List of Programs

THIS PAGE INCLUDES:

>> [List of Programs](#)

List each program for an initial teaching credential below and indicate whether it is offered at the Undergraduate level (UG), Postgraduate level (PG), or both. ([§205\(a\)\(C\)](#))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Teacher Preparation Program](#)

List of Programs

Note: This section is preloaded with the list of programs reported in the prior year's IPRC.

CIP Code	Teacher Preparation Programs	UG, PG, or Both	Update
13.121	Early Childhood Education	Both	
13.1202	Elementary Education	Both	
13.1302	Teacher Education - Art	Both	
13.1322	Teacher Education - Biology	Both	
13.1323	Teacher Education - Chemistry	Both	
13.14	Teacher Education - English as a Second Language	Both	
13.1305	Teacher Education - English/Language Arts	Both	
13.1306	Teacher Education - Foreign Language	Both	
13.1311	Teacher Education - Mathematics	Both	
13.1312	Teacher Education - Music	Both	
13.99	Teacher Education - Other	Both	
13.1318	Teacher Education - Social Studies	Both	

Total number of teacher preparation programs:

36

Program Requirements

THIS PAGE INCLUDES:

- >> [Undergraduate Requirements](#)
- >> [Postgraduate Requirements](#)
- >> [Supervised Clinical Experience](#)

Check the elements required for admission (entry) into and completion (exit) from the program. If programs are offered at the undergraduate level and postgraduate level, complete the table for both types of programs. [\(\\$205\(a\)\(1\)\(C\)\(i\)\)](#)

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Full-time equivalent faculty supervising clinical experience](#)
- [Adjunct faculty supervising clinical experience](#)
- [Cooperating Teachers/PreK-12 Staff Supervising Clinical Experience](#)
- [Supervised clinical experience](#)

Undergraduate Requirements

Note: This section is preloaded from the prior year's IPRC.

1. Are there initial teacher certification programs at the undergraduate level?

- Yes
 No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the table below blank (or [clear responses already entered](#)) then click save at the bottom of the page.

Element	Admission	Completion
Transcript	<input checked="" type="radio"/> Yes <input type="radio"/> No	<input checked="" type="radio"/> Yes <input type="radio"/> No
Fingerprint check	<input type="radio"/> Yes <input checked="" type="radio"/> No	<input type="radio"/> Yes <input checked="" type="radio"/> No

2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3

3. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3

4. Please provide any additional information about the information provided above:

ACT and SAT scores are sometimes used as a Basic Skills equivalent as per New Jersey State Code.

Postgraduate Requirements

Note: This section is preloaded from the prior year's IPRC.

1. Are there initial teacher certification programs at the postgraduate level?

- Yes
 No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the postgraduate level. If no, leave the table below blank (or [clear responses already entered](#)) then click save at the bottom of the page.

Element	Admission	Completion

2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3

3. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3

4. Please provide any additional information about the information provided above:

ACT and SAT scores are sometimes used as a Basic Skills equivalent as per New Jersey State Code.

Supervised Clinical Experience

Note: The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of participants each year.

Provide the following information about supervised clinical experience in 2023-24. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

Are there programs with student teaching models?

- Yes
 No

If yes, provide the next two responses. If no, leave them blank.

Programs with student teaching models (most traditional programs)

Number of clock hours of supervised clinical experience required prior to student teaching

225

Number of clock hours required for student teaching

525

Are there programs in which candidates are the teacher of record?

- Yes
 No

If yes, provide the next two responses. If no, leave them blank.

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)

Number of clock hours of supervised clinical experience required prior to teaching as the teacher of record in a classroom

Years required of teaching as the teacher of record in a classroom

All Programs

Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff)

1

[Optional tool](#) for automatically calculating full-time equivalent faculty in the system

Number of adjunct faculty supervising clinical experience during this academic year (IHE staff)

23

Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year

130

Number of students in supervised clinical experience during this academic year

89

Please provide any additional information about or descriptions of the supervised clinical experiences:

Enrollment and Program Completers

THIS PAGE INCLUDES:

>> [Enrollment and Program Completers](#)

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

(§205(a)(1)(C)(ii))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Enrolled Student](#)
- [Program Completer](#)

Enrollment and Program Completers

2023-24 Total	
Total Number of Individuals Enrolled	190
Subset of Program Completers	89

Gender	Total Enrolled	Subset of Program Completers
Male	34	15
Female	156	74
No Gender Reported	0	0
Race/Ethnicity	Total Enrolled	Subset of Program Completers
American Indian or Alaska Native	1	0
Asian	1	0
Black or African American	6	0
Hispanic/Latino of any race	22	10
Native Hawaiian or Other Pacific Islander	0	0
White	153	77
Two or more races	5	1

No Race/Ethnicity Reported

2

1

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Academic Major](#)

THIS PAGE INCLUDES:

- >> [Teachers Prepared by Subject Area](#)
- >> [Teachers Prepared by Academic Major](#)

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2023-24.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

What are CIP Codes?

No teachers prepared in academic year 2023-24

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

CIP Code	Subject Area	Number Prepared
13.10	Teacher Education - Special Education	<input type="text" value="72"/>
13.1202	Teacher Education - Elementary Education	<input type="text" value="60"/>

13.1203	Teacher Education - Junior High/Intermediate/Middle School Education	<input type="text" value="2"/>
13.1210	Teacher Education - Early Childhood Education	<input type="text" value="29"/>
13.1301	Teacher Education - Agriculture	<input type="text"/>
13.1302	Teacher Education - Art	<input type="text" value="1"/>
13.1303	Teacher Education - Business	<input type="text"/>
13.1305	Teacher Education - English/Language Arts	<input type="text" value="7"/>
13.1306	Teacher Education - Foreign Language	<input type="text"/>
13.1307	Teacher Education - Health	<input type="text" value="3"/>
13.1308	Teacher Education - Family and Consumer Sciences/Home Economics	<input type="text"/>
13.1309	Teacher Education - Technology Teacher Education/Industrial Arts	<input type="text"/>
13.1311	Teacher Education - Mathematics	<input type="text" value="3"/>
13.1312	Teacher Education - Music	<input type="text"/>
13.1314	Teacher Education - Physical Education and Coaching	<input type="text" value="3"/>
13.1315	Teacher Education - Reading	<input type="text"/>
13.1316	Teacher Education - Science Teacher Education/General Science	<input type="text"/>
13.1317	Teacher Education - Social Science	<input type="text"/>
13.1318	Teacher Education - Social Studies	<input type="text" value="8"/>
13.1320	Teacher Education - Trade and Industrial	<input type="text"/>
13.1321	Teacher Education - Computer Science	<input type="text"/>
13.1322	Teacher Education - Biology	<input type="text"/>
13.1323	Teacher Education - Chemistry	<input type="text" value="1"/>
13.1324	Teacher Education - Drama and Dance	<input type="text"/>
13.1328	Teacher Education - History	<input type="text"/>
13.1329	Teacher Education - Physics	<input type="text"/>
13.1331	Teacher Education - Speech	<input type="text"/>

13.1337	Teacher Education - Earth Science	
13.14	Teacher Education - English as a Second Language	1
13.99	Education - Other Specify: <input type="text"/>	<input type="text"/>

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2023-24. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

[What are CIP Codes?](#)

Does this teacher preparation provider grant degrees upon completion of its programs?

- Yes
 No

No teachers prepared in academic year 2023-24

If this provider does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or [clear responses already entered](#)).

CIP Code	Academic Major	Number Prepared
13.10	Teacher Education - Special Education	54
13.1202	Teacher Education - Elementary Education	58
13.1203	Teacher Education - Junior High/Intermediate/Middle School Education	2
13.1210	Teacher Education - Early Childhood Education	18
13.1301	Teacher Education - Agriculture	
13.1302	Teacher Education - Art	1
13.1303	Teacher Education - Business	
13.1305	Teacher Education - English/Language Arts	18
13.1306	Teacher Education - Foreign Language	
13.1307	Teacher Education - Health	

13.1308	Teacher Education - Family and Consumer Sciences/Home Economics	<input type="text"/>

Other Specify:

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

Program Assurances

Note: This section is preloaded from the prior year's IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Meetings with administrators from local districts to discuss specific teaching needs. All teacher candidates have multiple placements, and these placements must include diverse settings, both racially and socioeconomically. All teacher candidates complete courses that cover both English language learners and special education. Currently, all elementary education majors graduate with an endorsement in Students with Disabilities. All lesson plans must include a provision for accommodating diverse learners and students are observed in their placements to ensure that they are meeting students' needs.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Note: Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

THIS PAGE INCLUDES:

- >> [Report Progress on Last Year's Goal \(2023-24\)](#)
- >> [Review Current Year's Goal \(2024-25\)](#)
- >> [Set Next Year's Goal \(2025-26\)](#)

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Quantifiable Goals](#)

Report Progress on Last Year's Goal (2023-24)

1. Did your program prepare teachers in mathematics in 2023-24?

If no, leave remaining questions for 2023-24 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

Our goal was to enhance the number of highly-qualified mathematics teachers by engaging with all faculty members to broaden understanding of the math program. We aimed to collaborate with the math department to boost enrollment and offer rigorous opportunities for secondary math teacher candidates to strengthen their subject knowledge, pedagogy, and technological skills in the context of secondary mathematics. Additionally, we sought to equip and inform candidates on remote instruction, online teaching, and learning strategies specifically for teaching mathematics.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

This year, the number of students who completed secondary math majors was the same, but still low, compared to last year. We had a teacher education meeting with the faculty members from other schools. We advertised our secondary STEM programs during our open houses. Also, we were involved in research projects with K-12 students to attract them to STEM teacher education. Nonetheless, there is a shortage of STEM teachers in the state and nationally. We also plan to apply for a grant, which may provide scholarships and hopefully increase the number of secondary math teachers.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

To meet the goal next year: • Collaborate with faculty members from the math department • Offer personalized support to teacher candidates to help them meet certification requirements • Provide up-to-date materials to ensure teacher candidates are prepared to pass the Praxis • Reevaluate and update the secondary math and middle grades math programs to enhance marketability and ensure strong student preparation • Participate in open houses and accepted student days to recruit prospective students and parents for secondary/middle-grade math programs • Strengthen partnerships with community colleges to support transfer students • Explore scholarship opportunities for secondary STEM majors • Pursue grant applications to support program initiatives.

6. Provide any additional comments, exceptions and explanations below:

None.

Review Current Year's Goal (2024-25)

7. Is your program preparing teachers in mathematics in 2024-25? If no, leave the next question blank.

- Yes
 No

8. Describe your goal.

Our goal is to grow the number of mathematics teachers by collaborating with all faculty members, building stronger connections with community colleges and high schools to foster interest in math teaching, and securing scholarships for students who are passionate about becoming math educators.

Set Next Year's Goal (2025-26)

9. Will your program prepare teachers in mathematics in 2025-26? If no, leave the next question blank.

- Yes
 No

10. Describe your goal.

As we refine our math teacher preparation in the upcoming academic year, our goal should be to carefully assess the progress and performance of the new cohort of teacher candidates. Monmouth University is also adopting new benchmarks for candidate assessments. With these updates, while aligning our programs with NJ state teacher preparation standards and expectations, we must continue evaluating our program with a focus on NCTM standards for elementary, middle, and secondary math teacher preparation. Additionally, as we offer mathematics teacher education programs at Monmouth, it is important to analyze how well our program meets the expectations of AMTE. Lastly, given the ongoing teacher shortage, especially in STEM fields, the education and math departments may need to work more closely together to explore strategies for recruiting and retaining qualified math teacher candidates, particularly those from diverse backgrounds.

Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Note: Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

- Yes
 No

8. Describe your goal.

Recruit a diverse population of teacher candidates into science education programs and continue to improve the quality of candidates' pedagogical and content knowledge. Improve candidates' ability to implement interdisciplinary STEM education.

Set Next Year's Goal (2025-26)

9. Will your program prepare teachers in science in 2025-26? If no, leave the next question blank.

- Yes
 No

10. Describe your goal.

Recruit a diverse population of teacher candidates into science education programs and continue to improve the quality of candidates' pedagogical and content knowledge. Improve candidates' ability to incorporate climate change standards and sustainability themes in the science classroom.

Annual Goals: Special Education

THIS PAGE INCLUDES:

- >> [Report Progress on Last Year's Goal \(2023-24\)](#)
- >> [Review Current Year's Goal \(2024-25\)](#)
- >> [Set Next Year's Goal \(2025-26\)](#)

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Note: Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Quantifiable Goals](#)

Report Progress on Last Year's Goal (2023-24)

1. Did your program prepare teachers in special education in 2023-24?

If no, leave remaining questions for 2023-24 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

The Special Education Department would like to increase our numbers in all undergraduate programs. To do this, we will attend all Open Houses, Information Sessions, and Accepted Student Days to share information about the benefits of having the New Jersey Teacher of Students with Disabilities (TDS) endorsement.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

We attended all Open Houses, Information Sessions, and Accepted Student Days to share information about the benefits of having the New Jersey Teacher of Students with Disabilities endorsement. We also continued to hold information sessions for undergraduate students to share the information about the benefits of adding TSD endorsement and about B+M 5-year program where undergraduate students can add TSD endorsement with master's degree in 5 years. We created and disseminated fliers. We contacted secondary students via email to share information on the benefits of getting the TSD endorsement.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

We will understand the needs of the community partners (e.g., school districts) through survey and advisory committee meetings and improve our programs to meet their needs to prepare future educators. We will discuss creative ways to bring high school students into special education such as offering a course for introduction to teaching students with disabilities in high school or co-teach such a course in high school to increase our visibility.

6. Provide any additional comments, exceptions and explanations below:

None.

Review Current Year's Goal (2024-25)

7. Is your program preparing teachers in special education in 2024-25? If no, leave the next question blank.

- Yes
 No

8. Describe your goal.

In addition to attending Open Houses, Information Sessions, and Accepted Student Days, we will collaborate with local school districts and education agencies to recruit individuals interested in pursuing careers in special education. We will use targeted marketing campaigns and social media outreach to raise awareness of the benefits and opportunities associated with obtaining TSD endorsement. In order to accommodate the diverse needs and schedules of non-traditional students, we will offer flexible program options such online or hybrid courses and evening classes.

Set Next Year's Goal (2025-26)

9. Will your program prepare teachers in special education in 2025-26? If no, leave the next question blank.

- Yes
 No

10. Describe your goal.

Maintaining a strong undergraduate program is one key goal, and meeting students' needs to improve retention is another. We will revisit our curriculum and the data collected through our 2024–2025 self-study reports to inform and improve our practices. Based on survey responses and feedback from advisory committee meetings with community partners and students, we will strategically align course assignments and content to best meet the needs of our students.

Annual Goals: Instruction of Limited English Proficient Students

THIS PAGE INCLUDES:

- >> [Report Progress on Last Year's Goal \(2023-24\)](#)
- >> [Review Current Year's Goal \(2024-25\)](#)
- >> [Set Next Year's Goal \(2025-26\)](#)

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

- [Quantifiable Goals](#)

Report Progress on Last Year's Goal (2023-24)

1. Did your program prepare teachers in instruction of limited English proficient students in 2023-24?

If no, leave remaining questions for 2023-24 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

Our goal is to continue to increase the number of well-prepared ESL teachers. The Bachelor + Master program will provide a platform for our education majors to obtain an ESL endorsement. We are actively revising our courses and assessments to reflect on the current and best practices in the field. We learned that many of the students have misconceptions of what ESL teaching is like and that the initial training in ED 320/550 is crucial. Therefore, we aim to have professors with the area of expertise to teach these courses in hopes of inspiring the students to advocate for emergent bilingual students.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

To achieve the goal of increasing the number of well-prepared ESL teachers, we strived to attract more teachers/teacher candidates to learn how to teach ELs. First, we continued to revise the current ESL endorsement program by updating our knowledge in current practices. Second, we also met this goal by launching the Bachelor + Master program, which offers another opportunity for teachers to obtain an ESL endorsement. Another way to prepare all teacher candidates to teach ELs was to modify the course content for ED 320 and ED 550, through which we focused solely on supporting ELs.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

To improve performance in meeting our goal to prepare ESL teachers, besides attracting more teachers/teacher candidates to learn how to teach ELs we also made it our priority to update our ESL program by connecting theories to practices. Our faculty stay active and current in the field and make sure to include strategies/concepts to support our teacher candidates and ELs in schools. Second, we also met this goal by launching the Bachelor + Master program, which offers another opportunity for teachers to obtain an ESL endorsement. Third, to prepare all teacher candidates to teach ELs, we modified the course content for ED 320 and ED 550, through which we focused solely on supporting ELs.

6. Provide any additional comments, exceptions and explanations below:

None

Review Current Year's Goal (2024-25)

Low-Performing

THIS PAGE INCLUDES:

>> [Low-Performing](#)

Provide the following information about the approval or accreditation of your teacher preparation program. ([§205\(a\)\(1\)\(D\)](#), [§205\(a\)\(1\)\(E\)](#))

Note: This section is preloaded from the prior year's IPRC.

Low-Performing

1. Is your teacher preparation program currently approved or accredited?

- Yes
- No

If yes, please specify the organization(s) that approved or accredited your program:

- State
- CAEP
- AAQEP
- Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

- Yes
- No

Use of Technology

THIS PAGE INCLUDES:

>> [Use of Technology](#)

On this page, review the questions regarding your program's use of technology, and update as needed.

Note: This section is preloaded from the prior year's IPRC.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

 Yes

 No

- b. use technology effectively to collect data to improve teaching and learning

 Yes

 No

- c. use technology effectively to manage data to improve teaching and learning

 Yes

 No

- d. use technology effectively to analyze data to improve teaching and learning

 Yes

 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

2. Teachers gain extensive experience using instructional technologies both in their university courses and during field placements. Each methods course requires teacher candidates to integrate technology meaningfully into the content they teach. Assignments for these courses prompt candidates to identify subject-specific technologies, plan lessons incorporating those technologies, and teach the lessons during their field placements. Additionally, candidates are expected to use technology to create rubrics, assess student work, and visualize assessment data. Some teacher candidates also enroll in Educational Technology courses (ED-315/ED-632), which offer numerous opportunities to learn and apply various instructional technologies. Candidates utilize forms and spreadsheets in these courses to collect, analyze, and manage student data. Elementary teacher candidates are tasked with developing a tech-integrated STEM lesson plan within their math methods course. As part of this project, candidates research assistive technologies relevant to students with special needs. They also participate in online discussions to refine the quality of their tech-integrated math lesson plans and explore effective uses of assistive technologies in elementary math classrooms. Recent updates to our secondary teacher education programs require all secondary teacher candidates to take ED-315 during their junior or senior year. This course supports their ability to integrate technology into their subject areas and effectively collect, manage, and analyze data. Faculty teaching educational technology courses also engage in collaborative research to enhance their teaching methods and improve the integration of assistive technologies. The results of this research will provide updates on educational technology courses.

Teacher Training

THIS PAGE INCLUDES:

>> [Teacher Training](#)

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Note: This section is preloaded from the prior year's IPRC.

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

All teacher candidates are required to complete credits in special education designated courses. Content focuses on major concepts and theories of child and adolescent growth and development from prenatal period through adulthood for typical and atypical individuals. The content includes: philosophical, historical, and legal foundations of special education; exploration of the similarities and differences among the cognitive, physical, cultural, social, and emotional needs of individuals with disabilities as well as individuals without a disability; examination of the educational implications of characteristics of various exceptionalities and evidence-based practices and high leverage practices for special education. All students are engaged in clinical experiences throughout the program to give them experiences teaching students with various disabilities in a variety of classroom settings.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act. Special education content includes: philosophical, historical, and legal foundations of special education; exploration of the similarities and differences among the cognitive, physical, cultural, social, and emotional needs of individuals with disabilities as well as typical students; examination of the educational implications of characteristics of various exceptionalities. Include the study and application of various theories of behavior management for students with and without disabilities. Practical application of theories for classrooms are included. Addressing social competence skills and facilitating positive interpersonal relationships in classrooms are discussed. All course content is designed to prepare general educators to be participating, knowledgeable members of IEP teams. Students also participate in an IEP meeting simulation activity.

c. Effectively teach students who are limited English proficient.

All education candidates take a course that addresses how to support ELL students in inclusive settings. Teacher candidates explore how culture affects ELL students' academic learning, including second language acquisition theories, and evidence-based practices that support educational progress.

2. Does your program prepare special education teachers?

- Yes
 No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

All special education teachers are required to take 21 credits in special education designated courses. The content includes an introduction to special education including an overview of each disability as defined under IDEA. Another main content area important to teach students with disabilities is the area of classroom/behavior management and the development of a Behavioral Intervention Plan (BIP) as it would be used with an

IEP. The special education method course covers evidence-based practices across all curriculum areas, literacy and dyslexia, social & emotional learning for students with disabilities. Another course is offered focusing on the implementation of evidence-based practices for students with severe disabilities. Within this course, there is a major focus on learning about best practices as related to teaching students with autism. The method courses and clinical practice placements throughout the program focus on application of material learned in actual classroom settings with students of various disabilities and age groups. Sample topics included across courses in the program include integrating technology into instruction, literacy strategies, and instructional strategies for students with disabilities and ESL/ELL students, UDL, RtI, differentiated instruction, transition to adulthood, and application of the law and standards in the classroom.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act. All special education teachers are required to take 21 credits in special education designated courses. The content includes an introduction to special education including an overview of each disability as defined under IDEA. Another main content area important for IEP team members is the area of classroom management and the development of a Behavioral Intervention Plan (BIP) as it would be used with an IEP. One course is mainly focused on special education law, NJ State code, the assessment process, and the development of IEPs. The students participate in a mock IEP team meeting and learn how to assume the role of each member of a Child Study Team. Students also participate in an IEP meeting simulation activity. Another course on families and collaboration also directly related to the roles and functions of IEP team members. A main part of this course is on strategies for effective communication and collaboration. Students also complete a detailed Transition Plan for a local family and thus experience how to interact and work with a family who has an individual with a disability.

c. Effectively teach students who are limited English proficient.

All special education teachers are required to take 21 credits in special education designated courses. Within these courses, how to effectively teach students who are limited English proficient is also included. Courses include content related to culture and to language differences, and culturally responsive teaching. Further, students receive guided experience and mentoring during their various clinical placements with ELL students. One course focuses mainly on how to teach students who are non- native English speakers. Included in this course are assessments, strategies, and basic understanding of the skills needed to teach this population.

Contextual Information

On this page, review the contextual information about your program, and update as needed.

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

The Monmouth University School of Education (SOE) provides innovative programs based on rich clinical experiences and high leverage teaching practices that ultimately improve P-12 student learning. Monmouth University teacher candidates participate in clinical experiences throughout the duration of their studies which culminate in a yearlong clinical practice to improve their pedagogical skills, increase opportunities for networking, and acquire a holistic understanding of the teaching profession. The Monmouth University SOE strengthens its partnerships through its academies for superintendents, principals, and special services personnel. Coupled with the Central New Jersey Consortium for Equity and Education, the SOE positions itself as a leader in educational research with an aim to continuously improve the preparation of teacher candidates. Support is provided for Praxis and ACTFL testing associated with teacher certification for all students in the Monmouth University SOE for all disciplines through the Praxis Lab for Educators. Students are also encouraged to participate in the Rising Teacher Academy, which expands the scope of teacher preparation to include dispositional, legal and logistical support for teacher candidates as they prepare to enter the profession. Monmouth University faculty are leaders in scholarship which contributes to the current and ongoing discourse in education in New Jersey and beyond. Additionally, the faculty led initiatives invite stakeholders from both schools and the surrounding communities to participate. These initiatives include the Social Justice and Advocacy Academy, the Transformational Leadership Grant Programs, Scholarship Week, the Education Career Day, Write on Sports, and many other events that make Monmouth a leader in teacher preparation in the state of New Jersey.

Supporting Files

No files have been provided.

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.

Report Card Certification

Please make sure your entire report card is complete and accurate before completing this section. Once your report card is certified you will not be able to edit your data.
