurative and nonfigurative subject matter will be explored. The human figure will serve as the primary subject of study with an emphasis placed on the rendering skills. The complex nature of the figure provides students with problems that require serious attention to observational skills in order to correctly render the form. Drawing II utilizes the live, nude model. Six hours per week.
Prerequisite: Art 191.
Course Type(s): AT

AR 198 Cr. 1.0 – 3.0
Special Topics in Art (100 Level)
An intensive study of a particular subject or problem in art to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Type(s): AT

AR 199 Cr. 1.0 – 3.0
Independent Study in Art
Guided research - A studio project or art history topic. Weekly consultation. May be elected for a total of six credits.
Course Type(s): AT

AR 217 Cr. 3.0
Sculpture I
Sculpture for beginners as well as intermediate students, including modeling from life, direct sculpture in plaster, clay modeling, and simple casting procedures. Six hours per week.
Prerequisites: Art 116, 191, and 192 for art majors.
Department chair approval is required for non-art majors.
Course Type(s): AT

AR 218 Cr. 3.0
Sculpture II
A direct continuation of AR 217, Sculpture I, along with some assemblage, construction, and alternate casting methods. Six hours per week.
Prerequisite: Art 217.
Course Type(s): AT

AR 221 Cr. 3.0
Painting I
Techniques and craftsmanship to facilitate expression in acrylic or oil painting; still-life and landscape subjects. Art and Art Education students must have prerequisite. Six hours of studio work per week.
Prerequisites: Art 113, 114, 191, and 192 for art majors.
Department chair approval is required for non-art majors.
Course Type(s): AT

AR 222 Cr. 3.0
Painting II
A continuation of Art 221, Painting I, with emphasis on the further development of painterly ideas and creative thinking. Art and Art Education majors must have prerequisites. Six hours of studio work per week.
Prerequisite: Art 221.
Course Types(s): AT

AR 241 Cr. 3.0
History of Western Art I
Survey of the significant styles and periods in Western art and architecture from Prehistoric to Gothic periods. Weekly lectures and discussions assist students with developing their visual literacy and a critical understanding of the past.
Course Type(s): ARHIS, AT

AR 242 Cr. 3.0
History of Western Art II
Survey of the significant styles and periods in Western art and architecture from the Renaissance to the present. Weekly lecture and discussions assist students with developing their visual literacy and a critical understanding of the past.
Course Type(s): ARHIS, AT

AR 243 Cr. 3.0
History of Graphic Design
A survey of the history of graphic design in the twentieth and twenty-first centuries. The course is an overview of design and instructs students in researching areas
of interest to broaden their knowledge of contemporary issues in graphic design.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): ARHIS, AT, TL, WT

Advanced 35mm camera and printing techniques, basic studio lighting, and exploring different photographic formats including medium, large, and toy cameras, as well as experimental techniques of image making and printing. Prerequisite: Art 183. Course Type(s): AT

AR 284 Cr. 3.0
**Web Design Dynamic for Non-BFA Candidates**
Integrates previously learned Web design and development concepts. Allows students to focus on the Web interactively and 2D animation using Adobe Flash and audio/video files on the Internet. Besides Adobe Flash, a variety of software tools including Photoshop, Illustrator, and sound editing tools are used to develop design concepts, Web graphics, animation, and interactive Web sites/aplications after a careful planning process. This course meets six hours per week. Not available to Fine Arts majors. Prerequisite: Art 178. Course Type(s): AT, IM

AR 286 Cr. 3.0
**Maya Animation for Non-BFA Candidates**
Students will learn basic techniques of building three-dimensional, digital objects along with the basic theories and principles of animation using the software Maya. Skills needed to construct 3D objects in Maya will be introduced with hands-on experiences on the Macintosh platform. Meets six hours per week. Not available to Fine Art majors. Prerequisites: Art 178, Art 181 or Communication 145, and Art 284. Course Type(s): AT, IM

AR 287 Cr. 3.0
**Typography**
An introduction to the theory, function, history, and impact of typography in graphic design. This course is an analysis of the shape and form of letters. Investigation and comparison of existing typefaces, type specification, and layout in relation to graphic design and the printed piece. Prerequisites: Art 113, 114, 172 or 177, and 269. Course Type(s): AT

AR 288 Cr. 3.0
**Cooperative Education: Art or Graphic Design**
An on-site graphic design cooperative work placement. This course may be repeated for credit. Course Type(s): AT, EX

AR 290 Cr. 3.0
**Motion Graphics for Non-BFA Candidates**
An introduction to the art of time-based, graphic storytelling for non-art/design majors. Emphasis will be placed on the creation of engaging digital environments through the thoughtful integration, manipulation, and orchestration of audio, video, still, and three-dimensional imagery. Meets six hours a week. Not available to Fine Arts majors. Prerequisites: Art 178, Art 181 or Communication 145, and Art 284. Course Type(s): AT, IM

AR 298 Cr. 1.0 – 3.0
**Special Topics in Art (200 Level)**
An intensive study of a particular subject or problem in art to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Type(s): AT

AR 299 Cr. 1.0 – 3.0
**Independent Study in Art**
Guided research - A studio project or art history topic. Weekly consultation. May be elected for a total of six credits. Course Type(s): AT

AR 311 Cr. 3.0
**Drawing 3**
Seeing the figure, objects, and the environment; exploring all possible avenues of expression resulting from the experience of seeing; drawing experiences in various media. Six hours per week. Prerequisites: Art 113, 114, 191 and 192. Course Type(s): AT

AR 313 Cr. 3.0
**Lighting Techniques**
A studio course that explores the photograph in contemporary art. Photography’s integral tie to light serves as the backbone of this course as it investigates the alternative and contemporary spaces used by photographic artists. Digital and analog tools and skills blur as students are encouraged to experiment and challenge their ideas of what defines a photograph. Teaches studio lighting as it applies to fine art and commercial photography. Includes technical instruction in the lighting studio as well as on location with both portable lights and natural light. Defined by critiques and continues technical and conceptual advancement.
AR 317  
**Sculpture III**
Volume, balance, movement, and structure in metals, stone, wood, found objects, cast stone, and wire. Students may work in the round, relief, or medallic direction. Six hours per week. 
Prerequisites: Art 217 and 218. 
Course Type(s): AT

AR 321  
**Painting III**
The development of the student as a painter, with emphasis on the philosophy of painting. Six hours of studio per week. Prerequisites: Art 221 and 222. 
Course Type(s): AT

AR 323  
**Documentary Photography and Video**
By investigating documentary-style photography and video, this course concentrates on using images to tell stories. Working both independently and in small groups producing documentary photography and video, students explore the role of documentary photography and video in society. 
Prerequisite: Art 181. 
Course Type(s): AT

AR 325  
**Writing Supplement for Art and Design**
The writing component for co-registered studio classes, which integrates a fifteen-page research paper. Emphasis is placed on the quality of writing and research. 
Prerequisites: English 101 and 102 or permission of the instructor. Corequisite: A 200-, 300-, or 400-level studio course. 
Course Type(s): AT, WT

AR 326  
**Writing Supplement for Art and Design**
The writing component for co-registered studio classes which integrates a fifteen-page research paper. Emphasis is placed on the quality of writing and research. 
Prerequisites: English 101 and 102 or permission of the instructor. Corequisite: A 200-, 300-, or 400-level studio course. 
Course Type(s): AT, WT

AR 335  
**BFA Internship/Seminar**
Internship experience with the development of occupational or professional competence in the career setting. Combines both internship work experience at an approved work location with a structured seminar class. The seminar component of this course will also guide students through the process of résumé writing, interviewing techniques, and best business practice. On-site graphic design work internship (fifteen to twenty hours per week) plus one-hour weekly seminar with faculty. This course may be repeated once for credit. 
Prerequisites: Art 270 and 273. 
Course Type(s): AT, EX

AR 337  
**Art/Design Internship Seminar**
Internship experience with the development of occupational or professional competence in the career setting. Combines both internship work experience at an approved work location with a structured seminar class. The seminar component of this course will also guide students through the process of resume writing, interviewing techniques, and best business practice. On-site graphic design work internship (ten to fifteen hours per week) plus one-hour weekly seminar with faculty. This course may be repeated once for credit. 
Course Type(s): AT, EX

AR 343  
**Renaissance, Mannerist, and Baroque Art**
Painting, sculpture, and architecture in Europe from 1400s-1800s. Museum visits required. 
Prerequisite: Art 242. 
Course Type(s): ARHIS, AT

AR 345  
**Early to Late Modern Art**
A critical analysis of various meanings of Modernism in art. This course studies academic art to art of the present through U.S., European, and global case studies. Museum visits required. 
Prerequisites: English 101 and 102 or permission of the instructor. 
Course Type(s): ARHIS, AT, WT

AR 348  
**Art of India**
The visual art of India: how to look at it and how it might be best understood. The larger cultural context in which this art was produced, drawing upon history, religion,
mythology, and literature will be discussed. Essentially, pre-modern Indian art is religious art. After studying the major monuments associated with Buddhism and Hindu art, the themes common to both traditions will be considered. The temple as an artistic expression and as a religious center will be explored. Because of the vastness of India art, this course will not include Mughal and later monuments.

Course Type(s): ARHIS, AT, BI.EL, GU

AR 349   Cr. 3.0
Asian Art Survey
Important artistic monuments from India, China and Japan. Since Buddhism is a connecting link for Asian cultures, emphasis is placed on Buddhist art.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): ARHIS, AT, BI.EL, GUGU, WT

AR 350   Cr. 3.0
World Art Nineteenth-Twentieth Century
A global investigation of the cross-cultural evolution of art in the nineteenth to mid-twentieth century. Non-Western art will be studied from the point of discovery through its influence on modern, Western, visual expression. Emphasis will be placed on the significance of the artwork within the context of the social, political, religious, and economic climate of its time.
Course Type(s): ARHIS, AT

AR 351   Cr. 3.0
Methods of Teaching Art I
The history and philosophy of art education; the construction of curricula and the exploration of teaching methods; media and tools appropriate for the educational level. Methods I deals with the needs of the elementary school child. Open to Art majors only. Also listed as Education 351.
Prerequisites: Art 114, 116, and 192.
Course Type(s): AT

AR 352   Cr. 3.0
Methods of Teaching Art II
The history and philosophy of art education; the construction of curricula and the exploration of teaching methods; media and tools appropriate for the educational level. Methods II deals with the needs of the adolescent. Open to Art and Education majors only. Also listed as Education 352.
Prerequisite: Art 351 or Education 351.
Course Type(s): AT

AR 353   Cr. 3.0
Digital Photography III
A strong foundation in the technical and aesthetic aspects of color photography through projects utilizing digital RAW files and analog negatives with instruction in color printing and studio lighting as it pertains to the nuances of color. Discussions and critical writings focus on the history and theory of color photography. Combines analog and digital techniques and focuses on more advanced file managing and color control both on the monitor and in print.
Prerequisites: Art 253 and 313.
Course Types(s): AT

AR 360   Cr. 3.0
Intermediate Ceramics
As a continuation of introductory-level ceramics classes, personal experimentation and development of students’ personal expression is encouraged. Emphasis on individual instruction and discussions based on the students’ interests. Ceramics technology and history of ceramic art through individual research will be part of the curriculum.
Prerequisite: Art 265 or 266.
Course Types(s): AT

AR 368   Cr. 3.0
Gender, Art, and Society
A critical survey about the role of gender in the arts through a study of representational subjects, artists, and patronage. This course considers art’s role in the construction of gender as a social structure by drawing from fields that include art history, gender studies, critical race studies, and queer theory.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): ARHIS, AT, GS

AR 370   Cr. 3.0
Advanced Typography
Revisits the history, anatomy, classification, construction, and use of type discussed in Art 287, Typography, but with greater emphasis on theory. Advanced Typography will also consider the emotional, expressive, and connotative aspects of letterforms and their organization. Possible applications could include environmental signage, sculptural installations, and/or film.
Prerequisite: Art 287.
Course Types(s): AT

AR 371   Cr. 3.0
Graphic Design Studio III
Marks the transition from graphic design fundamentals to
more complex visual problem solving. Projects focus on corporate identity and branding, including client research, design briefs, creative exploration, and implementation. Other projects include multi-page magazine and poster design. Professional preparation of work for commercial use is an integral part of this course.
Prerequisites: Art 269 and 270.
Course Types(s): AT

AR 374  
Digital Imaging  
Cr. 3.0
Advanced concepts and creative techniques in digital imaging using Adobe Photoshop. Projects build on all previously learned software, specifically the Adobe Creative Suite. Assignments will include aspects of fine art and large format printing along with issues relating to the professional printing industry.
Prerequisite: Art 273.
Course Types(s): AT

AR 375  
Illustration for Gaming  
Cr. 3.0
Introduction and application of illustration as a means toward effective visual communication in the gaming and animation industry. Emphasis on the development of the creative visual concept and its relationship to style, media, technique, and methods of reproduction.
Introduction to a variety of traditional and non-traditional techniques.
Prerequisites: Art 114, 172, and 192.
Course Types(s): AT

AR 381  
Print: Intaglio/Relief  
Cr. 3.0
Introduction to the printmaking techniques of relief printing: linocut, woodcut, and etching; hard and soft ground, and aquatint. Six hours per week. Department chair approval is required for non-art majors.
Prerequisites: Art 191 and 192.
Course Types(s): AT

AR 382  
Print: Lithography and Silkscreening  
Cr. 3.0
Introduction to the printmaking techniques of aluminum plate lithography and Photo Silkscreen, with an emphasis on multiple color and combination Litho/Silkscreen hybrid prints. Six hours per week. Department Chair approval for non-art majors is required.
Prerequisites: Art 191 and 192.
Course Types(s): AT

AR 383  
Web Design/Interactive I  
Cr. 3.0
An introduction to Web design and production. The course covers an overview of the creation of Web sites and the use of Web graphics, animation, and multimedia through Web-based software programs. Fundamentals of graphic production, layout design principles, animation, navigation, and the engineering principles of multimedia are included.
Prerequisite: Art 253 or 374.
Course Types(s): AT

AR 384  
Web Design/Interactive II  
Cr. 3.0
An advanced class in Web design and production. It extends the design principles of the previous Web development class, Web Design: Static. Students will focus on interactive, dynamic Web content using Macromedia Flash and streaming audio/video files on the Internet.
Prerequisite: Art 383.
Course Types(s): AT

AR 385  
2D Animation  
Cr. 3.0
Students will be exposed to the fundamental terminology, concepts, and techniques of creating 2D animations to broaden their skills as animators and enhance their overall creative ability. Using pencil and paper in conjunction with computer-based techniques, students will gain experience in basic principles of animation including timing, expression of emotion, straight ahead action and pose to pose, key frames and in-betweens. In the assigned projects for this course, students are responsible for controlling and manipulating a subject’s perceived volume, weight, proportion, and movement, thus gaining a more thorough understanding of the animation process.
Prerequisite: Art 374.
Course Types(s): AT

AR 386  
Principles of 3-D Animation  
Cr. 3.0
Students will learn the basic theories and principles of 3-D computer animation and advances techniques of object building using Maya. Students will gain experience with basic animating, texturing, rendering, and constructing complex 3-D objects in Maya.
Prerequisite: Art 172 or 181.
Course Types(s): AT
AR 387 Cr. 3.0
3-D Character Rigging and Animation
Students will learn advanced techniques of 3-D computer animation along with the theories and principles of motion using Autodesk Maya. Students will rig a character and manipulate hierarchical character animation, time curves, and motion paths. Students will animate walks and runs with characters. Students will utilize Maya’s cameras and lights while gaining further experience with texturing and rendering techniques. Comprehensive critiques will be conducted regularly to encourage good design for time-based animation.
Prerequisite: Art 386.
Course Type(s): AT

AR 388 Cr. 1.0 – 3.0
Cooperative Education: Art or Graphic Design
An on-site graphic design cooperative work placement. This course may be repeated once for credit.
Prerequisite: Art 335 or 337.
Course Type(s): AT, EX

AR 389 Cr. 1.0 – 3.0
Art and Photography Internship
An internship in Studio Art or Photography at an off-campus work site. The placement must enhance the student’s understanding of professional practice in studio art or photography. Students are required to complete from five to fifteen hours per week, or 70 to 210 hours per semester, depending on the required credit hours of the degree program.
Prerequisites: Junior status and permission of the instructor.
Course Type(s): AT, EX

AR 390 Cr. 3.0
Animation/Motion Graphics I
An introduction to the art of time-based, graphic storytelling. Emphasis will be placed on the creation of engaging digital environments through the thoughtful integration, manipulation, and orchestration of audio, video, still, and three-dimensional imagery.
Prerequisite: Art 181 or 374.
Course Type(s): AT

AR 391 Cr. 3.0
Animation/Motion Graphics II
Explores the commercial and experiential nature of motion graphics. Projects for this advanced course expand upon established time-based narrative structures for film, video and television. Emphasis is placed on a keen awareness of syntactic elements that constitute the grammar of motion (scale, position, color, and tempo), which sheds light upon how audiences interpret moving images. Study and application of literary theory provides a substantive framework from which to create and critique projects. Concept development through research, writing, storyboarding, and editing are absolutely essential.
Prerequisite: Art 390.
Course Type(s): AT

AR 393 Cr. 3.0
3-D Animation Production
Concepts, tools, and techniques employed in animated storytelling. Students will pre-visualize their projects through storyboarding, planning, and assembling shots in sequence. Students will learn how to combine sound with advanced 3-D computer animation. Audio/visual synchronization as well as character lip syncing with phonemes will be explored. Students will construct complex 3-D animated stories in Maya and complete a fully animated piece.
Prerequisite: Art 387.
Course Type(s): AT

AR 394 Cr. 3.0
3-D Environments and Effects
Concepts, tools, and techniques for creating realistic natural environments and phenomena (such as moving clouds, fire, and flowing water). Students will sculpt complex polygonal geometry into various terrains including landscapes and foliage. Students will learn to create realistic backgrounds incorporating natural light. Creating realistic shadows will be explored as well. Students will learn how to use particle emitters in order to simulate phenomena such as flowing water, flames, and snow.
Prerequisite: Art 393.
Course Type(s): AT

AR 398 Cr. 1.0 – 3.0
Special Topics in Art (300 Level)
An intensive study of a particular subject or problem in art to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Type(s): AT

AR 399 Cr. 1.0 – 3.0
Independent Study in Art
Guided research - a studio project or art history topic. Weekly consultation. May be elected for a total of six
AR 401 Cr. 3.0
Senior Portfolio
A seminar class that chronologically analyzes and refines graphic design and computer projects, which have been done throughout the student’s coursework. Meetings with instructor to discuss and critique reworked and new projects that have been specifically assigned.
Course Types(s): AT

AR 402 Cr. 3.0
Photography Portfolio
Equal parts seminar and studio in its approach, this Senior-level course incorporates discussions and readings focused on contemporary photo-based artworks and the theoretical and critical developments in recent photographic art practices. In addition, this course helps prepare students to enter the professional art world and/or graduate school. Students develop a cohesive portfolio of photographic imagery and create a strategy for the presentation of their work.
Prerequisite: Art 353.
Course Types(s): AT

AR 403 Cr. 3.0
Advanced Digital Imaging and Illustration
For student designers and fine artists with intermediate computer skills who are interested in more advanced concepts and creative techniques in digital illustration, photography, digital collage, printmaking and handmade techniques, digital book publishing, and large-format printing. Programs to be explored are Adobe Photoshop and Painter.
Prerequisite: Art 253 or 374.
Course Types(s): AT

AR 404 Cr. 3.0
Responsive Media
Students learn how to make interfaces for smart phones and tablets to create interactive audio and video. In addition, students produce creative projects using data mapping and generative art and work collaboratively on a site-specific media project. Also listed as Communication 404.
Prerequisite: Communication 145 or Art 181.
Course Type(s): AT, CORTP, IM

AR 406 Cr. 3.0
Creative Book Arts
An introduction to bookbinding and papermaking. Traditional Western-style papermaking and several non-adhesive binding structures will be covered. The student will produce a final bound book of sequential images (pages) in any media relevant to her/his discipline. The print lab will be available but not required. Department Chair permission for non-Art majors is required.
Prerequisite for Art majors: Art 381 or 382.
Course Types(s): AT

AR 410 Cr. 1.0 – 3.0
Advanced Project 1
Research, art making, and writing for Honors Project may be conducted for photography, painting, sculpture, printmaking, graphic design, Web design, or motion graphics and is determined by a student’s particular discipline and medium of choice. The art to be made is informed by the student’s research and is articulated in full through a final eighteen- to twenty-page research paper. The topic of research may include but is not limited to identity, gender roles in culture, feminism, religion, the occult, consumerism, politics, cultural diversity, war, personal experience, Renaissance vs. contemporary art, Greek vs. contemporary sculpture, etc. Alternatively, the student may also conduct a thorough exploration of the characteristics of a particular medium. Art and Design faculty must approve the topic. This is the first part of a two-semester class.
Prerequisites: Junior status, permission of the department chair, a GPA of 3.00, a major GPA of 3.50, and the student must be an art or fine arts major.
Course Types(s): AT

AR 411 Cr. 1.0 – 3.0
Advanced Project 2
Research, art making, and writing for Honors Project may be conducted for photography, painting, sculpture, printmaking, graphic design, Web design, or motion graphics and is determined by a student’s particular discipline and medium of choice. The art to be made is informed by the student’s research and is articulated in full through a final eighteen- to twenty-page research paper. The topic of research may include but is not limited to identity, gender roles in culture, feminism, religion, the occult, consumerism, politics, cultural diversity, war, personal experience, Renaissance vs. contemporary art, Greek vs. contemporary sculpture, etc. Alternatively, the student may also conduct a thorough exploration of the characteristics of a particular medium. Art and Design faculty must approve the topic. This is the second part of a two-semester class.
Appendix A: Course Descriptions

Prerequisites: Art 410, a GPA of 3.00, a major GPA of 3.50, Junior status, English 101 and 102 or permission of the instructor, and the student must be an Art or Fine Arts major and have permission of the department chair. Course Type(s): AT, WT

AR 414  Cr. 3.0
**Group Project in 3-D Animation**
Students will learn how to work on a production team for a 3-D project. Students will work in a team environment to brainstorm, communicate effectively, develop project goals, and delegate responsibilities. Students will learn how to meet deadlines both individually and collectively. Student groups are expected to produce a 3-D animated piece with an estimated three-minute duration.
Prerequisite: Art 394.
Course Type(s): AT

AR 415  Cr. 3.0
**Senior Animation Reel**
Students will create a reel between two to three minutes in duration of their animation work from previous animation projects and new animation projects. Includes lecture, discussion, demonstration, critiques and individual meetings with students to support the development of students' work. Students will research self-promotional opportunities such as competitions and festivals. Students will revise their résumés to respond to their career interests. Emphasis will be placed on the development of a personal point of view.
Prerequisite: Art 414.
Course Type(s): AT

AR 460  Cr. 3.0
**Advanced Ceramics**
Focuses on advanced hand-building and/or wheel-throwing techniques in order to strengthen a student's personal expression and challenge development of his or her personal style. The course will have emphasis on individual instruction and discussions based on the student's interests. Individual research of innovative construction and firing methods, as well as ceramics technology and history of ceramic art, will be part of the curriculum.
Prerequisite: Art 265.
Course Type(s): AT

AR 488  Cr. 3.0
**Cooperative Education: Art or Graphic Design**
An on-site graphic design cooperative work placement. This course may be repeated for credit.
Prerequisite: Art 335 or 337.
Course Type(s): AT, EX

AR 489  Cr. 1.0 – 3.0
**Internship Art and Design**
An internship in either graphic design or fine arts at an off-campus work site. The placement must enhance a student's working knowledge of his or her chosen field of study. Students are required to complete a minimum of ten hours per week for a total minimum of 150 hours.
Prerequisites: Junior standing and permission of the department.
Course Type(s): AT, EX

AR 498  Cr. 1.0 – 3.0
**Special Topics in Art (400 Level)**
An intensive study of a particular subject or problem in art to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Type(s): AT

AR 499  Cr. 1.0 – 3.0
**Independent Study in Art**
Guided research - a studio project or art history topic. Weekly consultation. May be elected for a total of six credits. Prerequisites: Senior standing and prior permission of the directing professor and department chair.
Course Type(s): AT

AR REV  Cr. 0.0
**Art and Design Student Portfolio Review**
Required student portfolio review usually completed during the fourth semester. Transfer students need to schedule with an advisor. This is a pass/fail course.
Course Type(s): AT

AR SHO  Cr. 0.0
**Senior Show**
This is a pass/fail course.
Course Type(s): AT

BA 200  Cr. 3.0
**Survey of Accounting**
An introductory class in accounting designed for non-business students, which focuses on accounting as a tool for communicating financial information about business organizations to people outside the business and to internal users to help them plan, control, or make decisions about
operations. Not open to Business majors and only can be
used toward the Business minors.
Prerequisite: Management 200.
Course Types(s): none

BA 251 Cr. 3.0
Principles of Financial Accounting
Introduction to the theory and practice of accounting,
including the balance sheet, income statement, cash
flows, and related decision making.
Course Types(s): none

BA 252 Cr. 3.0
Principles of Managerial Accounting
Use of accounting concepts, analyses, and financial data
to aid in the evaluation of the business enterprise and
management in its planning, organizing, and controlling
functions.
Prerequisite: Accounting 251.
Course Types(s): none

BA 311 Cr. 3.0
Intermediate Accounting I
Financial accounting measurement, including asset valua-
tion and determination of periodic income.
Prerequisites: Accounting 251 and 252, both passed with
a grade of C or higher.
Course Types(s): none

BA 312 Cr. 3.0
Intermediate Accounting II
Liability recognition and corporation equity measurement.
Prerequisite: Accounting 311 passed with a grade of C or
higher.
Course Types(s): none

BA 316 Cr. 3.0
Individual Income Tax
This is the first of two semesters of a study of Federal
Income Taxation. It covers taxation of individuals and
small businesses. Emphasis will be on tax research and
planning for individuals. The purpose is to introduce
undergraduate accounting students to a broad range of
income tax topics. Because of the complexity and breadth
of coverage, many topics will not be covered in great
depth.
Prerequisite: Accounting 251, passed with a grade of C or
higher.
Course Types(s): none

BA 320 Cr. 3.0
Managerial Cost Analysis
Offers the student a fairly detailed knowledge of cost
accounting principles and practices. A working knowledge
of cost accounting is an essential element of the account-
ing student’s education due to the importance of cost
accounting in every organizational setting. Also, the infor-
mation presented in the course is essential for successful
completion of professional examinations such as the CPA
and the CMA.
Prerequisite: Accounting 252, passed with a grade of C or
higher.
Course Types(s): none

BA 345 Cr. 3.0
Forensic and Investigative Accounting
Identifying, recording, settling, extracting, sorting,
reporting, and verifying past financial data or other accounting
activities for settling current or prospective legal disputes
or using such past financial data for projecting future
financial data to settle legal disputes.
Prerequisite: Accounting 251 and 252; both passed with a
grade of C or higher.
Course Types(s): none

BA 388 Cr. 3.0
Cooperative Education: Accounting Concentration
An opportunity to apply classroom theory in practice
through actual work experience; includes both academic
and experiential education. Experiential education
involves fifteen- to twenty-hours of work per week for
three credit hours. Academic aspects include reading
assignments and a term paper.
Prerequisites: Accounting 252; Management 250; mini-
imum GPA of 2.00; sixty or more earned credits; eighteen
or more credits in Business Administration courses;
twelve or more credits in accounting courses taken at
Monmouth University. This course may be repeated for
credit.
Course Type(s): EX

BA 401 Cr. 3.0
Advanced Accounting
Advanced issues in financial accounting, including busi-
ness combinations, consolidated financial reports, govern-
mental and not-for-profit accounting, and other relevant
areas.
Prerequisite: Accounting 312 passed with a grade of C or
higher.
Course Types(s): none
Appendix A: Course Descriptions

BA 413  Cr. 3.0  Auditing Theory
Auditing standards and procedures associated with the examination of financial statements; the role and methods of the independent auditor; legal and ethical responsibilities.
Prerequisite: Accounting 312 passed with a grade of C or higher.
Course Types(s): none

BA 417  Cr. 3.0  Business Income Taxation
The second of two income tax courses, which covers the taxation of corporations, partnerships, estates and trusts. Tax and estate planning are emphasized with the study of various techniques, case studies, and research projects. Retirement plans and international taxes are also included.
Prerequisite: Accounting 316, passed with a grade of C or higher.
Course Types(s): none

BA 425  Cr. 3.0  International Accounting
Basic concepts of accounting principles, auditing environments, managerial objectives, and financial reporting requirements, applicable to multi-national corporations. Emphasis on corporations with headquarters domiciled in the United States, with limited attention to specialized offshore locations.
Prerequisites: Accounting 311, passed with a grade of C or higher; and English 101 and 102.
Course Type(s): WT

BA 430  Cr. 3.0  Accounting Information Systems
Accounting systems analysis and design. Emphasis on database information structures, integrating accounting, and controls.
Prerequisite: Accounting 311 passed with a grade of C or higher.
Course Types(s): none

BA 480  Cr. 3.0  Business Research: Accounting
Active participation in a research project chosen by and currently being pursued by the faculty sponsor. Student activities may include but are not limited to: literature search, data collection, data analysis, preparation of a manuscript, and delivery of a manuscript.
Prerequisites: Junior standing; approval of the instructor, department chair, and the Associate Dean or the Dean.
Course Types(s): none

BA 488  Cr. 3.0  Cooperative Education: Accounting Concentration
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper.
Prerequisites: Accounting 252; Management 250; minimum GPA of 2.00; sixty or more earned credits; eighteen or more credits in Business Administration courses; twelve or more credits in Accounting courses taken at Monmouth University. This course may be repeated for credit.
Course Type(s): EX

BA 489  Cr. 3.0  Internship in Accounting
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential learning. Experiential part involves fifteen to twenty hours of work experience per week for three credit hours; academic aspect includes reading assignments and a term paper. Students are limited to nine credits of internship electives. This course is repeatable twice for credit.
Prerequisites: Junior standing and a minimum GPA of 2.00.
Course Type(s): EX

BA 498  Cr. 1.0 – 3.0  Special Topics in Accounting
An intensive study of a particular subject or problem in accounting to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

BA 499  Cr. 3.0  Independent Study in Accounting
Independent study on a Business Administration topic not substantially treated in a regular course; work will include scheduled conferences with sponsoring professor and written reports.
Prerequisite: Prior permission of the directing professor and department chair.
Course Types(s): none
BE 200  
*Economics for Social Science*  
Cr. 3.0  
Students are introduced to core economic concepts in four areas: (i) Introductory concepts include: decision-making under scarcity, the operation of markets and the price mechanism, and government’s role in the economy. (ii) Microeconomics covers the economic analysis of consumption, production in the context of competitive and monopolistic markets, operation of labor markets, and poverty and income distribution. (iii) Macroeconomics introduces students to national product and income accounts; business cycles, inflation, and unemployment; and monetary and fiscal policies. (iv) Global topics include: comparative advantage, trade, and finance. Real-world applications are emphasized in all areas. For Non-Business majors.  
Prerequisite: Any Math course with a level higher than 100.  
Course Types(s): none

BE 201  
*Microeconomics*  
Cr. 3.0  
Introduction to the operation of the price mechanism; examination of the individual economic units, laws of supply and demand, market structure, and cost analysis; contemporary problems examined.  
Prerequisite: Mathematics 100 or higher-level mathematics course.  
Course Type(s): SS.SV

BE 202  
*Macroeconomics*  
Cr. 3.0  
Determination of the components and level of national income; applications to the problems of inflation, unemployment, and economic stabilization; financial institutions in relation to their role in public policies.  
Prerequisite: Mathematics 100 or higher-level mathematics course.  
Course Type(s): SS.SV

BE 251  
*Business Statistics*  
Cr. 3.0  
Descriptive statistics, tables and charts, probability distributions, confidence intervals and hypothesis tests, linear and multiple regression, and analysis of variance.  
Prerequisites: Information Technology 100 or Information Technology 150; and Mathematics 117.  
Course Types(s): none

BE 301  
*Labor Economics*  
Cr. 3.0  
Economic and social effects of the modern industrial structure: labor groups, attitudes, problems, tactics, labor legislation, the development of industrial society of American Unionism, and the labor movement throughout the world.  
Prerequisites: Economics 201 and 202.  
Course Type(s): GS

BE 304  
*Money, Credit, and Financial Institutions*  
Cr. 3.0  
Monetary economics and its institutions; the nature and function of money; commercial and central banking; the money markets; financial intermediaries; and international monetary institutions. Also listed as Finance 304.  
Prerequisite: Economics 202.  
Course Types(s): none

BE 305  
*Intermediate Macroeconomics*  
Cr. 3.0  
A study of the measurement of aggregate output and the determination of the level of aggregate income; price level movements and factors underlying rates of economic growth; influence of applicable public policies.  
Prerequisite: Economics 202.  
Course Types(s): none

BE 307  
*Managerial Economics*  
Cr. 3.0  
Application of contemporary economic theory to managerial decisions and to public policy affecting such decisions.  
Prerequisites: Mathematics 118 or 125, and Economics 201.  
Course Types(s): none

BE 388  
*Cooperative Education: Economics Concentration*  
Cr. 3.0  
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper. This course may be repeated for credit.  
Prerequisites: Junior standing or BF 301; a minimum GPA of 2.00, and completion of thirty credits, fifteen of which are earned from Monmouth University.  
Course Type(s): EX
Appendix A: Course Descriptions

BE 401 Cr. 3.0
Development of Economic Thought
Economic ideas from the beginning of Western civilization to the present, including mercantilist writers Adam Smith, Malthus, Ricardo, Marx, and Keynes.
Prerequisites: Economics 201 and 202.
Course Types(s): none

BE 403 Cr. 3.0
Economic Growth and Development
The principal theories, factors, and problems of economic development. Empirical case studies emphasize the growth patterns in several countries, the impediments to economic growth in the underdeveloped countries, and the need to sustain growth rates in highly developed countries.
Prerequisites: Economics 201 and 202; and English 101 and 102 or permission of the instructor.
Course Type(s): WT

BE 440 Cr. 3.0
Bond Markets
A comprehensive review and analysis of the U.S. Bond Markets with emphasis on traditional fixed income securities and their derivative products and applications. The course will explore these studies from both a theoretical as well as practical perspective. Also listed as Finance 440.
Prerequisites: Economics 251 and Finance 301.
Course Types(s): none

BE 451 Cr. 3.0
Public Finance
An analysis of the revenue, expenditure, and debt activities of government and their effects on resource allocation, income distribution, price stabilization, and economic growth. Also listed as Finance 451.
Prerequisites: Economics 202 and Accounting 252.
Course Types(s): none

BE 455 Cr. 3.0
Business Forecasting
Use of statistical models to study historical data and discover their underlying tendencies and patterns. Extrapolation of the current estimates from the first step into the future. Attention given to the traditional exponential Smoothing and Box-Jenkins forecasting techniques, as well as the more recent techniques of ARCH-GARCH, which deal with heteroskedastic variance over time. Substantial use of statistics and computer applications. Also listed as Finance 455.
Prerequisites: Economics 201, 202, 251 and Mathematics 118 or 125.
Course Types(s): none

BE 480 Cr. 3.0
Business Research: Economics
Active participation in a research project chosen by and currently being pursued by the faculty sponsor. Student activities may include but are not limited to: literature search, data collection, data analysis, preparation of a manuscript, and delivery of a manuscript.
Prerequisites: Junior standing; approval of the instructor, department chair, and the Associate Dean or the Dean.
Course Types(s): none

BE 488 Cr. 3.0
Cooperative Education: Economics Concentration
An opportunity to apply classroom theory in practice through actual experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper. This course may be repeated for credit.
Prerequisites: Junior standing or BF 301; minimum GPA of 2.00, and completion of thirty credits, fifteen of which are earned at Monmouth University.
Course Type(s): EX

BE 489 Cr. 3.0
Internship in Economics
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential learning. Experiential part involves fifteen to twenty hours of work experience per week for three credit hours; academic aspect includes reading assignments and a term paper. Students are limited to nine credits of internship electives. This course is repeatable twice for credit.
Prerequisites: Junior standing and a minimum GPA of 2.00.
Course Type(s): EX

BE 498 Cr. 1.0 – 3.0
Special Topics in Economics (400 Level)
An intensive study of a particular subject or problem in economics to be announced prior to registration, conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Type(s): SUS
BE 499  
**Independent Study in Economics**  
Cr. 3.0
Independent study on a Business Administration topic not substantially treated in a regular course; work will include scheduled conferences with sponsoring professor and written reports.  
Prerequisite: Prior permission of the directing professor and department chair.  
Course Types(s): none

BF 200  
**Survey of Finance**  
Cr. 3.0
Introduction to business and personal finance, including forms of businesses, financial statements and cash flows, time value of money, elements of risk and return, and valuation of stocks and bonds. This course is for non-business majors.  
Prerequisite: Any math course with a level higher than 100.  
Course Types(s): none

BF 301  
**Principles of Finance**  
Cr. 3.0
Introduction to financial management and operations of business corporations, including: concepts of time-value of money, valuation and rate of return, risk management, financial statement analysis, asset valuation models, capital budgeting, and international financial management.  
Prerequisites: Accounting 251, Economics 201, and Mathematics 117 or 126.  
Course Types(s): none

BF 303  
**Real Estate Investment and Taxation**  
Cr. 3.0
Designed to introduce students to the world of real estate finance, including debt and equity issues, securitization, and taxation. Also listed as Real Estate 303.  
Prerequisite: Real Estate 302 or Finance 310.  
Course Types(s): none

BF 304  
**Money, Credit, and Financial Institutions**  
Cr. 3.0
Monetary economics and its institutions; the nature of and function of money; commercial and central banking; the money markets; financial intermediaries; and international monetary institutions. Also listed as Economics 304.  
Prerequisite: Economics 202.  
Course Types(s): none

BF 310  
**Real Estate Appraisal**  
Cr. 3.0
Principles and processes of real estate valuation. The sales comparison, cost, and income approaches to value will be examined in depth.  
Prerequisite: Finance 301 passed with a grade of C- or higher. Corequisite: Mathematics 118.  
Course Types(s): none

BF 322  
**Investments**  
Cr. 3.0
Basic investment principles: investment objectives, determinants of value of investment media, range of investments available, relative values of securities, and personal investment administration.  
Prerequisite: Finance 301 passed with a grade of C or higher.  
Course Types(s): none

BF 323  
**Analysis of Financial Statements**  
Cr. 3.0
Reading, analysis, and interpretation of financial statements of industrial and commercial business enterprises and of utilities and transportation.  
Prerequisite: Finance 301 passed with a grade of C or higher.  
Course Types(s): none

BF 324  
**Principles of Working Capital Management**  
Cr. 3.0
Exposure to major corporate decisions in restructuring and managing working capital and assessing the risks and returns of corporate decisions.  
Prerequisite: Finance 301 passed with a grade of C or higher.  
Course Types(s): none

BF 341  
**Insurance and Risk Management**  
Cr. 3.0
Principles and practices of insurance; the basic legal obligations and rights of the insurer and the insured in various types of contracts; types of carriers; internal and field organizations; government regulations and related subjects.  
Prerequisite: Finance 301 passed with a grade of C or higher.  
Course Types(s): none
Appendix A: Course Descriptions

BF 388  Cr. 3.0  Cooperative Education: Finance Concentration
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper. This course may be repeated for credit. Prerequisites: Junior standing or BF 301; a minimum GPA of 2.00, and completion of thirty credits, fifteen of which are earned from Monmouth University. Course Type(s): EX

BF 421  Cr. 3.0  International Finance
A study of the organization and operations of international monetary relations. Analyzes the alternative methods of short- and long-run payment adjustments; foreign exchange markets and international flow of funds; and theories of international liquidity. Prerequisites: Economics 202 and Finance 301, both passed with a grade of C or higher; and English 101 and 102 or permission of the instructor. Course Type(s): WT

BF 431  Cr. 3.0  Managerial Finance
Financial analysis, techniques, and principles as applied to short- and long-range planning and control; capital budgeting for long-term projects; valuation; determination of the firm's cost of capital; and the trade-off between risk and profitability. Prerequisites: Accounting 252 and Finance 301, both passed with a grade of C or higher. Course Type(s): none

BF 435  Cr. 3.0  Derivatives
Introduction to the complex subject of financial derivatives. Emphasis on the Black-Scholes and the Binomial Option pricing models, option strategies, and the use of options and futures to hedge risk. Prerequisites: Mathematics 118 or 125 and Finance 301, each passed with a grade of C or higher. Course Type(s): none

BF 440  Cr. 3.0  Bond Markets
A comprehensive review and analysis of the U.S. Bond Markets with emphasis on traditional fixed income securities and their derivative products and applications. The course explores these studies from both a theoretical as well as practical perspective. Also listed as Economics 440. Prerequisites: Economics 251 and Finance 301. Course Type(s): none

BF 451  Cr. 3.0  Public Finance
An analysis of the revenue, expenditure, and debt activities of government and their effects on resource allocation, income distribution, price stabilization, and economic growth. Also listed as Economics 451. Prerequisites: Economics 202 and Accounting 252. Course Type(s): none

BF 455  Cr. 3.0  Business Forecasting
Use of statistical models to study historical data and discover their underlying tendencies and patterns. Extrapolation of the current estimates from the first step into the future. Attention given to the traditional, exponential Smoothing and Box-Jenkins forecasting techniques, as well as the more recent techniques of ARCH-GARCH, which deal with heteroskedastic variance over time. Substantial use of statistics and computer applications. Also listed as Economics 455. Prerequisites: Economics 201, 202, 251 and Mathematics 118 or 125. Course Type(s): none

BF 480  Cr. 3.0  Business Research: Finance
Active participation in a research project chosen by and currently being pursued by the faculty sponsor. Student activities may include but are not limited to: literature search, data collection, data analysis, preparation of a manuscript, and delivery of a manuscript. Prerequisites: Junior standing; approval of the instructor, department chair, and the Associate Dean or the Dean. Course Type(s): none

BF 488  Cr. 3.0  Cooperative Education: Finance Concentration
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper. This course may be repeated for credit. Prerequisites: Junior standing or BF 301; minimum GPA of 2.00, and completion of thirty credits, fifteen of which...
are earned at Monmouth University.

Course Type(s): EX

BF 489 Cr. 3.0
*Internship in Finance*
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential learning. Experiential part involves fifteen to twenty hours of work experience per week for three credit hours; academic aspect includes reading assignments and a term paper. Students are limited to nine credits of internship electives. This course is repeatable twice for credit.
Prerequisites: Junior standing and a minimum GPA of 2.00

Course Type(s): EX

BF 498 Cr. 1.0 – 3.0
*Special Topics in Finance (400 Level)*
An intensive study of a particular subject or problem in finance to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.

Course Types(s): none

BF 499 Cr. 3.0
*Independent Study in Finance*
Independent study on a Business Administration topic not substantially treated in a regular course; work will include scheduled conferences with sponsoring professor and written reports.
Prerequisite: Prior permission of the directing professor and department chair.

Course Types(s): none

BH 385 Cr. 3.0
*American Health Care Delivery System*
Examines the fundamental concepts of health care organization, finance, agencies, organizations, and various professional and paraprofessional employees in their roles as health care providers, and determine ways that these relationships can be improved.
Prerequisite: Sophomore status.

Course Types(s): none

BH 386 Cr. 3.0
*Health Care Economics*
Health policy is examined from an economic perspective. Basic economic theories and their relationships to the structure and function of the U.S. health care system are explored. Alternative health care systems and health care reforms are also evaluated. The application of economics to the establishment of public policy is emphasized.
Prerequisites: Accounting 200, Economics 200, and Business Health 385, or with instructor and department chair permission in Nursing Studies.

Course Types(s): none

BH 480 Cr. 3.0
*Business Research: Business Health*
Active participation in a research project chosen by and currently being pursued by the faculty sponsor. Student activities may include but are not limited to: literature search, data collection, data analysis, preparation of a manuscript, and delivery of a manuscript. This course may be used as an elective course in the Management and Marketing concentration.
Prerequisites: Junior standing; approval of the instructor, department chair, and the Associate Dean or the Dean.

Course Types(s): none

BI 388 Cr. 3.0
*Cooperative Education: International Business Concentration*
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper. This course may be repeated for credit.
Prerequisites: Successful completion of thirty credits and a minimum GPA of 2.00.

Course Type(s): EX

BI 399 Cr. 3.0
Independent Study in International Business
Independent Study on a Business Administration topic not substantially treated in a regular course; work will include scheduled conferences with sponsoring professor and written reports.

Course Types(s): none

BI 488 Cr. 3.0
*Cooperative Education: International Business Concentration*
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper. This course may be repeated for credit.
Prerequisites: Successful completion of thirty credits and
a minimum GPA of 2.00. Course Type(s): EX

BI 489 Cr. 3.0
**Internship in International Business**
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours; academic aspect includes reading assignments and a term paper. Students are limited to nine internship free elective credits. This course may be repeated for credit.
Prerequisites: Junior standing; Management 250, Marketing 250, Management 471, Marketing 453 and a minimum GPA of 2.10.
Course Type(s): EX

BI 498 Cr. 1.0 – 3.0
**Special Topics in International Business (400 Level)**
An intensive study of a particular subject or problem in international business to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

BI 499 Cr. 3.0
**Independent Study in International Business**
Independent study on a Business Administration topic not substantially treated in a regular course; work will include scheduled conferences with sponsoring professor and written reports.
Prerequisite: Prior permission of the directing professor and department chair.
Course Types(s): none

BK 250 Cr. 3.0
**Principles of Marketing**
Fundamental concepts involved in satisfying consumer objectives through goods and services; consumer characteristics; marketing system environments; middlemen; analysis of consumer and industrial goods; and physical distribution.
Prerequisite: Sophomore status.
Course Types(s): none

Marketing of Services
Examines the applications of the conceptual framework of marketing within the service business context. Focuses on the characteristics of the service environment, as well as important considerations in the services marketing-mix strategies. Prerequisite: Marketing 250. Course Types(s): none

BK 422  Cr. 3.0
Principles of Personal Selling
Theory and practice of personal selling; qualifications and preparation of the salesperson, the psychology of selling, and the various steps that enter into the sale itself. Prerequisite: Marketing 250. Course Types(s): none

BK 431  Cr. 3.0
Sports Marketing
Classroom lectures and readings will illuminate the theoretical underpinnings and practical applications of marketing strategies to the collegiate and professional sport, special events, international sport, broadcasting, facility management, and sporting goods industries. Prerequisite: Marketing 250. Course Types(s): none

BK 452  Cr. 3.0
Business Marketing
Aspects of marketing raw and semi-manufactured materials; industrial equipment of all kinds and other production goods; focus on product, market, and channel analyses. Prerequisite: Marketing 250. Course Types(s): none

BK 453  Cr. 3.0
International Marketing
Analysis of the policy, managerial, and implementation considerations involved in seeking multinational business opportunities with emphasis on the role of environmental and cultural differences in developing strategies for foreign market penetration. Prerequisites: Management 250, Marketing 250, English 101 and 102 or permission of the instructor. Course Type(s): WT

BK 459  Cr. 3.0
Managerial Marketing
Application of management principles to the integrated marketing function, both internally within the various units of the marketing division and externally in coordination with the other major divisions of the company. Prerequisites: Marketing 401 and nine credits of Marketing courses. Course Types(s): none

BK 480  Cr. 3.0
Business Research: Marketing
Active participation in a research project chosen by and currently being pursued by the faculty sponsor. Student activities may include but are not limited to: literature search, data collection, data analysis, preparation of a manuscript, and delivery of a manuscript. Prerequisites: Junior standing; approval of the instructor, department chair, and the Associate Dean or the Dean. Course Types(s): none

BK 488  Cr. 3.0
Cooperative Education: Marketing Concentration
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper. This course may be repeated for credit. Prerequisites: Marketing 250, a minimum GPA of 2.00, and completion of thirty credits, fifteen of which are earned at Monmouth University. Course Type(s): EX
Appendix A: Course Descriptions

**BK 489**
*Internship in Marketing*
Cr. 3.0
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential learning. Experiential part involves fifteen to twenty hours of work experience per week for three credit hours; academic aspect includes reading assignments and a term paper. Students are limited to nine internship free elective credits.
Prerequisites: Junior standing; Management 250, Marketing 250, and a minimum GPA of 2.00.
Course Type(s): EX

**BL 202**
*Legal Environment of Business II*
Cr. 3.0
Sales contracts, advanced topics in business organizations, bankruptcy, commercial paper, leases, estates and trusts, and miscellaneous.
Prerequisite: Business Law 201.
Course Types(s): none

**BL 480**
*Business Research: Business Law*
Cr. 3.0
Active participation in a research project chosen by and currently being pursued by the faculty sponsor. Student activities may include but are not limited to: literature search, data collection, data analysis, preparation of a manuscript, and delivery of a manuscript. May be used as an elective course in the Accounting concentration.
Prerequisites: Junior standing, approval of the instructor, department chair, and the Associate Dean or the Dean.
Course Types(s): none

**BL 488**
*Special Topics in Business Law (400 Level)*
Cr. 1.0 – 3.0
An intensive study of a particular subject or problem in business law to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

**BM 198**
*Special Topics in Management*
Cr. 1.0 – 3.0
An intensive study of a particular subject or problem in management to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none
BM 200  
**Introduction to Business**  
An interdisciplinary view of the theory and practices of the components in business functions as they are contingent for the owner’s success to seek out opportunities and avoid pitfalls. For non-Business majors only.  
Course Types(s): none

BM 201  
**Survey of Management and Marketing**  
An overview of the theories and practices of Management and Marketing and how they relate to businesses, the business environment, customers, employees, the global village, and compliance with rules, regulations, and the law. For non-Business majors only.  
Prerequisite: Management 200.  
Course Types(s): none

BM 210  
**A Survey of Entrepreneurship**  
An overview of the theories and practices that focus on the tasks and activities of the small-business owner, from the concept to the reality of researching venture feasibility, financing the business, launching the business, and managing growth. For non-Business majors only.  
Prerequisites: Accounting 200, Economics 200, Finance 200, Business Law 200, and Management 200.  
Course Types(s): none

BM 250  
**Principles of Management and Organizational Behavior**  
Management functions, including planning, organizing, staffing, directing, and controlling; the theory and practice as they are contingent on the behavior of people in organizations and on the organizational environment.  
Prerequisite: Sophomore standing.  
Course Types(s): none

BM 311  
**Management Information Systems**  
Computer-based information systems for management; retrieval and processing of information for operational planning and control; organizational subsystems.  
Prerequisites: Management 250; Information Technology 100 or Information Technology 150 or Computer Science 102.  
Course Types(s): none

BM 327  
**Ethics, Diversity, and Social Responsibility**  
Explores and applies alternative ethical and justice viewpoints to economic, political, and social problems inherent in contemporary business practice. Presents a focus on management with an increasingly diverse workforce and increasingly complex criteria for measuring organizational performance.  
Prerequisites: Management 250, Marketing 250, Business Law 201, Junior standing; and English 101 and 102 or permission of the instructor.  
Corequisite: Finance 301.  
Course Type(s): SLL, WT

BM 350  
**Operations Management**  
Production functions with emphasis on the systems model to include product mix decision analysis, inventory control, materials requirements planning, forecasting, break even models, transportation analysis, linear programming, economics order quantity decisions, and other current production maintenance techniques; focus on improved productivity.  
Prerequisites: Management 250 and Economics 251.  
Course Types(s): none

BM 388  
**Cooperative Education: Management Concentration**  
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper. May be repeated for credit.  
Prerequisites: Management 250, a minimum GPA of 2.00, and completion of thirty credits, fifteen of which are earned at Monmouth University.  
Course Type(s): EX

BM 402  
**Business Modeling and Analysis**  
Decision-making within a business/management science framework; modeling of business systems/problems and the application of quantitative, statistical, and computer analyses.  
Prerequisites: Management 250 and 350.  
Course Types(s): none

BM 403  
**Management of Technology**  
The application of management to technology, response to technological organizational structure, and manage-
ment’s role to assess innovations and conflicts of change that affect society and business. Analysis of technical systems and understanding uses of technology.
Prerequisite: Management 250.
Course Types(s): none

BM 404
Human Resources Management
Employment planning; job analyses, job descriptions, employee evaluations, and legal compliance; staffing and selection process; performance ratings; training and development; compensation and benefits; equal rights; and labor relations and topics relative to the management of human resources.
Prerequisite: Management 250.
Course Types(s): none

BM 405
Leadership and Team Development
Designed to help students understand the basics of team functioning, when to use group and individual decision making, and how to manage teams effectively as an influential leader.
Prerequisite: Management 250.
Course Types(s): none

BM 408
Logistics and Supply Management
Logistics is an integrative activity uniting suppliers, providers of goods and services, and customers. It is also a global activity where the suppliers, providers, and customers may be located all over the world. In order to emphasize the global aspects of logistics and the impact of geopolitics on logistical systems, the course will focus on the logistics of energy transportation: primarily oil plus liquefied petroleum gases. This course will cover the differing perspectives of users (oil companies) and providers (tanker owning companies) and financial institutions that support providers. International efforts to deal with oil pollution and other forms of pollution from ships will be investigated. The role of trucks, railroads, airlines, and pipelines in domestic logistics will be described along with the role of containerization and intermodalism in global logistics. Supply chain management as practiced by a number of different companies will be covered via lecture and student presentations.
Prerequisites: Marketing 250 and Management 350.
Corequisite: Management 402.
Course Types(s): none

BM 423
Human Relations in Management
Study of human relations in organizations with particular emphasis on leadership, changing work values, cross-cultural relations, legal compliance for conflict resolution, labor legislation.
Prerequisite: Management 250.
Course Types(s): none

BM 429
Project Management
Project management is introduced from an applied managerial perspective with an emphasis on the behaviors, tools, and topics that managers will encounter throughout the life cycle of a project. The overall project phases of initiating, planning and design, executing, monitoring and controlling, and closing projects will be covered.
Prerequisite: Management 250.
Course Types(s): none

BM 432
Hospitality Management and Marketing
The goal of this course is to provide the student with an introduction into the hospitality industry and the basics of its many components. We will examine industry trends, the corporate profiles of industry leaders, and the various and diverse schools of thought that exist in the strategic management of hospitality, and, finally, detail all the opportunities that the hospitality industry affords graduates of secondary institutions. Also listed as Marketing 432.
Prerequisites: Management 250 and Marketing 250.
Course Types(s): none

BM 434
Small Business Management/Marketing
Examines the various approaches to running a business that has either been started previously by the Entrepreneurship class or been submitted to us for development and council.
Prerequisites: Management 250 and Marketing 250. Also listed as Marketing 434.
Course Types(s): none

BM 451
Entrepreneurship
Focuses on the actual tasks and activities of the entrepreneur, from the excitement of the original concept, the reality of researching venture feasibility, financing the venture, and launching the venture, to managing growth.
Prerequisites: Management 250 and Marketing 250.
Course Type(s): EX
Global Management
Management activities, processes, and procedures in directing an enterprise on a global basis, including the interplay of diverse, cultural environments.
Prerequisite: Management 250, Marketing 250, English 101 and 102; or permission of the instructor.
Course Type(s): WT

Business Research: Management
Active participation in a research project chosen by and currently being pursued by the faculty sponsor. Student activities may include but are not limited to: literature search, data collection, data analysis, preparation of a manuscript, and delivery of a manuscript.
Prerequisites: Junior status; approval of the instructor, department chair, and the Associate Dean or the Dean.
Course Types(s): none

Cooperative Education: Management Concentration
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential education. Experiential education involves fifteen to twenty hours of work per week for three credit hours. Academic aspects include reading assignments and a term paper. This course may be repeated for credit.
Prerequisites: Management 250, a minimum GPA of 2.00, and completion of thirty credits, fifteen of which are earned at Monmouth University.
Course Type(s): EX

Internship in Management
An opportunity to apply classroom theory in practice through actual work experience; includes both academic and experiential learning. Experiential part involves fifteen to twenty hours of work per week for three credit hours; academic aspect includes reading assignments and a term paper. Students are limited to nine credits of internship electives. Repeatable twice for credit.
Prerequisites: Junior standing, Management 250, Marketing 250, and a minimum GPA of 2.00.
Course Type(s): EX

Strategic Management
Integrates all disciplines of undergraduate study in business administration; emphasizes analysis of real-world organizational problems and opportunities in the total enterprise; capstone approach to executive development.
Prerequisites: Accounting 252, Economics 202, Finance 301, and Management 311 or Accounting 430, and Management 350. Corequisite: Management 327.
Course Type(s): EX

Special Topics in Management (400 Level)
An intensive study of a particular subject or problem in management to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

Independent Study in Management
Independent study on a Business Administration topic not substantially treated in a regular course; work will include scheduled conferences with sponsoring professor and written reports.
Prerequisite: Prior permission of the directing professor and department chair.
Course Types(s): none

Real Estate Law
Legal issues as they apply to the acquisition, financing, and sale of real estate.
Prerequisite: Business Law 201.
Course Types(s): none

Real Estate Finance Investment and Taxation
Designed to introduce students to the world of real estate finance, including debt and equity issues, securitization, and taxation.
Prerequisite: Real Estate 302 or Finance 310.
Course Types(s): none

Real Estate Lease Analysis
Examines concerned leasehold transactions, including office, industrial, retail, and general leases, while focusing on the respective roles of all relevant parties to the lease.
Prerequisite: Real Estate 301.
Course Types(s): none

Real Estate Appraisal
Principles and processes of real estate valuation. The
sales comparison, cost, and income approaches to value will be examined in depth.
Prerequisite: Finance 301 passed with a grade of C or higher. Corequisite: Mathematics 118.
Course Types(s): none

BR 389  
**Cr. 1.0 – 3.0**
**Internship in Real Estate**
An opportunity to apply classroom theory in practice through actual work experience, including both academic and experiential learning. The experiential portion involves fifteen to twenty hours of work experience per week for three credit hours, and the academic aspect includes reading assignments and a term paper. Students are limited to nine credits of internship electives. Repeatable twice for credit.
Prerequisites: Junior standing, a minimum GPA of 2.0, and instructor consent are required.
Course Type(s): EX

BR 405  
**Cr. 3.0**
**Real Estate Development**
Designed to introduce students to the world of real estate development, including the regulatory environment, which must be navigated to successfully gain municipal and other governmental approvals for a land use project.
Prerequisites: Real Estate 301, 302 or Finance 310, and three credits in Real Estate.
Course Type(s): SUS

BR 489  
**Cr. 3.0**
**Internship in Real Estate**
An opportunity to apply classroom theory in practice through actual work experience, including both academic and experiential learning. The experiential portion involves fifteen to twenty hours of work experience per week for three credit hours, and the academic aspect includes reading assignments and a term paper. Students are limited to nine credits of internship electives. Repeatable twice for credit.
Prerequisites: Junior standing, a minimum GPA of 2.0, and instructor consent are required.
Course Type(s): EX

BR 498  
**Cr. 1.0 – 3.0**
**Special Topics in Real Estate**
An intensive study of a particular subject or problem in real estate to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

BY 101  
**Cr. 3.0**
**Issues and Methods of Biology**
Major concepts in biological science and their importance in current society. Methods and approaches to questions in biology. Cannot be used in satisfaction of a major requirement in the Biology program. Prerequisite: Science 100.
Course Type(s): NS

BY 102  
**Cr. 3.0**
**Applications in Biotechnology**
Introduction for non-science majors. The focus is on basic principles of biotechnology along with an exploration of associated bioethical issues. The laboratory component serves to familiarize students with scientific practice.
Course Type(s): NS

BY 103  
**Cr. 3.0**
**Environmental Science**
Examines society's effects on the natural environment and current efforts to address environmental issues in a sustainable manner. Stresses the interdisciplinary nature of environmental issues, and that resolution of environmental problems sustainably involves the application of sound scientific information, but at the same time involves social, political, cultural, and economic values as well.
Course Type(s): NS

BY 104  
**Cr. 3.0**
**Human Biology**
Introductory course for non-science majors. Focus is on basic structure and function of human body systems and diseases of these systems. The laboratory component serves to familiarize students with scientific practice.
Course Type(s): NS
BY 105  Cr. 3.0  Introductory Biology and Human Development
An introductory-level survey of biology with an emphasis on human biology that includes human development, aging, genetics, and other topics selected to support the social work program. An introduction to neurobiology will be provided with applications in mental health. Not for credit toward a major in biology. For Social Work majors only.
Course Type(s): NS

BY 106  Cr. 3.0  The Brain - Highs and Lows
An introductory neurobiology course designed for non-science majors. The focus is the study of the human brain from the highs of intelligence and creativity to the lows of depression. The brain will also be examined for its roles in drug use, from the highs of euphoria to the lows of dependence. Topics will include the interplay between genetic and environmental influences that shape the brain and its responses. Not for credit towards a major in Biology.
Course Type(s): NS

BY 107  Cr. 4.0  Microbiology in Health and Disease
Microorganisms pathogenic for man; emphasizing etiology, modes of transmission and control. Laboratory includes proper collection of specimens, aseptic technique, cultivation, identification, and disposal of microbes. Three hours of class, two hours of laboratory per week.
Course Type(s): NS

BY 108  Cr. 3.0  Evolution and the History of Life on Earth
Examines evolution both as a process and as a phenomenon. Students will examine how evolutionary processes occur in time, both very short and geological time scales, and how both are studied. Students will review the history of life on earth with emphasis on major lineages such as vertebrates, mollusks, insects, and plants, as well as basic geological processes and continental drift during these time periods. Bacterial evolution will be examined in the context of the importance of understanding natural selection and evolution and their impacts on society and medicine. Emphasis will be placed on understanding evolution of groups and processes often cited in creationist arguments, to help students be prepared to enter civil discourse as informed citizens. Evidence of evolutionary change from the fossil record and DNA sequences of organisms will be compared and reviewed.
Course Type(s): NS

BY 109  Cr. 4.0  Introduction to Biodiversity and Evolution
An introductory course for biology majors. Focus is on evolution, phylogeny, taxonomy, origin and diversity of life, physiology of plant and animal systems, and ecological principles. Three hours of lecture and two hours of laboratory per week. Limited to students who are majors in Biology, Chemistry, Mathematics, Computer Science, and Software Engineering.
Course Type(s): NS

BY 110  Cr. 4.0  Introduction to Cell and Molecular Biology
For biology majors and other students needing an introduction to the cellular and molecular levels of biology. Includes an introduction to cell structure and function, biochemistry and metabolism, bioenergetics, genetics and cell division, and molecular biology. Three hours of lecture and two hours of laboratory per week. Limited to majors in Biology, Chemistry, Clinical Science, Medical Laboratory Science, Mathematics, Computer Science, Software Engineering, Criminal Justice, Health Studies, and Health and Physical Education.
Course Type(s): NS

BY 111  Cr. 4.0  Anatomy and Physiology I
Study of human systems: structure, function, and integration. Semester I: Chemical and cellular base, integumentary, skeletal, muscular, cardiovascular, and lymphatic systems. Semester II: Respiratory, nervous, endocrine, urinary, reproductive, and digestive systems. Laboratory covers gross mammalian anatomy, microscopy of tissues and organs, and physiological study of living organisms. Three hours of lecture, two hours of laboratory per week. Open to Health majors, Health and Physical Education majors, Health and Physical Education and Education majors, and Nursing majors only.
Course Type(s): NS

BY 112  Cr. 4.0  Anatomy and Physiology II
Study of human systems: structure, function, and integration. Semester I: Chemical and cellular base, integumentary, skeletal, muscular, cardiovascular, and lymphatic systems. Semester II: Respiratory, nervous, endocrine, urinary, reproductive, and digestive systems. Laboratory
covers gross mammalian anatomy, microscopy of tissues and organs, and physiological study of living organisms. Three hours of lecture, two hours of laboratory per week. Open to Health majors, Health and Physical Education majors, Health and Physical Education and Education majors, and Nursing majors only. Prerequisite: Biology 111; passed with a grade of C- or higher. Course Type(s): NS

**BY 116**  
**Cr. 3.0**  
**The Biology of Nutrition, Aging, and Anti-Aging**  
Discussions of the theories of aging and the role of nutrition in delaying aging and preventing degenerative disease. Analysis of the scientifically sound, medically reliable evaluation of widely promoted nutritional supplements, including the anti-aging nutrients: vitamins, minerals, amino acids, nucleic acid derivatives, lipids and derivatives, pharmaceuticals and chemicals (BHA, BHT, DMSO, etc.), and other supplements (L-Carnitine, ginseng, etc.).  
Course Type(s): NS

**BY 198**  
**Cr. 1.0 – 3.0**  
**Special Topics in Biology (100 Level)**  
An intensive study of a particular subject or problem in biology to be announced prior to registration. May be conducted in a lecture, seminar, or laboratory format. Prerequisite: As announced in the course schedule.  
Course Type(s): MC, ME, NS

**BY 201**  
**Cr. 3.0**  
**Introduction to Biotechnology**  
Introduction to recent advances in biotechnology: the use of living organisms to create products, applications, or processes that improve the quality of life for humans and other species. Presents historical and modern applications of biotechnology that impact our everyday lives. An overview of current developments and applications of microbial, agricultural, animal, marine and forensic biotechnology, bioremediation, and medical biotechnology will be presented. Regulatory agencies and policies that govern the biotechnology industry will be discussed, and students will also learn to formulate opinions about ethical, legal, and social issues associated with biotechnology. Prerequisite: Biology 110, passed with a minimum grade of C- or higher.  
Course Type(s): MC, ME, NS

**BY 205**  
**Cr. 3.0**  
**Zoology**  
Provides an introductory survey of vertebrate and invertebrate zoology. Topics covered include taxonomy and classification, anatomy and physiology, behavior and ecology, and evolutionary relationships of the major phyla of the animal kingdom. Prerequisite: Biology 109.  
Course Type(s): NS

**BY 210**  
**Cr. 3.0**  
**Forensic Genetics and DNA Analysis**  
Focus on fundamental principles of DNA and genetic analysis and their applications in forensics. Designed for criminal justice majors who have had an introduction to Mendelian and molecular genetics and to DNA structure, but who need more background in the underlying biology of forensic DNA analysis and interpretation. Sources of DNA will be presented along with methods for DNA extraction, amplification of DNA by polymerase chain reaction, analysis of restriction fragment length polymorphisms and short tandem repeats. Open only to Criminal Justice majors. Prerequisites: Biology 110 and Criminal Justice 211.  
Course Type(s): NS

**BY 211**  
**Cr. 4.0**  
**Physiology with Anatomy I**  
Lecture and laboratory course: Study of Human Systems: Their structure, function, and integration. Laboratory covers gross human anatomy and physiology. Three hours of lecture and two hours of laboratory per week. Open only to Biology, Chemistry, Medical Lab Science, Clinical Lab Science, Health, and Psychology majors. Prerequisites: Biology 110 and Chemistry 111 and 112.  
Course Type(s): MC, NS

**BY 212**  
**Cr. 4.0**  
**Physiology with Anatomy II**  
Lecture and laboratory course: Study of Human Systems: Their structure, function and integration. Laboratory covers gross human anatomy and physiology. Three hours of lecture and two hours of laboratory per week. Open only to Biology, Chemistry, Medical Lab Science, Clinical Lab Science, Health, and Psychology majors. Prerequisites: Biology 110 and 211 and Chemistry 111 and 112.  
Course Type(s): MC, NS
BY 214  Cr. 3.0
**Botany**
Characteristics of the major plant groups, principles of plant taxonomy, considerations of evolutionary and ecological relationships. Two hours of class, two hours of laboratory per week.
Prerequisite: Biology 109 passed with a grade of C- or higher.
Course Type(s): NS

BY 220  Cr. 3.0
**Environmental Biology and Policy**
Focuses on human use of natural resources and the environment and the problems and impacts that result from those uses. By taking an interdisciplinary perspective, students will gain an understanding of the scientific, political, and socioeconomic factors that underlie resolution of these problems.
Prerequisite: Biology 109.
Course Type(s): ME, MEBP, NS, SUS

BY 221  Cr. 3.0
**Introduction to Global Sustainability**
Introduces students to the global, environmental, economic, and social foundations of sustainability and the policy and scientific challenges involved with accommodating population growth, development, and resources used while assuring that future generations will have the natural and economic resources to support an enhanced quality of life. An emphasis will be placed on understanding of sustainability principles from multiple perspectives and cross-disciplinary application of sustainable practices. Also listed as Political Science 223.
Course Type(s): MEBP, NS, SUS

BY 223  Cr. 4.0
**General Microbiology**
Morphology, taxonomy, physiology, genetics, and control of microorganisms; history of microbiology. Three hours of class, three hours of laboratory per week.
Prerequisite: Biology 110, passed with a grade of C- or higher.
Course Type(s): MEBP, NS

BY 250  Cr. 3.0
**Research in Molecular Cell Physiology**
Faculty-student collaborative research lab course designed to introduce students to the research process. Students will work in small groups under faculty supervision to conduct research on a project in molecular cell physiology determined by the directing faculty member. Students will be involved in the research process by developing hypotheses, planning and carrying out experiments using modern lab techniques, analyzing data, and evaluating resource information. Research may be extended in detail in Biology 450. Limited to sophomore Biology majors.
Prerequisite: Biology 110, passed with a minimum grade of C- or higher.
Course Type(s): EX, MC, NS

BY 250A  Cr. 3.0
**Research in Molecular Cell Physiology**
Faculty-student collaborative research lab course designed to introduce students to the research process. Students will work in small groups under faculty supervision to conduct research on a project in molecular cell physiology determined by the directing faculty member. Students will be involved in the research process by developing hypotheses, planning and carrying out experiments using modern lab techniques, analyzing data, and evaluating resource information. Research may be extended in detail in Biology 450. Limited to sophomore Biology majors. (Biology 250A is for students who do not need experiential education credit. Students who need experiential education credit should register for Biology 250.)
Prerequisite: Biology 110.
Course Type(s): MC, NS

BY 251  Cr. 3.0
**Field Research Methods in Marine Science**
Provides students with hands-on experience in marine and coastal research by working on board small research vessels under real field conditions. Students become familiar with the use and application of standard marine science instruments and sampling devices, as well as data handling, management, and analysis techniques.
Prerequisites: Biology 109, Chemistry 111, 111L, 112, and 112L; all passed with a grade of C- or higher.
Course Type(s): MEBP, NS

BY 290  Cr. 2.0
**Open Water Scuba Certification Course**
The Open Water Scuba Certification course entails completion of the Professional Association of Diving Instructors (PADI) Open Water Diver course, the world’s most popular scuba course. Completion of this course leads to PADI scuba certification as an open water diver. Limited to eight students. This is a pass/fail course.
Prerequisite: Permission of the instructor.
Course Type(s): MEBP, NS
**BY 298**  
**Cr. 1.0 – 3.0**  
**Special Topics in Biology (200 Level)**  
An intensive study of a particular subject or problem in biology to be announced prior to registration. May be conducted in a lecture, seminar, or laboratory format. Please note: when Scuba is offered as BY 298 it does not carry a course type of MC.  
Prerequisite: As announced in the course schedule.  
Course Type(s): MC, ME, NS

**BY 299**  
**Cr. 1.0 – 3.0**  
**Independent Study in Biology**  
Principles of independent study and research; critical review of published work on a designated topic in the biological sciences or original research; preparation of a research paper or review article in publishable format or oral presentation of research results. Laboratory or fieldwork arranged as needed. Requires submission and approval of an Application for Independent Study (an e-form is available on WEBadvisor) with a faculty mentor.  
Prerequisites: Prior permission of the directing professor and department chair; Sophomore standing in Biology (total of all independent study credits to be counted towards the degree may not exceed six, unless approved by the Dean).  
Course Type(s): NS

**BY 301**  
**Cr. 3.0**  
**Vertebrate Histology**  
Microscopic structure of vertebrate cells, tissues, and organs, emphasizing microscopic anatomy of the human body. Laboratory identification of vertebrate tissues. Two hours of class, three hours of laboratory per week.  
Prerequisite: Biology 205 passed with a minimum grade of C- or higher.  
Course Type(s): MC, NS

**BY 303**  
**Cr. 3.0**  
**Biological Oceanography**  
Biological Oceanography provides an introduction to the biology of life in the sea. Biological Oceanography emphasizes the fundamental oceanographic processes that control the distribution and abundance of living organisms in the sea. Two hours of lecture and two hours of lab per week.  
Prerequisites: Biology 109, 205, and 214; all passed with a grade of C- or higher.  
Course Type(s): MEBP, NS

**BY 305**  
**Cr. 3.0**  
**Ichthyology**  
A survey of all extant group of fishes, including sections on evolution, taxonomy, form and function, biogeography, behavior, and ecology. Laboratory component will include required dissections. Some field trips may be scheduled outside of class time. Two hours of lecture and two hours of laboratory per week.  
Prerequisites: Biology 109 and 205, and Mathematics 151; all passed with a grade of C- or higher.  
Course Type(s): MEBP, NS

**BY 310**  
**Cr. 4.0**  
**Biochemistry and Lab**  
A survey of the major principles of biochemistry with attention to the structures and functions of proteins, carbohydrates and fats; the major pathways for metabolism of proteins, carbohydrates, and fats; and the biochemical basis of DNA replication and gene expression. Laboratory provides hands-on experience in selected biochemical techniques with an emphasis on protein characterization. Designed to provide practice and critique in effective writing and appropriate writing style and format.  
Prerequisite: Chemistry 242 passed with a grade of C- or higher; and English 101 and 102 or permission of the instructor.  
Course Type(s): NS, WT

**BY 312**  
**Cr. 2.0**  
**Physical Biochemistry**  
Foundations of thermodynamics, spectroscopy, and computational chemistry in the exploration of biochemical problems. Characterization and exploration of biochemical reactions and bio macromolecules. Also listed as Chemistry 312.  
Prerequisites: Physics 105, 105L, 106, and 106L, or Physics 211, 211L, 212, and 212L, Mathematics 116 or 126, and Biology or Chemistry 310. Corequisite: Chemistry 371L.  
Course Type(s): NS

**BY 314**  
**Cr. 3.0**  
**Topics in Horticulture**  
Principles and practices of plant culture; practical experience through greenhouse projects; the horticulture industry and career possibilities; field trips to places of horticultural interest. Two hours of class, three hours of laboratory per week. Field trips arranged.  
Prerequisite: Biology 213 passed with a minimum grade of C- or higher.  
Course Type(s): MC, ME, NS
BY 317  Cr. 2.0

*Tropical Island Ecology*
A field course focusing on investigations of plants, animals, and natural ecosystems of the Bahamas with emphasis on marine ecosystems, island ecology, resource management, and sustainable development. Not open to students who have taken Biology 117.
Prerequisite: Biology 109, passed with a grade of C- or higher or permission of the instructor.
Course Type(s): EX, ME, MEBP, NS

BY 324  Cr. 4.0

*Applied Microbiology*
Microorganisms of food, water, soil, dairy products, industrial processes, disease, and genetic engineering. Three hours of class, three hours of laboratory per week.
Prerequisite: Biology 223 passed with a grade of C- or higher.
Course Type(s): MC, ME, MEBP, NS

BY 340  Cr. 4.0

*Ecology*
Examines the basic concepts of ecology and evolutionary biology, the interaction of organisms and their environment, population ecology, community ecology, and ecosystem dynamics. Three hours of lecture and three hours of lab/field work per week.
Prerequisites: Biology 109, 205, 214, 220, Mathematics 151 and 116; all passed with a grade of C- or higher.
Course Type(s): NS

BY 342  Cr. 3.0

*Coastal Zone Management*
Focus on the impact of increased demand on the coastal environment based on the theme that management of an environment for multiple purposes requires an understanding of the effects of use and exploitation throughout that environmental system and how decisions can be made in an effective, equitable manner.
Prerequisites: Biology 109 and 220, both passed with a grade of C- or higher, and English 101 and 102.
Course Type(s): ME, NS, WT

BY 360  Cr. 3.0

*The Business of Biotechnology: From the Bench to the Market*
Tomorrow’s biotechnology leaders require a breadth of cross-functional knowledge to face the scientific, regulatory, and financial challenges for developing biotech companies in the twenty-first century. This course will provide students with a strategic overview of the business of biotechnology, exploring the integration of science, technology, the regulatory framework, financial requirements, and market forces that drive the industry. The course will introduce students to basic aspects of molecular biology related to product development in the biopharmaceutical industry, and the regulatory and financial requirements for drug development, placing emphasis on real-world application and the challenges of bringing new biotechnology drugs to market for the treatment of human disease.
Prerequisites: Limited to Junior or Senior biology majors or other students with approval by the course faculty. Biology 110 or 201 completed with a minimum grade of C- or higher. Business majors who have successfully completed Biology 102, 110, or 201, completed with a minimum grade of C- or higher.
Course Type(s): MC, NS

BY 370  Cr. 3.0

*Cell Biology*
In-depth study of biology at the cellular and subcellular levels. Integrates principles of biochemistry into an understanding of cell structure and physiology.
Prerequisite: Biology 310 passed with a grade of C- or higher.
Course Type(s): NS

BY 375L  Cr. 3.0

*Laboratory in Molecular and Cellular Biology*
Designed to introduce biology majors to basic laboratory techniques used in molecular and cellular biology. Students will develop proficiency in modern techniques in molecular and cellular biology including micro pipetting, bacterial culturing and sterile technique, solution preparation, DNA extraction, restriction digestion of DNA, DNA sub cloning, gel electrophoresis of nucleic acids and proteins, nucleic acid blotting and analysis with molecular probes, DNA sequencing, polymerase chain reaction (PCR), immunological techniques for analysis of proteins, mammalian cell culture and transfection, and DNA sequence analysis on the Internet. The use of traditional and Internet information resources for molecular and cellular biology will also be emphasized. The presentation of data in both oral and written form will be emphasized. Partially fulfills the reasoned oral discourse requirement for biology and biology/molecular cell physiology.
Prerequisites: Biology 310, passed with a grade of C- or higher; and English 101 and 102 or permission of the instructor.
Course Type(s): RD, NS, WT
Appendix A: Course Descriptions

BY 388  Cr. 1.0 – 4.0
Cooperative Education: Biological Sciences
Provides an opportunity for students to fulfill the experiential education requirement by pursuing a short-term cooperative work experience in biology or for students who are currently employed in a biological or medical field to integrate the work with a related academic component. May be repeated for credit. This is a pass/fail course.
Prerequisites: Overall GPA of 2.00; Junior standing with at least six credits in biology courses.
Course Type(s): EX, NS

BY 389  Cr. 1.0 – 3.0
Internship in Biological Science
Complements the practical experience gained by students at internship sites, such as hospitals, clinics, private practices, research laboratories, environmental agencies, museums, botanical gardens, and zoos, with a significant set of academic goals. May be repeated once for credit.
This is a pass/fail course.
Prerequisites: Overall GPA of 2.00; Junior standing with at least six credits in biology courses.
Course Type(s): EX, NS

BY 398  Cr. 1.0 – 3.0
Special Topics in Biology (300 Level)
An intensive study of a particular subject or problem in biology to be announced prior to registration. May be conducted in a lecture, seminar, or laboratory format.
Prerequisite: As announced in course schedule.
Course Type(s): MC, ME, NS

BY 399  Cr. 1.0 – 3.0
Independent Study in Biology
Principles of independent study and research; critical review of published work on a designated topic in the biological sciences or original research; preparation of a research paper or review article in publishable format or oral presentation of research results. Laboratory or fieldwork arranged as needed. Requires submission and approval of an Application for Independent Study (an e-form that is available on WEBadvisor) with a faculty member.
Prerequisites: Prior permission of the directing professor and department chair; Junior standing in Biology. (Total of all independent study credits to be counted towards the degree may not exceed six, unless approved by the Dean.)
Course Type(s): NS

BY 404  Cr. 3.0
Animal Behavior
Why and how animals (vertebrates and invertebrates) do the things they do. Emphasizes rules governing the evolution of behavior rather than mere description of how animals behave. Focus includes behavioral ecology, habitat selection, feeding strategies, predator-prey tactics, mating systems and strategies, social behavior (conflict and cooperation), and population dynamics. The course begins with an historical overview and ends with the evolution of human behavior. Also listed as Psychology 404.
Prerequisite: Psychology 103; or Biology 103 or above, passed with a grade of C- or higher.
Course Type(s): NS

BY 404L  Cr. 1.0
Animal Behavior Laboratory
Methods in the study of animal behavior. Projects on instinctive behavior, early experience, learning, dominance relationships, territoriality, behavioral ecology, and sociobiology. One all-day field trip and an independent project will be required.
Prerequisites: Psychology 311 and 320 passed with a grade of C or higher. Corequisite: Biology 404 or Psychology 404.
Course Type(s): NS

BY 406  Cr. 3.0
Introduction to Neurosciences
The organization of the nervous system in terms of its anatomy, physiology, neurochemical correlates, and evolution; behavioral processes such as attention, sleep, motivation, instinct, learning, and languages.
Prerequisites: Six credits of biology or chemistry courses.
Course Type(s): MC, ME, NS

BY 406L  Cr. 1.0
Neurosciences Laboratory
Human and animal neuroanatomy; surgical techniques, including lesion, stimulation, and perfusion; histology; drug and hormone administration; physiological recording techniques. Three hours per week.
Corequisite: Biology 406.
Course Type(s): MC, NS

BY 410  Cr. 3.0
Molecular Biology
Provides a detailed examination of the central dogma of molecular biology DNA – replication, transcription, reverse transcription, and translation — in viruses, prokaryotes, and eukaryotes. Standard techniques of biotechnology
used to study molecular biology will be emphasized. Additional topics, including eukaryotic chromosome structure and regulation of gene expression, will also be discussed.

Prerequisite: Biology 310 or 423, passed with a grade of C- or higher, or Chemistry 331, passed with a grade of C- or higher.

Course Type(s): NS

BY 412

Vertebrate Physiology and Laboratory

Comparative vertebrate physiology, with emphasis on osmotic regulation, nutrition, circulation, respiration, and muscle physiology. One hour of class, four hours of laboratory per week.

Course Type(s): MC, NS

BY 420

Ecosystems Analysis

Applied ecology course combining lectures, hands-on field and laboratory activities, and focused data collection and analysis to allow students to understand techniques used by scientists and managers in order to provide information necessary to perform key functions associated with ecosystem management.

Prerequisites: Biology 205, 214, and 340, all passed with a grade of C- or higher, and Senior standing in the MEBP major.

Course Type(s): EX, MEBP, NS

BY 423

Genetics

Lecture of classical and molecular genetics; applications in human heredity; structure and function of genetic material and gene regulation, laboratory exercises using Drosophila, bacteria, and bacterial viruses as experimental material. Three hours of lecture, three hours of laboratory per week.

Prerequisites: Biology 110 passed with a minimum grade of C- or higher and at least Junior status.

Course Type(s): MEBP, NS

BY 424

Evolution

Synthetic theory of evolution, including sources of genetic variability, Hardy-Weinberg, natural selection, genetic drift, balanced polymorphism, molecular evolution, speciation, and the origin of life. Three hours of class per week.

Prerequisite: Biology 423 passed with a grade of C- or higher.

Course Type(s): ME, NS

BY 425

Principles of Developmental Biology

The study of major morphological changes during development and the analysis of causative factors. Model organisms used in the study of development include: sea urchin, nematode worm, Drosophila, frog, and mouse. Topics include: fertilization, growth, differentiation, morphogenesis, regeneration, and tissue interactions. The genetic control of development will be emphasized.

Prerequisites: Biology 110 and 423.

Course Type(s): NS

BY 431

Immunology

Components of the immune system; biological individuality and the recognition of foreignness; structure of antibodies; cellular immunity and graft rejection; blood group antigens; the immune system and cancer development; immunogenetics; clinical and experimental applications.

Two hours of class, two hours of laboratory per week.

Prerequisite: Biology 110 passed with a minimum grade of C- or higher.

Course Type(s): NS

BY 441

Marine Biology

Biota of the oceans and inshore waters with emphasis on taxonomy, ecology, and distribution. Basic oceanography included. A field course supported by lecture and laboratory. Field trips outside of assigned class time may be required. Prerequisites: Biology 205 and 214, both passed with a grade of C- or higher.

Course Type(s): EX, RD

BY 442

Natural Resource Conservation and Management

The principles of ecology and resource management are used to analyze contemporary environmental problems and highlight legislative, technological, and methodological solutions to environmental problems that move us toward a sustainable society.

Prerequisites: Biology 109 and 220, both passed with a grade of C- or higher, and English 101 and 102.

Course Type(s): ME, NS, SUS, WT

BY 450

Research in Molecular Cell Physiology

A faculty-student collaborative research lab course. Students will work in small groups under faculty supervision to conduct comprehensive research on a project in molecular cell physiology determined by the directing
BY 450A  Research in Molecular Cell Physiology  Cr. 3.0
A faculty-student collaborative research lab course. Students will work in small groups under faculty supervision to conduct comprehensive research on a project in molecular cell physiology determined by the directing faculty member. Students will experience all aspects of the research process, from developing hypotheses, planning and carrying out experiments using modern lab techniques, and analyzing data, to preparing research results for publication. May be taken to extend research initiated by Biology 250A. Limited to Junior or Senior biology majors. Prerequisite: Biology 310 passed with a minimum grade of C- or higher.
Course Type(s): EX, MC, NS

BY 475  Endocrinology  Cr. 3.0
Introduction to biochemical, molecular, and physiological aspects of the vertebrate endocrine system and mechanisms by which hormones maintain homeostasis in animals, including humans. Topics to be studied include: molecular structures: biochemical properties and interactions of different categories of hormones and their receptors; major endocrine systems that regulate reproduction, growth, development, and metabolism; neuroendocrinology; and pathophysiology of the endocrine system. Hormones and organs that influence processes such as calcium homeostasis, digestion, salt balance, carbohydrate metabolism, and sex differentiation and development will be examined. Endocrine regulation of male and female reproductive organs and reproduction will also be discussed, including the hormonal control of fertilization, implantation, placental function, pregnancy, parturition, lactation, and contraception. Prerequisite: Biology 310 or twelve credits in Biology.
Course Type(s): MC, ME, NS

BY 488  Cooperative Education: Biological Sciences  Cr. 1.0 – 3.0
Provides an opportunity for students to fulfill the experiential education requirement by pursuing a short-term cooperative work experience in biology or who are currently employed in a biological or medical field to integrate the work with a related academic component. May be repeated for credit. Prerequisites: Overall GPA of 2.00; Junior standing with at least six credits in biology courses.
Course Type(s): EX, NS

BY 495  Senior Seminar  Cr. 1.0
A seminar course with presentations by guest scientists as well as students. Gauges students’ abilities to draw upon a broad background of coursework and experience to organize, present, discuss, and evaluate topics of current interest in biology. Prerequisite: Senior standing; open only to Biology majors.
Course Type(s): NS, RD

BY 498  Special Topics in Biology (400 Level)  Cr. 1.0 – 3.0
An intensive study of a particular subject or problem in biology to be announced prior to registration. May be conducted in a lecture, seminar, or laboratory format. Prerequisite: As announced in the course schedule.
Course Type(s): MC, ME, NS

BY 499  Independent Study in Biology  Cr. 1.0 – 3.0
Principles of independent study and research; critical review of published work on a designated topic in the biological sciences or original research; preparation of a research paper or review article in publishable format or oral presentation of research results. Laboratory or fieldwork arranged as needed. Requires submission and approval of an Application for Independent Study (an e-form is available on WEBadvisor) with a faculty member. Prerequisites: Prior permission of the directing professor and department chair; Senior standing in Biology. (Total of all independent study credits to be counted towards the degree may not exceed six, unless approved by the Dean.)
Course Type(s): NS

BY 499T  Independent Study in Biology with Thesis  Cr. 1.0
Preparation and submission of a thesis in science journal format. The thesis will contain results from the completion
of independent study and research and will include appropriate description of the background and methods for the project and discussion of the results and its significance. It is designed specifically for students desiring Biology departmental honors. Prerequisite: Permission of the course advisor, Senior standing in Biology, Biology with a concentration in Cell and Molecular Physiology, or Marine and Environmental Biology and Policy.

Course Type(s): NS

CE 101 Cr. 3.0
Chemistry in Our Lives
Major concepts and methodologies in chemistry and their relation to specific, important issues in today’s society.
Course Type(s): NS

CE 109 Cr. 4.0
Introduction to General, Organic, and Biochemistry
Structure of matter, the mole concept, chemical bonds and reactions, acids and bases, structure and reactions of organic compounds, chemistry and metabolism of amino acids, carbohydrates, lipids, proteins, and nucleic acids. Three hours of class, three hours of lab per week. Prerequisite: High School Chemistry.
Course Type(s): NS

CE 111 Cr. 3.0
General Chemistry I
The first of two lecture courses which, taken together, provide a preparation for subsequent courses in chemistry. Principles and theories of chemical problem solving, stoichiometry and chemical reactions, states of matter, periodic properties of the elements, atomic and molecular structure, introductory quantum mechanics, thermochro- mistry, and the properties of gases are covered. Prerequisite: Score of 2 or higher on the Mathematics Placement Exam or Mathematics 050 passed with a minimum grade of C- or higher. Corequisite: Chemistry 111L.
Course Type(s): NS

CE 111L Cr. 1.0
General Chemistry Laboratory I
Laboratory work to complement the class work of Chemistry 111 and 112; review of mathematical fundamentals; experiments involving observation and interpretation of chemical and physical changes; experimental studies of gas laws, thermodynamics, kinetics, equilibrium, acids and bases, qualitative analysis, and molecular mass determination. Three hours per week.

Corequisite: Chemistry 111.
Course Type(s): NS

CE 112 Cr. 3.0
General Chemistry II
The second of two lecture courses which, taken together, provide preparation for subsequent courses in chemistry. Properties of liquids and solutions, chemical kinetics and equilibrium, thermodynamics, electrochemistry, and nuclear chemistry. Prerequisites: Chemistry 111, 111L, and a score of 3 or higher on the Mathematics Placement Exam or Mathematics 101, 109, or 115; all passed with a grade of C- or higher. Corequisite: Chemistry 112L.
Course Type(s): NS

CE 112L Cr. 1.0
General Chemistry Laboratory II
Laboratory work to complement the class work of Chemistry 111 and 112; review of mathematical fundamentals; experiments involving observation and interpretation of chemical and physical changes; experimental studies of gas laws, thermodynamics, kinetics, equilibrium, acids and bases, qualitative analysis, and molecular mass determination. Three hours per week.
Course Type(s): NS

CE 198 Cr. 1.0 – 3.0
Special Topics in Chemistry (100 Level)
An intensive study of a particular subject or problem in chemistry to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Type(s): NS

CE 220 Cr. 3.0
Environmental Chemistry
Soil, aquatic, and atmospheric chemistry; environmental analytical chemistry; connections to environmental biology. Sources, reactions, mobility, effects, and fates of chemical species in the soil, water, and air environments and the effect of human activity on these. Gives the theoretical principles and techniques of both classical and instrumental methods of chemical analysis. Prerequisites: Chemistry 112 and 112L, both passed with a minimum grade of C- or higher. Corequisite: Chemistry 220L.
Course Type(s): MEBP, NS
Appendix A: Course Descriptions

CE 220L  Cr. 1.0
Environmental Chemistry Laboratory
Soil, aquatic, and atmospheric chemistry; environmental analytical chemistry; connections to environmental biology. Sources, reactions, mobility, effects, and fates of chemical species in the soil, water and air environments and the effect of human activity on these. Laboratory experiments and field trips will be used to address the needs for this course. Students will gain hands-on experience in both classical and instrumental methods of chemical analysis.
Corequisite: Chemistry 220.
Course Type(s): MEBP, NS

CE 221  Cr. 3.0
Quantitative Analysis
Theoretical principles and techniques of volumetric, gravimetric, and potentiometric methods of analysis; treatment of analytical data, equilibria involving acid-base, redox, complexometric, and precipitation reactions.
Prerequisites: Chemistry 112 and 112L, both passed with a grade of C- or higher. Corequisite: CE 221L.
Course Type(s): NS

CE 221L  Cr. 2.0
Quantitative Analysis Laboratory
Laboratory techniques, procedures, and practice in quantitative analysis of selected substances by volumetric, gravimetric, and potentiometric methods. Six hours per week.
Corequisite: Chemistry 221.
Course Type(s): NS

CE 241  Cr. 3.0
Organic Chemistry I
Preparations and reactions of major classes of organic compounds with extensive discussion of reaction mechanisms and stereo-chemistry; interpretation of mass, infrared, and nuclear magnetic resonance spectra.
Prerequisites: Chemistry 112 and 112L, both passed with a grade of C- or higher. Corequisite: Chemistry 241L.
Course Type(s): NS

CE 241L  Cr. 2.0
Organic Chemistry Laboratory I
Laboratory work demonstrating the basic techniques of organic chemistry; qualitative organic analysis; and use of the gas chromatograph and infrared and nuclear magnetic resonance spectrometers to solve problems. Six hours per week.
Corequisite: Chemistry 241.
Course Type(s): NS

CE 242  Cr. 3.0
Organic Chemistry II
Preparations and reactions of major classes of organic compounds with extensive discussion of reaction mechanisms and stereo-chemistry; interpretation of mass, infrared, and nuclear magnetic resonance spectra.
Prerequisites: Chemistry 241 and 241L, both passed with a grade of C- or higher.
Course Type(s): NS

CE 242L  Cr. 2.0
Organic Chemistry Laboratory II
Laboratory work demonstrating the basic techniques of organic chemistry; qualitative organic analysis; and use of the gas chromatograph and infrared and nuclear magnetic resonance spectrometers to solve problems. Six hours per week.
Prerequisite: Chemistry 241L.
Course Type(s): NS

CE 298  Cr. 1.0 – 3.0
Special Topics in Chemistry (200 Level)
An intensive study of a particular subject or problem in chemistry to be announced prior to registration. May be conducted in a lecture, seminar, or laboratory format.
Prerequisites: Chemistry 111, 111L, 112, 112L, and others, as announced in the course schedule.
Course Type(s): NS

CE 299  Cr. 3.0
Independent Study in Chemistry
Original research work planned and carried out with the assistance of a faculty research advisor. The number of course credits will be arranged with the advisor. Three hours per credit.
Course Type(s): NS

CE 311  Cr. 1.0
Chemical Literature
A study of the literature of chemistry and the techniques of making source searches; extensive use is made of the library.
Prerequisite: Chemistry 241.
Course Type(s): NS
**CE 322**

**Instrumental Analysis**
Basic components of instruments and their arrangements; fundamental principles, applications, and limitations of instrumental methods of chemical analysis; spectroscopic methods (UV-Visible, Fourier transform infrared, Raman, Fluorescence, Phosphorescence, Atomic absorption, Atomic emission, and Mass spectrometry); electrochemical methods (Potentiometry and Voltammetry); separation methods (High Performance liquid chromatography, Gas chromatography, and Capillary Electrophoresis).
Prerequisites: Chemistry 221 and 221L, Mathematics 126, and Physics 212 and 212L, all passed with a grade of C- or higher; and English 101 and 102 or permission of the instructor. Corequisite: Chemistry 322L.
Course Type(s): NS, WT

**CE 322L**

**Instrumental Analysis Laboratory**
Basic components of instruments and their arrangements; fundamental principles, applications, and limitations of instrumental methods of chemical analysis; spectroscopic methods (UV-Visible, Fourier transform infrared, Fluorescence, Atomic absorption and Atomic emission); electrochemical methods (Potentiometry and Voltammetry); separation methods (High Performance liquid chromatography, Gas chromatography — Mass spectrometry). Laboratory experiments and an independent research project will be used to address the needs of this course. Students will gain hands-on experience in instrumental methods of chemical analysis for both qualitative and quantitative work.
Corequisite: Chemistry 322.
Course Type(s): NS

**CE 325**

**NMR Spectroscopy**
A treatment of the theories and applications of modern Fourier transform nuclear magnetic resonance (FT-NMR) spectroscopy. Applications of FT-NMR spectroscopy to the investigation and solution of chemical problems will be emphasized.
Prerequisite: Chemistry 242L.
Course Type(s): NS

**CE 331**

**Biochemistry I**
An introduction to biochemistry with a molecular biology and chemistry focus. It is centered on the relationships between structure and function of biological molecules such as proteins, carbohydrates, nucleic acids, and lipids and their chemistry in living systems. It also includes the principle of bioenergetics, metabolic pathways, protein-ligand interactions and enzyme kinetics.
Prerequisite: Chemistry 242.
Course Type(s): NS

**CE 332**

**Biochemistry II**
A continuation of Biochemistry I (CE 331). Focus will be on metabolism, biological oxidation and reduction processes, and biosynthetic pathways in the cell. Also covers molecular aspects of DNA replication, transcription, and protein translation, and molecular basis of genetic regulation. In addition, some diseases related to defects in these metabolic pathways will be discussed.
Prerequisite: Chemistry 221.
Course Type(s): NS

**CE 341**

**Physical Chemistry I**
Basic principles of quantum mechanics essential for understanding of atomic and molecular spectroscopy are covered. The specific topics included: Quantum Mechanics: postulates and formulation of Schroedinger equation, uncertainty principle, particle in a box, simple harmonic oscillator, rigid rotor, Hydrogen atom, hydrogenic wave functions, Pauli principle, Helium atom, Hydrogen molecule, Molecular Orbital Theory; Introduction and applications of Computational Chemistry; Spectroscopy; Light-matter interaction, term symbols, spectroscopic selection rules, electronic spectra of atoms and molecules, rotational and vibrational spectra, IR and Raman spectroscopy, Lasers.
Prerequisites: Chemistry 221 and 221L, Mathematics 126 and Physics 212, all passed with a grade of C- or higher. Corequisite: Chemistry 341L.
Course Type(s): NS

**CE 341L**

**Physical Chemistry I Laboratory**
This course is designed to be taken concurrently with CE 341, Physical Chemistry I. The experiments performed complement material studied in CE 341. Topics covered include: UV-Vis, FT-IR, Raman, Laser Induced Fluorescence, and Flash Photolysis spectroscopies. This laboratory also requires the use of modern computer platforms and quantum chemistry software for molecular simulations and data analysis.
Prerequisites: English 101 and 102 or permission of the instructor. Corequisite: Chemistry 341.
Course Type(s): NS, WT
CE 342  
**Physical Chemistry II**  
Cr. 3.0  
Amplification of concepts in thermodynamics, chemical kinetics, and dynamics and application of these to gases, liquids, and solutions to provide a solid background for understanding the physical principles that govern behavior of chemical and biological systems. The specific topics included: Thermodynamics: standard functions (enthalpy, entropy, etc.), ensembles, partition function, Gibbs chemical potential, phase equilibria, electrochemical cells; Kinetic Theory of Gases: Maxwell-Boltzmann distribution, collision frequency, effusion rate, heat capacity, transport processes (diffusion, viscosity, etc.); Chemical Kinetics: differential and integral expressions for rate laws, reaction mechanisms, Chemical Dynamics: collision theory, absolute rate theory, transition state theory. Prerequisites: Chemistry 341 and 341L, Mathematics 126, and Physics 212, all passed with a grade of C- or higher. Course Type(s): NS

CE 342L  
**Physical Chemistry II Laboratory**  
Cr. 1.0  
This course is designed to be taken concurrently with CE 342, Physical Chemistry II. The experiments performed complement material studied in CE 342. Topics covered include experimental investigation of gas laws, phase transitions, transport properties of gases (diffusion), electrochemistry (electrolysis, electroplating, and voltammetry), and chemical kinetics (fluorescence quenching). This laboratory also requires the use of modern computer platforms and quantum chemistry software for simulations of chemical kinetics, dynamics and data analysis. Prerequisites: English 101 and 102 or permission of the instructor. Corequisite: Chemistry 342. Course Type(s): NS

CE 350  
**Research in Chemistry**  
Cr. 1.0 – 4.0  
Original research work, associated with an external constituent and/or organization, planned and carried out with the assistance of a faculty research advisor. Research conducted by the students will be submitted for outside presentation, publication, or review. The number of course credits will be arranged with the advisor. Forty hours per term.
Prerequisites: Chemistry 221, 221L, 242, 242L, an overall GPA of 2.00, a minimum of fifteen credits completed at Monmouth University, and approval of the department. Course Type(s): EX, NS

CE 388  
**Cooperative Education: Chemistry**  
Cr. 1.0 – 3.0  
Application of chemical concepts and skills learned in lecture and laboratory to work-related experiences. Students and faculty sponsors maintain journals of their cooperative education opportunities with the assistance of the Director of Cooperative Education. Students will work forty hours per credit per semester at their jobs. Students will maintain journals of their cooperative education experiences and write reports demonstrating how their experiences helped them achieve their learning goals. This is a pass/fail course.
Prerequisites: Chemistry 221, 221L, 242, and 242L; overall GPA of 2.00 minimum; fifteen credits completed at Monmouth University; and approval of the Department of Chemistry. Course Type(s): EX, NS

CE 389  
**Internship in Chemistry**  
Cr. 1.0 – 3.0  
Provides an opportunity to apply chemical concepts and skills learned in lecture and laboratory to work-related experiences. Students and faculty sponsors will identify internship opportunities. Students will work forty hours per credit per semester in their internship positions. Students will maintain journals of their internship experiences and write reports demonstrating how their internship experiences helped them achieve the learning objectives identified at the start of the internships. This is a pass/fail course.
Prerequisites: Chemistry 221, 221L, 242, 242L; an overall GPA of 2.00 minimum; fifteen credits completed at Monmouth University; and approval by the Department of Chemistry. Course Type(s): EX, NS

CE 398  
**Special Topics in Chemistry (300 Level)**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in chemistry to be announced prior to registration. May be conducted in a lecture, seminar, or laboratory format.
Prerequisites: Chemistry 241, 241L, 242, 242L, and others as announced in the course schedule. Course Type(s): EX, NS

CE 401  
**Advanced Inorganic Chemistry**  
Cr. 3.0  
Modern theories of inorganic chemistry, including advanced considerations of atomic and molecular structure, chemical bonding, complex ions, solid state chemistry, magnetic properties of ions, periodicity, and contemporary problems.
Prerequisites: Chemistry 242 and 242L, both passed with a grade of C- or higher. Corequisites: Chemistry 341 and 401L.
Course Type(s): NS

CE 401L
Cr. 1.0
Advanced Inorganic Chemistry Laboratory
Inorganic synthetic techniques, including inert atmosphere, high temperature, and non-aqueous solvents; methods of characterization of inorganic compounds, including use of spectroscopic and other instrumental methods. Three hours per week.
Corequisite: Chemistry 401.
Course Type(s): NS

CE 405
Cr. 3.0
Methods of Inorganic Chemistry
Coverage of important experimental methods in inorganic structural determinations. Topics include symmetry and group theory, computational methods, mass spectrometry, diffraction analysis and nuclear magnetic resonance, electron paramagnetic resonance, rotational, Mossbauer, vibrational, electronic absorption, photoelectron spectroscopies. The application of these techniques to the characterization and determination of inorganic substances is the emphasis of the course.
Prerequisite: Chemistry 401.
Course Type(s): NS

CE 410
Cr. 1.0
Seminar
Oral presentation of reports and discussion of current and review topics in chemistry.
Prerequisites: Chemistry 311 and 372.
Course Type(s): NS, RD

CE 452
Cr. 3.0
Advanced Organic Chemistry
Selected topics of modern, theoretical, organic chemistry. Prerequisites: Chemistry 242 and 242L, both passed with a grade of C- or higher.
Course Type(s): NS

CE 460
Cr. 3.0
Electrochemical Methods
Theory and applications of electrochemical analysis: electrode processes, thermodynamics and kinetics of electrode reactions, controlled potential and controlled current microelectrode techniques, and bulk electrolysis.
Corequisite: Chemistry 372.
Course Type(s): NS

CE 475
Cr. 3.0
Computational Chemistry and Molecular Modeling
Principal methods and techniques used to study organic molecules and biomolecules by computational methods. Interpretation of chemical data with the aid of a computer. Atomic and molecular orbitals, force fields, molecular dynamics, and molecular modeling and drug design.
Prerequisites: Chemistry 372 and 372L; both passed with a grade of C- or higher.
Course Type(s): NS

CE 498
Cr. 1.0 – 3.0
Special Topics in Chemistry (400 Level)
An intensive study of a particular subject or problem in chemistry to be announced prior to registration. May be conducted in a lecture, seminar, or laboratory format.
Prerequisite: Chemistry 242 or as announced.
Course Type(s): NS

CE 499
Cr. 1.0 – 4.0
Independent Research in Chemistry
Original research work planned and carried out with the assistance of a faculty research advisor. The number of course credits will be arranged with the advisor. Three hours per credit.
Course Type(s): NS

CJ 101
Cr. 3.0
Introduction to Criminal Justice
Basic constitutional limitations of criminal justice; the development of law enforcement from feudal times; law enforcement agencies; and the court system as it pertains to criminal justice and corrections.
Course Types(s): none

CJ 198
Cr. 1.0 – 3.0
Special Topics in Criminal Justice (100 Level)
An intensive study of a particular subject or problem in criminal justice to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

CJ 201
Cr. 3.0
Police Role in the Community
Community perception of police, courts, and correction; concepts of community and public relations; community control; and problems of justice associated with racial and ethnic groups.
Appendix A: Course Descriptions

Prerequisite: Criminal Justice 101 or Sociology 101.
Course Types(s): none

**CJ 204**  
Course Title: Administration and Organization in Criminal Justice  
Course Type(s): none  
Credit Hours: 3.0

**CJ 205**  
Course Title: Corrections  
Course Type(s): none  
Credit Hours: 3.0

**CJ 210**  
Course Title: Judicial Administration  
Course Type(s): none  
Credit Hours: 3.0

**CJ 211**  
Course Title: Statistics for Criminal Justice  
Course Type(s): none  
Credit Hours: 3.0

**CJ 215**  
Course Title: Environmental Security  
Course Type(s): none  
Credit Hours: 3.0

**CJ 225**  
Course Title: Law Enforcement  
Course Type(s): none  
Credit Hours: 3.0

**CJ 230**  
Course Title: Criminal Investigation  
Course Type(s): none  
Credit Hours: 3.0

**CJ 240**  
Course Title: Professional Writing in Criminal Justice  
Course Type(s): WT  
Credit Hours: 3.0

**CJ 241**  
Course Title: Criminology  
Course Type(s): WT  
Credit Hours: 3.0

**CJ 280**  
Course Title: Introduction to Forensic Science  
Course Type(s): none  
Credit Hours: 3.0

**CJ 288**  
Course Title: Cooperative Education: Criminal Justice  
Course Type(s): EX  
Credit Hours: 3.0
CJ 298  Cr. 1.0 – 3.0  
Special Topics in Criminal Justice (200 Level)  
An intensive study of a particular subject or problem in criminal justice to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Type(s): none

CJ 299  Cr. 1.0 – 3.0  
Independent Study in Criminal Justice  
Guided readings on a topic not otherwise covered in the curriculum.  
Course Type(s): none

CJ 301  Cr. 3.0  
Crime Control in the United States, Japan, and China  
A comparative approach is used to examine formal, social control mechanisms that include law, police, courts, corrections, and informal, social control mechanisms that contain values, beliefs, family, workplace, school, neighborhood, and other social organizations in three societies: the United States, Japan, and China.  
Course Type(s): BI.EL, GU

CJ 305  Cr. 3.0  
Criminal Law  
The nature, purposes, principles, and doctrine of modern criminal law; landmark cases; and important issues.  
Course Type(s): none

CJ 313  Cr. 3.0  
The Pretrial Prosecution System  
The pretrial prosecution process as a political system. The roles, attitudes, and strategies of those authorities who allocate values within the system are examined. Also listed as Political Science 313.  
Prerequisite: Political Science 101 or 103.  
Course Type(s): SJL

CJ 315  Cr. 3.0  
Research Methods  
Introduces students to the principles of scientific research in criminal justice and homeland security. It begins with a description of the importance of research by criminal justice and homeland security organizations and moves toward the tenets of sound research practices, including: the formulation of a research question, developing a hypothesis, collecting data, measurement, analysis, and evaluation. Special attention is devoted to practical, ethical, and political issues that can arise when conducting research. Also listed as HLS 315.  
Prerequisites: Criminal Justice 211 or Mathematics 151, Criminal Justice 241, and English 101 and 102.  
Course Type(s): WT

CJ 317  Cr. 3.0  
Law of Evidence  
The history and development of the rules of evidence, including relevancy and materiality, competency, burden of proof, direct and circumstantial, examination of witnesses, hearsay rule, unconstitutionally obtained, and presenting and collecting.  
Course Type(s): none

CJ 325  Cr. 3.0  
Criminal Procedure  
Examination of the criminal justice process and underlying public policy considerations.  
Course Type(s): none

CJ 330  Cr. 3.0  
Crisis Intervention  
Practical everyday handling techniques for intervention in such crises as suicide, emotional disturbance, and family conflicts; theory and research pertaining to intervention in life-stress situations. Attempts to raise the student’s level of empathy and interpersonal sensitivity via role playing and self-reflection.  
Course Type(s): none

CJ 332  Cr. 3.0  
Advanced Police Administration  
Advanced supervisory and managerial practices, analysis of policy formulation, decision-making, budgeting, planning, and innovative administrative procedures.  
Course Type(s): none

CJ 335  Cr. 3.0  
Juvenile Justice  
Introduction to the area of juvenile justice; the juvenile court; a review of juvenile justice procedures; the interaction of police and juveniles; dispositional alternatives; and delinquency prevention programs.  
Prerequisite: Criminal Justice 101 or a 100-level sociology course.  
Course Type(s): none
Appendix A: Course Descriptions

CJ 340  Cr. 3.0
*The American Penal System*
History, philosophy, and organizational structure of the correctional system in the United States, including issues of race, gender, and morality.
Prerequisite: Criminal Justice 205.
Course Types(s): none

CJ 341  Cr. 3.0
*Occupational Crime*
Economic and fiscal implications of white-collar and blue-collar crime; definitions, explanations, control strategies, enforcement techniques, and the role of the criminal justice system.
Course Types(s): none

CJ 350  Cr. 3.0
*Ethical Issues in Criminal Justice*
Explore various ethical issues inherent in policing, courts, and correctional work. Address ethical standards in social-science research and political correctness.
Prerequisites: Criminal Justice 101; and English 101 and 102 or permission of the instructor.
Course Types(s): none

CJ 351  Cr. 3.0
*Sentencing Practices*
History, philosophy, and rationale behind past and present sentencing schemes: the indeterminate and determinate sentences; the death penalty; and non-custodial sentences.
Prerequisites: Criminal Justice 101 and 205.
Course Types(s): none

CJ 359  Cr. 3.0
*Crime Prevention and Control*
Problems in the definition of crime; crime prevention as a social movement; and review and evaluation of major models of crime prevention and control.
Prerequisite: Six credits in sociology or criminal justice.
Course Types(s): none

CJ 360  Cr. 3.0
*Comparative Criminal Justice Systems*
Comparison of selected foreign justice systems with that of the United States.
Prerequisite: Criminal Justice 101.
Course Types(s): none

CJ 362  Cr. 3.0
*Community-Based Corrections*
Methods for dealing with the offender in the community; probation, parole, residential treatment, restitution, and the evaluation of each.
Prerequisites: Criminal Justice 101 or Social Work 101 and Criminal Justice 205.
Course Types(s): none

CJ 365  Cr. 3.0
*Forensic Pathology*
Introduction to the concepts of forensic pathology with an emphasis on the recognition and interpretation of diseases and injuries in the human body that is the basis for medico-legal investigations.
Prerequisite: Criminal Justice 280.
Course Types(s): none

CJ 370  Cr. 3.0
*Institutional Treatment of the Offender*
Strategies employed in providing treatment and support services to the inmate; physical, psychological, and social environmental factors.
Prerequisites: Criminal Justice 101 or Social Work 101 and Criminal Justice 205.
Course Types(s): none

CJ 375  Cr. 3.0
*Internship in Criminal Justice*
Provides practical experiences in the administration of criminal justice and homeland security through assignments to criminal justice and homeland security agencies under the joint supervision of agency officials and Monmouth University instructors. Course assignments include a résumé and cover letter application for an internship; journaling of real-world professional experiences; and the evaluation of criminal justice/homeland security policies and practices. Also listed as Homeland Security 375.
Prerequisites: Criminal Justice 101, English 101 and 102, and permission of the instructor.
Course Type(s): EX, WT

CJ 380  Cr. 3.0
*Forensic Psychology*
Criminal personalities in relationship to specific crimes; exposure to techniques of interviewing and interrogating these criminals.
Course Types(s): none
CJ 384  
**Crime Scene Investigation**  
Understanding the nature of crime scene investigation and the basic principles necessary for a successful investigative outcome.  
Course Types(s): none

CJ 386  
**Technology Crime**  
Understanding the nature of technology crimes in terms of criminal investigation and collection of electronic evidence.  
Course Types(s): none

CJ 387  
**Arson and Bomb Investigation**  
Introduction to concepts of arson/bomb investigation with emphasis on reconstruction origin and cause analysis.  
Prerequisite: Criminal Justice 280.  
Course Types(s): none

CJ 388  
**Cooperative Education: Criminal Justice**  
Professional work experience in a criminal justice-related position. May be repeated for credit.  
Prerequisites: Departmental approval, a minimum GPA of 2.00, and completion of thirty credits.  
Course Type(s): EX

CJ 390  
**Forensic Science I**  
Designed to explain the concepts of recognition, identification, individualization, and evaluation of physical evidence by application of basic scientific principles used in the practice of forensic science.  
Course Types(s): none

CJ 391  
**Forensic Science II**  
Designed to explain the concepts of recognition, identification, individualization, and evaluation of physical evidence, such as blood and semen, firearms, gunshot residue, fire debris, and explosions, in the context of real-world situations.  
Prerequisite: Criminal Justice 390.  
Course Types(s): none

CJ 398  
**Special Topics in Criminal Justice (300 Level)**  
An intensive study of a particular subject or problem in criminal justice to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Types(s): none

CJ 401  
**Special Problems in Law Enforcement**  
Special problems that are not encountered in normal daily activities of police departments, including riots and emergency service functions, such as fire scenes, lost children, and crime prevention.  
Prerequisite: Nine credits in Criminal Justice.  
Course Types(s): none

CJ 402  
**Field Research in Criminal Justice**  
Study, research, and specific projects in criminal justice under the supervision of a Criminal Justice faculty member; a written report is required.  
Prerequisites: Eighteen credits in Criminal Justice and permission of the coordinator.  
Course Types(s): none

CJ 480  
**Criminal Justice Research Project**  
Active participation in a research project chosen by and currently being pursued by the faculty sponsor. Student activities may include but are not limited to: literature search, data collection, data analysis, and preparation of a manuscript.  
Prerequisites: Criminal Justice 315, Junior or Senior standing, and permission of instructor and department chair.  
Course Types(s): none

CJ 488  
**Cooperative Education: Criminal Justice**  
Professional work experience in a criminal justice-related position.  
Prerequisites: Departmental approval, a minimum GPA of 2.00, and completion of thirty credits.  
Course Type(s): EX

CJ 489  
**Internship in Criminal Justice**  
Supervised practical experience in criminal justice. Repeatable for credit.  
Prerequisites: Junior standing, departmental approval, and placement.  
Course Type(s): EX

</table>
Appendix A: Course Descriptions

CO 226  
Intercultural Communication  
The process of communication between people of different cultures; the influences of culture on communicative messages and meanings.  
Course Type(s): BI.EL, CD

CO 228  
Basic Sign Language  
Prepares students to communicate basic wants and needs with those individuals who are hearing impaired, deaf, or with those who, for other reasons, use sign language as their primary mode of communication. Review of the history of deaf education. Does not fulfill the foreign language requirement.  
Course Type(s): none

CO 231  
Performance of Literature  
The fundamental principles of oral interpretation of literature; opportunities for enhancing the understanding and appreciation of prose, poetry, and drama through effective performance.  
Prerequisite: Communication 100.  
Course Type(s): COACM, COCSD, CORTA

CO 233  
Rhetoric and Persuasion  
Concepts and principles of communicative messages that influence thoughts, attitudes, and behavior. Foundational theories of persuasion, including rhetorical, critical, and social scientific perspectives.  
Course Type(s): none

CO 235  
Sports Broadcasting  
Prepares students for an internship at a public or commercial radio station or an entry-level position. Students will learn how to gather, organize, write, report, and broadcast radio sports.  
Course Type(s): COSPT

CO 236  
Sports Reporting  
Introduction to the field of sports journalism, which includes standardized news-writing techniques as well as feature writing.  
Course Type(s): COSPT

CO 241  
Introduction to Screen Studies  
Introduction to the disciplined study of the Screen Arts — motion picture film, television, video, and digital multimedia — with respect to the operation of the various elements of sound and image as they operate within the text of the visual work screened. Includes screening and discussion of various representative works.  
Course Type(s): COSS, IM

CO 242  
Creating Good Radio  
Broadcasting as effective communication; practical experience in writing, producing, directing, and performing in radio programs; critical analysis of various professional broadcasts.  
Prerequisite: Communication 102.  
Course Type(s): CORTP

CO 243  
History of the Motion Picture  
An introduction to the major phases of motion picture history from its origins to the present, including screenings and discussions of major film movements, technological innovations, and landmark directors.  
Course Type(s): COSS

CO 246  
Producing and Directing for Television (TV2)  
The application of aesthetic theory and production principles via studio television production assignments. Emphasis is placed upon the roles of producer and director in live television production. Additional studio hours to be arranged.  
Prerequisite: Communication 145.  
Course Type(s): CORTP

CO 250  
Global Communication  
Introduces students to the various aspects of global communication, primarily media communication, journalism, and public relations. Particular emphasis will be on the categories of difference such as gender, race, class, and ethnicity. Global communication is reshaping economic, social, cultural, and political aspects of our lives nationally and internationally. Hence, in this course students will explore essential components of global communication, emphasizing shifts in national, regional, and international media patterns and trends including production, distribution, and consumption.  
Course Type(s): BI.EL, COPRT, GU
CO 260  Cr. 3.0
Contemporary News Design
A working knowledge of type, art, and graphic elements, and the techniques for designing newspaper and magazine pages.
Prerequisite: Communication 211 or 295.
Course Types(s): none

CO 262  Cr. 1.0
Co-Curricular Practicum in Radio
Credit for specified assignments at the University radio station is awarded after a term-end evaluation by the instructor of the project agreed upon with the student. May not count toward major requirements. May be repeated for a total of six credits; limited to students active at the radio station for at least one semester.
Prerequisite: Instructor permission.
Course Types(s): none

CO 263  Cr. 1.0
Co-Curricular Practicum in Television
Credit for specified assignments at the University television station is awarded after a term-end evaluation by the instructor of the project agreed upon with the student. May not count toward major requirements. May be repeated for a total of six credits; limited to students active at the television station for at least one semester.
Prerequisite: Instructor permission.
Course Types(s): none

CO 264  Cr. 1.0
Co-Curricular Practicum in Journalism
Credit for specified assignments at the University newspaper is awarded after a term-end evaluation by the instructor of the project agreed upon with the student. May not count toward major requirements. May be repeated for a total of six credits; limited to students active at The Outlook for at least one semester.
Prerequisite: Instructor permission.
Course Types(s): none

CO 265  Cr. 1.0
Co-Curricular Practicum in Public Relations
Credit for specified public relations assignments for the Public Relations Student Society of America (PRSSA), University Clubs and Associations, and/or the University Communication Department is awarded after a term-end evaluation by the instructor of the project agreed upon with the student. May not count toward major requirements; may be repeated for a total of six credits.
Prerequisite: Instructor permission; limited to students active with PRSSA for at least one semester; students may also gain entry with previous experience on a public relations event/project and provide tangible evidence to advisor.
Course Types(s): none

CO 266  Cr. 1.0
Co-Curricular Practicum in CommWorks
Credit for specified performance assignments with CommWorks (Students Committed to Performance) and, by extension, the University Communication Department is awarded after a term-end evaluation by the instructor of the project agreed upon with the student. May not count toward major requirements. May be repeated for a total of six credits; limited to students active in CommWorks for at least one semester. Students may also gain entry with previous substantial experience in performance, theatre, and/or forensics; student must provide tangible evidence to the advisor. Prerequisite: Permission of the instructor is required.
Course Types(s): none

CO 267  Cr. 1.0
Co-Curricular Practicum in MOCC
One credit for specified assignments with the Monmouth Oral Communication Center (MOCC) and by extension the University Communication Department is awarded after a term-end evaluation by the instructor of the project agreed upon with the student. The course may not count toward other major requirements. May be repeated for a total of six credits.
Prerequisite: Consent of the instructor.
Course Types(s): none

CO 270  Cr. 3.0
The Business of Radio
A study of the history of radio, including its golden age, crisis, and new role in today’s society. Examining radio as a business and profession also will be analyzed.
Prerequisite: Communication 102.
Course Type(s): CORTT

CO 272  Cr. 3.0
Real People, Reel Stories
Learning to tell a story through video testimonies/interviews. Socially conscious topics will be chosen from quality-of-life issues being explored by our new on-campus Polling Institute or those presented by community aid organizations.
Prerequisite: Prior permission of the directing professor.
Course Type(s): COACM, CORTP, EX
Appendix A: Course Descriptions

CO 275  Cr. 3.0
Performance for Radio
The fundamentals of radio announcing will be stressed along with station orientation. The student will develop strong vocal skills for a variety of radio personalities over the air.
Prerequisite: Communication 102.
Course Type(s): CORTA

CO 288  Cr. 3.0
Cooperative Education: Communication
Professional work experience in a communication position. May be repeated for credit.
Prerequisites: Junior or Senior standing and departmental approval.
Course Type(s): EX

CO 290  Cr. 3.0
Media Law
How the mass media is constrained and protected by the law and court interpretation. Overview will focus on libel, copyright, obscenity, free press, and other legal/illegal aspects of mass communication. Only open to communication majors. Also listed as Political Science 290.
Course Type(s): COCST, COPRT, CORTT

CO 291  Cr. 3.0
Media Ethics
Exposure to a range of ethical concerns, choices, and practices across various media forms through case studies, readings, and discussions.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): COPRT CORTT, WT

CO 292  Cr. 3.0
Communication Research Methods
Introduction to the use of the scientific methods, various research approaches, and application of both qualitative and quantitative methods for application in the field of communication.
Prerequisites: Communication 100, Mathematics 105; and at least six credits in the major.
Course Types(s): none

CO 293  Cr. 3.0
Social Media in Public Relations
An interactive, intensive study of social media with regard to the field of public relations. Students will be introduced to new contexts and forms of social media, an ever-grow-

CO 295  Cr. 3.0
Introduction to Public Relations
A comprehensive survey of the field of public relations. Emphasis on the evolution, role, functions, and scope of public relations in American society.
Course Type(s): COSPT

CO 296  Cr. 3.0
Public Relations Fundraising
Designed to provide an introduction to the practice, programs, and publics of fundraising. Development of a fund raising campaign will be produced for a nonprofit client. Written and oral communication skills essential to the professional fundraiser will be practiced in class and through assignments. May be offered in a hybrid format (partially online).
Prerequisite: Communication 295.
Course Type(s): COPRT, COSPT

CO 297  Cr. 1.0
Contemporary Issues in Cinema
Current topics in contemporary cinema, with an emphasis on engagement with current film and video makers, and analysis and critique of cutting-edge work in the field of screen production. Note: Must be taken in sequence in subsequent semesters.
Prerequisites: Communication 241 and permission of the instructor.
Course Type(s): COSS

CO 298  Cr. 1.0 – 3.0
Special Topics in Communication (200 Level)
An intensive study of a particular subject or problem in communication to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

CO 299  Cr. 3.0
Independent Study for the Minor in Writing
For the Writing Minor, development of major writing project under the guidance of a faculty member. Prerequisite: Eighteen credits in the Writing Minor.
Course Types(s): none
CO 301  Cr. 3.0
Communication Theory
Introduces students to the study of communication theory from interpersonal, small group, and organizational, to the mass media.
Prerequisites: Junior standing; Communication 292 and English 102 passed with a grade of C or higher; eighteen credits of communication courses completed; and English 101 or permission of the instructor.
Course Type(s): WT

CO 309  Cr. 3.0
Family Communication
Explores couple and family communication processes. Focuses on how individuals use interaction to establish, maintain, and change personal, romantic, and family relationships.
Prerequisites: Communication 100 and 120.
Course Type(s): COACP, COCSP

CO 311  Cr. 3.0
Communication Ethics
An introduction to communication ethics and related contemporary issues intended to support students in the making of principled communication decisions.
Course Types(s): none

CO 313  Cr. 3.0
Public Relations Writing
A study into the fundamentals of effective public relations writing, including production of media releases, position papers, and media kits. The course focuses on writing style and technique, along with form and distribution methods.
Prerequisite: Communication 295.
Course Types(s): none

CO 317  Cr. 3.0
Civic Journalism
News with a community service attitude. Gain hands-on experience through speakers, field trips, interviews, and involvement with local issues. Students write civic journalism news stories and host a community symposium to encourage dialogue among diverse community groups.
Prerequisite: Communication 211.
Course Type(s): COPRM, EX

CO 318  Cr. 3.0
Topics in Film
Explores in-depth a specialized topic relevant to film and cultural studies. The topic changes each time the course is taught and may include a particular film director, genre, or historical period.
Course Type(s): COCST, COPRT, CORTT, COSS

CO 320  Cr. 3.0
Small Group Communication
The process of group communication, leadership, decision-making, and problem solving; participation in various types of discussion situations and the development of effective communication within the group setting. Also listed as Sociology 320.
Prerequisite: Communication 100.
Course Type(s): COACM, COCST

CO 321  Cr. 3.0
Nonverbal Communication
A study of the process and effects of the kinesic, paralinguistic, tactile, olfactory, artifactual, and proxemic aspects of nonverbal communication.
Prerequisite: Communication 100 or 120.
Course Type(s): COACM, COCST

CO 323  Cr. 3.0
Persuasion
Concepts and principles of communicative messages that influence thoughts, attitudes, and behavior; roles of source, message, channel, and receiver.
Prerequisites: Communication 100; and Communication 233 or permission of the instructor.
Course Type(s): COACP, COCSP, COPRT

CO 324  Cr. 3.0
Intercollegiate Forensics
Practical application of rhetorical, interpretative, and theatrical principles to a competitive collegiate environment. Students will participate in a minimum of twenty-five rounds of tournament competition.
Course Types(s): none

CO 327  Cr. 3.0
Civic Participation
Explores how public communication shapes and reinvigorates civic participation, offering ways of understanding and resolving civic problems in democratic societies.
Prerequisites: Communication 100, 120, and 225.
Course Type(s): COACP, COCSP, COCST, COPRT
CO 330  
**News Editing**  
Copy-editing techniques for reviewing and improving news writing. 
Prerequisite: Communication 211 or 295. 
Course Type(s): COPRM

CO 333  
**Online Journalism**  
Explore the world of electronic information from a journalist's perspective. Learn to use and evaluate electronic resources including search engines, e-mail, news groups, directories, and databases for reporting news. Covers reporting and composing news stories for online publication and the legal and ethical questions raised by online news. 
Prerequisite: Communication 211. 
Course Type(s): COPRM, IM

CO 334  
**Advanced Performance of Literature**  
The analysis and performance of outstanding literary works in prose, poetry, and drama. Emphasis is placed on the development of the student's performance skills and program building for public recital. 
Prerequisite: Communication 231. 
Course Type(s): COACM

CO 335  
**Group Techniques in Performance of Literature**  
Various theories and techniques used in group performances with a concentration on Readers Theatre and Chamber Theatre; selected literature is arranged, analyzed, and performed. Also listed as Theatre 335. 
Course Type(s): COACM, CORTA

CO 337  
**Performance Theory and Practice**  
The study of performance offers students the opportunity to explore the power of performance in its diverse forms in both theory and practice. Students will experience a wide variety of performance contexts, including performances of self in everyday life, performances of culture, performances of literature, and socially engaged, original performance art. 
Course Type(s): COACM, COCST, CORTA

CO 338  
**Advanced Video Production and Editing**  
A hands-on workshop allowing advanced students to work on individual projects with instructor guidance based on each student's level of experience. Students learn field production and AVID editing. 
Prerequisite: Communication 145. 
Course Type(s): CORTP, IM

CO 340  
**Writing the Review**  
The process of writing newspaper opinion pieces on film and theatre presentations. 
Prerequisites: Communication 211 or permission of the instructor; and English 101 and 102 or permission of the instructor. 
Course Type(s): COPRM, COSS, WT

CO 342  
**Editorial Writing**  
Editorial writing is the style of persuasive writing found on a newspaper's editorial pages, in online and print magazines, and in scripting some radio and television talk shows. This writing style is based on mounting a balanced, credible argument and persuading others to share a viewpoint. Exposes students to the work of famous op-ed writers and involves practice at writing a variety of opinion articles. Students will gain experience in doing research into current trends and events, persuasive writing, and exploring the multiple sides to an argument. 
Prerequisites: Communication 211 or permission of the instructor; and English 101 and 102 or permission of the instructor. 
Course Type(s): COPRM, COSS, WT

CO 343  
**Performance and Social Activism**  
Students survey the recent history, theories, and methods of creative activist performance and produce original performances that function as embodied visions of social change and/or resistance to social norms. Emphasis is placed on representations of gender, race/ethnicity, sexuality, class, ability, etc. as well as structural inequalities and social injustice. 
Course Type(s): COCSD

CO 345  
**Electronic Field Production and Editing (TV3)**  
Instruction and experience as independent producers of creative, feature, and documentary segments. 
Prerequisite: Communication 246. 
Course Type(s): CORTP
CO 346  Cr. 3.0
Documentary Film and Video
An introduction to the history and development of documentary film and video, with screenings and discussions of examples of works from the major movements in documentary, and small-group production of an original documentary.
Course Type(s): CORTW, COSS

CO 365  Cr. 3.0
Screenwriting
Writing techniques for film and television, with an emphasis on the process of screenwriting, from concept to completion and revision, as well as marketing scripts written for the screen.
Prerequisite: Communication 155 or permission of the instructor.
Course Type(s): CORTW, COSS

CO 374  Cr. 3.0
Radio Programming and Promotion
Overview of the principles of radio programming and promotions: formats, FCC rules, ratings, on-air experience, theories, and music selection choice will all be stressed. The class will produce programming and promotions to be aired on Monmouth's radio station, WMCX.
Prerequisite: Communication 102.
Course Type(s): CORTP

CO 375  Cr. 3.0
Television Criticism
Analysis and critical examination of the content of television programs.
Prerequisites: Communication 155; and English 101 and 102 or permission of the instructor.
Course Type(s): CORTT, WT

CO 376  Cr. 3.0
Radio Station Management
Principles of management for radio stations. Discussions
and practicum include: programming, promotions, sales, public relations, production, community relations, sports, and news.

Prerequisites: Communication 102 and 270.
Course Type(s): CORTT

**CO 377**  
*Radio Operation Practice*  
Cr. 3.0

Seminars offered in summer only.
Prerequisites: Communication 102 and permission of the instructor.
Course Type(s): none

**CO 378**  
*Talk Radio*  
Cr. 3.0

Introduction to the preparation of documentaries, interviews, and phone-in talk shows.
Prerequisite: Communication 102 or permission of the instructor.
Course Type(s): CORTP

**CO 379**  
*Advanced Radio Production*  
Cr. 3.0

Advanced audio production techniques utilizing digital technology, with emphasis on the conception and realization of effective messages in radio broadcasting.
Prerequisite: Communication 102 or 242 and permission of the instructor.
Course Type(s): CORTP, EX

**CO 380**  
*Organizational Communication*  
Cr. 3.0

Organizational communication theories and concepts are applied through the assessment of communication practices within organizations. Students will conduct communication audits of actual organizations to analyze strengths and weaknesses as well as to make recommendations for improving effective and ethical communication.
Prerequisites: Junior standing; Communication 100 and 225 or permission of the instructor; and English 101 and 102 or permission of the instructor.
Course Type(s): COACP, COCSP, WT

**CO 381**  
*The Power of Story*  
Cr. 3.0

Story is the most powerful and oldest means of communication. Examines its significance in constructing and preserving culture. We focus on the oral art of storytelling, its history, theory, and practice, using a multicultural approach. Students will write, select, prepare, and perform stories from a variety of cultures and literary sources. Students will use learned performance skills in class and at off-campus locations.
Prerequisite: Junior standing or instructor permission.
Course Type(s): COACM, COCSD, EX

**CO 383**  
*Gender, Race, and Media*  
Cr. 3.0

Examines multiple understandings of masculinity, femininity, and ethnicity in contemporary society, emphasizing the influential role of the mass media. Students consider the sources of their own attitudes about gender and race and reflect on the personal, social, political, and economic consequences of these expectations.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): COACP, COCSP, COPRT, CORTT, GS, NU.EL, WT

**CO 384**  
*Seminar in Leadership Communication*  
Cr. 3.0

An introduction to the study and practice of leadership from a communicating perspective. Particular focus on the relationship between communicating and leading. Examination of leadership concepts and theories in organizational, group, and public contexts. Students will analyze their personal leadership styles and develop leadership communication skills through team projects and classroom exercises.
Prerequisite: Communication 220 or 225 or Humanities 201.
Course Type(s): none

**CO 388**  
*Cooperative Education: Communication*  
Cr. 3.0

Professional work experience in a communication position. This course may be repeated for credit.
Prerequisites: Junior or Senior standing; departmental approval.
Course Type(s): EX

**CO 389**  
*Internship in Communication*  
Cr. 1.0 – 3.0

Supervised, practical experience in communication (radio, television, public relations, journalism, and human communication); emphasis on the application of discipline-specific technologies and theories in a professional environment directly related to one’s course of study.
Prerequisites: Communication 216 or 217 or 218, Departmental approval, and Junior standing.
Course Type(s): EX
CO 390  Cr. 7.0 – 12.0  
Washington Center Internship
This internship allows students in all majors to intern at government agencies, public service organizations, and business associations located in Washington, DC. Under the supervision of Washington Center supervisors and faculty, students gain substantive entry-level professional experience along with academic credit over the course of one semester. In general, students are required to intern in a government agency or public organizations four and a half days per week, attend educational seminars and workshops and participate in professional forums conducted by the Washington Center. In addition, students must complete learning objectives and assignments specified by Monmouth University faculty sponsors. Also listed as Political Science 390 and Sociology 390. 
Prerequisites: Junior standing; 2.50 GPA minimum. 
Course Type(s): EX

CO 393  Cr. 3.0  
Washington Center Course
Students participating in a Washington Center Internship are required to enroll in a three-credit seminar. A list of available courses is forwarded to all students prior to the beginning of the fall, spring, or summer term. Regular offerings include politics, professional communication, the fine and performing arts, and economics. Also listed as Political Science 393 and Sociology 393. 
Prerequisites: Junior standing and a minimum GPA of 2.50. 
Course Type(s): none

CO 397  Cr. 1.0  
Contemporary Issues in Cinema
Current topics in contemporary cinema, with an emphasis on engagement with current film and video makers, and analysis and critique of cutting edge work in the field of screen production. Must be taken in sequence in subsequent semesters. 
Prerequisites: Communication 241 and permission of the instructor. 
Course Type(s): COSS

CO 398  Cr. 1.0 – 3.0  
Special Topics in Communication and Theatre (300 Level)
An intensive study of a particular subject or problem in communication to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. 
Prerequisite: As announced in the course schedule. 
Course Type(s): none

CO 399  Cr. 1.0 – 3.0  
Independent Study in Communication
Guided research on selected topics in Communication. Prior permission of the directing professor and department chair is required. 
Prerequisite: Demonstrated ability in the proposed area of concentration. 
Course Type(s): none

CO 404  Cr. 3.0  
Responsive Media
Students learn how to make interfaces for smart-phones and tablets to create interactive audio and video. In addition, students will produce creative projects using data mapping and generative art and work collaboratively on a site-specific media project. Also listed as Art and Design 404. 
Prerequisite: Communication 145 or Art 181. 
Course Type(s): CORTP, IM

CO 409  Cr. 3.0  
Professional Media Writing
Provides an introduction to the diverse field of professional writing and integrates a comprehensive overview of the various skills required of today’s freelance media writer. Class sessions will offer students practical and critical tools designed to develop a range of writing styles and techniques, while introducing related applications and career opportunities. Lab assignments and writing projects will integrate the tools explored in class. 
Prerequisites: Junior standing and instructor permission. 
Course Type(s): COPRM, CORTW

CO 412  Cr. 3.0  
Project Greenlight
An orientation to career opportunities/advancement based on the successful pitch process necessary to achieve greenlight status for proposed media projects. Provides a comprehensive overview of new media formats, stages of media production, and related entertainment media technologies, products, and services. Additionally, the course will examine the vital roles of producers and creative executives in these processes. Students will learn how to transform themselves from media consumers to media producers. No previous media-related training or experience is required. 
Prerequisites: Junior standing and instructor permission. 
Course Type(s): COPRT, CORTT, COSS, IM
CO 413  Cr. 3.0
Advanced Public Relations Writing Layout and Design
Simulates a field public relations agency or department by providing students real-world or field-applicable skills. An emphasis on media tools and production enables students to work in a fast-paced, deadline-intensive environment. The principles of communicating with media and specialized public audiences are core along with the preparation, production, and presentation of messages for mass consumption.
Prerequisites: Communication 295 and 313. 
Course Type(s): COPRM

CO 414  Cr. 3.0
Public Relations Campaigns
Application of public relations techniques to various communicative environments, communication problems, and crisis management.
Prerequisites: Communication 295 and 313 or permission of the instructor.
Course Type(s): COPRM

CO 415  Cr. 3.0
Public Relations Campaigns: Trends and Analysis
Examines, reviews, and predicts how corporate leaders solve today’s public relations challenges. Curriculum focuses on existing field trends and evaluates effective, as well as ineffective, corporate strategies. Students develop an integral understanding of the vital role of public relations in successful profit and non-profit organizations. Students develop an understanding of the issues management process, identify and plan crisis administration programs, and implement public affairs communication. Student assignments include research, composition of case statements, position papers, solutions and evaluative methods involving publicity demands, special events, promotions, image problems, and other challenges.
Prerequisite: Communication 295. 
Course Type(s): COPRT

CO 427  Cr. 3.0
Crisis and Issues Management
Advanced public relations theory and practices dealing with management of organizational crisis and issues. Exploration of the process of research, analysis, planning, and implementation of crisis management. Examination of the role of the public relations professional in the development of crisis communication strategies and tactics.
Emphasis on control of crisis, rumor, corporate image, and reputation. Use of case studies, simulations, group exercises, and projects to develop skills in crisis and issues management.
Prerequisite: Communication 295.
Course Type(s): COPRT

CO 483  Cr. 3.0
Communication Internship Seminar
Supervised, practical experience in communication (radio, television, public relations, journalism, and human communication); emphasis on the application of discipline-specific technologies and theories in a professional environment directly related to one’s course of study. On-campus seminar attendance is required. May be repeated once for credit.
Prerequisites: Communication 216 or 217 or 218, departmental approval, and Junior standing.
Course Type(s): EX

CO 484  Cr. 3.0
Communication Internship Seminar
Supervised, practical experience in communications (radio, television, public relations, and human relations); emphasis on the programming, production, and transmission aspects of mass media. On-campus attendance is required. May be repeated once for credit.
Prerequisites: Departmental approval; Junior standing.
Course Type(s): EX

CO 488  Cr. 3.0
Cooperative Education: Communication
Professional work experience in a communication position. May be repeated for credit.
Prerequisites: Departmental approval and Junior or Senior standing.
Course Type(s): EX

CO 489  Cr. 3.0
Internship in Communication
Supervised practical experience in communication (radio, television, public relations, and human relations) or journalism; emphasis on the programming, production, and
transmission aspects of mass media. Repeatable for credit.
Prerequisites: Junior standing, departmental approval, and placement.
Course Type(s): EX

CO 491 Cr. 3.0
Seminar in Communication
Communication as an organized body of knowledge and skills; advanced problems assigned according to the special interests of the student. For Communication majors only.
Prerequisites: Communication 301, Senior standing, at least thirty credit hours in the department, and successful completion of English 102 with a grade of C or higher.
Course Type(s): none

CO 497 Cr. 1.0
Contemporary Issues in Cinema
Current topics in contemporary cinema, with an emphasis on engagement with current film and videomakers, and analysis and critique of cutting-edge work in the field of screen production. Note: Must be taken in sequence in subsequent semesters.
Prerequisites: Communication 241, 297, 397, and permission of the instructor.
Course Type(s): COSS

CO 498 Cr. 1.0 – 3.0
Special Topics in Communication (400 Level)
An intensive study of a particular subject or problem in communication to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: Demonstrated ability in the proposed area of concentration.
Course Type(s): none

CO 499 Cr. 3.0
Independent Study in Communication
Guided research on selected topics in Communication. Prior permission of the directing professor and department chair is required.
Prerequisite: Demonstrated ability in the proposed area of concentration.
Course Type(s): none

CO 499B Cr. 3.0
Independent Study in Screen Studies
Guided research on a selected topic in screen studies.
Course Type(s): none

CS 102 Cr. 4.0
Introduction to Computing and Problem Solving
Introduces a broad overview of computing topics, designed to provide students with awareness of the computing field’s many aspects. Topics include fundamentals of computer architecture, operating systems, applications, networks, and problem solving. Computing topics are demonstrated and presented using computing applications including word processors, spreadsheets, databases, presentation software, and Web page development software. Introduces social and ethical issues related to computing and explores the local and global impact of computing on individuals, organizations, and society. It also gives students their initial exposure to group project work.
Course Type(s): TL

CS 175 Cr. 4.0
Introduction to Computer Science I
Introduction to the basic concepts of program development in a modern object-oriented language; problem-solving methods and algorithm development; basic data types; language syntax; style and documentation; and coding and testing of programs.
Prerequisite: Computer Science 102.
Course Type(s): none

CS 176 Cr. 4.0
Introduction to Computer Science II
Continuation in depth and breadth of problem-solving and algorithm development, using the same modern object-oriented language as in Computer Science 175. More advanced, object-oriented design. Introduction to polymorphism and inheritance. Four hours per week.
Prerequisite: Computer Science 175 passed with a grade of C or higher.
Course Type(s): none

CS 199 Cr. 1.0 – 3.0
Independent Study in Computer Science
Independent study in a computer science topic not substantially treated in a regular course; for students with superior ability. One-hour consultation per week.
Prerequisite: Prior permission of directing professor and department chair required.
Course Type(s): none

CS 202 Cr. 4.0
Discrete Mathematics and Applications
Covers the basic concepts, methods, structures, and models from discrete mathematics used throughout computer science. Topics addresses include: logic and math-
ematical reasoning, functions, sets, summations, asymptotic notation, algorithms and complexity, number theory, cryptography, matrix algebra, induction and recursion, counting techniques, combinatorial objects, discrete structures, discrete probability theory, relations, and graph theory and graph algorithms.
Prerequisites: Computer Science 175 and Mathematics 109.
Course Types(s): none

CS 205
Cr. 4.0
Data Structures and Algorithms
Introduction to the design, implementation, and use of fundamental data structures (list, stacks, queues, trees); extensions of these structures and associated algorithms and informal complexity analysis. Four hours per week. Prerequisites: Computer Science 176, passed with a grade of C or higher and either Mathematics 130 or Computer Science 202, passed with a grade of C or higher.
Course Types(s): none

CS 212
Cr. 3.0
Networking Fundamentals I
Prepares students with knowledge and skills required to successfully install, operate, and troubleshoot a small branch office network. Includes topics on networking fundamentals; connecting to a WAN; basic security and wireless concepts; routing and switching fundamentals; the TCP/IP and OSI models; IP addressing; WAN technologies; operating and configuring IOS devices; configuring RIPv2, static and default routing; implementing NAT and DHCP; and configuring simple networks.
Course Types(s): none

CS 222
Cr. 3.0
Networking Fundamentals II
Prepares students with knowledge and skills required to successfully install, operate, and troubleshoot a small to medium size enterprise branch network. Covers topics on VLSM and IPv6 addressing; extending switched networks with VLANs; configuring, verifying and troubleshooting VLANs; the VTP, RSTP, OSPF and EIGRP protocols; determining IP routes; managing IP traffic with access lists; NAT and DHCP; establishing point-to-point connections; and establishing Frame Relay connections. Prerequisite: Computer Science 212.
Course Types(s): none

CS 275
Cr. 3.0
Introduction to an Algorithmic Language
A thorough overview of the syntax of an algorithmic language and stress on the concepts of structured programming. Four hours per week. Prerequisite: Permission of the instructor.
Course Types(s): none

CS 286
Cr. 3.0
Computer Architecture I
Number representations and operations. Processor data path. Pipelining. Memory hierarchy. Input/Output. Assembly language programming. Prerequisites: Computer Science 176 or 275, passed with a grade of C or higher.
Course Types(s): none

CS 288
Cr. 3.0
Cooperative Education: Computer Science
Provides an opportunity for students who are engaged in a computer science-related work experience. Fifteen to twenty hours of work experience per week. May be repeated for credit. Prerequisites: Junior standing and thirty or more earned credits with at least fifteen taken at Monmouth University. Course Type(s): EX

CS 298
Cr. 1.0 – 3.0
Special Topics in Computer Science (200 Level)
An intensive study of a particular subject or problem in computer science to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Three or four hours per week. Prerequisite: As announced in the course schedule.
Course Types(s): none

CS 299
Cr. 3.0
Independent Study in Computer Science
Independent study in a computer science topic not substantially treated in a regular course; for students with superior ability. One-hour consultation per week. Prerequisite: Prior permission of directing professor and department chair required.
Course Types(s): none

CS 302
Cr. 3.0
Designing and Implementing Routing in Enterprise Networks
Prepares students with knowledge and skills necessary to use advanced IP addressing and routing in implement-
ing scalable and secure routers connected to LANs and WANs. Also covers configuration of secure routing solutions to support branch offices and mobile workers.
Prerequisites: Computer Science 212 and 222, both passed with a grade of C or higher.
Course Types(s): none

**CS 306 Cr. 4.0**

*Computer Algorithms II*
Continuation in depth and breadth of the design, implementation, and use of data types (list, binary search tree, tree, hash table, graph); intermediate algorithm design; complexity analysis. Four hours per week.
Prerequisite: Computer Science 205, passed with a grade of C or higher.
Course Types(s): none

**CS 310 Cr. 4.0**

*Advanced Object-Oriented Programming and Design*
Object-oriented programming and design, using a language different from that used in Computer Science 176. Use of classes, inheritance, polymorphism, and libraries. Topics will include flexible system design for such requirements as globalization.
Prerequisite: Computer Science 205, passed with a grade of C or higher; and English 101 and 102 or permission of the instructor.
Course Type(s): WT

**CS 312 Cr. 3.0**

*Designing and Implementing Switching in Enterprise Networks*
Prepares students with knowledge and skills necessary to plan, configure, and verify the implementation of complex enterprise switching solutions using Enterprise Architecture. Also covers secure integration of VLANs, WLANs, and voice and video into campus networks.
Prerequisite: Computer Science 302.
Course Types(s): none

**CS 315 Cr. 3.0**

*Theory of Computing*
An introduction to phrase structure languages and their relation to automata, computability, and program verification.
Prerequisites: Computer Science 176 or 275, passed with a grade of C or higher and either Computer Science 202 or Mathematics 120 or 130, passed with a grade of C or higher.
Course Types(s): none

**CS 316 Cr. 3.0**

*Implementing Network Security*
Prepares students with knowledge and skills required to secure networks. Includes topics on core security technologies, the installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data and devices, and competency in the technologies that use its security structures. A hands-on career oriented course, with an emphasis on practical experience, to help students develop specialized security skills, along with critical thinking and complex problem solving skills.
Prerequisites: Computer Science 212 and 222; both passed with a grade of C or higher.
Course Types(s): none

**CS 320 Cr. 3.0**

*IP Telephony Design and Implementation*
Prepares students with knowledge of how to implement and support data and voice integration solutions at the network-access level. Topics covered include basic IP Telephony operation, router configuration, support, troubleshooting, and integration with an existing PSTN network.
Prerequisites: Computer Science 212 and 222.
Course Types(s): none

**CS 322 Cr. 3.0**

*Network Troubleshooting*
Prepares students with knowledge and skills necessary to plan and perform regular maintenance on complex enterprise routed and switched networks and use technology-based practices to perform network troubleshooting.
Prerequisite: Computer Science 312, passed with a grade of C or higher.
Course Types(s): none

**CS 324 Cr. 3.0**

*Computer Architecture II*
Boolean algebra, combinational and sequential circuit devices are presented in lectures and laboratory. Computer hardware organization. Memory and CPU design. CPU control with microcode. Four hours per week.
Prerequisite: Computer Science 286, passed with a grade of C or higher.
Course Types(s): none

**CS 325 Cr. 3.0**

*Software Engineering Concepts*
Overview of software engineering concepts, analysis/design techniques, Unified Modeling Language (UML),
software documentation, and group development of software.
Prerequisite: Computer Science 205 passed with a grade of C or higher; and English 101 and 102 or permission of the instructor.
Course Type(s): WT

**CS 330**  
**Administrating Unified Communication Manager**  
Cr. 3.0  
Prepares students with knowledge of deploying a Unified Communications Manager to support single site and multi-site deployment models.
Prerequisites: Computer Science 212 and 222, passed with a grade of C or higher.
Course Type(s): none

**CS 335**  
**Programming Language Concepts**  
Cr. 3.0  
Design, evaluation, and implementation of programming languages. Discussion of imperative, applicative, object-oriented and concurrent languages. Four hours per week.
Prerequisite: Computer Science 205, passed with a grade of C or higher.
Course Type(s): none

**CS 330**  
**Research in Computer Science**  
Cr. 1.0 – 4.0  
Original research work, associated with an external constituent and/or organization, planned and carried out with assistance of faculty research advisor. Research conducted by the student will be shared with the external constituency and submitted for outside publication and review. Number of credits arranged with advisor. Limited to Computer Science students with approval of chair, program director, or advisor.
Prerequisites: Junior standing, Computer Science 306, passed with a grade of C or higher, a minimum of fifteen credits at Monmouth University, and a minimum GPA of 3.25.
Course Type(s): EX

**CS 360**  
**Introduction to Game Development**  
Cr. 3.0  
An introduction to the creation of computer/video games and the different elements of games, including computer graphics, animation, artificial intelligence, algorithms, data structures, networking, software development cycles and human-computer interaction. Also listed as SE 360.
Prerequisite: Computer Science 205 passed with a grade of C or higher.
Course Type(s): none

**CS 370**  
**Program Development Under Unix**  
Cr. 3.0  
Introduction to the use of the UNIX operating system and its utilities for incremental and distributed program development, maintenance, and debugging. The course covers the UNIX shell, utilities, and program development tools that are used for large projects involving multiple developers on multiple machines. Three hours per week.
Prerequisite: Computer Science 176 or Computer Science 275, passed with a grade of C or higher.
Course Type(s): none

**CS 371**  
**Scripting Languages**  
Cr. 3.0  
An introduction to programming using widely-used, dynamically-typed, interpreted programming languages, which are sometimes called scripting languages. Covers general-purpose scripting languages, such as Perl and Python that are used to develop a wide range of applications. Scripting languages, such as PHP, that are used primarily in web development, will not be covered in this course.
Prerequisite: Computer Science 176 or equivalent.
Course Type(s): none

**CS 375**  
**File Management**  
Cr. 4.0  
Overview of files, records and files, blocking and buffering, secondary storage devices; sequential file organization, external sort/merge algorithms; random access; relative file organization; tree-structured file organization; search trees, indexed sequential file organization; list-structured file organization; multiple-key file organization. Four hours per week.
Prerequisite: Computer Science 205, passed with a grade of C or higher.
Course Type(s): none

**CS 388**  
**Cooperative Education: Computer Science**  
Cr. 3.0  
Provides an opportunity for students who are engaged in a computer science-related experience. Fifteen to twenty hours of work experience per week. This course may be repeated for credit.
Prerequisites: Junior standing and thirty or more earned credits with at least fifteen taken at Monmouth University.
Course Type(s): EX

**CS 398**  
**Special Topics in Computer Science (300 Level)**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in
computer science to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Three or four hours per week. Prerequisite: As announced in the course schedule. Course Types(s): none

**CS 414**  
**Cr. 4.0**  
**Computer Networks**  
Provides introduction to computer-networking concepts, technologies, and services, including basic communications theory, analog and digital devices, Public Switched Telephone Network, data networks, LANs, wireless services, data protocols, the Internet, multi-media, and B-ISDN. Prerequisite: Computer Science 286, passed with a grade of C or higher. Course Types(s): none

**CS 418**  
**Cr. 3.0**  
**Compiler Construction**  
The principles and practices of incorporating the theory of finite automata and context-free languages, the maintenance and use of semantic information, and the generation and optimization of code to produce a compiler. Four hours per week. Prerequisite: Computer Science 205 passed with a grade of C or higher. Course Types(s): none

**CS 420**  
**Cr. 4.0**  
**Survey of Artificial Intelligence Concepts and Practices**  
Introduction to fundamental concepts and practices of artificial intelligence, covering problem definition, search techniques, knowledge representation, control knowledge, and symbolic reasoning. Includes at least two of the following advanced topics: planning, understanding, natural language processing, learning, connectionist models, common sense reasoning, and expert systems. Four hours per week. Prerequisite: Computer Science 205, passed with a grade of C or higher. Course Types(s): none

**CS 432**  
**Cr. 4.0**  
**Database Systems**  
Overview of database system concepts; data modeling; ER and UML diagrams; relational database schema definition; database design; query languages; hands-on experience of SQL and Oracle. Four hours per week. Prerequisite: Computer Science 205, passed with a grade of C or higher. Course Types(s): none

**CS 435**  
**Cr. 3.0**  
**Systems Programming**  
Introduction to the implementation of basic system software: text editors, assemblers, loaders, and macro processors, with emphasis on software methodology for creating and maintaining large programs. The language of instruction will be C, which will be briefly introduced. Four hours per week. Prerequisites: Computer Science 286 and 205, both passed with a grade of C or higher, and Senior standing. Course Types(s): none

**CS 438**  
**Cr. 4.0**  
**Operating Systems Analysis**  
Management of memory, processes, files, and devices. OS design principles and performance measures. Multiprogramming, multiprocessor, concurrency, deadlock, virtual machines. Competitive and cooperating processes. Programs will be written in C. Throughout the course, students will be expected to work in pairs to solve problems and in a larger group for a more substantial project. Prerequisites: Computer Science 286 and 205, passed with a grade of C or higher. Course Types(s): none

**CS 445**  
**Cr. 3.0**  
**Computer Graphics**  
Drawing lines and curves, area filling, fractals, three dimensional viewing, clipping, ray-tracing, shading, hidden line and surface removal. Four hours per week. Prerequisite: Computer Science 205, passed with a grade of C or higher. Course Types(s): none

**CS 461**  
**Cr. 3.0**  
**Simulation and Modeling**  
An introduction to the use of discrete event simulation and other modeling methods and tools to predict the performance of computer systems and communications networks. Prerequisite: Computer Science 205, passed with a grade of C or higher; Mathematics 319 recommended. Course Types(s): none

**CS 471**  
**Cr. 3.0**  
**System Administration**  
Fundamental topics in system administration, focused
primarily on UNIX administration with added coverage of Microsoft Windows NT descendant systems. The course is a hands-on introduction to installing and maintaining modern, multi-user, production UNIX-like operating systems and the essential services that are hosted on these systems.

Prerequisite: Computer Science 370, passed with a grade of C or higher.

Course Types(s): none

CS 488 Cr. 3.0
Cooperative Education: Computer Science
Provides an opportunity for students who are engaged in a computer science-related experience. Fifteen to twenty hours of work experience per week. May be repeated for credit.

Prerequisites: Junior standing and thirty or more earned credits with at least fifteen taken at Monmouth University.

Course Type(s): EX

CS 490 Cr. 4.0
Senior Project
Affords the student an opportunity to integrate topics and techniques from previous coursework in a capstone project. The project will combine investigation into computer science literature and actual implementation, either in an area of current research or an application area of interest to industry. Implementation might involve collaboration with other students. The project will be presented formally, both orally and in written form. This course satisfies the reasoned oral discourse requirement for computer science students.

Prerequisites: Computer Science 325 and 432, passed with a grade of C or higher.

Course Type(s): RD

CS 498 Cr. 1.0 – 3.0
Special Topics in Computer Science (400 Level)
An intensive study of a particular subject or problem in computer science to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Three or four hours per week.

Prerequisite: As announced in the course schedule.

Course Types(s): none

CS 499 Cr. 1.0 – 3.0
Independent Study in Computer Science
Independent study in a computer science topic not substantially treated in a regular course; for students with superior ability. One-hour consultation per week.

Prerequisite: Prior permission of directing professor and department chair required.

Course Types(s): none

DA 101 Cr. 3.0
Dance Appreciation
Introduction to the extraordinarily diverse dance forms found throughout the world. Development of an appreciation of dance as an art. The history, aesthetic elements, and communicative power of dance movements will be examined.

Course Types(s): AT

DA 151 Cr. 3.0
Movement for the Performer
Designed for the students to gain body awareness and proper body alignment through physical practice and imagery, while learning proper dance terminology. Creative movement, improvisation, and choreography will also be addressed. By the end of the course, the student will be able to properly warm-up the body in preparation for performance.

Course Types(s): AT

DA 198 Cr. 1.0 – 3.0
Special Topics in Dance (100 Level)
An intensive study of a particular dance form to be announced prior to registration, involving the practical application of a dance form through practice and performance.

Prerequisite: As announced in the course schedule.

Course Types(s): AT

DA 207 Cr. 3.0
Modern Ballet I
Integration of the techniques of modern and classical ballet; modern ballet history and theory to be examined, with emphasis on movement and performance.

Course Types(s): AT

DA 209 Cr. 3.0
Jazz Dance I
Introduction to jazz dance techniques; skills development in jazz movement, body control, and stage performance.

Course Types(s): AT

DA 211 Cr. 3.0
Jazz Dance II
Advanced jazz dance techniques; advanced skills development in jazz movement, body control, and stage performance.
Prerequisite: Dance 209 or permission of the instructor.
Course Types(s): AT

DA 298  Cr. 1.0 – 3.0
Special Topics in Dance (200 Level)
An intensive study of a particular dance form to be announced prior to registration. The course involves the particular application of the dance form through practice and performance.
Prerequisite: As announced in the course schedule.
Course Types(s): AT

DA 299  Cr. 1.0 – 3.0
Independent Study in Dance
Guided Research in selected topics in Dance.
Course Types(s): none

DA 301  Cr. 3.0
Choreography
How to initiate, develop, manipulate, and edit movement to craft a dance with form and intent. Teaches creative and practical skills. The conception, planning, and realization of complete dances will be studied and practiced. Students will create and perform their own choreography. Outstanding work will be showcased in departmental productions.
Course Types(s): AT

DA 499  Cr. 1.0 – 3.0
Independent Study in Dance
Guided research on selected topics in Dance.
Course Types(s): AT

ED 050  Cr. 0.0
English as a Second Language Instruction for Undergraduate International Students
This is a pass/fail course.
Course Types(s): none

ED 101  Cr. 1.0
Transition to College
The identification and management of the academic and socio-emotional issues confronting the student during the transitional stage from secondary to post-secondary education.
Prerequisite: Permission of the instructor.
Course Types(s): none

ED 250  Cr. 3.0
Foundations of Teaching and Learning
Enhances a teacher candidate’s background in principles and practices of elementary and secondary education, including curriculum planning, evaluation, procedures, classroom management, core curriculum standards, and school organization. Relevant information about national and state standards (NCATE, INTASC, PRAXIS, NBTS, and NJCCCS) will be addressed. Sociological, historical, and philosophical foundations of education are examined. Observation and participation in actual classroom procedures are required through structured field experiences. Education majors only.
Prerequisites: Educational Leadership 201, a minimum GPA of 3.00, and Sophomore standing. Must have successfully passed the Basic Skills Assessment Core Academic Skills for Educators (CORE); or prior approval by department (bases on SAT or ACT scores).
Course Types(s): none

ED 319  Cr. 3.0
Content Literacy
Designed to focus on the development of literacy through the integration of literature and literate thinking across the curriculum for academic-content learning at the secondary level. It emphasizes the implementation of both teaching and learning strategies to develop independent learners. Limited to Education majors.
Prerequisites: A minimum GPA of 3.00; English 101 and 102 or permission of the instructor.
Prerequisite or Corequisite: Education 250.
Course Type(s): EX, WT

ED 320  Cr. 3.0
Teaching Students with Diverse Needs
Addresses two issues in today’s field of education: ESL students in mainstream classrooms and students with special needs in inclusion classrooms. The relevant topics will be explored to provide teacher candidates with a theoretical foundation, an understanding of their legal responsibility, and an opportunity to design instruction addressing various needs of diverse students in an inclusive setting. Limited to Education majors.
Prerequisites: Education 250, a minimum GPA of 3.00; and English 101 and 102 or permission of the instructor.
Course Type(s): RD, WT

ED 327  Cr. 3.0
Theories and Practice of ESL Instruction Part I
With an emphasis on teaching English through content, part one of this two-semester course will introduce the
history of ESL teaching and critically explore exemplary curriculum designs and methods of teaching ESL. A wide range of ESL instructional materials, services, and assessment measures will be introduced and practiced, with an emphasis on standard-based content and ESL teaching. Both instructional design and implementation will be the focus for practice, with embedded language acquisition/learning theories and research studies carefully examined. Prerequisites: Education 320 and a minimum GPA of 3.00. Course Types(s): none

ED 328 Cr. 3.0
Theories and Practice of ESL Instruction Part II
A continuation of ED 327 examines public issues pertinent to ESL education, with an emphasis on making connections between theories or research findings and classroom practice. More approaches to ESL instruction will be introduced with an emphasis on various strategies and techniques for teaching specific language skills in a standard-based content and ESL teaching program. Reflective practice is an integral part. Prerequisites: Education 327 or 374, English 442, and a minimum GPA of 3.00. Course Types(s): none

ED 331 Cr. 2.0
Music for the Child
Methods and materials of teaching in the elementary school (K-8); singing, rhythmic expression, listening, use of simple instruments, and correlating music with other areas of learning. For Education majors only. Also listed as Music 331. Prerequisites: Music 151 and 218. Course Types(s): none

ED 333 Cr. 2.0
The Teaching of Music in the Secondary School
Study and application of appropriate concepts, methods, skills, and materials for secondary-school music teachers. For Education majors only. Also listed as Music 333. Prerequisites: Music 151 and 218. Course Types(s): none

ED 336 Cr. 3.0
Applied Linguistics for the Language Educator
Designed to introduce students to the concepts of linguistics as related to bilingual education and the teaching of English as a second language. Students will also learn structural aspects of linguistics, including morphology (words), syntax (sentence patterns), semantics (the meaning of words), phonetics and phonology (the sounds of language), pragmatics (the way language works in the world), and English grammar. Students will gain familiarity with important theories, research, and how the English language works. Education majors only. Prerequisite: A minimum G.P.A. of 3.00. Course Types(s): none

ED 351 Cr. 3.0
Methods of Teaching Art I
The history and philosophy of art education; the construction of art curricula and the exploration of teaching methods; media and tools appropriate for the educational level. Methods I deals with the needs of the elementary school child. Open to Education majors only. Also listed as Art 351. Prerequisites: Art 114, 116, and 192. Course Types(s): none

ED 352 Cr. 3.0
Methods of Teaching Art II
The history and philosophy of art education; the construction of art curricula and the exploration of teaching methods; media and tools appropriate for the educational level. Methods II deals with the needs of the adolescent. Open to Art and Education majors only. Also listed as Art 352. Prerequisite: Art 351 or Education 351. Course Types(s): none

ED 360 Cr. 3.0
Methods of Teaching Elementary Mathematics
Designed to provide a profound understanding of the concepts taught in elementary school mathematics. Demonstrated for teacher candidates are techniques to foster conceptual development in young learners, thus producing confidence and success in the learning of mathematics. The essential elements of instruction, assessment, grouping strategies, and effective questioning are illustrated and honed when planning to address the instructional needs for diverse learners in mathematics. Prerequisites: Mathematics 103 or 203, Educational Leadership 326, and a minimum GPA of 3.00. Course Type(s): EX

ED 361 Cr. 3.0
Methods of Teaching Science for Elementary School
Designed for those without a strong background in science (although those with a strong background will also benefit greatly from this course). The intent of this course is to provide an integrated perspective for teaching sci-
ence from pre-kindergarten through grade 8. This course has a field experience component.
Prerequisites: Educational Leadership 326 and a minimum GPA of 3.00.
Course Type(s): EX

ED 362  Cr. 3.0
Teaching Elementary Social Studies
Introduces elementary teacher certification candidates to the social studies curriculum and methods. Course content will emphasize national and state standards for social studies education, cross-curriculum integration, particularly world languages and culture, personal and social problem solving, and situated cognition in social studies education learning. The essential elements of planning, instruction, and assessment are explored to address the needs of diverse learners in social studies education.
Prerequisites: Educational Leadership 326 and a minimum GPA of 3.00.
Course Type(s): EX

ED 365  Cr. 3.0
Mathematics for the Secondary Teacher Part I
Designed to deepen future secondary-school teachers’ understanding of the complexities of the secondary mathematics curriculum and to build upon their competencies at the instructional implementation level. Teacher candidates are offered a unified perspective of curriculum and teaching at the secondary level in mathematics. Included is exploration into inquiry-based learning, the essential elements of instruction, assessment, grouping strategies, and effective questioning as these techniques are utilized to bring conceptual understanding of important mathematics to all learners in this content area. The experiential component provides the candidates with opportunities to translate theory into practice.
Prerequisites: Education 319 or Educational Leadership 327 and a minimum GPA of 3.00.
Course Type(s): EX

ED 366  Cr. 3.0
Mathematics for the Secondary Teacher Part II
Deepens the understanding of future secondary-school teachers in the complexities of the secondary mathematics curriculum and builds their competencies at the level of instructional implementation. Instructional methodologies studied in Education 365 will be more broadly applied to more advanced mathematical concepts. Limited to Education majors.
Prerequisites: Education 365 and a minimum GPA of 3.00.
Course Type(s): EX

ED 367  Cr. 3.0
Teaching Language Arts at the Secondary Level Part I
As a component of the teacher-education program, the intention is to introduce to future secondary English/Language Arts teachers the fundamental concepts of curriculum design and instructional planning. To also introduce a variety of approaches to curriculum design with an emphasis on the two distinct but important goals of language arts education: developing general literacy skills and discovering the inner joy of reading literature and using language as a tool for communication. Topics related to decision-making, classroom management, and instructional planning are treated in depth to help prospective teachers master the basic competencies at the level of planning to fulfill the requirement for state and national certification. The experiential component provides the students with opportunities for hands-on experiences for deepening understanding and strengthening competencies.
Prerequisites: Education 319 or Educational Leadership 327 and a minimum GPA of 3.00.
Course Type(s): EX

ED 368  Cr. 3.0
Teaching Language Arts at the Secondary Level Part II
Provides in-depth preparation to teacher candidates desiring to teach English/Language Arts at the secondary level by extending the essential knowledge, skills, and strategies grounded in research and related to effective classroom instruction. Teacher candidates will have increased opportunities to apply theory and refine practice in the use of print and non-print texts and in the integration of the English Language Arts. The NCTE/IRA and New Jersey Core Content Curriculum Standards will be an integral part of the course. Candidates are required to complete a thirty-hour practicum in a local school.
Prerequisites: Education 367 and a minimum GPA of 3.00.
Course Type(s): EX

ED 369  Cr. 3.0
Methods of Teaching Science for the Secondary Teacher Part I
Science methods for middle- and secondary-education students is designed for those with a background in science. The intent is to provide an integrated perspective of teaching science from grade 5 through grade 12. It also provides active learning of science concepts through various inquiry activities. Following the learning theories that have produced both the National Science Education
Standards and the New Jersey Core Curriculum Content Standards for science, it will utilize projects, cases, and problems in real-world settings, using a diversity of instructional methods and strategies to provide each student with the opportunity to learn how to teach inquiry and problem-solving across the sciences. It has a thirty-hour field experience component. 
Prerequisites: Education 319 or Educational Leadership 327, and a minimum GPA of 3.00.  
Course Type(s): EX

ED 370 Cr. 3.0  
Methods of Teaching Science for the Secondary Teacher Part II  
Science methods for middle- and secondary-education students is designed for those with a strong background in science. The intent is to provide an integrated perspective of teaching science from grade 9 through grade 12. Also will provide active learning of science concepts through various inquiry activities. Following the learning theories that have produced both the National Science Education Standards and the New Jersey Core Curriculum Content Standards for science, it will utilize projects, cases, and problems in real-world settings, using a diversity of instructional methods and strategies to provide each student with the opportunity to learn how to teach inquiry and problem-solving across the sciences. It has a thirty-hour field component. Limited to Education majors. 
Prerequisites: Education 369 and a minimum GPA of 3.00.  
Course Type(s): EX

ED 371 Cr. 3.0  
Teaching Social Studies at the Secondary Level Part I  
Introduces the middle- and secondary-level teacher certification candidate to social studies curriculum and methods. Course content will emphasize national and state standards for social studies education curriculum across the traditional social science disciplines. 
Prerequisites: Education 319 or Educational Leadership 327 and a minimum GPA of 3.00.  
Course Type(s): EX

ED 372 Cr. 3.0  
Teaching Social Studies at the Secondary Level Part II  
Expands and further develops competencies. Instructional methodologies focusing on a constructivist, student-centered approach will be explored. Targets strategies for future secondary teachers to meet the New Jersey Core Curriculum Content Standards for Social Studies to include: infusing Economics and Geography into the curriculum, developing greater technology coalescence, extending cross-curriculum lesson plans, embracing a pluralistic approach, and expanding multicultural themes. Fosters the development of effective inquiry-based curriculum activities making active use of community-based resources. Education majors only. 
Prerequisites: Education 371 and a minimum GPA of 3.00.  
Course Type(s): EX

ED 374 Cr. 3.0  
Issues and Practices in World Language Education Part II  
Issues and practices in world language curriculum and instruction. Fieldwork required. Designed to expand future world language teachers’ understanding of the complexities of the content-based instruction in curriculum design and strengthen their competencies with a focus on standard-based language instruction that addresses the national and state standards. Issues related to decision-making, classroom management, assessment and reporting systems, student diversity, and role of community will be explored. The experiential component of the course provides the students with opportunities for hands-on experiences for deepening understanding and strengthening competencies. For Education majors only. 
Prerequisites: Education 319, Education or Foreign Languages 427, and a minimum GPA of 3.00.  
Course Type(s): EX

ED 375 Cr. 3.0  
Integrated Secondary Teaching Methods Part I  
As a component of the teacher-education program, the intention is to introduce future secondary teachers to the fundamental concepts of curriculum design and instructional planning. It focuses on a constructivist approach to instructional planning and practices. Topics related to decision-making, classroom management, and instructional planning are treated in depth to help prospective teachers master the basic competencies at the level of planning to fulfill the requirement for state and national certification. The experiential component of the course provides the students with opportunities for hands-on experiences for deepening understanding and strengthening competencies. Limited to Education majors. 
Prerequisites: Education 319 and a minimum GPA of 3.00.  
Course Type(s): EX
ED 376  Cr. 3.0
*Integrated Secondary Teaching Methods Part II*
Deepens future secondary-school teachers’ understanding of the complexities of the curriculum and builds their competencies at the level of instructional implementation in specific subject areas (e.g., science, math, language arts, social studies, world languages, arts). Focuses on a broad spectrum of instructional methodologies and techniques that are workable in today’s classrooms and that address the needs of diverse learners. A constructivist approach to planning and instruction will be emphasized. Provides students with opportunities for hands-on experiences for deepening understanding and strengthening competencies. Limited to Education majors.
Prerequisites: Education 375 and a minimum GPA of 3.00.
Course Type(s): EX

ED 377  Cr. 3.0
*Integrated K-12 Teaching Methods*
Deepens future K-12 school teachers’ understanding of the complexities of the curriculum and builds their competencies at the level of instructional implementation in specific subject areas (e.g., music, arts, and world languages, etc.). Focuses on a broad spectrum of instructional methodologies and techniques that are workable in today’s classrooms and which address the needs of diverse learners. A constructivist approach to planning and instruction will be emphasized. The experiential component of the course provides the students with opportunities for hands-on experience for deepening understanding and strengthening competencies.
Prerequisites: Education 319, 320 and a minimum GPA of 3.00.
Course Types(s): none

ED 378  Cr. 3.0
*Methods of Teaching Health K-12*
Focuses on the planning, development, and teaching of health education in K-12 school settings. Emphasis will be placed on using recent data and contextual information to design instruction that focuses on the importance of exercise, family and community, school and work environments, and diet to promoting and maintaining good health throughout life for students with diverse needs and from diverse backgrounds. Field experience is required.
Prerequisites: Education 320 and a minimum G.P.A. of 3.00.
Course Types(s): none

ED 379  Cr. 3.0
*Methods of Teaching Physical Education K-12*
Designed to present current methods and techniques of teaching physical education to students in grades K-12. Particular attention will be on new techniques for adjusting tasks for a wide variety of children’s interests, abilities, and learning styles, and ensuring safe use of equipment in physical education. Also, lifetime sports and activities for students with diverse needs and from diverse backgrounds will be highlighted. Field experience is required.
Education majors only.
Prerequisites: Education 320 and a minimum GPA of 3.00.
Course Types(s): none

ED 380  Cr. 3.0
*Middle Level Learning and Teaching*
The candidate will examine aspects of middle-level schooling that are responsive to the nature and needs of adolescents. The candidate will apply knowledge of adolescents’ cognitive and affective development to design learning environments and to structure and implement learning experiences that effectively promote academic achievement and personal growth for all middle-grade students.
Prerequisites: Education 250, 320, and a minimum GPA of 3.00.
Course Type(s): EX

ED 398  Cr. 1.0 – 3.0
*Special Topics in Education (300 Level)*
An intensive study of a particular subject or problem in education to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisites: As announced in the course schedule and a minimum GPA of 3.00.
Course Types(s): none

ED 416  Cr. 8.0
*Student Teaching*
Full-time school assignment under the daily supervision of a cooperating teacher. In addition, the supervisor from Monmouth University observes, evaluates, and confers with the student teacher a minimum of six times. Campus seminar(s) required. Applications for student teaching must be submitted by the end of the first semester of the Junior year (or completion of eighty credits). Limited to Education majors.
Prerequisites: Passing the appropriate state required teacher examinations, Senior standing, approval of the
department, and a minimum GPA of 3.00.
Course Type(s): EX

ED 416S  Cr. 1.0
Student Teaching Seminar
A one-credit seminar to be taken in conjunction with stu-
dent teaching.
Course Types(s): none

ED 427  Cr. 3.0
The Teaching of World Languages
Curriculum development in foreign languages at the ele-
mentary and secondary level; the study and application
of teaching methods and materials. Also listed as Foreign
Languages 427.
Course Types(s): none

ED 498  Cr. 1.0 – 3.0
Special Topics in Education (400 Level)
An intensive study of a particular subject or problem in
education to be announced prior to registration. May be
conducted on either a lecture-discussion or a seminar
basis.
Prerequisites: As announced in the course schedule and
a minimum GPA of 3.00.
Course Types(s): none

ED 499  Cr. 1.0 – 3.0
Independent Study in Education
Independent research in education in an area not sub-
stantially treated in a regular course offering under the
supervision of an Education faculty member; written
evaluation of the research is required. For students with
superior ability.
Prerequisite: Prior permission of the directing professor
and department chair. Application must be filed before
registration.
Course Types(s): none

ED 206  Cr. 3.0
Child and Adolescent Development
An introduction to the field of human development.
Concepts and theories of child and adolescent growth
and development will be covered from the prenatal period
through adolescence. Education majors only.
Prerequisites: Educational Leadership 201 and a mini-
imum GPA of 3.00.
Course Types(s): none

ED 207  Cr. 3.0
Introduction to Language Development
Provides an overview of the development of language
over the course of the lifespan. An introduction to the
normal acquisition of language including the components
of language, as well as the physical, social, and cognitive
basis for language. Theories of language development
and how language evolves from infancy to adulthood will
be discussed. Cultural influences on language develop-
ment will also be explored.
Course Types(s): none

ED 211  Cr. 3.0
Introduction to Phonetics
Provides students with the skills needed to produce,
transcribe, and describe in articulatory terms, the indi-
vidual sounds used in speech. Will provide an introduc-
tion to sound patterns, phonetic transcriptions using the
International Phonetic-Alphabet, acoustic aspects of
phonetics, and the application of these skills to clinical
practice. Dialects and derivations of the English language
will be explored.
Course Types(s): none

ED 212  Cr. 3.0
Introduction to Communication Disorders
Provides an overview to the fields of speech-language
pathology, audiology, and education of the hearing
impaired. Will provide information regarding the nature,
etiology, symptom, and remediation of organic and neu-
rogenic disorders of speech, language, and hearing.
Additionally, this course will provide an overview of vari-
ous speech, language, and hearing disorders: the factors
related to the causes and severity of these disorders and
roles of professionals associated with the diagnosis and
severity of these disorders and roles of professionals
associated with the diagnosis and treatment, specifically
speech-language pathologists and audiologists.
Course Types(s): none
EDL 213  **Cr. 3.0**
*Neurological Bases of Communication*
Students will learn the neuroanatomical and neurophysiological underpinnings of speech, language, and hearing and will study how the nervous system controls communication. Additionally, the course will examine the cranial nerves and the circuits underlying sensory perception, motor action, and cognition as they relate to speech production and hearing.
Course Types(s): none

EDL 214  **Cr. 3.0**
*Anatomy and Physiology of Speech and Hearing*
Provides an understanding of the anatomical structures, as well as the physiological and functional mechanisms, essential for speech production. Specifically, the anatomy and physiology of respiration, phonation, articulation, resonance, and hearing will be covered in depth.
Course Types(s): none

EDL 215  **Cr. 3.0**
*Speech and Hearing Science*
Studies the nature of sound, sound transmission, and units of measurement necessary to understand the physiological, acoustic, and perceptual parameters of speech. Acoustics, speech production, and speech perception will be emphasized.
Course Types(s): none

EDL 280  **Cr. 3.0**
*Introduction to Early Childhood Education*
Examines the historical, philosophical, and theoretical foundations of early childhood education. Covers major aspects of the physical, socio-emotional, and cognitive development of young children from birth to eight years of age. Addresses major theories and concepts of child development, early childhood ethics and professionalism, developmentally appropriate practice, diverse early childhood curriculum and programs, inclusion, and home-school partnerships. Education majors only.
Prerequisite: A minimum GPA of 3.00.
Course Types(s): none

EDL 298  **Cr. 3.0**
*Special Topics in SLP*
An intensive study of a particular subject or problem in Speech, Language and Pathology to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisites: As announced in the course schedule and a minimum GPA of 3.00.
Course Types(s): none

EDL 325  **Cr. 3.0**
*Language and Early Literacy Development, Birth Through Kindergarten*
Focuses on language development and early literacy of regular, special education, and young learners from diverse backgrounds, birth through kindergarten, which involves a field experience. The content includes the study of the theories and acquisition of language development and sound awareness, the interrelated nature of language development and literacy, the appropriate development and assessment of language and early literacy, methods for engaging and motivating all young learners, and strategies for involving families and community members. Education majors only.
Prerequisite: A minimum G.P.A. of 3.00.
Course Types(s): none

EDL 326  **Cr. 3.0**
*Literacy Instruction in K-6 Educational Settings I*
Focuses on the literacy development of regular and special education children, including those from diverse backgrounds in grades K-6. Ongoing assessment and instructional strategies will be explored in various engaging, literate, educational settings. Education majors only.
Prerequisites: Education 250 and a minimum GPA of 3.00.
Course Types(s): none

EDL 327  **Cr. 3.0**
*Literacy Instruction in K-6 Educational Settings II*
Focuses on the literacy development of regular and special education children, including those from diverse backgrounds in grades K-6. Ongoing assessment and instructional strategies for integrating literacy in the content areas will be explored in various, engaging, educational settings. Education majors only.
Prerequisites: English 101 and 102 or permission of the instructor, and a minimum GPA of 3.00.
Course Type(s): WT

EDL 333  **Cr. 3.0**
*Family Partnerships in Early Childhood Settings*
Covers the history and significance of family and community involvement in early childhood education: an overview of perspectives regarding family diversity, parent-professional partnerships and communication, early intervention and special education services, and the legal
Appendix A: Course Descriptions

and ethical rights of diverse contemporary families of young children. Contextual factors, social, cultural, racial, exceptionality, and environment, known to impact learning, will be addressed with an approach to develop the skills and knowledge needed for teachers to create positive working relationships with families and communities. Education majors only.
Prerequisites: English 101 and 102 or permission of the instructor, and a minimum GPA of 3.00.
Course Type(s): WT

EDL 363 Cr. 4.0
Early Childhood Curriculum and Methods
Examines basic principles and current research on early childhood curricula. The focus of the course is on designing an integrated, developmentally appropriate curriculum in order to strengthen all aspects of children’s development, including cognitive, language, social, emotional, and physical capabilities. Discusses the appropriate teaching methods that meet children’s individual, developmental, and cultural needs and the importance of observation and authentic assessment in curriculum planning. Also addresses the use of creative play to support children’s learning and development in early childhood settings. Education majors only.
Prerequisite: A minimum GPA of 3.00.
Course Type(s): none

EDL 398 Cr. 3.0
Special Topics in Educational Leadership
An intensive study of a particular subject or problem in educational leadership to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisites: As announced in the course schedule and a minimum GPA of 3.00.
Course Type(s): none

EDL 498 Cr. 3.0
Special Topics in SLP
An intensive study of a particular subject or problem in Speech, Language and Pathology to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisites: As announced in the course schedule and a minimum GPA of 3.00.
Course Type(s): none

EDL 499 Cr. 3.0
Independent Study in Educational Leadership
Independent research in education in an area not substantially treated in a regular course offering under the supervision of an Education faculty member; written evaluation of the research is required. For students with superior ability.
Prerequisite: Prior permission of the directing professor and department chair. Application must be filed before registration.
Course Type(s): none

EDS 330 Cr. 3.0
Human Exceptionalities
Philosophical, historical, and legal foundations of special education. The Council for Exceptional Children (CEC) Code of Ethics, the Professional Practice Standards for Teachers of Exceptional Learners, and the New Jersey Professional Teaching Standards are studied. Exploration of the similarities and differences among the cognitive, physical, cultural, social, and emotional needs of individuals with disabilities. Examination of the educational implications of characteristics of various exceptionalities. Educational implications for learners from diverse cultures and second-language learners will also be addressed. An overview of continuum of service delivery models will be explored with implications to various learners. Education majors only.
Prerequisites: English 101 and 102 or permission of the instructor, and a minimum GPA of 3.00.
Course Type(s): WT

EDS 332 Cr. 3.0
Family/School/Community Partnerships and Resources, P-12
Focus on the legal and historical perspectives of family involvement in special education. Family systems theory and parent-professional partnerships in decision making are included for all learners, P-12. Identifying appropriate community resources for persons with and without disabilities and their families and strategies for transition and career planning are addressed. Education majors only.
Prerequisite: A minimum GPA of 3.00.
Course Type(s): none

EDS 336 Cr. 3.0
Classroom Management
The study and application of various theories of behavior management for students with and without disabilities. Practical application of theories for classrooms are included. Addressing social competence skills and facilitating positive interpersonal relationships in classrooms are discussed. Field experience required. Education majors only.
Prerequisites: Special Education 330 and a minimum
Appendix A: Course Descriptions

GPA of 3.00.
Course Types(s): none

**EDS 338**
*Assessment Approaches, P-12*
An introduction to the use of assessment in making decisions about instructional grouping, exceptionality, eligibility, and educational programming. Students will learn about ethical standards for professional practice and standardized and teacher-developed assessment procedures. Practice is provided in using assessment data to make decisions about placement in a curriculum, pupil progress, appropriate long-term goals and short-term instructional objectives, and selection of instructional strategies. Both formal and informal assessment strategies are included. Education majors only.
Prerequisites: Special Education 330 and a minimum GPA of 3.00.
Course Types(s): none

**EDS 342**
*Instructional Methods and Materials for Middle/Secondary Students with Mild/Moderate Disabilities*
Study and application of curriculum, methods, materials, classroom organization, and management for secondary students with mild/moderate disabilities. Field experience required. Education majors only.
Prerequisites: Special Education 330, 336, 338, and a minimum GPA of 3.00.
Course Types(s): none

**EDS 350**
*Individualizing Curricula and Systematic Instruction for Special Education*
The development and application of research-based, effective teaching techniques, necessary adaptations, and supports to meet the learning needs of exceptional students, prescriptive models for intervention, and ways of observing, recording, and responding to behaviors. Field experience required. Education majors only.
Prerequisites: Special Education 330, 332, and 338, and a minimum GPA of 3.00.
Course Types(s): none

**EDS 352**
*Curricula, Methods, and Materials for Learners with Difficulties*
The development of educational programs and applications of curricula, methods, and materials appropriate for the strengths and needs of all students with disabilities and/or difficulties in special education and inclusive settings. Focus on identifying and creating adaptations to support students with difficulty learning in classrooms. Field experience required. Education majors only.
Prerequisites: Special Education 330, 336, and 338, and a minimum GPA of 3.00.
Course Types(s): none

**EDS 398**
*Special Topics in Special Education*
An intensive study of a particular subject or problem in education to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Education majors only.
Prerequisite: As announced in the course schedule and a minimum GPA of 3.00.
Course Types(s): none

**EDS 499**
*Independent Study in Special Education*
Independent research in education in an area not substantially treated in a regular course offering under the supervision of an Education faculty member; written evaluation of the research is required. For students with superior ability.
Prerequisite: Prior permission of the directing professor and department chair. Application must be filed before registration.
Course Types(s): none

**EN 100**
*Writing Workshop*
Development of skills useful for essay writing; opportunity to write in other forms; and projects to fit individual student needs. Offered in summer only; restricted to EOF students.
Course Types(s): none

**EN 101**
*College Composition I*
A college-level writing course designed to prepare students to make the transition from high school to college by familiarizing them with the standards for academic writing they will encounter throughout their educational and professional careers. Students will gain intense experience in writing academic prose that demonstrates knowledge, understanding, analysis, and application of ideas from a variety of progressively sophisticated and interrelated texts.
Course Types(s): none
EN 102 Cr. 3.0
College Composition II
Reinforces and expands the reading and writing activities taught in English 101 (academic writing demonstrating knowledge, understanding, analysis, and application of ideas). In addition to sustaining what has already been learned in other writing courses, EN 102 focuses on the academic research essay as a fundamental written form needed across the disciplines.
Prerequisite: English 101.
Course Type(s): none

EN 201 Cr. 3.0
Literature I: Ancient Through Renaissance
Works from the Ancient, Medieval, and Renaissance periods.
Prerequisites: English 101 and 102.
Course Type(s): LIT

EN 202 Cr. 3.0
Literature II: Neoclassical to the Present
Works from the Renaissance to the present.
Prerequisites: English 101 and 102.
Course Type(s): LIT

EN 211 Cr. 3.0
Environment and Pre-Modern Literature
Environmental criticism, sometimes called ecocriticism, examines the ways in which literary texts represent the natural world and human relationships with it. Looks at several works from the Ancient and Medieval periods, considering how people from different times and places before the modern era think about nature and natural resources.
Prerequisites: English 101 and 102.
Course Type(s): LIT

EN 212 Cr. 3.0
Literature of Oppression
Selected works of the eighteenth, nineteenth, and twentieth centuries are covered, with attention to representations of oppression as displayed in slavery, colonialism, imperialism, and post-colonial responses.
Prerequisites: English 101 and 102.
Course Type(s): LIT

EN 213 Cr. 3.0
Tragedy and the Tragic
Explores the nature of literary tragedy by having students consider the conventions of both classical and Shakespearean tragedy and decide whether literary narratives that are merely sad - particularly those in contemporary times and from genres other than drama - may similarly be termed tragedy.
Prerequisites: English 101 and 102.
Course Type(s): LIT

EN 214 Cr. 3.0
The Irish: Home and Abroad
A comparison of the Irish epic The Tain to The Odyssey and exploration of the literature and culture of Ireland and the Irish diaspora, which may include writers of Irish descent from Canada, the U.S., Australia, South America, and other parts of the world.
Prerequisites: English 101 and 102.
Course Type(s): LIT

EN 215 Cr. 3.0
Vampire Literature: Bite Me
Literature about vampires starting with nineteenth-century European texts and moving into the twentieth and twenty-first centuries in the Americas. These texts involve themes of vampirism representative to cultural, ethical, and political issues for their times.
Prerequisites: English 101 and 102.
Course Type(s): LIT

EN 216 Cr. 3.0
Illness in Literature
An examination of illness in literature.
Course Type(s): HE.EL, HEPE, LIT

EN 217 Cr. 3.0
Rebirth in Comedy
Selected texts of the tradition of comedy, from Ancient Greece to the present, including plays, novels, and movies.
Course Type(s): LIT

EN 226 Cr. 3.0
Literary Studies for English Majors
An introduction to literary studies. Close study of representative texts in fiction, poetry, drama, the essay, and literary theory and criticism; writing of analytical essays, integrating close reading of text with theoretical critical approaches.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): WT
EN 227  Cr. 3.0
Foundations of British Literature
A British and Irish literature survey from the Middle Ages through the late eighteenth century, emphasizing close analysis of texts and fundamental approaches to critical writing.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): WT

EN 228  Cr. 3.0
Foundations of American Literature
An American literature survey from the Colonial period to the Civil War, emphasizing fundamental critical terms and concepts and the use of writing to explore relationships between literature and criticism.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): WT

EN 229  Cr. 3.0
Non-European Literature in English
Survey of national literature from the non-Western, non-European world. Literary analysis and class reading of selected prose, poetry and dramatic literature.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): WT

EN 251  Cr. 3.0
Creative Writing: Introduction
Students analyze in a workshop setting readings in two or more genres of literature (poetry, fiction, drama, nonfiction) to observe techniques in craft, and present their own creative writings for intensive examination by workshop participants.
Prerequisites: English 101 and 102.
Course Types(s): none

EN 252  Cr. 3.0
Creative Writing: Fiction
Short-story writing with critiques. Repeatable once for credit with departmental permission.
Prerequisite: English 251, or permission of the instructor.
Course Type(s): ENCWU

EN 253  Cr. 3.0
Creative Writing: Poetry
Experiment with a variety of verse forms and techniques for the purpose of developing creativity and deepening the appreciation of poetry. Repeatable once for credit with departmental permission.
Prerequisite: English 251, or permission of the instructor.
Course Type(s): ENCWU

EN 254  Cr. 3.0
Creative Writing: Drama
The writing of one-act plays; development of comic and dramatic techniques. Repeatable once for credit with departmental permission.
Prerequisite: English 251, or permission of the instructor.
Course Type(s): ENCWU

EN 255  Cr. 3.0
Creative Writing: Nonfiction
Development of advanced writing skills to explore a variety of personal essay forms, such as the memoir, travel writing, and the lyric essay. Repeatable once for credit with departmental permission.
Prerequisite: English 251, or permission of the instructor.
Course Type(s): ENCWU

EN 271  Cr. 3.0
Professional Writing
An advanced writing workshop introducing the rhetorical principles and writing practices necessary for producing appropriate workplace writing; emphasis on a wide range of audiences, genres, ethical issues and contexts that professional writers commonly encounter.

Cr. 3.0
Mid-Nineteenth-Century American Literature
Literature of the United States from the rise of transcendentalism to the Civil War. Authors may include: Poe, Emerson, Thoreau, Whitman, Stowe, Douglass, Melville, and Hawthorne.
Prerequisites: English 101, 102, and three credits from courses with a course type of LIT.
Course Types(s): none

EN 329
Cr. 3.0
American Realism
American literature from 1870 to 1910, emphasizing developments in realistic fiction and poetry.
Prerequisites: English 101, 102, and three credits from courses with a course type of LIT.
Course Types(s): none

EN 331
Cr. 3.0
Twentieth-Century African American Literature
An overview of African American poetry, drama, fiction and non-fiction in the context of the Harlem Renaissance, the Civil Rights movement, the African American feminist movement, and the new African American Renaissance, while considering the contemporary events and literary movements that affected the writers. Authors include McKay, Hurston, Hughes, Baldwin, Morrison, Walker, Angelou, Wilson.
Prerequisites: English 101, 102, and three credits from courses with a course type of LIT.
Course Types(s): none

EN 332
Cr. 3.0
Modern American Literature
American writers from World War I to World War II, including Willa Cather, William Faulkner, Robert Frost, and Richard Wright.
Prerequisites: English 101, 102, and three credits from courses with a course type of LIT.
Course Types(s): none

EN 334
Cr. 3.0
Contemporary American Literature
American writers from World War II to the present, including Arthur Miller, James Baldwin, John Updike, and Elizabeth Bishop.
Prerequisites: English 101, 102, and three credits from courses with a course type of LIT.
Course Types(s): none

EN 341
Cr. 3.0
Twentieth Century South Asian Literature
Examines twentieth-century fiction, poetry, and essays by writers from India, Pakistan, Bangladesh, and Sri Lanka to consider the style and form they use to comment upon issues of nationalism, identity, anti-imperial sentiment, and modernization.
Prerequisites: English 101, 102, and three credits from courses with a course type of LIT.
Course Type(s): none

EN 352
Cr. 3.0
Craft of Writing
An in-depth study of the creative writing process, either single- or multi-genre. Students may develop a craft workbook that focuses on both traditional and contemporary literary forms and strategies. Students write by assignment and develop techniques of reviewing in order to compare and contrast major authors' aesthetics with their own creative gestures. A final portfolio may consist of approximately thirty pages of revised fiction, nonfiction, or drama, or approximately fifteen pages of revised poetry, or twenty to twenty-five pages, revised, of some combination of genres agreed upon between the student and the professor. The collection should be titled and given a cohesive arrangement. Repeatable once for credit, with departmental permission. Prerequisite: English 251, or permission of the instructor.
Course Type(s): ENCWU

EN 373
Cr. 3.0
The Art and Practice of Persuasion
Classical and contemporary perspectives on the nature, functions, and scope of persuasion and rhetoric. Potential print and visual texts for analysis include but are not limited to nonfiction prose, novels, short fiction, speeches, films, video clips, and Web sites.
Prerequisites: English 101, 102, and either English 201 or 202 or 215.
Course Types(s): none

EN 384
Cr. 3.0
Language and Community
Students will learn theories and best practices of tutoring and will apply them in literacy activities in community settings. Will convene in three chronological formats: training of how to tutor, internship hours, and reflection on application of tutoring theories in the internship hours. This course does not qualify as a 300+ English elective.
Course Type(s): EX
EN 388  Cr. 1.0 – 3.0
Cooperative Education: English
Integration and application of knowledge gained in the academic setting with career-related or community experiences. Work in an external setting, meeting at least three times in the semester with a faculty sponsor from the English department to establish reasonable goals and expectations for the experience, to determine progress at or near the mid-term and to make the final presentation - oral and written - for evaluation. This course may be repeated for credit.
Prerequisites: Completion of all required 100- and 200-level English courses and at least two English electives at the 200-level or higher; permission of department chair may also be required.
Course Type(s): EX

EN 398  Cr. 1.0 – 3.0
Special Topics in English (300 Level)
An intensive study of a particular subject or problem in English to be announced prior to registration.
Prerequisite: Three credits from courses with a course type of LIT, or permission of the instructor.
Course Types(s): none

EN 399  Cr. 1.0 – 3.0
Independent Study in English
Reading and research on a selected topic under the direction of an English department faculty member.
Instructor’s consent required.
Course Types(s): none

EN 405  Cr. 3.0
Chaucer
Selections from the Canterbury Tales, Troilus and Criseyde, and short poems in Middle English.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT, and one course from English 227-229, or written permission of the instructor.
Course Types(s): none

EN 414  Cr. 3.0
Place and Space in American Literature
Defines and differentiates spaces and places in various genres of American literature and explores how select texts reflect aspects of American regions, time periods, literary groups, culture, politics, history, aesthetics, identity, and/or mores. Students will analyze and interpret what diverse places and spaces represent and will apply theory about space and place in their evaluation of select literature.
Prerequisites: English 101, 102, 226, three credits from courses with a course type of LIT and two courses from EN 227-229.
Course Types(s): none

EN 415  Cr. 3.0
New Jersey Literature
An advanced survey of New Jersey literary history from the Colonial period to the present.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229, or written permission of the instructor.
Course Types(s): none

EN 416  Cr. 3.0
Secret Gardens: Classic Children’s Literature
English-language children’s literature, focusing on Golden Age illustrated narratives by authors such as Nesbit, Burnett, Milne, and Grahame, but also including poetry and earlier prose fiction by Carroll and Alcott.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229.
Course Types(s): none

EN 417  Cr. 3.0
Writing World War II In Britain
Major poems and prose of World War II Britain that treat the Battle of Britain, the Blitz, the Holocaust, and the North Africa campaign.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229, or written permission of the instructor.
Course Types(s): none

EN 421  Cr. 3.0
African Diaspora Literatures
The study of the twentieth-century literatures of worldwide African Diaspora. Primary texts will be drawn from different genres - prose, poetry, and drama - and will represent the different shores and locations of African Diasporas worldwide.
Prerequisites: English 101, 102, 226, three credits from courses with a course type of LIT and two courses from English 227-229 or written permission of the instructor.
Course Types(s): none
EN 424  Cr. 3.0
Postmodern Literature
Explores the works of key figures in postmodern American and/or British literature and includes a study of theoretical structures and cultural changes that help define literary postmodernism.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229.
Course Types(s): none

EN 425  Cr. 3.0
Postcolonial Literature
Selected literary representations of colonial and post-colonial discourses in literature, theory, and criticism. Focus on creative representation from African nations, the Caribbean, and the Indian Subcontinent.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229, or written permission of the instructor.
Course Types(s): none

EN 426  Cr. 3.0
The Short Story in English
Development of the short story genre in English from the eighteenth century to the present, including critical readings.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229; or written permission of the instructor.
Course Types(s): none

EN 427  Cr. 3.0
Contemporary Poetry
Analysis of selected, recent poets to evaluate developments in contemporary verse.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229, or written permission of the instructor.
Course Types(s): none

EN 428  Cr. 3.0
Novel in English
The development of long prose fiction from the eighteenth century to the present, with consideration of criticism that defines the novel as a genre.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229, or written permission of the instructor.
Course Types(s): none

EN 430  Cr. 3.0
Nature of Tragedy
Tragic literature in various genres and periods from the ancient Greeks to the present.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229, or written permission of the instructor.
Course Types(s): none

EN 431  Cr. 3.0
Contemporary Women Novelists
Critical analysis of selected novels from both literary and feminist perspectives.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses from English 227-229, or written permission of the instructor.
Course Type(s): GS

EN 441  Cr. 3.0
Criticism and Theory
Classic literary criticism and/or contemporary critical theory from Aristotle to Coleridge, Marx to Derrida, addressing how, why, and what we read.
Prerequisites: English 101, 102, 226, three credits from courses with a course type of LIT and two courses from English 227-229, or written permission of the instructor.
Course Types(s): none

EN 442  Cr. 3.0
Language and Linguistics
A grounding in the structural aspects of general linguistics: morphology, syntax, semantics, phonology, and pragmatics. Examines the structure of the English language, including nouns and noun classes, ways of talking about actions and states, how ideas are combined into complex sentences, and how context and purpose affect how we use language. Also considers differences between learning a first and second language.
Prerequisites: English 101, 102, three credits from courses with a course type of LIT, and two courses in any major with a course type of WT, or permission of the instructor.
Course Types(s): none
EN 443  Cr. 3.0
**History of the English Language**
The development of the English language from its Indo-European roots to the present, including both linguistic and cultural factors in language change.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT and two courses in any major with a course type of WT, or permission of the instructor.
Course Types(s): none

EN 451  Cr. 3.0
**Advanced Creative Writing**
Students analyze in a workshop-setting longer works (long poems and/or poetic-sequences; novellas; plays; creative nonfiction) in American and World literature to observe techniques in craft, and present their own capacious, sustained, and at times self-generative creative writings for intensive full-revised and cohesive final portfolio of a length appropriate to the genre.
Prerequisites: English 226 and 251 or permission of the instructor.
Course Type(s): ENCWU

EN 470  Cr. 3.0
**Theory and Practice of Writing**
Instruction in theories of expressive and expository writing and integration of language skills, with a focus on writing process research and its applications. Cannot be taken as an English 300+ elective. Limited to Education or Special Education majors only.
Prerequisites: English 101, 102, 226, three credits from courses with a course type of LIT, and two courses from English 227 -229, or written permission of the instructor.
Course Types(s): none

EN 474  Cr. 3.0
**Approaches to Composition Theory**
Instructions in the foundations of composition theory, with a focus on writing process research and its applications. Cannot be taken as an English 300+ elective. Limited to Education or Special Education majors only.
Prerequisites: English 101, 102, 226, three credits from courses with a course type of LIT, and two courses from EN 227-229, or written permission of the instructor.
Course Types(s): none

EN 475  Cr. 3.0
**Writing and New Media**
A study of theories and concepts of writing and rhetoric in digital media with emphasis on the uses of verbal and visual media in digital spaces, such as Web sites, blogs, and wikis. Topics examined include authorship, narrative, and multimedia participation, design, and creation.
Prerequisites: English 101, 102, and 226, one LIT-designated course, and two WT-designated courses in any major.
Course Types(s): none

EN 488  Cr. 1.0 – 3.0
**Cooperative Education: English**
Integration and application of knowledge gained in the academic setting with career-related or community experiences. Work in an external setting, meeting at least three times in the semester with a faculty sponsor from the English department to establish reasonable goals and expectations for the experience, to determine progress at or near the mid-term and to make the final presentation - oral and written - for evaluation. This course may be repeated for credit.
Prerequisites: Completion of all required 100- and 200-level English courses and at least two English electives at the 200-level or higher; permission of department chair may also be required.
Course Type(s): EX

EN 489  Cr. 1.0 – 3.0
**Internship in English**
Supervised practical experience in English; repeatable for credit.
Prerequisites: Departmental approval and Junior standing.
Course Type(s): EX

EN 491  Cr. 3.0
**Seminar in English**
A concentrated study on a single author, a related group of authors, or a single topic or theme, which includes the production of a scholarly paper based on substantial, independent research. This course is repeatable for credit.
Prerequisites: English 101, 102, 226, three credits from courses with a course type of LIT, and two courses from English 227 -229, or written permission of the instructor.
Course Types(s): none

EN 498  Cr. 1.0 – 3.0
**Special Topics in English (400 Level)**
An intensive study of a particular subject or problem in English to be announced prior to registration.
Prerequisites: English 101, 102, and 226, three credits from courses with a course type of LIT, and two courses from English 227-229, or written permission of the instructor.
Course Types(s): none
EN 499 Cr. 1.0 – 3.0
Independent Study in English
Reading and research on a selected topic under the direction of an English Department faculty member.
Prerequisites: English 101, 102, 201 or 202, 226, plus two courses from English 227-229, or written permission of the instructor.
Course Types(s): none

EX 287 Cr. 1.0 – 6.0
Service Learning Projects
Introduction to learning through community service. Under faculty supervision, students may work on service projects proposed by external sponsors and agencies. Students will learn about the issues, problems, and techniques associated with projects that address and solve real-world problems, and provide services and benefits to the community.
Prerequisite: Permission of the Experiential Education Committee.
Course Type(s): none

EX 387 Cr. 1.0 – 6.0

FI LAB
Conversation Practice
Separate lab component from intermediate course(s).
This is a pass/fail course.
Corequisite: Italian 201 or 202.
Course Types(s): none

FIR 101
Elementary Irish I
First semester Irish is an elementary-level communicative-based language course. An introduction to basic Irish grammar, vocabulary and communicative structures, this course is intended for students with no previous knowledge of the Irish language. In order to provide students opportunities to engage in spontaneous creativity in the language, students engage with diverse multi-media learning technologies and will study grammar as a means to a communicative end.
Course Types(s): none

FIR 102
Elementary Irish II
Second semester Irish is an elementary-level communicative-based language course. A continuation of the introduction to basic Irish grammar, vocabulary and communicative structures, this course is intended for students with Irish I or the equivalent. In order to provide students opportunities to engage in spontaneous creativity in the language, students engage with diverse multi-media learning technologies and will study grammar as a means to a communicative end.
Prerequisite: Irish 101.
Course Types(s): none

FL 101
Elementary Latin I
Elements of language structure through oral and written exercises in the classroom, supplemented by work in the language laboratory.
Course Types(s): none

FL 102
Elementary Latin II
Elements of language structure through oral and written exercises in the classroom, supplemented by work in the language laboratory.
Prerequisite: Latin 101.
Course Types(s): none

FL 199
Independent Study in Latin
Guided readings and research on an area or topic selected in consultation with the instructor. Regular conferences with the instructor and written reports.
Prerequisite: Prior permission of the directing professor and department chair.
Course Types(s): none

FO 199
Independent Study in Foreign Language
Guided readings and research on an area or topic selected in consultation with the instructor.
Course Types(s): none

FO 298
Special Topics in Foreign Literature
Reading in English translation of works by foreign authors. Topics may center on works by a single author or be chosen from a period or genre, and will vary from semester to semester.
Course Types(s): none

FO 299
Independent Study in Foreign Language
Guided readings and research on an area or topic selected in consultation with the instructor. Regular conferences with the instructor and written reports.
Course Types(s): none

FO 311
Independent Readings
Supervised readings in the original language for students who wish to do intensive work in their major field; materials are selected in consultation with the student’s advisor from the major field, and the student confers regularly with an instructor from the language staff.
Prerequisite: Intermediate proficiency in the language (202 or equivalent), and approval of the Foreign Language Studies chair, and the department for which
the student will do the reading.
Course Types(s): none

**FO 312**  
**Cr. 1.0 – 3.0**
*Independent Readings*
Supervised readings in the original language for students who wish to do intensive work in their major field; materials are selected in consultation with the student’s advisor from the major field, and the student confers regularly with an instructor from the language staff.
Prerequisite: Foreign Language 311.
Course Types(s): none

**FO 398**  
**Cr. 1.0 – 3.0**
*Special Topics in Foreign Literature*
Students study text in the original language. Course content will vary from semester to semester.
Prerequisite: Some knowledge of the language.
Course Types(s): none

**FO 399**

**FP 103**  
**Cr. 3.0**
*Elementary Portuguese for Business I*
Introduction to the elements of Portuguese language structure through oral and written practice in the classroom, supplemented by work in the language lab with emphasis on both spoken and written Portuguese relating to the business world.
Course Types(s): none

**FP 104**  
**Cr. 3.0**
*Elementary Portuguese for Business II*
Introduction to the elements of Portuguese language structure through oral and written practice in the classroom, supplemented by work in the language lab, with emphasis on both spoken and written Portuguese relating to the business world.
Prerequisite: Portuguese 103.
Course Types(s): none

**FS 101**  
**Cr. 3.0**
*Elementary Spanish I*
An elementary-level, communicative-based language course, intended for students with no Spanish at all or no more than two years of high school Spanish. Practice in the classroom is supplemented by work in the language laboratory. Spanish 101 is to be taken before 102.
Course Types(s): none

**FS 102**  
**Cr. 3.0**
*Elementary Spanish II*
An elementary-level, communicative-based language course, intended for students with no Spanish at all or no more than two years of high school Spanish. Practice in the classroom is supplemented by work in the language laboratory. Intended for students with no more than three years of high school Spanish or students who completed Spanish 101.
Prerequisite: Spanish 101.
Course Types(s): none

**FS 199**  
**Cr. 3.0**
*Independent Study in Spanish*
Guided readings and research on an area or topic select-
ed in consultation with the instructor. Regular conferences with the instructor and written reports.
Prerequisite: Prior permission of the directing professor and department chair.
Course Types(s): none

**FS 201  Cr. 3.0**  
**Intermediate Spanish I**
An intermediate-level, communicative-based language sequence (Spanish 201-202). A review of Spanish grammar, vocabulary, and communicative structures, this course sequence emphasizes skill development in speaking, listening comprehension, reading, and writing in Spanish through oral and written practice in the classroom and in the language laboratory. Students will also be introduced to Hispanic literature and culture through short literary and non-literary texts. Students who register for Spanish 201 must also register for a weekly session of conversation practice in the Foreign Language Resource Center, coordinated by the Department of Foreign Language Studies.
Prerequisite: Four years of high school Spanish or Spanish 102.
Course Types(s): none

**FS 202  Cr. 3.0**  
**Intermediate Spanish II**
An intermediate-level, communicative-based language sequence. A review of Spanish grammar, vocabulary, and communicative structures, this course sequence (Spanish 201-202) emphasizes skill development in speaking, listening comprehension, reading, and writing in Spanish through oral and written practice in the classroom and in the language laboratory. Students will also be introduced to Hispanic literature and culture through short literary and non-literary texts. Students who register for Spanish 202 must also register for a weekly session of conversation practice in the Foreign Language Resource Center, coordinated by the Department of Foreign Language Studies.
Prerequisite: Spanish 201.
Course Types(s): none

**FS 298  Cr. 3.0**  
**Special Topics in Spanish (200 Level)**
Students study text in the original language at an advanced level. Course content will vary from semester to semester.
Course Types(s): none

**FS 300A  Cr. 3.0**  
**Advanced Spanish Conversation and Oral Discourse**
Intended for non-native speakers of Spanish and is a pre-and/or co-requisite for FS 300B Advanced Conversation and Composition and a pre-requisite for all other 300- and 400-level courses in Spanish. This course is designed to bridge the gap between lower and upper division courses by providing students with optimal opportunities to practice their oral language skills at the high intermediate level. The course provides practice in all four language functions while placing special emphasis on conversation, listening, and oral presentation skills. Students who register for Spanish 300A must also register for a weekly one hour conversation practice lab at the time of registration.
Prerequisite: Spanish 202 or five or more years of Advanced Placement credits.
Course Types(s): none

**FS 300B  Cr. 3.0**  
**Advanced Spanish: Composition and Conversation II**
Oral and written use of correct, idiomatic Spanish, vocabulary building, oral discussion, composition, instruction in the presentation of material, and complementary laboratory work in preparation for the Oral Proficiency Interview. Students who register for Spanish 300B must also register for a weekly session of conversation practice in the Foreign Language Resource Center, coordinated by the Department of Foreign Languages.
Prerequisite: Spanish 202 or five or more years of Spanish or Advanced Placement credits.
Course Types(s): none

**FS 301  Cr. 3.0**  
**Introduction to Hispanic Literature**
Introduction to the four principal genres of Hispanic literature. Fundamentals of literary analysis through a selection of texts from Medieval through contemporary Spanish literature, and Colonial through twentieth-century Latin American literature.
Prerequisites: Spanish 300A or 318 (if not a native speaker) and Spanish 300B; and English 101 and 102 or permission of the instructor.
Course Type(s): WT

**FS 305  Cr. 3.0**  
**Survey of Spanish-American Literature**
Prerequisites: Spanish 301 or permission of the depart-
ment chair; and English 101 and 102 or permission of the
instructor.
Course Type(s): WT

FS 307

Cr. 3.0
Survey of Spanish Literature
Survey of Peninsular Spanish literature that focuses on
drama, short story, and poetry from the Medieval period
until the beginning of the eighteenth century. Emphasis
will be on the drama of the Renaissance and Baroque
periods, incorporating playwrights such as Lope de Vega,
Tirso de Molina, and Calderon de la Barca. In addition,
poets and writers such as Garcilaso, Fray Luis, Santa
Teresa, and Maria de Zayas are included. Taught in
Spanish.
Prerequisite: Spanish 301 or permission of the depart-
ment chair.
Course Types(s): none

FS 309

Cr. 3.0
Culture and Civilization of Spain
Study of the culture and civilization of Spain from pre-his-
toric times to the present day. The first part of the course
will present the major historical developments and artistic
movements of the Iberian Peninsula with special focus
placed upon the plastic arts (painting, architecture,
sculpture). The second part of the course will focus on
contemporary socio-cultural issues such as the Spanish
economy, politics (dictatorship and democracy), society,
and cultural life. Taught in Spanish.
Course Types(s): none

FS 310

Cr. 3.0
Culture and Civilization of Latin America
The natural aspects and historical evolution of the culture
and civilization of Latin American countries. Landmarks
in the political, economic, cultural, and social history of
the continent are traced from the pre-colonial times to the
present. Students are introduced to, and familiarized with,
the world of Latin American history, life, thought, and feel-
ings. Emphasis is given to aspects of Latin America today
such as the new political and economic map in the twen-
ty-first century, women’s impact in politics, LGBT issues,
religion, education, science and technology, music, art,
and film. Conducted in Spanish.
Prerequisites: English 101 and 102 or permission of the
instructor.
Course Type(s): WT

FS 311

Cr. 1.0 – 3.0
Independent Readings in Spanish
Supervised readings in the original language for students
who wish to do intensive work in their major field; materi-
als are selected in consultation with the student’s advisor
from the major field, and the student confers regularly
with an instructor from the language staff.
Course Types(s): none

FS 312

Cr. 1.0 – 3.0
Independent Readings in Spanish
Supervised readings in the original language for students
who wish to do intensive work in their major field; materi-
als are selected in consultation with the student’s advisor
from the major field, and the student confers regularly
with an instructor from the language staff.
Course Types(s): none

FS 313

Cr. 3.0
Commercial Spanish
Designed to acquaint the students with the mercantile
practice, documents, and terminology needed for the
understanding of the business usages of Spanish-
speaking countries.
Prerequisite: Spanish 202 or five or more years of
Spanish or Advanced Placement credits.
Course Types(s): none

FS 315

Cr. 3.0
Introduction to Spanish Linguistics
An introduction to the linguistic analysis of the Spanish
language from the point of view of its internal organiza-
tion and sound system. Intended for Spanish majors and
will be conducted entirely in Spanish. Students will be
introduced to the morphological study of the language; an
introduction to Spanish phonetics in theory and practice
will incorporate the history of the Spanish language from
Latin to modern Spanish. Discussion of Hispanic dialec-
tology and geolinguistics.
Prerequisite: Four years of high school Spanish or four
semesters of college Spanish.
Course Types(s): none

FS 318

Cr. 3.0
Spanish Pronunciation, Voice, and Diction
An analytical and practical study of contemporary Spanish
pronunciation, conducted completely in Spanish. Students
are introduced to the phonetics (the study of sounds) and
phonology (the study of the sound system) of the Spanish
language.
Prerequisites: Spanish 101, 102, 201, 202, or the equivalent as pursuant to the Foreign Language Studies Placement Policy.
Course Type(s): none

FS 398 Cr. 3.0
Special Topics in Spanish
Students study text in the original language. Course context will vary from semester to semester.
Course Type(s): none

FS 399 Cr. 1.0 – 3.0
Independent Study in Spanish
Guided readings and research on an area or topic of Spanish language, culture, and/or literature selected in consultation with the instructor. Regular conferences with the instructor and written reports.
Course Type(s): none

FS 402 Cr. 3.0
Advanced Spanish Conversation and Oral Proficiency
Advanced conversational practice in Spanish and review of Spanish grammar and vocabulary. This course focuses on the improvement of oral and aural communication skills in Spanish and aims to prepare students to achieve an oral proficiency rating of Advanced Low or higher, according to the ACTFL scale. This course is intended for Spanish and Spanish/Education majors, and should be taken in the student’s Sophomore or Junior year.
Prerequisites: Spanish 300A or 313 or 318.
Course Type(s): none

FS 403 Cr. 3.0
Spanish Literature of the Eighteenth and Nineteenth Centuries
Novels, drama, and poetry, with emphasis on the works of Iriarte, Moratin, Espronceda, Zorrilla, Becquer, Galdos, and others.
Course Type(s): FS.LT

FS 404 Cr. 3.0
Spanish Literature of the Twentieth Century
The evolution of Spanish literature from the Generation of 1898 to the present; analysis of the drama, novel, and poetry of the period.
Course Type(s): FS.LT

FS 405 Cr. 3.0
The Spanish-American Short Story
A critical study of the cuento (short story) in Spanish America. Major authors and trends are studied in historical and social contexts. By studying a significant number of short stories by authors both male and female from different countries, students will become acquainted with the development of this genre in Spanish America and get to know some of the most representative authors of the genre. They will learn to use different critical approaches to analyze their work. Readings will include, among others, works by: Isabel Allende, Mario Benedetti, Jorge Luis Borges, Rosa Maria Britton, Rosario Castellanos, Martha Cerda, Julio Cortazar, Jose Donoso, Rosario Ferre, Renee Ferrer, Gabriel Garcia Marquez, Jose Luis Gonzalez, Angelica Gorodischer, Liliana Heker, Elena Poniatowska, Horacio Quiroga, Juan Rulfo, Luisa Valenzuela, and Bella Clara Ventura. Taught in Spanish.
Prerequisites: Spanish 301 or permission of the instructor; and English 101 and 102 or permission of the instructor.
Course Type(s): FS.LT, WT

FS 406 Cr. 3.0
Cervantes
Analytical readings in Cervantes’ Entremeses, Novelas Ejemplares, and Don Quixote.
Course Type(s): FS.LT

FS 407 Cr. 3.0
The Spanish-American Novel I
The development of the novel in Spanish-America. Semester I: movements in the nineteenth century, the novel of the Mexican Revolution. Semester II: the novel of the twentieth and twenty-first centuries. Conducted in Spanish. Prerequisites: Two courses in Spanish at the 300-level or higher or permission of the instructor.
Course Type(s): FS.LT

FS 408 Cr. 3.0
The Spanish-American Novel II
The development of the novel in Spanish-America. Semester I: movements in the nineteenth century, the novel of the Mexican Revolution. Semester II: the novel of the twentieth and twenty-first centuries. Conducted in Spanish. Prerequisites: Two courses in Spanish at the 300-level or higher or permission of the instructor.
Course Type(s): FS.LT
FS 409  Cr. 3.0
Advanced Spanish: Grammar and Stylistics
Focuses on the study of advanced grammar and style through writing, translation, and oral practice in Spanish. It is intended for majors and for teachers or students intending to teach.
Prerequisites: Spanish 300A and 300B or Spanish 313. (Native Spanish speakers only need to take Spanish 300B with departmental approval.)
Course Types(s): none

FS 410  Cr. 3.0
Contemporary Spanish-American Women Writers
A survey of the literature written by contemporary Spanish-American women writers. Texts examined will cover the genres of novel, short story, and poetry. Consideration of women’s language and discourse, the relations between gender and writing considered within a historical context, and critical and theoretical aspects of gender and writing. Readings will include, among others, works by Claribel Alegría, Isabel Allende, Carmen Boullosa, Rosario Castellanos, Laura Esquivel, Rosario Ferre, Renee Ferrer, Elena Garro, Angelica Gorodischer, Liliana Heker, Silvia Molina, Cristina Peri-Rossi, Elena Poniatowska, Laura Restrepo, Marcela Serrano, Rosina Valcarcel, Zoe Valdes, and Ana Lydia Vega.
Prerequisites: Two courses in Spanish at the 300-level or higher or permission of the instructor.
Course Type(s): FS.LT

FS 411A  Cr. 3.0
Writing for the Media in Spanish
Focus on writing for all Spanish media (print and online news, television, radio). Fundamentals of news writing, news editing, online journalism, editorial writing, and feature writing will be studied. The class will be conducted in Spanish.
Prerequisites: Communication 211 and 215. Corequisites: Spanish 301 and 300B.
Course Types(s): none

FS 411B  Cr. 3.0
Writing for the Media in Spanish
Conducted in Spanish, focus will be on writing for all Spanish media (print and online news, television, and radio). Fundamentals of news writing, news editing, online journalism, editorial writing, and feature writing will be studied.
Prerequisites: Communication 102 and 350. Corequisites: Spanish 301 and 300B.
Course Types(s): none

FS 412  Cr. 3.0
Advanced Business Spanish I
Introduces the terminology and the techniques used in commercial transactions, including interpretation and writing of business materials. Enhances students’ ability to function effectively in an increasingly important commercial-language environment, locally in the United States as well as abroad, in any Spanish-speaking country. Develops students’ geographic literacy and cultural understanding of the Spanish-speaking world, as these are central to being able to successfully conduct business in Spanish. Concentrates on vocabulary and linguistic and cultural background needed when dealing with subjects such as goods and services, marketing, finance, foreign market, and import-export.
Prerequisite: Spanish 313.
Course Types(s): none

FS 413  Cr. 3.0
Advanced Business Spanish II
Introduces the terminology and the techniques used in commercial transactions, including interpretation and writing of business materials. Enhances students’ ability to function effectively in an increasingly important commercial-language environment, locally in the United States as well as abroad, in any Spanish-speaking country. Develops students’ geographic literacy and cultural understanding of the Spanish-speaking world, as these are central to being able to successfully conduct business in Spanish. Concentrates on vocabulary and linguistic and cultural background needed when dealing with subjects such as goods and services, marketing, finance, foreign market, and import-export.
Prerequisites: Spanish 313; and English 101 and 102 or permission of the instructor.
Course Type(s): WT

FS 414  Cr. 3.0
Current Issues in Business in the Spanish-Speaking World
Explores various topics and aspects of current business conditions, thought and policy in Spanish-America, Spain and the United States. Intended for students majoring in Spanish and International Business and any Spanish major interested in learning more about current topics in business of the Spanish speaking world.
Prerequisites: Spanish 300A and Spanish 300B or 313. With department approval, native Spanish speakers only need to take Spanish 300B.
Course Types(s): none
FS 415  
Cr. 3.0  
The Literature and Culture of Post-Franco Spain  
An in-depth analysis of the literary and cultural scene in contemporary Spain in light of the after effects of the Spanish Civil War and subsequent forty-year dictatorship. Will consider particular problems and issues that have arisen in democratic Spain through close readings and discussions of some of the most significant narrative and cinematic texts of the Post-Franco period including relevant literary and cultural criticism. Will be taught completely in Spanish.  
Prerequisites: Spanish 300B and 301.  
Course Type(s): FS.LT

FS 416  
Cr. 3.0  
Medieval and Golden Age of Spanish Literature  
An in-depth study of three periods of Spanish Peninsular literature: Medieval, Golden Age, and Baroque. Works include Poema de Mio Cid, La Celestina, La vida de Lazarillo de Tormes and other picaresque novels. The poetry of Gongora and Quevedo will also be studied. Taught in Spanish.  
Prerequisites: Spanish 301, 300B, and either Spanish 305 or 307 or permission of the department.  
Course Type(s): FS.LT

FS 455  
Cr. 3.0  
Latin American Seminar  
Interdisciplinary study and research on a topic of contemporary interest.  
Prerequisite: Permission of the Foreign Language Studies department.  
Course Type(s): none

FS 489  
Cr. 3.0  
Internship in Foreign Language  
Supervised practical experience in Spanish; repeatable for credit.  
Prerequisite: Departmental approval and Junior standing.  
Course Type(s): EX

FS 499  
Cr. 3.0  
Independent Study in Spanish  
Guided readings and research on an area or topic of Spanish language, culture, and/or literature selected in consultation with the instructor. Regular conferences with the instructor and written reports.  
Course Type(s): none
of spatial data relevant to many GIS applications and basic database management for organization of the data. Students will be introduced to various data-collection techniques through a combination of lectures, discussions, readings, and hands-on experience in the field. Not open to students who have taken GIS 350.

Course Types(s): none

GIS 335  
Advanced Geographic Information Systems and Homeland Security
Students will build upon the skills and information learned in HLS 235 Geographic Information Systems and Homeland Security to demonstrate advanced techniques in the analysis of spatial data to help the homeland security enterprise prevent, mitigate, respond to, and recover from intentional, natural, and accidental threats. Also listed as Homeland Security 335.

Prerequisite: Homeland Security 235.

Course Types(s): none

GIS 375  
Applications in Remote Sensing and Geographic Information Systems (GIS)
Introduction to intermediate and advanced uses of geographic information systems (GIS) for managing and analyzing remotely sensed data. Will be of specific interest to students working with environmental data such as biology, botany, urban planning, and archaeology.

Prerequisite: Geographic Information Systems 250.

Course Types(s): none

GIS 400  
Individualized GIS-Based Research Seminar
Participants in this seminar will, with the instructor’s guidance, 1) plan all aspects of their own discipline-specific research, 2) acquire all of the necessary data, 3) build and populate a spatial database for their data, 4) create a GIS to import, manipulate, and analyze their data, and 5) present their completed project.

Prerequisite: GIS 250.

Course Types(s): none

GIS 470  
Internship Seminar in Geographic Information Systems
Provides an internship for students who have taken a course in geographic information systems.

Prerequisite: GIS 250.

Course Type(s): EX

GL 100  
Diamonds, Drilling and Dinosaurs: Introductory Geology
Provides comprehensive coverage of the geosciences which spans from the formation of our universe to understanding the physical processes that affect the New Jersey coastline. The principles of geology and earth science are used to demonstrate to the student that the geosciences are involved in every aspect of their daily lives and to make them aware of the role they play in society both economically and physically.

Course Type(s): NS

GO 100  
People, Places, and Environments: Introduction to Geography
Emphasis on the introductory level, on cultural, physical, and world-regional geography. Topics include cultural and physical dimensions of the earth and the interrelationships of humans and the environment.

Course Type(s): SS.SV, TL

GO 101  
Principles of Human Geography
The human environment in which we live; the influence and effect of space, place, location, scale, distance, and movement separately and in their mutual interaction with the cultural, economic, social, and political, urban circumstances of peoples and places.

Course Type(s): BI.EL, CD, SS.SV, TL

GO 102  
Environmental Geography
Introduces students to the study of location, distribution, and interrelationships of the physical processes that form the environment, and how human activities influence these processes. Topics include: climate, biogeography, biodiversity, sustainability, as well as topography, map reading, and geographic information systems (GIS).

Course Type(s): SS.SV

GO 125  
Maps and Mapping
Introduction to the study of maps and cartography from the perspective of the social sciences. Topics will include: map types, the content and structure of maps, map interpretation, the history of mapping, map propaganda, the use of maps in society, and sources of data. Students will use maps and mapping to represent and interpret past and present economic, political, social, and geographic
phenomena.
Course Type(s): SS.SV

**GO 212**  
**Political Geography**  
The geographical aspects of internal political problems, international relations, and areas of current tension; and the problems of boundaries, sea and air routes, and internal communications of major powers, with emphasis on Europe and the Middle East.
Course Type(s): GU

**GO 212H**  
**The City in Film**  
Through the study of popular images of the city in film, reflect on urban problems and issues, as well as perceptions of the city changing over time. Explores themes in urban studies through the medium of film. The films are augmented by related readings and serve as a starting point for illumination and critique of the political economy and sociocultural dimensions of cities and urban society.
Course Type(s): HO

**GO 231**  
**Urban Sociology**  
Theoretical analysis of the modern urban community, including the history of the city and analysis of urban institutions and behavior patterns; problems relating to metropolitan and suburban areas, community planning, and urban renewal. Also listed as Sociology 231.
Prerequisite: Sociology 101.
Course Type(s): none

**GO 267**  
**Tourism Around the World**  
Introductory examination of the various factors that impact tourism in different parts of the world. Students will consider political, social, economic, cultural, and environmental factors that affect tourists, local populations, and the physical destinations. Also listed as Anthropology 267.
Course Type(s): BI.EL CC, GU, SUS

**GO 268**  
**Urbanization Around the World**  
Introduction to urbanization on a global scale. Historical and contemporary development of the world’s cities, using geographical approaches to urban analysis. Includes examination of urban forms and the local global, social, cultural, economic, political, and physical processes that shape and are shaped by cities, and the large and rapidly growing cities of the developing world that dominate and control the global economy. Also listed as Anthropology 268.
Course Type(s): CD, SUS

**GO 275**  
**Global Environmental Problems**  
Focus on the complex relationship between human beings and their environments in an effort to build an ecological perspective in a global framework. Discussion of basic issues of ecological science in terms of impact on both the Western and non-Western worlds. Also listed as Anthropology 275.
Course Type(s): GU, SUS

**GO 298**  
**Special Topics in Geography (200 Level)**  
An intensive study of a particular subject or problem in geography to be announced prior to registration.
Course Types(s): none

**GO 399**  
**Independent Study in Geography**  
Reading and research on a selected topic under the direction of a faculty member.
Course Types(s): none

**GO 450**  
**Internship Seminar in Applied Geography**  
Students gain practical experience in the application of geographical ideas and techniques through an internship and integrative capstone seminar. Only open to students minoring in geography.
Prerequisites: Completion of all other requirements of the minor.
Course Type(s): EX

**GO 489**  
**Internship in Geography**  
Provides an internship for students who have taken one or more courses in geography and wish to gain practical experience in the application of geographical ideas and techniques.
Prerequisite: Geography 101.
Course Type(s): EX

**GO 499**  
**Independent Study in Geography**  
Reading and research on a selected topic under the direction of a faculty member.
Prerequisites: Geography 101 and prior permission of the
directing professor and department chair.
Course Types(s): none

**GS 220**

**History of Advertising**

Designed to develop a critical understanding of the historical evolution of advertising in the United States, with critical attention to race, class, gender, and sexuality. We will explore the economic, political, and cultural factors that have contributed to the development of advertising, and which have been affected by advertising. Some of the topics to be discussed include: the rise of national advertising; the relation of advertising to consumption; advertising to children; political advertising; the relationship between advertisers and the medium in which they appear (magazines, television, radio, etc.); and broadcast and Internet advertising. Also listed as Anthropology 220 and History 220.

Course Type(s): GS, HSUS

**GS 225**

**Introduction to Gender Studies**

Examines gender inequalities and the pervasiveness of gender as a way of structuring/organizing social life. Emphasizes how gender as a social structure intersects with other social structures such as race, class, and sexuality to legitimze power and privilege and/or constrain diverse groups of people. Critiques conventional theories of gender and sociology and covers a broad spectrum of topics using feminist and sociological perspectives. Also pays attention to the connection between social structure and human agency - how people's experiences are both shaped by social forces and shaped through human action. Also listed as Sociology 225.

Course Type(s): CD, GS, SI, SJS, SS.SV

**GS 252**

**Race and Ethnicity**

Introduces students to the sociological study of race and ethnicity in the United States as interrelated social systems of power that grant a range of material and non-material advantages to different groups of people based on socially constructed definitions of race and ethnicity, particularly as race and ethnicity intersect with a variety of other social structures such as gender and class. Focuses on the historical legacy and current practices of institutionalized racism that have and continue to shape social relations in the U.S. Also listed as Sociology 252.

Course Type(s): CD GS, SI, SJS

**GS 305**

**Women in U.S. History**

Surveys women's historical experience in the U.S. The emphasis of the course will be on how women of different socio-economic backgrounds, races, and ethnic groups have shaped and been affected by U.S. History. Also listed as History 305.

Course Type(s): GS

**GS 307**

**History of Sexuality in America**

Explores the social and cultural history of sexuality in the United States. How race, class, and gender have influenced ideas about sexuality, morality, and power. Major topics include: reproduction, gay and lesbian sexualities, sexually transmitted diseases, and sexual representation and censorship. Also listed as History 307.

Prerequisites: English 101 and 102 or permission of the instructor.

Course Type(s): CD, GS, HSUS, WT

**GS 370**

**Gender Studies Seminar**

An examination of several disciplines from the perspective of sex and gender. Each discipline is reviewed, and sources of bias are identified. Special attention is given to new data and emergent paradigms generated by recent research in Gender Studies and their implications for traditional assumptions.

Prerequisite: Three credits in Gender Studies elective courses.

Course Type(s): GS

**GS 377**

**A Comparative Study of Women in the World**

A comparative study of the political, cultural, social, and economic status of women in the United States, Western Europe, Russia, Japan, Israel, and Third World nations. Also listed as Political Science 377.

Prerequisites: Gender Studies 225; and English 101 and 102 or permission of the instructor.

Course Type(s): GS, GU, WT

**GS 399**

**Independent Study in Gender Studies**

Guided research of a selected topic under the direction of a member of the Gender Studies faculty.

Prerequisites: Gender Studies 225, six credits in Gender Studies electives, and prior permission of the directing professor.

Course Types(s): none
HE 100 Cr. 3.0
Technology and Health Informatics
Designed to provide an introduction to the computer technology used in healthcare and its impact on decision-making. Includes an overview of the basic computer skills required to process electronic information, the nature and types of health information available on the World Wide Web, the development of search skills associated with finding information, linking electronic information to health decision-making processes, ethical and social issues involving the use of technology, and identifying major issues in computer and Internet security. Also listed as Nursing 100.
Course Type(s): TL

HE 101 Cr. 3.0
Strategies for Healthy Living
Factors influencing personal health; function of body cells and systems; lifestyle choices such as nutrition, exercise, alcohol, drug and tobacco use, sexuality, contraception, and sexually transmitted diseases; the U.S. healthcare system and those of other countries.
Course Types(s): none

HE 150 Cr. 3.0
Medical Terminology
Introduction of medical terminology to those students who have an interest in a wide variety of health care services. Presents a study of basic medical terms, including prefixes, suffixes, word roots, special endings, plural forms, and abbreviations, and has a special emphasis on spelling, definition, usage, and pronunciation for each body system. A programmed learning, word-building system will be used to learn word parts that are used to construct and analyze new terms. The accurate use and understanding of medical terminology used in communications between health care professionals, clients, and other providers of care will be enhanced by taking this course.
Course Type(s): HE.EL, HEPE

HE 198 Cr. 1.0 – 3.0
Special Topics in Health Studies
An intensive study of a particular subject or problem in health studies to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Type(s): none

HE 200 Cr. 4.0
Becoming a Home Health Aide
Through classroom lecture, discussions, reading, and laboratory practice, the student will learn the seventy-six-hour training program designed to meet the NJ requirements for the Certified Homemaker/Home Health Aide (HHA). After completion of this course the student will have the opportunity to sit for the state examination and become certified as an HHA. Once certified, the student will be able to gain employment as a certified HHA in numerous agencies and institutions in NJ.
Course Type(s): HE.EL

HE 212 Cr. 3.0
Lifespan Development and Health
Health from conception through senescence using a developmental approach. Examines the factors that influence health at each stage of life, including the effect of environmental, biological, and genetic influences and common deviations from health. Using this approach, the student will investigate the effect of political and economic policies, education, epidemiology, health promotion, and illness-prevention programs.
Course Type(s): HE.EL, RD

HE 225 Cr. 3.0
Mind-Body Connection
Focuses on the psychology of wellness and illness and the healing connections between the mind and body across diverse cultures. How stress is interpreted and expressed in different cultures will be explored. The healing practices and rituals of different faiths and cultural traditions will be explored.
Course Type(s): HE.EL

HE 235 Cr. 3.0
Human Aging
Designed to provide an understanding of the major health problems, health promotion, and wellness concepts that affect older people. Offers an introduction to the physical and functional changes associated with human aging. Common illnesses that are often identified in older people will be discussed. In addition, factors will be presented that are believed to cause or influence the aging process, changes in physical function, and quality of life.
Course Type(s): HE.EL, HEPE

HE 260 Cr. 3.0
Substance Use and Abuse
Physical, psychological, and sociological aspects of addictive substances; legal and ethical concerns; alterna-
tive methods of dealing with stress in young adulthood; socially responsible behavior. Not open to students who have taken HE 160.
Course Type(s): HE.EL

HE 290  Cr. 3.0
Health Research Methods
Introduces students to the basic concepts in health sciences research. Students will gain an understanding of the rationale for conducting research, study designs, qualitative and quantitative inquiry, principles of instrumentation and measurement, data management and interpretation, and research proposal writing and presentation techniques. Students should be able to apply these concepts to evaluate research done by others. Not open to students who have taken HE 190.
Course Type(s): none

HE 320  Cr. 3.0
Principles of Health Education
Examination of the principles and practices of health education for adults in the community, including program development and implementation, educational strategies, behavioral objectives, learner characteristics, and institutional assessment. Essential factors for teaching, learning, and motivating clients to make behavioral changes to promote health.
Prerequisites: Health Studies 101 and 290; or permission of the instructor.
Course Type(s): HEPE, RD

HE 324  Cr. 3.0
Human Sexuality
Designed to provide the student with a factual background as well as an in-depth understanding of his or her own and others’ sexuality and how it affects health. Focuses on developing an understanding of the essential components of human sexuality and its interrelationship with human development. Social, cultural, and developmental determinants will be examined for their influence upon human sexuality. Examines the relationship between human sexuality and professional nursing practice. Content will include: the use of a sexual history in the nursing assessment; sexually transmitted disease; effects of pregnancy and aging on sexuality; effects of medical, surgical, and chronic health problems on an individual’s sexual functioning; and identity. The role of the nurse as an educator/counselor is discussed. Also listed as Nursing 324.
Course Type(s): GS, HE.EL

HE 330  Cr. 3.0
Women’s Health
Healthcare needs/concerns of women from diverse cultures will be examined. The focus will be on African, Asian, Caribbean, and Latina perspectives of health beliefs, health practices, physical and psychological threats, ethical issues. Body image, sexuality, marriage customs, reproduction, childbirth, parenting, lifestyle choices, menopause, and aging will be examined within the context of culture and contrasted to those of Western women. Also listed as Nursing 330.
Course Type(s): BI.EL CD, GS, HE.EL, HEPE

HE 340  Cr. 3.0
Environmental Health Issues
A comprehensive study of current environmental, occupational health issues and associated health risks. Focus on the practical applications of assessing environmental quality and occupational safety. Major topics include: population growth, water quality, use of pesticides, air pollution, food quality, and occupational health. Legal and regulatory issues also considered.
Course Type(s): BI.EL, GU, HE.EL, HEPE, SUS

HE 350  Cr. 3.0
Epidemiology
A study of the basic principles and methods of epidemiology. These include types of epidemiologic studies, choices in study design, measures of disease frequency and association, sources of bias, screening, and applications to public health. The course covers conceptual and practical issues in epidemiologic research and the interpretation of epidemiologic data.
Prerequisites: Health 290 passed with a grade of C- or higher and Mathematics 151; or permission of the instructor.
Course Type(s): none

HE 360  Cr. 3.0
Transcultural Health
Focuses on African, Asian, Caribbean, South- and Latin-American, Middle-East, and Indian beliefs, values, and health practices; physical and psychological threats to health; and ethical issues. Differences of cultural beliefs related to health, illness, and the impact on the delivery of healthcare will be examined. Also listed as Nursing 360.
Course Type(s): BI.EL, GU, HE.EL, HEPE
HE 365

Wisdom, Wellness, and Aging
Provides an understanding of the cross-cultural variations in the status of aging and health in older adults. Examples of various cultures include examining older adults from non-English-speaking countries, such as North Korea, South Korea, Iran, Mexico, China, and Brazil. Examines factors that affect the economic, social, and health care decisions made by the older adults from these diverse populations as well as other nations. Topics to be covered include examinations of health implications on aging populations in non-English-speaking countries. Compare countries, such as Japan, India, and Nigeria, to explore how their specific culture influences caregiving, social support networks, and community. Specific cultural views of love, intimacy, and sexuality in older adults will be examined. Also listed as Nursing 365.
Course Type(s): HE.EL, HEPE

HE 370

Alternative/Complementary Health Therapies
Cultural origins of Complementary Alternative Medical (CAM) therapies will be discussed. Perspectives of health and healing through co-mingling Eastern Traditional Complementary and Alternative Medicine (TCAM) therapies and Western biomedical practices into an integrative strategy will be examined. Appropriate therapies for health promotion and specific illness contexts, potential risks/benefits, ethical issues addressing treatment choices, and global entities that employ CAM therapies will be discussed. There will be an emphasis on choosing CAM therapies that are supported by research as safe and effective. Knowledge of reliable sources of information on the Internet will improve decision making regarding therapies. Also listed as Nursing 370.
Course Type(s): BI.EL, GU, HE.EL, HEPE

HE 375

Health in Developing Countries: A Cross-Cultural Perspective
Designed to introduce students to the concept of health as a cross-cultural issue. Students will examine their own health beliefs and practices and expand their understanding of health and health issues of the developing world. Contemporary health issues will be analyzed. Healthcare delivery systems in selected countries in Asia and Africa will be examined and compared to the American health care system. Students are expected to problem solve and postulate solutions to contemporary and emerging health issues. Also listed as Nursing 375.
Course Type(s): BI.EL, GU, HE.EL, HEPE, SUS

HE 380

Nutrition and Health
An introduction to the physiology of nutrition, basic concepts of normal nutrition, and nutrition in chronic disease (such as diabetes mellitus, and cardiovascular disease and obesity) will be explored. A study of the basic nutrients and the gastrointestinal system in its role of digestion, absorption, and metabolism. Food needs of an individual throughout life (birth to old age) will be considered along with necessary dietary modifications caused by decreased activity. Food fads and fallacies will be discussed, as will factors to consider in choosing a healthy diet. Current concerns, such as how safe are the additives in our foods; the role of sugar, salt, and highly processed foods; and alternative therapies, such as herbal remedies and phytochemicals and their potential roles in modern nutrition, will be studied. Weight management will be addressed as it relates to medical-nutrition therapy. Also listed as Nursing 380.
Course Type(s): HE.EL

HE 389

Internship in Health and Physical Education
Supervised, pre-professional field experience in health and physical education. The student will secure an internship site related to his/her interests and career goals. Potential internship sites include health and fitness clubs, community wellness agencies, coaching opportunities, hospitals, corporations, and private services. The student will work fifty hours per credit per term at his/her internship site. Students are required to obtain a faculty sponsor, develop learning objectives at the start of their internship, keep a journal of their internship activities throughout their placement, and write a final paper reflecting upon their internship experience. Also listed as Physical Education 389. This is a pass/fail course.
Prerequisites: Junior standing (and others by permission of a faculty advisor), placement opportunity and approval by the Health and Physical Education Department.
Limited to Health majors.
Course Type(s): EX

HE 398

Special Topics in Health Education (300 Level)
An intensive study of a particular subject or problem in health education to be announced prior to registration.
Prerequisite: As announced in the course schedule.
Course Type(s): HE.EL, HEPE
HE 399  Cr. 1.0 – 3.0
Independent Study in Health
Guided research and in-depth study of an area of health of particular interest to the student.
Course Type(s): HE.EL, HEPE

HE 430  Cr. 3.0
Health Advocacy
Focus is on personal and peer health advocacy. Being healthy involves making decisions that are right for each individual and being part of a community that promotes healthy behaviors. Advocating for individual health requires that the student has the confidence, basic understanding of advocacy, resources, and skills to make proper health decisions. Foster student health advocacy as skills are taught while students grapple with personal and social questions that affect their overall health and the health of others. Put student-health promotion into the hands of the students. They will be required to create a health initiative. These initiatives will foster a healthier Monmouth University community.
Prerequisites: Health 101, 290 and Junior standing; or permission of the instructor.
Course Type(s): HE.EL, HEPE

HE 435  Cr. 3.0
Community Health
Healthcare of groups and communities; this includes community and public health theories, epidemiology, health promotion, illness prevention, research, ethics, vulnerable populations, and common deviations from health.
Prerequisites: Health 101, 290, English 101 and 102; Junior standing; or permission of the instructor.
Course Type(s): WT

HE 440  Cr. 3.0
Health Policy
Delves into the core elements that define health policy. Describes factors, such as the healthcare delivery systems (public/non-profits vs. private/for profits), access to care, healthcare financing, quality-of-care issues, and social issues, such as gender and culture, and their impact on health and healthcare. The dynamics of the policy-making process at different levels (federal, state and local) will be explored, along with policy analysis and how policy influences healthcare decisions. The complexities and challenges of healthcare reform will be identified.
Prerequisites: Health Studies 101, 290, English 101 and 102; Junior standing; or permission of the instructor.
Course Type(s): WT

HE 476  Cr. 3.0
Interpersonal Violence
Examines the various types and patterns of violence related to cultural values, beliefs, biases, and societal issues, as well as the historical perspectives of violence. Course content includes: family, community, youth, and workplace violence; child, domestic, elder, and sexual abuse. Theories concerning gender violence, gangs, bias and hate crimes, and terrorism are challenged. Public health and healthcare issues related to violence, and primary-, secondary-, and tertiary-level interventions for victims and offenders of violence are discussed. Individual responsibilities associated with identification and reporting violence are identified. Health care measures to identify and prevent violence are analyzed. Methods of treatment for victims and perpetrators of violence are evaluated.
Course Type(s): HE.EL, HEPE

HE 485  Cr. 3.0
Professional Seminar in Health
Provides students with the experiential education requirement for the BS in Health Studies. Students will have a placement in a health setting where they will have the opportunity to work with a health professional and to apply what they have learned in class to the experiential setting. Weekly seminars will be designed to allow the students to share their experiences with their peers.
Prerequisites: Health Studies 101 and 290 and Junior standing; or permission of the instructor.
Course Type(s): EX

HE 498  Cr. 3.0
Special Topics in Health
An intensive study of a particular subject or problem in health education to be announced prior to registration.
Course Type(s): HE.EL, HEPE

HE 499  Cr. 1.0 – 3.0
Independent Study in Health Studies
Guided research and in-depth study of an area of health studies of particular interest to the student.
Course Type(s): HE.EL HEPE

HLS 212  Cr. 3.0
Introduction to Homeland Security
Provides an overview of various threats to domestic security from terrorism, and other related risks and vulnerabilities, examining government policies, risk management, national preparedness, and preventative methods necessary in preventing acts of terrorism.
Course Types(s): none
HLS 235  Cr. 3.0  
**GIS Applications in Homeland Security**
Introduces students to the basic theories in Geographic Information Systems (GIS). Provides students with a hands-on practical approach to analyze homeland security-related data. Students will develop a skill set to map homeland security data and perform spatial analytical tasks. Also listed as Geographic Information Systems 235. Prerequisite: Geographic Information Systems 224.
Course Types(s): none

HLS 245  Cr. 3.0  
**Strategic Security Management**
Reviews the new business demands on the security professional in a post-September 11 era. Provides an understanding of how to use hard data to drive a security strategy and to measure success of a program. Topics covered will include threat assessment, vulnerability assessment, and risk assessment, highlighting the differences, advantages, and disadvantages of each, as well as establishing effective security programs. Prerequisite: Homeland Security 212.
Course Types(s): none

HLS 285  Cr. 3.0  
**Domestic and International Terrorism**
Provides students with an in-depth examination of terrorism and its implications for society. Examines terrorist ideologies, motivations, goals, strategies, and tactics. Focuses on issues related to the operational and organizational dynamics of terrorist organizations, state and political terrorism, religious-motivated terrorism, domestic terrorism, the relationship between the media and terrorism, terrorist tactics and targeting, and counter terrorism methodologies.
Course Types(s): none

HLS 286  Cr. 3.0  
**Principles of Emergency Management**
Introduces students to the background components and systems involved in the management of disasters and other emergencies. Focusing on the United States, the course will illustrate current practices, strategies, and key players involved in emergency management.
Course Types(s): none

HLS 315  Cr. 3.0  
**Homeland Security Research Methods**
Introduces students to the principles of scientific research in criminal justice. It begins with a description of the importance of research by criminal justice and homeland security organizations and moves toward the tenets of sound research practices, including: the formulation or a research question, developing a hypothesis, collecting data, measurement, analysis, and evaluation. Special attention is devoted to practical, ethical, and political issues that can arise when conducting research. Also listed as CJ 315.
Prerequisites: Criminal Justice 211 or Mathematics 151, and English 101 and 102.
Course Type(s): WT

HLS 320  Cr. 3.0  
**Infrastructure Security Issues**
Introduces students to the practices of federal, state, local, and private entities to protect the nation from acts of terrorism. Focus will be placed on an understanding of the importance of security towards the nation’s defense and the various methods of protection utilized by organizations working within homeland security. Topics include the history and evolution of security, fundamentals of defense, and specific threats to homeland security. Prerequisite: Homeland Security 212.
Course Types(s): none

HLS 335  Cr. 3.0  
**Advanced Geographic Information Systems and Homeland Security**
Students will build upon the skills and information learned in HLS 235 Geographical Information Systems and Homeland Security to demonstrate advanced techniques in the analysis of spatial data to help the homeland security enterprise prevent, mitigate, respond to, and recover from intentional, natural, and accidental threats. Also listed as Geographic Information Systems 335.
Prerequisite: Geographic Information Systems 235.
Course Types(s): none

HLS 375  Cr. 3.0  
**Homeland Security Internship**
Provides practical experiences in the administration of criminal justice and homeland security through assignments to criminal justice and homeland security agencies under the joint-supervision of agency officials and Monmouth University instructors. Course assignments include a résumé and cover letter application for an internship; journaling of real-world professional experiences; and the evaluation of criminal justice/homeland security policies and practices. Also listed as Criminal Justice 375.
Prerequisites: Criminal Justice 101, English 101 or 102 and permission of the instructor.
Course Type(s): EX, WT
HLS 385  
Cyberterrorism  
Cr. 3.0  
Provides students with an in-depth examination of evolving technologies that directly impact the homeland security domain. Information systems technologies are being utilized to make our lives more efficient on a global scale, and have emerged to improve and also threaten our national security. It is the usage of technology, and in particular the global information infrastructure, by which terrorists communicate, coordinate and facilitate their initiatives and ideologies. Students will explore elements of cyber terrorism and emerging technologies that can facilitate and strengthen capability-specific national priorities in order to improve national preparedness.  
Prerequisite: Homeland Security 212.  
Course Types(s): none

HLS 394  
Terrorism: Crisis and Trauma  
Cr. 3.0  
Explore the psychological impact of terrorism including psychiatric disorders, physiological changes, and social/family disruption. Strategies and techniques for identifying trauma and skill for intervention will be discussed.  
Course Types(s): none

HLS 395  
Terroristic Crime Scene Investigation  
Cr. 3.0  
Utilizing modern investigative technology in terrorist crime scenes; specialized evidence collection; role of crime scene manager.  
Prerequisite: Homeland Security 212.  
Course Types(s): none

HLS 398  
Special Topics in Homeland Security  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in homeland security to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Types(s): none

HLS 405  
Transportation Threats  
Cr. 3.0  
Provides an overview of transportation and border security challenges and opportunities in the homeland security era. Explores topics associated with border and transportation security infrastructure, to include: intermodals, seaports, vessels, airports, aircraft, train stations, trains, roadways, bridges, tunnels, vehicles, pipelines, and electronic communications. Explores visionary and technological solutions employed to enhance borders and transportation security. Students will be required to discuss the legal, economic, political, and cultural concerns and impacts associated with border and transportation security.  
Prerequisite: Homeland Security 212.  
Course Types(s): none

HLS 410  
Intelligence and Threat Analysis  
Cr. 3.0  
Introduces students to intelligence-gathering and its role in defending our nation from acts of terrorism. To present the importance and techniques of intelligence-gathering as they relate to our government’s preparation for and response to acts of terrorism. Describes intelligence within homeland security and how such information is used to analyze and prepare for threats to our nation.  
Prerequisite: Homeland Security 212.  
Course Types(s): none

HLS 415  
Homeland Security Intelligence 2100  
Cr. 3.0  
An in-depth examination of intelligence successes and failures. Intelligence cases with homeland security implications will be examined. Focus will be on current and future intelligence threats and how the homeland security intelligence community perceives and acts upon those threats.  
Prerequisite: Homeland Security 410.  
Course Types(s): none

HLS 417  
Open-Source Intelligence  
Cr. 3.0  
Open-source intelligence is publicly available information including business Web sites, social networks, videos, forums, blogs, and news sources that are collected, exploited, and disseminated in a timely manner for the purposes of addressing specific intelligence requirements. The course examines the rapidly evolving open-source socioeconomic information landscape and the implications for U.S. homeland security. Students will apply tenets of open-source intelligence to current homeland security issues.  
Prerequisite: Homeland Security 410.  
Course Types(s): none

HLS 430  
Weapons of Mass Destruction  
Cr. 3.0  
Focus on the practical and theoretical aspects of preparing for and dealing with incidents involving WMD (weapons of mass destruction). Discussion on the various devices and the means of delivering damage. Analysis of
the intelligence approaches to reduce such an event. Prerequisite: Homeland Security 212. Course Types(s): none

HLS 490 Cr. 4.0
Senior Research Project in Homeland Security
Provide the student with an opportunity to complete a senior thesis in the area of homeland security. By exploring and analyzing the practical as well as theoretical problems, the student will be able to recommend changes with homeland security based upon empirical study. Prerequisite: Criminal Justice 315. Course Types(s): none

HO 101 Cr. 1.0
Cultural Engagement I
Designed to help students develop a life-long engagement with cultural and intellectual discourse. Requires students to attend various on- and off-campus events (theater, music, dance, art, seminars). The events are enriched through discussion of their meaning and significance and the preparation of written assessments. Course Type(s): HO

HO 102 Cr. 1.0
Cultural Engagement II
Designed to help students develop a life-long engagement with cultural and intellectual discourse. Students are required to attend various on- and off-campus events (theater, music, dance, art, seminars). The events are enriched through discussion of their meaning and significance and the preparation of written assessments. Course Type(s): HO

HO 103 Cr. 3.0
Great Works I: On the Natural and Social Sciences
First-year Honors School students will be introduced to a sampling of the classic works that have come to define the natural and social sciences. Through an integration of some of the classics of the ancient and medieval (Plato, Aristotle, Thucydidus, Cicero, Confucius, Sun-Tzu, Augustine, Galileo, Ibn-Rushd) with those of the modern (Machiavelli, Bacon, Newton, Hobbes, Locke, Rousseau, Pascal, Darwin, Freud, Einstein, Skinner, Marx, Smith, Keynes, Hayek, Wollstonecraft, Butler, Carson), Honors students will gain insight into the foundation of what has become known as the natural and social sciences. Without a strong understanding of Plato’s views on justice, Darwin’s views on evolution, Skinner’s views on behavior, Marx’s conceptions of alienation, and/or Butler’s views on sexuality, students’ understanding of the social and natural sciences will be incomplete. For Honors Students only. Course Type(s): HO

HO 104 Cr. 3.0
Great Works II: On the Humanities
Introduces first-year Honors School students to a sampling of the classic works that have come to define the humanities. Through an integration of some of the classics of the ancient and medieval with those of the modern, Honors students will gain insight into the foundation of what has become known as the humanities. Without an acquaintance to the giants of the literary, historical, philosophical, or creative arts, a student’s understanding of the humanities is incomplete. For Honors students only. Course Type(s): HO

HO 250H Cr. 3.0
Honors Seminar in Humanities
Examination of a topic from the point of view of a specific discipline with a broad perspective across the humanities. Prerequisites: Honors status and Sophomore standing. Course Type(s): HO

HO 252H Cr. 3.0
Honors Seminar in Mathematics/Natural Sciences
Examination of a topic from the point of view of a specific discipline with a broad perspective across the natural sciences and mathematics. Prerequisites: Honors status and Sophomore standing. Course Type(s): HO

HO 254H Cr. 3.0
Honors Seminar in Social Sciences
Examination of a topic from the point of view of a specific discipline with a broad perspective across the social sciences. Prerequisites: Honors status and Sophomore standing. Course Type(s): HO

HO 298H Cr. 1.0 – 3.0
Special Topics in Honors
An intensive study of a particular subject or problem in history to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Type(s): HO
**HO 497**  
**Cr. 1.0**  
**Research Methods - Honors**
Provides instruction for HO 498 Proposal and HO 499 Thesis and concomitant research methods. Students decide upon a research area and engage a suitable supervisor. Students develop a research topic and requisite research methodology, and initiate investigation of that topic.  
Prerequisites: Successful completion of eighty credits (at least fifteen of which are in the major), a minimum GPA of 3.5 in the major, and a minimum GPA of 3.3 overall.  
Course Type(s): HO

**HO 498H**  
**Cr. 2.0**  
**Honors Thesis Proposal**
A proposal for a paper or project to be completed under the direction of a professor in the student’s discipline or allied disciplines. The thesis proposal will be defended before a faculty committee. The proposal must be completed with a grade of B or higher to enroll in Honors 499H.  
Prerequisites: Senior standing, a minimum GPA of 3.20, at least twelve credits of honors courses, and a grade of B or higher in Honors 497.  
Course Type(s): HO

**HO 499H**  
**Cr. 2.0**  
**Senior Honors Thesis**
A paper or project to be completed under the direction of a professor in the student’s discipline or allied disciplines. The thesis will be defended before a faculty committee. Students must complete the entire four credits before receiving any grade.  
Prerequisites: Senior standing, a minimum GPA of 3.20, completion of Honors 498H with a grade of B or higher, and student’s thesis committee approval.  
Course Type(s): HO

**HS 101**  
**Cr. 3.0**  
**Western Civilization in World Perspective I**
An introduction to the major historical developments in the history of Western society and its intellectual tradition. Secondly, it is also an introduction to the uses of history itself. Our survey will consider ancient Greece and Rome, Medieval Europe, the Renaissance, the Reformation, and the rise of nation-states in Europe. To understand the history of the West in a larger context, we will examine it in relation to the history of the Middle East, particularly at points of contact such as the Crusades.  
Course Type(s): HS.SV

**HS 102**  
**Cr. 3.0**  
**Western Civilization in World Perspective II**
A readings-based introduction to Western history, from the seventeenth century to the present, in the perspective of a major non-Western civilization. Topics include the Enlightenment, the Industrial Revolution, the Great Depression, the World Wars, the Cold War, and Globalization.  
Course Type(s): HS.SV

**HS 105**  
**Cr. 3.0**  
**The Verdict of History**
Students will explore the history of Western civilization through some of its most controversial and pivotal trials. They will study both the historical context and the particulars of such cases, as the trials of Socrates, Jesus of Nazareth, Joan of Arc, Martin Luther, Galileo, the Amistad rebels, Alfred Dreyfus, Oscar Wilde, John Scopes, Sacco and Vanzetti, Adolf Eichmann, and O.J. Simpson. The student can have no more than sixty-six completed credits to take this course; or permission of the department is required.  
Course Type(s): HS.SV

**HS 107**  
**Cr. 3.0**  
**Love and Marriage in Historical Perspective**
Love and Marriage in Historical Perspective is a reading-and-discussion-based thematic history course. This course is designed to expose students to the history of love and marriage from classical antiquity to the present in global perspective. Marriage is one of the oldest social institutions in human culture: and, as an institution, it has not always been associated with the concept of love. This course considers the transformation of marriage as both a public, private, political, economic, social, and emotional institution that has been fundamental to the development of human societies. This includes a discussion of the Greco-Roman world, the Middle Ages, the Romantic era and marriage in the global village at the present. Why is traditional marriage on the decline in Western societies? What is traditional marriage? When, why, and how did the idea of love get tangled up with marriage and how successful has the love-marriage connection been over time? Why is marriage in crisis? What does love have to do with it? What are the revolutionary implications of the rise and fall of marriage as a love-match? These are some of the questions we will contemplate in this course as associated with issues related to sex, gender, sexuality, race and class by examining love and marriage in literature, poetry, music, and in philosophical treatises on the subject utilizing the historical method as the primary approach. The
student can have no more than sixty-six completed credits to take this course; or permission of the department is required.

Course Type(s): HS.SV

**HS 108**  
Cr. 3.0  
**Human Gods: Science, Technology, and Culture in History**  
This is a readings-and-discussion-based history course on the interplay between science, technology, and culture in human societies from the scientific revolution to the human genome project. In this course, we will explore the relationship between what science writer Richard Rhodes has alluded to in his text *The Making of the Atomic Bomb* as a Republic of Science and human culture, as coupled with discussion of the connection between scientific discovery and technological advance (and in turn how technology impacts human culture) within the context of world history. The focal point of this course is to critically examine how scientists are shaped by the cultures they live in and how scientists and their discoveries impact culture. Specifically, we will contemplate how cultural attitudes about race and gender shape scientific inquiry such as with the emergence of race science in the age of Darwin during the nineteenth century, and the emergence of eugenics in the early twentieth century. The overarching theme of the course is Human Gods because we will pay close attention to how scientists in their attempts to manipulate nature in the sense play god and how playing god may have devastating consequences for marginalized groups in particular and humanity more generally. The various arenas of science and technology including medicine, military technology, and computer technology are examined to demonstrate how individuals, industries, and governments have harnessed science and technology to control nature (such as with disease control, other nations in warfare, and general human activity via computer technologies). The student can have no more than sixty-six completed credits to take this course; or permission of the department is required.

Course Type(s): HS.SV

**HS 115**  
Cr. 3.0  
**Empires in History**  
This course will examine the political, economic, religious, intellectual, and social lives of a select number of world empires. We will analyze how each of these empires came into being, and why they fell apart. Case studies will include western and non-Western empires, and range from the preclassical to the modern. The student can have no more than sixty-six completed credits to take this course; or permission of the department is required.

Course Type(s): HS.SV

**HS 173**  
Cr. 3.0  
**Environmental History**  
Environmental history is an introduction to major developments in world history through the lens of environmental change and experience. As, additionally, an introduction to history itself this survey considers the interaction between people, states, empires, and the natural world from the dawn of time through the present. Students will examine the relationship between human society(ies) and the natural world over recorded time. As an interdisciplinary exercise this class will draw on the natural sciences and history to better understand the biological, cultural, imperial, ethical, economic, religious, political, and global ramifications of the relationship between humanity and humanity’s natural surroundings. The student can have no more than sixty-six completed credits to take this course; or permission of the department is required.

Course Type(s): HS.SV

**HS 198**  
Cr. 1.0 – 3.0  
**Special Topics in History (100 Level)**  
An intensive study of a particular subject or problem in history to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar-basis. Prerequisite: As announced in the course schedule.

Course Types(s): none

**HS 201**  
Cr. 3.0  
**United States History I**  
The development of the multi-ethnic American nation. Colonial origins, the Revolution, the Age of Jackson, slavery, the Civil War, and Reconstruction. Not open to students who have taken HS 103.

Course Type(s): none

**HS 202**  
Cr. 3.0  
**United State History II**  
The development of the multi-ethnic American nation. The emergence of modern industrial America, domestic reform and civil rights, world conflict, and leadership. Not open to students who have taken HS 104.

Course Type(s): none

**HS 203**  
Cr. 3.0  
**New Jersey History: A Mirror on America**  
An introduction to and overview of New Jersey history (1600-1950). Various trends in local history are tied to
national developments. Important people, events, and trends in the state history are examined. 
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): HSUS, WT

**HS 209**  
**Cr. 3.0**  
**The History of African-Americans**  
The study of African-Americans from their first contacts with Europeans through the rise of the Black Power movement in the 1960’s; the status of African-American society and contributions to American culture.  
Course Type(s): CD, HSUS

**HS 215**  
**Cr. 3.0**  
**The Rise of Modern America, 1877-1933**  
The response to industrialism and the search for a new order by farmers, laborers, immigrants, African-Americans, and reformers.  
Prerequisites: English 101 and 102 or permission of the instructor.  
Course Type(s): CD, HSUS, WT

**HS 216**  
**Cr. 3.0**  
**Recent American History, 1933-Present**  
The development of an urban nation and its related problems, emergence of minority groups, welfare capitalism versus welfare statism, and the impact of war and revolution upon domestic programs.  
Course Type(s): HSUS

**HS 219**  
**Cr. 3.0**  
**United States Military History**  
Surveys the American experience of war, from the first Native American-European contact through the military interventions at the dawn of the twenty-first century; examines not only the major conflicts in this period, but also the evolution of strategy, military institutions, civil-military relations, and the American way of war.  
Course Type(s): HSUS

**HS 220**  
**Cr. 3.0**  
**History of Advertising**  
Designed to develop a critical understanding of the historical evolution of advertising in the United States, with critical attention to race, class, gender, and sexuality. We will explore the economic, political, and cultural factors that have contributed to the development of advertising, and which have been affected by advertising. Some of the topics to be discussed include: the rise of national advertising, the relation of advertising to consumption, advertising to children, political advertising, the relation-between advertisers and the medium in which they appear (magazines, television, radio, etc.), and broadcast and Internet advertising. Also listed as Anthropology 220 and Gender Studies 220.  
Course Type(s): GS, HSUS

**HS 225**  
**Cr. 3.0**  
**Supreme Court Decisions in American History**  
Analyzes American history through United States Supreme Court decisions. Explores how the Court developed, grew in strength, and the effect it has had on America’s political and cultural development. It will also consider how the Court’s size, structure, and political importance impacted on society according to the historical era being studied. Also listed as Political Science 225.  
Course Type(s): HSUS

**HS 233**  
**Cr. 3.0**  
**Classical Civilizations**  
Mediterranean civilizations from the Ancient Near East through Classical Greece and Rome, to the close of the Western Roman Empire.  
Course Type(s): HSEU, HSPRE

**HS 243**  
**Cr. 3.0**  
**Medieval Europe I (300-1400)**  
Europe from the decline of Rome through the fourteenth century. Semester I (to 1100): barbarian invasions, rise of the Church, early medieval culture, Byzantium and Islam, feudalism and manorialism. Semester II: Empire vs. Papacy, the Church at its height, the flowering of medieval culture.  
Course Type(s): HSEU, HSPRE

**HS 244**  
**Cr. 3.0**  
**Medieval Europe II (300-1400)**  
Europe from the decline of Rome through the fourteenth century. Semester I (to 1100): barbarian invasions, rise of the Church, early medieval culture, Byzantium and Islam, feudalism and manorialism. Semester II: Empire vs. Papacy, the Church at its height, the flowering of medieval culture.  
Course Type(s): HSEU, HSPRE

**HS 251**  
**Cr. 3.0**  
**History of the British Isles I**  
Roman, Anglo-Saxon, and Celtic cultures; consolidation of the Anglo-Norman Feudal Monarchy; the impact of the Reformation and Tudor absolutism; and constitutional crisis and revolution to 1688.  
Course Type(s): HSEU, HSPRE
HS 252  Cr. 3.0  
*History of the British Isles II*
Union between England and Scotland, Parliamentary reform, Industrial Revolution, Empire and Commonwealth, Ireland and Home Rule, democracy and the welfare state, and contemporary Britain and Ireland.
Course Type(s): HSEU

HS 253  Cr. 3.0  
*History of Ireland*
Selected themes in Irish history from prehistoric times to the present, including Celtic Christianity, Norman Conquest and Gaelic Recovery, Protestant Ascendancy, Rebellion and Revolution, the Famine and Emigration, Home Rule, the Irish Republic, the Troubles in Northern Ireland, and the European Union.
Course Type(s): HSEU

HS 261  Cr. 3.0  
*History of Russia I*
Russia from ancient times to the Nuclear Age. Semester I: the consolidation and decline of the Kievan state, the Muscovite and Imperial eras, the impact of the West to about 1855.
Course Type(s): BI.EL, GU, HO, HSAS, HSEU, HSNW, HSPRE

HS 262  Cr. 3.0  
*History of Russia II*
Russia from ancient times to the Nuclear Age. Semester II: the reform era, revolutionary movements, the Soviet state, and the evolution and collapse of the communist regime.
Course Type(s): ARHIS, CD, HSAS, HSEU, HSNW

HS 264  Cr. 3.0  
*North American Indians*
Survey of the cultural, social, and linguistic diversity of pre-Columbian North American societies and problems of contemporary Indian groups. Also listed as Anthropology 264.
Course Type(s): GU, HSPRE, HSUS

HS 266  Cr. 3.0  
*Historical Archaeology*
Provides an introduction to historical archaeology, the archaeology of the modern world (c.1492+). Focuses on archaeological sites in the United States. Students are introduced to the various written and material sources that historical archaeologists use to interpret the recent past, including artifacts, vernacular architecture, grave markers, documents, photographs, and other visual sources. Archaeological field methods are also introduced with a minimum of one class period spent excavating an archaeological site. Also listed as Anthropology 266.
Prerequisites: Anthropology 103 or History 201; and English 101 and 102 or permission of the instructor.
Course Type(s): HSPRE, HSUS, WT

HS 270  Cr. 3.0  
*European Civilizations in the Nineteenth Century*
A survey of European politics, industrialization, technology, society, art, science, ideas, and global connections in the nineteenth century, 1815-1914.
Course Type(s): HSEU

HS 271  Cr. 3.0  
*Europe, 1914-1939*
Europe during and after World War I: the consequences of that war, the crisis of European democracy, Communism and the Soviet Union, the rise of Fascism in Italy and National Socialism in Germany, and the failure of collective security.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): BI.EL, GU, HSEU, WT

HS 272  Cr. 3.0  
*Europe Since 1939*
World War II and post-war Europe: theCold War, European recovery, economic integration, Communism in Eastern Europe, the Soviet Union as a major power, and Europe’s changing role.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): GU, HSEU, WT

HS 283  Cr. 3.0  
*The Civilizations of Asia (India, China, Japan)*
A survey of Asia’s great cultural traditions through literature, art, science, religion, and institutions, and the interplay of these traditional cultures with Western civilization.
Course Type(s): HSAS, HSNW, HSPRE

HS 288  Cr. 3.0  
*Cooperative Education: History*
Provides students with an opportunity to apply classroom theory in practice through actual work experience. Placements are selected to forward the student’s career interest through experiential education. Repeatable for credit.
Appendix A: Course Descriptions

Prerequisite: Junior or Senior standing.
Course Type(s): EX

HS 290 Cr. 3.0
Popular Culture and the Middle East
Examines recent events, traditional cultural practices, and the perceptions of the Middle East through the lens of popular media (film, graphic novels, journalism, etc.). Topics to be covered may include but are not limited to: religion, the Arab Spring (2011), the Iranian Revolution, the Arab-Israeli Conflict, women’s rights/roles, Orientalism and racism, and common governing structures. Also listed as Anthropology 290.
Course Type(s): GU, HSNW

HS 291 Cr. 3.0
Introduction to Islamic History
Examines the history and development of the Islamic umma (the community of Muslim believers) across time and space. Traces the development of Islam, taking care to understand the environment into which it was first introduced, and follow its development in terms of philosophy and spirituality to the present day. Takes into account variation within the religion as it spread out of the Arabian Peninsula and across the world.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): BI.EL, GU, HSNW, HSPRE, WT

HS 292 Cr. 3.0
The Middle East and the Rise of the Gunpowder Empires
Examines the history of the Middle East from the 1200s through the end of the 1700s. In the West this era is typically known as the high-water mark for Islamic Civilization, an era marked by a height for Islamic art, architecture, and political organization; this era also marks the time during which Islamic governments held power over the largest swath of territory. To understand this time period students will examine Persian, Ottoman, Egyptian, Indian, and Magribi/Andalusian history.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): BI.EL, GU, HSAS, HSNW, HSPRE, WT

HS 293 Cr. 3.0
The African Diaspora in the Americas
The dispersion of African people across the world was a seminal event in the history of humankind. African people have profoundly influenced the development of human history from this dispersion. Includes a comprehensive historical overview of the African Diaspora in the Caribbean, Latin America, and North America, from the height of the Atlantic Slave Trade in the eighteenth century to the present.
Prerequisites: English 101 and 102.
Course Type(s): GU, HSNW, HSUS, WT

HS 295 Cr. 3.0
History of Africa
Africa in modern times, emphasizing the sub-Saharan part of the continent; traditional African civilizations; European colonization and its impact on Africa; economic, social, and political transformation; and the problems of nation-building.
Course Type(s): GU, HSAF, HSNW

HS 296 Cr. 3.0
Cultures and Societies of Africa
Examines the history, cultures, and societies of Africa from the precolonial to the contemporary period. Discusses the cultural, political, and economic changes that have taken place in Africa as a result of Western influence. Also listed as Anthropology 296.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD, HSAF, HSNW, WT

HS 297 Cr. 3.0
History of West Africa
An examination of the history of West Africa from AD 1000 to the present. Special topics include: the sources of West African history, the peoples and empires of West Africa, agriculture and the trans-Saharan trade, the introduction of Islam, the coming of the Europeans, and the post-independent period of West Africa.
Prerequisites: History 101 and 102; and English 101 and 102 or permission of the instructor.
Course Type(s): CD, HSAF, HSNW, HSPRE, WT

HS 298 Cr. 1.0 – 3.0
Special Topics in History (200 Level)
An intensive study of a particular subject or problem in history to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

HS 299 Cr. 1.0 – 3.0
Independent Study in History
Guided study of a selected topic in history not substan-
HS 303 Cr. 3.0
American Colonial and Early National Period
The evolution of the British colonies from their establishment to the American Revolution. The first problems in the development of the new nation to the era of Andrew Jackson.
Course Type(s): HSUS

HS 304 Cr. 3.0
Monuments and Commemoration: Loss and Remembrance
Examines the evolution of American attitudes towards commemoration and remembrance from the colonial period to the present. Focuses on the analysis of landscapes and artifacts, e.g., monuments, grave markers, cemeteries, and historic sites. Topics discussed include the evolution of American burial grounds from colonial burial grounds to the rural cemeteries of the Victorians, and modern memorial parks. Changing grave marker designs and iconography are examined. Distinct ethnic, regional, and national memorial practices are also studied. Public memorials in the form of statuary, commemorative institutions, and historic sites will also be discussed. There will be field trips to select sites. Also listed as Anthropology 304.
Course Type(s): HSUS

HS 305 Cr. 3.0
Women in U.S. History
Surveys women’s historical experience in the US. The emphasis of the course will be on how women of different socio-economic backgrounds, races, and ethnic groups have shaped and been affected by U.S. History. Also listed as Gender Studies 305.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): GS, HSUS, WT

HS 306 Cr. 3.0
Jazz Age and Harlem Renaissance
Focus will be on race, gender, class, and sexuality in Jazz Age America as related to the development of the Harlem Renaissance. Harlem was the center of black culture in the 1920s, but this New Negro Movement stretched far beyond Harlem. In this course, we will explore both the national and transnational dimensions of the Harlem Renaissance and how the culture of the Harlem Renaissance helped to shape modern American culture more broadly. This course will include an examination of the Harlem Renaissance in American history from multiple perspectives including literary, artistic, cinematic, economic, and philosophical aspects of the Renaissance in American history.
Course Type(s): CD, HSUS, WT

HS 307 Cr. 3.0
History of Sexuality in America
Explores the social and cultural history of sexuality in the United States. How race, class, and gender have influenced ideas about sexuality, morality, and power. Major topics include: reproduction, gay and lesbian sexualities, sexually transmitted diseases, and sexual representation and censorship. Also listed as Gender Studies 307.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD, GS, HSUS, WT

HS 308 Cr. 3.0
The American Civil Rights Movement
Includes a historical examination of the major personalities, groups, and organizations central to the development of the American Civil Rights Movement in the 1960s. Students will be introduced to important scholarship and participant histories crucial to the Movement through an examination of both primary and secondary source material.
Course Type(s): CD, HSUS

HS 309 Cr. 3.0
Readings in African-American Intellectual History
Examines some of the major themes and thinkers in the development of the African-American intellectual tradition from the black abolitionists to the present. Major topics of the course include the formation of black oppositional leadership in the Reconstruction south, Booker T. Washington and racial accommodation, W.E.B. DuBois and integration, along with Black Nationalism and contemporary, black-feminist theory.
Course Type(s): CD, HSUS

HS 310 Cr. 3.0
Business and Economic Development of the United States
The impact of political and economic decisions on the structure of society: agrarianism, merchant capitalism, laissez-faire industrialism, neomercantilism, and the social welfare state.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): HSUS, WT

**HS 313**  
Cr. 3.0  
**History of the Book in America**  
Examines the impact of printed text in America historical development from the colonial era to the present day. It will cover selected topics that will demonstrate that the printed text in all of its various manifestations was shaped by a nascent and evolving American culture and, in turn, was instrumental in shaping this culture.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): HO, HSUS, WT

**HS 315**  
Cr. 3.0  
**Field Research in Archaeology**  
Archaeological field methods, analysis of data, and anthropological interpretation; students will do supervised work on local sites. May be repeated for a maximum of six credits. Also listed as Anthropology 315.
Prerequisites: Anthropology 103 or 107 or permission of the instructor.
Course Type(s): EX, HSUS

**HS 316**  
Cr. 3.0  
**The Worker in American Life**  
A survey of the major historical transformations affecting the lives of American working people, from the late eighteenth century to the present, and their social, political, economic, and cultural response to these changes.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): HSUS, WT

**HS 318**  
Cr. 3.0  
**History of Public Policy**  
A survey of major issues in domestic public policy. Emphasis on changes in the process of policy formulation in both the public and private sectors from the early nineteenth century to the present.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD, HSUS, PO, WT

**HS 319**  
Cr. 3.0  
**History of the American City**  
Students study the history of the American city from the colonial era to the present, examining how cultural, economic, geographical, political, and technological factors have influenced urban development and vice versa.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD, HSUS, WT

**HS 330**  
Cr. 3.0  
**The Civil War and Reconstruction**  
Covers the military, political, and social history of the American Civil War, and the rise, the fall, and the legacies of the postwar Reconstruction.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): HSUS, WT

**HS 331**  
Cr. 3.0  
**World War II**  
Considers the military, economic, and political characteristics of the Allied and Axis powers and the strategies they produced; examines the military campaigns, the wartime economies, life on the home fronts, the experience of combat, the dynamics of occupation, and the roles of morality and immorality in the conduct of the war.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): HSEU, HSUS, WT

**HS 332**  
Cr. 3.0  
**The Cold War**  
Examines the rivalry between the United States and the Soviet Union that organized global politics for forty-five years; the roles of ideology, economy, and security that fueled it; the diplomacy, propaganda, and the armed might used to wage it; and the impact it had on participants’ politics and culture.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): HSEU, HSUS, WT

**HS 333**  
Cr. 3.0  
**The Vietnam Era**  
The Vietnam Era, which grew out of America’s longest war, was a major influence on American society at home and abroad. Explores the military and political role the U.S. played in this conflict, its influences on American society, and the living legacy of this turbulent era.
Course Type(s): HSUS

**HS 344**  
Cr. 3.0  
**French Revolution and Napoleon**  
Study of France and French influence on Europe between 1789 and 1815; the causes and changing aims of the
Revolution, the conflict of ideologies, the failure of the First Republic, and the Napoleonic Empire.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD, HSEU, WT

**HS 351**  
**Victorian Culture**  
Victorian England was the first nation to experience the full force of the societal upheaval caused by industrialization. This course will focus on selected aspects of this culture to demonstrate the complexity of the problems faced by Victorians and the ensuing debates in all theaters of life on proposed solutions to these problems. Specific emphasis will be placed on Victorianism, the middle class ethos, which was both product and agent of Victorian culture.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD, HSEU, WT

**HS 352**  
**Militant Nationalism**  
Examines the development of militant nationalist groups and the ideologies behind militant nationalism over the course of the twentieth century. Several case studies will be examined including, but not necessarily limited to: the Irish Republican Army (IRA), the National Liberation Front of Algeria (FLN), the Euskadi Ta Askatasuna (ETA), and the Tamil Tigers (LTTE).
Course Type(s): HSEU, HSNW

**HS 357**  
**Blood & Iron: Germany in the Nineteenth Century**  
Prussian militarism, legacy of the French Revolution, 1848, Bismarck and Unification, social tensions in the Empire, industrialization, nationalism and racism, and causes of World War I.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD, HSEU, WT

**HS 358**  
**Modern Germany, 1914-Present**  
World War I, Revolution of 1918-19, Weimar Republic, origins of Nazism, the Third Reich, World War II, the Occupation, post-war Germanys, and Unification.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD, HSEU, WT

**HS 359**  
**The Holocaust**  
An examination of the Holocaust with special emphasis on the historical background in European political, social, economic, and religious institutions; the implications of the planned extermination of European Jewry for world civilization; and the question of responsibility.
Course Type(s): HSEU

**HS 361**  
**Revolution and Reaction: Jews of the Russian Empire and the Soviet Union (1772-1939)**  
This cultural, social, religious, economic and political history of the Jews of the Russian Empire in the nineteenth and early twentieth centuries. Who were they and where did they come from? What was their place in society and what policies were invoked in the Russian Empire to deal with the Jewish problem? How did their lives change after the Bolshevik revolution and the establishment of the Soviet Union?
Course Type(s): CD, HSEU

**HS 367**  
**Civilizations of the Andes**  
A survey of the anthropological history of the Andes from the beginning of civilization through the Inca Empire to contemporary Quechua and Aymara speakers. Pre-Inca societies, social and political organization of peasant culture, and the role of rural migration in transforming contemporary Andean cities. Also listed as Anthropology 367.
Prerequisite: Three credits in anthropology or sociology; and English 101 and 102 or permission of the instructor.
Course Type(s): BI.EL, GU, HSLA, HSNW, HSPRE, WT

**HS 388**  
**Cooperative Education: History**  
Provides students with an opportunity to apply classroom theory in practice through actual work experience. Placements are selected to forward the student’s career interest through experiential education. This course is repeatable for credit.
Prerequisites: History 101, 102 and Junior or Senior standing.
Course Type(s): EX

**HS 391**  
**The Modern Middle East**  
Covers the history of the geographic Middle East, North Africa, and some of South and Central Asia (largely the heartland of the Islamic world) from 1798 to the present.
Particularly interested in examining the fall of empires and monarchies and the rise of modern nationalist movements in addition to the rise of religious fundamentalist and socialist movements across the region as well.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): GU, HSNW, WT

HS 392
Cr. 3.0
History of the Arab-Israeli Conflict
Examines the development of the conflict over a region known as Palestine (post-1948: Israel) from the late 1800s to the present. Special emphasis will be placed on themes related to imperialism, nationalism, cultural definition, religion, ethnicity, gender, militancy, and the environment.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): BI.EL, CD, HSAS, HSEU, HSNW, WT

HS 396
Cr. 3.0
Colonial Africa
Examines the process of European colonization of Africa in the second half of the nineteenth century. The main issues include: the scramble for and partition of Africa; African resistance to European imperialism and colonization; colonial political, economic, and social policies; the rise of nationalism; and the process of decolonization.
Course Type(s): GU, HSAF, HSNW

HS 397
Cr. 3.0
Globalization and Africa
Globalization has profoundly influenced and transformed Africa in multi-dimensional ways - economically, politically, and socially. While globalization is not a new development, it has had a significant impact on Africa since the late nineteenth century. Africa has been connected to the world market thereby leading to opportunities for economic growth and development. Although African states are still grappling with sustainable economy, they remain strongly attached to the world economic system. Politically, there has been a transition from the monarchical to the parliamentary/presidential systems. This course will examine the concept of globalization, how it has impacted Africa, how Africa how responded to the economic, political, and social changes and challenges. We will also discuss the ways Africa can become more relevant in global affairs.
Course Type(s): GU, HSAF, HSNW

HS 398
Cr. 1.0 – 3.0
Special Topics in History (300 Level)
An intensive study of a particular subject or problem in history to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Type(s): none

HS 435
Cr. 3.0
The Renaissance
Europe in transition from the fourteenth to the sixteenth century; the crisis of the Church, humanism and art, politics, diplomacy, exploration and discovery, science, and the occult.
Prerequisites: History 101 and 102.
Course Type(s): HSEU, HSPRE

HS 436
Cr. 3.0
The Reformation
A study of sixteenth- and early-seventeenth-century religious and political developments in Europe; causes of the Reformation, its political and social institutionalization, ideas of reformers, wars of religion, and the Counter-Reformation. Also listed as Religious Studies 436.
Prerequisite: Junior standing or twelve credits in History.
Course Type(s): HSEU, HSPRE

HS 437
Cr. 3.0
Power and Enlightenment: Europe 1648-1789
A study of European history from the Treaty of Westphalia to the French Revolution, emphasizing the contrast between political and military developments, and cultural and intellectual trends. Special emphasis on the development of absolutism in France, Prussia, Austria, Spain, and Russia; the struggle against absolutism in Britain, Sweden, and the Netherlands; the ideals and goals of the European enlightenment, developing social and political tensions, and enlightened despotism.
Course Type(s): HSEU, HSPRE

HS 453
Cr. 3.0
Tudor - Stuart England
Focus will be on society, politics, and religion in sixteenth- and seventeenth-century England. Major topics for discussion will include the English Reformation, the Age of Elizabeth and Shakespeare, the British Civil Wars, the Restoration, and the Revolution of 1688. Each topic will be discussed with reference to the social and economic changes that helped to mold this period.
Prerequisites: Junior standing or twelve credits in History;
and English 101 and 102 or permission of the instructor. Course Type(s): HSEU, HSPRE, WT

**HS 461**  
**Research Seminar in History**  
The development, research, and writing of a research paper in history, with special emphasis on scrupulous documentation, use of primary sources, clear expository writing, and oral presentation of research results. Country or region of study is open.  
Prerequisites: History 201, 202, Senior standing, and eighteen credits of History above History 202.  
Course Type(s): RD

**HS 488**  
**Cooperative Education: History**  
Provides students with an opportunity to apply classroom theory in practice through actual work experience. Placements are selected to forward the student’s career interest through experiential education.  
Prerequisite: Junior or Senior standing.  
Course Type(s): RD

**HS 489**  
**History Internship**  
Supervised, professional experience in public history programs and institutions (e.g., museums, archives, historical societies, preservation agencies). Emphasis on the development of professional skills in areas such as the care and management of historical collections, public education and outreach programming, collections research and analysis, and grant research and writing. This course is repeatable for credit.  
Prerequisites: Junior standing, departmental approval, and placement.  
Course Type(s): EX

**HS 498**  
**Special Topics in History (400 Level)**  
An intensive study of a particular subject or problem in history to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Type(s): none

**HS 499**  
**Readings and Research in History**  
Guided study of a selected topic in history not substantially treated in a regular course, under the direction of a member of the History faculty. Extensive reading and at least one written report are required.  
Prerequisites: Senior standing; status as a History, History and Political Science, or History and Education major with a 3.00 or higher average in major course work; and prior permission of directing professor and department chair.  
Course Types(s): none

**HU 201**  
**Critical Discourse**  
An introduction to basic principles of clear thinking and effective argument, combined with small-group discourse and collaborative problem solving.  
Prerequisite: English 102.  
Course Type(s): RD

**HU 290**  
**Professional Ethics**  
Theoretical ethics and its application to enduring and contemporary moral issues. Examination of principles basic to humane professional practice. Investigation of moral issues as these take shape in a variety of professions, including nursing, education, social work, law, and criminal justice. Attention to the institutional contexts of moral decisions confronting professionals and the social responsibilities of professionals.  
Course Type(s): SJL

**HU 298**  
**Special Topics: Humanities**  
Interdisciplinary topics in the humanities or social sciences, covering specialized areas not generally included in regular course offerings. Subject may vary depending upon student and faculty interests.  
Prerequisite: As announced in the course schedule.  
Course Type(s): none

**IS 288**  
**Cooperative Education Interdisciplinary Studies**  
Application of skills from two or three interdisciplinary study areas in a career-related position under faculty supervision. Students will work at least ten hours per week at an approved site and carry out academic assignments in coordination with their faculty sponsors.  
Course Type(s): EX

**IS 290**  
**Professional and Organizational Ethics**  
Ethical theory and its applications to interdisciplinary social issues. Examination of moral principles, basic to professional practice, organizational behavior, and public policy making.
Prerequisites: English 101 and 102 or permission of the instructor.  
Course Type(s): WT

**IS 388**  
Cr. 3.0  
*Cooperative Education: Interdisciplinary Studies*  
Application of skills from two or three interdisciplinary study areas in a career-related position under faculty supervision. Students will work at least ten hours per week at an approved site and carry out academic assignments in coordination with their faculty sponsors.  
Course Type(s): EX

**IS 401**  
Cr. 2.0  
*Senior Integrative Thesis Proposal*  
Independent research guided by a chief advisor and second reader. Research should access the methods and materials of the chosen disciplines, focus on a specific problem or topic, and relate to a stated career ambition. Conventional library research, lab experiment component, survey, creative project, etc., are all acceptable.  
Prerequisite: Senior standing in the major or permission of the department chair.  
Course Types(s): none

**IS 402**  
Cr. 2.0  
*Senior Integrative Thesis*  
Thesis based on research completed in Interdisciplinary Studies 401. A thoroughly developed research project, which must integrate chosen disciplines, focus on a specific problem, and relate to a career objective.  
Prerequisite: Interdisciplinary Studies 401, passed with a grade of B or higher.  
Course Types(s): none

**IS 488**  
Cr. 3.0  
*Cooperative Education: Interdisciplinary Studies*  
Application of skills from two or three interdisciplinary studies areas in a career-related position under faculty supervision. Students will work at least ten hours per week at an approved site and carry out academic assignments in coordination with their faculty sponsors.  
Course Type(s): EX

**IS 499**  
Cr. 1.0 – 3.0  
*Independent Study in Interdisciplinary Studies*  
Guided research and in-depth study of a selected topic of an interdisciplinary nature under the direction of a faculty member through Interdisciplinary Studies. Conference(s) with sponsoring professor, extensive reading, and at least one written report are required.  
Prerequisites: Senior standing, a 3.00 or higher GPA in major course work, and prior permission of the directing professor and chair.  
Course Types(s): none

**IT 100**  
Cr. 3.0  
*Information Technology*  
Introduction to computer-based information management concepts that provide an integrated approach to personal computer software in a Windows environment. These include word processing, spreadsheet, database, presentation graphics, and electronic communication applications; information retrieval from the Internet and online library resources; fundamental computer literacy; and the ethical and societal implications of computer technology. Hands-on experience with a microcomputer on a networked system is provided. Not open to students who have completed Computer Science 102 or Information Technology 102 or 150.  
Course Type(s): TL

**IT 102**  
Cr. 3.0  
*Information Technology for Scientists*  
Introduction to computer-based information management that provides an integrated approach to personal computer software in a Windows environment, which includes word processing, spreadsheet, mathematics, database, presentation graphics, Internet, and electronic communication applications. Emphasizes scientific applications, technical report preparation, and presentation. Hands-on experience with a microcomputer on a networked system is provided.  
Course Type(s): TL

**IT 150**  
Cr. 3.0  
*Information Technology for Business*  
Introduction to computer-based information business management that provides an integrated approach to personal computer software in a Windows environment. This includes fundamental technology literacy; operating systems, word processing, spreadsheet, database, presentation graphics, and electronic communication applications; computer and network security; troubleshooting; information retrieval from the Internet and online library resources; intranet and extranet systems; and the ethical, societal, legal, and economic implications of computer technology. Hands-on experience with a microcomputer on a networked system is provided.  
Course Type(s): TL
IT 200 Cr. 3.0
Advanced Information Technology
Advanced concepts and techniques in computer-based information management are provided through an integrated approach to personal computer hardware and software in a Windows environment. These include: hardware and software considerations; societal and ethical considerations; the program development life cycle; creating tables; merging documents and desktop publishing in word processing; creating templates, and workbooks with multiple worksheets, and creating a data map in electronic spreadsheets; creating custom reports and an application system using macros in database management; and using embedded visuals in presentation graphics applications. Hands-on experience with a microcomputer on a networked system is provided.
Prerequisite: Information Technology 100 or 102, or Computer Science 102 or Information Technology 150.
Course Types(s): none

IT 250 Cr. 3.0
Internet and Network Technology
Introduction to integrated application software used for authoring and publishing Web sites in a Windows environment. Applications include markup programming and Internet scripting languages used to create Web pages. Network technologies and the fundamental concepts involved in creating a network and in facilitating network operation will also be introduced. Concepts include: protocols, networking media, and architectures. Hands-on experience with a microcomputer on a networked system is provided.
Prerequisite: Information Technology 200 or Computer Science 175 or permission of the department.
Course Types(s): none

IT 298 Cr. 3.0
Special Topics in Information Technology (200 Level)
Topics of current interest in Information Technology. Prerequisites: Information Technology 100 and as announced in the course schedule.
Course Types(s): none

IT 300 Cr. 3.0
Windows Applications: Program Design and Implementation
Program development life cycle, core programming concepts, and software design and methodologies used to create Windows applications with Visual Basic. Practical problems are used to illustrate application-building techniques used in a variety of applications, including Windows desktop application and applications targeted for the Internet and intranets. Topics include designing customized user interfaces, building dialog boxes, adding drag-and-drop functionality to applications, and creating customized database management and reporting applications. Hands-on experience with a microcomputer on a networked system is provided.
Prerequisite: Information Technology 250 or permission of the department.
Course Types(s): none

IT 398 Cr. 3.0
Special Topics in Information Technology (300 Level)
Topics of current interest in Information Technology. Prerequisites: Information Technology 100 and as announced in the course schedule.
Course Types(s): none

IT 399 Cr. 3.0
Independent Study in Information Technology
Reading and research on a selected topic under the direction of a faculty member.
Course Types(s): none

IT 405 Cr. 3.0
Advanced Internet Technology
The most current tools and technologies used in professional Web site development are introduced through the case study and lecture approach. Topics include the application of advance scripting languages and software applications for interactive controls, cascading style sheets, dynamic page layout, special effects, document formatting and transformation.
Prerequisites: Information Technology 250 and 300.
Course Types(s): none

IT 450 Cr. 3.0
Information Systems Project Management
The tools and skills of the systems analyst needed in information systems project management are introduced through the case study and experiential approach. Project management software will be used within an integrated-software environment-systems framework; students will complete two information technology projects in Web and database design for external clients.
Prerequisite: Information Technology 250 or permission of the department. Corequisite: Information Technology 300.
Course Type(s): EX
IT 498  Cr. 3.0
Special Topics in Information Technology  
(400 Level)
Topics of current interest in Information Technology.  
Prerequisites: Information Technology 100 and as  
amounted in the course schedule.  
Course Types(s): none

LC 300  Cr. 1.0
Career Search
Course teaches students the basic skills used to success-  
fully secure employment after graduation and familiarizes  
students with the hiring process used in most organiza-  
tions. May not be used to satisfy major or distribution  
requirements.  
Prerequisite: Junior standing.  
Course Types(s): none

LC 399  Cr. 3.0
Independent Study in Career Search
Reading and research on a selected topic under the  
direction of a faculty member.  
Course Types(s): none

MA 050  Cr. 3.0
Pre-Algebra Mathematics
The language of mathematics, terms and symbols,  
the real number system, arithmetic operations on real  
numbers, including exponents and roots, emphasis on  
fractions and decimals, and evaluation of expressions.  
Special topics on divisibility, figurate numbers, and intro-  
duction to college algebra. Three hours per week, plus  
mandatory attendance with mathematics lab. This course  
cannot be used to satisfy graduation requirements.  
Course Types(s): none

MA 100  Cr. 3.0
Quantitative Reasoning and Problem Solving
Basic mathematical concepts studied through solving  
problems in collaborative groups; examination of deci-  
sion-making and problem-solving techniques and various  
formats for representing quantitative information.  
Prerequisite: Mathematics 050, passed with a grade of C-  
or higher, if required.  
Course Types(s): none

MA 101  Cr. 3.0
College Algebra
The axioms and properties of the real number system.  
Manipulating expressions representing quantities; func-  
tions and their representations as rules, graphs, or tab-  
ulations; linear and polynomial functions; zero, factoring  
techniques, and graphical properties of polynomials; the  
logarithm and exponential; solving systems of equations;  
sequences and summations; and combinations and per-  
mutations. Calculators required for selected topics. This  
course cannot be used in satisfaction of the general edu-  
cation mathematics requirement.  
Prerequisite: Mathematics 050, passed with a grade of C-  
or higher, if required, or three credits of Math.  
Course Types(s): none

MA 103  Cr. 3.0
Foundations of Elementary Mathematics
Careful examination of mathematical ideas behind the  
mathematics taught in grades K-8, and their history and  
applications to daily life. Intended primarily for future  
elementary-school teachers to provide them with a better  
understanding of the mathematics they will teach. This  
course will also be of value for any student who wants  
a better understanding of these ideas. Focus on under-  
standing and exploring the mathematics behind computa-  
tion through problem solving, projects, group explorations,  
use of manipulatives, and some use of technology. Topics  
include: number systems, measurement, probability, sta-  
tistics, and geometry. Not open to freshmen.  
Prerequisite: Mathematics 050, passed with a grade of C-  
or higher, if required.  
Course Types(s): none

MA 105  Cr. 3.0
Mathematical Modeling in the Social Sciences
Exploration and aspects of algebra, mathematical model-  
ing, and data analysis, which are important in the social  
sciences. Topics include: an introduction to data, the use  
of variables, assorted kinds of graphs to represent data,  
the concept of function, the problem of fitting functions  
to data, representing change over time, rates of change,  
linear functions and linear models, piecewise-linear  
functions, and an introduction to non-linear functions.  
Pedagogical methods to be used include: projects using  
real data, computer explorations, and group work.  
Prerequisite: Mathematics 050, passed with a grade of C-  
or higher, if required.  
Course Types(s): none

MA 107  Cr. 3.0
Mathematics in the Arts
Study of artistic design in architecture, painting, sculpture,  
and crafts; math of music.  
Prerequisite: Mathematics 100 or 101.  
Course Types(s): none
MA 109  
**Pre-Calculus Mathematics**
The real number system, algebraic expressions, exponents, radicals, solution of equations, solutions of inequalities, functions, graphing of functions, and trigonometry. Not open to students who have successfully completed Mathematics 125.
Prerequisite: Appropriate score on the mathematics placement test or Math 101, passed with a minimum grade of C- or higher.
Course Types(s): none

MA 115  
**Introduction to Mathematics Modeling in the Biological Sciences**
Development of an understanding of linear, exponential, logarithmic, and trigonometric functions. Introduction to linear, exponential, logarithmic, and trigonometric models of biological phenomena.
Prerequisite: Mathematics 050, passed with a grade of C- or higher, if required.
Course Types(s): none

MA 116  
**Calculus for the Biological Sciences**
Introduction to calculus, from a primarily graphical perspective, through applications to biological and ecological phenomena. Topics include: differentiation, integration, and differential equations.
Prerequisite: Mathematics 115 or 109, passed with a grade of C- or higher, or placement directly into this course.
Course Types(s): none

MA 117  
**Quantitative Analysis for Business I**
Linear equations and models, systems of linear equations and applications, matrices and techniques for solving systems of equations, linear programming and applications, quadratic functions and models, and exponential and logarithmic models. A computer laboratory component is incorporated. Designed for students majoring in Business Administration; other students by permission of the Mathematics Department.
Prerequisite: Appropriate score on the mathematics placement test or successful completion of Mathematics 101 or 105, passed with a grade of C- or higher.
Course Types(s): none

MA 118  
**Quantitative Analysis for Business II**
Functions, limits, continuity, polynomial calculus, including optimization models, anti-derivatives, area, and applications to business models; introduction to probability and statistics as applied to business models.
Prerequisite: Mathematics 117, passed with a grade of C- or higher, or permission of the Department of Mathematics.
Course Types(s): none

MA 120  
**Introduction to Mathematical Reasoning**
Introduction to reasoning, proof, and exposition in mathematics. Topics include: Boolean logic, set theory, counting techniques, functions, mathematical induction, permutations, and the proofs of various elementary theorems.
Prerequisite: Mathematics 101, passed with a grade of C- or higher, or placement level 3.
Course Types(s): none

MA 125  
**Calculus with Analytic Geometry I**
Functions, limits, continuity, and the differential and integral calculus of algebraic, trigonometric, and exponential functions.
Prerequisite: Appropriate score on the mathematics placement test or Mathematics 109, passed with a grade of C- or higher, if required.
Course Types(s): none

MA 126  
**Calculus with Analytic Geometry II**
Functions, limits, continuity, and the differential and integral calculus of algebraic, trigonometric, exponential functions.
Prerequisite: Mathematics 125, passed with a grade of C- or higher.
Course Types(s): none

MA 130  
**Applied Discrete Mathematics**
Introduction to reasoning, proof, and exposition in mathematics. Topics include: Boolean logic, set theory, counting techniques, functions, mathematical induction, permutations, and the proofs of various elementary theorems.
Prerequisite: Mathematics 101, passed with a grade of C- or higher, or placement level 3.
Course Types(s): none
MA 131L  
**Mathematics Laboratory I**  
Cr. 1.0  
Computer laboratory exercises to complement classroom instruction. Emphasis is placed on the use of algorithmic techniques in solving mathematical problems. Students will develop computer programs to successfully implement the algorithms. First in a three-course (one credit each) computer laboratory experience for mathematics majors. Several projects, such as: traveling salesperson problem, linear and binary search algorithms, Huffman coding, and random walk simulation, Horner’s algorithm for evaluating polynomials, and string arithmetic algorithm. Corequisite: Mathematics 120 or 125.  
Course Types(s): none

MA 132L  
**Mathematics Laboratory II**  
Cr. 1.0  
Continuation of Mathematics 131L. Possible topics in this second laboratory include: approximation methods for instantaneous rate of change, Newton’s algorithm for estimating roots, calculating Taylor series approximation errors, Euler’s algorithm for numerically solving differential equations, numerical integration algorithms, and Monte Carlo integration. Prerequisite: Mathematics 131L, passed with a grade of C- or higher. Corequisite: Mathematics 126.  
Course Types(s): none

MA 133L  
**Mathematics Laboratory III**  
Cr. 1.0  
Continuation of Mathematics 132L. Possible topics in this third laboratory include: simplex algorithm, finding bases for vector spaces, division algorithm and Euclidean algorithm, Chinese remainder theorem, and estimating stochastic matrices. Prerequisite: Mathematics 132L, passed with a grade of C- or higher. Corequisite: Mathematics 221.  
Course Types(s): none

MA 151  
**Statistics with Applications**  
Cr. 3.0  
Analysis of data, probability, random variables, normal distribution, sampling theory, confidence intervals, and statistical inference. Not open to computer science majors or to students required to complete Mathematics 125, except software engineering majors. Prerequisite: Mathematics 101, 105, or 115, passed with a grade of C- or higher, or Mathematics placement exam score at the Mathematics 109 level.  
Course Types(s): none

MA 198  
**Special Topics in Mathematics (100 Level)**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in mathematics to be announced prior to registration. The course may be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule.  
Course Types(s): none

MA 199  
**Independent Study in Mathematics**  
Cr. 3.0  
Independent study in a topic not substantially treated in a regular mathematics course; for students with superior ability; weekly consultation required.  
Course Types(s): none

MA 203  
**Foundations of Elementary Mathematics I**  
Cr. 3.0  
Careful examination of mathematical ideas behind the mathematics taught in grades K-6, their history, and applications to daily life. Intended primarily for future elementary-school teachers to provide them with a better understanding of the mathematics they will teach. This course, along with MA 204, Foundations of Elementary Mathematics II, will also be of value for any student who wants a better understanding of these ideas. Focus on understanding and exploring mathematics through problem solving, projects, group explorations, use of manipulatives, and some use of technology. MA 203 concentrates on problem solving, whole number arithmetic and theory, discrete math, integers, fractions, decimals, and algebraic concepts. MA 203 does not count toward the mathematics major or minor requirements. Prerequisite: Mathematics 050.  
Course Types(s): none

MA 204  
**Foundations of Elementary Mathematics II**  
Cr. 3.0  
Careful examination of mathematical ideas behind the mathematics taught in grades K-6, their history, and applications to daily life. Intended primarily for future elementary-school teachers to provide them with a better understanding of the mathematics they will teach. This course, along with MA 203, Foundations of Elementary Mathematics I, will also be of value for any student who wants a better understanding of these ideas. Focus on understanding and exploring mathematics through problem solving, projects, group explorations, use of manipulatives, and some use of technology. Topics in MA 204 include: fractions, ratios and percent, data analysis, counting and probability, geometry of shape, measure-
ment, and measurement geometry (perimeter, area, surface area, volume). MA 204 does not count toward the mathematics major or minor requirements.
Prerequisite: Mathematics 203 passed with a grade of C- or higher.
Course Types(s): none

MA 220 Cr. 3.0
Probability and Statistics I
To provide an axiomatic, calculus-based approach to probability and introductory statistics. The course is built around the process of performing a statistical analysis; posing the question, collecting the data, describing the data, analyzing and modeling the data, and drawing inferences from the data regarding the original question. Specific topics covered include sampling, descriptive analysis of data, probability, random variables, discrete and continuous distributions, expectation, confidence intervals, one sample hypothesis testing, chi-square analyses, correlation, and regression.
Prerequisite: Mathematics 126 passed with a grade of C- or higher.
Course Types(s): none

MA 221 Cr. 3.0
Linear Algebra
Systems of equations, matrix algebra, linear transformations, Eigenvectors, linear programming, and computational methods.
Prerequisites: Mathematics 120 or 130, and Mathematics 125, each passed with a grade of C- or higher, and MA-LVL1.
Course Types(s): none

MA 225 Cr. 4.0
Calculus with Analytic Geometry III
Infinite series, partial differentiation, multiple integration, and associated solid analytic geometry.
Prerequisites: Mathematics 126, passed with a grade of C- or higher and MA LVL1.
Course Types(s): none

MA 237 Cr. 4.0
Programming and Technology in Mathematics
Provides an introduction to the use of technology as it applies to mathematics. A major component of the course will be to build a solid foundation in the skills needed to apply mathematical concepts to programming. In addition, the use of technology in presentations, scholarly searches, and its role and limitations in computer and Internet security will be covered. Students will gain an appreciation of the important ethical and social issues involving the use of technology.
Prerequisites: Mathematics 120, 125, and 126, all passed with a grade of C- or higher and successful passing of the Gateway Exam II. Corequisite: Mathematics 311 or 221 or 225.
Course Type(s): TL

MA 298 Cr. 1.0 – 3.0
Special Topics in Mathematics (200 Level)
An intensive study of a particular subject or problem in mathematics to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

MA 299 Cr. 3.0
Independent Study in Mathematics
Independent study in a topic not substantially treated in a regular mathematics course; for students with superior ability; weekly consultation required.
Course Types(s): none

MA 311 Cr. 3.0
Differential Equations
Designed to provide students with the fundamentals of differential equations. The topics include elementary methods of solution, nth order linear equations, systems of linear equations, Laplace transform methods, numerical solutions, and initial and boundary value problems.
Prerequisites: Mathematics 126 and 221; both passed with a grade of C- or higher.
Course Types(s): none

MA 314 Cr. 3.0
Number Theory
Properties of integers, divisibility, prime numbers, congruence, and Diophantine equations.
Prerequisites: Mathematics 120 and 221, passed with a grade of C- or higher, Math Level 3; and English 101 and 102 or permission of the instructor.
Course Type(s): RD

MA 317 Cr. 3.0
Geometry
Study of Euclid’s axioms, fifth postulate and its substitutes, absolute geometry, projective geometry, constructions, and convexity.
Prerequisites: Mathematics 120, and either Mathematics
Appendix A: Course Descriptions

221 or 225, passed with a grade of C- or higher; MA-LVL2.
Course Types(s): none

**MA 318 Cr. 3.0**
**Combinatorics and Graph Theory**
Combinatorics is the study of countable discrete mathematical structures. Graph theory is the study of mathematical structures involving a collection of objects, known as the vertex set, along with a collection of pairs of vertices, known as the edge set. These two inseparable areas of mathematics are ripe with beautiful theory and endless applications. Students will learn the techniques required to answer questions in these fields, as well as appropriate applications.
Prerequisites: Mathematics 120 or 130 or Computer Science 202, and Mathematics 221; both passed with a grade of C- or higher and MA LVL2.
Course Types(s): none

**MA 320 Cr. 3.0**
**Probability and Statistics II**
A continuation of MA 220, including sample distributions, exploratory data analysis, estimation methods, regression, and correlation, as well as applications to quality control.
Prerequisites: One of either Mathematics 116 or 118 or Mathematics 126 passed with a grade of C- or higher and one of either Mathematics 151 or Economics 251 or Mathematics 220 passed with a grade of C- or higher and English 101 and 102.
Course Type(s): WT

**MA 321 Cr. 3.0**
**Statistical Consulting**
Gives students a working knowledge of statistical consulting in the world outside of the classroom by working with real clients. Students will interview clients, translate client needs into statistical language, design statistical experiments, generate data collection plans, assist in data collection, analyze data, interpret their analyses, and present their finding to the client. Throughout the process students will interact with their clients regarding ongoing questions that occur. By the end of the course, students will be able to choose and apply appropriate statistical design and analysis methodologies. They will also be able to interpret, evaluate, and present their conclusions in oral and written form. Topics covered will depend upon client needs and may include designing experiments with power and sample size considerations, multiple and logistic regression, survival analyses, t- and chi-square tests, ANOVA/MANOVA/ANCOVA, and principal component analysis. This course may be repeated once for additional credit to either continue work on a long-term project, or to take part in a new statistical consulting project.
Prerequisite: Permission of the instructor is required.
Course Types(s): none

**MA 325 Cr. 3.0**
**History of Mathematics**
Surveys historical milestones in the development of mathematics from ancient times to the nineteenth century, with modern topics as time permits.
Prerequisites: Mathematics 314 or 317 or 318, passed with a grade of C- or higher, and English 101 and 102.
Course Type(s): WT

**MA 350 Cr. 3.0**
**Computation and Statistics**
Covers topics related to computational statistics, including obtaining large, realistic, real-time datasets, calculation and visualization of basic statistical features, regression, empirical distributions, and time-series features. Also covered will be principal components analysis (PCA), analysis of variance (ANOVA), correlation, prediction, and stochastic volatility estimation (GARCH). Portfolio theory will also be covered.
Prerequisites: Mathematics 116 or 118 or 126, passed with a grade of C- or higher, and either Mathematics 151 or 220 or Economics 251, passed with a grade of C- or higher.
Course Types(s): none

**MA 388 Cr. 3.0**
**Cooperative Education: Mathematics**
Affords the student an opportunity to apply mathematical theory to practical work-related experience. Includes both academic and experiential components. Involves ten hours per week of work experience. The academic aspect includes a reflective journal and a written report; repeatable for credit.
Prerequisites: Mathematics 211 and 319, passed with a grade of C- or higher, if a Mathematics major; or Mathematics 120 and 126, passed with a grade of C- or higher, if other major; a cumulative GPA of 2.00 and Junior or Senior standing.
Course Type(s): EX

**MA 389 Cr. 1.0 – 3.0**
**Internship in Mathematics**
Supervised practical experience in math; repeatable for credit.
Prerequisites: Departmental approval and Junior standing.
Course Type(s): EX

MA 398 Cr. 1.0 – 3.0
Special Topics in Mathematics (300 Level)
An intensive study of a particular subject or problem in mathematics to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

MA 399 Cr. 3.0
Independent Study in Mathematics
Independent study in a topic not substantially treated in a regular mathematics course; for students with superior ability; weekly consultation required.
Course Types(s): none

MA 407 Cr. 3.0
Topology
Topology is the study of the structure of space and is one of the major theoretical areas in modern mathematics. The course serves as both a rigorous foundation for advanced study in the field and as a survey of important techniques established since its inception. After building the necessary framework of point-set topology, the course will move on to selected topics such as the classification of surfaces, knot theory, and algebraic topology.
Prerequisites: Mathematics 221 and 225, both passed with a grade of C- or higher, and MA-LVL2.
Course Types(s): none

MA 410 Cr. 3.0
Modern Algebra
Beginning with the natural numbers, the integers and rational numbers are developed. Complex numbers and roots of unity are followed by groups, rings, and polynomials.
Prerequisites: Mathematics 221, and either Mathematics 314 or 317 or 318 or 407, passed with a grade of C- or higher.
Course Types(s): none

MA 411 Cr. 3.0
Group Theory
Group Theory is the study of symmetry, and is one of the core branches of abstract algebra. The course will explore the theory and applications of groups. In addition to covering many examples of groups, course topics will include subgroups, group homomorphisms and isomorphisms, permutations, quotient groups, Sylow Theorems, and the structure of finitely generated abelian groups.
Prerequisites: Mathematics 221 and either Mathematics 314 or 317 or 318 or 407, both passed with a grade of C- or higher.
Course Types(s): none

MA 413 Cr. 3.0
Complex Analysis
Complex numbers and plane, functions, derivatives, line integrals, and Cauchy integral theorem. Cauchy's formula, series, applications.
Prerequisites: Mathematics 225 and either Mathematics 314 or 317 or 318 or 407, both passed with a grade of C- or higher.
Course Types(s): none

MA 415 Cr. 3.0
Real Analysis
Metric spaces, real number system, limits, functions, continuity, differentiation and integration, and counter-examples.
Prerequisites: Mathematics 225 and either Mathematics 314 or 317 or 318 or 407, all passed with a grade of C- or higher; and English 101 and 102 or permission of the instructor.
Course Type(s): WT

MA 419 Cr. 3.0
Introduction to Mathematical Modeling
Introduction to mathematical modeling, which is a process in which a real-world situation is studied, simplified, and abstracted to the point that mathematical tools can be applied to gain understanding. Introduction to the process, first via a text and mini-projects, then in teams investigating problems from local industries or organizations.
Prerequisites: Junior or Senior standing; Mathematics 220, 221, and 311, all passed with a grade of C- or higher, and English 101 and 102 or permission of the instructor.
Course Type(s): EX, WT

MA 421 Cr. 3.0
Design of Experiments and ANOVA
Provides a working knowledge of multivariate regression and ANOVA methods balanced with the theory underlying these techniques. Intended for students considering a career in statistics, including but not limited to biostatistics, financial mathematics and theoretical statistics. Topics include: an introduction to experimental design,
power and effect size calculations, data screening and transformation to meet assumptions of the analyses, multivariate regression, multinomial logistic regression, multivariate survival analysis, ANOVA/ANCOVA/MANOVA/MANCOVA, and, time permitting, an introduction to time series analysis. Extensive use is made of real-world case data from business/finance, health/biology, and education/psychology.

Prerequisites: Mathematics 116 or 118 or 126, passed with a grade of C- or higher, and either Mathematics 151, 220 or Economics 251, passed with a grade of C- or higher.

Course Types(s): none

**MA 440**  
**Cr. 3.0**  
**Regression and Time Series Analysis**  
Covers topics related to multiple regression techniques, including testing the assumptions required for each to be valid. This includes applications to yield curve smoothing, pricing, and investment models, and the use of principal component analysis. Also covered are techniques for the analysis and modeling of time series data and forecasting.

Prerequisites: Mathematics 116 or 118 or 126; passed with a grade of C- or higher and Mathematics 151 or 220 or Economics 251, passed with a grade of C- or higher.

Course Types(s): none

**MA 460**  
**Cr. 3.0**  
**Multivariate and Categorical Statistics**  
This advanced statistics course provides students with skills in advanced multivariate analysis and its applications. Students will learn the material through projects using data from business, finance, and biology. Topics include MANOVA, discriminant analysis, cluster analysis, multidimensional scaling, and factor analysis. Topics may also include conjoint analysis, canonical correlation, and structural equation modeling.

Prerequisites: Mathematics 116 or 118 or 126; passed with a grade of C- or higher and Mathematics 151 or 220 or Economics 251, passed with a grade of C- or higher.

Course Types(s): none

**MA 488**  
**Cr. 3.0**  
**Cooperative Education: Mathematics**  
Affords the student an opportunity to apply mathematical theory to practical work-related experience. Includes both academic and experiential components. Involves ten hours per week of work experience. The academic aspect includes a reflective journal and a written report; repeatable for credit.

Prerequisites: Mathematics 211 and 319, both passed with a grade of C- or higher, if a mathematics major; or Mathematics 120 and 126, passed with a grade of C- or higher, if another major; a cumulative GPA of 2.00 and Junior or Senior standing.

Course Type(s): EX

**MA 489**  
**Cr. 1.0 – 3.0**  
**Internship in Mathematics**  
Supervised practical experience in math; repeatable for credit.

Prerequisites: Departmental approval and Junior standing.

Course Type(s): EX

**MA 498**  
**Cr. 1.0 – 3.0**  
**Special Topics in Mathematics (400 Level)**  
An intensive study of a particular subject or problem in mathematics to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.

Prerequisite: As announced in the course schedule.

Course Types(s): none

**MA 499**  
**Cr. 3.0**  
**Independent Study in Mathematics**  
Independent study in a topic not substantially treated in a regular mathematics course; for students with superior ability; weekly consultation required.

Prerequisite: Prior permission of the directing professor and department chair.

Course Types(s): none

**ML 411**  
**Cr. 16.0**  
**Clinical Internship in Medical Laboratory Science I**  
First half of an intensive one-year clinical internship and training at an approved, partner medical institution in the requisite skills for a career in medical laboratory science. Practical experience in tests and procedures of hematology, histology, blood bank, clinical microscopy, clinical chemistry, bacteriology, parasitology, mycology, immunology, serology, radioisotopes, and related subjects. Limited to Medical Laboratory Science majors who have completed all other degree requirements.

Course Type(s): EX, WT

**ML 412**  
**Cr. 16.0**  
**Clinical Internship in Medical Laboratory Science II**  
Second half of an intensive one-year clinical internship and training at an approved, partner medical institution in the requisite skills for a career in medical laboratory science. Practical experience in tests and procedures of hematology, histology, blood bank, clinical microscopy,
clinical chemistry, bacteriology, parasitology, mycology, immunology, serology, radioisotopes, and related subjects. Limited to Medical Laboratory Science majors who have completed all other requirements. Prerequisite: Clinical Internship ML 411.
Course Type(s): EX

**MM 490**  
**Cr. 9.0**
**Experience in Clinical Medicine**  
Intensive, practical, first-hand experience in clinical medicine at Monmouth Medical Center. A comprehensive introduction to the skills required to practice medicine: excellent communication, critical reading of the literature, epidemiologic methods (disease patterns in populations), and understanding medicine as a human experience. The practicum consists of clinical observations, seminars, community service, discussion groups, and a research paper. This course is under the auspices of the Biology Department. Limited to Monmouth Medical Center Scholars with Junior standing. This is a pass/fail course as of 16/FA.
Course Type(s): EX

**MS 198**  
**Cr. 4.0**
**Oceanography**  
Study of the physical and chemical properties of seawater; oceanic circulation; waves and tides; and estuarine and shoreline processes.
Course Type(s): ME

**MS 298**  
**Cr. 4.0**
**Introduction to Marine Biology**  
The student will be able to identify the environmental parameters of marine habitats and their effect on the distribution of the marine flora and fauna. The student will collect and identify numerous representatives of local marine forms and become proficient in the utilization of the various kinds of equipment necessary to complete these tasks. The student will also gain knowledge regarding marine organism physiology, behavior, and anatomy.
Course Type(s): ME

**MS 298A**  
**Cr. 4.0**
**Introduction to Marine Sciences**  
Oceanography will be explored.
Course Type(s): ME

**MS 298C**  
**Cr. 1.0 – 4.0**
**Special Topics in Marine Science**  
Marine and Environmental Chemistry. The study of the chemical constituents of seawater, their properties, and interactions, including their reactions at the air-sea and sea-bottom interfaces. Sampling and analytic techniques.
Course Type(s): ME

**MS 498A**  
**Cr. 1.0 – 3.0**
**Special Topics in Marine Sciences**  
Seashore Ornithology. Brief identifications of birds of the ocean, salt marsh, sand dunes, and adjacent land areas. Includes discussion of habits and ecology.
Course Type(s): ME

**MS 498B**  
**Cr. 1.0**
**Special Topics in Marine Sciences**  
Marine Pollution and Solutions. The identification, monitoring, origin, movement, and fate of toxic substances in the marine environment with emphasis on New Jersey’s estuaries and oceanic environments. The impacts of contaminants on biota and man will be discussed.
Course Type(s): ME

**MS 498C**  
**Cr. 1.0 – 3.0**
**Special Topics in Marine Sciences**  
Management of Marine Resources. An overview of the economic, political, legal, and social problems related to management of the diversity of legitimate uses of marine resources, including fisheries, mineral and energy resources, and waste disposal.
Course Type(s): ME

**MU 101**  
**Cr. 3.0**
**Music Appreciation**  
Development of insights into historically significant examples of Western vocal and instrumental music.
Course Type(s): AT

**MU 140**  
**Cr. 1.0**
**Applied Music Industry I**  
Students will be introduced to the modern music business ecosystem, find out how all facets of the evolving business function, and learn about the skills needed for a variety of diverse careers in the industry.
Course Type(s): AT

**MU 145**  
**Cr. 1.0**
**Band I**  
Instrumental experience in concert and stage band combinations to improve one’s musicianship; public performances on campus and in the community; two concerts a year. May be taken for as many as eight semesters.
Course Type(s): AT
MU 146  
**Band II**  
Instrumental experience in concert and stage band combinations to improve one’s musicianship; public performances on campus and in the community; two concerts a year. May be taken for as many as eight semesters.  
Course Types(s): AT

MU 147  
**Chorus I**  
Training in choral music of various styles, in vocal technique, and in aspects of expressive performance; concert participation required. May be taken for as many as eight semesters.  
Course Types(s): AT

MU 148  
**Chorus II**  
Training in choral music of various styles, in vocal technique, and in aspects of expressive performance; concert participation required. May be taken for as many as eight semesters.  
Course Types(s): AT

MU 150  
**Introduction to Piano**  
Group instruction in piano with an emphasis on developing beginning skills in keyboard technique, music reading, harmonization, and performance of repertoire. Designed for students with little or no previous musical experience.  
Course Types(s): AT

MU 151  
**Group Piano I**  
Group instruction in piano with an emphasis on music reading, music theory, piano technique, harmonization, improvisation, and performance of repertoire. Designed for music majors and students with some previous musical experience.  
Course Types(s): AT

MU 152  
**Group Piano II**  
Group instruction in piano with an emphasis on more advanced music reading, music theory, piano technique, harmonization, improvisation, and performance of repertoire. Designed for students who would like to continue to develop the skills acquired in Music 151.  
Prerequisite: Music 151.  
Course Types(s): AT

MU 156  
**Chamber Orchestra**  
The Monmouth University Chamber Orchestra is a small orchestral ensemble of strings with woodwinds, brass, and percussion that is designed to meet the needs of the Music and Theatre Department and public performances on campus and in the community. May be taken for as many as eight semesters.  
Course Types(s): AT

MU 157  
**Chamber Choir I**  
The Monmouth University Chamber Chorus is an ensemble of sixteen to twenty-four auditioned singers who wish to extend their knowledge and skills in choral arts in a challenging musical setting. The repertoire for this ensemble requires a moderate/high degree of individual musicianship and mastery of specific singing techniques and period music interpretation. The group functions as a concert-ready and portable ensemble that responds to requests for particular types of venues, such as: sporting events, concert tours as a vehicle for a wider public performance experience with regard to public relations, meaningful connections with other academic institutions, and university recruitment. Audition required and registration is by the instructor.  
Prerequisite: Music 151.  
Course Types(s): AT

MU 158  
**Chamber Choir II**  
A continuation of Music 157, the Monmouth University Chamber Chorus is an ensemble of sixteen to twenty-four auditioned singers who wish to extend their knowledge and skills in choral arts in a challenging musical setting. The repertoire for this ensemble requires a moderate/high degree of individual musicianship and mastery of specific singing techniques and period music interpretation. The group functions as a concert-ready and portable ensemble that responds to requests for particular types of venues, such as: sporting events, lecture/presentations, dedications, special events, and graduation ceremonies. Additionally, the group will undertake periodic concert tours as a vehicle for a wider, public performance experience and with regard to public relations, meaningful connections with other academic institutions, and university recruitment. Audition required and registration is by instructor.  
Prerequisite: Music 157.  
Course Types(s): AT
MU 161  
_group instrument I  
Cr. 2.0
Designed to develop instrumental technique and repertoire; open to students who have some proficiency in strings, woodwinds, brass, or percussion.
Course Types(s): AT

MU 162  
_group instrument II  
Cr. 2.0
Designed to develop instrumental technique and repertoire; open to students who have some proficiency in strings, woodwinds, brass, or percussion.
Course Types(s): AT

MU 163  
_group Strings  
Cr. 1.0
Designed especially for music education students who are required to have some proficiency in group strings to meet state certification guidelines. Open to beginners only. Non-music majors may enroll by permission of the Department of Music and Theatre Arts.
Course Types(s): AT

MU 164  
_group Woodwinds  
Cr. 1.0
Designed especially for music education students who are required to have some proficiency in group woodwinds to meet state certification guidelines. Open to beginners only. Non-music majors may enroll by permission of the Department of Music and Theatre Arts.
Course Types(s): AT

MU 165  
_group Brass  
Cr. 1.0
Designed especially for music education students who are required to have some proficiency in group brass to meet state certification guidelines. Open to beginners only. Non-music majors may enroll by permission of the Department of Music and Theatre Arts.
Course Types(s): AT

MU 166  
_group Percussion  
Cr. 1.0
Designed especially for music education students who are required to have some proficiency in group percussion to meet state certification guidelines. Open to beginners only. Non-music majors may enroll by permission of the Department of Music and Theatre Arts.
Course Types(s): AT

MU 167  
Introduction to Electronic Music  
Cr. 3.0
Fundamentals of electronic music acquired through lectures, recordings, and hands-on use of electronic synthesizers.
Course Types(s): AT

MU 170  
Electronic Music Composition  
Cr. 3.0
A course designed for musicians who wish to compose and record music in a soundtrack, avant-garde, or classical genre. Students will be required to use University recording facilities.
Course Types(s): AT

MU 171  
_group Voice I  
Cr. 3.0
Fundamentals of technique and performance of song literature; voice production and principles of singing, including breath control, resonance, tone quality, diction, and pronunciation.
Course Types(s): AT

MU 172  
_group Voice II  
Cr. 3.0
Fundamentals of technique and performance of song literature; voice production and principles of singing, including breath control, resonance, tone quality, diction, and pronunciation.
Course Types(s): AT

MU 180  
Applied Music: Jazz Piano  
Cr. 1.0
Weekly, fifty-minute private lessons in jazz piano; may be repeated for additional credits.
Prerequisite: Permission of the instructor.
Course Types(s): AT

MU 181  
Applied Music: Bass  
Cr. 1.0
Weekly, fifty-minute private lessons in bass; may be repeated for additional credits.
Prerequisite: Permission of the instructor.
Course Types(s): AT

MU 188  
Fundamentals of Guitar  
Cr. 3.0
General music skills as applied to guitar playing; students develop left- and right-hand technique; introduction to
basic repertoire and history of repertoire.
Course Types(s): AT

**MU 190** 
Cr. 1.0  
**Applied Music: Percussion**  
Weekly, fifty-minute private lessons in percussion; may be repeated for additional credit.  
Prerequisite: Permission of the instructor.  
Course Types(s): AT

**MU 191** 
Cr. 1.0  
**Applied Music: Voice**  
Weekly, fifty-minute private lessons in voice; may be repeated for additional credit.  
Prerequisite: Permission of the instructor.  
Course Types(s): AT

**MU 192** 
Cr. 1.0  
**Applied Music: Piano**  
Weekly, fifty-minute private lessons in piano; may be repeated for additional credit.  
Prerequisite: Permission of the instructor.  
Course Types(s): AT

**MU 193** 
Cr. 1.0  
**Applied Music: Upper Brass**  
Weekly, fifty-minute private lessons in upper brass; may be repeated for additional credit.  
Prerequisite: Permission of the instructor.  
Course Types(s): AT

**MU 194** 
Cr. 1.0  
**Applied Music: Lower Brass**  
Weekly, fifty-minute private lessons in lower brass; may be repeated for additional credit.  
Prerequisite: Permission of the instructor.  
Course Types(s): AT

**MU 195** 
Cr. 1.0  
**Applied Music: Woodwinds**  
Weekly, fifty-minute private lessons in woodwinds; may be repeated for additional credit.  
Prerequisite: Permission of the instructor.  
Course Types(s): AT

**MU 196** 
Cr. 1.0  
**Applied Music: Guitar**  
Weekly, fifty-minute private lessons in guitar; may be repeated for additional credit.  
Prerequisite: Permission of the instructor.  
Course Types(s): AT

**MU 197**  
Cr. 1.0  
**Applied Music: Strings**  
Weekly, fifty-minute private lessons in strings; may be repeated for additional credit.  
Prerequisite: Permission of the instructor.  
Course Types(s): AT

**MU 198**  
Cr. 1.0 – 3.0  
**Special Topics in Music (100 Level)**  
An intensive study of a particular subject or problem in music to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Types(s): AT

**MU 199**  
Cr. 1.0  
**Applied Music: Private Instruction**  
Private instrumental and vocal instruction. The instructor is selected by the student with the approval of the Music faculty. Students must consult the Music Department.  
Course Types(s): AT

**MU 216**  
Cr. 3.0  
**From Blues to Rap: The African-American Music Tradition**  
Contributions of African-Americans to American music: slave songs, spirituals, blues, rhythm and blues, soul, and rap music.  
Prerequisites: English 101 and 102 or permission of the instructor.  
Course Type(s): AT, WT

**MU 217**  
Cr. 3.0  
**The American Music Tradition**  
A survey of American music from the colonial period to the present, including folk and ethnic music, military and parade music, war songs, Tin Pan Alley pop, Broadway show tunes, and composers such as Stephen Foster, Woody Guthrie, and Irving Berlin.  
Prerequisites: English 101 and 102 or permission of the instructor.  
Course Type(s): AT, WT

**MU 218**  
Cr. 3.0  
**History and Literature of Music I**  
Survey of musical idioms and forms from Ancient Greek to the Baroque periods. Primary focus on Western music in Western culture; some time will be spent exploring the music of Asia, Africa, and South America; exploration of the great musical literature that has survived from antiquity through 1700 AD.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): AT, WT

**MU 219**  
**Cr. 3.0**  
**History and Literature of Music II**  
Survey of musical forms and idioms from the Classical period until the present. Primary focus is to expose the student to the vast body of musical masterworks created in the modern era, as well as exploration of world music. Prerequisites: English 101 and 102 or permission of the instructor.  
Course Type(s): AT, WT

**MU 221**  
**Cr. 3.0**  
**Theory I**  
Basic knowledge of the procedures of harmony and melody.  
Prerequisite: Music 151 or departmental approval.  
Course Types(s): AT

**MU 222**  
**Cr. 3.0**  
**Theory II**  
The rudiments of music writing, from the harmonization of simple melodies to the writing of more complex music. Emphasis on more advanced compositions.  
Prerequisite: Music 221 or departmental approval.  
Course Types(s): AT

**MU 240**  
**Cr. 1.0**  
**Applied Music Industry II**  
Students will be introduced to a variety of skills needed in the music industry. Each student will be required to complete specific, hands-on projects in preparation for a major internship off campus.  
Prerequisites: Music 140 and 301.  
Course Types(s): AT

**MU 241**  
**Cr. 1.0**  
**Applied Music Industry III**  
Students will be introduced to a variety of skills needed in the music industry. Each student will be required to complete a specific hands-on project as preparation for a major internship off campus. Limited to Music majors.  
Prerequisites: Music 140, 240, and 301.  
Course Types(s): AT

**MU 290**  
**Cr. 3.0**  
**Rock and Roll in American Culture**  
Impact of rock and roll on American culture and music history; rock genres, including rockabilly, protest rock, blues-rock, punk, heavy metal, and rock and roll as a global phenomenon.  
Course Type(s): AT, WT

**MU 291**  
**Cr. 3.0**  
**Jazz in America**  
Musical and cultural overview of the jazz tradition in America, with special emphasis on Dixieland, swing, bop, and jazz fusion, and artists such as Louis Armstrong, Count Basie, Duke Ellington, Charlie Parker, and John Coltrane.  
Course Type(s): AT, WT

**MU 292**  
**Cr. 3.0**  
**Roots, Rock, Reggae**  
A survey of Jamaican reggae music from its inception to the present. The music form’s political, religious, and cultural connections will also be examined, as will the major works of reggae composers, such as Bob Marley, Jimmy Cliff, and Peter Tosh.  
Course Types(s): AT

**MU 298**  
**Cr. 1.0 – 3.0**  
**Special Topics in Music (200 Level)**  
An intensive study of a particular subject or problem in music to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Types(s): AT

**MU 301**  
**Cr. 3.0**  
**The Business of Music**  
An introduction to the inner workings and business strategies of the music industry. In addition to an analysis of the recording arm of the industry, other areas such as concert production, management, media relations, and talent acquisition will also be examined.  
Course Types(s): AT

**MU 321**  
**Cr. 3.0**  
**Music Theory III**  
Music Theory III is the third semester of a sequential, two-year music theory curriculum. After a brief review of the material covered in Music Theory I (Music 221) and Advanced Theory and Harmony (Music 222), an introduction to the music materials and stylistic practices associated with nineteenth-century music is provided. Procedure will entail examining and working with melodic, rhythmic, harmonic, and structural elements found in the music being studied.
Prerequisites: Music 221 and 222. 
Course Types(s): AT

**MU 322** Cr. 3.0  
*Music Theory IV*  
Music Theory IV is the fourth semester of a sequential, two-year music theory curriculum. After a brief review of the material covered in Music Theory I (Music 221), Advanced Theory and Harmony (Music 222), and Music Theory III (Music 321), an introduction to the music materials, stylistic practices, and the unique forms and approaches associated with twentieth-century music is provided. Procedure will entail examining and working with the melodic, rhythmic, harmonic, and structural elements found in the music being studied. 
Prerequisites: Music 221, 222, and 321. 
Course Types(s): AT

**MU 327** Cr. 3.0  
*Instrumental Arranging and Basic Orchestration*  
Practical problems of orchestration, including transposition, characteristics, and limitation of various band, orchestral, keyboard, and electronic instruments; arranging for instrumental ensembles of various sizes. 
Prerequisite: Music 222. 
Course Types(s): AT

**MU 328** Cr. 3.0  
*Conducting*  
Basic choral and instrumental conducting techniques with emphasis on the physical problems of coordination and control, as well as interpretation, rehearsal, performance, and program planning. Each student will function as an assistant to the choral/instrumental conductors. 
Prerequisites: Music 218, 151, and four semesters of Music 145, 146, and/or 147, 148. 
Course Types(s): AT

**MU 328W** Cr. 2.0  
*Workshop in the Techniques of Composing Music*  
Explores problems in melody, rhythm, and harmony, including texture and the elements of musical form, presented in line with the needs of individual students as revealed in their original composition. 
Prerequisite: Music 222. 
Course Types(s): AT

**MU 329** Cr. 3.0  
*Conducting II*  
A continuation of Music 328. Basic choral and instrumental conducting techniques with emphasis on the physical problems of coordination and control, as well as interpretation, rehearsal, performance, and program planning. Each student will function as an assistant to the choral/instrumental conductors. 
Prerequisite: Music 328. 
Course Types(s): AT

**MU 331** Cr. 2.0  
*Music for the Child*  
Methods and materials of teaching in the elementary school (K-8); singing, rhythmic expression, listening, use of simple instruments, and correlating music with other areas of learning. For Music majors only. Also listed as Education 331. 
Prerequisites: Music 151 and 218. 
Course Types(s): AT

**MU 333** Cr. 2.0  
*The Teaching of Music in the Secondary School*  
Study and application of appropriate concepts, methods, skills, and materials for secondary-school music teachers. For Music majors only. Also listed as Education 333. 
Prerequisites: Music 151 and 218. 
Course Types(s): AT

**MU 340** Cr. 3.0  
*Music and Music Publishing for TV, Radio, and Film*  
Defines and examines the many opportunities available to the musician in the mass media, including theme composition, post scoring, jingle production, news music, production libraries, music editing, soundtrack production, on-air and cable network yearly campaigns, EFX and usage, available orchestral sources, client relations, timings and conversations, on-air and theatrical publishing, professional societies (ASCAP, BMI, SESAC), budgeting, and union relations and affiliations. 
Course Types(s): AT

**MU 341** Cr. 3.0  
*Songwriting I*  
Designed to analyze and study the many components of songwriting, focusing on today’s contemporary music featured on radio, film, and television. Various styles will be studied and developed, from rap to country music. Nashville style group writing will be used as will Writer in the Round type performances. Ability to play an instrument is recommended but not required. 
Course Types(s): AT
MU 342  
**Songwriting II**  
Cr. 3.0  
A continuation of Songwriting I and will focus on final arrangements and production of songs to be presented to publishers, record labels, etc. Also covered will be how to properly present works to producers and session musicians in the form of basic lead sheets and music notation.  
Course Types(s): AT

MU 345  
**Record Production**  
Cr. 3.0  
Examines all of the aspects of record production, from choice of artist and material to the actual art of recording itself. Will meet in a fully equipped recording studio and will be co-taught by the lecturing professor and a professional sound engineer. The recording techniques to be taught will be applicable to all forms of music, including classical jazz, rock, and mass/multimedia. The student will have hands-on instruction on the use of analog and digital recording machines, sound boards, and outboard gear.  
Course Type(s): AT, IM

MU 353  
**Contemporary Rock Ensemble I**  
Cr. 3.0  
Designed to run as a professional touring band would in preparation for a major tour and/or recording session. Covers many different genres with varying instrumentation. Taught by a seasoned road veteran with twenty years of experience in major tours/acts.  
Course Types(s): AT

MU 354  
**Contemporary Rock Ensemble II**  
Cr. 3.0  
A continuation of Rock Ensemble I, which is designed to run as a professional touring band would in preparation for a major tour and/or recording session. It will cover many different genres with varying instrumentation. Taught by a seasoned road veteran with twenty years of experience in major tours/acts.  
Course Types(s): AT

MU 399  
**Independent Study in Music**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in music to be announced prior to registration.  
Course Types(s): AT

MU 401  
**Music Business Internship Seminar**  
Cr. 3.0  
Practical experience in the music industry in fields such as concert production, promotion, publicity, music publishing, and management. This course is repeatable for credit.  
Prerequisites: Music 301, departmental approval, and Junior standing.  
Course Type(s): AT, EX

MU 402  
**Music Internship Seminar II**  
Cr. 3.0  
Practical experience in the music industry in fields such as concert production, promotion, publicity, music publishing, and management. Limited to Music majors only.  
Prerequisite: Music 401.  
Course Type(s): AT, EX

MU 403  
**Music Internship Seminar III**  
Cr. 3.0  
Practical experience in the music industry in fields such as concert production, promotion, publicity, music publishing, and management. Limited to Music majors only.  
Prerequisite: Music 402.  
Course Type(s): AT

MU 405  
**Composition**  
Cr. 3.0  
Using the technique of Replicate-Generate From-Generate, this course combines the student’s knowledge of traditional styles, form, and analysis in order to replicate music in many styles. The student will then begin to combine his or her own musical ideas into these compositions. The second half of the semester will be devoted to the original compositions of the student while employing the disciplines previously studied. Classical as well as contemporary motifs will be explored in this lecture-discussion-workshop course.  
Prerequisites: Music 218, 219, 221, and 222.  
Course Types(s): AT

MU 406  
**Composition II**  
Cr. 3.0  
Using the technique of Replicate-Generate From-
Generate, this course combines the student’s knowledge of traditional styles, form, and analysis in order to replicate music in many styles. The student will then begin to combine his or her own musical ideas into these compositions. The second half of the semester will be devoted to the original composition of the student while employing the disciplines previously studied. Classical as well as contemporary motifs will be explored in this lecture-discussion-workshop course. Prerequisite: Music 405. Course Types(s): AT

MU 453 Cr. 3.0
Advanced Record Production
Addresses the aesthetics of record production. Studio techniques, pre-production approaches, actual recording, and final mixing are at the heart of this course. Students will learn microphone techniques as well as control room techniques. The full responsibilities of the producer will be taught and discussed in the class, as well as practiced outside of the studio/classroom. Lectures and demonstrations will precede the students’ practical application and final product. Prerequisite: Music 345. Course Types(s): AT

MU 489 Cr. 1.0 – 3.0
Internship in Music
Supervised practical experience in math; repeatable for credit. Prerequisites: Departmental approval and Junior standing. Course Types(s): AT, EX

MU 498 Cr. 1.0 – 3.0
Special Topics in Music (400 Level)
An intensive study of a particular subject or problem in music to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Types(s): AT

MU 499 Cr. 1.0 – 3.0
Independent Study in Music
Reading and research on a selected topic under the direction of a Music Department faculty member. Course Types(s): AT

MU REC Cr. 0.0
Senior Recital - Music Major
Senior Recital - Music Major. This is a pass/fail course. Course Types(s): AT

NU 100 Cr. 3.0
Technology and Health Informatics
Designed to provide an introduction to the computer technology used in healthcare and its impact on decision-making. Includes an overview of the basic computer skills required to process electronic information, the nature and types of health information available on the World Wide Web, the development of search skills associated with finding information, linking electronic information to health decision-making processes, ethical and social issues involving the use of technology, and identifying major issues in computer and Internet security. Also listed as Health Studies 100. Course Type(s): TL

NU 201 Cr. 6.0
Nursing I
Principles of nursing practice and basic nursing skills are introduced to provide for basic biopsychosocial needs of patients and their significant others and to gain confidence and competence in patient care and medication administration across the lifespan. An introduction to human responses, therapeutic communication, client advocacy, and nursing care is the foundation for professional nursing practice. Students are introduced to nursing diagnosis, problem solving, decision making and critical thinking skills. A minimum grade of C+ is required in this course to continue to Nursing 202. Prerequisites: Biology 111, 112, Chemistry 109 all passed with a grade of C+ or higher. Corequisites: Nursing 201L and 201P. Course Types(s): none

NU 201L Cr. 0.0
Nursing I Lab
Communication skills, the nursing process, and medical mathematical calculations are areas of development. Methods for interpretation of medical orders, calculation of safe medications dosing and preparation, and administration of medications will be emphasized. Corequisites: NU 201 and 201P. Course Types(s): none

NU 201P Cr. 0.0
Nursing I Practicum
Students will learn the didactic content and apply the associated nursing skills during the clinical experience in the medical setting with live patients. Corequisites: NU 201 and NU 201L. Course Types(s): none
NU 202  Cr. 6.0
Nursing II
Professional nursing care for individuals and their significant others experiencing acute and/or chronic illness is emphasized. Students continue to develop skills in nursing diagnosis, problem solving, decision-making and critical thinking skills in caring for adult and geriatric patients. The nursing process is applied in caring for adult/geriatric patients and their significant others across health care settings such as the hospital, end-of-life facilities, and home care. A minimum grade of C+ is required in this course to continue to Nursing 203. 
Prerequisites: Nursing 201 and 205, both passed with a grade of C+ or higher, and Nursing 201L and 201P.
Corequisites: Nursing 202L and 202P.
Course Types(s): none

NU 202L  Cr. 0.0
Nursing II Lab
Clinical skills validation and simulations related to altered patterns of urologic and renal health, cardiac health, respiratory health, and gastrointestinal health. Basic nursing skills are expanded and focused on the geriatric patient.
Corequisites: NU 202 and NU 202P.
Course Types(s): none

NU 202P  Cr. 0.0
Nursing II Practicum
Foundational clinical experiences help students to develop plans and implement strategies for health promotion, risk reduction, health maintenance, rehabilitation, injury prevention and treatment of acute and complex health issues of adult and geriatric patients from diverse backgrounds. Critical thinking and evidence-based practice are introduced for students to formulate differential diagnoses, clinical impressions, nursing diagnoses for treatment and evaluation of care provided to adult and geriatric patients. Clinical opportunities are provided to deliver safe, legal, and ethical care for adult and geriatric patients in a variety of clinical settings.
Corequisites: NU 202 and NU 202L.
Course Types(s): none

NU 203  Cr. 6.0
Nursing III
Family theory is applied for examining families in childbearing years through pregnancy, labor, birth, postpartum mothers and their newborns, infancy, childhood and adolescence. The concentration is on the changing needs of women and families during the reproductive life cycle in the delivery of ethically sound nursing care. Care is adapted to the unique health and developmental needs of children and their families to maximize health potential. Health promotion, risk reduction, disease prevention, and restoration of developing children and women are integrated and facilitated in the care of mothers, neonates, families, and children in acute and community-based settings. A minimum grade of C+ in this course is required to continue to Nursing 204.
Prerequisites: Nursing 202 and 206, both passed with a grade of C+ or higher.
Course Types(s): none

NU 204  Cr. 6.0
Nursing IV
Part I - Sound professional nursing care for individuals and their significant others who are experiencing acute or complex health issues is emphasized. Clinical experiences continue to foster students’ ability to develop plans and implement strategies for health promotion, risk reduction, health maintenance, rehabilitation, injury prevention, and treatment of acute and complex health issues of adult and geriatric patients from diverse backgrounds. Students further improve their abilities to critically think and apply evidence-based practice to formulate differential diagnoses, clinical impressions, nursing diagnoses for treatment, and evaluation of care provided to adult and geriatric patients. Clinical opportunities facilitate safe, legal, and ethical care for adult and geriatric patients in a variety of clinical settings. Part II - Students will gain knowledge, skills, values, and meanings associated with positive promotion of Psychiatric-Mental Health Nursing across the lifespan, as well as having an opportunity to apply previously learned behavioral and scientific concepts of health and wellness. Psychiatric-Mental Health Nursing principles and therapeutic and effective communications with clients will be addressed. Student activities focus on initiating, continuing and terminating a one-to-one relationship. The student will use therapeutic communications and observation to identify client needs and responses to care. Concepts related to ethical/legal, professional accountability, community, and teaching are applied in patient care. Past, present, and future trends in mental health are explored. Discussion of the roles of the Psychiatric-Mental Health team, with emphasis on the nursing role, is integrated throughout the course. A minimum grade of C+ in this course is required to continue to Nursing 205.
Prerequisite: Nursing 203 passed with a grade of C+ or higher.
Course Types(s): none

NU 205  Cr. 3.0
Pathophysiology
Concepts for anatomy, physiology, and chemistry courses
provide the foundation for exploring human dysfunction across the lifespan. Emphasis is placed on the relationship of health patterns of major body systems to changes that occur during the illness experience. Major pathophysiologic concepts are explored using a symptom-based approach that focuses on the most common diagnoses encountered in the clinical setting. Theories related to etiology, pathogenesis, and clinical manifestations are used to study common disease processes. Concepts learned in this course are fundamental to nursing practice. A minimum grade of C+ in this course is required to continue to Nursing 206.

Prerequisites: Biology 111, 112 and Chemistry 109, all passed with a grade of C+ or higher.

Course Type(s): none

**NU 206 Cr. 3.0**

*Introduction to Pharmacology for Nurses*

Basic pharmacotherapeutics, pharmacodynamics, and pharmacokinetics are introduced. Students will be instructed on the actions, interactions, adverse effects, and nursing implications of each drug classification. Focuses on the principles and concepts of pharmacology and related nursing practices including the pharmacological approach to medication dosage/calculations, quality and safety in the administration of medication, and patient/client education. The principles of altered pharmacodynamics relative to age and ethnicity will be included. A minimum grade of C+ is required in this course to continue to Nursing 415.

Prerequisites: Nursing 201 and 205, both passed with a grade of C+ or higher; and Nursing 201L and 201P.

Course Type(s): none

**NU 312 Cr. 3.0**

*Individual Health Assessment*

Theory and practice of health-assessment skills, identification of deviations from normal, and documentation of findings. Use of techniques in a university laboratory to collect subjective and objective assessment data from a developmental, hereditary, environmental, and nutritional perspective. Relationship of health assessment to the role and responsibilities of the professional nurse in application of the nursing process. Application of these skills is expected in Nursing 415.

Prerequisites: Biology 111 and 112; and malpractice insurance.

Course Type(s): none

**NU 324 Cr. 3.0**

*Human Sexuality*

An introductory course designed to provide the student with a factual background as well as an in-depth understanding of his or her own and others’ sexuality and how it affects health. Focuses on developing an understanding of the essential components of human sexuality and their interrelationship with human development. Social, cultural and developmental determinants will be examined for their influence upon human sexuality. Examines the relationship between human sexuality and professional nursing practice. Content will include: the use of a sexual history in the nursing assessment, sexually transmitted disease, effects of pregnancy and aging on sexuality, effects of medical, surgical, and chronic health problems on an individual’s sexual functioning and identity. The role of the nurse as an educator/counselor is discussed. Also listed as Health Studies 324.

Course Type(s): GS, NU.EL

**NU 330 Cr. 3.0**

*Women’s Health*

Healthcare needs/concerns of women from diverse cultures will be examined. The focus will be on African, Asian, Caribbean, and Latina perspectives of health benefits, health practices, physical and physiological threats, and ethical issues. Body image, sexuality, marriage customs, reproduction, childbirth, parenting, lifestyle choices, menopause, and aging will be examined within the context of culture and contrasted to those of Western women. Also listed as Health 330.

Course Type(s): BI.EL, CD, GS, NU.EL

**NU 355 Cr. 3.0**

*Research Methods in Nursing*

Focuses on the nurse as a consumer of research.
Emphasis is placed upon studying the steps of the research process as a basis for understanding investigation of nursing problems and the application of findings to practice. Seeks to prepare students with an introduction to basic methodological and statistical concepts. Not open to students who have passed Nursing 350.

Prerequisites: English 101 and 102 or permission of the instructor.

Course Type(s): WT

NU 360  Cr. 3.0
Transcultural Health
Focus on African, Asian, Caribbean, South- and Latin-American, Middle-East, and Indian beliefs, values and health practices, physical and psychological threats to health, and ethical issues. Differences of cultural beliefs related to health, illness, and the impact on the delivery of healthcare will be examined. Also listed as Health 360.

Course Type(s): BI.EL, GU, HE.EL

NU 365  Cr. 3.0
Wisdom, Wellness and Aging
Provides an understanding of the cross-cultural variations in the status of aging and health in older adults. Examples of various cultures include examining older adults from non-English-speaking countries such as North Korea, South Korea, Iran, Mexico, China, and Brazil. Examines older adults from these diverse populations as well as other nations. Topics to be covered include examinations of health implications on aging populations in non-English-speaking countries. Compare countries, such as Japan, India, and Nigeria, to explore how their specific culture influences caregiving, social support networks, and community. Specific, cultural views of love, intimacy, and sexuality in older adults will be examined. Also listed as Health 365.

Course Type(s): HE.EL

NU 370  Cr. 3.0
Alternative/Complementary Health Therapies
Cultural origins of Complementary Alternative Medicine (CAM) therapies will be discussed. Perspectives of health and healing through co-mingling Eastern Traditional Complementary and Alternative Medicine (TCAM) therapies and Western biomedical practices into an integrative strategy will be examined. Appropriate therapies for health promotion and specific illness contexts, potential risks/benefits, ethical issues addressing treatment choices, and global entities that employ CAM therapies will be discussed. There will be an emphasis on choosing CAM therapies that are supported by research as safe and effective. Knowledge of reliable sources of information on the Internet will improve decision-making regarding therapies. Also listed as Health 370.

Course Type(s): BI.EL, GU, NU.EL

NU 375  Cr. 3.0
Health in Developing Countries: A Cross-Cultural Perspective
Designed to introduce students to the concept of health as a cross-cultural issue. Students will examine their own health beliefs and practices and expand their understanding of health and health issues of the developing world. Contemporary health issues will be analyzed. Healthcare delivery systems in selected countries in Asia and Africa will be examined and compared to the American healthcare system. Students are expected to problem solve and postulate solutions to contemporary and emerging health issues. Also listed as Health 375.

Course Type(s): BI.EL, GU, NU.EL

NU 380  Cr. 3.0
Nutrition and Health
An introduction to the physiology of nutrition, basic concepts of normal nutrition, and nutrition in chronic disease (such as diabetes mellitus, cardiovascular disease, and obesity) will be explored. A study of the basic nutrients and the gastrointestinal system in its role of digestion, absorption, and metabolism. Food needs of an individual throughout life (birth to old age) will be considered, along with necessary dietary modifications caused by decreased activity. Food fads and fallacies will be discussed, as will factors to consider in choosing a healthy diet. Current concerns, such as how safe are the additives in our foods, the role of sugar, salt, and highly processed foods, alternative therapies such as herbal remedies, and phytochemicals and their potential roles in modern nutrition, will be studied. Weight management will be addressed as it relates to medical nutrition therapy. Also listed as Health 380.

Course Type(s): NU.EL

NU 398  Cr. 1.0 – 3.0
Special Topics in Nursing (300 Level)
An intensive study of a particular subject or problem in nursing to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.

Prerequisite: As announced in the course schedule.

Course Types(s): none
Appendix A: Course Descriptions

NU 399  
**Independent Study in Nursing**  
Cr. 1.0 – 3.0
Guided research and in-depth study of an area of nursing and/or healthcare of particular interest to the student.  
Prerequisite: Permission of the directing professor and department chair.  
Course Types(s): none

NU 413  
**Community Health Nursing I: Nursing of the Young Family**  
Cr. 3.0
The family as the basic unit of care in the community: a developmental approach to the nursing care of expanding families from conception through adolescence; the concept of health, environmental, and genetic influences; impact of political and economic policies, educational principles, ethics, health promotion, illness prevention, and common deviations from health.  
Prerequisite: Nursing 311.  
Course Type(s): RD

NU 414  
**Community Health Nursing II: Nursing of Communities**  
Cr. 3.0
Care of groups and communities: a developmental approach focusing on adolescence through senescence; community health and public health theories, epidemiology, health promotion, illness prevention, research, ethics, palliative care, vulnerable populations, and common deviations from health.  
Prerequisite: Nursing 413. Corequisite: Nursing 415.  
Course Types(s): none

NU 415  
**Community Health Nursing Laboratory**  
Cr. 3.0
The nine-hour clinical laboratory for Community Health Nursing. The nursing process is applied in a variety of community settings to clients from the formation of the family through senescence. Application of principles of health education, health promotion, and illness prevention in a culturally sensitive manner. A minimum grade of C+ is required in this course to continue to Nursing 450.  
Prerequisites: Nursing 311, 312, 355, and 413. Corequisite: Nursing 414.  
Course Type(s): EX

NU 440  
**Health Policy**  
Cr. 3.0
Depives into the core elements that define health policy. Describes factors, such as the healthcare delivery systems (public/nonprofits vs. private/for profits), access to care, healthcare financing, quality of care issues, and social issues, such as gender and culture, and their impact on health and healthcare. The dynamics of the policy-making process at different levels (federal, state, and local) will be explored, along with policy analysis and how policy influences healthcare decisions. The complexities and challenges of healthcare reform will be identified.  
Also listed as Health Studies 440.  
Prerequisites: English 101 and 102 or permission of the instructor.  
Course Type(s): WT

NU 449  
**Interpersonal Violence**  
Cr. 3.0
Examines the various types and patterns of violence related to cultural values, beliefs, biases, and societal issues, as well as the historical perspectives of violence. Content includes: family, community, youth, and workplace violence, and child, domestic, elder, and sexual abuse. Theories concerning gender violence, gangs, bias and hate crimes, and terrorism are challenged. Public health and healthcare issues related to violence, and primary-, secondary-, and tertiary-level interventions for victims and offenders of violence are discussed. Individual responsibilities associated with identification and reporting violence are identified. Health-care measures to identify and prevent violence are analyzed. Methods of treatment for victims and perpetrators of violence are evaluated.  
Course Type(s): NU.EL

NU 450  
**Nursing for the Future**  
Cr. 3.0
The acquisition of knowledge and skills necessary for personal and professional growth designed to address the elements of successful leadership in a manner that is practical and relevant for today’s professional nurse.  
Prerequisites: Nursing 204 passed with a grade of C+ or higher; and English 101 and 102.  
Course Type(s): WT

NU 476  
**Special Topics in Nursing (400 Level)**  
Cr. 1.0 – 3.0
An intensive study of a particular subject or problem in nursing to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Types(s): none
NU 499  Cr. 1.0 – 3.0
Independent Study in Nursing
Guided research and in-depth study of an area of nursing and/or healthcare of particular interest to the student.
Prerequisites: Completion of all 300-level courses and permission of the directing professor and department chair.
Course Types(s): none

PE 110  Cr. 1.0
Swimming
Provides a comprehensive foundation for recreational swimming. Students will learn and practice skills associated with proper stroke development, water safety, and improved general fitness. Individual Class. This is a pass/fail course.
Course Types(s): none

PE 112  Cr. 2.0
Lifeguard Certification/Water Safety
Provides the skills and knowledge necessary to become an American Red Cross Lifeguard. Certification will be given to all students who meet the Red Cross Standards for Life Saving, Standard First Aid, and CPR for the Professional Rescuer. This is a pass/fail course.
Course Types(s): none

PE 114  Cr. 1.0
Advanced Swimming
Develop and practice advanced stroke technique and create swimming workouts. Individual Class. This is a pass/fail course.
Course Types(s): none

PE 116  Cr. 1.0
Badminton
Learn basic skills, history, rules, and strategy for a single and double game in badminton. Dual Skills Class. This is a pass/fail course.
Course Types(s): none

PE 117  Cr. 1.0
Ballroom Dance I
Provides a comprehensive foundation for both men and women to successfully perform on any social dance floor. Students will learn the introductory steps to Foxtrot, English, the Viennese Waltz, East Coast Swing, Cha Cha, and the Charleston. A minimum of 5 step patterns per dance will be introduced. Students will practice dance etiquette and social skills, leading to increased confidence for social dancing and improved fitness. In addition, partner dance positions and keeping music tempos will be addressed. Dual Skills Class. This is a pass/fail course.
Course Types(s): none

PE 118  Cr. 1.0
Ballroom Dance II
Provides a comprehensive foundation for both men and women to successfully perform on any social dance floor. Students will learn introductory steps of the Hustle, Salsa, and Tango. Intermediate/advanced skills of the Viennese Waltz, Foxtrot, and East Coast Swing will be taught. A minimum of eight step patterns per dance will be introduced. Students will practice dance etiquette and social skills, leading to increased confidence for social dancing and improved fitness. In addition, partner dance positions and keeping music tempos will be addressed. Dual Skills Class. This is a pass/fail course.
Course Types(s): none

PE 119  Cr. 1.0
Golf I
Introduces the basic golf fundamentals, such as basic swings, equipment, rules, terms of the game, drills, etiquette, and playing the course. Individual Class. This is a pass/fail course.
Course Types(s): none

PE 120  Cr. 1.0
Golf II
Practicing more advanced skills in golf and playing the course. Individual Class. This is a pass/fail course.
Course Types(s): none

PE 125  Cr. 1.0
Tennis
Students will learn the basic skills, history, rules and strategy for a singles and doubles game in tennis. The main emphasis will be placed on skill acquisition with focus on specific movements and techniques important to game play. The analysis of skills, rules, safety consideration and strategy of play will be covered. Dual Skills Class. This is a pass/fail course.
Course Types(s): none

PE 126  Cr. 1.0
Tennis II
Practicing more advanced skills and learning technique and tactics in singles and doubles games in tennis. Dual Skills Class. This is a pass/fail course.
Course Types(s): none
**PE 127**  
**Volleyball**  
Cr. 1.0  
Students will learn the basic skills, history, rules and strategy for playing the team sport of volleyball. The main emphasis will be placed on skill acquisition with focus on specific movements and techniques important to game play. The analysis of skills, rules, safety consideration, and strategy of play will be covered. Team Class. This is a pass/fail course.  
Course Types(s): none

**PE 128**  
**Yoga**  
Cr. 1.0  
Students will learn and practice basic styles of Hatha Yoga. A combination of asanas (physical postures), breathing techniques, and relaxation/meditation methods will help students improve fitness levels, reduce stress, and enhance mind-body awareness. Emphasis will be placed on proper body alignment and exercise safety. Individual Class. This is a pass/fail course.  
Course Types(s): none

**PE 130**  
**Basketball**  
Cr. 1.0  
Students will learn the basic skills, history, rules, and strategy for playing the team sport of basketball. The main emphasis will be placed on skill acquisition with focus on specific movements and techniques important to game play. The analysis of skills, rules, safety consideration, and strategy of play will be covered. Team Class. This is a pass/fail course.  
Course Types(s): none

**PE 131**  
**Soccer**  
Cr. 1.0  
Students are provided with learning experiences that will serve as a basic foundation for teaching the team sport of soccer. The main emphasis will be placed on skill acquisition with focus on specific movements and techniques important to game play. The analysis of skills, rules, safety consideration, and strategy of play will be covered. Team Class. This is a pass/fail course.  
Course Types(s): none

**PE 132**  
**Softball**  
Cr. 1.0  
Students will learn the basic skills, history, rules and strategy, for playing the team sport of softball. The main emphasis will be placed on skill acquisition with focus on specific movements and techniques important to game play. The analysis of skills, rules, safety consideration, and strategy of play will be covered. Team Class. This is a pass/fail course.  
Course Types(s): none

**PE 142**  
**Pilates**  
Cr. 1.0  
Students will apply the principles of Pilates exercises to improve the strength, flexibility, and endurance of the core muscles. Consistent Pilates exercise practice will help to improve posture, balance, and coordination; relieve pain and tension; and enhance athletic performance. Students will learn and practice the proper form and technique for a variety of Pilates exercises. Emphasis will be placed on proper body alignment, mind-body awareness, and exercise safety. Individual Class. This is a pass/fail course.  
Course Types(s): none

**PE 143**  
**Endurance Running**  
Cr. 1.0  
Working together to develop and achieve individual endurance running goals while cultivating a life-long love of running in a low-stress, social atmosphere. Pre- and post-run discussions focus on select topics about the history, science, and culture of running. Individual Class. This is a pass/fail course.  
Course Types(s): none

**PE 144**  
**T’ai Chi**  
Cr. 1.0  
Students will improve health, mental focus, and overall well-being through the practice of QiGong and T’ai Chi. Often called meditation in motion, this ancient Chinese form of exercise blends graceful flowing movements with breathing and relaxation techniques. Students will learn proper form and technique for a variety of movements, eventually combining them into a simplified adaptation of the Yang Short form of T’ai Chi. Particular emphasis will be placed on the use of T’ai Chi and QiGong to reduce stress and anxiety. Individual Class. This is a pass/fail course.  
Course Types(s): none

**PE 156**  
**Aerobics**  
Cr. 1.0  
Learn and practice low- and high-impact aerobic activities. Individual Class. This is a pass/fail course.  
Course Types(s): none
PE 161  Cr. 1.0
Self Defense
Designed to give the student an opportunity to experience physical activity through martial arts training at an introductory level. Individual Class. This is a pass/fail course. Course Types(s): none

PE 163  Cr. 1.0
Weight Training
Students will develop and practice an individualized, weight-training program using free weights and resistance machines. Proper training techniques, exercise safety, and improvement of health and fitness will be emphasized. Individual Class. This is a pass/fail course. Course Types(s): none

PE 168  Cr. 1.0
Stress Reduce Relax
Learn and practice breathing, progressive relaxation, visualization, autogenic training, and other relaxation techniques to reduce your stress. Individual Class. This is a pass/fail course. Course Types(s): none

PE 198  Cr. 1.0
Special Topics in Physical Education
An intensive study of a particular subject in physical education to be announced prior to registration. Prerequisite: As announced in the course schedule. Course Types(s): none

PE 199  Cr. 1.0
Independent Study in Physical Education
Focus on an area in Physical Education under the direction of a Physical Education faculty member. Prerequisite: Prior permission of the directing professor and department chair required. Course Types(s): none

PE 201  Cr. 2.0
Safety and First Aid
Safety problems that affect the individual, the community, and the nation; a standard course in first aid, including adult CPR and Red Cross Certification for those who qualify. Course Type(s): HE.EL, HEPE

PE 215  Cr. 3.0
Fitness Concepts and Measurements
A comprehensive study of wellness and fitness and will include scientific principles and practical applications of exercise to promote a healthy lifestyle. The health-related fitness components, heart health, stress management, nutrition, weight management, and cancer prevention will be examined. Particular emphasis will be placed on the analysis of personal fitness and wellness status, and will lead to the creation and implementation of a behavior change program. Delivered in a lecture/practical performance format. Not open to students who have taken HE 215. Course Type(s): HE.EL, HEPE

PE 220  Cr. 3.0
Exercise Physiology
A scientific foundation for understanding the physiological response and adaptation to exercise training. A comprehensive study of basic theories and practical applications of exercise physiology principles to physical education and sports performance. Focus on metabolic, cardiovascular-respiratory, neuromuscular-skeletal, and endocrine systems as they relate to acute and chronic responses to exercise. Environmental concerns, cardiovascular disease risk factors, and the immune response to exercise. Prerequisites: Biology 111 and 112 and Math 105 or higher. Course Type(s): HE.EL

PE 230  Cr. 3.0
Biomechanics/Kinesiology
Introduction to the major principles of biomechanics, providing students with foundational knowledge that allows for the systematic analysis of human movement. Emphasis is placed on analyzing key forces and movement in the context of sport and exercise. Prerequisites: Biology 111, 112 and Mathematics 105 or higher. Course Type(s): HE.EL

PE 310  Cr. 3.0
Sport and Exercise Psychology
Explores the psychological determinants and consequences of physical activity, with an emphasis on psychological factors relevant to enhancing sport performance. Students will also analyze key theories in exercise psychology in order to understand exercise’s influence on psychological health outcomes. Prerequisite: Psychology 103. Course Type(s): HE.EL
Appendix A: Course Descriptions

**PE 340**  
**Cr. 3.0**  
*Motor Development and Learning*  
Introduces students to the fundamental concepts of motor learning and development changes in human movement that occur over the lifespan. Basic research findings and applications of general human growth principles are discussed in relation to the development and acquisition of motor skills. Emphasis will also be placed on theoretical foundations for understanding motor learning principles that can be applied to the teaching and learning of physical activities.  
Prerequisites: Biology 111, 112 and Math 105 or higher.  
Course Type(s): HE.EL

**PE 351**  
**Cr. 3.0**  
*Prevention and Care of Athletic Injuries*  
Basic information and skills for the care and prevention of athletic injuries.  
Course Type(s): HE.EL, HEPE

**PE 360**  
**Cr. 3.0**  
*Coaching Courses*  
Theory and practice of teaching/coaching selected sports: basketball, soccer, track and field, baseball, softball, field hockey, and ice hockey.  
Course Types(s): none

**PE 389**  
**Cr. 1.0 – 3.0**  
*Internship in Health and Physical Education*  
Supervised, pre-professional field experience in health and physical education. The student will secure an internship site related to his/her interests and career goals. Potential internship sites include health and fitness clubs, community wellness agencies, coaching opportunities, hospitals, corporations, and private services. The student will work fifty hours per credit per term at his/her internship site. Students are required to obtain a faculty sponsor, develop learning objectives at the start of their internship, keep a journal of their internship activities throughout their placement, and write a final paper reflecting upon their internship experience. Also listed as Health Studies 389.  
Prerequisites: Junior standing (and others by permission of a faculty advisor), placement opportunity and approval by the Health and Physical Education Department. Limited to Physical Education majors only. Satisfies the Experiential Education General Education requirement. This is a pass/fail course.  
Course Type(s): EX

**PE 398**  
**Cr. 1.0 – 3.0**  
*Special Topics in Physical Education*  
An intensive study of a particular subject or problem in homeland security to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Type(s): none

**PE 410**  
**Cr. 4.0**  
*Exercise Testing and Prescription*  
Provides the foundation of knowledge and skills necessary for assessing the health and physical fitness profile and developing effective exercise programs for healthy individuals and those with controlled chronic diseases.  
Prerequisites: Health 101, Physical Education 220 and 230.  
Course Type(s): HEPE

**PE 499**  
**Cr. 1.0 – 3.0**  
*Independent Study in Physical Education*  
Reading and research on a selected topic under the direction of a Physical Education faculty member.  
Course Types(s): none

**PH 101**  
**Cr. 3.0**  
*Physics in Our Lives*  
Major concepts and methodologies in physics and their importance in today’s society. Introduction to principles of physics and their applications to today’s technology using lectures and demonstration  
Course Type(s): NS

**PH 103**  
**Cr. 3.0**  
*The Physics of Sound and Music*  
Presents the topics of sound and music from a physics point of view. Covered topics are harmonic motion, waves (both traveling and standing), the human voice and ear, the production of music and musical scales, and the physics of several representative instruments.  
Course Type(s): NS

**PH 105**  
**Cr. 3.0**  
*Physics for the Life Sciences I*  
An introduction to classical physics intended primarily for students majoring in the life sciences. Topics include: mechanics, dynamics, heat, electricity, magnetism, and optics.  
Prerequisite or Corequisite: Mathematics 101, 109, 115, or a higher-level mathematics course. Corequisite:
Physics 105L.
Course Type(s): NS

**PH 105L**  
Cr. 1.0

*Physics for the Life Sciences Laboratory I*
Laboratory work to complement Physics 105. Experiments in the fields of statics, dynamics, energy, momentum, heat, sound, electricity, magnetism, optics, and spectroscopy. Three hours per week. Corequisite: Physics 105. Course Type(s): NS

**PH 106**  
Cr. 3.0

*Physics for the Life Sciences II*
An introduction to classical physics intended primarily for students majoring in the life sciences. Topics include mechanics, dynamics, heat, electricity, magnetism, and optics. Prerequisites: Physics 105 and 105L, both passed with a grade of C- or higher. Corequisite: Physics 106L. Course Type(s): NS

**PH 106L**  
Cr. 1.0

*Physics for the Life Sciences Laboratory II*
Laboratory work to complement Physics 106. Experiments in the fields of statics, dynamics, energy, momentum, heat, sound, electricity, magnetism, optics, and spectroscopy. Three hours per week. Corequisite: Physics 106. Course Type(s): NS

**PH 150**  
Cr. 3.0

*Principles of Astronomy*
The historical development of astronomy and the modern concepts of the universe, including demonstrations and viewing sessions with optical telescopes. Course Type(s): NS

**PH 198**  
Cr. 1.0 – 3.0

*Special Topics in Physics (100 Level)*
An intensive study of a particular subject or problem in physics to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Type(s): NS

**PH 211**  
Cr. 4.0

*General Physics with Calculus I*
The first of a two-semester sequence of courses that, taken together, provide a thorough introduction to classical physics using calculus. Topics covered include: one- and two-dimensional motion, Newton’s laws and their applications, energy, momentum and impulse, rotational motion, gravitation, and thermodynamics. Prerequisite: Mathematics 125. Corequisite: Physics 211L. Course Type(s): NS

**PH 211L**  
Cr. 1.0

*General Physics with Calculus Laboratory I*
Laboratory experiments to complement the topics covered in Physics 211. Includes experiments in statics, dynamics, and thermodynamics. Corequisite: Physics 211. Course Type(s): NS

**PH 212**  
Cr. 4.0

*General Physics with Calculus II*
The second of a two-semester sequence of courses that, taken together, provide a thorough introduction to classical physics using calculus. Topics covered include: sound and wave mechanics, electrostatics, circuits, magnetic forces and fields, Faraday’s Law, reflection and refraction, and optics. Prerequisites: Mathematics 126, Physics 211 and 211L, all passed with a grade of C- or higher. Corequisite: Physics 212L. Course Type(s): NS

**PH 212L**  
Cr. 1.0

*General Physics with Calculus Laboratory II*
Laboratory experiments to complement the topics covered in Physics 211. Includes experiments in sound, electricity, magnetism, circuits, and optics. Corequisite: Physics 212. Course Type(s): NS

**PH 298**  
Cr. 1.0 – 3.0

*Special Topics in Physics (200 Level)*
An intensive study of a particular subject or problem in physics to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Type(s): NS

**PH 299**  
Cr. 1.0 – 3.0

*Independent Study in Physics*
Reading and research on a selected topic under the direction of a Physics faculty member. Course Type(s): NS
PH 301  Cr. 3.0
Modern Physics
Topics from physics of the twentieth century, including special relativity, the origins of quantum theory, quantum mechanics, atomic structure, nuclear physics, and elementary particles.  
Prerequisite: Physics 302 passed with a grade of C- or higher.  
Course Type(s): NS

PH 302  Cr. 3.0
Theoretical Physics
Presents physics topics aimed at the advanced undergraduate level. The subjects range over classical mechanics, electromagneticism, and statistical mechanics, with explicit links made to topics from Physics 301. The course is calculus-based and seeks to round out the physics education of physics minors.  
Prerequisite: Physics 212 passed with a grade of C- or higher.  
Course Type(s): NS

PH 398  Cr. 1.0 – 3.0
Special Topics in Physics (300 Level)
An intensive study of a particular subject or problem in physics to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Type(s): NS

PH 399  Cr. 3.0
Independent Study in Physics
Reading and research on a selected topic under the direction of a Physics faculty member.  
Course Type(s): NS

PL 101  Cr. 3.0
Introduction to Philosophy
A historico-critical inquiry into the nature of the philosophical enterprise; the meaning of existence; knowledge and truth; and values in their religious, ethical, and aesthetic significance.  
Course Type(s): none

PL 104  Cr. 3.0
Ethics
Theoretical ethics and its application to enduring and contemporary moral issues. Thorough examination of the basic principles of a rational, humane, and practical moral system. Also listed as Religious Studies 104.
Course Type(s): SJL

PL 106  Cr. 3.0
Elementary Logic
A consideration of valid reasoning as it relates to language and definition. Primary attention is given to discerning and identifying informal fallacies, techniques for determining the validity of inference, and the evolution of symbolic systems. Recommended for students preparing to take the GRE or LSAT.  
Course Type(s): none

PL 198  Cr. 1.0 – 3.0
Special Topics in Philosophy (100 Level)
An intensive study of a particular subject or problem in philosophy to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Type(s): none

PL 201  Cr. 3.0
Philosophy of Religion
An examination of certain salient features of Western religious thought, emphasizing the problems of religious language, the nature and validity of religious experience, traditional and contemporary ideas of God, morality, death, and evil. Also listed as Religious Studies 201.  
Prerequisite: Philosophy 101.  
Course Type(s): none

PL 202  Cr. 3.0
Great Issues in World Philosophy
An examination of great philosophical works from several cultural traditions. The course uses original works from Western, Indian, and Chinese civilizations to focus on philosophical approaches to a cluster of great issues while putting the philosophers and their works in historical context.  
Course Type(s): none

PL 202H  Cr. 3.0
Great Issues in World Philosophy
Critical investigation of some of the critical ideas and arguments that have been defended and promoted by thinkers in a variety of cultures. Open only to students in the Honors Program.  
Course Type(s): HO

</tbody>
</table>
PL 305 Cr. 3.0
Philosophy of Art
Place of beauty and art in human life; standards of taste and aesthetic experience; classical and contemporary theories.
Course Type(s): none

PL 307 Cr. 3.0
American Philosophy
Classical and contemporary philosophical theories developed in the United States by such philosophers as Jonathan Edwards, Emerson, Royce, Santayana, James, Dewey, and Whitehead.
Prerequisite: Philosophy 101.
Course Type(s): none

PL 309 Cr. 3.0
Seminar in Plato
Against the background of pre-Socratic problems, the intensive study of selected dialogues with emphasis upon Plato’s lasting contributions to Western philosophy.
Prerequisite: Philosophy 101.
Course Type(s): none

PL 316 Cr. 3.0
The Modern Mind: From Descartes to the Present
A systematic study of the central theses of philosophers and philosophical schools from early Continental Rationalism and British Empiricism to the contemporary patterns of philosophical thought.
Prerequisite: Three credits in Philosophy.
Course Type(s): none

PL 324 Cr. 3.0
American Political Thought
The development of political thought in the United States with emphasis on the late nineteenth- and twentieth-century philosophers and statesmen, along with the development of ideology of groups in American politics. Also listed as Political Science 324.
Prerequisite: Political Science 101 or 103.
Course Type(s): none

PL 340 Cr. 3.0
Plato’s Dialogues
A critical study of Plato’s dialogues, with a particular emphasis on the role that reasoned oral discourse plays in these texts.
Course Type(s): RD

PL 350 Cr. 3.0
Multicultural Ethics
A study of some of the most influential authors in the history of ethical history, and also feminist and multicultural criticism of those classic sources.
Course Type(s): CD

PL 360 Cr. 3.0
Philosophy and Literature
An exploration of the intersections of philosophy and literature with a particular focus on questions concerning the nature of authorship and moral authority.
Course Type(s): RD

PL 370 Cr. 3.0
Multicultural Social and Political Philosophy
A study of some of the most influential authors in the history of social and political philosophy, and also feminist and multicultural criticism of those classic sources.
Course Type(s): CD

PL 398 Cr. 1.0 – 3.0
Special Topics in Philosophy (300 Level)
An intensive study of a particular subject or problem in philosophy to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Type(s): none

PL 420 Cr. 3.0
The Philosophy of Speech and Writing
An investigation of several philosophical theories concerning the nature of speech and writing, and an exploration of how theories of speech and writing have affected both contemporary philosophy and contemporary culture.
Course Type(s): RD

PL 490 Cr. 3.0
Seminar in Philosophy
Selected topics in which participating students present and discuss research papers.
Prerequisite: Approval of the philosophy faculty at the recommendation of the instructor.
Course Type(s): none

PL 498 Cr. 1.0 – 3.0
Special Topics in Philosophy (400 Level)
An intensive study of a particular subject or problem in philosophy to be announced prior to registration. May be
conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

**PL 499**  Cr. 3.0
**Individual Studies in Philosophy**
Guided research on selected topics; conference with sponsoring professor.
Prerequisites: Junior standing, twelve credits of Philosophy, prior permission of the directing professor and department chair.
Course Types(s): none

**PO 330**  Cr. 3.0
**Environmental Policy**
Introduces social, political, and organizational processes that influence and shape environmental and natural-resource policy. Focuses on the political arena and examines how citizens and community groups influence legislative initiatives. Also listed as Political Science 330.
Course Type(s): MEBP, PO, PSAM, PSPA, SUS

**PO 350**  Cr. 3.0
**American Political Economy**
Examination of the institutional, economic, and political factors that influence the economic decision-making process at all levels of government. Analysis of the theories, processes, principles, and concepts of public budgeting and governmental management of the economy. Also listed as Political Science 350.
Prerequisite: Political Science 103.
Course Type(s): PO

**PO 402**  Cr. 3.0
**Internship Seminar in Policy Studies**
Supervised, practical experience in policy studies; emphasis on policy process, research, evaluation, and analysis.
Prerequisites: Completion of ninety credits, director approval, and placement.
Course Type(s): EX, PO

**PO 499**  Cr. 3.0
**Independent Study in Policy Studies**
Directed individual study of Policy Studies in areas of special interest.
Prerequisite: Prior permission of the directing professor and department chair.
Course Types(s): none

**PR 400**  Cr. 3.0
**Love, Life, and Liberty**
An examination of the historical and philosophical aspects of love and the assertion for freedom, starting from the biological concept of life. Throughout history, the various interpretations of these ideas have shaped the world. Students will be introduced to some of the most important, related works that are the fiber of History, Philosophy, and Science. The analysis of revered, cultural traditions will show the impact of love on the rational thinking and artistic creation. Also listed as Religious Studies 400.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

**PR 401**  Cr. 3.0
**Perceptions**
An in-depth visual study dealing with the various ways that artists perceive the world around them as it relates to specific subject matter, to aesthetics, and to cultural, historical, and psychological implications. Beauty and reality will be examined in all categories studied, with emphasis on the personal perceptions of the student.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): GS, ISP

**PR 402**  Cr. 3.0
**Witchcraft and Magic**
The meanings, origins, and historical significance of beliefs in witchcraft and magic in Europe, America, and selected traditional societies. Includes the relationship between religion, magic, and witchcraft and the reasons for the decline in witchcraft beliefs. The disciplines represented include History and Anthropology.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Types(s): none

**PR 403**  Cr. 3.0
**Roma/Gypsies in Literature, Pop Culture, and History**
Offers an interdisciplinary introduction to the people known as Gypsies (though the preferred term is Roma or Romani), whose ancestors left northern India by the eleventh century, and who presently live dispersed in a world-wide diaspora. We will examine representations of Gypsies in world literature, pop culture, and history, and investigate this people’s position at the confluence of myth, metaphor, and reality. We will discuss the particulars of Roma’s history, including origins, migrations,
experiences with slavery and the Holocaust, and their position within the New Europe. Special attention will be paid to the relation between historical and non-historical representations, and to the production of stereotypes and tropes associated with Gypsies/Roma.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): ISP

PR 404 Cr. 3.0
Ethnic Lives
Institutional racism in America, its effect on intergroup relations, and the response of ethnic group members to it. Ethnicity in America is examined from a global perspective. Readings in Sociology and Literature.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): ISP

PR 405 Cr. 3.0
Toxic Wastes
Examination of the nature of toxic wastes in New Jersey, how waste dumps are sited, the basic chemistry and toxicology of dump components, the impact on people and the environment, the development of public policy for control and cleanup of Superfund sites in New Jersey, and implications for the future and the world. The disciplines represented include Chemistry, Economics, and Political Science.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): none

PR 406 Cr. 3.0
The Individual and Society
The impact of two cultural ideologies; the influence of individualism and collectivism on individual thought and behavior, social interaction, societal values, and global order. The disciplines represented include Psychology, Ethics, Cultural Anthropology, and Sociology.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): ISP

PR 407 Cr. 3.0
Morality and Community
Problems involved in making moral decisions in complex situations. Focuses on lying and deceit, deleterious effects on the life of the community, and also on clarifying codes of ethical behavior. The disciplines represented include Literature and Ethics.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): GS, ISP

PR 408 Cr. 3.0
The Jewish Experience
The impact of modernity upon the Jewish people and the religion of the Jews. Delineates the course of modern Jewish religious philosophy through an examination of its characteristic problems and varying approaches to their solutions. The perspectives stressed are History and Philosophy of Religion.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Types(s): none

PR 409 Cr. 3.0
Communicating with Computers
The historical development of computer communication, analysis of high-level languages, and educational functions of computer communication; related research and projects, together with computer lab demonstration.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): none

PR 410 Cr. 3.0
Architecture in History as Art and Technology
An exploration of structure, symbolism, and social meaning in architecture from imperial Rome, medieval France, Renaissance Italy, and Europe and America in the nineteenth and twentieth centuries. The disciplines represented include Art and Technology.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): ARHIS

PR 411 Cr. 3.0
Gender and Global Culture
Examines how gender influences cultural beliefs and practices around the world. Examines how gender shapes culture, particularly in ways that restrict and limit our lives. Uses an interdisciplinary approach to examine how gender and culture shape individual lives, as well as the larger global communities in which we live. Throughout the course, students will examine ethical and social issues concerning gender and culture.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): GS, ISP
Education, Equality, and Elitism
Tensions between equality and elitism in education; consideration of inequalities in educational systems, proposed remedies; historical models; accounts of issues of race, gender, and class; and critiques of American education in terms of its international competitiveness. Disciplines represented are Philosophy and Education, with supporting materials from Literature.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): none

Population Dynamics and a Sustainable Future
An exploration of the complex and interrelated issues of population dynamics, resource consumption, socioeconomic development, environmental protection, and global interdependence.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): SUS

Parent Child Socialization: A Cross-Cultural Approach
An intensive, cross-cultural investigation of childhood socialization. Topics include: socialization, enculturation, sex-role socialization, and socialization processes in various cultures, such as China, Japan, Polynesia, and the United States. Disciplines represented include Psychology and Cultural Anthropology united through cross-cultural methods.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): none

Technology and Women’s Lives
The impact of modern technology in women’s lives. The aspects to be examined in depth include technology and the workplace (employment), technology and the home (housework), and technology and reproduction (contraception, pregnancy, and infertility). The disciplines represented include Sociology and Ethics.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): GS

Management and Liberal Arts
Exploration and comparison of the development and context through literature of real issues faced by managers in the public and private sectors.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): none

Eastern-Western Approaches to Wellness, Health, and Healing
Exploration and comparison of Eastern and Western approaches to wellness, health, and healing, known currently as the mind/body question. Examination of how beliefs inherent in these traditions influence concepts of health and disease.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): HE.EL, HEPE, ISP

Mathematics of Artistic Design
Exploration of the mathematics that may be used to describe and create some artistic designs in architecture, sculptures, paintings, and other sources. Appropriate mathematical concepts from topology, number theory, symmetry groups, the geometries, and the calculi will be discussed and studied. Original, artistic designs will be created, employing mathematical concepts and computer software.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): none

Society and Technology of Information
The technology of communication systems and its impact on society’s growth, with emphasis on the printing press, television, and the computer. The disciplines represented include Science, History, Economics, and Sociology.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): none

AIDS and the Global Society
A global perspective of the HIV/AIDS pandemic using three major disciplinary approaches of biology, public health, and social anthropology. The impact of the dis-
Appendix A: Course Descriptions

PR 423
Perspectives on Human Rights
Cr. 3.0
An interdisciplinary and cross-cultural exploration of the question of human rights. The disciplinary perspectives of Philosophy, Political Science, History, and Literature are used to examine the different dimensions of human rights in the world.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Types(s): HE.EL, HEPE, ISP, NU.EL

PR 424
Place, Identity, and Behavior
Cr. 3.0
Integrates geography and psychology in order to examine the interrelationship of people with geographic places that are experienced directly through residence, work, and travel, and indirectly through media, family stories, and education.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Types(s): none

PR 425
Critical Play: Theories and Aesthetics of Video Games
Cr. 3.0
Critical examination of the role of video games and play toward the construction of cultural values, social structures, and identities. This interdisciplinary course studies the theories and aesthetics of video games by drawing from the fields that include, but are not limited to: Art and Art History, Anthropology, and Sociology.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 426
Contemporary Issues in Free Speech
Cr. 3.0
Global study of free speech that offers an interdisciplinary examination of the evolution of political and personal freedom. Examination of Western history, comparison of non-Western freedoms, and consideration of the philosophical arguments that have raged over centuries about the degree of freedom individuals should have.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 427
Ideas in the Art of Asian Civilization
Cr. 3.0
An exploration of how ideas associated with Buddhism, Hinduism, Confucianism, Taoism, and Shinto influenced and shaped painting, sculpture, architecture, and some minor arts in traditional India, China, and Japan.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Types(s): none

PR 428
Children’s Folklore
Cr. 3.0
An investigation of the theoretical perspectives of development psychologists, anthropologists, and comparative historians. Working in the field of Literary Studies, students will learn to analyze children’s folklore with theoretical and methodological tools borrowed from the disciplines of anthropology, psychology, and comparative historical analysis. Topics include: rhymes, riddles, jokes, songs, lore, and other language use in American children and children from other cultural groups.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 429
Health and Healing Across Cultures
Cr. 3.0
A cross-cultural examination of health and healing. Through lecture, discussion of the readings, case studies, and film presentations, students will explore the biological and sociocultural factors that affect health, illness, disease, and healing, both now and in the past. Students will also examine the impact of the healer and supernatural belief systems on the process of healing. In addition to the evaluation of the cultural health aspects of Africans, African-Americans, Hispanics/Latinos, Haitians, and the Hmong, these populations will also be compared to the general American population in terms of overall health and access to health care.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 431
Popular Culture and Scientific Discourse
Cr. 3.0
A study in the ideological influences of science on American society and culture, with a special emphasis on how scientific language is presented, packaged, and dis-
torted for public consumption.

Prerequisites: Eighty-seven credits and completion of all general education requirements.

Course Types(s): none

**PR 432**  
**Cr. 3.0**  
**Ethics and Professionalism in Science and Engineering**  
Provides a broad view of ethics and professionalism in the context of Science and Engineering. Teaches valuable practical skills, as well as the basic analytic tools required to make the ethical decisions confronted by professionals in any field. Describes the special role of professionals in society and uses the key perspectives of engineering and philosophy to explore their responsibilities. Additional perspectives, e.g., organizational psychology and law, will be incorporated as appropriate. A key course dynamic will be the interplay between producers and consumers of technology as common ethical dilemmas are approached from both viewpoints. The topics covered will include: problem solving in the context of ethics and codes of conduct, professional societies, working as a member of a team and international issues, as well as how to be a productive and contributing professional. Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): none

**PR 433**  
**Cr. 3.0**  
**Death and Dying**  
A study of attempts to understand the meaning of death and the cultural practices that surround death and dying. The disciplines represented include: bioethics, literature, and philosophy. 
Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): HE.EL, HEPE, ISP, NU.EL

**PR 434**  
**Cr. 3.0**  
**Immigration and the United States**  
Traces the historical experience of immigrants in the U.S., examines their place in the stratification system, the forms of prejudice and discrimination they have encountered, and their patterns of assimilation into the larger society. The disciplines of History and Sociology are used to examine problems, including social and ethical issues, encountered by immigrants, United States citizens, and policy makers. Topics will include a historical examination of immigration policy, push/pull factors that influence immigration, and settlement patterns within the United States. Prepares students to identify immigration problems and research solutions.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): ISP

**PR 435**  
**Cr. 3.0**  
**The Way and the Word: Hinduism**  
A comparison of classic texts central to two Asian traditions, The Bhagavad Gita and The Analects; the impact of the ethos of each tradition on secular narratives, Asian and Western. The disciplines represented include Comparative Religion and Literature. Also listed as Religious Studies 435.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): ISP

**PR 436**  
**Cr. 3.0**  
**Urban Legends**  
An examination of urban legends from multiple perspectives.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): ISP

**PR 437**  
**Cr. 3.0**  
**Perspectives on the Human Experiences: Family Violence**  
Designed as an interactive seminar course that engages students in interactive discussions and experiential exercises related to understanding and working with families who have experienced violence, including both survivors and perpetrators. The impact of culture on family violence across intergenerational family members (e.g., children, parents, and grandparents) and diverse populations and settings are thoroughly reviewed. Students learn a strengths-based empowerment approach and application of resiliency theory to assessment, prevention, intervention planning, and evaluation of individuals, families, and communities impacted by abuse and violence.

Prerequisite: Eighty-seven credits and completion of all other general education requirements.

Course Type(s): ISP

**PR 438**  
**Cr. 3.0**  
**Nature of the Self: East and West**  
A comparative study of Asian and Western theories about the nature and definition of self using an interdisciplinary approach - philosophy, religion, and history.
Appendix A: Course Descriptions

Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 439  Cr. 3.0  Interdisciplinary Perspective on Social Business
Micro-credit has become one of the most successful social business interventions in addressing poverty in the developing world. As a successful initiative, it is now traveling from the developing world to the developed world. Addresses the historical, philosophical, and theoretical underpinnings of social business, and will explore in an interdisciplinary approach the ethical and social issues related to social business. Social business, itself, is cross-disciplinary, providing a basis for working together, transcending our differences across disciplinary lines, and envisioning creating a world without poverty.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 440  Cr. 3.0  Violent Crime
Nature and distribution of violent crime in American society and other nations; causal theories of violence and factors correlated with violence; relationship between gender and violent crime; policy strategies to reduce violent victimization. The disciplines represented include: Biology, Psychology, and Sociology.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Types(s): none

PR 441  Cr. 3.0  Countercultures in American History
Explores countercultures in the United States from multiple-disciplinary perspectives including history, literature, and sociology. Elements from philosophy and psychology will also be included. The course will show that the counterculture in the 1960’s was just one historical manifestation of American historical movements that are anti-authoritarian and espouse personal and/or societal transformation/regeneration. By examining different groups, the course will show that countercultures have a legacy of change in American society.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 442  Cr. 3.0  Modern Images, Irrational Thought
Philosophy from the time of Plato has been an evolution of ideas, one set replaced by another, in a dialogue that changes from what has become accepted as normal to an ever-changing view derived from rational thought as it relates to the present and the projected future. As in Philosophy, Art has a cyclical evolution: 1) an initial intuitive leap of newness, 2) a refinement and loosely agreed upon normalcy, and 3) a stage, for lack of better description, "istic", where nothing new is brought about and contributors either branch out or embellish what they can’t penetrate with a new leap. Through the two main disciplines of Art and Philosophy, the course will investigate changes in rationality in the late nineteenth century and trace their movements and influences into the twenty-first. Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 443  Cr. 3.0  ESP, Yesterday and Today
From the first Paleolithic Shaman to Madam Marie on the Boardwalk in the twenty-first century, civilizations have been fascinated by visionaries, mediums, psychics, and those who claim to channel entities from alternative realities. Clairvoyance, Telepathy, Astral Projection, and Psychokinesis are all part of the hidden, or sixth, sense referred to as Telesthesia. The idea has surfaced and influenced mankind from Egyptian Soothsayers, the Oracle of Delphi, Revelations in the Bible, Nostradamus, Madam Blavatsky, Edgar Cayce, and as recently as Jane Roberts in the late twentieth century and is taking modern form in the concept of The New Age. Through the main disciplines of History and Psychology, this course will investigate the ever-changing social attitudes and beliefs concerning Extra Sensory Perception from the cave dwellers to the modern carnival.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 444  Cr. 3.0  Leadership, Public Health, and Higher Education
The disciplines represented in this course are Education and Health Studies. Content focuses on problems, including social and ethical issues, encountered by leaders in Higher Education and Public Health. Topics will include leadership theories, practice, and evaluation. Prepares students to identify problems, research solutions, implement plans, and evaluate results that advance the
mission of non-profit organizations committed to improving public health and institutions of Higher Education. Emphasis will be placed on issues involved in Higher Education and Public Health.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 445 Cr. 3.0
Spike Lee and the Black Aesthetic in Perspective
An examination of race, gender, sexuality, and class in the cinematic representations developed by Spike Lee in connection with African-American aesthetic values. Spike Lee has been classified by many as the most important (and certainly most successful) African-American filmmaker in American history. The often controversial productions of Lee have been extensively examined by critics and scholars since his first film She's Gotta Have It was released. This class will consider various Spike Lee Joints from multiple perspectives including history, communication studies, sociology, and gender studies. We will critically examine Lee's work within the broad historical framework of African-American cultural history and in terms of his engagement with controversial social, political, and economic issues in American society in these films. The Lee films will also be analyzed for the aestheticization of larger historical, cultural, and social aspects of U.S. society. The two main disciplines utilized in the course include history and communication studies.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 446 Cr. 3.0
The Confessional Poets: Surviving Madness
An exploration of the works of key figures in the confessional style of contemporary American poetry. These poets suffered multiple levels of mental anguish and used confessional poetry to share and heal their suffering, as they attempted to survive their lives.
Prerequisites: Eighty-seven credits and successful completion of all other general education requirements.
Course Type(s): ISP

PR 447 Cr. 3.0
A Graphic World: Sequential Art and World History
An interdisciplinary course that will use the perspectives of historical, literary, and artistic analysis to examine important themes such as, but not limited to, nationalism, inequality, industrialization, war, religion, or cultural diffusion, through the medium of the graphic novel.
Prerequisites: Eighty-seven credits and successful completion of all other general education requirements.
Course Type(s): ISP

PR 448 Cr. 3.0
Ecocriticism and Medieval England
An ecocritical study of historical documents and literary texts in medieval England.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 449 Cr. 3.0
The Helping Professions in Film and Media
Provides students an opportunity to look at ethical and social issues from a multidisciplinary perspective. Looks at the helping professions (for example: teachers, counselors, and medical professions), how the codes of ethics for these professions are similar but different, and how these professions have been villainized and romanticized in film.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 450 Cr. 3.0
Propaganda in America
An analytic study of persuasive texts central to the development of American values and attitudes. Advertisements, tracts, and fiction will be placed in their historic, international, and intellectual contexts. The disciplines represented include rhetoric and literature.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): none

PR 451 Cr. 3.0
Ethnic and Religious Conflicts and Their Political Implications
Examines the relationship between ethnicity, nationalism, and violence. Discussion of the political tools and strategies to manage them as well as the role of international communities in preventing and resolving these conflicts. To understand the international implications of the ethnic conflict we shall examine examples from around the world but we shall focus mainly on five cases: Yugoslavia, Rwanda, Ireland, Russia, and Palestine.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP
PR 452 Cr. 3.0
Understanding and Producing Theatre and Its Role in Modern Society
Designed to allow students to examine Theatre in intense and very specific ways using and examining the literature and visual arts aspects of theatre. The course content will focus on the Summer season of the Shadow Lawn Stage or an appropriate selection of plays during the academic year. Students will not only discuss in class the plays being performed, but will also have the experience of watching them being designed, constructed, and rehearsed.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 453 Cr. 3.0
Censoring Culture: Banned and Burned in the USA
An interdisciplinary study of censorship in modern America. Utilizing the combined methodologies of history and literary criticism, broadly construed to include feminist and cultural theory, it will explore specific instances of censorship in art, literature and history in twentieth- and twenty-first-century American culture. It will focus on the reading of censored texts, novels, paintings, photographs, newspapers and film as cultural artifacts and probe the nuances and boundaries of freedom of speech and expression in a democratic society.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 454 Cr. 3.0
Word and Image
Explores the relationship between the two basic modes of representation in our culture - words and pictures. The interaction between the two will be investigated historically and theoretically through a close examination of a variety of media, from books and posters to comics and Web sites. Emphasis is on the power of word-image representations to define social and ethical concerns and also shape our lives, as well as on the beauty of some works of composite art created by poets and artists, from William Blake to Art Spiegelman.
Prerequisite: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 456 Cr. 3.0
Right Wing Extremism in Europe
Presents a comparative analysis of several far-right organizations in Western Europe as well as the characteristics of the right wing extremism in Eastern Europe. The course will identify the causes that led to the popularity of these groups, sub-culture of the skin-heads and the neo-Nazi and the attitude of the far-right groups in Eastern Europe towards the Roma population. We shall also analyze their consequences for the political stability and democracy in the European Union.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 457 Cr. 3.0
Issues in Cognitive Science
Focuses on a number of key ideas about mental representations (e.g., logic, rules, concepts, and analogies) and contrasts how work in psychology (e.g., building computational models) helps us to evaluate their suitability as models of the human mind and of the nature of intelligence in general. Cognitive Science is an inherently interdisciplinary approach to the study of the mind and intelligence, drawing upon work in philosophy, psychology, artificial intelligence, neuroscience, linguistics and anthropology. The course will touch on many of these areas, but the focus is work in the disciplines of psychology and artificial intelligence. The course will also cover the ethical implications of work in cognitive science.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP

PR 458 Cr. 3.0
The Meaning of Meaning
Focuses on the various perspectives about meaning that have developed in the philosophical literature and their applications to actual language use as uncovered by linguists and anthropologists. Efforts to understand the meaning of meaning have been carried out in a variety of disciplines, philosophy, psychology, literary studies, artificial intelligence, linguistics, and anthropology. Although the course will touch on many of these areas, the focus is on the work in the disciplines of philosophy, linguistics, and anthropology. The course will also cover the social and ethical implications of the different approaches to the meaning of meaning.
Prerequisites: Eighty-seven credits and completion of all other general education requirements.
Course Type(s): ISP
PR 459  
Cr. 3.0  
The Science and Politics of Climate Change  
Earth's climate has changed in the past and will change in the future; however, current climate science describes a rate of climate change expected in the next hundred years that is similar to those experienced during mass extinctions in the past. This rate of change implies emergency conditions for most living creatures including man, and a need for urgent action if human-caused contributions to climate change are to be stopped or slowed. This course will examine the science and politics of climate change with an emphasis on understanding the physical science behind climate change, the biological impacts of changing climate in a variety of biomes, suggested political and physical remediation and the political consequences of suggested remediation. This course will also examine the actions of certain lobbyists, political parties, and multinational corporations and their impacts on the politics of climate change.  
Prerequisites: Eighty-seven credits and completion of all other general education requirements.  
Course Type(s): ISP, SUS

PR 460  
Cr. 3.0  
How Technology Affects Values  
The correlation of values to technology; conceptualization of the interrelationships among science, technology, values, and society. Preparing to understand technical innovation, the impact of technical innovations on the quality of life, and the need for critical evaluation of societal matters involving the consequences of technology. The disciplines represented include History and Sociology.  
Prerequisites: Eighty-seven credits and completion of all other general education requirements.  
Course Type(s): ISP

PR 461  
Cr. 3.0  
The Great Recession and its Effect on Society  
The Great Recession officially began in December 2007 and ended in June 2009. The severity and extended duration of the second biggest economic downturn in history have inflicted long-lasting damage on individuals, families, and communities. This course will explore the historical sequence of events, similarities with the Great Depression, business and government decisions, and the theoretical underpinnings culminating in the Great Recession. Emphasis is given to the evaluation of the aftermath - the severe adverse effect on society! The course explores economics, decision-making, ethics, political and social issues - knowledge essential to the intellectual development of future leaders.  
Prerequisites: Eighty-seven credits and completion of all other general education requirements.  
Course Type(s): ISP

PR 470  
Cr. 3.0  
War and Peace  
An exploration of the forces leading toward war and peace in our century. Through literature, history, and sociology, the course looks at the dynamics of the two world wars, the development and use of nuclear weapons and the subsequent arms race, and rapidly evolving, current situations, such as the dissolution of the Soviet Union, tensions in the Middle East, and the role of the United States in the New World Order. The disciplines represented in the course include Literature, History, and Sociology.  
Prerequisites: Eighty-seven credits and completion of all other general education requirements.  
Course Type(s): ISP

PR 480  
Cr. 3.0  
The Spiritual Experience (In Literature and Philosophy)  
Selected writings of religious literature and philosophy, including poetry, spiritual autobiography, meditations, and works of devotion and mysticism in the light of the cultural moment that produced them. Writings of both East and West, of men and women, and of varied cultures and historical eras. The disciplines represented include literature and philosophy.  
Prerequisites: Eighty-seven credits and completion of all other general education requirements.  
Course Types(s): none

PR 490  
Cr. 3.0  
Revolution and Creative Response  
Revolution and Creative Response will study three revolutions: the Industrial Revolution, the Soviet Revolution, and the South African Revolution - the historical conditions, the critical events, and the central people. It will then analyze how certain artists responded or reacted to these. Combines elements of history and textual analysis (the methods used in the study of literature or film).  
Prerequisites: Eighty-seven credits and completion of all other general education requirements.  
Course Type(s): ISP

PR 495  
Cr. 3.0  
Coping with Conflict  
Approaches to coping with conflict, drawn from the perspectives of law (focusing on negotiation and mediation)
and of social psychology (focusing on processes of escalation, de-escalation, and settlement). Students will integrate these perspectives by devising strategies for dispute resolution in settings, such as the home, university, and the workplace. The disciplines represented include law and social psychology.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Types(s): none

**PR 496 Cr. 3.0**

*Plant Biotechnology and Society*

Students will learn and understand the principles of modern food production, with emphasis on plant biotechnology and ethics of genetically modified (GM) foods. In addition, the needs of a growing world population and economical, sociological, and demographical aspects associated with present food production will be addressed. Presents an integrated view of plant biotechnology and its effects on society. The objective is to help students be able to better understand and evaluate the potential of GM foods in both developed and developing countries and to address the ethical questions of modern agriculture.

Prerequisites: Eighty-seven credits and completion of all other general education requirements.

Course Types(s): none

**PS 103 Cr. 3.0**

*American National Government*

A survey of United States government, emphasizing the Constitution, functions of political parties, pressure groups, the relationships of citizens to the government, the development of administrative control, and problems unique to each of the three branches of government.

Course Type(s): SS.SV

**PS 105 Cr. 3.0**

*Introduction to Public Policy*

Analysis of policy-making processes in American society, including health care, the environment, education, crime, and employment; application of competing perspective and value orientation to policy areas; impact on specific groups within American society and the global community.

Course Type(s): PO, PSPA, SS.SV

**PS 107 Cr. 3.0**

*Introduction to Social Justice*

Provides a conceptual and practical basis to understand, interpret, and solve social problems in fair, equitable, and just ways. Also listed as Sociology 107.

Course Type(s): SS.SV

**PS 109 Cr. 1.0**

*Civic Engagement and Leadership*

Civic responsibility, engagement, and leadership are encouraged through active student involvement in a community or campus organization. Students will perform twelve hours of public service over the course of the semester working for an organization that addresses a particular issue of public concern. Also listed as Sociology 109.

Course Types(s): none

**PS 198 Cr. 1.0 – 3.0**

*Special Topics in Political Science (100 Level)*

An intensive study of a particular subject or problem in political science to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.

Prerequisite: As announced in the course schedule.

Course Types(s): none
PS 202  
**State and Local Government**  
A comparative study of state, local, and suburban politics in the United States with special emphasis on New Jersey and the New Jersey-New York metropolitan area.  
Prerequisites: Political Science 101 or 103; and English 101 and 102 or permission of the instructor.  
Course Type(s): PSAM, WT

PS 212  
**Workshop in NJ’s County Pre-Trial Prosecution System: Legal and Political Aspects**  
Legal and political analysis of New Jersey’s pretrial prosecution process. The roles, pressures, attitudes, and strategies of the county prosecution system personnel will be subjects for field research seminar study.  
Course Type(s): PSAL, PSAM

PS 221  
**Early Political Thought**  
Consideration of the major political theories of the Western world and their relevance to contemporary politics. Semester I: Plato to Marx. Semester II: later nineteenth- and twentieth-century political thinkers, with special emphasis on the behavioral school.  
Prerequisites: Political Science 101 or 103; and English 101 and 102 or permission of the instructor.  
Course Type(s): WT

PS 222  
**Modern Political Thought**  
Consideration of the major political theories of the Western world and their relevance to contemporary politics. Semester I: Plato to Marx. Semester II: later nineteenth- and twentieth-century political thinkers, with special emphasis on the behavioral school.  
Prerequisites: Political Science 101 or 103; and English 101 and 102 or permission of the instructor.  
Course Type(s): WT

PS 223  
**Introduction to Global Sustainability**  
Introduces students to the global, environmental, economic, and social foundations of sustainability and the policy and scientific challenges involved with accommodating population growth, development, and resources used while assuring that future generations will have the natural and economic resources to support an enhanced quality of life. An emphasis will be placed on understanding of sustainability principles from multiple perspectives and cross-disciplinary application of sustainable practices. Also listed as Biology 221.  
Course Type(s): MEBP, SUS

PS 225  
**Supreme Court Decisions in American History**  
Analyzes American history through United States Supreme Court decisions. Explores how the court developed and grew in strength, and the effect it has had on America’s political and cultural development. It will also consider how the Court’s size, structure, and political importance impacted on society according to the historical era being studied. Also listed as History 225.  
Course Type(s): HSUS

PS 250  
**Social Science Research and Writing**  
An introduction to the different ways in which social scientists study the social world. Designed to develop students’ understanding of the major purposes of social research as well as the major types of quantitative and qualitative research designs. Students will learn the research process itself, from conceptualization and measurement to operationalization, sampling, ethics, and the analysis and presentation of their proposed study. As part of the research process, students will use spreadsheet, presentation, and word processing software to build datasets, analyze data, and design and present research. Also listed as Sociology 250.  
Course Type(s): TL

PS 274  
**Global Inequalities**  
A sociological and political look at global inequalities. Explores diverse themes and aspects of a global society, including the forces that are causing and perpetuating global inequalities. It also looks at the social, political, economic, and cultural consequences of those inequalities. Also listed as Sociology 274.  
Prerequisite: Political Science 101 or Sociology 101.  
Course Type(s): BI.EL, GLS, GU, SJS, SUS

PS 275  
**Politics and Policy of Latin America**  
Introduces students to the critical political issues and challenges in Latin America, a geographic region that includes Mexico, Central America, the Caribbean, and South America. Hemisphere integration continues to accelerate, and political developments south of the border increasingly impact the United States. Immigration, trade, drugs, and the environment require hemisphere collaboration among
a diverse set of peoples and governments. Surveys contemporary politics and economics, as well as the basic regional history in a way that invites comparison and the development of regional (Southern Cone, Andean Region, Central America, Caribbean) and hemispheric perspectives on the challenges linked to hemispheric integration.

Course Type(s): PSCG

**PS 277 Cr. 3.0**

*Gender and Politics*

The study of gender and how it relates to politics. Includes an analysis of the women’s movement through historical literature by and about women. Also includes feminist and gender theories, the mass behavior of women, elite women, and public policy as it relates to women’s issues.

Course Type(s): GS, PSAM

**PS 278 Cr. 3.0**

*International Political Economy*

The role that international institutions, transnational actors, and foreign governments play in the production, distribution, and consumption of resources will be investigated. Since much of international political economy has to do with various thinkers and schools of thought, an appropriate emphasis will be given to some of the important works in the field. For example, we will be analyzing the contributions of Liberal, Marxist, and Statist thinkers and the various perspectives that have been used to analyze the way policies are made, agreements are reached, and resources distributed. Following the establishment of this theoretical framework, we will focus on the growth of regional integration, the role of hegemony in maintaining the stability of international systems, strategies of economic development, and the role of multinational and transnational companies in both the industrial and developing world. In essence, this course is concerned with looking at the relationship between power and wealth and the balance between the state and the market. Also listed as Sociology 278.

Prerequisite: Political Science 101.

Course Type(s): GLS, PSIP

**PS 281 Cr. 3.0**

*International Relations*

The major theoretical concepts and issues of international relations, emphasizing theories, actors, structures, ideologies, and environment of international politics.

Prerequisite: Political Science 101 or 103 or permission of the instructor.

Course Type(s): PSIP

**PS 288 Cr. 3.0**

*Cooperative Education: Political Science*

Through actual work experience, connects classroom learning and real-world practice. Under the guidance of a faculty advisor, students select a cooperative placement. Students will spend ten to fifteen hours per week at their placement. Repeatable for credit.

Prerequisite: Political Science 101 or 103.

Course Type(s): EX

**PS 289 Cr. 3.0**

*Political Science Internship*

An internship in a political office. The student will keep a daily log and develop a research topic on the basis of the log and experience. By working an eight-hour day from Monday through Friday, the intern will develop firsthand knowledge of a state or local office and will secure an experience rating for future positions after graduation.

Prerequisites: Political Science 101 or 103 and the completion of sixty credits.

Course Type(s): EX

**PS 290 Cr. 3.0**

*Media Law*

How the mass media is constrained and protected by the law and court interpretation. Overview will focus on libel, copyright, obscenity, free press, and other legal/illegal aspects. Also listed as Communication 290.

Course Type(s): PSAL

**PS 298 Cr. 1.0 – 3.0**

*Special Topics in Political Science (200 Level)*

An intensive study of a particular subject or problem in political science to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.

Prerequisite: As announced in the course schedule.

Course Types(s): none

**PS 299 Cr. 1.0 – 3.0**

*Reading and Research in Political Science*

Guided study of a topic in political science not substantially treated in a regular course, under the direction of a member of the political science faculty. Extensive reading and at least one written report are required.

Course Types(s): none

**PS 301 Cr. 3.0**

*Political Parties and Elections*

Historical and functional analysis of United States political
parties; the workings of party machinery and practical politics, including national, state, and local party activities, election procedures, third party movements, interest groups, and public opinion. Prerequisite: Political Science 101 or 103. Course Type(s): PSAM

PS 304 Cr. 3.0
Public Opinion and Propaganda
The effects of mass communications upon political opinion, control of news, dissemination agencies, propaganda techniques, and pressure groups; the role of opinion polls and survey techniques. Prerequisite: Political Science 101 or 103. Course Types: none

PS 305 Cr. 3.0
The American Congress
An analysis of the structure, organization, and functioning of Congress; the relationship between Congress and the executive and judicial branches of government, the importance of the Congressional investigative powers and of quasi-legislative agencies, boards, and commissions. Prerequisite: Political Science 101 or 103. Course Type(s): PSAM

PS 306 Cr. 3.0
The American Presidency
The various theories of the presidency; the president’s relationship with Congress, the public, the party structure, the administration, and the vice-president; and the president’s powers and responsibilities in foreign and military affairs. Prerequisites: Political Science 101 or 103; and English 101 and 102 or permission of the instructor. Course Type(s): PSAM, WT

PS 307 Cr. 3.0
The American Judiciary
Systematic study of the judiciary at the federal and New Jersey level, including an analysis of the jurisdictional limits of courts and the procedural rules for actions in each respective system; an intensive study of institutions of law (legal systems, federal courts, state courts) and interpreters and consumers of law (judges, lawyers, litigants, interest groups) as well as a study of the impact of court decisions on federal and state public policy. Prerequisite: Political Science 101 or 103. Course Type(s): PSAL, PSAM, SJL

PS 309 Cr. 3.0
Political Science Internship Seminar
Practical experience in the operation of a legal, political campaign, or government position to guide the intern’s future professional development. The student will keep a journal and produce a report analyzing the intern’s experience and/or work environment. Repeatable for credit. Prerequisite: Junior standing or permission of the instructor. Course Type(s): EX

PS 311 Cr. 3.0
Introduction to Constitutional Law
Examination of United States constitutional law by the case method: the federal government and the relative powers of Congress, the President, and the Supreme Court. Prerequisite: Political Science 101 or 103. Course Type(s): PSAL

PS 312 Cr. 3.0
Constitutional Law: Civil Rights
Examination of United States constitutional law by the case method: Constitutional, civil, and political liberty with special emphasis on the First, Fifth, and Fourteenth Amendments. Prerequisite: Political Science 101 or 103. Course Type(s): PSAL, SJL

PS 313 Cr. 3.0
The Pre-Trial Prosecution System
The pre-trial prosecution process as a political system. The roles, attitudes, and strategies of those authorities who allocate values within the system are examined. Also listed as Criminal Justice 313. Prerequisite: Political Science 101 or 103. Course Type(s): PSAL, SJL

PS 315 Cr. 3.0
Urban Politics
The problems of urban life as they are manifested in the political process, the interaction of cities with other levels of government, and the performance of political functions within the urban environment. Prerequisite: Political Science 101 or 103. Course Type(s): PSAM, PSPA

PS 324 Cr. 3.0
American Political Thought
The development of political thought in the United States,
with emphasis on the late nineteenth- and twentieth-century philosophers and statesmen, along with the development of ideology of groups in American politics. Also listed as Philosophy 324.  
Prerequisite: Political Science 101 or 103.  
Course Type(s): PSAM  

**PS 330**  
**Environmental Policy**  
Introduces social, political, and organizational processes that influence and shape environmental and natural resource policy. Focuses on the political arena and examines how citizens and community groups influence legislative initiatives. Also listed as Policy Studies 330.  
Course Type(s): MEBP, PSAM, PSPA, SUS  

**PS 350**  
**American Political Economy**  
Examines the institutional, economic, and political factors that influence the economic decision-making process at all levels of government. Analysis of the theories, processes, principles, and concepts of public budgeting and governmental management of the economy. Also listed as Policy Studies 350.  
Prerequisite: Political Science 103.  
Course Type(s): PO, PSAM, PSPA  

**PS 351**  
**Public Administration**  
The administration, organization, management, financial, and personnel problems within the various governmental agencies; problems arising from the interrelations of the three branches of government.  
Prerequisite: Political Science 101 or 103.  
Course Type(s): PSPA  

**PS 352**  
**Public Personnel Administration**  
The nature of the career service in government, effective tools in personnel administration, and the changing role of the Civil Service Commission.  
Prerequisite: Political Science 101 or 103.  
Course Type(s): PSPA  

**PS 353**  
**Public Budgeting Process**  
A treatment of the budget as an instrument of public policy and marginal control of public programs.  
Prerequisite: Political Science 101 or 103.  
Course Type(s): PSPA  

**PS 355**  
**Administrative Law and Regulation**  
The federal and state regulatory agencies, commissions, and boards; how they function, the legal procedures they employ, to what extent they are successful in serving and protecting the community, and efforts to effect their reform.  
Prerequisite: Political Science 101 or 103.  
Course Type(s): PSAL, PSPA, SJL  

**PS 360**  
**Political Economy in the Developing World**  
This course introduces undergraduate students to the core concepts, theories, and debates of political economy in the context of developing world countries. The primary unit of analysis will be the national case study (i.e., Brazil or Indonesia) rather than the international system or international institutions (for example, World Bank, IMF, or global financial markets) The aim is to provide the intellectual tool set to evaluate questions and challenges of political and economic development and modernization across a range of national case studies from Latin America, the Caribbean, Africa, the Middle East, and Asia. Also listed as Sociology 360.  
Course Type(s): PSIP, SJS  

**PS 361**  
**Comparative European Governments**  
A comparative analysis of political processes in Western-European governments, with special emphasis on the methodology of comparative politics.  
Prerequisite: Political Science 101 or 103.  
Course Type(s): PSCG  

**PS 364**  
**Law and Society**  
The evolution of law, social forces influencing law, social impact of law, and law as an instrument of social control and social change. Also listed as Sociology 364.  
Prerequisite: Sociology 101 or Political Science 101 or 103.  
Course Type(s): PSAL, SIN, SJL  

**PS 371**  
**International Service Seminar**  
Students will learn to unite theory and practice by studying theories and policies based on human security, and learning about their applications through service-learning projects. Students will enhance their understanding of human security by volunteering in international community organizations and reflecting on the social, political, and eco-
nomics factors and policies that affect them. Also listed as Social Work 371, Anthropology 371, and Sociology 371.
Prerequisite: Political Science 101.
Course Type(s): EX, PSIP

**PS 372** Cr. 3.0
*Democracy in South Asia*
Explores the prospects of democracy in South Asia with a focus on India, Pakistan, Afghanistan, Nepal, Bangladesh, and Sri Lanka. Provides the historical depth, cultural complexity, and comparative context in which to understand historical legacies and contemporary issues challenging democracy in South Asia.
Course Type(s): PSCG

**PS 373** Cr. 3.0
*Comparative Politics in Asia*
Comparative study of the political processes of selected Asian nations with emphasis on problems arising as a result of the transition from traditional societies to modern nation states.
Prerequisite: Political Science 101 or 103.
Course Type(s): PSCG

**PS 375** Cr. 3.0
*Islam and Politics*
Examination of the interrelationship between Islam as a religion and a way of life and politics in different regions of the world. Following a quick survey of the belief and practice of Islam since its inception, the focus will be placed on the past 100 years, particularly the Muslim responses to the challenges of colonialism, modernization, and globalization and Islam’s reassertion in public affairs and society. Concludes with ways for improving Islam-West relations in the hope that these will generate better understanding and peace. Also listed as Religious Studies 375.
Course Type(s): PSCG

**PS 376** Cr. 3.0
*Comparative Politics of the Middle East*
Comparative study of the political processes of selected Middle-Eastern nations with an emphasis on problems arising as a result of the transition from traditional societies to modern nation states.
Course Type(s): PSCG

**PS 377** Cr. 3.0
*A Comparative Study of Women in the World*
A comparative study of the political, cultural, social, and economic statuses of women in the United States, Western Europe, Russia, Japan, Israel, and third-world nations. Also listed as Gender Studies 377.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): BI.EL, GS, GU, PSCG, WT

**PS 378** Cr. 3.0
*Ethics in International Relations*
Create a learning environment that stresses the understanding of ethics and its necessary role in the contemporary world. Through an evaluation of peace theories, patterns of diplomacy, and conflict in international relations, the learner will realize that ethical considerations are essential to the human experience.
Prerequisite: Political Science 101.
Course Type(s): PSIP

**PS 382** Cr. 3.0
*International Organizations*
The nature, functions, and development of international organizations with particular emphasis on the United Nations and its role in international relations.
Prerequisite: Political Science 101 or 103.
Course Type(s): PSIP, PSPA

**PS 383** Cr. 4.0
*Model UN Conference*
Introduces students to how the United Nations works and will give them real-life experience in how countries bargain, negotiate, and resolve conflicts. It is a blend of theoretical/historical knowledge and practical/experiential components. The practical/experiential components will include taking part in actual negotiations at a college-level Model United Nations conference. Experiential Education credit will only be given upon completion of the model UN conference. Repeatable for credit at the discretion of the department.
Prerequisites: Political Science 101 and Humanities 201.
Course Type(s): EX, PSIP

**PS 385** Cr. 3.0
*American Foreign Policy*
A study of American foreign policy with emphasis on the theoretical framework and institutional setting of the contemporary policymaking process.
Prerequisite: Political Science 101 or 103.
Course Type(s): PSIP, PSPA

**PS 388** Cr. 3.0
*Cooperative Education: Political Science*
Classroom learning and real-world practice are connected
through actual work experience. Under the guidance of a faculty advisor, students select a cooperative placement. Students will spend ten to fifteen hours per week at their placement. Repeatable for credit.
Prerequisite: Political Science 101 or 103.
Course Type(s): EX

PS 389 Cr. 3.0
Political Science Internship
An internship in a political office. The student will keep a daily log and develop a research topic on the basis of the log and experience. By working an eight-hour day from Monday through Friday, the intern will develop firsthand knowledge of a state or local office and will secure an experience rating for future positions after graduation.
Prerequisites: Political Science 101 or 103 and completion of sixty credits.
Course Type(s): EX

PS 390 Cr. 7.0 – 12.0
Washington Center Internship
This internship allows students in all majors to intern at government agencies, public service organizations, and business associations located in Washington, DC. Under the supervision of Washington Center supervisors and faculty, students gain substantive entry-level professional experience along with academic credit over the course of one semester. In general, students are required to intern in a government agency or public organizations four and a half days per week and attend educational seminars and workshops and participate in professional forums conducted by the Washington Center. In addition, students must complete learning objectives and assignments specified by Monmouth University faculty sponsors. Also listed as Communication 390 and Sociology 390.
Prerequisites: Junior standing and a minimum GPA of 2.50.
Course Type(s): EX

PS 393 Cr. 3.0
Washington Center Course
Students participating in a Washington Center internship are required to enroll in a three-credit seminar. A list of available courses is forwarded to all students prior to the beginning of the fall, spring, or summer term. Regular offerings include: politics, professional communication, the fine and performing arts, and economics. Also listed as Communication 393 and Sociology 393.
Prerequisites: Junior standing and a minimum GPA of 2.50.
Course Type(s): none

PS 398 Cr. 1.0 – 3.0
Special Topics in Political Science (300 Level)
An intensive study of a particular subject or problem in political science to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

PS 399 Cr. 3.0
Independent Study in Political Science
Guided study of a topic in political science not substantially treated in a regular course, under the direction of a member of the political science faculty. Extensive reading and at least one written report are required.
Course Types(s): none

PS 401 Cr. 3.0
Seminar in Political Science
Review of research methods and significant developments in political science. An individual research project, assigned according to the interest and needs of the student, is required.
Prerequisites: Junior standing and fifteen credits in Political Science.
Course Types(s): none

PS 425 Cr. 3.0
Political Communication
The impact of communication on political action. Persuasive strategies and mediated reality that affects political choices. Focus on the interpretation of political rhetoric and the role media plays in campaigns. Also listed as Communication 425.
Course Type(s): PSAM

PS 431 Cr. 3.0
Public International Law
Detailed examination of the system of rules governing relations among states including in-depth review of the sources of public international law, transnational entities involved in applying international law, domestic application of international law including jurisdiction and extraterritoriality, the validity of state action vis-a-vis public international legal restrictions, and enforcement of international law as to states and individuals.
Prerequisites: Political Science 101 or 103; and English 101 and 102.
Course Type(s): GU, PSAL, PSIP, SJL, WT
**PS 488**  
**Cooperative Education: Political Science**  
Cr. 3.0  
Classroom learning and real-world practice are connected through actual work experience. Under the guidance of a faculty advisor, students select a cooperative placement. Students will spend ten to fifteen hours per week at their placement. Repeatable for credit.  
Prerequisite: Political Science 101 or 103.  
Course Type(s): EX

**PS 489**  
**Political Science Internship**  
Cr. 3.0  
An internship in a political office. The student will keep a daily log and develop a research topic on the basis of the log and experience. By working an eight-hour day from Monday through Friday, the intern will develop firsthand knowledge of a state or local office and will secure an experience rating for future positions after graduation.  
Prerequisites: Political Science 101 or 103 and completion of sixty credits.  
Course Type(s): EX

**PS 498**  
**Special Topics in Political Science (400 Level)**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in political science to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Type(s): none

**PS 499**  
**Readings and Research in Political Science**  
Cr. 3.0  
Guided study of a topic in political science not substantially treated in a regular course, under the direction of a member of the political science faculty. Extensive reading and at least one written report are required. Prerequisites: Senior standing; status as Political Science or History and Political Science major with a 3.00 or higher GPA in major course work; prior permission of directing professor and department chair.  
Course Type(s): none

**PY 201**  
**Educational Psychology**  
Cr. 3.0  
The application of principles and theories designed for psychology students, prospective teachers, and parents interested in educational processes. Also listed as Education 201.  
Prerequisite: Psychology 103.  
Course Type(s): none

**PY 202**  
**Career Preparation in Psychology**  
Cr. 1.0  
An orientation to career opportunities available with a background in psychology as well as preparation for employment and graduate/professional training in psychology. For Psychology majors only.  
Course Type(s): none

**PY 203**  
**Child Psychology**  
Cr. 3.0  
Physical and mental development from conception to early adolescence; motor, emotional, and social behavior; intelligence and language development; personality formation; play and other imaginative activities. Also listed as Education 203.  
Prerequisite: Psychology 103.  
Course Type(s): NU.EL

**PY 204**  
**Adolescent Psychology**  
Cr. 3.0  
Students are given up-to-date knowledge of the field of developmental psychology in general but particularly focuses on issues that are relevant to individuals as they transition from being children to young adolescents; as they go through the physical, emotional, cognitive, and social changes of adolescence; and finally as they experience emerging adulthood. It will enable students to understand, contrast, and critically evaluate various developmental theories that apply to adolescent development. Both the normative patterns of adolescent development and individual variability within these norms are covered.  
Prerequisite: Psychology 103.  
Course Type(s): NU.EL

**PY 205**  
**Psychology of Adulthood and Aging**  
Cr. 3.0  
Development from mid-life to old age; physical, intellectual, social, emotional, and personality changes, interests, attitudes, and maladjustments with emphasis on later life.  
Prerequisite: Psychology 103.  
Course Type(s): none
PY 206  Child and Adolescent Development  Cr. 3.0
An introduction to the field of human development. Concepts and theories of child and adolescent growth and development will be covered from the prenatal period through adolescence.
Prerequisite: Psychology 201.
Course Types(s): none

PY 207  Social Psychology  Cr. 3.0
A survey of human behavior and mental processes in their social context. Addresses interpersonal processes, including social influence, relationships, prosocial and antisocial behavior, prejudice, and group dynamics. Also addresses intrapersonal processes, including the self, social perception, social cognition, cognitive dissonance, and attitudes.
Prerequisite: Psychology 103.
Course Types(s): none

PY 208  Abnormal Psychology  Cr. 3.0
The principal forms of psychopathology, including symptoms, etiology, and therapeutic recommendations; borderline adjustment, neurosis, psychosis, and character disorders.
Prerequisite: Psychology 103.
Course Types(s): none

PY 220  Research I: Methods and Basic Data Analysis Laboratory  Cr. 4.0
Introduces students to the essence of the scientific method and the use of empirical inquiry. Students will be introduced to various issues concerning data collection and other method procedures used in psychology. Students will learn to appropriately summarize, describe, and analyze obtained data to test research hypotheses.
Prerequisite: Psychology 103 and Mathematics 101, or Mathematics 105 or higher; and English 101 and 102 or permission of the instructor.
Course Type(s): TL, WT

PY 230  History of Psychology  Cr. 3.0
The historical development of psychology, including its relationship to other disciplines; the contributions of philosophy and the growth of scientific methodology.
Prerequisite: Psychology 103.
Course Types(s): none
PY 305 Cr. 3.0
Theories of Personality
An introduction to methods for studying personality and building personality theories; psychodynamically oriented theories as well as biosocial, behavioristic, cognitive, humanistic, and existential approaches. Prerequisite: Psychology 103.
Course Type(s): none

PY 305L Cr. 1.0
Social and Personality Thesis Lab
Research strategies used in the scientific study of personality and social psychology. Deals with the following topics: constructing surveys, writing quality question items, correlational design, two-group design, multigroup design, factorial design, within-subjects design, and the use of statistical methods in research. These topics will be covered in the context of student projects. Each student will design and carry out his or her own research project. Three hours per week.
Prerequisites: Psychology 207 or 305, and Psychology 311 and 320; all passed with a grade of C or higher.
Course Type(s): none

PY 307 Cr. 3.0
Leadership and Group Processes
An introduction to the study of group dynamics, particularly with regard to leadership and power. Exploration of past and present research on groups; current theoretical understanding of important group processes, such as group formation, changes over time, group decision-making and performance, social influence, and intermember relations. Prerequisite: Psychology 103.
Course Type(s): none

PY 307L Cr. 1.0
Leadership and Group Processes Thesis Laboratory
Study and evaluation of empirical methods used in group-dynamics research. Students will critique published research and learn to identify and avoid common threats to the validity of their own research. Three hours per week.
Prerequisites: Psychology 103, and Psychology 311 and 320, all passed with a grade of C or higher. Corequisites: Psychology 307 and 491.
Course Type(s): none

PY 310 Cr. 3.0
Field Experience in Psychology
Supervised, volunteer work in approved facilities; professional development and training and supervision provided by the agency in consultation with the psychology department. Prerequisites: Psychology 208, 220, and completion of fifty-seven credits.
Course Type(s): EX

PY 311 Cr. 4.0
Research II: Behavioral Statistics and Laboratory
A continuation in statistical concepts and application, including analysis of variance, nonparametric techniques, regression equations, correlations. Laboratory: Instruction in data analysis using SPSS (Statistical Package for the Social Sciences), training in software tools for formatting and presenting research findings. Prerequisite: Psychology 220, passed with a grade of C or higher.
Course Type(s): TL

PY 320 Cr. 4.0
Research III: Experimental Methods and Laboratory
An introduction to theory and application of experimental methods in psychology. Three hours of lecture, two hours of individual laboratory work per week. Prerequisites: Psychology 220 passed with a grade of C or higher; and English 101 and 102 or permission of the instructor. Corequisite: Psychology 311.
Course Type(s): WT

PY 321 Cr. 4.0
Qualitative Research Methods
An interdisciplinary overview of qualitative research methods employed in the social sciences and education. Qualitative methods are offered as an alternative way of knowing about individuals and groups. Topics covered include: theory, fieldwork, interviewing, observational studies, time sampling, writing field notes, questionnaires (survey research), archival research, and conducting qualitative research in various settings. Emphasis also placed upon the factors that affect the fieldwork process (e.g., gender, emotions). Also listed as Anthropology 321. Prerequisite: Psychology 103.
Course Type(s): WT

PY 322 Cr. 3.0
Industrial Organizational Psychology
The application of psychological principles to human problems in business and industry: personnel psychology, counseling, motivation, supervision, organizational structure, efficiency, and engineering psychology. Prerequisite: Psychology 103.
Course Type(s): none
PY 331  
*Psychology of Women*  
The current state of knowledge about the psychology of women based on theoretical and empirical contributions from psycho-biology, personality, social, and life-span psychology.  
Prerequisite: Psychology 103.  
Course Type(s): GS

PY 331L  
*Psychology of Women Thesis Lab*  
Research strategies used in the study of the psychology of women. Deals with the following topics: constructing surveys, writing quality question items, two-group design, multigroup design, factorial design, within-subject design, correlational design, and the use of statistical methods in research. These topics will be covered in the context of student projects. Each student will design and carry out his or her own research project. Three hours per week.  
Prerequisites: Psychology 311 and 320, both passed with a grade of C or higher, and Psychology 331 or Gender Studies/Sociology 225.  
Course Types(s): none

PY 332  
*Psychology of the Male Experience*  
Examines stereotypes about men in Western society, many of which are challenged in the light of empirical research; theoretical and empirical contributions from personality, social and life-span psychology, and psycho-biology; consideration of methods and sources of bias in research used in gender studies.  
Prerequisite: Psychology 103.  
Course Type(s): GS

PY 335L  
*Gender and Sex Roles Thesis Laboratory*  
Research strategies used in the study of gender and sex roles. Projects include: methods of archival research, interview and survey techniques, naturalistic observation, and correlational and experimental procedures. Students also design and carry out their own research project, and prepare written and oral reports of the findings. Three hours per week.  
Prerequisites: Psychology 103, and Psychology 311 and 320; all passed with a grade of C or higher. Corequisites: Psychology 331 or 332 and 491.  
Course Type(s): GS

PY 342  
*Children’s Play and Culture*  
An intensive examination of children’s play. Theoretical and empirical contributions from psychology and anthropology as a developmental and cross-cultural foundation for the following topics: the historical development of the concept of childhood, theories of play, conceptions of play and work, the functions of play, play and child development, gender differences, cross-cultural forms of play, and children’s peer cultures. Also listed as Anthropology 342.  
Prerequisite: Psychology 203.  
Course Types(s): none

PY 342L  
*Children’s Play Thesis Laboratory*  
Research strategies used in the study of children’s play. Projects include: methods of interviewing and survey techniques, naturalistic observation, participant observation, and time sampling. Students also design and undertake their own research projects and prepare written and oral reports of their findings.  
Prerequisites: Psychology 311, 320, and 321, passed with a grade of C or higher. Corequisite: Anthropology 342.  
Course Type(s): EX

PY 350  
*Evolutionary Psychology*  
The role of evolutionary thinking in human psychology, including ideas and evidence from animal behavior; topics include a brief history of socio-political resistance to Darwinian ideas, basic principles of evolutionary (population) biology, behavioral strategies affecting cognitive and social psychology, especially survival issues (feeding, predator avoidance), mating systems (attraction, mate retention, reproduction, and rearing offspring), and social exchange issues. Exploration of potential application in other disciplines (medicine, law, history, marketing, and economics).  
Prerequisite: Psychology 103.  
Course Type(s): none

PY 350L  
*Evolutionary Psychology Thesis Laboratory*  
Research strategies used in studying the role of evolution in human psychology. Projects include: methods of archival research, interview and survey techniques, naturalistic observation, correlational and experimental procedures. Students will design and carry out their own research project and prepare written and oral reports of the findings. Three hours per week.  
Prerequisites: Psychology 103, and Psychology 311 and
PY 360  
**Intimate Relationships**  
Cr. 3.0  
Provides an overview of current theory and research in the field of intimate relationships. Focuses on topics such as: our need for relationships, interpersonal attraction, love, attachment, communication, relationship maintenance, relationship trajectories, relationship dissolution, jealousy, and extra-dyadic relationships. Special attention will be given to understanding these topics through the use of scientific journal articles.  
Prerequisites: Psychology 207.  
Course Types(s): none

PY 360L  
**Intimate Relationships Thesis Laboratory**  
Cr. 1.0  
Research strategies used in the study of intimate relationships. Deals with the following topics: constructing surveys, writing quality question items, two-group design, multi-group design, factorial design, within-subject design, and the use of statistical methods in research. These will be covered in the context of student projects. Each student will design and carry out his or her own research project. Three hours per week.  
Prerequisites: Psychology 360; and Psychology 320 and 311; all passed with a grade of C or higher.  
Course Types(s): none

PY 370  
**Sensation and Perception**  
Cr. 3.0  
Evolution of animal and human sensory systems and perceptual mechanisms and processes; current research data and person-machines comparisons.  
Prerequisites: Psychology 103 and 220.  
Course Types(s): none

PY 370L  
**Sensation and Perception Thesis Laboratory**  
Cr. 1.0  
Basic laboratory techniques for the study of perceptual experiences. Includes sensory thresholds, intensity scaling, color judgments, visual shape and depth, visual illusions, brain lateralization, interactions among sensory modalities, and attention. Three hours per week.  
Prerequisites: Psychology 311 and 320, both passed with a grade of C or higher. Corequisites: Psychology 370 and 491.  
Course Types(s): none

PY 388  
**Cooperative Education: Psychology**  
Cr. 3.0  
Provides students with an opportunity to apply classroom theory in practice through actual work experience. Placements are selected to forward the student’s career interest through experiential education. Repeatable for credit.  
Prerequisites: Completion of thirty credits and a minimum GPA of 2.00.  
Course Type(s): EX

PY 389  
**Independent Internship in Psychology**  
Cr. 1.0 – 3.0  
Students apply the psychological concepts they have learned in the classroom and laboratory to work-related experiences. Working with the cooperation of the Life Career Advising Center and a faculty sponsor, the student will secure an internship site. On a volunteer basis, students will work forty hours per credit per term at their internship sites. Students are required to develop learning objectives at the start of their internship, keep a journal of their internship experience throughout their placement, and write a final paper that includes an integrated review of the literature and reports their progress in meeting their learning objectives.  
Prerequisites: Junior standing, twenty-one credits completed in Psychology, overall GPA of 3.00, approval by Psychology Department. Limited to Psychology majors.  
Course Type(s): EX

PY 398  
**Special Topics in Psychology (300 Level)**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in psychology to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Types(s): none

PY 398L  
**Special Topics in Psychology Thesis Laboratory**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in psychology to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Course Types(s): none

PY 401  
**Introduction to Clinical Psychology**  
Cr. 3.0  
The application of psychological approaches to the study and treatment of behavior problems, diagnosis, therapeu-
Appendix A: Course Descriptions

tic techniques, and the professional role of the clinical psychologist in society.
Prerequisites: Psychology 208 and 305.
Course Types(s): none

PY 401L  
Clinical Psychology Thesis Laboratory  
Cr. 1.0
A practicum in assessment and therapeutic techniques, incorporating standard research procedures used in clinical psychology. The scientific study of individual differences and their impact on behavior.
Prerequisites: Psychology 208, and Psychology 311 and 320; all passed with a grade of C or higher. Corequisites: Psychology 401 and 491.
Course Types(s): EX

PY 404  
Animal Behavior  
Cr. 3.0
Why and how animals (vertebrates and invertebrates) do the things they do. Emphasizes rules governing the evolution of behavior rather than mere description of how animals behave. Focus includes behavioral ecology, habitat selection, feeding strategies, predator-prey tactics, mating systems and strategies, social behavior (conflict and cooperation), and population dynamics. The course begins with a historical overview and ends with the evolution of human behavior. Also listed as Psychology 404.
Prerequisite: Psychology 103; or Biology 103 or above, passed with a grade of C- or higher.
Course Types(s): none

PY 404L  
Animal Behavior Thesis Laboratory  
Cr. 1.0
Methods in the study of animal behavior. Projects on instinctive behavior, early experience, learning, dominance relationships, territoriality, behavioral ecology, and sociobiology. One all-day field trip and an independent project will be required.
Prerequisites: Psychology 311 and 320, both passed with a grade of C or higher. Corequisite: Psychology 404.
Course Types(s): none

PY 406  
Introduction to Neurosciences  
Cr. 3.0
The organization of the nervous system in terms of its anatomy, physiology, neurochemical correlates, and evolution; behavioral processes, such as attention, sleep, motivation, instinct, learning, and language.
Prerequisite: Psychology 103.
Course Types(s): none

PY 406L  
Neurosciences Thesis Laboratory  
Cr. 1.0
Human and animal neuroanatomy; surgical techniques, including lesion, stimulation, and perfusion; histology; drug and hormone administration; and physiological recording techniques. Three hours per week.
Prerequisite: Psychology 103. Corequisite: Psychology 406.
Course Types(s): none

PY 407  
Social Cognition  
Cr. 3.0
Focus on social cognition, a research area within social psychology that studies the social and cognitive processes through which individuals notice, interpret, remember, and use information about their social world. Exploration of past and present social research, current theoretical understanding, and potential applications of important social-cognitive processes.
Prerequisite: Psychology 103.
Course Types(s): none

PY 407L  
Social Cognition Thesis Laboratory  
Cr. 1.0
Study and evaluation of empirical methods used in social cognition research. Students will critique published research and learn to identify and avoid common threats to the validity of their own research. Three hours per week.
Prerequisites: Psychology 311 and 320, both passed with a grade of C or higher. Corequisites: Psychology 407 and 491.
Course Types(s): none

PY 408  
Cultural Psychology  
Cr. 3.0
An interdisciplinary course that utilizes theoretical, empirical, and methodological contributions from psychology and anthropology to discuss the position of culture in understanding human behavior and thought. Culture is viewed as a cognitive construct that is learned, lived, shared, and performed. A sample of topics include: the history of cultural and cross-cultural psychology, methodological approaches, aggression, education, development, play, language, social relationships, intelligence, emotion, motivation, and mental health issues. Also listed as Anthropology 408.
Course Types(s): none
**PY 411**  
**Animal Behavior Internship**  
Covers psychological principles that are relevant to the psychology of animal behavior, animal training, and learning, memory, and cognitions. Students watch demonstrations of these principles on-site at Six Flags Safari with a selection of exotic animals. Animal training careers are explored, and students gain public speaking experience via facilitating educational outreach events. Students will apply what they have learned to other vocations, such as teaching and therapy, in weekly presentations and round tables. For Psychology majors only.  
Prerequisites: Psychology 103 and 220, passed with a minimum grade of C or higher.  
Course Type(s): EX

**PY 426**  
**Theories of Childhood and Development**  
An overview of and evaluative approach to developmental theories and conceptions of childhood. The theoretical frameworks covered include: constructivism, learning theory, psychoanalysis, psychosocial, and ethological/evolutionary approaches. Theorists discussed include: Bowlby, Dewey, Erikson, Freud, Montessori, Piaget, Skinner, and Vygotsky.  
Prerequisites: Psychology 203, 320, and 321.  
Course Types(s): none

**PY 431**  
**Psychological Tests and Measurements**  
Introduction to theory of measurement; its application to psychological and educational testing and exposure to frequently used tests with ethical and practical considerations.  
Prerequisite: Psychology 311, passed with a grade of C or higher.  
Course Types(s): none

**PY 448**  
**Cooperative Education: Psychology**  
Provides students with an opportunity to apply classroom theory in practice through actual work experience. Placements are selected to forward the student’s career interest through experiential education. Repeatable for credit.  
Prerequisites: Completion of thirty credits and a minimum GPA of 2.00.  
Course Type(s): EX

**PY 489**  
**Independent Internship in Psychology**  
Working with the Department of Psychology’s Field Placement Coordinator, the student will secure an internship site and be assigned a faculty sponsor. Students will intern fifty hours per credit per term in their placements. In collaboration with their faculty sponsor, students will develop learning objectives, maintain a journal and log of their hours, and submit assignments that demonstrate an advanced application of psychological concepts to their internship experiences. Weekly meetings with faculty sponsors are required. Limited to Psychology majors.  
Prerequisites: Junior standing, Psychology 208 and 220, overall GPA of 3.00, and approval by the Psychology Department.  
Course Type(s): EX

**PY 490**  
**Senior Seminar in Psychology**  
Readings, invited speakers, student presentations, and discussion of current and review topics in psychology. Course emphasis to vary with orientation of directing professor.  
Prerequisites: Psychology 320, passed with a grade of C or higher, and completion of eighteen credits in Psychology.  
Course Types(s): none

**PY 491**  
**Research IV: Thesis in Psychology**  
Study and research in psychology under the supervision of a psychology faculty member, leading to the preparation of a Senior thesis.  
Prerequisites: Psychology 311 and 320, both passed with a grade of C or higher. Corequisite: Any Psychology 300-400 level course with a lab.  
Course Types(s): none

**PY 498**  
**Special Topics in Psychology (400 Level)**  
An intensive study of a particular subject or problem in psychology to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.  
Prerequisite: As announced in the course schedule.  
Course Types(s): none

**PY 498L**  
**Special Topics in Psychology Thesis Laboratory**  
An intensive study of a particular subject or problem in
psychology to be announced prior to registration.  
Prerequisite: As announced in the course schedule.  
Course Types(s): none

**PY 499A**  
**Cr. 1.0 – 3.0**  
*Independent Study in Psychology*  
Independent study in psychology (experimental) research under supervision of a faculty member. May be taken for a maximum of six credits.  
Prerequisites: Junior standing and prior permission of instructor and department chair.  
Course Types(s): none

**RS 101**  
**Cr. 3.0**  
*Introduction to Religious Studies*  
Introduction to the study of religion. Emphasis on the cultural history of the study of religion, classical theories and methods in the study of religion, and contemporary conversations and issues in the study of religion. Readings drawn from anthropology, sociology, history, political theory, psychology, economics, and the biological sciences.  
Course Type(s): CD

**RS 104**  
**Cr. 3.0**  
*Ethics*  
Theoretical ethics and its application to enduring and contemporary moral issues. Thorough examination of the basic principles of a rational, humane, and practical moral system. Also listed as Philosophy 104.  
Course Types(s): none

**RS 201**  
**Cr. 3.0**  
*Philosophy of Religion*  
An examination of certain salient features of Western religious thought emphasizing the problems of religious language, the nature and validity of religious experience, traditional and contemporary ideas of God, morality, death, and evil. Also listed as Philosophy 201.  
Prerequisite: Philosophy 101.  
Course Types(s): none

**RS 203**  
**Cr. 3.0**  
*Philosophy and History of Christianity I*  
Survey the development of Christianity in the Middle East and Europe and its continued expansion from the first to the fifteenth century. Focus on selected literature and most significant historical events in the development of Christianity. Highlights some of the institutions and people that came out of this movement and how they helped to shape the philosophical, religious, political, economic, and social realities of their day.  
Course Types(s): none

**RS 216**  
**Cr. 3.0**  
*Religions and Philosophies of India*  
Introduction to the fundamental elements of the orthodox and non-orthodox philosophical and religious systems of India. Highlights plurality of timeless, distinct gnostic systems that, having discovered the Self, search for liberation from the stream of time. Also listed as Philosophy 216.  
Course Type(s): BI.EL, CD

**RS 272**  
**Cr. 3.0**  
*Magic, Witchcraft, and Religion*  
Explores the motivation of human behavior within the realm of religion and the supernatural with an emphasis on the role of gods and goddesses. A cross-cultural approach will be used while exploring cultures both past and present across the globe. Also listed as Anthropology 272.  
Prerequisites: English 101 and 102 or permission of the instructor.  
Course Type(s): English

**RS 277**  
**Cr. 3.0**  
*Comparative Religions*  
Students are introduced to the fundamental differences and similarities of world religions that, throughout history, were and are at war with each other. Highlights a plurality of distinct creeds that, postulating an Absolute Truth, search to regain that Ultimate Reality through various ways of life or moral codes. Also listed as Philosophy 277.  
Course Type(s): BI.EL, GU

**RS 298**  
**Cr. 1.0 – 3.0**  
*Special Topics in Religion*  
Exposition and discussion of a current event or an enduring human concern with religious significance.  
Course Types(s): none
RS 375  Cr. 3.0
*Islam and Politics*
Examination of the interrelationship between Islam as a
religion and a way of life and politics in different regions
of the world. Following a quick survey of the belief and
practice of Islam since its inception, the focus will be
placed on the past 100 years, particularly the Muslim
responses to the challenges of colonialism, moderniza-
tion, and globalization and Islam’s reassertion in public
affairs and society. Concludes with ways for improving
Islam-West relations in the hope that these will generate
better understanding and peace. Also listed as Political
Science 375.
Course Type(s): none

RS 397  Cr. 3.0
*Christianity in Africa*
Examination of Christianity from a historical perspective.
Discussion of the foundation of the religion, its spread
to the Roman Empire, and its introduction to Africa.
Discussion of the proliferation of Christian missions and
missionaries and the relationship between Christianity
and other religions in Africa. Examination of the impact
of Christianity on the social, cultural, and political life of
Africans. Also listed as History 397.
Prerequisites: English 101 and 102 or permission of the
instructor.
Course Type(s): WT

RS 400  Cr. 3.0
*Love, Life, and Liberty*
Examination of the historical and philosophical aspects
of love and the assertion for freedom starting from the
biological concept of life. Throughout history, the various
interpretations of these ideas have shaped the world.
Students will be introduced to some of the most important
related works that are the fiber of history, philosophy, and
science. The analysis of revered cultural traditions will
show the impact of love on the rational thinking and artis-
tic creation. Also listed as Perspectives 400.
Prerequisites: Eighty-seven credits and completion of all
other general education requirements.
Course Type(s): ISP

RS 435  Cr. 3.0
*The Way and the Word*
A comparison of classic texts central to two Asian tradi-
tions, The Bhagavad Gita and The Analects; the impact
of the ethos of each tradition on secular narratives,
Asian and Western. The disciplines represented include
Comparative Religion and Literature. Also listed as
Perspectives 435.
Prerequisites: Eighty-seven credits and completion of all
other general education requirements.
Course Type(s): ISP

RS 436  Cr. 3.0
*The Reformation*
A study of sixteenth- and early-seventeenth-century reli-
gious and political developments in Europe: causes of
the Reformation, its political and social institutionalization,
ideas of reformers, wars of religion, and the Counter-
Reformation. Also listed as History 436.
Prerequisite: Junior standing or twelve credits in History.
Course Type(s): HSEU

RS 499  Cr. 3.0
*Independent Study in Religious Studies*
Guided research on selected topics; conference with
sponsoring professor.
Prerequisites: Junior standing and prior permission of the
directing professor and department chair.
Course Types(s): none

SC 100  Cr. 3.0
*Discovery and Thinking in Natural Sciences*
The development of major concepts in the biological,
chemical, and physical sciences; their importance today.
Course Type(s): NS

SC 110  Cr. 3.0
*Nutrition Science*
An overview of the science of human nutrition, including
the basics of protein, carbohydrate, lipid, vitamin, mineral,
water, and alcohol metabolism. An analysis of the rela-
tionship of diet to various health issues and current con-
troversies in nutrition will be covered. Students will learn
the elements of nutritional analysis by evaluating their
personal diets. Emphasis will be on the manner in which
nutrition knowledge is acquired, including a nutrition study
conducted by the students.
Course Type(s): NS

SC 120  Cr. 3.0
*The Science of Cooking*
Covers concepts from chemistry, biology and physics
that underpin the transformations that occur during
food preparation and cooking. An understanding of why
cooking techniques and recipes work will be examined.
Cooking demonstrations and experiments will be used
to illustrate the scientific concepts involved. Note: This
course involves the preparation and (optional) consump-
tion of food. If you have specific food allergies or needs, contact the instructor to discuss any arrangements that may be appropriate.
Course Type(s): NS

**SC 130**  
**Cr. 3.0**  
**Climate Science for 21st-Century Citizens**  
Earth’s climate has changed in the past and will change in the future. Climate science and hypotheses about climate change and man’s effects on climate figure prominently in the news and popular culture. However, forces and feedbacks impacting climate are poorly understood by the general public. This lack of understanding originates partially because climate science is complicated and interdisciplinary, and partially because addressing climate change requires significant changes in the global energy economy, turning it into a political issue with skewed and un-scientific public discourse. This course aims to cover parts of climate science that are well established, differentiate them clearly from parts of climate science where genuine uncertainty exists and use these contrasts to illustrate the scientific methods, culture of science, and science practices of the twenty-first century.
Course Type(s): SUS, NS

**SC 198**  
**Cr. 3.0**  
**Special Topics in Science**  
Study of a particular subject or problem in science to be announced prior to registration. May be conducted on either a lecture-discussion or seminar basis. Courses would meet General Education requirements in the natural sciences.
Course Type(s): NS

**SC 270**  
**Cr. 3.0**  
**Oceanography**  
Provides a survey of physical, chemical, geological, and biological resources and processes that define and affect the coastal ocean including ocean basins, coasts, beaches, estuaries, and offshore waters. Environmental considerations include the role of the oceans in the association with global climate change issues, problems associated with coastal development, exploitation of marine resources, and ocean and coastal pollution.
Course Type(s): MEBP, NS

**SE 104**  
**Cr. 3.0**  
**Introduction to Software Engineering**  
Introduction to the methods and tools for software development. Topics include the personal software process, requirements engineering, software design, testing methods, project management, and other management techniques.
Course Type(s): none

**SE 205**  
**Cr. 3.0**  
**Requirements Engineering and Specifications**  
Elicitation, analysis, specification, validation, and management of user requirements; conflict resolution; process, notations, methods and tools, requirements standards, operational concepts documents (OCD), and system requirements specifications (SRS).
Prerequisites: Software Engineering 104 and Computer Science 175.
Course Type(s): none

**SE 207**  
**Cr. 3.0**  
**Software Design and Architecture**  
Design process notations, methods, paradigms, and tools. System architecture tradeoff analysis; component and subcomponent specification. Generic (domain) design; architectural styles, frameworks, and patterns. Test and integration plan documents. Architecture standards; design tools.
Prerequisites: Software Engineering 104 and Computer Science 176 or 275; and English 101 and 102 or permission of the instructor.
Course Type(s): WT

**SE 299**  
**Cr. 3.0**  
**Independent Study in Software Engineering**  
Independent Study of a particular subject or problem in software engineering under the guidance of a software engineering faculty member.
Course Type(s): none

**SE 306**  
**Cr. 3.0**  
**Formal Methods in Software Engineering**  
Covers a variety of formal methods and applies them to software-specification development. Assumes a firm grounding in mathematical logic, knowledge of proof techniques, and skill in the translation of problems expressed in English into predicate logic.
Prerequisite: Mathematics 120 or 130.
Course Type(s): none

**SE 312**  
**Cr. 3.0**  
**Software Verification, Validation, and Maintenance**  
Covers inspections of requirements, design and code, as well as testing, the handling of change requests, software evolution, code comprehension, and change management.
Prerequisites: Software Engineering 104 and Computer Science 176 or 275.
Course Types(s): none

**SE 351 Microprocessor Laboratory**
Cr. 3.0
Introduces the student to microprocessor-based, hardware-interface design. Provides practice in developing software that drives the interfaces between a microprocessor and the outside world. Topics include: logic circuit analysis and synthesis, digital hardware components, microprocessor system architecture, and assembly and C/C++ language programming of input/output device drivers. Prerequisite: Mathematics 120 or 130.
Course Types(s): none

**SE 352 Embedded and Real-Time Software**
Cr. 3.0
Familiarizes students with the fundamental issues related to embedded and real-time software systems and gives them an opportunity to become familiar with a commercially available system for developing and testing embedded and real-time software. Topics include: definition of embedded systems, process concurrency, interprocess communications, synchronization, and process scheduling. Prerequisite: Software Engineering 351.
Course Types(s): none

**SE 353 Comparative Languages**
Cr. 3.0
Begins with a history of the development of programming languages that provides the background necessary to understand programming-language design and evaluation. This is followed by an introduction to the basic programming language constructs and then critically comparing their implementation in some of the most common languages. Included is a discussion of the advantages and disadvantages of modern programming languages for a variety of applications. Some of the languages discussed are LISP, C, Small Talk, C++, Java, Ada, PL/1, and Prolog. Prerequisite: Computer Science 176 or 275.
Course Types(s): none

**SE 356 Internet Technologies for Software Engineers**
Cr. 3.0
Provides an intensive look at the leading-edge technologies that are used to build Internet applications, what they do, and how they do it. Topics covered will include: hypertext markup language, cascading style sheets, scripting languages, active server pages, Pert/CGI, and the extensible markup language. Prerequisite: Computer Science 102 and Computer Science 176 or 275.
Course Types(s): none

**SE 357 Engineering Web-based Systems**
Cr. 3.0
A practical introduction to the principles, methods, and tools required to create high-quality software applications for the distributed, client-server context of the Web. Emphasis is on architectural designs, and language and data access methods that are common in Web-based systems. Prerequisites: Software Engineering 205 and 207.
Course Types(s): none

**SE 360 Introduction to Game Development**
Cr. 3.0
An introduction to the creation of computer/video games and the different elements of games, including computer graphics, animation, artificial intelligence, algorithms, data structures, networking, software development cycles, and human-computer interaction. Also listed as CS 360. Prerequisite: Computer Science 205 passed with a grade of C or higher.
Course Types(s): none

**SE 370 Program Development Under Unix**
Cr. 3.0
Introduction to the use of the UNIX operating system and its utilities for incremental and distributed program development, maintenance, and debugging. The course covers the UNIX shell, utilities, and program development tools that are used for large projects involving multiple developers on multiple machines. Three hours per week. Also listed as Computer Science 370. Prerequisite: Computer Science 176 or 275 passed with a grade of C or higher.
Course Types(s): none

**SE 402 Human Computer Interaction**
Cr. 3.0
Covers basic human psychology, computer technology, and the interface between them. The key topics of HCI are examined, grounded in the context of usability and the design lifecycle. Prerequisite: Completion of forty-eight credits of course work.
Course Type(s): IM
SE 403 Cr. 3.0
Software Process Improvement
Students will be introduced to the various aspects related to software processes. It will focus on the definition and modeling of a software process, as well as on methods for process assessment and improvement. The concepts will be illustrated through process-improvement case studies, followed by hands-on experience with the improvement of the personal software-development process.
Prerequisite: Computer Science 205.
Course Type(s): none

SE 418 Cr. 3.0
Software Project Management
Project management and its application to software-development projects. Emphasis will be on planning, organizing, monitoring, and controlling. Students will learn how to develop work breakdown structures, estimate task durations, assign resources, specify network precedence, and determine a project's critical path. Methods for scheduling in the face of resource constraints will be included, as well as function point counting, algorithmic models for estimating total project cost, and software tools for project planning and monitoring.
Corequisites: Computer Science 176 or 275; and English 101 and 102 or permission of the instructor.
Course Type(s): WT

SE 485A Cr. 3.0
Software Practicum
Team work on substantial software projects submitted by corporate sponsors. Interim progress reports required, with a final formal defense and presentation to corporate staff, faculty, and other students in the course. At the end of SE 485A, students must submit their software engineering portfolio for review by the Software Engineering faculty.
Course Type(s): EX, RD

SE 485B Cr. 3.0
Software Practicum
Team work on substantial software projects submitted by corporate sponsors. Interim progress reports required, with a final formal defense and presentation to corporate staff, faculty, and other students in the course. At the end of SE 485B, students must submit their software engineering portfolio for review by the Software Engineering faculty.
Prerequisite: Software Engineering 485A.
Course Type(s): EX, RD

SO 101 Cr. 3.0
Introduction to Sociology
A systematic introduction to the major questions, perspectives, and methods of sociology; basic conceptual vocabulary; analysis of individual and group behavior within special areas.
Course Type(s): SS.SV

SO 102 Cr. 3.0
Social Problems
An analysis of social problems in contemporary society; poverty, race, gender, and age inequality; work; urbanization; crime; mental illness; and drug use.
Course Type(s): SS.SV

SO 107 Cr. 3.0
Introduction to Social Justice
Provides a conceptual and practical basis to understand, interpret, and solve social problems in fair, equitable, and just ways. Also listed as Political Science 107.
Course Type(s): SS.SV

SO 109 Cr. 1.0
Civic Engagement and Leadership
Civic responsibility, engagement, and leadership are encouraged through active student involvement in a community or campus organization. Students will perform twelve hours of public service over the course of the semester working for an organization that addresses a particular issue of public concern. Also listed as Political Science 109.
Course Types(s): none

SO 198 Cr. 1.0 – 3.0
Special Topics in Sociology (100 Level)
An intensive study of a particular subject or problem in sociology to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): none

SO 201 Cr. 3.0
Global Social Problems
Leading areas of tension, crisis, and debate in the contemporary world with emphasis on global population trends, global poverty and hunger, and inequality among
nations in the world’s economic system and their social policy implications.
Course Type(s): GLS

**SO 203**  
**Career Course in Sociology**  
Cr. 1.0
An introduction to various career opportunities with an undergraduate degree in sociology. It will cover some of the skills necessary for successfully seeking employment and gaining acceptance into graduate school. It will provide sociology and related majors with the opportunity to reflect on professions that use the skills gained through a BA program in sociology and to consider their future interests and direction. Students will experience opportunities to prepare for career situations and develop materials to present their abilities to potential employers. This is a one-credit hour course meeting once a week.
Course Type(s): none

**SO 225**  
**Introduction to Gender Studies**  
Cr. 3.0
Examines gender inequalities and the pervasiveness of gender as a way of structuring/organizing social life. Emphasizes how gender as a social structure intersects with other social structures such as race, class, and sexuality to legitimize power and privilege and/or constrain diverse groups of people. Critiques conventional theories of gender and sociology and covers a broad spectrum of topics using feminist and sociological perspectives. Also pays attention to the connection between social structure and human agency - how people’s experiences are both shaped by social forces and shaped through human action. Also listed as Gender Studies 225.
Course Type(s): CD, GS, SI, SJS, SS.SV

**SO 231**  
**Urban Sociology**  
Cr. 3.0
Theoretical analysis of the modern, urban community, including the history of the city and analysis of urban institutions and behavior patterns; problems relating to metropolitan and suburban areas, community planning, and urban renewal. Also listed as Geography 231.
Prerequisite: Sociology 101.
Course Type(s): none

**SO 234**  
**Sports and Society**  
Cr. 3.0
The increasingly important role of sports as an institution in modern society. Sports in relation to racism, sexism, education, values, and stratification systems.
Prerequisite: Sociology 101.
Course Type(s): COSPT, GS, SIN

**SO 241**  
**Criminology**  
Cr. 3.0
Explanation of the causes of property and violent offenses. Discussion of white collar, professional, and organized crime, and the problem of criminal statistics.
Prerequisite: Sociology 101 or 102.
Course Type(s): WT

**SO 243**  
**Juvenile Delinquency**  
Cr. 3.0
History of the concept of delinquency; extent and nature of delinquent behavior; explanations of delinquent behavior; police and court responses to juveniles; and a review of rehabilitative and treatment modalities.
Prerequisite: Sociology 101.
Course Type(s): SJS

**SO 244**  
**Deviance**  
Cr. 3.0
How society creates and responds to deviant behavior, ranging from violations of courtesy to homicide. Analysis of the system of social control, including the police, education, psychiatry, and the state.
Prerequisite: Sociology 101 or 102 or Criminal Justice 101.
Course Type(s): none

**SO 245**  
**Classical Sociological Theory**  
Cr. 3.0
The wide range of theoretical paradigms that characterized the discipline of sociology from the emergent period of industrialization to the rise of modernity are investigated. More specifically, the major foundations of classical sociology theory as it emerged in the mid-nineteenth century, moving beyond the narrowly constructed cannon of Marx, Weber, and Durkheim, toward a more accurate and inclusive look at our intellectual roots as manifested in the works of Gilman, Simmel, DuBois and Mead are explored. Throughout the course, we critically engage in a kind of sociology of knowledge as we situate these central ideas and schools of thought in the social, political, and economic contexts of the larger society, as well as their specific social history of the discipline. Finally, we engage the course with a preview of the ways in which the wide range of theoretical paradigms that characterized the nascent years of the discipline of sociology set the stage for the development of the modernist and postmodernist
traditions, including, but not limited to critical theory; structural functionalism; symbolic interactionism; and feminist and critical race theories. Prerequisite: Sociology 101. Course Type(s): WT

SO 250 Cr. 3.0

Social Science Research and Writing
An introduction to the different ways in which social scientists study the social world. Designed to develop students’ understanding of the major purposes of social research as well as the major types of quantitative and qualitative research designs. Students will learn the research process itself, from conceptualization and measurement to operationalization, sampling, ethics, and the analysis and presentation of their proposed study. As part of the research process, students will use spreadsheet, presentation, and word processing software to build datasets, analyze data, and design and present research. Also listed as Political Science 250. Course Type(s): TL

SO 252 Cr. 3.0

Race and Ethnicity
Introduces students to the sociological study of race and ethnicity in the United States as interrelated social systems of power that grant a range of material and non-material advantages to different groups of people based on socially constructed definitions of race and ethnicity, particularly as race and ethnicity intersect with a variety of other social structures such as gender and class. Focuses on the historical legacy and current practices of institutionalized racism that have and continue to shape social relations in the U.S. Also listed as Gender Studies 252. Course Type(s): CD GS, SI, SJS

SO 255 Cr. 3.0

The Future of Society
What will the societies of the future look like? Discussion of the implications of technology, population, and political power for social change. Prerequisite: Three credits in Sociology. Course Type(s): none

SO 261 Cr. 3.0

Sociology of Family
Analysis of the institution of marriage and family in contemporary America with cross-cultural, sub-cultural, and historical references, including mate selection, family roles and relationships, parenthood, and childhood. Prerequisite: Sociology 101. Course Type(s): GS, SIN, SJS

SO 267 Cr. 3.0

Sociology of Sex Roles
An investigation of male and female role differences in the private and public sectors of society. The consequences of sex-role inequality are explored. Particular emphasis is given to contemporary American society. Prerequisite: Sociology 101. Course Type(s): GS

SO 274 Cr. 3.0

Global Inequalities
A sociological and political look at global inequalities. Explores diverse themes and aspects of a global society, including the forces that are causing and perpetuating global inequalities. It also looks at social, political, economic, and cultural consequences of those inequalities. Also listed as Political Science 274. Prerequisite: Political Science 101 or Sociology 101. Course Type(s): BI.EL, GLS, GU, SJS, SUS

SO 278 Cr. 3.0

International Political Economy
The role that international institutions, transnational actors, and foreign governments play in the production, distribution, and consumption of resources will be investigated. Since much of international political economy has to do with various thinkers and schools of thought, an appropriate emphasis will be given to some of the important works in the field. For example, we will be analyzing the contributions of Liberal, Marxist, and Statist thinkers and the various perspectives that have been used to analyze the way policies are made, agreements are reached, and resources distributed. Following the establishment of this theoretical framework, we will focus on the growth of regional integration, the role of hegemony in maintaining the stability of international systems, strategies of economic development, and the role of multinational and transnational companies in both the industrial and developing world. In essence, this course is concerned with looking at the relationship between power and wealth and the balance between the state and the market. Also listed as Political Science 278. Prerequisite: Political Science 101. Course Type(s): GLS, PSIP
SO 280  
**Peer Tutoring**  
Cr. 1.0  
Peer tutoring experience. Students will prepare course-related information for presentation to students in courses at the 100- or 200-level. Peer tutors will meet weekly with a faculty supervisor and assigned students. Prerequisite: The student must have already taken the 100- or 200-level course he or she is to be tutoring and achieved a minimum grade of B in the course. Permission of the instructor required.  
Course Types(s): none

SO 298  
**Special Topics in Sociology (200 Level)**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in sociology to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule.  
Course Types(s): none

SO 299  
**Independent Study in Sociology**  
Cr. 1.0 – 3.0  
Guided readings on a topic not otherwise covered in the curriculum. Student must have a least a 2.50 cumulative GPA.  
Course Types(s): none

SO 309  
**Sociology Internship Seminar**  
Cr. 3.0  
Provides an opportunity for students to apply classroom theory in practice through actual work experience. Includes both academic and experiential learning. The experiential part involves a minimum of 120 hours of work experience during the semester for three credit hours. The academic aspect includes maintaining a journal log and writing a final report. Also listed as Political Science 309.  
Course Type(s): EX

SO 316  
**Policy Research**  
Cr. 3.0  
The principles of social research, with emphasis on an understanding of the policy-making or planning process; development of applied research skills, combining policy-making, implementation, and scientific or empirical research. Also listed as Social Science 316. Prerequisite: Social Science 250.  
Course Types(s): none

SO 320  
**Small Group Communication**  
Cr. 3.0  
The process of group communication, leadership, decision-making, and problem solving; participation in various types of discussion situations and the development of effective communication within the group setting. Also listed as Communication 320.  
Course Types(s): none

SO 331  
**Political Sociology**  
Cr. 3.0  
Analysis of the interplay among political and social behavior, bureaucracies, voluntary associations, and government. The social basis of democracy; emphasis on conflict and consensus models of power.  
Prerequisite: Sociology 101.  
Course Types(s): none

SO 332  
**Gender and Sexual Identities**  
Cr. 3.0  
Draws on sociological and feminist theories of identity to question the definitions, constructions, deconstructions, ambivalences, and socially constructed nature of gender and sexual identities. In questioning such identities, this course aims at helping students understand the connections between gender and sexuality, and how those two social forces shape people’s individual identities and the identities of others. Examines how structures of race, class, gender, and sexuality, and social institutions such as family and work shape gender and sexual identities. It pays particular attention to how one’s social location within power structures shapes personal identities. Also listed as Social Work 332.  
Prerequisite: Sociology 101.  
Course Type(s): CD, GS, SI, SJS

SO 360  
**Political Economy in the Developing World**  
Cr. 3.0  
This course introduces undergraduate students to the core concepts, theories and debates of political economy in the context of developing world countries. The primary unit of analysis will be the national case study (i.e., Brazil or Indonesia) rather than the international system or international institutions (for example, World Bank, IMF, or global financial markets). The aim is to provide the intellectual tool set to evaluate questions and challenges of political and economic development and modernization across a range of national case studies from Latin America, the Caribbean, Africa, the Middle East and Asia. Also listed as Political Science 360.  
Course Type(s): PSIP, SJS
SO 364  Cr. 3.0

Law and Society
The evolution of law, social forces influencing law, social impact of law, and law as an instrument of social control and social change. Also listed as Political Science 364. Prerequisite: Sociology 101 or Political Science 101 or 103.
Course Type(s): SIN, SJL

SO 371  Cr. 3.0

International Service Seminar
Students will learn to unite theory and practice by studying theories and policies based on human security, and learning about their applications through service-learning projects. Students will enhance their understanding of human security by volunteering in international community organizations and reflecting on the social, political, and economic factors and policies that affect them. Also listed as Social Work 371, Anthropology 371, and Political Science 371.
Prerequisite: Political Science 101.
Course Type(s): EX, PSIP

SO 372  Cr. 3.0

Social Stratification
Status, power, authority, and social mobility are the key concepts that sociologists use to study the role of social classes in contemporary, American society. The course covers notable studies of the American class system. It provides a close look at the power relations and lifestyles of various classes and considers the pervasive influence of class identity on social institutions.
Prerequisites: English 101 and 102 or permission of the instructor.
Course Type(s): CD, SI, SJS, WT

SO 375  Cr. 3.0

Social Change
Overview of major contemporary and classical theories of social change within an international and historical context; the social impact of change; effects of social variables on change processes; and assessment of predictive models of change.
Prerequisite: Nine credits in Sociology.
Course Types(s): none

SO 379  Cr. 3.0

Work and Society
An examination of the individual experience of work: socialization, occupational choice, career development, worker (dis)satisfaction, and unemployment; the organi-
surrounding towns. The preparation will be accomplished through theoretical discussions of what it means to be a good tutor, and through practical training to be administered in collaboration with local tutoring organizations. Through the auspices of local organizations, the third part of the course involves Monmouth students tutoring students from local schools in basic subjects such as math, language arts, and social studies. Students must be available to tutor three to four days a week for a total of ten hours per week. This course is open to students who have completed twenty-nine credits or more.

Course Type(s): EX, SIN

SO 397

The Sociology of Aging

A service learning course that encourages students to become involved with the elderly population in the area. It introduces students to the sociological study of social gerontology or, more specifically, aging. Students will examine the cultural, social, and political structures that define the aging process and will study and practice ethnographic, life history in order to conduct life histories of seniors within the local community.

Prerequisites: English 101 and 102.

Course Type(s): EX, SIN

SO 398

Special Topics in Sociology (300 Level)

An intensive study of a particular subject or problem in sociology to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.

Prerequisite: As announced in the course schedule.

Course Type(s): none

SO 399

Independent Study in Sociology

Guided readings on a topic not otherwise covered in the curriculum. Students must have at least a 2.50 cumulative GPA.

Prerequisite: Prior permission of the directing professor and department chair.

Course Type(s): none

SO 401

Sociological Theory I

Main currents in contemporary, sociological thought; principal sociological theorists; major sociocultural systems; and recent theories concerning social causation, social change, and structural-functional analysis.

Prerequisites: Nine credits in Sociology; and English 101 and 102 or permission of the instructor.

Course Type(s): WT

SO 402

Seminar in Sociological Theory

Intensive analysis of selected theories in sociology; a major critical paper involving substantial research is required. Prerequisites: Sociology 401, Senior standing, and eighteen additional credits in Sociology.

Course Type(s): RD

SO 403

Contemporary Sociological Theory

The wide range of theoretical paradigms that characterized the discipline of sociology from the emergent period of modernity to our current postmodern era is investigated. In the first half of the course, the traditions of critical theory; structural functionalism; symbolic interactionism; and phenomenology as key schools of thought in the modernist period are examined. In the second half, the most contemporary, and overlapping, additions to the theoretical landscape in sociology in our study of feminist and gender theories; critical race theories; post-modernism; and global theoretical perspectives are examined. Throughout the course, there will be critical engagement in a kind of sociology of knowledge as we situate these central ideas and schools of thought in the classic theoretical traditions from which they may intellectually descend, as well as in the more current political and economic contexts that influenced the emergence of these contemporary perspectives.

Prerequisites: Nine credits in Sociology, English 101 and 102; or permission of the instructor.

Course Type(s): WT

SO 411

Seminar in Social Research

Consideration of selected, advanced topics in methodology; a major research project is required.

Prerequisites: Sociology 312, Senior standing, and eighteen additional credits in Sociology.

Course Type(s): none

SO 490

Sociology Thesis Proposal

Provides students with the opportunity to begin the process of conducting original research in sociology in which they will ultimately produce primary research, analyze data, and write up their findings, discussion, and conclusions. This course allows students to begin the work that they will complete in Sociology Thesis class (SO 491),
thus ultimately resulting in a final Senior thesis. Students will write a comprehensive thesis proposal including an introduction and statement of purpose, theory section, literature review, and preliminary methods section. Prerequisites: Sociology 101 and successful completion of fifty-seven credits, including nine credits of sociology. Course Types(s): none

SO 491 Cr. 3.0
Sociology Thesis
Provides students with the opportunity to complete an original research project in sociology in which they will conduct primary research, analyze their data, and write up their findings, discussion, and conclusion. This course will also allow students to combine the work conducted in their proposal class (SO 490) with the work conducted in this semester, thus resulting in a complete Senior thesis. Students will present their work two times: once as practice for the class and a second time for members of the Department of Political Science and Sociology and invited guests. Hence, the goal of this course is to present a holistic perspective to students and serve as their gateway to future studies and plans. Prerequisite: Sociology 490. Course Types(s): none

SO 498 Cr. 1.0 – 3.0
Special Topics in Sociology (400 Level)
An intensive study of a particular subject or problem in sociology to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Types(s): none

SO 499 Cr. 3.0
Independent Study in Sociology
Guided readings on a topic not otherwise covered in the curriculum. Prerequisites: Student must have at least a 2.50 cumulative GPA; prior permission of the directing professor and department chair. Course Types(s): none

SW 105 Cr. 3.0
Introduction to Social Work
Social work and its professional practices, its goals, guiding philosophy, and basic assumptions; the uses of the professional relationship; roles of the professional social worker and collaborative activity in the helping process. Not open to students who have completed Sociology 105. Previously listed as Social Work 101. Course Types(s): none

SW 198 Cr. 1.0 – 3.0
Special Topics in Social Work (100 Level)
An intensive study of a particular subject or problem in social work to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Types(s): none

SW 205 Cr. 3.0
Global Human Rights and Social Justice
Examines social issues and injustices from a global perspective. A central focus will be the struggles of individuals, families, and communities from around the world. Introduces the student to the concepts of social justice, human rights, social welfare, and oppression, and discusses ways to promote social welfare from a human rights and social justice perspective. Course Type(s): BI.EL, GU, SJS, SUS

SW 222 Cr. 1.0
Writing for Social Workers
Designed to prepare BSW students to successfully master the skill of writing professionally and effectively. Course work and activities will provide a hands-on experience with social work writing tasks. Topics addressed include standards for scholarly writing, conducting literature reviews, writing mechanics, writing logically and coherently, adhering to APA format, writing for social media, the use of strengths-based empowerment language, and résumé writing. Intended to strengthen students’ writing, an essential social work skill, and to support students’ efforts on writing tasks assigned in future courses, internship placements, and in the field of social work. Corequisite: Social Work 223. Course Types(s): none

SW 223 Cr. 3.0
Human Behavior and Social Environment I
A study of significant life tasks in the physical, social, and emotional development of the individual. Prerequisites: Social Work 105 or 205. Corequisite: Biology 105. Course Types(s): none

SW 224 Cr. 3.0
Human Behavior and Social Environment II
This is the second course in a two-semester course sequence where students learn to use theory and empir-
ical data to analyze human behavior as it develops in a variety of sociopolitical environments. It introduces students to a broad range of theories and perspectives relating to biological, psychological, cognitive, and social development, and race, class, ethnicity, gender, and sexual orientation variables.

Course Type(s): GS

**SW 260**  
**Cr. 3.0**  
**Alcohol and Drugs**  
Addresses the special population in social work, specifically the substance abusing population. Through lecture, small group exercises, and films, the course will educate the students as to what are substance abuse and addiction, what treatment options are available, how to determine the appropriate treatment, as well as different forms of therapy and relapse-prevention work.  
Prerequisite: Social Work 101, Psychology 103 or Social Work 205.  
Course Types(s): none

**SW 261**  
**Cr. 3.0**  
**Diagnosing Mental Health Issues**  
A detailed explanation of the DSM IV and its practical use in the social work profession. Cultural applications, as well as international implications and the accurate assessment terminology, will be discussed.  
Prerequisite: Social Work 105, Psychology 103, or Social Work 205.  
Course Types(s): none

**SW 263**  
**Cr. 3.0**  
**Family Counseling**  
Introduces students to the assessment and treatment of various family systems. A continuation of the ecological perspective of systems theory and social work practice illustrated in Human Behavior and the Social Environment and Social Work Practice Techniques I. Ethnic, culture, and gender issues are included as they apply to families. Family violence, substance abuse, adolescence conflict, and marital discord are among the topics discussed.  
Prerequisite: Social Work 105, or Psychology 103, or Social Work 205.  
Course Types(s): none

**SW 264**  
**Cr. 3.0**  
**Addictions**  
Addresses the addictions component of social work. Working with the clients and families to address the unbalance and dysfunction in their lives through assessment, treatment planning, and individual, group, and family therapy. Covering eating disorders, gambling, nicotine, sexual addiction, and workaholism.  
Prerequisite: Social Work 105, Psychology 103, or Sociology 105.  
Course Types(s): none

**SW 265**  
**Cr. 3.0**  
**Creative Therapies**  
With creative and interactive approaches, the students will recognize and appreciate their personal experiences to better assess the needs of their clients, as well as enhance conventional therapeutic methods. Also introduces alternate approaches to talk therapy to work with specialized client groups, such as young, traumatized, or non-verbal clients.  
Prerequisite: Social Work 105, Psychology 103 or Social Work 205.  
Course Types(s): none

**SW 266**  
**Cr. 3.0**  
**Spirituality and Social Work**  
Explores spirituality as it broadly relates to the profession of social work. Holistic concepts under the definition of spirituality will be explored. The many ways spirituality can be used in social work practice settings will be discussed. Methods of spiritual practice and approaches to healing will be covered. Spirituality will be differentiated from formal religion.  
Prerequisite: Social Work 105, Psychology 103 or Social Work 205.  
Course Types(s): none

**SW 276**  
**Cr. 3.0**  
**Administration of Gerontological Services**  
The examination of the theory and practice of the administration of programs designed to meet the needs of older adults, with an emphasis on structure of organizations, impact of public policies and funding patterns on agencies, styles of administration, development and presentation of a budget, management of public information, and relationships with other gerontological agencies.  
Course Types(s): none

**SW 278**  
**Cr. 3.0**  
**Family Violence**  
The characteristics and dynamics of violent families. Emphasis on the issue of domestic violence as it relates to cultural values and beliefs. Myths, motivations, and linkages to substance abuse will be addressed, as well as appropriate interventions and treatment methods.  
Course Types(s): none
Appendix A: Course Descriptions

SW 280  
**Peer Tutoring**  
Cr. 1.0  
Peer tutoring experience. Students will prepare course-related information for presentation to students in courses at the 100 or 200 levels. Tutors will meet weekly with a faculty supervisor and assigned students. Prerequisite: The student must have already taken the 100- or 200-level course he or she is to be tutoring and achieved a minimum grade of B in the course. Permission of the instructor required.  
Course Types(s): none

SW 298  
**Special Topics in Social Work (200 Level)**  
Cr. 1.0 – 3.0  
An intensive study of a particular subject or problem in social work to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule.  
Course Types(s): none

SW 299  
**Independent Study in Social Work**  
Cr. 3.0  
Directed individual study of social work in areas of special interest.  
Course Types(s): none

SW 317  
**Racism, Sexism, and Social Welfare**  
Cr. 3.0  
Analysis of institutional racism and sexism in relation to social welfare; the nature of social work intervention with racial and ethnic minorities and women.  
Course Type(s): CD, GS

SW 325  
**Social Welfare Policy and Services I**  
Cr. 3.0  
The values and norms that underlie social welfare services; the historical roots of current approaches to social services; the manifest and latent functions of social welfare; political and economic forces that shape social welfare policy and services. Prerequisite: Political Science 101 or 103.  
Course Types(s): none

SW 326  
**Social Welfare Policy and Services II**  
Cr. 3.0  
Dimensions of choice in social welfare policy design; eligibility for service; structures, staffing, and funding for services; theoretical material related to current developments and services in the field.  
Prerequisites: Social Work 325; and English 101 and 102 or permission of the instructor.  
Course Type(s): EX

SW 330  
**Field Practice in Gerontology**  
Cr. 3.0  
Designed to provide students with an actual learning experience in an agency or organization specializing in gerontological services. Students will be supervised by a specialist in aging and will become familiar with agency functions and services serving the aging client and client's extended family. Students will observe and, later in the semester, begin to provide service under supervision. Eight hours per week in placement and a weekly seminar at the University. Prerequisites: Social Work 105 and 223.  
Course Types(s): none

SW 332  
**Gender and Sexual Identities**  
Cr. 3.0  
Draws on sociological and feminist theories of identity to question the definitions, constructions, deconstructions, ambivalences, and socially constructed nature of gender and sexual identities. In questioning such identities, this course aims at helping students understand the connections between gender and sexuality, and how those two social forces shape people’s individual identities and the identities of others. The course examines how structure of race, class, gender, and sexuality, and social institutions such as family and work shape gender and sexual identities. It pays particular attention to how one’s social location within power structures shapes personal identities. Also listed as Sociology 332. Prerequisite: Sociology 101.  
Course Type(s): CD, GS, SI, SJS

SW 341  
**Social Work Practice with Groups**  
Cr. 3.0  
Methods and skills utilized in generalist social work practice; major methods of social work intervention with individuals, groups, and communities using case analysis and theoretical concepts. Previously listed as Social Work 413. Prerequisite: Social Work 223, passed with a grade of C or higher.  
Course Type(s): EX

SW 342  
**Social Work Practice with Individuals and Families**  
Cr. 3.0  
Methods and skills utilized in generalist social work practice; major methods of social work intervention with individuals, groups, and communities using case analysis...
Students will learn skills related to culturally appropriate and tailored interventions. Experiential learning will be utilized. Prepares students using a strength-based empowerment approach to effectively utilize required resources serving the needs of diverse, immigrant populations.

Course Type(s): GU

SW 398  
**Cr. 1.0 – 3.0**

*Special Topics in Social Work (300 Level)*

An intensive study of a particular subject or problem in social work to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.

Prerequisite: As announced in the course schedule.

Course Types(s): none

SW 399  
**Cr. 1.0 – 3.0**

*Independent Study in Social Work*

Directed individual study of social work in areas of special interest.

Prerequisite: Prior permission of the directing professor and department chair.

Course Types(s): none

SW 409  
**Cr. 3.0**

*Social Work Research Methods*

Basic skills necessary for Social Work research: problem formulation, theoretical framework development, research design, methods of data collection, evaluation techniques, and data analysis.

Prerequisites: English 101 and 102. Corequisite: Social Work 421.

Course Type(s): WT

SW 411  
**Cr. 3.0**

*Data Analysis for Social Work*

Introduction to the basic knowledge and skills necessary for the analysis of data collected or reported in social work research. Preparation for the social work practitioner to assess the adequacy of statistical procedures and to appropriately choose statistical procedures to make order out of data collected within their own research.

Not open to students who have successfully completed Mathematics 151. Limited to Social Work majors.

Prerequisite: Mathematics 105.

Course Types(s): none

SW 412  
**Cr. 3.0**

*Practice Evaluation in Social Work*

Applications of research methods to social work practice. Using skills in practice evaluation, advanced research in
single-system design will be conducted. Prerequisites: Social Work 409, 411 or Math 151, Senior standing; and English 101 and 102. Corequisite: Social Work 422. Course Type(s): none

**SW 421**  
**Cr. 6.0**  
Field Practice in Social Work  
Supervised experience in a social agency; direct work with individuals, groups, or communities; preparation for professional responsibility upon graduation. Sixteen hours per week in placement and a weekly seminar at the University. Prerequisites: Social Work 342 and 344, both passed with a grade of C or higher. Corequisite: Social Work 409. Course Type(s): EX

**SW 422**  
**Cr. 6.0**  
Advanced Field Practice in Social Work  
Advanced field practice; direct services to individual clients, families, groups, and communities, with the possibility of administrative experiences. Sixteen hours per week in placement and a weekly seminar at the University. Prerequisite: Social Work 421, passed with a minimum grade of B- or higher. Corequisite: Social Work 412. Course Type(s): EX

**SW 424**  
**Cr. 3.0**  
New Perspectives on Human Sexuality  
Recent research and developments in the field of human sexuality focusing on individual and social problems. Prerequisites: Nine combined credits from Social Work, Sociology, Psychology, or Anthropology. Course Type(s): none

**SW 426**  
**Cr. 3.0**  
Seminar in Social Work  
Seminar focusing on topics of particular interest to Social Work students planning to enter practice or graduate school. Previously listed as SW 423. Prerequisites: Social Work 421 and Senior standing. Course Type(s): none

**SW 461**  
**Cr. 3.0**  
Culturally Diverse Child Welfare Practices  
Provides an understanding of the context from which the practice of child welfare originates, examining the impact of policy upon the direct care of children at risk. Contemporary issues that face children at risk such as sexual abuse, neglect, physical abuse, poverty, and maternal substance abuse are covered, as well as recommended services and treatment that address these concerns. Public child welfare in New Jersey will be of central focus, including the impact and changes of the system’s reform plan. In addition, issues of cultural diversity and cultural difference in child welfare practices and child rearing behaviors will be reviewed, with a focus on how the child welfare system could better infuse diversity of experience in policy and practice. Course Type(s): CD

**SW 498**  
**Cr. 1.0 – 3.0**  
Special Topics in Social Work (400 Level)  
An intensive study of a particular subject or problem in social work to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis. Prerequisite: As announced in the course schedule. Course Type(s): none

**SW 499**  
**Cr. 1.0 – 3.0**  
Independent Study in Social Work  
Directed individual study of social work in areas of special interest. Prerequisite: Prior permission of the directing professor and department chair. Course Type(s): none

**TH 101**  
**Cr. 3.0**  
Theatre Appreciation  
Introduction to the elements of theatre, including film and TV as theatre media. Study of plays from script to stage through readings, lectures, and theatre-going experiences. Course Type(s): AT

**TH 150**  
**Cr. 3.0**  
Introduction to the Theatre  
Introduction to the elements of theatre, including cinema and television as theatre media; the study of a representative group of plays from script to stage. Course Type(s): AT

**TH 154**  
**Cr. 3.0**  
Acting I (Non-Major)  
An introduction to acting the dramatic situation through guided improvisation based on material from dramatic literature. Course Type(s): AT
TH 155  
**Acting I (TH Major)**  
Cr. 3.0  
Designed to enable students to explore the use of their imagination, instrument, and sense of playing to work within an ensemble. Basic skills, such as playing with intuition and listening and responding openly to a partner within given circumstances, will be the primary goals.  
Course Types(s): AT

TH 156  
**Acting II (TH Major)**  
Cr. 3.0  
Builds from the previous exercise work with working on assigned scenes. Work will begin on open scenes and finish the term working on a scene from important plays of American theatre. Students will study the breakdown of a scene, structure, both verbal and non-verbal, and effective communication of intent.  
Prerequisite: Theatre 155.  
Course Types(s): AT

TH 190  
**Applied Theatre Techniques I**  
Cr. 1.0  
First-year students are required to take this hands-on, practical course in building, painting, and crewing a department production.  
Course Types(s): AT

TH 191  
**Applied Theatre Techniques II**  
Cr. 1.0  
Second semester in Applied Theatre requires students to take a more responsible position in the hands-on practical building, painting, and crewing of a department production.  
Prerequisite: Theatre 190.  
Course Types(s): AT

TH 230  
**Acting II (non-Major)**  
Cr. 3.0  
Roles as an integral part of play production; the basic principles of acting through lectures, discussions, and the rehearsal and performance of a variety of scenes.  
Prerequisite: Theatre 154.  
Course Types(s): AT

TH 231  
**Acting III (Major)**  
Cr. 3.0  
Study of styles. Beginning work on classic texts, such as Shakespeare, Moliere, or Restoration Comedy. Text analysis, scansion, and speaking with authority will be emphasized. Text work in sonnets and scenes.  
Prerequisites: Theatre 155 and 156.  
Course Types(s): AT

TH 232  
**Acting IV (Major)**  
Cr. 3.0  
The fourth semester will be an extension of styles of work. Advanced work in characterization, the development of physical and emotional involvement, and working with objectives, obstacles, and actions, with emphasis on classic styles.  
Prerequisites: Theatre 155, 156, and 231.  
Course Types(s): AT

TH 240  
**Actors’ Equity Workshop I**  
Cr. 3.0  
An introduction to the basic rules and regulations of Actors’ Equity Association’s Small Professional Theatre Agreement and to basic stage management principles. Lectures will be supplemented with extensive, practical lab hours in which the students put into practice in a professional setting those elements learned in the class.  
Course Types(s): AT

TH 242  
**Introduction to Improvisation**  
Cr. 3.0  
An introduction to Improvisational Acting/Performance. No prior experience in theatre is required. Acting training and stage performance is a plus. Students should be prepared to go through a series of exercises that are designed to teach and hone the ability to perform an improvisational performance.  
Course Types(s): AT

TH 245  
**Theatre Performance Practicum I**  
Cr. 1.0  
Involves actual experience performing in a University production. Credit can be specified for a student’s acting, singing, and/or dancing in a department-sponsored production. The Performance Practicum can be taken in any combination simultaneously or consecutively for a total of three credits toward the Theatre or Musical Theatre Minor. Any credits for Practicum courses beyond that go towards free electives. This course is not available to Theatre majors.  
Course Types(s): AT

TH 246  
**Theatre Performance Practicum II**  
Cr. 1.0  
Involves actual experience performing in a University production. Credit can be specified for a student’s acting,
singing, and/or dancing in a department-sponsored production. The Performance Practicum can be taken in any combination simultaneously or consecutively for a total of three credits towards the Theatre or Musical Theatre Minor. Any credits for Practicum courses beyond that go towards free electives. The course is not available to Theatre Majors.

Course Types(s): AT

TH 247  
Cr. 1.0
Theatre Performance Practicum III
Involves actual experience performing in a University production. Credit can be specified for a student’s acting, singing, and/or dancing in a department-sponsored production. The Performance Practicum can be taken in any combination simultaneously or consecutively for a total of three credits towards the Theatre or Musical Theatre Minor. Any credits for Practicum courses beyond that go towards free electives. The course is not available to Theatre Majors.

Course Types(s): AT

TH 251  
Cr. 3.0
Introduction to Theatre Production and Design
Introduction to scenic, costume, lighting, and sound design and technology, including: the problems involved in executing the technical aspects of a theatrical production; preparation of working drawings, light plots, scale models; ability to hang, focus, and program theatrical lighting; solutions of make-up and costuming problems.

Course Types(s): AT

TH 290  
Cr. 1.0
Applied Theatre Design
Students will work intensely with a designer for a department production. Student will be responsible for the design and construction of one facet of a total design: namely, a prop, a costume, lights, or some integral part of a production design.

Prerequisites: Theatre 190 and 191.

Course Types(s): AT

TH 291  
Cr. 1.0
Applied Theatre Management
Students will work intensely with a management office concerning a department production. Students will be involved with hands-on production of publicity, company management, box office, public relations, casting, historical records, and/or dramaturgy.

Prerequisites: Theatre 190 and 191.

Course Types(s): AT

TH 298  
Cr. 1.0 – 3.0
Special Topics in Theatre (200 Level)
An intensive study of a particular subject or problem in theatre to be announced prior to registration.

Course Types(s): AT

TH 299  
Cr. 1.0 – 3.0
Independent Study in Theatre
Directed, individual study of theatre in areas of special interest.

Prerequisite: Prior permission of the directing professor and department chair.

Course Types(s): AT

TH 301  
Cr. 3.0
Theatre History I
The development of theatre from the Classical Greek through the Elizabethan period. Examination of plays, playwrights, architecture, scenery, costumes, mechanics, technology, historical, and sociological influences.

Prerequisites: English 101 and 102 or permission of the instructor.

Course Types(s): AT, WT

TH 310  
Cr. 3.0
Musical Theatre History
The Broadway musical is considered by many to be America’s greatest contribution to the world of theatre. Examines the history and evolution of American musical theatre. Special attention will be paid to composers, lyricists, directors, choreographers, and performers who have made significant contributions to the genre. Material will be discussed chronologically from minstrelsy to the contemporary mega-musical.

Course Types(s): AT

TH 335  
Cr. 3.0
Group Techniques in Performance of Literature
Various theories, methods, and techniques used in group performances with a concentration on Readers Theatre and Chamber Theatre; selected literature is arranged, analyzed, and performed. Also listed as Communication 335.

Prerequisite: Communication 231.

Course Types(s): AT

TH 340  
Cr. 3.0
Actors’ Equity Workshop II
Builds upon the basic knowledge gained in Theatre 240 through the in-depth study of Actors’ Equity Association’s
two most widely used contracts, the LORT (League of Resident Theatres) and Production (Broadway, Off-Broadway, National Tour) agreements. Lectures will be supplemented with extensive, practical lab hours in which the students put into practice in a professional setting those elements learned in the class.
Prerequisite: Theatre 240.
Course Types(s): AT

**TH 342**  
**Improvisation II**  
Cr. 3.0
A continuation of exercises in Improvisational Acting/Performance. No prior experience in theatre is required, however students should take Introduction to Improvisation first. Acting training and stage performance is a plus. Students should be prepared to go through a series of exercises that are designed to teach and hone the ability to perform an improvisational performance.
Prerequisite: Theatre 242.
Course Types(s): AT

**TH 349**  
**Postcolonial Drama and Film**  
Cr. 3.0
Study of postcolonial plays and films from Ireland, Australia, Africa, and India, including such postcolonial themes as language, religion, and race. Students will discuss the ways in which the theatrical and cinematic media are used to express the loss of, and quest for, national and individual identity in the aftermath of empire. The students will not only become versed in postcolonial theory, but also in the individual dramatic styles/structures of each of the nations discussed.
Course Type(s): AT, BI.EL, GU

**TH 355**  
**Dramatic Literature**  
Cr. 3.0
Analysis of representative plays of the major forms of the drama-tragedy, comedy, tragicomedy, and romance. Emphasis on the literary and performance aspects.
Prerequisite: Theatre 150.
Course Types(s): AT

**TH 357**  
**Acting for Television**  
Cr. 3.0
Techniques that the on-camera performer uses in various TV situations, commercials, daytime drama, situation comedy, and serious drama. Also listed as Communication 357.
Prerequisite: Theatre 154.
Course Types(s): AT

**TH 361**  
**Play Direction**  
Cr. 3.0
Play analysis, casting procedures, composition, movement, stage business, backstage organization, rehearsal routine, and theatre management from the standpoint of the creative director.
Prerequisite: Theatre 230.
Course Types(s): AT

**TH 389**  
**Internship in Theatre**  
Cr. 1.0 – 3.0
Supervised practical experience in theatre; repeatable for credit.
Prerequisites: Departmental approval and Junior standing.
Course Type(s): AT, EX

**TH 390**  
**Applied Theatre**  
Cr. 1.0
Students will work hands-on with an appropriate faculty member on an advanced project in theatre, musical theatre, or music production. An alternative possibility would be to do a pre-internship assignment with a local theatre.
Prerequisites: Theatre 190, 191, and Theatre 290 or 291.
Course Types(s): AT

**TH 391**  
**Applied Theatre**  
Cr. 1.0
Students will work hands-on with an appropriate faculty member on an advanced project in theatre, musical theatre, or music production. An alternative possibility would be to do a pre-internship assignment with a local theatre.
Prerequisites: Theatre 190, 191, and either Theatre 290, 291, or 390.
Course Types(s): AT

**TH 398**  
**Special Topics in Theatre (300 Level)**  
Cr. 3.0
An intensive study of a particular subject or problem in theatre to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Types(s): AT

**TH 399**  
**Independent Study in Theatre**  
Cr. 3.0
Directed individual study of theatre in areas of special interest.
Prerequisite: Prior permission of the directing professor
Appendix A: Course Descriptions

and department chair.
Course Types(s): AT

TH 401 Cr. 3.0
Theatre History II
The development of theatre from the Restoration through the Modern Period. Examination of plays, playwrights, architecture, scenery, costumes, mechanics, technology, historical, and sociological inferences.
Prerequisites: Theatre 301; and English 101 and 102 or permission of the instructor.
Course Type(s): AT, WT

TH 441 Cr. 3.0
Summer Theatre Workshop I
Basic technical theatre, theatre management, elements of acting, children's theatre, costuming and make-up, lighting, and set design; four dramatic productions.
Course Type(s): AT

TH 442 Cr. 3.0
Summer Theatre Workshop II
Basic technical theatre, theatre management, elements of acting, children's theatre, costuming and make-up, lighting, and set design; four dramatic productions.
Course Type(s): AT

TH 453 Cr. 3.0
Creative Dramatics
The goal of Creative Dramatics is to equip teachers with the ability to use creative dramatics, creative play, and theatre games in the classroom as a tool for teaching all subjects. Also useful for actors and recreation or community leaders who work with children and want to learn new and creative techniques. The emphasis in this class is on the participant and participation. Students should attend comfortably dressed.
Course Type(s): AT

TH 480 Cr. 3.0
Problems in Theatre Practice
Independent projects and intensive research under the guidance of one or more members of the department; creative work in acting, costuming, creative dramatics, directing, lighting, scenic design, and playwriting.
Prerequisite: Permission of the department chair.
Course Type(s): AT

TH 498 Cr. 3.0
Special Topics in Theatre (400 Level)
An intensive study of a particular subject or problem in theatre to be announced prior to registration. May be conducted on either a lecture-discussion or a seminar basis.
Prerequisite: As announced in the course schedule.
Course Type(s): AT

TH 499 Cr. 1.0 – 3.0
Independent Study in Theatre
Directed individual study of theatre in areas of special interest.
Prerequisite: Prior permission of the directing professor and department chair.
Course Type(s): AT
# Appendix B: Undergraduate Curriculum Charts

Monmouth University’s 2015–2016 official curriculum charts (as of June 2015) appear in this appendix. Please visit the registrar’s pages within the Academics section of Monmouth University’s WEBSITE (www.monmouth.edu/academics) or WEBstudent (https://webadvisor.monmouth.edu/datatel/openweb/st/stmenu.html) for curriculum charts and additional information.

*By careful choice of electives, the BS in Chemistry and a Concentration in Chemical Physics can meet the requirements for American Chemical Society Certification. Students wishing to graduate with an ACS certified degree must take CE310, CE401, CE401L, and CE432 for a total of 11 credits, and apply to the Department Chair. See the curriculum chart for BS in Chemistry and a Concentration in Advanced Chemistry option.

| Credits |
|---------|---------|
| 7.0     |---------|

---

(a) May substitute MA118 or MA125, depending on placement.
(b) Completion of 90 credits of collegiate work prescribed by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) is followed by an eleven month training period in a NAACLS approved hospital program. Successful completion qualifies graduates to take the American Society of Clinical Pathologists (ASCP) Board Certification Exam.
(c) ML-411 will partially complete Writing Intensive (WI) requirement in General Education Requirements.

## FALL SEMESTER 2015

### September 2015
- **End of Continuing Registration**: Thursday, September 3, 2015
- **Classes Begin (8:30 A.M.)**: Tuesday, September 8, 2015
- **Late Registration or Program Changes**: Tuesday–Tuesday, September 8-15, 2015
- **Leave of Absence Deadline**: Tuesday, September 15, 2015
- **“W”ithdrawal Deadline Pattern “A” Classes**: Friday, October 2, 2015

### October 2015
- **Fall Holiday for Non-Weekend Students**: Saturday-Tuesday, October 17-20, 2015
- **Classes in Session for Weekend Students**: Saturday and Sunday October 17-18, 2015
- **Pattern “A” Classes End**: Monday, October 26, 2015
- **Pattern “B” Classes Begin**: Tuesday, October 27, 2015
- **Undergraduate Midterm Grades Due in Office of the Registrar**: Tuesday, October 27, 2015

### November 2015
- **Deadline to submit graduation applications for January 2016 Graduation**: Sunday, November 1, 2015
- **Last Day to Withdraw with “W” Grade (semester-long classes)**: Tuesday, November 5, 2015
- **Last Day to submit substitutions and/or waivers for January 2016 Graduation**: Sunday, November 15, 2015
- **Last Day to Withdraw from Pattern “B” Classes**: Friday, November 20, 2015
- **Thanksgiving Recess**: Wednesday–Sunday, November 25-29, 2015

### December 2015
- **Classes End**: Monday, December 14, 2015
- **Reading Day**: Tuesday, December 15, 2015
- **Final Examination Period**: Wednesday-Tuesday, December 16-22, 2015
- **Final Grades Due 12:00 Noon**: Monday, December 28, 2015

---

* Grades will be posted on WEBstudent approximately 2 days after the Office of the Registrar has received all grades.
Appendix C: Academic Calendar

SPRING SEMESTER 2016

January 2016
- End of Continuing Registration .................................................. Thursday, January 14, 2016
- COMMENCEMENT ............................................................................. Friday, January 15, 2016
- Martin Luther King Holiday................................................................. Monday, January 18, 2016
- CLASSES BEGIN 8:30 A.M. ............................................................... Tuesday, January 19, 2016
- Late Registration or Program Changes .............................................. Tuesday–Tuesday, January 19-26, 2016
- Leave of Absence Deadline ............................................................... Tuesday, January 26, 2016

February 2016
- Last Day to Withdraw from Pattern “A” Classes ............................. Friday, February 12, 2016

March 2016
- Graduation Applications due for May 2016 ................................. Tuesday, March 1, 2016
- Undergraduate Midterm Grades Due in Office of the Registrar* .................................................................................. Tuesday, March 1, 2016
- Pattern “A” Classes End ................................................................. Monday March 7, 2016
- Pattern “B” Classes Begin ............................................................. Tuesday March 8, 2016
- Spring Break .................................................................................. Saturday-Friday, March 12-18, 2016
- “W”ithdrawal Deadline (semester-long classes) ......................... Monday, March 21, 2016

April 2016
- Academic Advising and Priority/Early Registration for Summer, Fall and Spring .................................................. Thursday-Friday, March 31-April 15, 2016 to Last day to submit substitutions and/or waivers For May, 2016 graduation .......................................................... Friday, April 1, 2016
- Last Day to Withdraw from Pattern “B” Classes ......................... Monday, April 5, 2016
- Classes End .................................................................................. Monday, April 25, 2016
- Reading Day ............................................................................... Tuesday, April 26, 2016
- Final Examination Period .............................................................. Wednesday-Tuesday, April 27-May 3, 2016 to

May 2016
- Grades Due 10 P.M. ................................................................. Thursday, May 5, 2016
- COMMENCEMENT ........................................................................... Wednesday, May 11, 2016

* Grades will be posted on WEBstudent approximately 2 days after the Office of the Registrar has received all grades.

### Y

- Yellow Ribbon Grant ........................................................ 38
Appendix E: Directions

1. **From the Garden State Parkway**: Take Exit 105. The Parkway offramp leads directly onto Route 36 East. Continue on Route 36 East approximately three miles to Route 71 South. Go approximately one mile and Route 71 will fork left and become Cedar Avenue. Enter the campus through the Norwood Avenue entrance.

2. **From the NJ Turnpike**: From the South, take Turnpike North to Exit 7A. After the toll plaza, take I-195 East to Shore Points. Approaching Belmar, I-195 becomes NJ Route 138. After crossing the Garden State Parkway, exit right to NJ Route 18 North, marked Eatontown. Take the Deal Road exit and drive east to the intersection at Monmouth Road. Turn left and proceed to the third traffic light, which is Cedar Avenue. Turn right onto Cedar (also labeled NJ Route 71 South) and follow to campus. Enter the campus through the Norwood Avenue entrance.

3. **From the NJ Turnpike**: From the North, take Turnpike South to Exit 11 (Garden State Parkway South), Take Exit 105 as outlined in #1 above.

4. **From Trenton and Points West**: Take I-195 East, and follow instructions outlined in #2 above.

5. **From Freehold area**: Take US Route 9 South to I-195 East. Follow instructions outlined in #2 above.
