

The Center for Professional Development in Nursing and Health

A Day in a Pediatric Practice – An overview of common childhood illnesses – What to expect and the unexpected!

Date: March 30, 2023 **Time:** 5:30pm – 8:30pm

Location: Monmouth University – Monmouth Corporate Park

Fee: \$75 MU Alumni and Preceptors \$65 /MU Students \$15 (space available basis)
3 nursing contact hours will be provided upon successful completion

This course is designed to enhance the knowledge and skill of the advanced practice nurse or healthcare provider whose practice includes the pediatric patient. The content will include a review of common pediatric illnesses and their treatment focusing primarily on skin (rings and rashes), otitis media, communicable and vaccine preventable illnesses.

During the lecture the instructor will use images and a case study format. Participants will be encouraged to describe and identify physical findings and consider a differential diagnosis.

Key topic areas include:

- Tips and techniques for the assessment of the pediatric patient
- A review of clinical presentations for a variety of common disorders (what to expect and the unexpected)
- Guidelines for treatment and management
- Prescribing guidelines and resources

Presenter: **Steve Miller, DO** - Pediatrician with Navesink Pediatrics – Affiliate Clinical Faculty/ Monmouth University, The Marjorie K. Unterberg School of Nursing and Health Studies.

Successful Completion: Participants will attend 95% of the program, and complete an online evaluation to receive contact hours. Planners, content experts and speakers have declared no conflict of interest. There is no commercial support for this activity.
