Submit Time Sheet

If you wish to **View/Add Notes** on your time sheet click the View/Add Notes link within an active punch.

Notes are a tool to be used ONLY:

- Occasionally for missed in/out punches and shifts
- Supervisors should have minimum edits & adjustments on timesheet

TIME REPORTING In order to comply with Federal and State law regarding wage and hour issues and federal work study regulations, all student employees are required to punch in/out at the beginning and end of their work shift by utilizing the electronic timekeeping system

Tips for Adding Notes

Missed punch notes should be logged on the DATE that they correspond and be very specific as to why you missed that punch.

If you did not punch in for eCampus trainings, you need to add notes with date, start and end time and contact your supervisor.

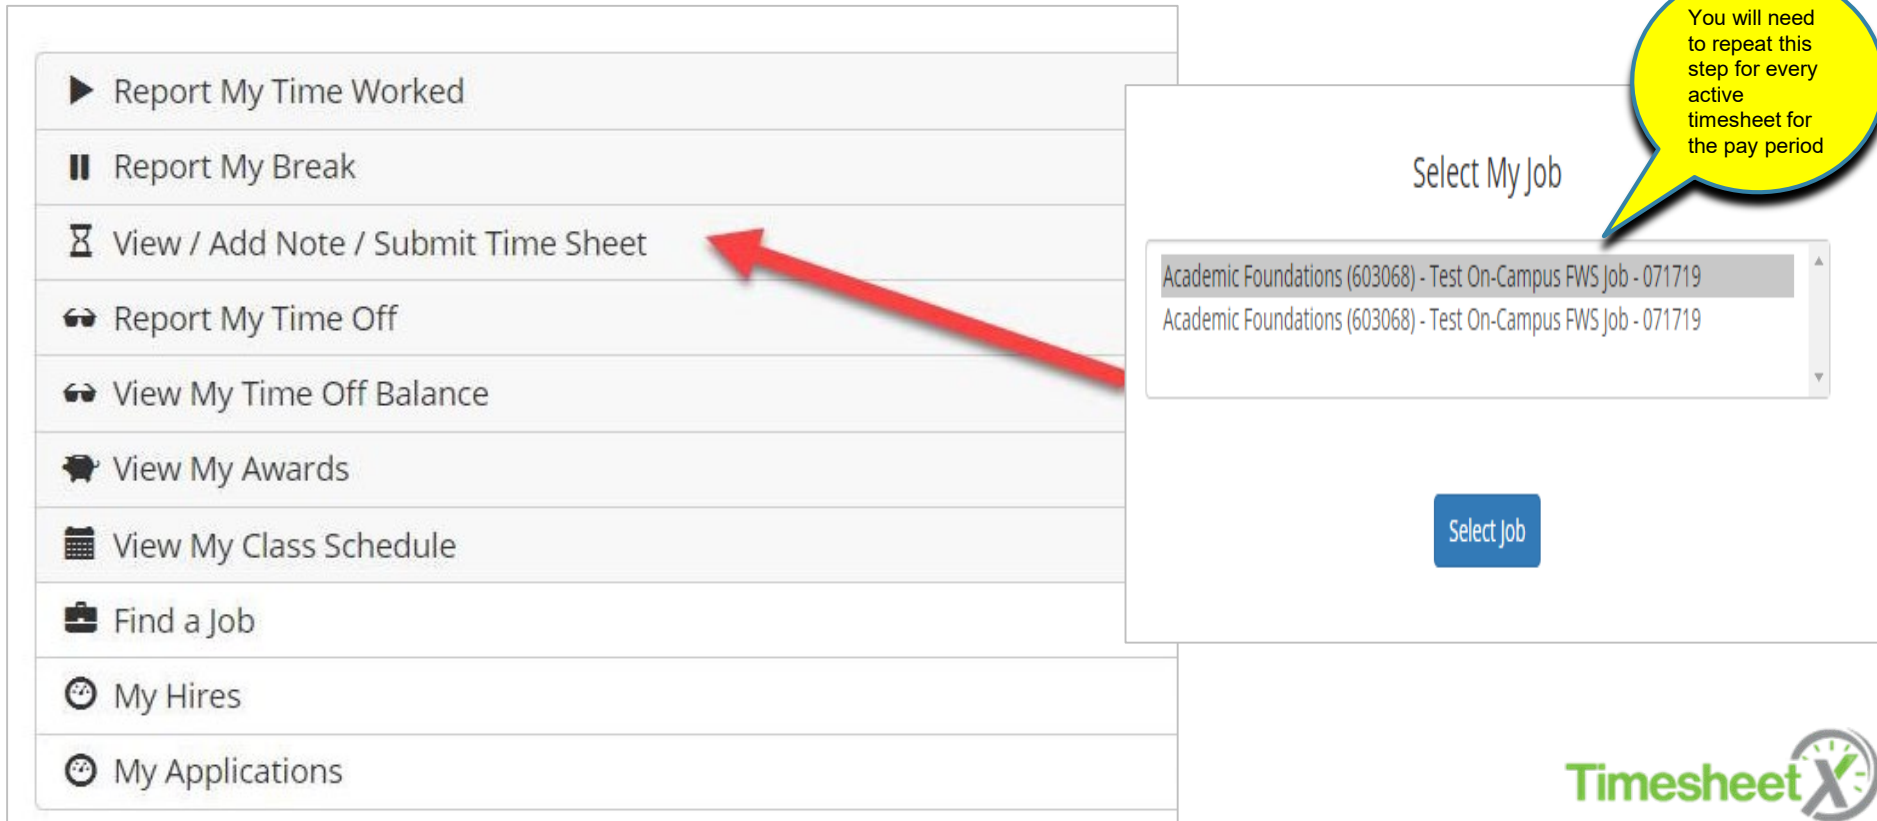

HELPFUL TIME SHEET TIPS

- Access your time sheets regularly and check for accuracy. Leave detailed notes if necessary. Notes are to be used as an occasional tool for any missed punches or shifts. Supervisors should only have few edits and adjustments after your timecard submission for payroll .
- Do not wait to the last minute to add a note (requesting changes to your shift in and out times)! Please give your supervisor time to edit your time sheets since only supervisors and Student Employment may **edit** time sheets. If you need a complete shift added and have not punched yet, please contact your supervisor. (Students cannot add their own missed shifts).
- If you submit your time sheet too early, your supervisor or Student Employment must send it back to you. (you cannot punch while the time sheet is in “pending approval” status).
- Pay period dates are at the top of each time sheet. Submit your accurate timecard by the bi-weekly deadline dates! <https://www.monmouth.edu/student-employment/payroll-schedule/>
- Look out for email reminders from Student Employment (SE) & you will receive system reminders 12 hours prior to each time card deadline.
- Students shall adhere to the following guidelines regarding the maximum of hours they will be allowed to work per week based upon course load during the regular academic semester:
 - Undergraduates (UG) may work up to 20 hours maximum per week.
 - Graduate students (GR) 26 hours maximum per week
 - International students (UG) & (GR) may work up to 20 hours maximum per week.
 - Policy can be viewed in the SE Handbook located on the Student Employment website and TimesheetX Dashboard.
