Anacon A&B**Event Conclusion****Special Thanks**

The Monmouth University Climate Change Learning Collaborative (MU CCLC) was established through the NJ Department of Education's *Expanding Access to Climate Change Education and the New Jersey Student Learning Standards through Climate Change Learning Collaboratives* grant opportunity. We thank the NJDOE for supporting our CCLC program. We also thank our CBO partners, Monmouth Conservation Foundation and NJ Sea Grant Consortium, for their partnership and support throughout the program period.
