

DIANELYS GARCIA

CLASS OF 2023 - MONMOUTH UNIVERSITY

 908-510-4464

 dianelysmaria2@gmail.com

 414 Edgewood Rd Linden, NJ
07036

I am a dedicated, motivated and passionate Biology student at Monmouth University with hopes to leave my mark! I have hopes to make it more inclusive as I started an organization for students of color in the STEM field. Apart from this, I am involved in many organizations and positions across campus where I am able to interact with students and faculty. I hope to become a Physician Assistant in the future and have Monmouth to thank for my high career aspirations!
